ICC MEN'S TEST MATCH PLAYING CONDITIONS

Effective from October 2026

ICC
CHAMPIONING WORLD CRICKET

PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of 11 players, one of whom shall be captain.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate 11 players plus a maximum of six (6) substitute fielders in writing to the ICC Match Referee before the toss. Other than as set out in clause 1.2.7, no player (member of the playing 11) may be changed after the nomination and prior to the start of play without the consent of the opposing captain.

1.2.2 Only those nominated as substitute fielders shall be entitled to act as substitute fielders during the match, unless the ICC Match Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, as well as any Concussion Replacements, must be eligible to play for that particular team and by such nomination the nominees shall warrant that they are so eligible.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable ICC Regulations pertaining to international cricket and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Player Support Personnel (hereafter referred to as the ICC Code of Conduct), the Anti-Discrimination Code for Players and Player Support Personnel, the Anti-Doping Code and the Anti-Corruption Code.

1.2.5 A player or player support personnel who has been suspended from participating in a match shall not, from the toss of the coin and for the remainder of the match thereafter:

1.2.5.1 Be nominated as, or carry out any of the duties or responsibilities of a substitute fielder, or

1.2.5.2 Enter any part of the playing area (which shall include the field of play and the area between the boundary and the perimeter boards) at any time, including any scheduled or unscheduled breaks in play.

1.2.6 A player who has been suspended from participating in a match shall be permitted from the toss of the coin and for the remainder of the match thereafter be permitted to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the match is not within the playing area described in clause 1.2.5.2 above (for example, the player is not permitted to enter the on-field 'dugout').

1.2.7 Concussion Replacement

1.2.7.1 If a player sustains a concussion or suspected concussion as a result of a head or neck injury during the course of the relevant match, a Concussion Replacement may be permitted in the following circumstances:

1.2.7.1.1 the head or neck injury must have been sustained during play and within the playing area described in clause 1.2.5.2 above;

1.2.7.1.2 a concussion or suspected concussion must have been formally diagnosed by the Team Medical Representative;

1.2.7.1.3 the Team Medical Representative or Team Manager shall submit a Concussion Replacement Request to the ICC Match Referee on a standard form, which shall:

1.2.7.1.3.1 identify the player who has sustained the concussion or suspected concussion;

1.2.7.1.3.2 specify the incident in which the concussion or suspected concussion was sustained, including the time at which it occurred;

1.2.7.1.3.3 confirm that, following an examination, the Team Medical Representative believes or suspects that the player has sustained a concussion as a result of the incident specified in clause 1.2.7.1.3.2 above; and

1.2.7.1.3.4 identify the requested Concussion Replacement from the list of nominated concussion replacements submitted for the match, who shall be a like-for-like replacement for the player who has sustained the concussion or suspected concussion. Under exceptional circumstances, the ICC Match Referee will consider a request for a replacement player outside of the nominated concussion replacement players for the match. In such circumstances the ICC Match Referee shall apply the provisions of clauses 1.2.7.3, 1.2.7.4 and 1.2.7.5.

1.2.7.2 The Concussion Replacement Request must be submitted within 36 hours of the incident specified in clause 1.2.7.1.3.2 if a Concussion Replacement is to be permitted.

1.2.7.3 The ICC Match Referee should ordinarily approve a Concussion Replacement Request if the replacement is a like-for-like player whose inclusion will not excessively advantage his team for the remainder of the match.

1.2.7.4 In assessing whether the nominated Concussion Replacement should be considered a like-for-like player, the ICC Match Referee should consider the likely role the concussed player would have played during the remainder of the match, and the normal role that would be performed by the nominated Concussion Replacement.

1.2.7.5 If the ICC Match Referee believes that the inclusion of the nominated Concussion Replacement, when performing their normal role, would excessively advantage their team, the ICC Match Referee may impose such conditions upon the identity and involvement of the Concussion Replacement as they see fit, in line with the overriding objective of facilitating a like-for-like replacement for the concussed player.

For clarity, a concussion replacement will inherit all warnings, penalty time and suspensions that were imposed on the replaced player.

1.2.7.6 The ICC Match Referee may, in reviewing a Concussion Replacement Request made in accordance with clause 1.2.7.1.3, request any such further information as may be required in order to make the determination required under clauses 1.2.7.1.1, 1.2.7.1.2, 1.2.7.4 and 1.2.7.5.

1.2.7.7 The decision of the ICC Match Referee in relation to any Concussion Replacement Request shall be final and neither team shall have any right of appeal.

1.2.7.8 Once the Concussion Replacement has been approved by the ICC Match Referee, the replaced player shall play no further part in the match.

1.2.7.9 Both the Concussion Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

1.3 Captain

1.3.1 If at any time the captain is not available, a deputy shall act for him.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss. See clause 13.4 (The toss).

1.4 Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within these Playing Conditions.

2 THE UMPIRES

2.1 Appointment and attendance

The following rules for the selection and appointment of Test match umpires shall be followed as far as it is practicable to do so:

2.1.1 The following Match Officials are to be appointed for each Test match:

2.1.1.1 One (1) ICC Match Referee, appointed by the ICC from the ICC Elite Panel of Referees or the ICC International Panel of Referees.

2.1.1.2 Two (2) on-field umpires, appointed by the ICC from the ICC Elite Panel of Umpires or the ICC International Panel of Umpires.

2.1.1.3 One (1) third umpire, who shall act as the emergency on-field umpire and officiate in regard to the DRS, appointed by the ICC from the ICC Elite Panel of Umpires or the ICC International Panel of Umpires. For non-DRS Test matches, the third umpire is appointed by the Board from the ICC Elite Panel of Umpires or the ICC International Panel of Umpires.

2.1.1.3.1 The Playing Conditions governing the use of the DRS and the third umpire are included in Appendix D.

2.1.1.4 One (1) fourth umpire, who shall act as the emergency third umpire, appointed by the Board, from its nominees to the ICC International Panel of Umpires.

2.1.2 As early as possible before each Test match, the ICC will advise the Home Board of the names of its appointees and the Home Board will advise the Manager of the visiting team of the names of all Match Officials.

2.1.3 Neither team shall have a right of objection to the appointment of any umpire or ICC Match Referee.

2.1.4 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality. They shall be present at the ground at least two hours before the scheduled start of the first day's play, and at least 1.5 hours before the scheduled start of each succeeding day's play.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless they are injured or ill.

2.3 Consultation with Home Board

Before the match the umpires shall consult with the Home Board to determine:

2.3.1 the balls to be used during the match. See clause 4 (The ball).

2.3.2 the hours of play and the times and durations of any agreed intervals.

2.3.3 which clock or watch and back-up time piece is to be used during the match.

2.3.4 the boundary of the field of play. See clause 19 (Boundaries).

2.3.5 the use of covers. See clause 10 (Covering the pitch).

2.3.6 any special conditions of play affecting the conduct of the match.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See clause 7 (The creases).

2.4.2 the wickets are properly positioned. See clause 8 (The wickets).

2.4.3 the boundary of the field of play complies with the requirements of clauses 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 Conduct of the match, implements and equipment

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with these Playing Conditions.

2.5.2 the implements used in the match conform to the following

2.5.2.1 clause 4 (The ball).

2.5.2.2 externally visible requirements of clause 5 (The bat) and paragraph 1 of Appendix B.

2.5.2.3 either clauses 8.2 (Size of stumps) or 8.3 (The bails).

2.5.3 no player uses equipment other than that permitted. See paragraph 2 of Appendix A. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of clause 27.2 (Gloves).

2.6 Fair and unfair play

The umpires shall be the sole judges of fair and unfair play.

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive

– the bowler of a reasonable foothold

– the fielders of the ability to move freely

– the batters of the ability to play their strokes or to run between the wickets

then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See clause 6.1 (Area of pitch).

2.8.2 If at any time the umpires together agree that the conditions of ground, weather or light, or any other circumstances are dangerous or unreasonable, they shall immediately suspend play, or not allow play to start or to recommence. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the ICC Match Referee.

2.8.3 If circumstances are warranted, the umpires shall stop play and instruct the Ground Authority to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct the ground staff to take such action during scheduled and unscheduled breaks in play.

2.8.4 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.8.5 Light Meters

It is the responsibility of the ICC to supply light meters to the match officials to be used in accordance with these Playing Conditions.

2.8.5.1 All light meters shall be uniformly calibrated.

2.8.5.2 The umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play in accordance with the criteria set out in clause 2.8.2 above.

2.8.5.3 Light meter readings may accordingly be used by the umpires:

2.8.5.3.1 To determine whether there has been at any stage a deterioration or improvement in the light.

2.8.5.3.2 As benchmarks for the remainder of a match.

2.8.6 Use of artificial lights

If in the opinion of the umpires, natural light is deteriorating to an unfit level, they shall authorise the Ground Authority to use the available artificial lighting so that the match can commence or continue in acceptable conditions.

In the event of power failure or lights malfunction, the provisions relating to the delay or interruption of play due to bad weather or light shall apply.

Home Boards may, prior to the commencement of the series, seek the approval of the ICC to amend this Playing Condition to provide that artificial lights will not be used at specific venues.

For day/night Test matches, the latest times at which the floodlights are to be switched on each day shall be decided by the Home Board prior to the match, and the ICC Match Referee shall be duly informed.

2.8.7 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.8.8 The safety of all persons within the ground is of paramount importance to the ICC. In the event of any threatening circumstance, whether actual or perceived (including for example weather, pitch invasions, act of God, etc.), then the umpires, on the advice of the ICC Match Referee, should suspend play and all players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, the ICC Match Referee, the head of the relevant Ground Authority, the head of ground security and/or the police as the circumstances may require.

2.8.9 Where play is suspended under clause 2.8.8 above the decision to abandon or resume play shall be the responsibility of the ICC Match Referee who shall act only after consultation with the head of ground security and the police.

2.9 Position of umpires

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this over-riding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided they inform the captain of the fielding side, the striker and the other umpire.

2.10 Umpires changing ends

The umpires shall change ends after each side has had one completed innings. See clause 13.3 (Completed innings).

2.11 Disagreement and dispute

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also clause 31.6 (Consultation by umpires).

2.12 Umpire's decision

An umpire may alter any decision provided that such alteration is made promptly and does not contradict clause 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 Signals

2.13.1 The following code of signals shall be used by umpires.

2.13.1.1 Signals made while the ball is in play

No ball – by extending one arm horizontally.

Out – by raising an index finger above the head. (If Not out, the umpire shall call Not out.)

Wide – by extending both arms horizontally.

Dead ball – by crossing and re-crossing the wrists below the waist.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in clause 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 – by waving an arm from side to side finishing with the arm across the chest.

Boundary 6 – by raising both arms above the head.

Bye – by raising an open hand above the head.

Commencement of last hour – by pointing to a raised wrist with the other hand.

Five Penalty runs awarded to the batting side – by repeated tapping of one shoulder with the opposite hand.

Five Penalty runs awarded to the fielding side – by placing one hand on the opposite shoulder.

Leg bye – by touching a raised knee with the hand.

New ball – by holding the ball above the head.

Revoke last signal – by touching both shoulders, each with the opposite hand.

Short run – by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.

The following signal is for Level 4 player conduct offences. The signal has two parts, both of which should be acknowledged separately by the scorers.

Level 4 conduct Part 1 – by putting one arm out to the side of the body and repeatedly raising it and lowering it.

Part 2 – by raising an index finger, held at shoulder height, to the side of the body.

2.13.1.4 All the signals in clause 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signalled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

2.13.2.1 If several signals are to be used, they should be given in the order that the events occurred.

2.13.2.2 Where more than one contravention of these Playing Conditions occurs during the same delivery, any sanctions under each clause shall be applied independently, unless otherwise stated. However, where the necessary sanctions contradict one another, the sanctions in respect of the contravention that occurred first shall apply.

2.14 Informing the umpires

Wherever the umpires are to receive information from captains or other players under these Playing Conditions, it will be sufficient for one umpire to be so informed and for them to inform the other umpire.

2.15 Correctness of scores

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled.

The umpires shall ensure that they are able to contact the scorers at any time during the match and at its conclusion to address any issues relating to the correctness of scores.

3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree and consult with the umpires if necessary. See clause 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

4 THE BALL

4.1 Weight and size

The ball, when new, shall weigh not less than 5.5 ounces/156 grams, nor more than 5.75 ounces/163 grams, and shall measure not less than 8.81 inches/22.4 centimetres, nor more than 9 inches/22.9 centimetres in circumference.

4.2 Approval and control of balls

4.2.1 The Home Board shall provide cricket balls of an approved standard for Test cricket and spare used balls for changing during a match, which shall also be of the same brand. Note: The Home Board shall be required to advise the Visiting Board of the brand of ball to be used in the match(es) at least 30 days prior to the start of the match(es).

4.2.2 The fielding captain or his nominee may select the ball with which he wishes to bowl from the supply provided by the Home Board. The fourth umpire shall take a box containing at least six (6) new balls to the dressing room and supervise the selection of the ball.

4.2.3 The umpires shall retain possession of the match ball(s) throughout the duration of the match when play is not actually taking place.

4.2.4 During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket, a drinks interval or any other disruption in play.

4.3 New ball

A new ball shall be used at the start of each innings.

4.4 New ball available after 80 overs

The captain of the fielding side may demand a new ball when the number of overs, excluding any part overs, bowled with the old one is equal to or greater than 80 overs. The umpire shall inform the other umpire and indicate to the batters and the scorers whenever a new ball is taken into play.

4.5 Ball lost or becoming unfit for play

If, during play, the ball cannot be found or recovered or the umpires agree that it has become unfit for play through normal use, the umpires shall replace it with a ball which has had wear comparable with that which the previous ball had received before the need for its replacement. When the ball is replaced, the umpires shall inform the batters and the fielding captain.

However, if the ball needs to be replaced after 110 overs for any of the reasons above, it shall be replaced by a new ball. If the ball is to be replaced, the umpires shall inform the batters, the fielding captain and the scorers.

5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this clause with detailed specifications in paragraph 1 of Appendix B.

5.2 The handle

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in paragraph 1.2.2 of Appendix B.

5.3 The blade

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in clause 5.2 and in paragraph 1.3 of Appendix B.

5.3.2 The blade shall consist solely of wood.

5.4 Protection and repair

Subject to the specifications in paragraph 1.4 of Appendix B. and providing clause 5.5 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 Damage to the ball

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this clause, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 Contact with the ball

In these clauses,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on his hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

5.6.2.1 the bat itself

5.6.2.2 the batter's hand holding the bat

5.6.2.3 any part of a glove worn on the batter's hand holding the bat

5.6.2.4 any additional materials permitted under 5.4

shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 Bat size limits

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 inches/96.52 centimetres.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25 inches/10.8 centimetres

Depth: 2.64 inches/6.7 centimetres

Edges: 1.56 inches/4.0 centimetres

Furthermore, it should also be able to pass through a bat gauge as described in paragraph 1.6 of Appendix B.

5.7.3 The handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in clause 5.4.1 shall not exceed 0.04 inches/0.1 centimetres in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 inches/0.3 centimetres.

5.8 Categories of bat

5.8.1 Type A bats conform to clauses 5.1 to 5.7 inclusive.

5.8.2 Only Type A bats may be used in Test matches.

6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 metres in length and 10 feet/3.05 metres in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 feet/1.52 metres from it. If the pitch is next to an artificial pitch which is closer than 5 feet/1.52 metres from the middle stumps, the pitch on that side will extend only to the junction of the two surfaces. See clauses 8.1 (Description, width and position), 7.2 (The bowling crease) and Appendix C.

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See clauses 2.7 (Fitness for play), 2.8 (Suspension of play in dangerous or unreasonable conditions) and 6.4 (Changing the pitch).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.3.1 The Ground Authority shall ensure that during the period prior to the start of play and during intervals, the pitch area shall be roped off so as to prevent unauthorised access. (The pitch area shall include an area at least 2 metres either side of the playing pitch and behind the bowling crease at each end of the pitch.)

6.3.2 The fourth umpire shall ensure that, prior to the start of play and during any intervals, only authorised staff, the ICC match officials, players, team coaches and authorised television personnel shall be allowed access to the pitch area. Such access shall be subject to the following limitations:

6.3.2.1 Only captains and team coaches may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.3.2.2 Access to the pitch area by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.3.2.3 No spiked footwear shall be permitted.

6.3.2.4 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.3.2.5 Access shall not interfere with pitch preparation.

6.3.3 In the event of any dispute, the ICC Match Referee will rule and their ruling will be final.

6.4 Changing the pitch

6.4.1 If the on-field umpires decide that it is dangerous or unreasonable for play to continue on the match pitch, they shall stop play and immediately advise the ICC Match Referee.

6.4.2 The on-field umpires and the ICC Match Referee shall then consult with both captains.

6.4.3 If the captains agree to continue, play shall resume.

6.4.4 If the decision is not to resume play, the on-field umpires together with the ICC Match Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the ICC Match Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.

6.4.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned as a draw.

6.4.6 If the abandonment occurs on the first scheduled day of the match, the ICC Match Referee shall consult with the Home Board with the objective of finding a way for a new match (including a new nomination of teams and toss) to commence on the same date and venue. Such a match may be played either on the repaired pitch or on another pitch, subject to the ICC Match Referee and the relevant Ground Authority both being satisfied that the new pitch will be of the required Test standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 12 (Start of play; cessation of play.

6.4.7 If it is not possible to start a new match on the scheduled first day of the original match, the relevant officials from the participating Boards shall agree on whether the match can be replayed within the existing tour schedule.

6.4.8 Throughout the above decision-making processes, the ICC Match Referee shall keep informed both captains and the head of the Ground Authority. The head of the Ground Authority shall ensure that suitable and prompt public announcements are made.

6.5 Non-turf pitches

6.5.1 All Test matches shall be played on natural turf pitches.

6.5.2 The use of PVA and other adhesives in the preparation of pitches is not permitted.

6.6 Junior Cricket

Shall not apply.

7 THE CREASES

7.1 The creases

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in clauses 7.2, 7.3 and 7.4, at each end of the pitch. See paragraph 1 of Appendix C.

7.2 The bowling crease

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in clause 6.1 (Area of pitch). It shall be 8 feet 8 inches/2.64 metres in length.

7.3 The popping crease

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 feet/1.22 metres from it. The popping crease shall be marked to a minimum of 25 feet/7.5 metres on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 feet 4 inches/1.32 metres either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 feet/2.44 metres behind it and shall be considered to be unlimited in length.

8 THE WICKETS

8.1 Description, width and position

Two sets of wickets shall be positioned opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 inches/22.86 centimetres wide and shall consist of three (3) wooden stumps with two (2) wooden bails on top. See paragraph 2 of Appendix B.

8.2 Size of stumps

The tops of the stumps shall be 28 inches/71.12 centimetres above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 inches/3.50 centimetres nor more than 1.5 inches/3.81 centimetres. See paragraph 2 of Appendix B.

For televised matches the Home Board may provide a slightly larger cylindrical stump to accommodate the stump camera. When the larger stump is used, all three stumps must be exactly the same size.

8.3 The bails

8.3.1 The bails, when in position on top of the stumps,

– shall not project more than 0.5 inches/1.27 centimetres above them.

– shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications. See paragraph 2 of Appendix B.

Overall length 4.32 inches/10.96 centimetres

Length of barrel 2.13 inches/5.40 centimetres

Longer spigot 1.38 inches/3.50 centimetres

Shorter spigot 0.81 inches/2.06 centimetres

8.3.3 The two spigots and the barrel shall have the same centre line.

8.3.4 Devices aimed at protecting player safety by limiting the distance that a bail can travel off the stumps will be allowed, subject to the approval of the Home Board and the ICC.

8.4 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See clause 29.5 (Dispensing with bails).

8.5 LED wickets

The use of approved LED wickets is permitted. Refer also to paragraphs 3.8.1.6 and 4.2 of Appendix D.

9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in clauses 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling

During the match, the pitch may be rolled at the request of the captain of the batting side for a period of not more than seven (7) minutes before the start of each innings, other than the first innings of the match, and before the start of each subsequent day's play. See clause 9.1.4.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than seven (7) minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

If there is more than one roller available the captain of the batting side shall choose which one is to be used.

9.1.4 Timing of permitted rolling

The rolling permitted (maximum seven (7) minutes) before play begins on any day shall be started not more than 30 minutes before the time scheduled or rescheduled for play to begin. The captain of the batting side may, however, delay the start of such rolling until not less than 10 minutes before the time scheduled or rescheduled for play to begin.

The following shall apply in addition to clause 9.1:

9.1.5 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. Thereafter and throughout the match the drying of the outfield may be undertaken at any time by the Ground Authority, but the drying of the affected area of the pitch shall be carried out only on the instructions and under the supervision of the umpires. The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

9.1.6 The umpires may instruct the Ground Authority to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

9.1.7 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

9.2 Clearing debris from the pitch

9.2.1 The pitch shall be cleared of any debris by hand, broom, besom, or blower

9.2.1.1 before the start of each day's play. This shall be after the completion of mowing and before any rolling, not earlier than 30 minutes nor later than 10 minutes before the time or any rescheduled time for start of play.

9.2.1.2 between innings. This shall precede rolling if any is to take place.

9.2.1.3 at all intervals for drinks and meals.

9.2.2 The clearance of debris in clause 9.2.1 shall be done unless the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

9.2.3 In addition to clause 9.2.1, debris may be cleared from the pitch by hand, without sweeping, before mowing and whenever either umpire considers it necessary. All debris is to be cleared prior to mowing or rolling.

9.3 Mowing

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.3.1.2 All subsequent mowings shall be carried out under the supervision of the umpires.

9.3.2 The pitch and outfield

In order that throughout the match, the ground conditions should be as nearly the same for both sides as possible, both the pitch and the outfield shall be mown on each day of the match on which play is expected to take place, if ground and weather conditions permit.

If, for reasons other than conditions of ground or weather, complete mowing of the outfield is not possible, the Ground Authority shall notify the captains and umpires of the procedure to be adopted for such mowing during the match.

9.3.3 Timing of mowing

9.3.3.1 Mowing of the pitch on any day shall be completed not later than 30 minutes before the time scheduled or rescheduled for play to begin on that day, before any clearing of debris prior to rolling. If necessary, debris may be removed from the pitch before mowing, by hand. See clause 9.2.3.

9.3.3.2 Mowing of the outfield on any day shall be completed not later than 15 minutes before the time scheduled or rescheduled for play to begin on that day.

9.4 Watering the pitch

The pitch shall not be watered during the match.

9.5 Re-marking creases

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 Maintenance of footholes

The umpires shall ensure that the holes made by the bowlers and batters are cleaned out and dried whenever necessary to facilitate play.

The umpires shall allow, if necessary, the returfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

In addition, the umpires shall see that wherever possible and whenever it is considered necessary, action is taken during all intervals in play to do whatever is practicable to improve the bowler's footholes. As soon as possible after the conclusion of each day's play, bowler's footholes will be repaired.

9.7 Securing of footholds and maintenance of pitch

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that clause 41 (Unfair play) is not contravened.

9.8 Watering the outfield

The watering of the outfield will be permitted during the match subject to the following:

9.8.1 Such watering shall only be possible if the 'watering plan' is requested by the Ground Authority and approved by the umpires before the match has started. Once the match has started, any such request will not be considered.

9.8.2 The consent of the captains is not required, but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

9.8.3 The watering shall occur as soon as possible after the conclusion of the day's play.

9.8.4 The watering shall only be carried out to the extent that it is necessary to retain the good condition of the outfield.

9.8.5 The square and bowlers' run ups will be adequately covered prior to any watering taking place.

9.8.6 All ongoing matters of interpretation and implementation of watering requirements and regulations shall be resolved between the umpires and the Ground Authority, but with the umpires retaining ultimate discretion over whether to approve any watering.

9.9 Protection and preparation of adjacent pitches during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.9.1 Such measures will only be possible if requested by the Ground Authority and approved by the umpires before the start of the match.

9.9.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.9.3 The preparation work shall be carried out under the supervision of the fourth umpire.

9.9.4 Any necessary watering shall be carried out only to the extent necessary for such preparations and shall not be permitted in circumstances which may in any way affect the match pitch.

9.9.5 The consent of the captains is not required but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

The pitch shall be entirely protected against rain up to the commencement of play.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in clauses 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

The pitch shall be entirely protected against rain up to the commencement of play each day, and for the duration of the period of the match. It shall be wholly covered at the termination of each day's play or providing the weather is fine, within a period of two hours thereafter.

The covers must totally protect the pitch and also the pitch surroundings, to a minimum of five (5) metres either side of the pitch, and any worn or soft areas in the outfield.

The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including 'hessian' or 'scrim' covers used to protect the pitch against the sun) shall be removed not later than 2.5 hours before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals.

- The period between the close of play on one day and the start of the next day's play.
- Intervals between innings.
- Intervals for meals.
- Intervals for drinks.
- Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of clause 24.2.6 (fielder absent or leaving the field of play).

11.2 Duration of intervals

11.2.1 An interval for lunch or tea shall be of the duration detailed below, taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.2.1.1 Lunch interval: The interval shall be of 40 minutes' duration.

11.2.1.2 Tea interval: The interval shall be of 20 minutes' duration.

11.2.1.3 Home Boards, with the consent of the visiting Board, may seek the approval of the ICC to amend the duration of these two intervals, provided the combined scheduled duration of the two intervals shall be equal to 60 minutes.

11.2.2 An interval between innings shall be 10 minutes, commencing from the close of an innings until the call of Play for the start of the next innings. See, however, clauses 11.3, 11.5 and 11.6.

11.3 Allowance for interval between innings

In addition to the provisions of clauses 11.5 and 11.6,

11.3.1 if an innings ends when 10 minutes or less remains before the time agreed for close of play, or when there are less than two overs remaining to complete the minimum over requirement on any day, whichever is applicable, there shall be no further play on that day. No change shall be made to the time for the start of play on the following day on account of the 10-minute interval between innings.

11.3.2 if a captain declares an innings closed during an interruption in play of more than 10 minutes' duration, provided that at least 10 minutes remain of the interruption, no adjustment shall be made to the time for resumption of play on account of the 10-minute interval between innings, which shall be considered as included in the interruption. If less than 10 minutes remain of the interruption when the captain declares the innings closed, or forfeits an innings, the next innings shall commence 10 minutes after the declaration or forfeiture is made.

11.3.3 if a captain declares an innings closed during any interval other than an interval for drinks, provided that at least 10 minutes remain of the interval, the interval shall be of the agreed duration and shall be considered to include the 10-minute interval between innings. If less than 10 minutes remain of the interval when the captain declares the innings closed, or forfeits an innings, the interval shall be extended as necessary and the next innings shall commence 10 minutes after the declaration or forfeiture is made.

11.4 Changing agreed times of intervals

If, at any time during the match,

either playing time is lost through adverse conditions of ground, weather or light or in exceptional circumstances,

or the players have occasion to leave the field other than at a scheduled interval,

the time of the lunch interval or of the tea interval may be changed if the two umpires and both captains so agree, providing the requirements of clauses 11.2, 11.5, 11.6, 11.7 and 11.8.3 are not contravened.

11.5 Changing agreed time for lunch interval

11.5.1 If an innings ends when 10 minutes or less remain before the agreed time for lunch, the interval shall be taken immediately. It shall be of the agreed duration and shall be considered to include the 10-minute interval between innings.

11.5.2 If because of adverse conditions of ground, weather or light, or in exceptional circumstances, a stoppage occurs when 10 minutes or less remain before the agreed time for lunch, then, whether or not agreement is reached in the circumstances of clause 11.4, the interval shall be taken immediately. It shall be of the agreed duration. Play shall resume at the end of this interval or as soon after as conditions permit.

11.5.3 If the players have occasion to leave the field for any reason when more than 10 minutes remain before the agreed time for lunch, then, unless the umpires and captains together agree to alter it, lunch shall be taken at the agreed time.

11.6 Changing agreed time for tea interval

11.6.1 If an innings ends when 30 minutes or less remain before the agreed time for tea, the interval shall be taken immediately. It shall be of the agreed duration and shall be considered to include the 10-minute interval between innings.

11.6.2 If, when 30 minutes remain before the agreed time for tea, an interval between innings is already in progress, play shall resume at the end of the 10-minute interval, if conditions permit.

11.6.3 If, because of adverse conditions of ground, weather or light, or in exceptional circumstances, a stoppage occurs when 30 minutes or less remain before the agreed time for tea, then unless there is an agreement to change the time for tea, as permitted in clause 11.4, the interval shall be taken immediately. The interval shall be of the agreed duration. Play shall resume at the end of the interval or as soon after as conditions permit.

11.6.4 If a stoppage is already in progress when 30 minutes remain before the agreed time for tea, clause 11.4 shall apply.

11.7 Lunch or tea interval – nine (9) wickets down

For the lunch interval and for the tea interval, if

either nine (9) wickets are already down when three (3) minutes remain to the scheduled time for the interval,

or the ninth (9th) wicket falls within these three (3) minutes, or at any time up to and including the final ball of the over in progress at the scheduled time for the interval,

then the provisions of clause 12.5.2 shall not apply and the interval will not be taken until the end of the over that is in progress 30 minutes after the originally agreed time for the interval, unless the players have cause to leave the field of play or the innings is completed earlier.

However, if at the conclusion of this additional 30 minutes, a small number of runs are required to win the match, and both captains wish to continue playing in order to achieve a definite result, play will continue until either the match concludes or the players have cause to leave the field for any other reason.

For the purposes of this section of the Playing Conditions, the retirement of a batter is not to be considered equivalent to the fall of a wicket.

11.8 Intervals for drinks

11.8.1 Drinks intervals shall be scheduled. Each interval shall be kept as short as possible and in any case shall not exceed four (4) minutes.

11.8.1.1 There shall be one drinks interval during each session of play, scheduled at the mid-point of the session.

11.8.1.2 Under conditions of extreme heat the umpires may permit extra intervals for drinks during each session.

11.8.1.3 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken on to the field without the permission of the umpires. Any player taking drinks on to the field shall be dressed in proper cricket attire (subject to the wearing of bibs – refer to the note in clause 24.1.4).

11.8.2 A drinks interval shall be taken at the end of the over in progress when the agreed time is reached. If, however, a wicket falls or a batter retires within five (5) minutes of the agreed time, then drinks shall be taken immediately.

No other variation in the timing of drinks intervals shall be permitted except as provided for in clause 11.8.3.

11.8.3 If an innings ends or the players have to leave the field of play for any other reason within 30 minutes of the agreed time for a drinks interval, the umpires and captains together may rearrange the timing of drinks intervals in that session.

11.8.4 Intervals for drinks may not be taken during the last hour of the match, as defined in clause 12.6 (Last hour of match – number of overs). Subject to this limitation, the captains and umpires shall agree the times for such intervals, if any, before the toss and on each subsequent day not later than 10 minutes before play is scheduled to start.

11.9 Agreement to forgo intervals

At any time during the match, the captains may agree to forgo any of the drinks intervals. The umpires shall be informed of the decision.

When play is in progress, the batters at the wicket may deputise for their captain in making an agreement to forgo a drinks interval in that session.

11.10 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this clause.

12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time when the ball is dead, at the start of any interval or interruption of play, or as required by these Playing Conditions. See also clause 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, except at the start of the drinks interval, the bails shall be removed from both wickets.

12.4 Starting a new over

Another over shall always be started at any time during the match, unless an interval is to be taken in the circumstances set out in clause 12.5.2, if the umpire, walking at normal pace, has arrived at the position behind the stumps at the bowler's end before the time agreed for the next interval, or for the close of play, has been reached.

12.5 Completion of an over

Other than at the end of the match,

12.5.1 if the agreed time for an interval is reached during an over, the over shall be completed before the interval is taken, except as provided for in clause 12.5.2.

12.5.2 when less than three (3) minutes remains before the time agreed for the next interval, the interval shall be taken immediately if

– either a batter is dismissed or retires, other than at the end of a day's play, in which case the over shall be completed or

– the players have occasion to leave the field

whether this occurs during an over or at the end of an over. Except at the end of an innings, if an over is thus interrupted it shall be completed on the resumption of play.

12.6 Conclusion of match

12.6.1 The match is concluded

12.6.1.1 as soon as a result as defined in clauses 16.1 to 16.5 (The result) is reached.

12.6.1.2 as soon as both

– the minimum number of overs for the last hour have been completed, and

– the agreed time for close of play is reached,

unless a result is reached earlier.

12.6.2 The match is concluded if, without a conclusion having been reached under 12.6.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.7 Hours of play; minimum overs requirement

The Home Board shall determine the hours of play, subject to there being six (6) hours scheduled play per day, and subject to:

12.7.1 Minimum overs in the day

Subject to clause 12.7.2 below:

12.7.1.1 On days other than the last day, play shall continue on each day until the completion of a minimum target of 90 overs (or a minimum of 15 overs per hour) or the completion of the scheduled or rescheduled cessation time, whichever is the later, but provided that play shall not continue for more than 30 minutes beyond the scheduled or rescheduled cessation time (permitted overtime). For the sake of clarity, if any of the minimum target number of overs have not been bowled at the completion of the permitted overtime, play shall cease upon completion of the over in progress. The overs not bowled shall not be made up on any subsequent day.

12.7.1.2 On the last day, a minimum of 75 overs (or a minimum of 15 overs per hour) shall be bowled during the playing time, other than the last hour of the match, where clause 12.7.6 below shall apply. If any of the minimum of 75 overs, or as recalculated, have not been bowled when one hour of the scheduled playing time remains, the last hour of the match for the purposes of clause 12.7.6 shall be the hour immediately following the completion of these overs.

12.7.2 Reduction in minimum overs

Except in the last hour of the match, for which clause 12.7.6 makes provision, if play is suspended due to adverse weather or light or any other reason (other than normal intervals) for more than one hour on any day, the minimum number of overs shall be reduced by one over for each full four (4) minutes of the aggregate playing time lost. For the avoidance of doubt, the aggregate of one hour shall be inclusive of any time that may have been brought forward from previous days due to playing time lost on such previous days under clause 12.7.3.2 below.

12.7.3 Making up lost time

12.7.3.1 On the day

Subject to weather and light, except in the last hour of the match, in the event of play being suspended for any reason other than normal intervals, the playing time on that day shall be extended by the amount of time lost up to a maximum of one hour. For the avoidance of doubt, the maximum of one hour shall be inclusive of any time that may have been added to the scheduled playing time due to playing time having been lost on previous days under clause 12.7.3.2 below.

12.7.3.2 On subsequent days

If any time is lost and cannot be made up under clause 12.7.3.1 above, additional time of up to a maximum of 30 minutes per day shall be added to the scheduled playing hours for the next day and subsequent day(s) as required (to make up as much lost time as possible).

12.7.3.3 On the last day only (refer to Appendix E)

Clause 12.7.3.1 applies. However, for the purposes of this clause, the definition of playing time shall exclude the last hour. No time is made up in respect of any interruptions that commence after the start of the last hour.

Should play be interrupted prior to the last hour being signalled, the playing time lost will be made up (subject to the maximum of one hour described in (a) above) with the previously scheduled time for the last hour being updated to reflect the time made up during this interruption.

In order to determine the minimum overs to be bowled prior to the last hour and the rescheduled starting time for the last hour, it is necessary to complete the template in Appendix E.

12.7.3.4 For day/night Test matches, the participating teams may agree on the following:

- the maximum amount of make-up time to be used on the day up to no more than one hour;
- the maximum make-up time to be added to subsequent days up to no more than 30 minutes per day; and
- when the make-up time is to be allocated across subsequent days.

12.7.4 Change of intervals

12.7.4.1 If play has been suspended for any reason other than normal intervals for 30 minutes or more prior to the commencement of the scheduled or rescheduled tea interval on that day, the tea interval shall be delayed for 30 minutes.

12.7.4.2 Notwithstanding the provisions of clause 12.7.4.1 above, the timings of intervals can be altered under clause 11.4 (Changing agreed times of intervals) at any time on any day if playing time has been lost irrespective of whether the time has been lost on that day or on any previous days.

12.7.5 Change of innings

Where there is a change of innings during a day's play (except where the change of innings occurs at lunch or tea or when play is suspended for any reason), two overs will be deducted from the minimum number of overs to be bowled.

The over in progress at the end of an innings is regarded as a completed over for the purposes of determining the minimum number of remaining overs to be bowled in the day, except when the change of innings occurs in the last hour of the match (see clause 12.12.3).

12.7.6 Last hour

A minimum of 15 overs shall be bowled in the last hour and all calculations with regard to suspensions of play or the start of a new innings shall be based on one over for each full four (4) minutes (refer to clause 12.7.9 below).

On the final day, if both captains (the batters at the wicket may act for their captain) accept that there is no prospect of either side achieving a victory, they may agree to finish the match after:

– the time for the commencement of the last hour has been reached, or

– there is a minimum of 15 overs to be bowled,

Whichever is the later.

12.7.7 Notwithstanding any other provision, there shall be no further play on any day, other than the last day if the players have occasion to leave the field during the last minimum over within three (3) minutes of the scheduled cessation time or thereafter. This shall also apply to the additional time permitted in order to complete the minimum over requirement for the day. If an over is interrupted in these circumstances, stumps shall be drawn for the day and the over shall be completed on the resumption of play.

12.7.8 An over completed on resumption of a new day's play shall be disregarded in calculating minimum overs for that day.

12.7.9 Stumps drawn

Except on the final day:

12.7.9.1 In the event of play being suspended for any reason at or after the most recently scheduled or rescheduled cessation time, stumps shall be drawn upon play being suspended.

12.7.9.2 In the event of the players already being off the field for a suspension of play at the most recently rescheduled cessation time, then stumps will be drawn at that time.

12.7.10 The scoreboard shall show:

12.7.10.1 the total number of overs bowled with the ball currently in use; and

12.7.10.2 the minimum number of overs remaining to be bowled in a day.

12.7.11 Penalties shall apply for slow over rates (refer to the ICC Code of Conduct and see clause 12.9 below).

12.7.12 Day/night Test matches

Home Boards may, prior to the commencement of a Test, and with the agreement of the Visiting Board, seek the approval of the ICC to play the match as a day/night Test. In such a case, the hours of play shall be determined by agreement between the Home Board and the Visiting Board subject to there being six (6) hours' scheduled play per day.

12.8 Extra time

12.8.1 At the end of the day

The umpires may decide to play 30 minutes (a minimum of eight (8) overs) extra time at the end of any day (other than the last day) if requested by either captain if, in the umpires' opinion, it would bring about a definite result on that day. This is in addition to the additional time provided for in clause 12.7.3 above. If the umpires do not believe a result can be achieved, no extra time shall be allowed.

If it is decided to play such extra time on one or more of these days, the whole period shall be played out even though the possibility of finishing the match may have disappeared before the full period has expired.

If at the conclusion of this extra time, a small number of runs are required to win the match and both captains wish to continue playing in order to achieve a definite result on that day, play will continue until either the match concludes or the players have cause to leave the field for any other reason.

Only the actual amount of playing time by which play is extended on any day shall be deducted from the total number of hours of play remaining, and the match shall end earlier on the final day by the amount of time by which play was previously extended under this clause.

12.8.2 At the lunch or tea interval

The umpires may decide to extend play by 15 minutes (a minimum of four (4) overs) at the scheduled lunch or tea interval of any day if requested by either captain if, in the umpires' opinion, it would bring about a definite result in that session. If the umpires do not believe a result can be achieved no extra time shall be allowed.

If it is decided to extend play, the whole period shall be played out even though the possibility of finishing the match may have disappeared before the full period has expired.

If at the conclusion of this extra time, a small number of runs are required to win the match and both captains wish to continue playing in order to achieve a definite result prior to the scheduled interval, play will continue until either the match concludes or the players have cause to leave the field for any other reason.

The following session of play shall be reduced by the amount of time by which play was previously extended under this clause.

12.8.3 For the avoidance of doubt, clause 11.7 shall still apply subsequent to the application of this clause, i.e. when nine (9) wickets are down following the extra 15 minutes. However, this clause shall not apply when clause 11.7 has already been applied, i.e. the 15 minutes shall not be added at the end of 30 minutes' extra time.

12.9 Minimum over rates

12.9.1 The minimum over rate to be achieved in Test matches shall be 15 overs per hour.

12.9.2 The actual over rate shall be calculated at the end of the match by the umpires and shall be the average rate that is achieved by the fielding team across both of the batting team's innings.

12.9.3 In calculating the actual over rate for the match, allowances will be given as follows:

12.9.3.1 the time lost as a result of treatment given to a player by authorised medical personnel on the field of play;

12.9.3.2 the time lost as a result of a player being required to leave the field as a result of a serious injury;

12.9.3.3 the time taken for all third umpire referrals and consultations and any umpire or player reviews;

12.9.3.4 the time lost as a result of time wasting by the batting side;

12.9.3.5 the time lost due to all other circumstances that are beyond the control of the fielding side;

12.9.3.6 two (2) minutes per wicket taken, provided that such wicket results in the subsequent batters immediately commencing his innings (for the avoidance of any doubt, no time allowance will be given for the final wicket of an innings or where a wicket falls immediately prior to any interval); and

12.9.3.7 four (4) minutes per drinks break taken.

12.9.4 The following conditions shall also be factored into the over rate calculation at the end of the match:

12.9.4.1 If the fielding team bowls out the batting team in 80 overs or less in any particular innings and the Minimum Over Rate requirement for that innings has not been exceeded (taking into account all of the time allowances described above), no account shall be taken of the actual over rate in that innings when calculating the actual over rate at the end of such match.

12.9.4.2 If the fielding team bowls out the batting team twice and has not completed more than 160 overs in total across both of its fielding innings, no sanction may be imposed in respect of a breach of clause 12.9.1.

12.9.4.3 if the fielding team has not completed more than 80 overs in a match, no sanction may be imposed in respect of a breach of clause 12.9.1.

12.9.5 The current over rate of the fielding team (+/- overs compared to the minimum rate required), shall be advised by the third umpire every 30 minutes as a minimum, and shall be displayed on a scoreboard or replay screen at regular intervals.

12.9.6 If, at the end of the match, the over rate calculation determines that a team has bowled one or more overs less than the minimum over rate requirement, that team will incur one Penalty Over for each full over the team falls short of its minimum over rate required in a match.

12.10 Last hour of match – number of overs

The bowler's end umpire shall indicate the commencement of these 15 overs to the players and to the scorers. The period of play thereafter shall be referred to as the last hour, whatever its actual duration.

During an uninterrupted last hour, play will continue until the end of the over in progress when 60 minutes have been played, or until 15 overs have been bowled, whichever is later.

12.11 Last hour of match – interruptions of play

If there is an interruption in play during the last hour of the match, the minimum number of overs to be bowled shall be reduced from 15 as follows:

12.11.1 The time lost for an interruption is counted from the call of Time until the time for resumption as decided by the umpires.

12.11.2 One over shall be deducted for every complete four (4) minutes of time lost.

12.11.3 In the case of more than one such interruption, the minutes lost shall not be aggregated; the calculation shall be made for each interruption separately.

12.11.4 If, when one hour of playing time remains, an interruption is already in progress

12.11.4.1 only the time lost after this moment shall be counted in the calculation.

12.11.4.2 the over in progress at the start of the interruption shall be completed on resumption and shall not count as one of the minimum number of overs to be bowled.

12.11.5 If, after the start of the last hour, an interruption occurs during an over, the over shall be completed on resumption of play. The two part-overs shall between them count as one over of the minimum number to be bowled.

12.12 Last hour of match – intervals between innings

If an innings ends so that a new innings is to be started during the last hour of the match, the interval starts with the end of the innings and is to end 10 minutes later.

12.12.1 If this interval is already in progress at the start of the last hour then, to determine the number of overs to be bowled in the new innings, calculations are to be made as set out in clause 12.11.

12.12.2 If the innings ends after the last hour has started, two calculations are to be made, as set out in clauses 12.12.3 and 12.12.4. The greater of the numbers yielded by these two calculations is to be the minimum number of overs to be bowled in the new innings.

12.12.3 Calculation based on overs remaining:

- At the conclusion of the innings, the number of overs that remain to be bowled, of the minimum in the last hour, to be noted.
- If this is not a whole number, it is to be rounded up to the next whole number.
- Two overs, for the interval, to be deducted from the resulting number to determine the number of overs still to be bowled.

12.12.4 Calculation based on time remaining:

- At the conclusion of the innings, the time remaining until the agreed time for close of play to be noted.
- 10 minutes, for the interval, to be deducted from this time to determine the playing time remaining.
- A calculation to be made of one over for every complete four (4) minutes of the playing time remaining, plus one more over if a further part of four (4) minutes remains.

12.13 Completion of last over of match

The over in progress at the close of play on the final day shall be completed unless

either a result has been reached

or the players have occasion to leave the field.

In this case there shall be no resumption of play except in the circumstances of clause 16.7 (Mistakes in scoring) and the match shall be at an end.

12.14 Bowler unable to complete an over during last hour of match

If, for any reason, a bowler is unable to complete an over during the last hour, clause 17.8 (Bowler incapacitated or suspended during an over) shall apply. The separate parts of such an over shall count as one over of the minimum to be bowled.

13 INNINGS

13.1 Number of innings

A match shall be two innings for each side.

13.2 Alternate innings

Each side shall take their innings alternately, except in the cases provided for in clause 14 (The follow-on) or in clause 15.2 (Forfeiture of an innings).

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the captain declares the innings closed.

13.3.4 the captain forfeits the innings.

13.4 The toss

The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of the ICC Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play. Note, however, the provisions of clause 1.3 (Captain).

13.5 Decision to be notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

13.6 Duration of match

Matches shall be of five days' scheduled duration.

14 THE FOLLOW-ON

14.1 Lead on first innings

14.1.1 The side that bats first and leads by at least 200 runs shall have the option of requiring the other side to follow their innings.

14.1.2 The same option shall be available in matches of shorter duration with the minimum leads as follows:

– 150 runs in a match of three or four days;

– 100 runs in a two-day match;

– 75 runs in a one-day match.

14.2 Notification

A captain shall notify the opposing captain and the umpires of his intention to take up this option. Once notified, the decision cannot be changed.

14.3 First day's play lost

If no play takes place on the first day of a match, clause 14.1 shall apply in accordance with the number of days remaining from the start of play. The day on which play first commences shall count as a whole day for this purpose, irrespective of the time at which play starts.

Play will have taken place as soon as, after the call of Play, the first over has started. See clause 17.2 (Start of an over).

15 DECLARATION AND FORFEITURE

15.1 Time of declaration

With the exception of the final innings of the match, the captain of the side batting may declare an innings closed, when the ball is dead, at any time during the innings. A declared innings shall be considered to be a completed innings.

15.2 Forfeiture of an innings

With the exception of the final innings of the match, a captain may forfeit either of his side's innings at any time before the commencement of that innings. A forfeited innings shall be considered to be a completed innings.

15.3 Notification

A captain shall notify the opposing captain and the umpires of any decision to declare or to forfeit an innings. Once notified, the decision cannot be changed.

16 THE RESULT

16.1 A Win

The side that has scored a total of runs in excess of that scored in the two completed innings of the opposing side shall win the match. See clause 13.3 (Completed innings). Note also clause 16.4 (Winning hit or extras).

16.2 ICC Match Referee awarding a match

16.2.1 A match shall be lost by a side which either

16.2.1.1 concedes defeat or

16.2.1.2 in the opinion of the ICC Match Referee refuses to play and the ICC Match Referee shall award the match to the other side.

16.2.2 If an umpire considers that an action by any player or players might constitute a refusal by either side to play then the umpire shall call time, and the umpires together shall inform the ICC Match Referee of this fact. The ICC Match Referee shall together with the umpires ascertain the cause of the action. If the ICC Match Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, they shall so inform the captain of that side. If the captain persists in the action the ICC Match Referee shall award the match in accordance with clause 16.2.1.2 above.

16.2.3 If action as in clause 16.2.2 above takes place after play has started and does not constitute a refusal to play:

16.2.3.1 Playing time lost shall be counted from the start of the action until play recommences, subject to intervals (clause 11) and suspensions of play (clause 2.8).

16.2.3.2 The time for close of play on that day shall be extended by this length of time, subject to clause 2.8 (Suspension of play in dangerous and unreasonable conditions) and the provisions of clause 12.7.

16.2.3.3 If applicable, no overs shall be deducted during the last hour of the match solely on account of this time.

In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the ICC Code of Conduct.

16.3 All other matches – A Tie or Draw

16.3.1 A Tie

The result of a match shall be a Tie when all innings have been completed and the scores are equal.

16.3.2 A Draw

The result of a match shall be a Draw when it is not determined in any of the ways stated in clauses 16.1, 16.2 or 16.3.1.

16.4 Winning hit or extras

16.4.1 As soon as a result is reached as defined in clauses 16.1, 16.2 or 16.3.1, the match is at an end. Nothing that happens thereafter, except as in clause 41.17 (Penalty runs), shall be regarded as part of it. Note also clause 16.7.

16.4.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batters before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.4.3 If a boundary is scored before the batters have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.5 Statement of result

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall.

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of five (5) Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.6 Correctness of result

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See clause 2.15 (Correctness of scores).

16.7 Mistakes in scoring

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to clause 16.8, they shall adopt the following procedure.

16.7.1 If, when the players leave the field, the side batting last has not completed its innings and

either the number of overs to be bowled in the last hour, or in that innings, has not been completed, or

the agreed time for close of play, or for the end of the innings, has not been reached,

then, unless one side concedes defeat, the umpires shall order play to resume.

Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed and either time for close of play has been reached or the allotted time for the innings has expired, as appropriate. The number of overs and time remaining shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.7.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.8 Result not to be changed

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

17 THE OVER

17.1 Number of balls

The ball shall be bowled from each end alternately in overs of six (6) valid balls.

17.2 Start of an over

An over has started when the bowler starts his run-up or, if there is no run-up, starts his action for the first delivery of that over.

17.3 Validity of balls

17.3.1 A ball shall not count as one of the six (6) balls of the over unless it is delivered, even though, as in clause 38.3 (Non-striker leaving his ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the six (6) balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See clause 20.7 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of clause 20.4.2.6. Note also the special provisions of clause 20.4.2.5 (Umpire calling and signalling Dead ball).

17.3.2.3 if it is a No ball. See clause 21 (No ball).

17.3.2.4 if it is a Wide. See clause 22 (Wide ball).

17.3.2.5 when any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker), or 41.5 (Deliberate distraction, deception or obstruction of a batter) is applied.

17.3.3 Any deliveries other than those listed in clauses 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the six (6) balls of the over.

17.4 Call of Over

When six (6) valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also clause 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after six (6) valid balls have been bowled, the umpire shall subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.5.3 Whenever possible, the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under these Playing Conditions.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated or suspended during an over, the umpire shall call and signal Dead ball. If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that no bowler delivers two overs consecutively, nor delivers parts of each of two consecutive overs, in that innings.

18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batters, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See clause 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See clause 18.6.

18.2 Runs disallowed and runs not scored

Wherever in these Playing Conditions provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A 11) or for the non-award of penalties.

When runs are disallowed, the one run penalty for No ball or Wide shall stand and 5-run penalties shall be allowed, except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

18.3 Short runs

18.3.1 A run is short if a batter fails to make good his ground in turning for a further run. See also clauses 18.4 (Unintentional short runs) and 18.5 (Deliberate short runs).

18.3.2 Although a short run shortens the next one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 Unintentional short runs

Except in the circumstances of clause 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored. In accordance with paragraph 2.5 of Appendix D, the third umpire shall review any call of Short run and communicate their decision to the relevant on-field umpire.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to clauses 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.5 Deliberate short runs

18.5.1 If either umpire considers that one or both batters deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply clause 18.5.2.

18.5.1.1 A deliberate short run is an attempt by the batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end.

18.5.1.2 Provided the umpires believe that there was no intention by the batter concerned to deceive the umpires, it will not be considered a deliberate short run if the batters abandon an attempted run.

18.5.2 The bowler's end umpire shall

- disallow all runs to the batting side
- signal No ball or Wide to the scorers, if applicable
- repeat the Short run signal to the scorers
- award five (5) Penalty runs to the fielding side
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side)
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.
- instruct the fielding captain to decide which of the batters at the wicket, including the incoming batter if applicable, shall face the next delivery (see clause 18.13 – Batters going to an end determined by players).

18.6 Runs awarded for penalties

Runs shall be awarded for penalties under clauses 18.5 (Deliberate short runs), 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 27.4.2 (Illegal movement by the wicket-keeper), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side), 28.6.3 (Illegal movement by any fielder other than the wicket-keeper), 41 (Unfair play) and 42 (Players' conduct). Note, however, the restrictions on the award of Penalty runs in clauses 18.5 (Deliberate short runs), 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side), 34 (Hit the ball twice), 41.14 (Batter damaging the pitch) and 41.15 (Striker in protected area).

18.7 Runs scored for boundaries

Runs shall be scored for boundary allowances under clause 19 (Boundaries).

18.8 Runs scored when a batter is dismissed

When a batter is dismissed, any runs for penalties awarded to either side shall stand.

No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.

If, however, the obstruction or distraction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

18.9 Runs scored when the ball becomes dead other than at the fall of a wicket

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in these Playing Conditions, any runs for penalties awarded to either side shall be scored. Note however the provisions of clauses 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally, the batting side shall be credited with all runs completed by the batters before the incident or call of Dead ball and the run in progress if the batters had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of clause 41.5.8 (Deliberate distraction, deception or obstruction of batter).

18.10 Crediting of runs scored

Unless stated otherwise in these Playing Conditions,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

- an award of five (5) Penalty runs, which shall be scored as Penalty runs
- the one run penalty for a No ball, which shall be scored as a No ball extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

– all runs scored by the striker

– all runs scored as No ball extras

– all runs scored as Wides.

18.11 Batter returning to original end

18.11.1 When the striker is dismissed in any of the circumstances in clauses 18.11.1.1 to 18.11.1.6, the not out batter shall return to his original end.

18.11.1.1 Bowled.

18.11.1.2 Stumped.

18.11.1.3 Hit the ball twice.

18.11.1.4 LBW.

18.11.1.5 Hit wicket.

18.11.1.6 Caught.

18.11.2 The batters shall return to their original ends when

18.11.2.1 A boundary is scored unless as a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.11.2.2 Runs are disallowed for any reason except under clause 18.5.2 (see clause 18.13 – Batters going to an end determined by players).

18.11.2.3 They are required to do so under clause 18.13 (Batters going to an end determined by players).

18.12 Batter returning to wicket he has left

18.12.1 When a batter is dismissed in any of the ways in clauses 18.12.1.1 to 18.12.1.2, the not out batter shall return to the wicket he has left but only if the batters had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to his original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out.

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batters shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of clauses 18.11.2.1 to 18.11.2.3 apply, the batters shall return to their original ends.

18.13 Batters going to an end determined by players

18.13.1 When a batter is dismissed Obstructing the field, where the obstruction prevents a catch being taken, the captain of the fielding side shall decide whether the not out batter shall return to the wicket they have left, or the other end.

18.13.2 If the ball becomes Dead under clause 18.5.2 (Deliberate short running), the captain of the fielding side shall decide which batter is to face the next delivery.

18.13.3 If the ball becomes dead under clause 41.5 (Deliberate distraction, deception or obstruction of batter), the batters at the wicket decide which batter is to face the next delivery.

19 BOUNDARIES

19.1 Determining the boundary of the field of play

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See clause 2.3.4 (Consultation with Home Board).

19.1.2 The boundary shall be determined such that no part of any sight-screen, will, at any stage of the match, be within the field of play.

19.1.3 The aim shall be to maximise the size of the playing area at each venue. With respect to the size of the boundaries, no boundary shall be longer than 90 yards (82.29 metres), and no boundary should be shorter than 65 yards (59.43 metres) from the centre of the pitch to be used.

19.1.4 At all times, there must be 3 yards (2.74 metres) from the boundary rope to the first solid object (advertising boards/LEDs, photographers, cameramen, dugouts, covers, perimeter fence) for the player's safety run off.

19.1.5 If the boundary is positioned less than 90 yards (82.29 metres) from the centre of the pitch, the boundary rope cannot be set at a distance of more than 10 yards (9.14 metres) from the perimeter fence. The 10 yards shall be inclusive of the 3 yards (2.74 metres) provided for the player's safety run off.

19.1.6 Any ground which has previously been approved to host international cricket which is unable to conform to the minimum boundary dimension shall be exempt. In such cases the boundary shall be positioned so as to maximise the size of the playing area.

19.2 Identifying and marking the boundary

19.2.1 All boundaries must be designated by a rope, or similar object of a minimum standard as authorised by the ICC from time to time.

19.2.2 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.3 An obstacle within the field of play shall not be regarded as a boundary unless so determined by the umpires before the toss. See clause 2.3.4 (Consultation with Home Board).

19.2.4 If an unauthorised person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batter is liable to be out as a result of the unauthorised person handling the ball. See also clause 20.4.2.12 (Umpire calling and signalling Dead ball).

19.3 Restoring the boundary

If a solid object used to mark the boundary is disturbed for any reason, then:

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.4 Ball grounded beyond the boundary

19.4.1 The ball in play is grounded beyond the boundary if it touches

– the boundary or any part of an object used to mark the boundary;
– the ground beyond the boundary;
– any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

– a fielder, grounded beyond the boundary as in clause 19.5, touches the ball;
– a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 Fielder grounded beyond the boundary

19.5.1 A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

– the boundary or any part of an object used to mark the boundary;

– the ground beyond the boundary;

– any object that is in contact with the ground beyond the boundary;

– another fielder who is grounded beyond the boundary.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, he may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or on to the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 Boundary allowances

19.6.1 Six (6) runs shall be allowed for a boundary 6; and four (4) runs for a boundary 4. See also clause 19.7.

19.7 Runs scored from boundaries

19.7.1 A boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A boundary 4 will be scored when a ball that is grounded beyond the boundary

– whether struck by the bat or not, was first grounded within the boundary, or

– has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of clause 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary.

19.7.3.2 the runs completed by the batters together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in clause 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of clause 18.12.2.

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

19.8.1 Runs scored from an overthrow or wilful act of fielder

If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batters at the instant of the throw or wilful act of the fielder and the run in progress if the batters had already crossed at the instant of the throw or wilful act of the fielder.

Clause 18.12.2 (Batter returning to wicket he has left) shall apply as from the instant of the throw or act.

19.8.2 Definition of an overthrow or wilful act of fielder

19.8.2.1 A boundary results from an overthrow if, in the opinion of the umpire, in an attempt to Run out the batter or prevent further run-scoring, a fielder directs the ball towards the wickets, and the ball subsequently crosses the boundary.

19.8.2.2 It is not to be considered an overthrow if the ball crosses the boundary as a result of

– a fielder attempting to stop the ball, or

– when fielding near the boundary, a fielder attempting to pass it a short distance to another fielder.

19.8.2.3 For the purposes of this clause only, a wilful act is any deliberate action by a fielder that is not intended to prevent a run, effect a Run out or complete a catch.

20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled.

20.1.1.2 a boundary is scored. See clause 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of his clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 there is an award of Penalty runs under either of clauses 24.4 (Player returning without permission) or 28.3 (Fielding the ball). The ball shall not count as one of the over.

20.1.1.7 there is a contravention of clause 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in clause 12.6 (Conclusion of match).

20.1.2 The ball is finally settled once it is in the hand or hands of any fielder or stationary on the ground, and the bowler's end umpire determines that it is no longer in play.

20.1.3 In a match where cameras are being used on or over the field of play (e.g. Spidercam), should a ball that has been hit by the batter make contact, while still in play, with the camera, its apparatus or its cable, either umpire shall call and signal 'dead ball'. The ball shall not count as one of the over and no runs shall be scored. If the delivery was called a No ball it shall count and the No ball penalty shall be applied. No other runs (including penalty runs) apart from the No ball penalty shall be scored.

20.1.4 Should a ball thrown by a fielder make contact with a camera on or over the field of play, its apparatus or its cable, either umpire shall call and signal dead ball. Unless this was already a No ball or Wide, the ball shall count as one of the over. All runs scored to that point shall count, plus the run in progress if the batters have already crossed.

20.1.5 Refer also to paragraph 2.7 of Appendix D.

20.2 Ball finally settled

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 Call of Over or Time

Neither the call of Over (see clause 17.4 – Call of Over) nor the call of Time (see clause 12.2 – Call of Time) is to be made until the ball is dead, either under clauses 20.1 or 20.4.

20.4 Umpire calling and signalling Dead ball

20.4.1 When the ball has become dead under clause 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Playing Conditions specifically provide for the call to be delayed, so as not to disadvantage the non-offending side, under clause 23.3 (Leg byes not to be awarded), clause 34.4 (Runs permitted from the ball lawfully struck more than once), clause 41.2.1 (Unfair actions) and clause 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving their normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket, without intervention from any player or their equipment, before he has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also clause 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of clauses 41.4 (Deliberate attempt to distract or obstruct striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 the bowler throws the ball towards the striker's end before entering his delivery stride.

20.4.2.10 the ball is not delivered for any reason other than an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 they consider that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand (see clause 19.2.4 – Identifying and marking the boundary).

20.4.2.13 the striker attempts to play the ball and no part of the striker's bat or person, whether grounded or raised, remains within the pitch as defined in clause 6.1 (Area of pitch).

20.4.2.14 required to do so under any of the Playing Conditions not included above.

20.5 Ball ceases to be dead

The ball ceases to be dead – that is, it comes into play – when the bowler starts his run-up or, if there is no run-up, starts his bowling action.

20.6 Dead ball not to be revoked

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery.

20.7 Dead ball; ball counting as one of over

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in clause 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it.

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of clauses 20.4.2.6 and 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In clause 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right-handed or left-handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be delivered with an Illegal Bowling Action.

An Illegal Bowling Action is defined as a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

Should either umpire or the ICC Match Referee suspect that a bowler has used an Illegal Bowling Action, they shall complete the ICC Bowling Action Report Form at the conclusion of the match, as set out in the Illegal Bowling Regulations.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 If, in the opinion of either umpire, the ball has been thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, they shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.

– inform the captain of the fielding side of the reason for this action.

– inform the batters at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, that umpire shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The suspended bowler shall not bowl again in that innings.

– inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the bowler concerned.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under clause 20.4.2.9.

21.5 Fair delivery – the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

– on the same side of the imaginary line joining the two middle stumps as the return crease described in clause 21.5.1, and

– behind the popping crease.

The third umpire shall review television replays of the bowler's feet landing and, if they are satisfied that not all the requirements have been met, advise the bowler's end umpire who shall in turn immediately call and signal No ball. See clause 41.8 (Bowling of deliberate front foot No ball).

21.6 Bowler breaking wicket in delivering ball

Either umpire shall call and signal No ball if, other than in an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early), the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride. This shall include any clothing or other object that falls from his person and breaks the wicket. See Appendix A 12 and clauses 20.4.2.8 and 20.4.2.10 (Umpire calling and signalling Dead ball)

21.7 Ball bouncing more than once, rolling along the ground or landing off the pitch

The umpire shall call and signal No ball if a ball which they consider to have been delivered, without having previously touched bat or person of the striker,

21.7.1 bounces more than once, or rolls along the ground before it reaches the popping crease, or

21.7.2 lands or subsequently bounces wholly or partially off the pitch as defined in clause 6.1 (Area of pitch) before it reaches the line of the striker's wicket.

The third umpire may be consulted and, if required, can review television replays to assist with the adjudication of No balls under this clause.

21.8 Ball causing the striker to leave the pitch or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see clause 25.6 – Striker's right to play the ball) without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If except in the circumstances of clause 27.3 (Position of wicket-keeper) a ball, delivered by the bowler, makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball. However, if the fielder's action is a deliberate attempt to obstruct the striker from playing the ball, clause 41.4 (Deliberate attempt to distract or obstruct striker) shall apply.

21.10 Call of No ball for infringement of other Playing Conditions

In addition to the instances above, No ball is to be called and signalled as required by the following clauses:

Clause 27.3 – Position of wicket-keeper

Clause 28.4 – Limitation of on side fielders

Clause 28.5 – Fielders not to encroach on pitch

Clause 41.6 – Bowling of dangerous and unfair short deliveries

Clause 41.7 – Bowling of dangerous and unfair non-landing deliveries

Clause 41.8 – Bowling of deliberate front foot No ball

21.11 Revoking a call of No ball

21.11.1 An umpire shall revoke the call of No ball if Dead ball is called under any of clauses 20.4.2.4, 20.4.2.5, 20.4.2.6, 20.4.2.8 or 20.4.2.10 (Umpire calling and signalling Dead ball), or if, for any other reason, the ball was deemed to be Dead before the bowler released the ball.

21.11.2 An umpire shall revoke the call of No ball if Dead ball is called under clause 20.4.2.5 or 20.4.2.6, unless the No ball is called under clause 21.6.

21.12 No ball to over-ride Wide

A call of No ball shall over-ride the call of Wide ball at any time. See clauses 22.1 (Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.13 Ball not dead

The ball does not become dead on the call of No ball.

21.14 Penalty for a No ball

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.15 Runs resulting from a No ball – how scored

The one run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in clause 41.17 (Penalty runs). Any runs completed by the batters or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.16 No ball not to count

A No ball shall not count as one of the over. See clause 17.3 (Validity of balls).

21.17 Out from a No ball

When No ball has been called, neither batter shall be out under any of the Playing Conditions except clause 34 (Hit the ball twice), clause 37 (Obstructing the field) or clause 38 (Run out).

22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clauses 22.1.2 and 22.1.3, the ball passes wide of where the striker is standing at the point of delivery and which also would have passed wide of the striker standing in a normal batting position.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 The ball will be considered as passing wide of the striker if any delivery, after landing, passes over head height of the striker standing upright at the popping crease.

22.1.4 For bowlers attempting to utilise the rough outside a batter's leg stump, not necessarily as a negative tactic, the strict limited over Wide interpretation shall be applied.

22.1.5 For bowlers who umpires consider to be bowling down the leg side as a negative tactic, the strict limited-over Wide interpretation shall be applied.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide they shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered his delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See clause 21.13 (No ball to over-ride Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving, either causes the ball to pass wide of him, as defined in clause 22.1.2 or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 Penalty for a Wide

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under clause 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 Runs resulting from a Wide – how scored

All runs completed by the batters or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of five (5) Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 Wide not to count

A Wide shall not count as one of the over. See clause 17.3 (Validity of balls).

22.9 Out from a Wide

When Wide ball has been called, neither batter shall be out under any of the Playing Conditions except clause 35 (Hit wicket), clause 37 (Obstructing the field), clause 38 (Run out) or clause 39 (Stumped).

23 BYE AND LEG BYE

23.1 Byes

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching his bat or person, any runs completed by the batters from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one run penalty for such a delivery shall be incurred.

23.2 Leg byes

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

– either attempted to play the ball with the bat

– or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is either no subsequent contact with the striker's bat or person, or only inadvertent contact with the striker's bat or person any runs completed by the batters or a boundary allowance shall be credited to the striker in the case of subsequent contact with his bat but otherwise to the batting side as in clause 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, clause 34.3 (Ball lawfully struck more than once) and clause 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in clause 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of clause 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run.

The umpire shall then:

– disallow all runs to the batting side;

– return any not out batter to his original end;

– signal No ball to the scorers if applicable;

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

24 FIELDER'S ABSENCE; SUBSTITUTES

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires. Note, however, clause 42.4.1.

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for him, subject to clauses 24.2 and 24.3.

24.1.4 Squad members of the fielding or batting team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

24.2 Fielder absent or leaving the field of play

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this clause, is he to be regarded as having left the field of play. A fielder may be outside the boundary when the ball comes into play – however, all fielders shall be within the boundary at the instant the ball is delivered.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 that fielder shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See clause 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.3 If a player is absent from the field for longer than eight (8) minutes, the following restrictions shall apply to their future participation in the match:

24.2.3.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty time). A player's unexpired Penalty time shall be limited to a maximum of 120 minutes. If any unexpired Penalty time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the previous innings. However, once his side has lost five wickets in its batting innings, he may bat immediately. If any unexpired penalty time remains at the end of that batting innings, it is carried forward to the next and subsequent innings of the match.

24.2.4 If the player leaves the field before having served all of his Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to a maximum cumulative Penalty time of 120 minutes, and that player shall not bowl until all of his Penalty time has been served.

24.2.6 For the purposes of clauses 24.2.3.1 and 24.2.3.2, playing time shall comprise the time play is in progress excluding lunch and tea intervals, intervals between innings and official drinks intervals. For clarity, a player's Penalty time will continue to expire after he is dismissed, for the remainder of his team's batting innings.

24.2.7 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.7.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or his side is now batting.

24.2.7.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as he is able to participate, and either takes the field on the resumption of play, or his side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.3 Penalty time not incurred

A nominated player's absence will not incur Penalty time if,

24.3.1 he has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.3.3 the player is absent from the field for a period of eight (8) minutes or less.

24.4 Player returning without permission

If a player comes on to the field of play in contravention of clause 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

– The umpires shall signal No ball or Wide ball to the scorers, if applicable.

– The umpire shall award five (5) Penalty runs to the batting side.

– Runs completed by the batters shall be scored together with the run in progress if they had already crossed at the instant of the offence.

– The ball shall not count as one of the over.

– The umpire shall inform the other umpire, the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for this action.

25 BATTER'S INNINGS

25.1 Eligibility to act as a batter

Only a nominated player may bat and, subject to clause 25.3, may do so even though a substitute fielder has previously acted for him.

25.2 Commencement of a batter's innings

The innings of the first two batters, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps on to the field of play.

25.3 Restriction on batter commencing an innings

25.3.1 If a member of the batting side has unserved Penalty time, see clause 24.2.7, that player shall not be permitted to bat until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after his side has lost five (5) wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time. In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that he is able to participate shall count as Penalty time served.

25.3.3 If any unserved Penalty time remains at the end of a team's innings, it shall be carried forward to the next and subsequent innings of the match if appropriate.

25.4 Batter retiring

25.4.1 A batter may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume his innings. If for any reason this does not happen, that batter is to be recorded as 'Retired – not out'.

25.4.3 If a batter retires for any reason other than as in clause 25.4.2, that batter is to be recorded as 'Retired – out'.

25.4.4 If after retiring a batter resumes his innings, subject to the requirements of clause 25.4.2, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 Runners

Runners shall not be permitted.

25.6 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder (see clause 27.5 – Restrictions on actions of wicket-keeper and clause 27.6 – Interference with wicket-keeper by striker).

However, the striker may only attempt to play the ball if some of his bat or person, whether grounded or raised, remains within the pitch, as defined in clause 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, from the moment the ball comes into play until the striker has finished receiving the delivery, either umpire shall immediately call and signal Dead ball.

26 PRACTICE ON THE FIELD

26.1 Practice on the pitch or the rest of the square

26.1.1 There shall not be any practice on the pitch at any time on any day of the match.

26.1.2 There shall not be any practice on the rest of the square at any time on any day of the match, except with the approval of the umpires.

26.1.2.1 If approved by the umpires, the use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.

26.1.2.2 Bowling practice on the bowling strips referred to above shall also be permitted during the interval (and change of innings if not the interval) unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

26.2 Practice on the outfield

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

– before the start of play;

– after the close of play; and

– during the lunch and tea intervals or between innings, providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

– only the fielders as defined in paragraph 7 of Appendix A participate in such practice.

– no ball other than the match ball is used for this practice.

– no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.

– the umpires are satisfied that it will not contravene either of clauses 41.3 (The match ball changing its condition) or 41.9 (Time wasting by the fielding side).

Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the other conditions in this clause.

26.3 Trial run-up

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of clauses 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 Penalties for contravention

All forms of practice are subject to the provisions of clauses 41.3 (The match ball – changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any provisions of clause 26.1 or 26.2, the umpire shall

– warn the player that the practice is not permitted;

– inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued. The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

– award five (5) Penalty runs to the opposing side;

– inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batters at the wicket.

27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of his person for the purposes of clause 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that he will not be able to carry out the normal duties of a wicket-keeper, he shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of clauses 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under clause 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See paragraph 3 of Appendix B.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the instant of the bowler's delivery until a ball delivered by the bowler

touches the bat or person of the striker; or

passes the wicket at the striker's end; or

the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this clause, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 Movement by wicket-keeper

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward, unless in so doing it brings him within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that his actions suggest he intends to play. However, the provisions of clause 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award five (5) Penalty runs to the batting side

27.4.2.3 inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the wicket-keeper concerned.

27.5 Restriction on actions of wicket-keeper

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball, clause 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply. However, if the wicket-keeper, or any other fielder, interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then clause 41.4 (Deliberate attempt to distract or obstruct striker) shall also apply.

27.6 Interference with wicket-keeper by striker

If, in playing at the ball or in the legitimate defence of his wicket, the striker interferes with the wicket-keeper, the striker shall not be out except as provided for in clause 37.3 (Obstructing a ball from being caught).

28 THE FIELDER

28.1 Protective equipment

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 Fielding the ball

28.2.1 A fielder may field the ball with any part of his person (see paragraph 12 of Appendix A), except as in clause 28.2.1.2. However, the fielder will be deemed to have fielded the ball illegally if, while the ball is in play,

28.2.1.1 He wilfully uses anything other than part of his person to field the ball.

28.2.1.2 He wilfully extends his clothing with his hands and uses this to field the ball.

28.2.1.3 Any piece of clothing, equipment or any other object, which had been deliberately discarded subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person, or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

– the penalty for a No ball or a Wide shall stand.

– any runs completed by the batters shall be credited to the batting side, together with the run in progress if the batters had already crossed at the instant of the offence.

– the ball shall not count as one of the over.

In addition, the umpire shall:

– award five (5) Penalty runs to the batting side.

– inform the other umpire and the captain of the fielding side of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

28.3 Protective helmets belonging to the fielding side

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1 the ball shall immediately become Dead and, unless 28.3.3 applies:

the umpire shall signal No ball or Wide ball to the scorers, if applicable

the umpire shall award five (5) Penalty runs to the batting side;

28.3.2.1 any runs completed by the batters before the ball strikes the protective helmet shall be scored, together with the run in progress if the batters had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, and the circumstances of clause 23.3 (Leg byes not to be awarded) or clause 34 (Hit the ball twice) apply, the umpire shall:

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball or Wide ball to the scorers if applicable

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3.2.

28.4 Limitation of on side fielders

At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his person whether grounded or in the air is in front of this line.

In the event of infringement of this clause by any fielder, the striker's end umpire shall call and signal No ball.

28.5 Fielders not to encroach on pitch

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of his person grounded on or extended over the pitch.

In the event of infringement of this clause by any fielder other than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, clause 27.3 (Position of wicket-keeper).

28.6 Movement by any fielder other than the wicket-keeper

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that his actions suggest he intends to play.

28.6.2 In all circumstances clause 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable.

28.6.3.2 award five (5) Penalty runs to the batting side.

28.6.3.3 inform the captain of the fielding side of the reason for this action.

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the fielder concerned.

28.6.4 Note also the provisions of clause 41.4 (Deliberate attempt to distract or obstruct striker). See also clause 27.4 (Movement by wicket-keeper).

29 THE WICKET IS BROKEN

29.1 Wicket fairly broken

The wicket is broken when at least one bail is completely removed from the top of the stumps, or one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps or a stump is struck out of the ground.

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that he is holding,

29.2.1.3 for the purpose of this clause only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of his clothing or equipment, including the helmet, grille and/or neck guard, becoming detached from his person,

29.2.1.5 by a fielder with his hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in clause 29.2.1.5.

29.2.2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal.

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in clause 29.2.

29.4 Remaking wicket

If a wicket is broken or fairly broken while the ball is in play, it shall not be remade by an umpire until the ball is dead. See clause 20 (Dead ball). Any fielder may, however, while the ball is in play,

– replace a bail or bails on top of the stumps.

– put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with clause 8.4 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of his clothing or equipment as described in clauses 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in clause 29.2.1.5.

29.5.2 If the wicket has already been broken or fairly broken, clause 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with clause 29.4, in order to have an opportunity of putting the wicket down.

30 BATTER OUT OF HIS GROUND

30.1 When out of his ground

30.1.1 A batter shall be considered to be out of his ground unless some part of his person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of his ground if, in running or diving towards his ground and beyond, and having grounded some part of his person or bat beyond the popping crease, there is subsequent loss of contact between the ground and any part of that batter's person or bat, or between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is his ground and will remain so even if he is later joined there by the other batter.

30.2.2 If both batters are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batters are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then the other ground belongs to the other batter, irrespective of the other batter's position.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though that batter may be out under these Playing Conditions, unless appealed to by a fielder. This shall not debar a batter who is out under these Playing Conditions from leaving the wicket without an appeal having been made. Note, however, the provisions of clause 31.7.

31.2 Batter dismissed

A batter is dismissed if he is

either given out by an umpire, on appeal

or out under these Playing Conditions and leaves the wicket as in clause 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins his run-up to deliver the next ball, or, if the bowler has no run-up, the bowler begins his action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See clauses 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal 'How's That?'

An appeal 'How's That?' covers all ways of being out.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of clauses 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within the jurisdiction of that umpire.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with clause 31.3, if it is on a further matter and is within their jurisdiction.

31.6 Consultation by umpires

Each umpire shall answer appeals on matters within their own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, they shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 Batter leaving the wicket under a misapprehension

Either umpire shall call and signal Dead ball if satisfied that a batter, not having been given out, has left the wicket under a reasonable misapprehension of being out. The umpire shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 Withdrawal of an appeal

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

32 BOWLED

32.1 Out Bowled

32.1.1 The striker is out Bowled if his wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player, the wicket at the non-striker's end or an umpire. The striker will, however, be subject to clauses 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 Bowled to take precedence

The striker is out Bowled if his wicket is broken as in clause 32.1, even though a decision against either batter for any other method of dismissal would be justified.

33 CAUGHT

33.1 Out Caught

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches his bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in clauses 33.2 and 33.3, before it touches the ground.

33.2 A fair catch

33.2.1 A catch will be fair only if, in every case either the ball, at any time or any fielder in contact with the ball, is not grounded beyond the boundary before the catch is completed. Note clauses 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. For the purposes of this clause, a strike is defined as any contact between the ball and the bat or person, provided at least one such strike is on the bat. See clause 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in clause 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 Making a catch

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and his own movement.

33.4 No runs to be scored

If the striker is dismissed Caught, runs from that delivery completed by the batters before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to his original end. See clause 18.11 (Batter returning to original end).

33.5 Caught to take precedence

If the criteria of clause 33.1 are met and the striker is not out Bowled, then he is out Caught, even though a decision against either batter for another method of dismissal would be justified.

34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of his person or is struck by his bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with his bat or person, other than a hand not holding the bat, except for the sole purpose of guarding his wicket. See clause 34.3 and clause 37 (Obstructing the field).

34.1.2 For the purpose of this clause 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This clause will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this clause if

34.2.1 He strikes the ball a second or subsequent time in order to return the ball to any fielder.

Note, however, the provisions of clause 37.4 (Returning the ball to a fielder).

34.2.2 He wilfully strikes the ball after it has touched a fielder. Note, however the provisions of clause 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard his wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of his person other than a hand not holding the bat. The striker may guard his wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of his wicket. See clause 37.3 (Obstructing a ball from being caught).

If any fielder interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in clause 34.3, runs may not be scored.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run. However, the umpire shall further delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball to the scorers if applicable, and

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

34.5 Bowler does not get credit

The bowler does not get credit for the wicket.

35 HIT WICKET

35.1 Out Hit wicket

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, the striker's wicket is broken by either the striker's bat or person as described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by the striker in preparing to receive or in receiving a delivery,

35.1.1.2 as a result of any movement that is an attempt to recover their balance receiving a delivery,

35.1.1.3 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.4 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.5 in lawfully making a second or further stroke for the purpose of guarding his wicket within the provisions of clause 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks his wicket in any of the ways described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 Not out Hit wicket

The striker is not out under this clause should his wicket be broken in any of the ways referred to in clause 35.1 if any of the following applies:

– it occurs after the striker has completed any action in receiving the delivery, other than in clauses 35.1.1.2 to 35.1.1.5.

– the wicket is broken by a part of the striker's detached equipment or bat not held in the hand, which has come into contact with any other person before breaking the wicket.

– the wicket is broken by the striker's person, or bat held in the hand, as a direct consequence of contact with a member of the fielding side.

– it occurs when the striker is in the act of running, other than setting off immediately for the first run.

– it occurs when the striker is trying to avoid being run out or stumped.

– it occurs when the striker is trying to avoid a throw in at any time.

– the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See clause 20.4 (Umpire calling and signalling Dead ball).

– the delivery is a No ball.

35.3 Runs scored

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of five (5) Penalty runs.

36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in clauses 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted without landing, lands in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched his bat, the striker intercepts the ball, either with or without landing, with any part of his person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is

between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points of impact in clauses 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing clause 36.1.3, if the bowler's end umpire is not satisfied that the ball intercepted the batter's person before it touched the bat, the batter shall be given Not out.

36.2.3 In assessing clause 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See paragraph 13 of Appendix A.

37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of clause 37.2, and while the ball is in play, he wilfully attempts to obstruct or distract the fielding side by word or action. See also clause 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of clause 37.2, in the act of receiving a ball delivered by the bowler, he wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of his wicket.

37.1.3 The striker is out Obstructing the field, if, while receiving the ball, he deliberately drops or throws the bat in an attempt to either impact the ball or prevent any dismissal except Hit wicket.

37.1.4 This clause will apply whether or not No ball is called.

37.1.5 For the avoidance of doubt, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batter crossing the pitch, clause 41.14 (Batter damaging the pitch) shall also apply. See also paragraph 2.2 of Appendix D.

37.2 Not out Obstructing the field

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental, or

obstruction is in order to avoid injury, or

the striker makes a second or subsequent strike to guard his wicket lawfully as in clause 34.3 (Ball lawfully struck more than once). However, see clause 37.3.

37.3 Obstructing a ball from being caught

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out caught.

37.3.2 Clause 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding his wicket under the provision of clause 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending his wicket from a No ball with a lawful second strike.

37.4 Returning the ball to a fielder

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, he uses the bat or any part of his person to return the ball to any fielder.

37.5 Runs scored

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out caught, any runs completed by the batters before the offence shall be scored, together with any one run Penalty for No ball or wide, or any other award of five (5) Penalty runs to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being out caught, any runs completed by the batters shall not be scored but any award of five (5) Penalty runs to either side shall stand.

The fielding captain shall decide whether the non-striker, or the incoming batter, is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

37.6 Bowler does not get credit

The bowler does not get credit for the wicket.

38 RUN OUT

38.1 Out Run out

Either batter is out Run out, except as in clause 38.2, if, at any time while the ball is in play,

he is out of his ground

and his wicket is fairly broken by either the action of a fielder or

the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of clause 38.2.2.2, and whether or not a run is being attempted.

38.2 Batter not out Run out

38.2.1 A batter is not out Run out in the circumstances of clauses 38.2.1.1 or 38.2.1.2.

38.2.1.1 He has been within his ground and has subsequently left it to avoid injury, when the wicket is fairly broken.

Note also the provisions of clause 30.1.2 (When out of his ground).

38.2.1.2 The ball delivered by the bowler has not made contact with a fielder, before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in clauses 38.2.2.1 and 38.2.2.2.

38.2.2.1 He is out Stumped. See clause 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

and he is out of his ground not attempting a run

and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

38.3 Non-striker leaving his ground early

38.3.1 If the non-striker is out of his ground at any time from the moment the ball comes into play until the moment the bowler's arm reaches the highest point of his normal bowling action in the delivery swing, the non-striker is liable to be Run out. In these circumstances, the non-striker will be out Run out if he is out of his ground when his wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

Even if the non-striker had left their ground before the moment the bowler's arm reaches the highest point of their normal bowling action in the delivery swing, once the bowler has reached that point it is no longer possible for the bowler to run out the non-striker under this law.

38.3.2 If the ball is not delivered,

- if there is an appeal, the umpire shall make their decision on the Run out.
- if there is no appeal, or if the decision is not out, the umpire shall call and signal Dead ball as soon as possible.
- the ball shall not count as one in the over.

38.3.3 If the ball is delivered and there is an appeal,

- the umpire shall make their decision on the Run out.
- if the non-striker is not dismissed, the ball remains in play and clause 21.6 (Bowler breaking wicket in delivering ball) shall apply.
- if the non-striker is dismissed, the ball shall not count as one in the over.

38.4 Which batter is out

The batter out in the circumstances of clause 38.1 is the one whose ground is at the end where the wicket is fairly broken. See clause 30.2 (Which is a batter's ground).

38.5 Runs scored

If either batter is dismissed Run out, the run in progress when the wicket is fairly broken shall not be scored, but any runs completed by the batters shall stand, together with any runs for penalties awarded to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

38.6 Bowler does not get credit

The bowler does not get credit for the wicket.

39 STUMPED

39.1 Out Stumped

39.1.1 The striker is out Stumped, except as in clause 39.3, if

a ball which is delivered is not called No ball

and he is out of his ground, other than as in clause 39.3.1

and he has not attempted a run

when his wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however clause 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of clause 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 Ball rebounding from wicket-keeper's person

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball rebounds on to the stumps from any part of the wicket-keeper's person or equipment or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 Not out Stumped

39.3.1 The striker will not be out Stumped if, after having received the delivery, he has left his ground in order to avoid injury.

39.3.2 If the striker is not out Stumped he may, except in the circumstances of clause 38.2.2.2 (Batter not out run out) be out Run out if the conditions of clause 38.1 (Out Run out) apply.

39.4 Runs Scored

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note clauses 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one-run penalty for the Wide remains.

40 TIMED OUT

40.1 Out Timed out

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball or for the other batter to be ready to receive the next ball within two (2) minutes of the dismissal or retirement. If this requirement is not met, the incoming batter will be out Timed out.

40.1.2 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of clause 16.2 (ICC Match Referee awarding a match). For the purposes of that clause the start of the action shall be taken as the expiry of the two (2) minutes referred to above.

40.2 Bowler does not get credit

The bowler does not get credit for the wicket.

41 UNFAIR PLAY

41.1 Fair and unfair play – responsibility of captains

The captains are responsible for ensuring that play is conducted within the Spirit of Cricket, as well as within these Playing Conditions.

41.2 Fair and unfair play – responsibility of umpires

41.2.1 The umpires shall be the sole judges of fair and unfair play. If either umpire considers that any action by a player, not covered by these Playing Conditions, is unfair, they shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.
- warn the offending player's captain that any further such offence by any member of his team shall result in the award of five (5) Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side the bowler's end umpire shall then

- summon the offending player's captain and inform him that there has been a further such offence.
- award five (5) Penalty runs to the opposing side.

41.2.1.3 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player concerned.

41.3 The match ball – changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in clause 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out his normal duties, a batter is not allowed to wilfully damage the ball other than, when the ball is in play, in striking it with the bat. See also clause 5.5 (Damage to the ball).

A fielder may, however:

41.3.2.1 polish the ball on his clothing provided that no artificial substance is used, that the only natural substance used is sweat, and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires may consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in clause 41.3.2.

41.3.4 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of either side, or that its condition is inconsistent with the use it has received, they shall consider that there has been a contravention of this clause and decide together whether they can identify the player(s) responsible for such conduct.

41.3.5 If it is possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.5.1 Subject to clause 41.3.7 below, change the ball forthwith.

41.3.5.1.1 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the fielding side, the batter at the wicket shall choose the replacement ball from a selection of six (6) other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

41.3.5.1.2 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the batting side, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.5.2 Additionally, the bowler's end umpire shall:

41.3.5.2.1 award five (5) Penalty runs to the opposing side;

41.3.5.2.2 if appropriate, inform the batters at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action; and

41.3.5.2.3 inform the captain of the batting side as soon as practicable of what has occurred.

41.3.5.3 The umpires shall then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player(s) concerned.

41.3.6 If it is not possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.6.1 Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention;

41.3.6.2 The bowler's end umpire shall issue the captain with a first and final warning, and

41.3.6.3 Advise the captain that should there be any further instances of changing the condition of the ball by that team during the remainder of the series, clause 41.3.5.1.2 above will be adopted, with the captain deemed to be the player responsible for the contravention.

41.3.7 If the umpires believe that saliva has been applied to the ball, the bowler's end umpires shall:

– award five (5) Penalty runs to the opposing side, and

– replace the ball under the provisions of 41.3.5.1 unless they believe the fielding team has deliberately applied saliva to try to get the ball changed to their advantage.

41.4 Deliberate attempt to distract or obstruct striker

41.4.1 It is unfair for any fielder deliberately to attempt to distract or obstruct the striker while he is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, this call shall stand regardless of the attempt to distract or obstruct the striker.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.5 Deliberate distraction, deception or obstruction of batter

41.5.1 In addition to clause 41.4 (Deliberate attempt to distract or obstruct striker), it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 If an obstruction involves physical contact, the umpires together shall decide whether or not an offence under clause 42 (Players' conduct) has been committed.

41.5.5.1 If an offence under clause 42 (Players' conduct) has been committed, they shall apply the relevant procedures in clause 42 (Players' conduct) and shall also apply each of clauses 41.5.7 to 41.5.9.

41.5.5.2 If they consider that there has been no offence under clause 42 (Players' conduct), they shall apply each of clauses 41.5.6 to 41.5.10.

41.5.6 The bowler's end umpire shall;

– Signal No ball or Wide to the scorers, if applicable.

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.7 The ball shall not count as one of the over.

41.5.8 Any runs completed by the batters before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batters had already crossed at the instant of the offence.

41.5.9 The batters at the wicket shall decide which of them is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

41.5.10 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.6 Bowling of dangerous and unfair short deliveries

41.6.1 Notwithstanding clause 41.6.2, the bowling of short deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on the striker. The fact that the striker is wearing protective equipment shall be disregarded.

In the first instance the umpire decides that the bowling of short deliveries has become dangerous under clause 41.6.1

41.6.1.1 The umpire shall call and signal No ball, and when the ball is dead, caution the bowler and inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.6.1.2 If there is a second instance, the umpire shall repeat the above procedure and indicate to the bowler that this is a final warning, which shall apply to that bowler throughout the innings.

41.6.1.3 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.1.4 A bowler shall be limited to two fast short deliveries per over.

41.6.1.5 A fast short delivery is defined as a ball, which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.1.6 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short delivery has been bowled.

41.6.1.7 In addition, a ball that passes above head height of the batter, standing upright at the popping crease, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a Wide. See also clause 22.1.1.2

41.6.1.7.1 For the avoidance of doubt any fast short delivery that is called a Wide under this clause shall also count as one of the allowable short deliveries in that over.

41.6.1.8 In the event of a bowler bowling more than two fast short deliveries in an over as defined in clause 41.6.1.5 above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short delivery. The umpire shall call and signal 'No ball' and then tap the head with the other hand.

41.6.1.9 If a bowler delivers a third fast short delivery in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

41.6.1.10 If there is a second instance of the bowler being No balled in the innings for bowling more than two fast short deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.

41.6.1.11 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.2 Should the umpires initiate the caution and warning procedures set out in clauses 41.6.1.3 and 41.7 such cautions and warnings are not to be cumulative.

41.7 Bowling of dangerous and unfair non-landing deliveries

41.7.1 Any delivery, which passes or would have passed, without landing, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.2 Should there be any further instance (where a dangerous non-landing delivery is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling.

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.7.3 The warning sequence in clauses 41.7.1 and 41.7.2 is independent of the warning and action sequence in clause 41.6.

41.7.4 If the umpire considers that a bowler deliberately bowled a high non-landing delivery, deemed to be dangerous and unfair as defined in clause 41.7.1, then the caution and warning in clause 41.7.1 shall be dispensed with. The umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.8 Bowling of deliberate front-foot No ball

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, the umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in that match.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.9 Time wasting by the fielding side

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then

– warn the captain of the fielding side, indicating this is a first and final warning.

– inform the batters of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then award five (5) Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action.

Additionally, the umpire shall inform the batters and, as soon as is practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstances the captain and/or any individual members of the fielding team responsible for the time wasting will be charged.

41.9.4 Unless prevented from doing so by the umpires or the batters, the fielding side shall start each over within 60 seconds of the previous over being completed.

An electronic clock will be displayed at the ground that counts up seconds from zero to 60 until play resumes. The clock is not required or, if already started, can be cancelled if:

– A new batter comes to the wicket between overs.

– An official drinks interval has been called.

– The umpires have approved the on-field treatment of an injury to a batter or fielder (see Appendix G).

– The time lost is for any circumstances beyond the control of the fielding side.

The third umpire is responsible for determining when to start the clock. This should be the later of:

– The ball becoming dead at the end of the previous over

– Any umpire or player review from the final ball of the previous over being completed.

When the clock reaches 60, if the fielding side is not ready to start the next over:

– On the first such occasion in an innings, the bowler's end umpire shall issue a warning to the captain of the fielding side and inform the batters and the other umpire of what has occurred.

– On the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– On the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the batting side, informing the captain of the fielding side, the batters and the other umpire.

The process, warnings and penalties in 41.9.4 operate independently of those of 41.9.2 and 41.9.3.

After 80 overs have been completed in an innings (and after any future blocks of 80 overs in that innings), the number of warnings accrued will be reset to zero.

41.10 Batter wasting time

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start his run-up.

In addition, an incoming batter should be in a position to take guard or his partner ready to receive the next ball within two (2) minutes of the fall of the previous wicket.

41.10.2 The striker shall be ready to receive the first ball of an over as soon as the umpires and the fielding side are ready for the over to start. During an over, the striker shall also be ready to receive each delivery when the bowler is ready to start his run-up.

41.10.3 If the striker is not ready as required in 41.10.2 and so delays play:

– on the first such occasion in an innings, the bowler's end umpire shall issue a warning to the striker and inform the non-striker, and each incoming batter, the captain of the fielding side and the other umpire of what has occurred.

– on the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– on the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the fielding side, informing the batters, the captain of the fielding side and the other umpire.

After 80 overs have been completed in an innings (and after any future blocks of 80 overs in that innings), the number of warnings accrued will be reset to zero.

41.10.4 Should either batter waste time by failing to meet the above requirements, or in any other way, the warnings and penalty process described in 41.10.3 shall be applied by the umpires. For the avoidance of doubt, all such warnings issued for whatever reasons are combined for the purposes of cumulatively triggering the award of Penalty runs.

41.10.5 If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstance the batter concerned will be charged.

41.11 The protected area

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 feet/1.52 metres in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 foot/30.48 centimetres from it.

41.12 Fielder damaging the pitch

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in clause 41.13.1, at the first instance either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.
- inform the batters of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- award five (5) Penalty runs to the batting side.

Additionally, the umpire shall

- inform the fielding captain of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.13 Bowler running on protected area

41.13.1 It is unfair for a bowler to enter the protected area in his follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this clause, at the first instance and when the ball is dead, the umpire shall

- caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.
- inform the captain of the fielding side and the batters of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this clause, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this clause a third time, when the ball is dead, the umpire shall,

- direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The suspended bowler shall not be allowed to bowl again in that innings.
- inform the other umpire of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.14 Batter damaging the pitch

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or playing at the ball, he must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in clause 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batters that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side.
- return any not out batter to his original end.
- signal No ball or Wide to the scorers if applicable.
- award five (5) Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.15 Striker in protected area

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch for the purpose of indicating his batting position provided that no mark is unreasonably close to the protected area.

41.15.2 If there is a breach of any of the conditions in clause 41.15.1 by the striker, if the bowler has not entered his delivery stride, the umpire shall immediately call Dead ball, otherwise, that umpire shall wait until the ball is dead; they shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in clause 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, that umpire shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall

– disallow all runs to the batting side.

– return any not out batter to his original end.

– signal No ball or Wide to the scorers if applicable.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.16 Batters stealing a run

41.16.1 It is unfair for the batters to attempt to steal a run during the bowler's run-up.

Unless the bowler attempts to run out the non-striker – see clause 38.3 (Non-striker leaving his ground early) – either umpire shall

– call and signal Dead ball as soon as the batters cross in such an attempt.

– inform the other umpire of the reason for this action.

The bowler's end umpire shall then

– disallow the attempted run.

– return the batters to their original ends.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable

– inform the batters, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.17 Penalty runs

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See clause 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where these Playing Conditions require the award up until the umpires leave the field at the end of the match, even if a result has already been achieved. See clause 16.6 (Winning hit or extras). Note that if the award of Penalty runs means that a result has no longer been achieved, the match continues.

Where more than one award of Penalty runs is required during the same delivery, the umpires shall award them in the order that the offence took place.

Note, however, that the restrictions on awarding Penalty runs, in clauses 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side) and 34.4 (Runs scored from ball lawfully struck more than once) will apply.

41.17.3 When five (5) Penalty runs are awarded to the batting side under any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) or under 41.3, 41.4, 41.5, 41.9 or 41.12, then

– they shall be scored as Penalty extras and shall be in addition to any other penalties.

– they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.

– the batters shall not change ends solely by reason of the 5-run penalty.

41.17.4 When five (5) Penalty runs are awarded to the fielding side, under clause 18.5.2 (Deliberate short runs), or under 41.10, 41.14, 41.15 or 41.16, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the five (5) Penalty runs shall be added to the score in its next innings.

42 PLAYERS' CONDUCT

42.1 Serious misconduct

42.1.1 The umpires shall act upon any serious misconduct. The relevant offences and the corresponding actions by the umpires are identified in clause 42.2.1. These offences correspond with Level 4 offences in the ICC Code of Conduct. Level 1 to Level 3 offences continue to be dealt with separately under the ICC Code of Conduct.

42.1.2 If either umpire considers that a player has committed one of these offences at any time during the match, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether an offence has been committed. The umpires may also consult with the third umpire and the ICC Match Referee, who may review any audio or video replays to confirm whether an offence has been committed. If so, the umpires shall then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand

42.1.5 If the offence is committed by a batter, the umpires shall summon the offending player's captain to the field. Solely for the purpose of this clause, the batters at the wicket may not deputise for their captain.

42.2 Level 4 offences and action by umpires

42.2.1 Any of the following actions by a player shall constitute a Level 4 offence:

– threatening to assault an umpire

– making inappropriate and deliberate physical contact with an umpire

– physically assaulting a player or any other person

– committing any other act of violence.

42.2.2 If such an offence is committed, 42.2.2.1 to 42.2.2.5 shall be implemented.

42.2.2.1 The umpire shall call Time.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 The umpires shall instruct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.2.2.3.1 If the offending player is a fielder, no substitute shall be allowed for him. He is to be recorded as Retired – out at the commencement of any subsequent innings in which his team is the batting side.

42.2.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.2.2.3.3 If the offending player is a batter he is to be recorded as Retired – out in the current innings, unless he has been dismissed under any of clauses 32 to 39, and at the commencement of any subsequent innings in which his team is the batting side. If no further batter is available to bat, the innings is completed.

42.2.2.4 As soon as practicable, the umpire shall:

– award five (5) Penalty runs to the opposing team

– signal the Level 4 penalty to the scorers

– call Play.

42.2.2.5 The umpires shall then report the matter to the ICC Match Referee under the ICC Code of Conduct.

42.3 Captain refusing to remove a player from the field

42.3.1 If a captain refuses to carry out an instruction under 42.2.2.3, the umpires shall invoke clause 16.3 (Umpires awarding a match).

42.3.2 If both captains refuse to carry out instructions under 42.2.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in clause 12.6 (Conclusion of match) and there shall be no result under clause 16 (The result).

42.4 Additional points relating to Level 4 offences

42.4.1 If a player, while acting as wicket-keeper, commits a Level 4 offence, clause 24.1.2 shall not apply, meaning that only a nominated player may keep wicket, even if another fielder becomes injured or ill and is replaced by a substitute.

42.4.2 A nominated player who has a substitute will also suffer the penalty for any Level 4 offence committed by the substitute. However, only the substitute will be reported under clause 42.2.2.5.

APPENDIX A: DEFINITIONS

1 THE MATCH

1.1 **The game** is used in these Playing Conditions as a general term meaning the Game of Cricket.

1.2 **A match** is a single Test match between two (2) teams, played under these Playing Conditions.

1.3 **The toss** is the toss for choice of innings.

1.4 **Before the toss** is at any time before the toss on the day the match is expected to start.

1.5 **Before the match** is at any time before the toss, not restricted to the day on which the toss is expected to take place.

1.6 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

1.7 **Playing time** is any time between the call of Play and the call of Time. See clauses 12.1 (Call of Play) and 12.2 (Call of Time).

1.8 **Conduct of the match** includes any action relevant to the match at any time on any day of the match.

1.9 **Ground Authority** is the entity responsible for the selection and preparation of the pitch and other functions relating to the hosting and management of the match, including any agents acting on their behalf (including but not limited to the curator or other ground staff).

1.10 **Home Board** is the ICC member responsible for the home team and the hosting of the match.

1.11 **Visiting Board** is the ICC member responsible for the visiting team.

1.12 **The Spirit of Cricket** refers to the values of respect and fair play that underpin the game of cricket, as set out in the Preamble to these Playing Conditions.

1.13 **The ICC Code of Conduct** is the ICC Code of Conduct for Players and Player Support Personnel, as amended from time to time.

2 IMPLEMENTS AND EQUIPMENT

2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.

For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.

For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

2.3 **A protective helmet** is headwear made of hard material and designed to protect the head or the face or both, which shall (in line with the Clothing and Equipment Regulations) be certified to BS7928:2013. For the purposes of interpreting these Playing Conditions, such a description will include faceguards head, neck and/or face grilles and neck guards.

2.4 **Equipment** – a batter's equipment is his bat as defined above, together with any external protective equipment he is wearing.

A fielder's equipment is any external protective equipment that he is wearing.

2.5 **The bat** – the following are to be considered as part of the bat:

– the whole of the bat itself.

– the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.

– the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

2.6 **Held in batter's hand.** Contact between a batter's hand, or glove worn on his hand, and any part of the bat shall constitute the bat being held in that hand.

2.7 **Held in the fielder's hand** – to be considered held in the fielder's hand or hands, the ball must be held with complete control in the fielder's palm or fingers, or in the palm or fingers of a wicket-keeper's glove.

2.8 **Complete control over the ball** means that, assuming no contact with any other person or object, the fielder could continue to hold the ball for as long as they choose, or to dispose of it wherever they choose.

3 THE PLAYING AREA

3.1 **The field of play** is the area contained within the boundary.

3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

3.3 **The outfield** is that part of the field of play between the square and the boundary.

4 POSITIONING

4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. Behind, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. In front of, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in paragraph 4.3.

4.5 **The wicket-keeper's end** is the same as the striker's end as described in paragraph 4.3.

4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See paragraph 4.2.

4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See paragraph 4.1.

4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

4.9 **Off side/on (leg) side** – see diagram in paragraph 13.

4.10 **Inside edge** is the edge on the same side as the nearer wicket.

5 UMPIRES AND DECISION-MAKING

5.1 **Umpire** – where the description the umpire is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly, 'the umpires' always means both umpires and the third umpire. An umpire and umpires are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see paragraph 4.4) for the current delivery.

5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see paragraph 4.3), to one side of the pitch or the other, depending on that umpire's choice, for the current delivery.

5.4 **On-field umpires** shall mean, collectively, the bowler's end umpire and the striker's end umpire.

5.5 **Third umpire** is the umpire who may use television evidence and other available technology in order review a decision of the on-field umpires, either by way of an Umpire Review or a Player Review under the protocol set out in Appendix D.

5.6 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

5.7 **Decision Review System** or **DRS** is the process covered by the Decision Review System and Third Umpire Protocol set out in Appendix D, under which the third umpire may be consulted in relation to a decision of the on-field umpires, either by way of an Umpire Review or a Player Review.

5.8 **Player Review** is the process set out in Appendix D by which a player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed (with the exception of 'Timed out') or a No ball decision (with the exception of the bowler using an illegal bowling action).

5.9 **Umpire Review** is the process set out in Appendix D by which an on-field umpire has the discretion to refer a decision to the third umpire or, under certain circumstances, to consult with the third umpire before making a decision.

5.10 **Umpire's Call** is the concept within the DRS under which the on-field decision of the bowler's end umpire shall stand, which shall apply under the specific circumstances set out in paragraphs 3.4.5 and 3.4.6 of Appendix D, where the ball-tracking technology indicates a marginal decision in respect of either the Impact Zone or the Wicket Zone.

5.11 **The Landing Zone** as used in the DRS is a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

5.12 **The Impact Zone** as used in the DRS is a three-dimensional space extending between both sets of stumps to an indefinite height vertically and with its boundaries consisting of the base of the stumps and the outside of the outer stumps at each end.

5.13 **The Wicket Zone** as used in the DRS is a two-dimensional area with its boundaries consisting of the outside of the outer stumps, the base of the stumps, and the outline of the top of the bails.

5.14 **A Fair Catch** is a catch that has been taken cleanly by the fielder in accordance with clause 33.

5.15 **A Bump Ball** is where the ball has made contact with the ground shortly after making contact with the striker's bat.

5.16 **The Elite Panel** is the group of umpires contracted to the ICC to officiate in international cricket.

5.17 **The International Panel** is the group of umpires nominated by the ICC's Full Members.

6 BATTERS

6.1 **Batting side** is the side currently batting, whether or not play is in progress.

6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

6.3 **The Striker** is the batter who receives the ball delivered by the bowler.

6.4 **The non-striker** is the batter who ground is at the bowler's end when the ball is delivered.

6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

6.6 **The batters have crossed**, while running between the wickets, only when the whole of one batter's person and bat have passed the whole of the other batter's person and bat.

6.7 **Original end** is the end where a batter was when the ball came into play for that delivery.

6.8 **Wicket he has left** is the wicket at the end where a batter was at the start of the run in progress.

6.9 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler.

6.10 **A normal batting position** is one from which a striker could be reasonably expected to defend her wicket.

6.11 For the purposes of these Playing Conditions, waist height is defined as the point at which the top of the batter's trousers would conventionally be when he is standing upright at the popping crease.

7 FIELDERS

7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging his duties as a fielder is not absent from the field of play nor, for the purposes of clause 24.2 (Fielder absent or leaving the field of play), is he to be regarded as having left the field of play.

8 SUBSTITUTES AND CONCUSSION REPLACEMENTS

8.1 **A Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom he substitutes on that side's list of nominated players. A substitute's activities are limited to fielding.

8.2 **A Concussion Replacement** is a pre-match designated player who takes the place of a player who has been replaced in accordance with the process set out in clause 1.2.7, and who for the remainder of the match replaces that player on that side's list of nominated players, being able to take a full part in the match (subject to such restrictions as may be imposed by the ICC Match Referee in accordance with clause 1.2.7.5).

8.3 **A Concussion Replacement Request** is the notification made to the ICC Match Referee in accordance with the process set out in clause 1.2.7.1.3.

8.4 **The Team Medical Representative** is the individual designated as having responsibility for the assessment of any issues relating to replacement players as set out in clause 1.2.7.

9 BOWLERS

9.1 **Over the wicket/round the wicket** – if, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as his bowling arm, he is bowling over the wicket. If the return crease is on the same side as his bowling arm, he is bowling round the wicket.

9.2 **Delivery swing** is the motion of the bowler's arm during which he normally releases the ball for a delivery.

9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

9.4 **The back foot** is the foot in the delivery stride that is the same side as the arm with which the bowler delivers the ball.

9.5 **The front foot** is the foot in the delivery stride that is the opposite side to the arm with which the bowler delivers the ball.

9.6 A bowler's foot lands at the moment some part of the foot first makes contact with the ground. Only the first point of contact with the ground is determined to be grounded at this point of landing.

9.7 **The Illegal Bowling Regulations** are the ICC's regulations governing Illegal Bowling Actions.

9.8 **An Illegal Bowling Action** is a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

9.9 **Elbow Extension** means the motion that occurs when a bowler's arm moves from a flexed (bent) position at the elbow, to a more extended (straight) position (full Elbow Extension occurs when the arm is straight).

9.10 **Elbow Hyperextension** is the motion that occurs when a bowler's elbow extends beyond the straight position.

9.11 **The ICC Bowling Action Report Form** is the form provided for by Article 3 of the Illegal Bowling Regulations, by which an umpire and/or the ICC Match Referee may submit a report relating to a suspected Illegal Bowling Action.

10 THE BALL

10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/'strikes the ball with the bat'.

10.2 **Non-landing** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground.

11 RUNS

11.1 **A run to be disallowed** is one that in these Playing Conditions should not have been taken. It is not only to be cancelled but the batters are to be returned to their original ends.

11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batters will not be returned to their original ends on that account.

12 THE PERSON

12.1 **Person;** A player's person is his physical person (flesh and blood) together with any clothing or legitimate external protective equipment that he is wearing except, in the case of a batter, his bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to him.

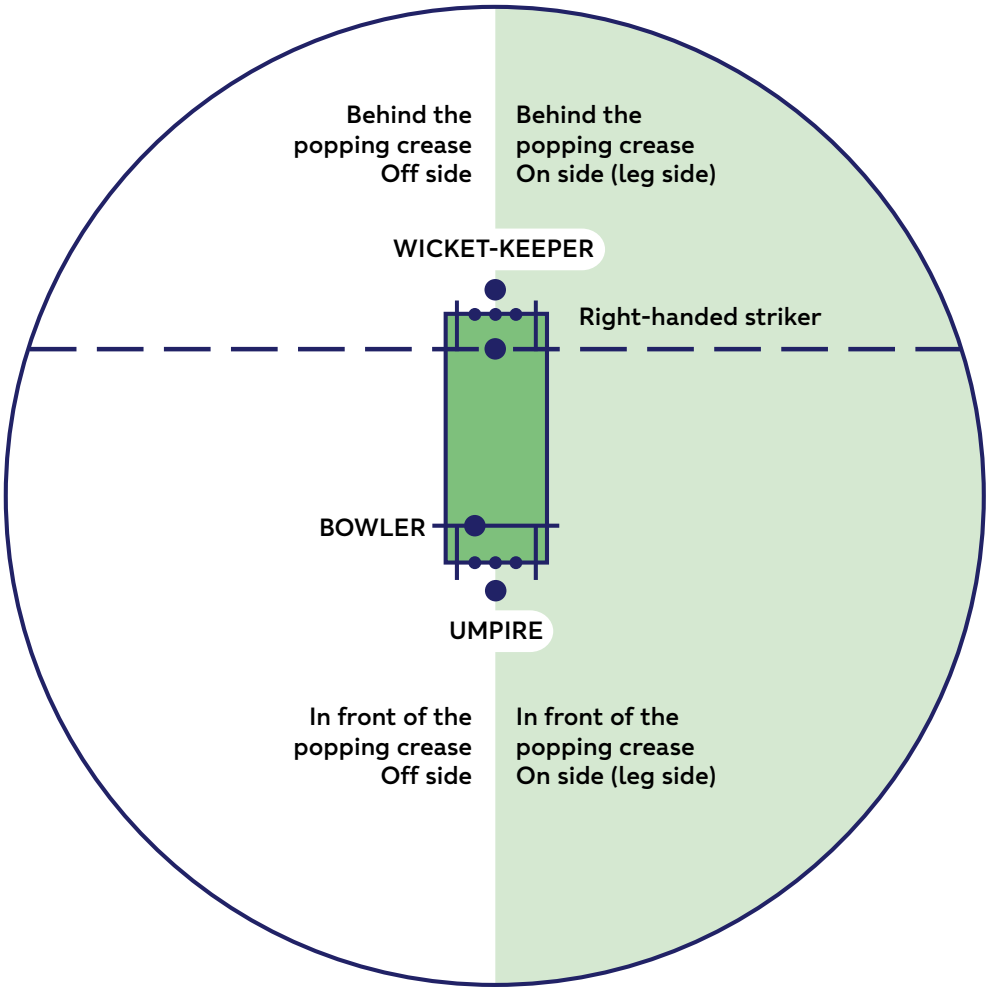

For a batter, a glove being held but not worn is part of his person.

For a fielder, an item of clothing or equipment he is holding in his hand or hands is not part of his person.

12.2 **Clothing** – anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though he may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

12.3 **Hand** for batter shall include both the hand itself and the whole of a glove worn on the hand.

13 OFF SIDE/ON SIDE; IN FRONT OF/ BEHIND THE POPPING CREASE

APPENDIX B: EQUIPMENT

1 THE BAT

1.1 General guidance

1.1.1 Measurements – All provisions in paragraphs 1.2 to 1.6 below are subject to the measurements and restrictions stated in the Playing Conditions and this Appendix.

1.1.2 Adhesives – Throughout, adhesives are permitted only where essential and only in minimal quantity.

1.2 Specifications for the handle

1.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade.

This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting paragraphs 1.3 and 1.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

1.2.2 The handle may be glued where necessary and bound with twine along the upper portion.

Providing clause 5.5 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to clause 5.6. The bottom of this grip should not extend below the point defined in paragraph 1.2.4 below.

Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in paragraph 1.3.1.

No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.2.3 Materials in handle – As a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth. Such materials must not project more than 3.25 inches/8.26 centimetres into the lower portion of the handle

1.2.4 Binding and covering of handle – The permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of

2.5 inches/6.35 centimetres for the twine binding

2.75 inches/6.99 centimetres for the covering grip.

1.3 Specifications for the blade

1.3.1 The blade has a face, a back, a toe, sides and shoulders

1.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

1.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

1.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

1.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

1.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

1.3.2 No material may be placed on or inserted into the blade other than as permitted in paragraph 1.2.4, paragraph 1.3.3, and clause 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.3.3 Covering the blade. Bats shall have no covering on the blade except as permitted in clause 5.4.

Any materials referred to above, in clause 5.4 and paragraph 1.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in paragraph 1.6.

1.4 Protection and repair

1.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

1.4.2 Materials can be used for protection and repair as stated in clause 5.4 and are additional to the blade. Note however clause 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of clause 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 inches/2.0 centimetres in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 inches/0.1 centimetres in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 inches/0.01 centimetres in thickness is not permitted.

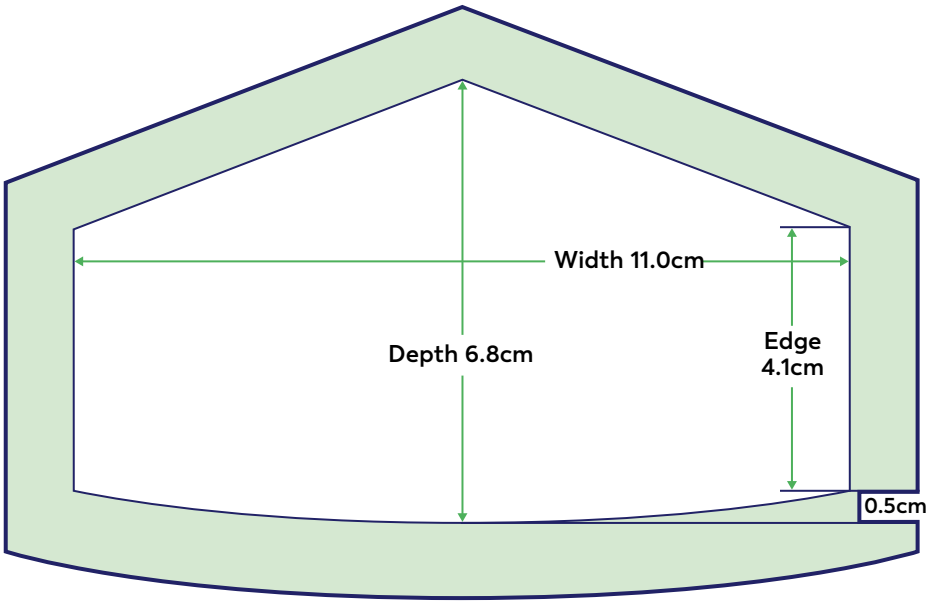

1.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in paragraph 1.6.

1.5 Commercial identifications

Such identifications shall comply with the restrictions set out in the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

1.6 Bat gauge

All bats must meet the specifications defined in clause 5.7. They must also, with or without protective coverings permitted in clause 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the following diagram:

DIMENSIONS OF APERTURE

Total depth: 2.68 inches/6.8 centimetres

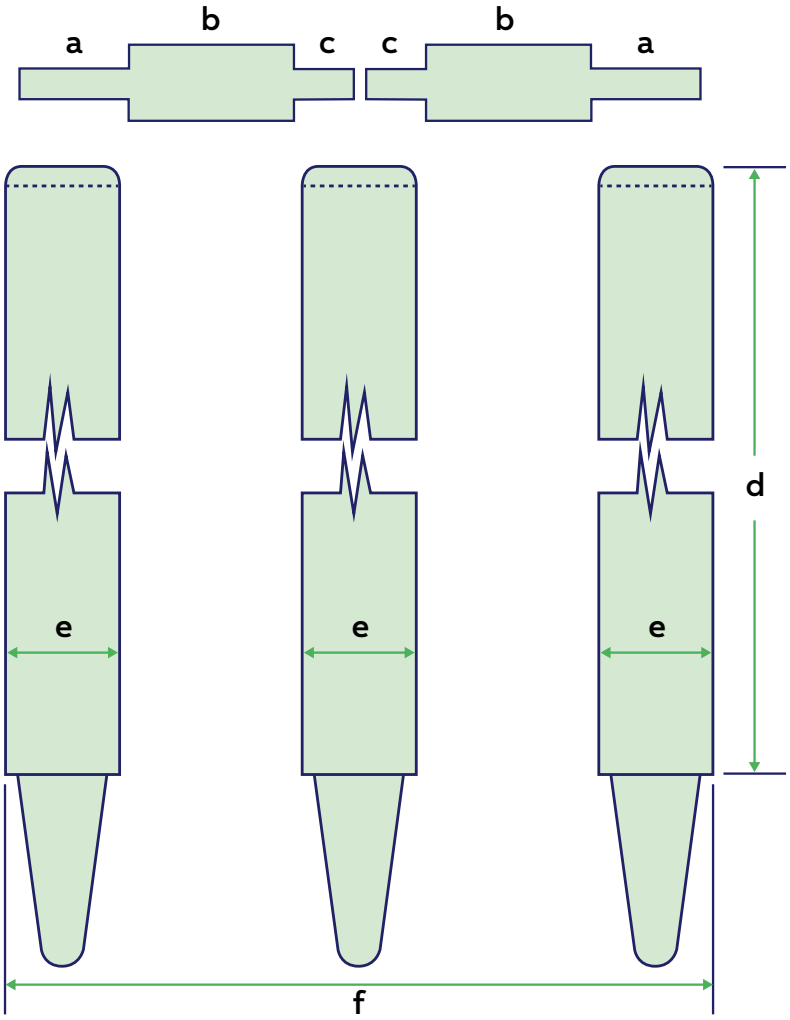

Width: 4.33 inches/11.0 centimetres

Edge: 1.61 inches/4.1 centimetres

Curve: 0.20 inches/0.5 centimetres

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 inches/30.5 centimetres, whose centre is on the vertical centre line of the aperture.

2 THE WICKETS

2.1 Bails

Overall 4.32 inches/10.96 centimetres

a = 1.38 inches/3.50 centimetres

b = 2.13 inches/5.40 centimetres

c = 0.81 inches/2.06 centimetres

2.2 Stumps

Height (d) = 28 inches/71.1 centimetres

Diameter (e) – maximum = 1.5 inches/3.81 centimetres;
minimum = 1.38 inches/3.50 centimetres

2.3 Overall

Width (f) of wicket 9 inches/22.86 centimetres

3 WICKET-KEEPING GLOVES

3.1 The images below illustrate the requirements of clause 27.2 in relation to:

– no webbing between the fingers;

– a single piece of non-stretch material between finger and thumb as a means of support; and

– when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

3.2 Note also the requirement for wicket-keeping gloves to comply with the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

4 HELMETS AND NECK PROTECTORS

4.1 Players must wear a helmet in the following circumstances where:

– batters are facing pace bowlers,

– wicket keepers are standing up to the stumps, and

– fielding close to the batter in front of the wicket

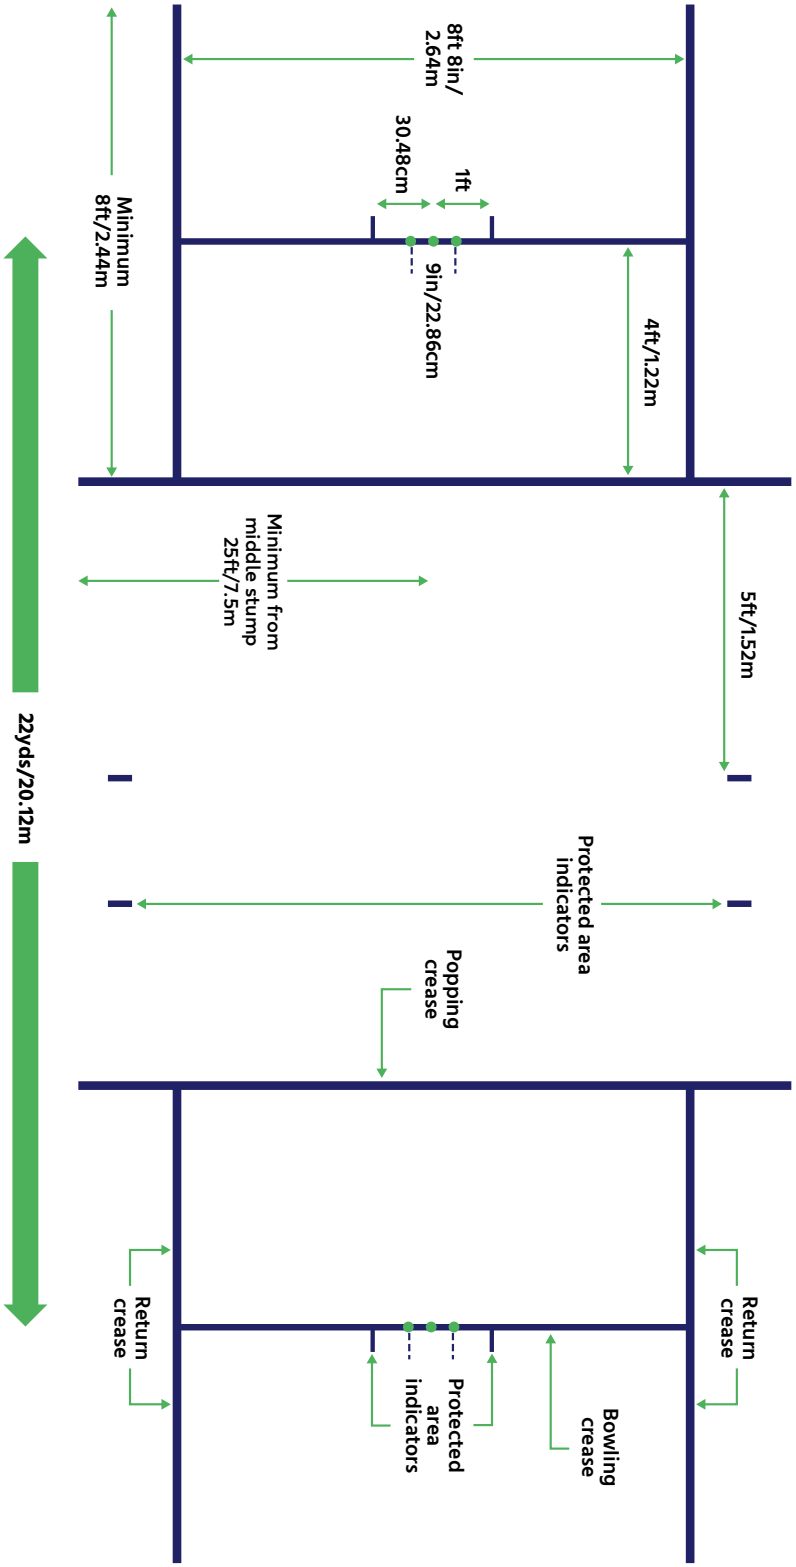

4.2 All helmets must be certified (BS7928:2013) helmets.

4.3 At other times helmets are optional. However, if a helmet is worn, it also must be a certified (BS7928:2013) helmet.

4.4 The use of a neck protector when batting in International Cricket is optional.

APPENDIX C: THE VENUE

1 THE PITCH AND THE CREASES

2 ADVERTISING ON GROUNDS, PERIMETER BOARDS AND SIGHT-SCREENS

2.1 Advertising on grounds

2.1.1 The logos on outfields are to be positioned as follows:

(a) Behind the stumps – a minimum of 25.15 yards (23 metres) from the stumps.

(b) Midwicket/cover area – no advertising to be positioned within 30 yards (27.50 metres) of the centre of the pitch being used for the match.

2.1.2 Note: Advertising closer to the stumps as set out above which is required to meet 3D requirements for broadcasters may be permitted, subject to prior ICC approval having been obtained.

2.2 Perimeter boards

2.2.1 Advertising on perimeter boards placed in front of the sight-screens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.

2.2.2 Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that the images are only changed or moved at a time that will not be distracting to the players or the umpires.

2.2.3 The brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

2.3 Sight-screens

2.3.1 Sight-screens shall be provided at both ends of all grounds. For day/night Test matches, they will be white or black as determined by the Home Board.

2.3.2 Advertising shall be permitted on the sight-screen behind the striker, providing it is removed for the subsequent over from that end.

2.3.3 Such advertising shall not contain flashing or flickering images and particular care should be taken by the operators that the advertising is not changed at a time which is distracting to the umpire.

3 MARKINGS ON OUTFIELD

With the permission of the Ground Authority, a bowler may use paint to make a small marking on the outfield for the purposes of identifying their run-up. Paint used for this purpose shall be any colour other than white.

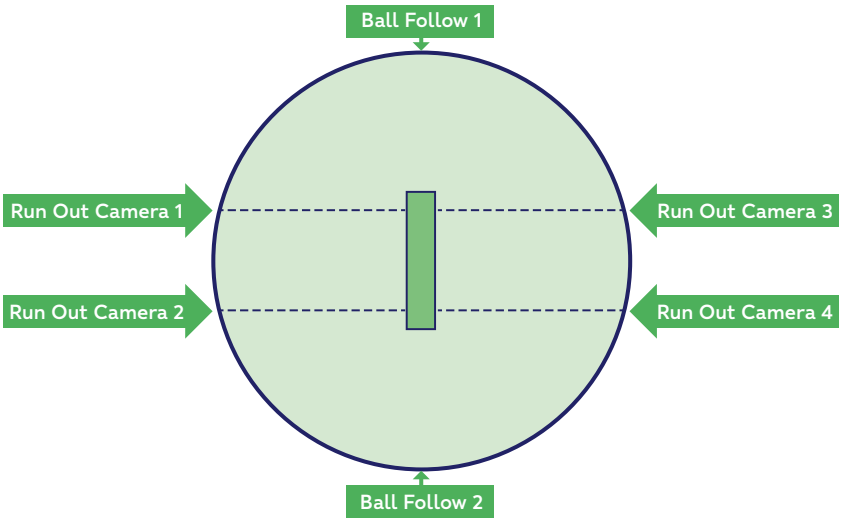

APPENDIX D: DECISION REVIEW SYSTEM (DRS) AND THIRD UMPIRE PROTOCOL

1 GENERAL

1.1 Minimum requirements for use of DRS and appointment of third umpire

1.1.1 Save with the express written consent of the ICC General Manager – Cricket, the Home Board shall ensure the live television broadcast of all Test matches played in its country.

1.1.2 Where matches are broadcast, the camera specification set out below shall be mandatory as a minimum requirement.

1.1.3 The table below summarises the minimum requirements for DRS to be used, and the regulations around the appointment of the third umpire:

	Third Umpire (non-DRS)	DRS
Minimum Requirement	Cameras – Specification detailed in paragraph 1.1.2.	Cameras – Specification detailed in paragraph 1.1.2. Technology – Approved ball-tracking technology. – Approved sound-based edge detection technology.
Third Umpire Appointment	Appointed by the Home Board. From the home country. From ICC Elite Panel or International Panel of umpires.	Appointed by the ICC. Not from the same country as either of the participating teams. From ICC Elite Panel or International Panel of umpires.
Third Umpire Jurisdiction	Umpire Reviews only.	Umpire Reviews and Player Reviews.
Replays that can be used	The third umpire shall only have access to replays of any camera images. Other technology which may be in use by the broadcaster for broadcast purposes (for example, ball-tracking technology, sound-based edge detection technology, and heat-based edge detection technology) shall not be used during Umpire Reviews.	Any replay, stump microphone audio or technology detailed in paragraph 3.8.1 below.
ICC Technical Officer	Not required.	The ICC shall appoint an independent technology expert (ICC Technical Officer) to be present at every series in which the DRS is used to assist the third umpire and to protect the integrity of the DRS process.

1.1.4 The Home Board shall ensure that a separate room is provided for the third umpire and that they have access to the television equipment and technology so as to be in the best position to facilitate the referral and/or consultation processes referred to in paragraphs 2 (Umpire Review) and 3 (Player Review) below.

2 UMPIRE REVIEW

In the circumstances detailed in paragraphs 2.1, 2.2, 2.3 and 2.4 below, the on-field umpire shall have the discretion to refer the decision to the third umpire or, in the case of paragraphs 2.2, and 2.4, to consult with the third umpire before making the decision. In line with clause 21.5, the third umpire shall already have reviewed television replays of the bowler's feet landing and, where satisfied that not all the requirements have been met, shall immediately have advised the bowler's end umpire (who shall in turn have immediately called and signalled No ball). Accordingly, paragraphs 2 (Umpire Review) and 3 (Player Review) of this Appendix D shall operate on the basis that this element of the referral and/or consultation process has already been undertaken.

Save for requesting the umpire to review their decision under paragraph 3 (Player Review) below, players may not appeal to the on-field umpires to use the Umpire Review. Breach of this provision may constitute dissent and the player may be subject to disciplinary action under the ICC Code of Conduct for Players and Player Support Personnel.

2.1 Run Out, Stumped, Bowled and Hit Wicket Decisions

2.1.1 The relevant on-field umpire shall be entitled to refer an appeal for run-out, stumped, bowled or hit wicket to the third umpire.

2.1.2 An on-field umpire wishing to refer a decision to the third umpire shall signal to the third umpire by making the shape of a TV screen with their hands.

2.1.3 In the case of a referral of a bowled, hit wicket or stumped decision, the third umpire shall first check the fairness of the delivery (any mode of No ball on request except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). If the delivery was not a fair delivery the third umpire shall indicate that the batter is Not out and advise the on-field umpire to signal No ball. See also paragraph 2.6 below.

2.1.4 Additionally, if on review of a run out, bowled or hit wicket, the third umpire finds the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the on-field umpire so that the correct decision is made.

2.1.5 If the third umpire decides that the batter is Out, a red light shall be displayed; if the third umpire decides that the batter is Not out, a green light shall be displayed. Should the third umpire be temporarily unable to respond, a white light (where available) shall remain illuminated throughout the period of interruption to signify to the on-field umpires that Umpire Reviews are temporarily unavailable, in which case the decision shall be taken by the on-field umpire. As an alternative to the red/green light system, the replay screen (where available) may be used for the purpose of conveying the third umpire's decision, in line with the ICC Big Screen Policy.

2.2 Caught Decisions, Obstructing the Field

2.2.1 Where the bowler's end umpire is unable to decide upon a Fair Catch or a Bump Ball, or if, on appeal from the fielding side, the batter obstructed the field, they shall first consult with the striker's end umpire.

2.2.2 Should both on-field umpires require assistance from the third umpire to make a decision, the bowler's end umpire shall consult by two-way radio with the third umpire followed by making the shape of a TV screen with their hands.

2.2.3 The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter obstructed the field. However, in reviewing the television replay(s), the third umpire shall first check the fairness of the delivery for all decisions involving a catch (any mode of No ball, on request, except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2

of the Illegal Bowling Regulations) and whether the batter has hit the ball. If the delivery was not a fair delivery they shall advise the bowler's end umpire to signal No ball. See also paragraph 2.6 below. Additionally, if it is clear to the third umpire that the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the bowler's end umpire of their decision, which will then be displayed on the big screen.

2.2.4 The third umpire shall communicate their decision as set out in paragraph 2.1.5.

2.3 Boundary Decisions

2.3.1 The bowler's end umpire shall be entitled to refer to the third umpire for a decision on:

2.3.1.1 whether a four or six has been scored;

2.3.1.2 whether a fielder had any part of his person in contact with the ball when he touched the boundary; or

2.3.1.3 whether the fielder had any part of his person in contact with the ball when he had any part of his person grounded beyond the boundary.

2.3.1.4 the number of runs scored when a boundary results from an overthrow or the wilful act of a fielder (see clause 19.8)

2.3.2 A decision shall be made immediately and cannot be changed thereafter.

2.3.3 If the television evidence is inconclusive as to whether or not a boundary has been scored, the default presumption shall be in favour of no boundary being awarded.

2.3.4 Where the bowler's end umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.3.5 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

2.4 Batters Running to the Same End

2.4.1 Where both batters have run to the same end and the on-field umpires are uncertain over which batter made his ground first, the on-field umpires may consult with the third umpire.

2.4.2 The procedure set out in paragraph 2.3.4 shall apply.

2.5 Short run

2.5.1 The third umpire shall automatically review any call of Short run by an on-field umpire under clauses 18.3 and 18.4, communicating with the relevant on-field umpire by two-way radio and conveying their decision by the same method.

2.6 No balls

2.6.1 If the bowler's end umpire is uncertain as to the fairness of the delivery following a dismissal (other than in respect of the feet, which shall have already been checked by the third umpire), either affecting the validity of the dismissal or which batter is dismissed, they shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery with the third umpire. Communication with the third umpire shall be by two-way radio.

2.6.2 The third umpire shall check all modes of No ball (other than in respect of the feet, which shall have already been checked) except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). The third umpire shall apply clause 21.5 when deciding whether a No ball should have been called (and must therefore be satisfied that none of the three conditions in clause 21.5 have been met before calling a No ball).

2.6.3 If the delivery was not a fair delivery, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball).

2.6.4 If a No ball is called following the check by the third umpire, the batting side shall benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally called a No ball. Where the batters crossed while the ball was in the air before being caught, the batters shall return to their original ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

2.7 Cameras On or Over the Field of Play

2.7.1 The on-field umpires shall be entitled to refer to the third umpire for a decision as to whether the ball has at any time during the normal course of play come into contact with any part of the camera, its apparatus or its cables above the playing area, as contemplated in clause 20.1.3.

2.7.2 Where an on-field umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.7.3 A decision shall be made immediately and cannot be changed thereafter. If the television evidence is inconclusive as to whether or not the ball has come into contact with any part of the camera, its apparatus or its cables above the playing area, the default presumption shall be in favour of no contact having been made.

2.7.4 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows the ball to have been in contact with any part of the camera or its cables above the playing area as envisaged under this paragraph.

3 PLAYER REVIEW

The following paragraphs shall operate in addition to and in conjunction with paragraph 2 (Umpire Review).

3.1 Circumstances in which a Player Review may be requested

3.1.1 A player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed, with the exception of 'Timed Out' (Player Review).

3.1.2 No other decisions made by the umpires are eligible for a Player Review.

3.1.3 Only the batter involved in a dismissal may request a Player Review of an Out decision and only the captain (or acting captain) of the fielding team may request a Player Review of a Not out decision.

3.1.4 A decision concerning whether or not a batter is dismissed that could have been the subject of an Umpire Review under paragraph 2 is eligible for a Player Review as soon as it is clear that the on-field umpire has chosen not to initiate the Umpire Review.

3.2 The manner of requesting the Player Review

3.2.1 The request shall be made by the player making a 'T' sign with both forearms at head height.

3.2.2 The total time elapsed between the ball becoming dead and the review request being made shall be no more than 15 seconds. The bowler's end umpire shall provide the relevant player with a prompt after 10 seconds if the request has not been made at that time and the player shall request the review immediately thereafter. If the on-field umpires believe that a request has not been made within the 15 second time limit, they shall decline the request for a Player Review.

3.2.3 The captain may consult with the bowler and other fielders, and the two batters may consult with each other prior to deciding whether to request a Player Review. Either the captain or the two batters may, in respect of a decision relating to an appeal for LBW, question the bowler's end umpire as to whether their decision has been made on the basis that the striker made no genuine attempt to play the ball with the bat. Under no other circumstances is any player permitted to query an umpire about any aspect of a decision before deciding on whether or not to request a Player Review. If the on-field umpires believe that the captain or either batter has received direct or indirect input emanating other than from the players on the field, then they may at their discretion decline the request for a Player Review. In particular, signals from the dressing room must not be given.

3.2.4 No replays, either at normal speed or slow motion, shall be shown on a big screen to spectators until the 15 second time limit allowed for requesting a Player Review has elapsed.

3.2.5 Where either on-field umpire initiates an Umpire Review, this does not preclude a player seeking a Player Review of a separate incident from the same delivery. The request for a Player Review may be made after the Umpire Review, provided the request is still within the 15 second time limit described in paragraph 3.2.2 above. (See paragraph 3.9 for the process for addressing both an Umpire and Player Review.)

3.2.6 A request for a Player Review cannot be withdrawn once it has been made.

3.3 The process of consultation

3.3.1 On receipt of an eligible and timely request for a Player Review, the relevant on-field umpire shall make the sign of a shape of a TV screen with their hands in the normal way.

3.3.2 The relevant on-field umpire shall initiate communication with the third umpire by confirming;

3.3.2.1 That a Player Review has been requested,

3.3.2.2 The mode of dismissal for which the relevant on-field umpire adjudicated the appeal,

3.3.2.3 The decision that has been made (Out or Not out), and;

3.3.2.4 For LBW appeals, where relevant, if the bowler's end umpire believed that the striker made no genuine attempt to play the ball with the bat (the default presumption of the third umpire in the absence of any information on this point from the bowler's end umpire shall be that a genuine attempt to play the ball with the bat was made).

3.3.3 A two-way consultation process shall begin to investigate whether there is anything that the third umpire can see or hear which would indicate that the on-field umpire should change their original decision.

3.3.4 The third umpire shall not withhold any factual information which may help in the decision-making process. In particular, in reviewing a dismissal, if the third umpire believes that the batter may instead be Out by any other mode of dismissal, they shall advise the on-field umpire accordingly. The process of consultation described in this paragraph in respect of such other mode of dismissal shall be conducted using the on-field umpire's original decision as the default reference.

3.3.5 The third umpire shall initially check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations), where appropriate advising the on-field umpire accordingly.

3.3.6 If despite the available technology, the third umpire is unable to decide with a high degree of confidence whether the original on-field decision should be changed, then they shall report that the replays are 'inconclusive', and that the on-field decision shall stand. The third umpire shall not give answers conveying likelihoods or probabilities.

3.3.7 In circumstances where the television technology (all or parts thereof) is not available to the third umpire or fails for whatever reason, the third umpire shall advise the on-field umpire of this fact but still provide any relevant factual information that may be ascertained from the available television replays and other technology.

3.3.8 The on-field umpire shall then make their decision based on the information provided by the third umpire, any other factual information offered by the third umpire and their recollection and opinion of the original incident.

3.3.9 The on-field umpire shall reverse their decision if the nature of the supplementary information received from the third umpire leads them to conclude that their original decision was incorrect.

3.4 Review of LBW Decisions

3.4.1 In assessing whether a batter is Out LBW in accordance with clause 36, the third umpire shall first judge whether the delivery is fair (as set out in clause 36.1.1), and second, whether or not the ball has touched the bat before being intercepted by any part of the striker's person (as set out in clause 36.1.3).

3.4.2 If the batter is still eligible to be Out, the ball-tracking technology shall then present three pieces of information to the third umpire relating to the path of the ball:

3.4.2.1 The point of landing (where applicable) (LANDING)

3.4.2.2 The position of the ball at the point of first interception (IMPACT)

3.4.2.3 Whether the ball would have hit the wicket (WICKET)

3.4.3 This Decision Review System (DRS) and Third Umpire Protocol includes a category of Umpire's Call, which shall be the conclusion reported where the technology indicates a marginal decision in respect of either the point of first interception or whether the ball would have hit the stumps.

3.4.4 LANDING

3.4.4.1 The interpretation of 'lands in line between wicket and wicket' in clause 36.1.2 shall refer to the position of the centre of the ball at the point of landing, in relation to the Landing Zone.

3.4.4.2 The Landing Zone is defined as a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

3.4.4.3 Where applicable, the ball-tracking technology shall report that the ball landed in one of the following three areas in relation to the Landing Zone:

In Line	The centre of the ball was inside the Landing Zone
Outside Off	The centre of the ball was outside, and to the off side of, the Landing Zone
Outside Leg	The centre of the ball was outside, and to the leg side of, the Landing Zone

3.4.4.4 Subject to the satisfaction of the other elements of clause 36, the batter can be Out if the ball-tracking technology reports that the ball landed Outside Off or In Line, but the batter shall be Not out if the ball landed Outside Leg.

3.4.5 IMPACT

3.4.5.1 The interpretation of 'the (first) point of impact, even if in above the level of the bails, is between wicket and wicket' in clause 36.1.4 shall refer to the position of the ball at the point of first interception, in relation to the Impact Zone.

3.4.5.2 The Impact Zone is defined as a three-dimensional space extending between both wickets to an indefinite height and with its boundaries consisting of a line between the outside of the outer stumps at each end.

3.4.5.3 The ball-tracking technology shall report that the point of first interception was in one of the following categories in relation to the Impact Zone:

In Line	The centre of the ball was inside the Impact Zone.
Umpire's Call	Some part of the ball was inside the Impact Zone, but the centre of the ball was outside the Impact Zone, with the further sub-category of 'Umpire's Call (off side)' where the centre of the ball was to the off side of the Impact Zone and the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.
Outside	No part of the ball was inside the Impact Zone, with the further sub-categories of 'Outside (off)' and 'Outside (leg)' to indicate the location of the point of first interception in relation to the Impact Zone when the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.

3.4.5.4 Where a Not out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was In Line for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.5 Where a Not out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of impact was In Line, or Umpire's Call (off side), or Outside (off) for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.6 Where an Out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.5.7 Where an Out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside (leg) for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.6 WICKET

3.4.6.1 The interpretation of whether 'the ball would have hit the wicket' in clause 36.1.5 shall refer to position of the ball as it either hits or passes the wicket, in relation to the Wicket Zone.

3.4.6.2 The Wicket Zone is defined as a two-dimensional area whose boundaries are the actual outline of the whole wicket from the base to the top of the stumps, which includes the outline of the bails as they protrude above the top of the stumps.

3.4.6.3 The ball-tracking technology shall report whether the ball would have hit the wicket with reference to the following three categories:

Hitting	The ball was hitting the wicket, and the centre of the ball was inside the Wicket Zone
Umpire's Call	The ball was hitting the wicket, but the centre of the ball was not inside the Wicket Zone
Missing	The ball was missing the wicket

3.4.6.4 Where a Not out decision is being reviewed, the ball-tracking technology must report that the ball was Hitting for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

However, where the evidence shows that the ball was Hitting, the point of first interception was In Line, and the ball landed In Line or Outside Off, but that:

- The point of first interception was 300 centimetres or more from the stumps; or
- The point of first interception was more than 250 centimetres but less than 300 centimetres from the stumps and the distance between the point of landing and the point of first interception was less than 40 centimetres,

the on-field decision shall stand (that is, Not out).

3.4.6.5 Where an Out decision is being reviewed, the ball-tracking technology must report that the ball was Missing for the on-field decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.7 When the ball strikes the batter on the full, and the evidence provided by the ball-tracking technology indicates that the ball would have landed before striking or passing the wicket, there will be no information available from that delivery that will allow the ball-tracking technology to accurately predict the height of the ball after landing.

3.4.8 With regard to determining whether the ball would have hit the wicket under these circumstances, the ball-tracking technology shall project the line of the ball in accordance with clause 36.2.3 (it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not), and display the simulated path of the ball from directly above the wicket.

3.4.9 The third umpire shall advise the bowler's end umpire only on the point of first interception and whether the ball would have hit the stumps (in line with the process set out in paragraph 3.4 above), but shall make no comment on the predicted height of the ball after landing, which shall remain a judgment of the bowler's end umpire.

3.5 The process for communicating the final decision

3.5.1 For Player Reviews concerning potential dismissals, the relevant on-field umpire shall indicate Out by raising their finger above their head in a normal yet prominent manner or indicate Not out by the call of 'Not out' and by crossing their hands in a horizontal position side to side in front and above their waist three times. Where the decision is a reversal of the on-field umpire's previous decision, they shall make the 'revoke last signal' indication immediately prior to the above.

3.5.2 If the mode of dismissal is not obvious or not the same as that on which the original decision was based, then the umpire shall advise the scorers via the third umpire.

3.6 Number of Player Review requests permitted

3.6.1 In each innings, each team shall be allowed to make a maximum of three (3) Player Review requests that are categorised as 'Unsuccessful' (as set out in paragraph 3.6.3 below).

3.6.2 Where a request for a Player Review results in the original on-field decision being reversed, then the Player Review shall be categorised as 'Successful' and shall not count towards the innings limit.

3.6.3 Where a request for a Player Review results in the original on-field decision remaining unchanged (other than in the circumstances set out in paragraphs 3.6.4, 3.6.6 or 3.6.8), the Player Review shall be categorised as 'Unsuccessful'.

3.6.4 Where a request for a Player Review of an LBW decision results in the on-field decision remaining unchanged solely on the basis of an Umpire's Call, the Player Review shall be categorised as 'Unchanged – Umpire's Call'. A Player Review categorised as 'Unchanged – Umpire's Call' shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.5 Where, following a request for a Player Review, the original on-field decision of Out is unchanged, but for a different mode of dismissal from the original on-field decision, then the Player Review shall still be categorised as 'Unsuccessful'.

3.6.6 Where, following a request for a Player Review, the original on-field decision of Not out is unchanged on account of the delivery being a No ball (for any reason), thereby not requiring any further evaluation, the Player Review shall not be counted as 'Unsuccessful' and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.7 Where a Player Review and an Umpire Review are requested from the same delivery and the decision of the third umpire from the Umpire Review renders the Player Review unnecessary (see paragraphs 3.9.2 and 3.9.3), the Player Review request shall be disregarded and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.8 A Player Review categorised as 'Unsuccessful' may be reinstated by the ICC Match Referee at their sole discretion (if appropriate after consultation with the ICC Technical Official and/or the television broadcast director) if the Player Review could not properly be concluded due to a failure of the technology. Any such decision shall be final and shall be taken as soon as possible, being communicated to both teams once all the relevant facts have been ascertained by the ICC Match Referee. A Player Review categorised as 'Unsuccessful' shall not be reinstated if, despite any technical failures, the correct decision could still have been made using the other available technology. Similarly, a Player Review categorised as 'Unsuccessful' shall not be reinstated where the technology worked as intended, but the evidence gleaned from its use was inconclusive.

3.6.9 The third umpire shall be responsible for counting the number Player Reviews categorised as 'Unsuccessful' and shall advise the on-field umpires once either team has exhausted their allowance for the innings.

3.6.10 The scoreboard shall display, for the innings in progress, the number of Player Reviews remaining available to each team.

Category of Player Review	Outcome of Player Review	Consequence of Player Review
Successful (paragraph 3.6.2)	On-field decision reversed	Does not count towards innings limit set out in paragraph 3.6.1
Unsuccessful (paragraphs 3.6.3 and 3.6.5)	On-field decision unchanged	Counts towards innings limit set out in paragraph 3.6.1
Unchanged – Umpire's Call (paragraph 3.6.4)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
No ball – no evaluation required (paragraph 3.6.6)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
Failure of technology (paragraph 3.6.8)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1

3.7 Dead ball

3.7.1 If following a Player Review request, an original decision of Out is changed to Not out, then the ball is still deemed to have become dead when the original decision was made (as per clause 20.1.1.3). The batting side, while benefiting from the reversal of the dismissal, shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally made a Not out decision, other than any No ball penalty that could arise under paragraph 3.3.5 above.

3.7.2 If an original decision of Not out is changed to Out, the ball shall retrospectively be deemed to have become dead from the moment of the dismissal event. All subsequent events, including any runs scored, shall be ignored.

3.8 Use of technology

3.8.1 The following technology may be used by the third umpire during a Player Review:

3.8.1.1 Replays, at any speed, from any available broadcast camera

3.8.1.2 Sound from the stump microphones with the replays at normal speed and slow motion

3.8.1.3 Approved ball-tracking technology:

– HawkEye (HawkEye Innovations), or;

– VirtualEye (ARL)

3.8.1.4 Approved sound-based edge detection technology:

– Real-Time Snickometer (BBG Sports), or;

– UltraEdge (HawkEye Innovations)

3.8.1.5 Approved heat-based edge detection technology:

– Hot Spot cameras (BBG Sports)

3.8.1.6 LED wickets (using the lights to indicate if the wicket is broken, as set out in paragraph 4.2):

– Zing Bails and Stumps

3.8.2 In addition, other forms of technology may be used subject to the ICC being satisfied that the required standards of accuracy and time efficiency can be met.

3.8.3 Where practical usage or further testing indicates that any of the above forms of technology cannot reliably provide accurate and timely information, then it may be removed prior to or during a match. The final decision regarding the technology to be used in a given match shall be taken by the ICC Match Referee in consultation with the ICC Technical Official, ICC management and the competing teams' governing bodies.

3.9 Combining Umpire Review with Player Review

3.9.1 If an Umpire Review (under paragraph 2) and a request for a Player Review (under paragraph 3) are made following the same delivery but relating to separate modes of dismissal, the incidents shall be addressed in chronological order. If the conclusion from the first incident is that a batter is dismissed, then the ball would be deemed to have become dead at that point, rendering investigation of the second incident unnecessary.

4 INTERPRETATION OF PLAYING CONDITIONS

4.1 When using a replay to determine the moment at which the wicket has been broken (as per clause 29.1), the third umpire shall deem this to be the first frame in which one of the bails is shown (or can be deduced) to have lost all contact with the top of the stumps and subsequent frames show the bail permanently removed from the top of the stumps.

4.2 Where LED wickets are used (as provided for in paragraph 3.8.1.6) the moment at which the wicket has been broken (as per clause 29.1) shall be deemed to be the first frame in which the LED lights are illuminated and subsequent frames show the bail permanently removed from the top of the stumps.

APPENDIX E: CALCULATIONS

CALCULATION TEMPLATE FOR LAST DAY OF TEST MATCH

This template applies to any interruption on the last day that causes a loss in actual playing time – i.e. an interruption longer than the amount of extra time available) and where play resumes after the scheduled tea interval.

Where play resumes prior to tea, then the calculation of overs remaining in the day is performed as per days 1–4, with the scheduled time for the last hour affected only by the adding of any extra time. Lines A, B, C, D and E should be completed at the start of an interruption on the final day. (If play resumes without any lost playing time, or prior to the tea interval, then this sheet can be discarded.)

Once the length of interruption exceeds D and actual playing time is lost, then line F can be completed. Lines G and H can be completed immediately if the interruption starts after tea, otherwise as soon as the interruption includes the tea interval.

A	Start of interruption	_____	(A)
B	Minimum overs remaining before start of last hour as at time A (see note 1)	_____	(B)
C	Time required to bowl minimum overs @ 4 minutes per over [Bx4]	_____	(C)
D	Extra time available as at time A	_____	(D)
E	Scheduled time for last hour as at time A	_____	(E)
F	Rescheduled time for last hour (time basis) [D+E]	_____	(F)
G	Length of intervals covered by interruption Enter 40 (lunch), 20 (tea), 60 (both) or 0 (neither)	_____	(G)
H	Rescheduled time for last hour (overs basis) [A+C+D+G]	_____	(H)
I	Later of F and H above	_____	(I)
J	Time play resumes	_____	(J)

Case A: If J is earlier than I, play resumes prior to the last hour

K	Minutes playing time lost [J–A–D–G]	_____	(K)
L	Overs lost @ 4 minutes per over (see note 2)	_____	(L)
M	Minimum overs before start of last hour [B–L] (see note 1)	_____	(M)

The last hour then starts at the later of the time in Line F and the completion of the overs in Line M

Case B: If J is not earlier than I, play resumes in the last hour

K	Time for last hour to finish [K+60 minutes]	_____	(K)
L	Minutes remaining in last hour [K–J]	_____	(L)
M	Overs remaining in last hour [L/4 minutes or part thereof] (see note 1)	_____	(M)

Note 1: If an interruption occurs part-way through an over, in Row B enter the number of full overs remaining, ignoring the part-over. Then in Row M, add back the part-over to the minimum overs to be bowled on resumption.

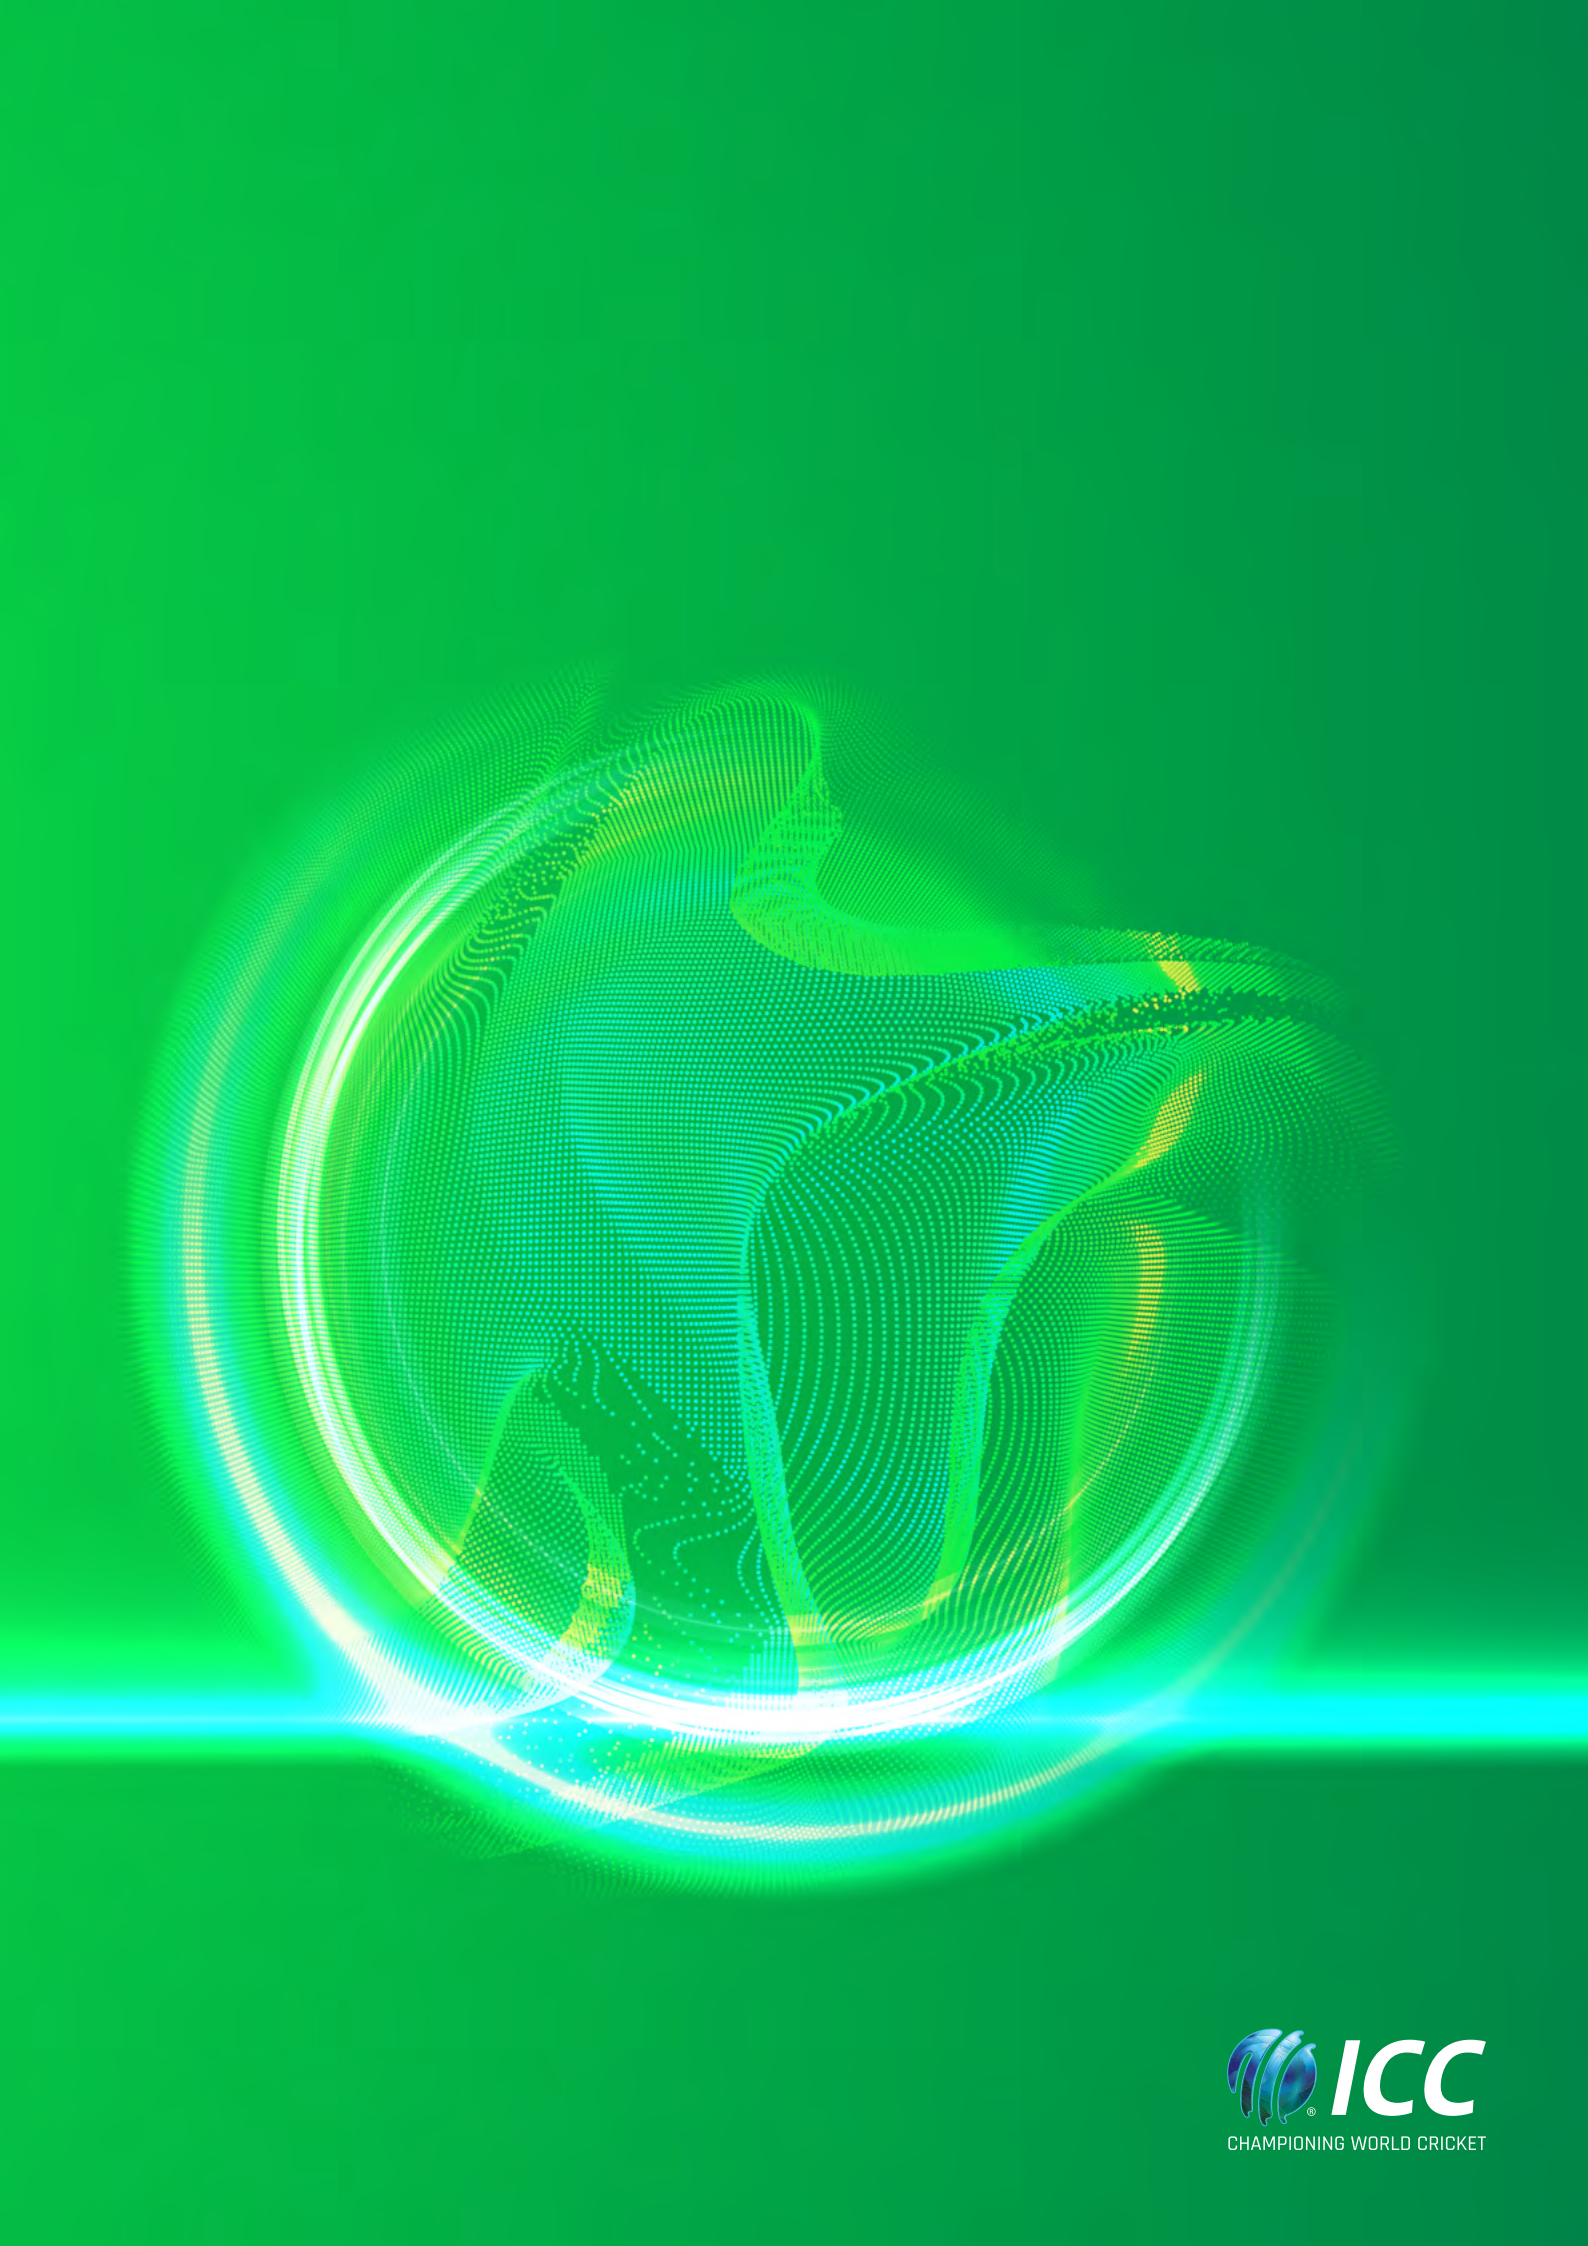

Note 2: The actual overs lost for a given interruption will also reflect any earlier interruptions in the day, so that one over is lost in the day for each full four (4) minutes of aggregated playing time lost. For example, 15 minutes loses three (3) overs, but another 15-minute delay loses four (4) overs.

APPENDIX F: USE OF ELECTRONIC COMMUNICATIONS EQUIPMENT

The use of electronic communication devices and equipment of any kind to communicate with players on the field of play shall not be permitted.

APPENDIX G: ON-FIELD INJURY ASSESSMENTS AND TREATMENT

The umpires will allow an initial four (4) minutes for medical staff to treat the injured player. Umpires may inform the medical team when there is 90 seconds remaining, after which the player should be removed from the field of play if further assessment/treatment is required. The on-field umpires will consider each incident when applying the four-minute guideline and be guided by the appointed Match Day Doctor or their nominated replacement.

ICC
CHAMPIONING WORLD CRICKET

PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of 11 players, one of whom shall be captain.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate 11 players plus a maximum of four (4) substitute fielders in writing to the ICC Match Referee before the toss. Other than as set out in clause 1.2.7, no player (member of the playing 11) may be changed after the nomination and prior to the start of play without the consent of the opposing captain.

1.2.2 Only those nominated as substitute fielders shall be entitled to act as substitute fielders during the match, unless the ICC Match Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, as well as any Concussion Replacements, must be eligible to play for that particular team and by such nomination the nominees shall warrant that they are so eligible.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable ICC Regulations pertaining to international cricket and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Player Support Personnel (hereafter referred to as the ICC Code of Conduct), the Anti-Discrimination Code for Players and Player Support Personnel, the Anti-Doping Code and the Anti-Corruption Code.

1.2.5 A player or player support personnel who has been suspended from participating in a match shall not, from the toss of the coin and for the remainder of the match thereafter:

1.2.5.1 Be nominated as, or carry out any of the duties or responsibilities of a substitute fielder, or

1.2.5.2 Enter any part of the playing area (which shall include the field of play and the area between the boundary and the perimeter boards) at any time, including any scheduled or unscheduled breaks in play.

1.2.6 A player who has been suspended from participating in a match shall be permitted from the toss of the coin and for the remainder of the match thereafter be permitted to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the match is not within the playing area described in clause 1.2.5.2 above (for example, the player is not permitted to enter the on-field 'dugout').

1.2.7 Concussion Replacement

1.2.7.1 If a player sustains a concussion or suspected concussion as a result of a head or neck injury during the course of the relevant match, a Concussion Replacement may be permitted in the following circumstances:

1.2.7.1.1 the head or neck injury must have been sustained during play and within the playing area described in clause 1.2.5.2 above;

1.2.7.1.2 a concussion or suspected concussion must have been formally diagnosed by the Team Medical Representative;

1.2.7.1.3 the Team Medical Representative or Team Manager shall submit a Concussion Replacement Request to the ICC Match Referee on a standard form, which shall:

1.2.7.1.3.1 identify the player who has sustained the concussion or suspected concussion;

1.2.7.1.3.2 specify the incident in which the concussion or suspected concussion was sustained, including the time at which it occurred;

1.2.7.1.3.3 confirm that, following an examination, the Team Medical Representative believes or suspects that the player has sustained a concussion as a result of the incident specified in clause 1.2.7.1.3.2 above; and

1.2.7.1.3.4 identify the requested Concussion Replacement from the list of nominated concussion replacements submitted for the match, who shall be a like-for-like replacement for the player who has sustained the concussion or suspected concussion. Under exceptional circumstances, the ICC Match Referee will consider a request for a replacement player outside of the nominated concussion replacement players for the match. In such circumstances the ICC Match Referee shall apply the provisions of clauses 1.2.7.3, 1.2.7.4 and 1.2.7.5.

1.2.7.2 The Concussion Replacement Request must be submitted as soon as possible after the incident specified in clause 1.2.7.1.3.2 if a Concussion Replacement is to be permitted.

1.2.7.3 The ICC Match Referee should ordinarily approve a Concussion Replacement Request if the replacement is a like-for-like player whose inclusion will not excessively advantage his team for the remainder of the match.

1.2.7.4 In assessing whether the nominated Concussion Replacement should be considered a like-for-like player, the ICC Match Referee should consider the likely role the concussed player would have played during the remainder of the match, and the normal role that would be performed by the nominated Concussion Replacement.

1.2.7.5 If the ICC Match Referee believes that the inclusion of the nominated Concussion Replacement, when performing their normal role, would excessively advantage their team, the ICC Match Referee may impose such conditions upon the identity and involvement of the Concussion Replacement as they see fit, in line with the overriding objective of facilitating a like-for-like replacement for the concussed player.

For clarity, a concussion replacement will inherit all warnings, penalty time and suspensions that were imposed on the replaced player.

1.2.7.6 The ICC Match Referee may, in reviewing a Concussion Replacement Request made in accordance with clause 1.2.7.1.3, request any such further information as may be required in order to make the determination required under clauses 1.2.7.1.1, 1.2.7.1.2, 1.2.7.4 and 1.2.7.5.

1.2.7.7 The decision of the ICC Match Referee in relation to any Concussion Replacement Request shall be final and neither team shall have any right of appeal.

1.2.7.8 Once the Concussion Replacement has been approved by the ICC Match Referee, the replaced player shall play no further part in the match.

1.2.7.9 Both the Concussion Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

1.3 Captain

1.3.1 If at any time the captain is not available, a deputy shall act for him.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss. See clause 13.4 (The toss).

1.4 Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within these Playing Conditions.

2 THE UMPIRES

2.1 Appointment and attendance

The following rules for the selection and appointment of ODI umpires shall be followed as far as it is practicable to do so:

2.1.1 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality, and shall be present at the ground at least 1.5 hours before the scheduled start of play.

2.1.2 The following Match Officials are to be appointed for each ODI match:

2.1.2.1 One (1) ICC Match Referee, appointed by the ICC from an ICC Panel of Match Referees.

2.1.2.2 One (1) on-field umpire, appointed by the ICC from an ICC Panel of Umpires.

2.1.2.3 One (1) on-field umpire, appointed by the Home Board from their representatives on an ICC Panel of Umpires.

2.1.2.4 One (1) third umpire, appointed by the ICC from an ICC Panel of Umpires for DRS matches, or appointed by the Home Board from their representatives on an ICC Panel of Umpires for all other matches. For non-DRS matches, the third umpire shall act as the emergency on-field umpire. The DRS Protocol governing the use of DRS and the third umpire is set out in Appendix D.

2.1.2.5 One (1) fourth umpire, appointed by the Home Board from their representatives on an ICC Panel of Umpires. The fourth umpire shall act as the emergency on-field for DRS matches.

2.1.3 As early as possible before each match, the ICC shall advise the Home Board of the names of its appointees and the Home Board shall advise the Manager of the visiting team of the names of all match officials.

2.1.4 Neither team shall have a right of objection to the appointment of any umpire or ICC Match Referee.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless they are injured or ill.

2.3 Consultation with Home Board

Before the match the umpires shall consult with the Home Board to determine:

2.3.1 the balls to be used during the match. See clause 4 (The ball).

2.3.2 the hours of play and the times and durations of any agreed intervals.

2.3.3 which clock or watch and back-up time piece is to be used during the match.

2.3.4 the boundary of the field of play. See clause 19 (Boundaries).

2.3.5 the use of covers. See clause 10 (Covering the pitch).

2.3.6 any special conditions of play affecting the conduct of the match.

inform the scorers of agreements in 2.3.2, 2.3.3, 2.3.4 and 2.3.6.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See clause 7 (The creases).

2.4.2 the wickets are properly positioned. See clause 8 (The wickets).

2.4.3 the boundary of the field of play complies with the requirements of clauses 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 Conduct of the match, implements and equipment

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with these Playing Conditions.

2.5.2 the implements used in the match conform to the following

2.5.2.1 clause 4 (The ball).

2.5.2.2 externally visible requirements of clause 5 (The bat) and paragraph 1 of Appendix B.

2.5.2.3 either clauses 8.2 (Size of stumps) or 8.3 (The bails).

2.5.3 no player uses equipment other than that permitted. See paragraph 2 of Appendix A. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of clause 27.2 (Gloves).

2.6 Fair and unfair play

The umpires shall be the sole judges of fair and unfair play.

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive

– the bowler of a reasonable foothold

– the fielders of the ability to move freely

– the batters of the ability to play their strokes or to run between the wickets

then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See clause 6.1 (Area of pitch).

2.8.2 If at any time the umpires together agree that the conditions of ground, weather or light, or any other circumstances are dangerous or unreasonable, they shall immediately suspend play, or not allow play to start or to recommence. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the ICC Match Referee.

2.8.3 If circumstances are warranted, the umpires shall stop play and instruct the Ground Authority to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct the ground staff to take such action during scheduled and unscheduled breaks in play.

2.8.4 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.8.5 Light Meters

It is the responsibility of the ICC to supply light meters to the match officials to be used in accordance with these Playing Conditions.

2.8.5.1 All light meters shall be uniformly calibrated.

2.8.5.2 The umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play in accordance with the criteria set out in clause 2.8.2 above.

2.8.5.3 Light meter readings may accordingly be used by the umpires:

2.8.5.3.1 To determine whether there has been at any stage a deterioration or improvement in the light.

2.8.5.3.2 As benchmarks for the remainder of a match.

2.8.6 Use of artificial lights

If in the opinion of the umpires, natural light is deteriorating to an unfit level, they shall authorise the Ground Authority to use the available artificial lighting so that the match can commence or continue in acceptable conditions.

In the event of power failure or lights malfunction, the provisions relating to the delay or interruption of play due to bad weather or light shall apply.

2.8.7 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.8.8 The safety of all persons within the ground is of paramount importance to the ICC. In the event of any threatening circumstance, whether actual or perceived (including for example weather, pitch invasions, act of God, etc.), then the umpires, on the advice of the ICC Match Referee, should suspend play and all players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, the ICC Match Referee, the head of the relevant Ground Authority, the head of ground security and/or the police as the circumstances may require.

2.8.9 Where play is suspended under clause 2.8.8 above the decision to abandon or resume play shall be the responsibility of the ICC Match Referee who shall act only after consultation with the head of ground security and the police.

2.9 Position of umpires

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this over-riding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided they inform the captain of the fielding side, the striker and the other umpire.

2.10 Umpires changing ends

Shall not apply.

2.11 Disagreement and dispute

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also clause 31.6 (Consultation by umpires).

2.12 Umpire's decision

An umpire may alter any decision provided that such alteration is made promptly and does not contradict clause 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 Signals

2.13.1 The following code of signals shall be used by umpires.

2.13.1.1 Signals made while the ball is in play

No ball – by extending one arm horizontally.

Out – by raising an index finger above the head. (If Not out, the umpire shall call Not out.)

Wide – by extending both arms horizontally.

Dead ball – by crossing and re-crossing the wrists below the waist.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in clause 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 – by waving an arm from side to side finishing with the arm across the chest.

Boundary 6 – by raising both arms above the head.

Bye – by raising an open hand above the head.

Five Penalty runs awarded to the batting side – by repeated tapping of one shoulder with the opposite hand.

Five Penalty runs awarded to the fielding side – by placing one hand on the opposite shoulder.

Leg bye – by touching a raised knee with the hand.

Revoke last signal – by touching both shoulders, each with the opposite hand.

Short run – by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.

Free Hit – after signalling the No ball, the bowler's end umpire extends one arm straight upwards and moves it in a circular motion.

Powerplay Over – by rotating their arm in a large circle.

The following signal is for Level 4 player conduct offences. The signal has two parts, both of which should be acknowledged separately by the scorers.

Level 4 conduct Part 1 – by putting one arm out to the side of the body and repeatedly raising it and lowering it.

Part 2 – by raising an index finger, held at shoulder height, to the side of the body.

2.13.1.4 All the signals in clause 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signalled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

2.13.2.1 If several signals are to be used, they should be given in the order that the events occurred.

2.13.2.2 Where more than one contravention of these Playing Conditions occurs during the same delivery, any sanctions under each clause shall be applied independently, unless otherwise stated. However, where the necessary sanctions contradict one another, the sanctions in respect of the contravention that occurred first shall apply.

2.14 Informing the umpires

Wherever the umpires are to receive information from captains or other players under these Playing Conditions, it will be sufficient for one umpire to be so informed and for them to inform the other umpire.

2.15 Correctness of scores

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled.

The umpires shall ensure that they are able to contact the scorers at any time during the match and at its conclusion to address any issues relating to the correctness of scores.

3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree and consult with the umpires if necessary. See clause 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

4 THE BALL

4.1 Weight and size

The ball, when new, shall weigh not less than 5.5 ounces/156 grams, nor more than 5.75 ounces/163 grams, and shall measure not less than 8.81 inches/22.4 centimetres, nor more than 9 inches/22.9 centimetres in circumference.

4.2 Approval and control of balls

4.2.1 The Home Board shall provide white cricket balls of an approved standard for ODI cricket and spare used balls for changing during a match, which shall also be of the same brand. Note: The Home Board shall be required to advise the Visiting Board of the brand of ball to be used in the match(es) at least 30 days prior to the start of the match(es).

4.2.2 The fielding captain or his nominee may select the ball with which he wishes to bowl from the supply provided by the Home Board. The fourth umpire shall take a box containing at least six (6) new balls to the dressing room and supervise the selection of the ball.

4.2.3 The umpires shall retain possession of the match ball(s) throughout the duration of the match when play is not actually taking place.

4.2.4 During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket, a drinks interval or any other disruption in play.

4.3 New ball

4.3.1 Each fielding team shall have two new balls for its innings, to be used in alternate overs i.e. one from each end for overs 1 to 34.

4.3.2 At the end of over 34, the fielding team will choose one of the two balls from the innings to be used for all the remaining overs of the innings. The other ball will be added to the supply of replacement balls for the innings.

4.3.3 In a match reduced to 25 overs or less per side before the first innings commences, each team shall have only one new ball for its innings.

4.4 Ball lost or becoming unfit for play

If, during play, the ball cannot be found or recovered or the umpires agree that it has become unfit for play through normal use, the umpires shall replace it with a ball which has had wear comparable with that which the previous ball had received before the need for its replacement. When the ball is replaced, the umpires shall inform the batters and the fielding captain.

5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this clause with detailed specifications in paragraph 1 of Appendix B.

5.2 The handle

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in paragraph 1.2.2 of Appendix B.

5.3 The blade

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in clause 5.2 and in paragraph 1.3 of Appendix B.

5.3.2 The blade shall consist solely of wood.

5.4 Protection and repair

Subject to the specifications in paragraph 1.4 of Appendix B. and providing clause 5.5 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 Damage to the ball

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this clause, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 Contact with the ball

In these clauses,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on his hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

5.6.2.1 the bat itself

5.6.2.2 the batter's hand holding the bat

5.6.2.3 any part of a glove worn on the batter's hand holding the bat

5.6.2.4 any additional materials permitted under 5.4

shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 Bat size limits

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 inches/96.52 centimetres.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25 inches/10.8 centimetres

Depth: 2.64 inches/6.7 centimetres

Edges: 1.56 inches/4.0 centimetres

Furthermore, it should also be able to pass through a bat gauge as described in paragraph 1.6 of Appendix B.

5.7.3 The handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in clause 5.4.1 shall not exceed 0.04 inches/0.1 centimetres in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 inches/0.3 centimetres.

5.8 Categories of bat

5.8.1 Type A bats conform to clauses 5.1 to 5.7 inclusive.

5.8.2 Only Type A bats may be used in ODI matches.

6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 metres in length and 10 feet/3.05 metres in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 feet/1.52 metres from it. If the pitch is next to an artificial pitch which is closer than 5 feet/1.52 metres from the middle stumps, the pitch on that side will extend only to the junction of the two surfaces. See clauses 8.1 (Description, width and position), 7.2 (The bowling crease) and Appendix C.

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See clauses 2.7 (Fitness for play) and 2.8 (Suspension of play in dangerous or unreasonable conditions).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.3.1 The Ground Authority shall ensure that during the period prior to the start of play and during intervals, the pitch area shall be roped off so as to prevent unauthorised access. (The pitch area shall include an area at least 2 metres either side of the playing pitch and behind the bowling crease at each end of the pitch.)

6.3.2 The fourth umpire shall ensure that, prior to the start of play and during any intervals, only authorised staff, the ICC match officials, players, team coaches and authorised television personnel shall be allowed access to the pitch area. Such access shall be subject to the following limitations:

6.3.2.1 Only captains and team coaches may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.3.2.2 Access to the pitch area by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.3.2.3 No spiked footwear shall be permitted.

6.3.2.4 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.3.2.5 Access shall not interfere with pitch preparation.

6.3.3 In the event of any dispute, the ICC Match Referee will rule and their ruling will be final.

6.4 Changing the pitch

6.4.1 If the on-field umpires decide that it is dangerous or unreasonable for play to continue on the match pitch, they shall stop play and immediately advise the ICC Match Referee.

6.4.2 The on-field umpires and the ICC Match Referee shall then consult with both captains.

6.4.3 If the captains agree to continue, play shall resume.

6.4.4 If the decision is not to resume play, the on-field umpires together with the ICC Match Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the ICC Match Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.

6.4.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned with the following consequences:

6.4.5.1 In the event of the required number of overs to constitute a match having been completed at the time the match is abandoned, the result shall be determined according to the provisions of clause 16.4.2.

6.4.5.2 In the event of the required number of overs to constitute a match not having been completed, the match will be abandoned as a no result.

6.4.6 If the abandonment occurs on the day of the match, the ICC Match Referee shall consult with the Home Board with the objective of finding a way for a new match (including a new nomination of teams and toss) to commence on the same date and venue. Such a match may be played either on the repaired pitch or on another pitch, subject to the ICC Match Referee and the relevant Ground Authority both being satisfied that the new pitch will be of the required ODI standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 12 (Start of play; cessation of play.

6.4.7 If it is not possible to start a new match on the scheduled day of the match, the relevant officials from the participating Boards shall agree on whether the match can be replayed within the existing tour schedule.

6.4.8 Throughout the above decision-making processes, the ICC Match Referee shall keep informed both captains and the head of the Ground Authority. The head of the Ground Authority shall ensure that suitable and prompt public announcements are made.

6.5 Non-turf pitches

6.5.1 All ODI matches shall be played on natural turf pitches.

Note: Prior to the commencement of the series, the participating Member Boards may agree, and then seek the approval of the ICC, to use a hybrid pitch as an alternate to a natural turf pitch.

6.5.2 The use of PVA and other adhesives in the preparation of pitches is not permitted.

6.6 Junior Cricket

Shall not apply.

7 THE CREASES

7.1 The creases

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in clauses 7.2, 7.3 and 7.4, at each end of the pitch. See paragraph 1 of Appendix C.

7.2 The bowling crease

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in clause 6.1 (Area of pitch). It shall be 8 feet 8 inches/2.64 metres in length.

7.3 The popping crease

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 feet/1.22 metres from it. The popping crease shall be marked to a minimum of 25 feet/7.5 metres on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 feet 4 inches/1.32 metres either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 feet/2.44 metres behind it and shall be considered to be unlimited in length.

7.5 Additional crease markings

As a guideline to the umpires for the calling of Wides, the crease markings detailed in paragraph 1 of Appendix C may be marked in white or any other clearly visible colour at each end of the pitch.

8 THE WICKETS

8.1 Description, width and position

Two sets of wickets shall be positioned opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 inches/22.86 centimetres wide and shall consist of three (3) wooden stumps with two (2) wooden bails on top. See paragraph 2 of Appendix B.

8.2 Size of stumps

The tops of the stumps shall be 28 inches/71.12 centimetres above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 inches/3.50 centimetres nor more than 1.5 inches/3.81 centimetres. See paragraph 2 of Appendix B.

For televised matches the Home Board may provide a slightly larger cylindrical stump to accommodate the stump camera. When the larger stump is used, all three stumps must be exactly the same size.

8.3 The bails

8.3.1 The bails, when in position on top of the stumps,

– shall not project more than 0.5 inches/1.27 centimetres above them.

– shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications. See paragraph 2 of Appendix B.

Overall length 4.32 inches/10.96 centimetres

Length of barrel 2.13 inches/5.40 centimetres

Longer spigot 1.38 inches/3.50 centimetres

Shorter spigot 0.81 inches/2.06 centimetres

8.3.3 The two spigots and the barrel shall have the same centre line.

8.3.4 Devices aimed at protecting player safety by limiting the distance that a bail can travel off the stumps will be allowed, subject to the approval of the Home Board and the ICC.

8.4 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See clause 29.5 (Dispensing with bails).

8.5 LED wickets

The use of approved LED wickets is permitted. Refer also to paragraphs 3.8.1.6 and 4.2 of Appendix D.

9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in clauses 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling

During the match the pitch may be rolled at the request of the captain of the side batting second, for a period of not more than seven (7) minutes, before the start of the second innings.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than seven (7) minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

If there is more than one roller available the captain of the batting side shall choose which one is to be used.

The following shall apply in addition to clause 9.1:

9.1.4 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. Thereafter and throughout the match the drying of the outfield may be undertaken at any time by the Ground Authority, but the drying of the affected area of the pitch shall be carried out only on the instructions and under the supervision of the umpires. The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

9.1.5 The umpires may instruct the Ground Authority to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

9.1.6 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

9.2 Clearing debris from the pitch

9.2.1 The pitch shall be cleared of any debris by hand, broom, besom, or blower

9.2.1.1 between innings. This shall precede rolling if any is to take place.

9.2.1.2 at all intervals for drinks and meals.

9.2.2 The clearance of debris in clause 9.2.1 shall be done unless the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

9.2.3 In addition to clause 9.2.1, debris may be cleared from the pitch by hand, without sweeping, before mowing and whenever either umpire considers it necessary. All debris is to be cleared prior to mowing or rolling.

9.3 Mowing

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.4 Watering the pitch

The pitch shall not be watered during the match.

9.5 Re-marking creases

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 Maintenance of footholes

The umpires shall ensure that the holes made by the bowlers and batters are cleaned out and dried whenever necessary to facilitate play.

The umpires shall allow, if necessary, the returfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

In addition, the umpires shall see that wherever possible and whenever it is considered necessary, action is taken during all intervals in play to do whatever is practicable to improve the bowler's footholes.

9.7 Securing of footholds and maintenance of pitch

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that clause 41 (Unfair play) is not contravened.

9.8 Protection and preparation of adjacent pitches during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.8.1 Such measures will only be possible if requested by the Ground Authority and approved by the umpires before the start of the match.

9.8.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.8.3 The preparation work shall be carried out under the supervision of the fourth umpire.

9.8.4 The consent of the captains is not required but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

The pitch shall be entirely protected against rain up to the commencement of play.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in clauses 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

The pitch shall be entirely protected against rain up to the commencement of play, and for the duration of the period of the match.

The covers must totally protect the pitch and also the pitch surroundings, to a minimum of five (5) metres either side of the pitch, and any worn or soft areas in the outfield.

The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including 'hessian' or 'scrim' covers used to protect the pitch against the sun) shall be removed not later than 2.5 hours before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals.

– Intervals between innings.

– Intervals for meals.

– Intervals for drinks.

– Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of clause 24.2.6 (fielder absent or leaving the field of play).

11.2 Duration of interval

11.2.1 There shall be a 30-minute interval between innings, taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.3 Allowance for interval between innings

Law 11.3 of the Laws of Cricket shall not apply.

11.4 Changing agreed times of intervals

11.4.1 If the innings of the team batting first is completed prior to the scheduled time for the interval, the interval shall take place immediately and the innings of the team batting second will commence after the interval.

Note: The prescribed interval timings above may be reduced by the ICC Match Referee taking into account the intention of not having a prolonged interval after a lengthy interruption close to the conclusion of the innings of the team batting first. However, the minimum interval shall not be less than 10 minutes.

11.5 Intervals for drinks

11.5.1 Two drinks breaks per session shall be permitted, each 1 hour 10 minutes apart. Under conditions of extreme heat, the umpires may permit extra intervals for drinks.

11.5.2 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken on to the field without the permission of the umpires. Any player taking drinks on to the field shall be dressed in proper cricket attire (subject to the wearing of bibs – refer to the note in clause 24.1.4).

11.5.3 The head coach or their designate may consult with the on-field players during the scheduled drinks for tactical reasons.

11.6 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this clause.

12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time when the ball is dead, at the start of any interval or interruption of play, or as required by these Playing Conditions. See also clause 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, except at the start of the drinks interval, the bails shall be removed from both wickets.

12.4 Starting a new over

Another over shall always be started at any time during the match, unless an interval is to be taken in the circumstances set out in clause 12.5.2, if the umpire, walking at normal pace, has arrived at the position behind the stumps at the bowler's end before the time agreed for the next interval has been reached.

12.5 Completion of an over

Other than at the end of the match,

12.5.1 if the agreed time for an interval is reached during an over, the over shall be completed before the interval is taken, except as provided for in clause 12.5.2.

12.5.2 when less than 3 minutes remains before the time agreed for the next interval, the interval shall be taken immediately if

– either a batter is dismissed or retires, or

– the players have occasion to leave the field

whether this occurs during an over or at the end of an over. Except at the end of an innings, if an over is thus interrupted it shall be completed on the resumption of play.

12.6 Conclusion of match

12.6.1 The match is concluded

12.6.1.1 as soon as a result as defined in clauses 16.1 to 16.5 (The result) is reached.

12.6.1.2 as soon as the prescribed number of overs have been completed.

12.6.2 The match is concluded if, without a conclusion having been reached under 12.6.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.7 Hours of play; minimum overs requirement

12.7.1 To be determined by the Home Board subject to there being two sessions of 3.5 hours each, separated by a 30-minute interval between innings.

Note: The playing hours of matches scheduled to take place at venues where dew is likely to be a factor should be determined so as to ensure that the effect of any dew is minimised.

12.8 Minimum over rates

12.8.1 The minimum over rate to be achieved in ODI matches shall be 14.28 overs per hour.

12.8.2 The actual over rate shall be calculated at the end of each innings by the umpires.

12.8.3 In calculating the actual over rate for the match, allowances will be given as follows:

12.8.3.1 the time lost as a result of treatment given to a player by authorised medical personnel on the field of play;

12.8.3.2 the time lost as a result of a player being required to leave the field as a result of a serious injury;

12.8.3.3 the time taken for all third umpire referrals and consultations and any umpire or player reviews;

12.8.3.4 the time lost as a result of time wasting by the batting side; and

12.8.3.5 the time lost due to all other circumstances that are beyond the control of the fielding side.

12.8.4 In the event of any time allowances being granted to the fielding team under clause 12.8.3.4 above (time wasting by batting team), then such time shall be deducted from the allowances granted to such batting team in the determination of its over rate.

12.8.5 If a batting team is bowled out within the time determined for that innings pursuant to these Playing Conditions (taking into account all of the time allowances set out above), the fielding side shall be deemed to have complied with the required minimum over rate.

12.8.6 The current over rate of the fielding team (+/- overs compared to the minimum rate required), to be advised by the third umpire every 30 minutes as a minimum, shall be displayed on a scoreboard or replay screen.

13 INNINGS

13.1 Number of innings

A match shall be one innings for each side.

13.2 Alternate innings

Each side shall take their innings alternately.

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the prescribed number of overs have been bowled to the batting side.

13.4 The toss

The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of the ICC Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play. Note, however, the provisions of clause 1.3 (Captain).

13.5 Decision to be notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

13.6 Duration of match

13.6.1 All matches will consist of one innings per side, each innings being limited to a maximum of 50 overs. All matches shall be of one day's scheduled duration provided that participating countries in a series may agree to provide for a reserve day on which an incomplete match may be replayed or continued from the scheduled day.

13.6.2 If the match is to be continued on the reserve day, every effort shall be made to complete the match on the scheduled day with any necessary reduction in overs taking place and only if the minimum number of overs necessary to constitute a match cannot be bowled on the scheduled day will the match be completed on the reserve day.

13.6.3 If the match has started on the scheduled day and overs are subsequently reduced following an interruption, but no further play is possible, the match will resume on the reserve day under the same assumption that the last ball was played on the scheduled day. Refer to Appendix G.

13.7 Length of innings

13.7.1 Uninterrupted matches.

13.7.1.1 Each team shall bat for 50 overs unless all out earlier.

13.7.1.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first innings, play shall continue until the required number of overs has been bowled. Subject to clause 11.4, the interval shall be fixed at 30 minutes. The team batting second shall receive its full quota of 50 overs irrespective of the number of overs it bowled in the scheduled time for the cessation of the first innings.

13.7.1.3 If the team batting first is dismissed in less than 50 overs, the team batting second shall be entitled to bat for 50 overs.

13.7.1.4 If the team fielding second fails to bowl 50 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result is achieved.

13.7.1.5 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.2 Delayed or interrupted matches

13.7.2.1 Delay or Interruption to the Innings of the Team Batting First (see paragraph 1 of Appendix E)

13.7.2.1.1 When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 14.28 overs per hour, which is inclusive of the provision of drinks intervals, in the total remaining time available for play.

13.7.2.1.2 The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of 20 overs have to be bowled to the side batting second, subject to a result not being achieved earlier.

13.7.2.1.3 As soon as the total minutes of playing time remaining is less than the completed overs faced by Team 1 multiplied by 4.2, then the first innings is terminated and the provisions of 13.7.2.2 below take effect.

13.7.2.1.4 A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of 14.28 overs per hour. When calculating the length of playing time available for the match, or the length of either innings, the timing and duration of all relative delays, extensions in playing hours, interruptions in play, and intervals, excluding those for drinks, will be taken into consideration. This calculation must not cause the match to finish earlier than the original or rescheduled time for cessation of play on the final scheduled day for play. If required the original time shall be extended to allow for one extra over for each team.

13.7.2.1.5 If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue until the required number of overs have been bowled or the innings is completed.

13.7.2.1.6 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.2.2 Delay or Interruption to the innings of the Team Batting Second (see paragraph 2 of Appendix E)

13.7.2.2.1 When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 14.28 overs per hour, which is inclusive of the provision of drinks intervals, in respect of the lost playing time. Should the calculations result in a fraction of an over the fraction shall be ignored.

13.7.2.2.2 In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.

13.7.2.2.3 To constitute a match, a minimum of 20 overs have to be bowled to the team batting second subject to a result not being achieved earlier.

13.7.2.2.4 The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.7.2.2.5 A fixed time will be specified for the close of play by applying a rate of 14.28 overs per hour. With the exception of drinks intervals, the timing and duration of all relative delays, extensions in playing hours and interruptions in play will be taken into consideration in specifying this time.

13.7.2.2.6 If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.

13.7.2.2.7 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.3 Extra Time

The participating countries may agree to provide for extra time of up to 90 minutes where the start of play is delayed or play is suspended. For clarity, the changeover period (five (5) minutes) for a Super Over after the main match is not to be taken into account when applying any permitted extra time available.

13.8 Over-rate penalties

13.8.1 The fielding side shall be in position to bowl the first ball of the final over of the innings by the scheduled (or re-scheduled) cessation time for the innings (calculated in accordance with clause 13.7). In delayed or interrupted matches where there has been a reduction of three (3) or more overs pursuant to clause 13.7.2, the fielding side shall be in position to bowl the first ball of the penultimate over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

13.8.2 Where this requirement is not met, clause 28.7.2.2.3 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) no more than four (4) fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.2.1.

13.8.3 Clause 13.8.2 shall not apply where:

13.8.3.1 a side's innings is reduced to less than 25 overs, unless the over-rate penalty has been applied prior to such reduction; or

13.8.3.2 a side's innings is completed prior to the scheduled (or re-scheduled) cessation time for the innings.

13.8.4 The bowler's end umpire shall inform the captain of the fielding side, the batter and the other umpire of:

13.8.4.1 the scheduled cessation time for the innings prior to the start of the innings, and of any re-scheduled cessation time following any subsequent interruption to play; and

13.8.4.2 any time allowances pursuant to clause 12.8.3 as and when they arise.

13.8.5 Over-rate penalties pursuant to clause 13.8 shall be applied in addition to the relevant provisions under the ICC Code of Conduct.

13.9 Number of overs per bowler

13.9.1 No bowler shall bowl more than 10 overs in an innings.

13.9.2 In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.

13.9.3 Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

13.9.4 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

13.9.5 The scoreboard shall show the total number of overs bowled and the number of overs bowled by each bowler.

14 THE FOLLOW-ON

Shall not apply.

15 DECLARATION AND FORFEITURE

Shall not apply.

16 THE RESULT

16.1 A Win – one-innings match

16.1.1 Unless the winner is determined by DLS (see clause 16.4 – Calculation of the Target Score), the side which has scored in its one innings a total of runs in excess of that scored by the opposing side in its one completed innings shall win the match. See clause 13.3 (Completed innings). Note also clause 16.5 (Winning hit or extras).

16.1.2 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2), a result can be achieved only if both teams have had the opportunity of batting for at least 20 overs, unless one team has been all out in less than 20 overs or unless the team batting second scores enough runs to win in less than 20 overs.

16.1.3 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2), all matches in which both teams have not had an opportunity of batting for a minimum of 20 overs, shall be declared a No Result.

16.2 ICC Match Referee awarding a match

16.2.1 A match shall be lost by a side which either

16.2.1.1 concedes defeat or

16.2.1.2 in the opinion of the ICC Match Referee refuses to play and the ICC Match Referee shall award the match to the other side.

16.2.2 If an umpire considers that an action by any player or players might constitute a refusal by either side to play then the umpire shall call time, and the umpires together shall inform the ICC Match Referee of this fact. The ICC Match Referee shall together with the umpires ascertain the cause of the action. If the ICC Match Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, they shall so inform the captain of that side. If the captain persists in the action the ICC Match Referee shall award the match in accordance with clause 16.2.1.2 above.

16.2.3 If action as in clause 16.2.2 above takes place after play has started and does not constitute a refusal to play the delay or interruption in play shall be dealt with in the same manner as provided for in clauses 13.7.2 (Delayed and Interrupted Matches) and 11.4 (Changing agreed times for intervals) above.

Note: In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the ICC Code of Conduct.

16.3 All other matches – A Tie or No Result

16.3.1 A Tie

16.3.1.1 If the teams' scores are equal after both innings have been completed (if applicable under DLS – see clause 16.4), then a Super Over shall be played. If the Super Over is a tie, then unless exceptional circumstances arise (see paragraph 25 of Appendix F) subsequent Super Overs shall be played until there is a winner. Should it not be possible to play or to complete the Super Overs needed to determine a winner, the match shall be tied.

16.3.2 No Result

See clause 16.1.3 above.

16.4 Calculation of the Target Score

16.4.1 Interrupted Matches

16.4.1.1 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs), then a revised Target Score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using DLS. The target set will always be a whole number and one run less will constitute a Tie.

16.4.2 Prematurely Terminated Matches

16.4.2.1 If the innings of the side batting second is suspended (with at least 20 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension using DLS. If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.5 Winning hit or extras

16.5.1 As soon as a result is reached as defined in clauses 16.1, 16.2 or 16.3.1, the match is at an end. Nothing that happens thereafter, except as in clause 41.17 (Penalty runs), shall be regarded as part of it. Note also clause 16.8.

16.5.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batters before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.5.3 If a boundary is scored before the batters have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.6 Statement of result

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall, unless clause 16.4.2.1 (Prematurely terminated matches – Calculation of the Target Score) applies.

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of five (5) Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.7 Correctness of result

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See clause 2.15 (Correctness of scores).

16.8 Mistakes in scoring

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to clause 16.9, they shall adopt the following procedure.

16.8.1 If, when the players leave the field, the side batting last has not completed its innings and

either the number of overs to be bowled in that innings has not been completed, or

the end of the innings has not been reached, then, unless one side concedes defeat, the umpires shall order play to resume. Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed. The number of overs shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.8.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.9 Result not to be changed

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

16.10 Points

16.10.1 Preliminary Matches

In an ICC-approved competition comprising more than two teams competing in a league structure, the following points system will apply:

– Win 2
– Tie, no result or abandoned 1
– Loss 0

In the event of teams finishing on equal points, the right to play in the final match or series will be determined as follows:

– The team with the most number of wins.

– If still equal, the team with the most number of wins over the other team(s) who are equal on points and have the same number of wins.

– If still equal, the team with the highest net run rate.

In a match declared as a No Result, run rate is not applicable.

16.10.2 Net run rate

A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition.

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under Duckworth/Lewis/Stern, for net run rate purposes Team 1 will be credited with Team 2's Par Score on abandonment off the same number of overs faced by Team 2. Where a match is concluded with Duckworth/Lewis/Stern having been applied at an earlier point in the match, Team 1 will be credited with one (1) run less than the final Target Score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

17 THE OVER

17.1 Number of balls

The ball shall be bowled from each end alternately in overs of six (6) valid balls.

17.2 Start of an over

An over has started when the bowler starts his run-up or, if there is no run-up, starts his action for the first delivery of that over.

17.3 Validity of balls

17.3.1 A ball shall not count as one of the six (6) balls of the over unless it is delivered, even though, as in clause 38.3 (Non-striker leaving his ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the six (6) balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See clause 20.7 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of clause 20.4.2.6. Note also the special provisions of clause 20.4.2.5 (Umpire calling and signalling Dead ball)

17.3.2.3 if it is a No ball. See clause 21 (No ball).

17.3.2.4 if it is a Wide. See clause 22 (Wide ball).

17.3.2.5 when any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker), or 41.5 (Deliberate distraction, deception or obstruction of a batter) is applied.

17.3.3 Any deliveries other than those listed in clauses 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the six (6) balls of the over.

17.4 Call of Over

When six (6) valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also clause 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after six (6) valid balls have been bowled, the umpire shall subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.5.3 Whenever possible, the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under these Playing Conditions.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated or suspended during an over, the umpire shall call and signal Dead ball. If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in that innings.

18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batters, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See clause 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See clause 18.6.

18.2 Runs disallowed and runs not scored

Wherever in these Playing Conditions provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A 11) or for the non-award of penalties.

When runs are disallowed, the one run penalty for No ball or Wide shall stand and 5-run penalties shall be allowed, except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

18.3 Short runs

18.3.1 A run is short if a batter fails to make good his ground in turning for a further run. See also clauses 18.4 (Unintentional short runs) and 18.5 (Deliberate short runs).

18.3.2 Although a short run shortens the next one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 Unintentional short runs

Except in the circumstances of clause 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored. In accordance with paragraph 2.5 of Appendix D, the third umpire shall review any call of Short run and communicate their decision to the relevant on-field umpire.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to clauses 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.5 Deliberate short runs

18.5.1 If either umpire considers that one or both batters deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply clause 18.5.2.

18.5.1.1 A deliberate short run is an attempt by the batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end.

18.5.1.2 Provided the umpires believe that there was no intention by the batter concerned to deceive the umpires, it will not be considered a deliberate short run if the batters abandon an attempted run.

18.5.2 The bowler's end umpire shall

- disallow all runs to the batting side
- signal No ball or Wide to the scorers, if applicable
- repeat the Short run signal to the scorers
- award five (5) Penalty runs to the fielding side
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side)
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.
- instruct the fielding captain to decide which of the batters at the wicket, including the incoming batter if applicable, shall face the next delivery (see clause 18.13 – Batters going to an end determined by players).

18.6 Runs awarded for penalties

Runs shall be awarded for penalties under clauses 18.5 (Deliberate short runs), 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 27.4.2 (Illegal movement by the wicket-keeper), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side), 28.6.3 (Illegal movement by any fielder other than the wicket-keeper), 41 (Unfair play) and 42 (Players' conduct). Note, however, the restrictions on the award of Penalty runs in clauses 18.5 (Deliberate short runs), 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side), 34 (Hit the ball twice), 41.14 (Batter damaging the pitch) and 41.15 (Striker in protected area).

18.7 Runs scored for boundaries

Runs shall be scored for boundary allowances under clause 19 (Boundaries).

18.8 Runs scored when a batter is dismissed

When a batter is dismissed, any runs for penalties awarded to either side shall stand.

No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.

If, however, the obstruction or distraction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

18.9 Runs scored when the ball becomes dead other than at the fall of a wicket

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in these Playing Conditions, any runs for penalties awarded to either side shall be scored. Note however the provisions of clauses 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally, the batting side shall be credited with all runs completed by the batters before the incident or call of Dead ball and the run in progress if the batters had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of clause 41.5.8 (Deliberate distraction, deception or obstruction of batter).

18.10 Crediting of runs scored

Unless stated otherwise in these Playing Conditions,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

- an award of five (5) Penalty runs, which shall be scored as Penalty runs
- the one run penalty for a No ball, which shall be scored as a No ball extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

– all runs scored by the striker

– all runs scored as No ball extras

– all runs scored as Wides.

18.11 Batter returning to original end

18.11.1 When the striker is dismissed in any of the circumstances in clauses 18.11.1.1 to 18.11.1.6, the not out batter shall return to his original end.

18.11.1.1 Bowled.

18.11.1.2 Stumped.

18.11.1.3 Hit the ball twice.

18.11.1.4 LBW.

18.11.1.5 Hit wicket.

18.11.1.6 Caught.

18.11.2 The batters shall return to their original ends when

18.11.2.1 A boundary is scored unless as a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.11.2.2 Runs are disallowed for any reason except under clause 18.5.2 (see clause 18.13 – Batters going to an end determined by players).

18.11.2.3 They are required to do so under clause 18.13 (Batters going to an end determined by players).

18.12 Batter returning to wicket he has left

18.12.1 When a batter is dismissed in any of the ways in clauses 18.12.1.1 to 18.12.1.2, the not out batter shall return to the wicket he has left but only if the batters had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to his original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out.

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batters shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of clauses 18.11.2.1 to 18.11.2.3 apply, the batters shall return to their original ends.

18.13 Batters going to an end determined by players

18.13.1 When a batter is dismissed Obstructing the field, where the obstruction prevents a catch being taken, the captain of the fielding side shall decide whether the not out batter shall return to the wicket they have left, or the other end.

18.13.2 If the ball becomes Dead under clause 18.5.2 (Deliberate short running), the captain of the fielding side shall decide which batter is to face the next delivery.

18.13.3 If the ball becomes dead under clause 41.5 (Deliberate distraction, deception or obstruction of batter), the batters at the wicket decide which batter is to face the next delivery.

19 BOUNDARIES

19.1 Determining the boundary of the field of play

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See clause 2.3.4 (Consultation with Home Board).

19.1.2 The boundary shall be determined such that no part of any sight-screen, will, at any stage of the match, be within the field of play.

19.1.3 The aim shall be to maximise the size of the playing area at each venue. With respect to the size of the boundaries, no boundary shall be longer than 90 yards (82.29 metres), and no boundary should be shorter than 65 yards (59.43 metres) from the centre of the pitch to be used.

19.1.4 At all times, there must be 3 yards (2.74 metres) from the boundary rope to the first solid object (advertising boards/LEDs, photographers, cameramen, dugouts, covers, perimeter fence) for the player's safety run off.

19.1.5 If the boundary is positioned less than 90 yards (82.29 metres) from the centre of the pitch, the boundary rope cannot be set at a distance of more than 10 yards (9.14 metres) from the perimeter fence. The 10 yards shall be inclusive of the 3 yards (2.74 metres) provided for the player's safety run off.

19.1.6 Any ground which has previously been approved to host international cricket which is unable to conform to the minimum boundary dimension shall be exempt. In such cases the boundary shall be positioned so as to maximise the size of the playing area.

19.2 Identifying and marking the boundary

19.2.1 All boundaries must be designated by a rope, or similar object of a minimum standard as authorised by the ICC from time to time.

19.2.2 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.3 An obstacle within the field of play shall not be regarded as a boundary unless so determined by the umpires before the toss. See clause 2.3.4 (Consultation with Home Board).

19.2.4 If an unauthorised person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batter is liable to be out as a result of the unauthorised person handling the ball. See also clause 20.4.2.12 (Umpire calling and signalling Dead ball).

19.3 Restoring the boundary

If a solid object used to mark the boundary is disturbed for any reason, then:

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.4 Ball grounded beyond the boundary

19.4.1 The ball in play is grounded beyond the boundary if it touches

– the boundary or any part of an object used to mark the boundary;
– the ground beyond the boundary;
– any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

– a fielder, grounded beyond the boundary as in clause 19.5, touches the ball;
– a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 Fielder grounded beyond the boundary

19.5.1 A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

– the boundary or any part of an object used to mark the boundary;

– the ground beyond the boundary;

– any object that is in contact with the ground beyond the boundary;

– another fielder who is grounded beyond the boundary.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, he may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or on to the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 Boundary allowances

19.6.1 Six (6) runs shall be allowed for a boundary 6; and four (4) runs for a boundary 4. See also clause 19.7.

19.7 Runs scored from boundaries

19.7.1 A boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A boundary 4 will be scored when a ball that is grounded beyond the boundary

– whether struck by the bat or not, was first grounded within the boundary, or

– has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of clause 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary.

19.7.3.2 the runs completed by the batters together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in clause 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of clause 18.12.2.

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

19.8.1 Runs scored from an overthrow or wilful act of fielder

If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batters at the instant of the throw or wilful act of the fielder and the run in progress if the batters had already crossed at the instant of the throw or wilful act of the fielder.

Clause 18.12.2 (Batter returning to wicket he has left) shall apply as from the instant of the throw or act.

19.8.2 Definition of an overthrow or wilful act of fielder

19.8.2.1 A boundary results from an overthrow if, in the opinion of the umpire, in an attempt to Run out the batter or prevent further run-scoring, a fielder directs the ball towards the wickets, and the ball subsequently crosses the boundary.

19.8.2.2 It is not to be considered an overthrow if the ball crosses the boundary as a result of

– a fielder attempting to stop the ball, or

– when fielding near the boundary, a fielder attempting to pass it a short distance to another fielder.

19.8.2.3 For the purposes of this clause only, a wilful act is any deliberate action by a fielder that is not intended to prevent a run, effect a Run out or complete a catch.

20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled.

20.1.1.2 a boundary is scored. See clause 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of his clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 there is an award of Penalty runs under either of clauses 24.4 (Player returning without permission) or 28.3 (Fielding the ball). The ball shall not count as one of the over.

20.1.1.7 there is a contravention of clause 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in clause 12.6 (Conclusion of match).

20.1.2 The ball is finally settled once it is in the hand or hands of any fielder or stationary on the ground, and the bowler's end umpire determines that it is no longer in play.

20.1.3 In a match where cameras are being used on or over the field of play (e.g. Spidercam), should a ball that has been hit by the batter make contact, while still in play, with the camera, its apparatus or its cable, either umpire shall call and signal 'dead ball'. The ball shall not count as one of the over and no runs shall be scored. If the delivery was called a No ball it shall count and the No ball penalty shall be applied. No other runs (including penalty runs) apart from the No ball penalty shall be scored.

20.1.4 Should a ball thrown by a fielder make contact with a camera on or over the field of play, its apparatus or its cable, either umpire shall call and signal dead ball. Unless this was already a No ball or Wide, the ball shall count as one of the over. All runs scored to that point shall count, plus the run in progress if the batters have already crossed.

20.1.5 Refer also to paragraph 2.7 of Appendix D.

20.2 Ball finally settled

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 Call of Over or Time

Neither the call of Over (see clause 17.4 – Call of Over) nor the call of Time (see clause 12.2 – Call of Time) is to be made until the ball is dead, either under clauses 20.1 or 20.4.

20.4 Umpire calling and signalling Dead ball

20.4.1 When the ball has become dead under clause 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Playing Conditions specifically provide for the call to be delayed, so as not to disadvantage the non-offending side, under clause 23.3 (Leg byes not to be awarded), clause 34.4 (Runs permitted from the ball lawfully struck more than once), clause 41.2.1 (Unfair actions) and clause 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving their normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket, without intervention from any player or their equipment, before he has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also clause 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of clauses 41.4 (Deliberate attempt to distract or obstruct striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 the bowler throws the ball towards the striker's end before entering his delivery stride.

20.4.2.10 the ball is not delivered for any reason other than an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 they consider that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand (see clause 19.2.4 – Identifying and marking the boundary).

20.4.2.13 the striker attempts to play the ball and no part of the striker's bat or person, whether grounded or raised, remains within the pitch as defined in clause 6.1 (Area of pitch).

20.4.2.14 required to do so under any of the Playing Conditions not included above.

20.5 Ball ceases to be dead

The ball ceases to be dead – that is, it comes into play – when the bowler starts his run-up or, if there is no run-up, starts his bowling action.

20.6 Dead ball not to be revoked

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery.

20.7 Dead ball; ball counting as one of over

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in clause 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it.

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of clauses 20.4.2.6 and 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In clause 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right-handed or left-handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be delivered with an Illegal Bowling Action.

An Illegal Bowling Action is defined as a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

Should either umpire or the ICC Match Referee suspect that a bowler has used an Illegal Bowling Action, they shall complete the ICC Bowling Action Report Form at the conclusion of the match, as set out in the Illegal Bowling Regulations.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 If, in the opinion of either umpire, the ball has been thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, they shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.

– inform the captain of the fielding side of the reason for this action.

– inform the batters at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, that umpire shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The suspended bowler shall not bowl again in that innings.

– inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the bowler concerned.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under clause 20.4.2.9.

21.5 Fair delivery – the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

– on the same side of the imaginary line joining the two middle stumps as the return crease described in clause 21.5.1, and

– behind the popping crease.

The third umpire shall review television replays of the bowler's feet landing and, if they are satisfied that not all the requirements have been met, advise the bowler's end umpire who shall in turn immediately call and signal No ball. See clause 41.8 (Bowling of deliberate front foot No ball).

21.6 Bowler breaking wicket in delivering ball

Either umpire shall call and signal No ball if, other than in an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early), the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride. This shall include any clothing or other object that falls from his person and breaks the wicket. See Appendix A 12 and clauses 20.4.2.8 and 20.4.2.10 (Umpire calling and signalling Dead ball)

21.7 Ball bouncing more than once, rolling along the ground or landing off the pitch

The umpire shall call and signal No ball if a ball which they consider to have been delivered, without having previously touched bat or person of the striker,

21.7.1 bounces more than once, or rolls along the ground before it reaches the popping crease, or

21.7.2 lands or subsequently bounces wholly or partially off the pitch as defined in clause 6.1 (Area of pitch) before it reaches the line of the striker's wicket.

The third umpire may be consulted and, if required, can review television replays to assist with the adjudication of No balls under this clause.

21.8 Ball causing the striker to leave the pitch or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see clause 25.6 – Striker's right to play the ball) without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If except in the circumstances of clause 27.3 (Position of wicket-keeper) a ball, delivered by the bowler, makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball. However, if the fielder's action is a deliberate attempt to obstruct the striker from playing the ball, clause 41.4 (Deliberate attempt to distract or obstruct striker) shall apply.

21.10 Call of No ball for infringement of other Playing Conditions

In addition to the instances above, No ball is to be called and signalled as required by the following clauses:

Clause 27.3 – Position of wicket-keeper

Clause 28.4 – Limitation of on side fielders

Clause 28.5 – Fielders not to encroach on pitch

Clause 41.6 – Bowling of dangerous and unfair short deliveries

Clause 41.7 – Bowling of dangerous and unfair non-landing deliveries

Clause 41.8 – Bowling of deliberate front foot No ball

21.11 Revoking a call of No ball

21.11.1 An umpire shall revoke the call of No ball if Dead ball is called under any of clauses 20.4.2.4, 20.4.2.5, 20.4.2.6, 20.4.2.8 or 20.4.2.10 (Umpire calling and signalling Dead ball), or if, for any other reason, the ball was deemed to be Dead before the bowler released the ball.

21.11.2 An umpire shall revoke the call of No ball if Dead ball is called under clause 20.4.2.5 or 20.4.2.6, unless the No ball is called under clause 21.6.

21.12 No ball to over-ride Wide

A call of No ball shall over-ride the call of Wide ball at any time. See clauses 22.1 (Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.13 Ball not dead

The ball does not become dead on the call of No ball.

21.14 Penalty for a No ball

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.15 Runs resulting from a No ball – how scored

The one run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in clause 41.17 (Penalty runs). Any runs completed by the batters or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.16 No ball not to count

A No ball shall not count as one of the over. See clause 17.3 (Validity of balls).

21.17 Out from a No ball

When No ball has been called, neither batter shall be out under any of the Playing Conditions except clause 34 (Hit the ball twice), clause 37 (Obstructing the field) or clause 38 (Run out).

21.18 Free hit

21.18.1 In addition to the above, the delivery following a No ball called (all modes of No ball) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.

21.18.2 For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide.

21.18.3 Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

21.18.3.1 There is a change of striker (the provisions of clause 41.2 shall apply), or

21.18.3.2 The No ball was the result of a fielding restriction breach, in which case the field may be changed to the extent of correcting the breach.

21.18.4 For clarity, the bowler can change his mode of delivery for the free hit delivery. In such circumstances clause 21.1 shall apply.

21.18.5 The umpires will signal a free hit by (after the normal No ball signal) extending one arm straight upwards and moving it in a circular motion.

22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause 22.1.2 and 22.1.3, the ball passes wide of where the striker is standing at the point of delivery and which also would have passed wide of the striker standing in a normal batting position.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 The ball will be considered as passing wide of the striker if any delivery, after landing, passes over head height of the striker standing upright at the popping crease.

22.1.4 Umpires are instructed to apply very strict and consistent interpretation in regard to this clause in order to prevent negative bowling wide of the wicket.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide they shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered his delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See clause 21.13 (No ball to over-ride Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving, either causes the ball to pass wide of him, as defined in clause 22.1.2 or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 Penalty for a Wide

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under clause 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 Runs resulting from a Wide – how scored

All runs completed by the batters or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of five (5) Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 Wide not to count

A Wide shall not count as one of the over. See clause 17.3 (Validity of balls).

22.9 Out from a Wide

When Wide ball has been called, neither batter shall be out under any of the Playing Conditions except clause 35 (Hit wicket), clause 37 (Obstructing the field), clause 38 (Run out) or clause 39 (Stumped).

23 BYE AND LEG BYE

23.1 Byes

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching his bat or person, any runs completed by the batters from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one run penalty for such a delivery shall be incurred.

23.2 Leg byes

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

– either attempted to play the ball with the bat

– or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is either no subsequent contact with the striker's bat or person, or only inadvertent contact with the striker's bat or person any runs completed by the batters or a boundary allowance shall be credited to the striker in the case of subsequent contact with his bat but otherwise to the batting side as in clause 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, clause 34.3 (Ball lawfully struck more than once) and clause 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in clause 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of clause 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run.

The umpire shall then:

– disallow all runs to the batting side;

– return any not out batter to his original end;

– signal No ball to the scorers if applicable;

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

24 FIELDER'S ABSENCE; SUBSTITUTES

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires. Note, however, clause 42.4.1.

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for him, subject to clauses 24.2 and 24.3.

24.1.4 Squad members of the fielding or batting team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

24.2 Fielder absent or leaving the field of play

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this clause, is he to be regarded as having left the field of play. A fielder may be outside the boundary when the ball comes into play – however, all fielders shall be within the boundary at the instant the ball is delivered.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 that fielder shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See clause 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.3 If a player is absent from the field for longer than eight (8) minutes, the following restrictions shall apply to their future participation in the match:

24.2.3.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty time). A player's unexpired Penalty time shall be limited to a maximum of 120 minutes. If any unexpired Penalty time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the previous innings. However, once his side has lost five (5) wickets in its batting innings, he may bat immediately. If any unexpired penalty time remains at the end of that batting innings, it is carried forward to the next and subsequent innings of the match.

24.2.4 If the player leaves the field before having served all of his Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to a maximum cumulative Penalty time of 120 minutes, and that player shall not bowl until all of his Penalty time has been served.

24.2.6 For the purposes of clauses 24.2.3.1 and 24.2.3.2, playing time shall comprise the time play is in progress excluding intervals, intervals between innings and official drinks intervals. For clarity, a player's Penalty time will continue to expire after he is dismissed, for the remainder of his team's batting innings.

24.2.7 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.7.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or his side is now batting.

24.2.7.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as he is able to participate, and either takes the field on the resumption of play, or his side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.3 Penalty time not incurred

A nominated player's absence will not incur Penalty time if,

24.3.1 he has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.3.3 the player is absent from the field for a period of eight (8) minutes or less.

24.4 Player returning without permission

If a player comes on to the field of play in contravention of clause 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

- The umpires shall signal No ball or Wide ball to the scorers, if applicable.
- The umpire shall award five (5) Penalty runs to the batting side.
- Runs completed by the batters shall be scored together with the run in progress if they had already crossed at the instant of the offence.
- The ball shall not count as one of the over.
- The umpire shall inform the other umpire, the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for this action.

25 BATTER'S INNINGS

25.1 Eligibility to act as a batter

Only a nominated player may bat and, subject to clause 25.3, may do so even though a substitute fielder has previously acted for him.

25.2 Commencement of a batter's innings

The innings of the first two batters, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps on to the field of play.

25.3 Restriction on batter commencing an innings

25.3.1 If a member of the batting side has unserved Penalty time, see clause 24.2.7, that player shall not be permitted to bat until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after his side has lost five (5) wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time. In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that he is able to participate shall count as Penalty time served.

25.3.3 If any unserved Penalty time remains at the end of a team's innings, it shall be carried forward to the next innings of the match if appropriate.

25.4 Batter retiring

25.4.1 A batter may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume his innings. If for any reason this does not happen, that batter is to be recorded as 'Retired – not out'.

25.4.3 If a batter retires for any reason other than as in clause 25.4.2, that batter is to be recorded as 'Retired – out'.

25.4.4 If after retiring a batter resumes his innings, subject to the requirements of clause 25.4.2, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 Runners

Runners shall not be permitted.

25.6 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder (see clause 27.5 – Restrictions on actions of wicket-keeper and clause 27.6 – Interference with wicket-keeper by striker).

However, the striker may only attempt to play the ball if some of his bat or person, whether grounded or raised, remains within the pitch, as defined in clause 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, from the moment the ball comes into play until the striker has finished receiving the delivery, either umpire shall immediately call and signal Dead ball.

26 PRACTICE ON THE FIELD

26.1 Practice on the pitch or the rest of the square

26.1.1 There shall not be any practice on the pitch at any time.

26.1.2 There shall not be any practice on the rest of the square at any time except with the approval of the umpires.

26.1.2.1 If approved by the umpires, the use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.

26.1.2.2 Bowling practice on the bowling strips referred to above shall also be permitted during the interval (and change of innings if not the interval) unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

26.2 Practice on the outfield

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

– before the start of play;

– after the close of play; and

– during the interval or between innings providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

– only the fielders as defined in paragraph 7 of Appendix A participate in such practice.

– no ball other than the match ball is used for this practice.

– no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.

– the umpires are satisfied that it will not contravene either of clauses 41.3 (The match ball changing its condition) or 41.9 (Time wasting by the fielding side).

Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the other conditions in this clause.

26.3 Trial run-up

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of clauses 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 Penalties for contravention

All forms of practice are subject to the provisions of clauses 41.3 (The match ball – changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any provisions of clause 26.1 or 26.2, the umpire shall

– warn the player that the practice is not permitted;

– inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued. The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

– award five (5) Penalty runs to the opposing side;

– inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batters at the wicket.

27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of his person for the purposes of clause 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that he will not be able to carry out the normal duties of a wicket-keeper, he shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of clauses 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under clause 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See paragraph 3 of Appendix B.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the instant of the bowler's delivery until a ball delivered by the bowler

touches the bat or person of the striker; or

passes the wicket at the striker's end; or

the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this clause, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 Movement by wicket-keeper

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward, unless in so doing it brings him within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that his actions suggest he intends to play. However, the provisions of clause 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award five (5) Penalty runs to the batting side

27.4.2.3 inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the wicket-keeper concerned.

27.5 Restriction on actions of wicket-keeper

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball, clause 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply. However, if the wicket-keeper, or any other fielder, interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then clause 41.4 (Deliberate attempt to distract or obstruct striker) shall also apply.

27.6 Interference with wicket-keeper by striker

If, in playing at the ball or in the legitimate defence of his wicket, the striker interferes with the wicket-keeper, the striker shall not be out except as provided for in clause 37.3 (Obstructing a ball from being caught).

28 THE FIELDER

28.1 Protective equipment

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 Fielding the ball

28.2.1 A fielder may field the ball with any part of his person (see paragraph 12 of Appendix A), except as in clause 28.2.1.2. However, the fielder will be deemed to have fielded the ball illegally if, while the ball is in play,

28.2.1.1 He wilfully uses anything other than part of his person to field the ball.

28.2.1.2 He wilfully extends his clothing with his hands and uses this to field the ball.

28.2.1.3 Any piece of clothing, equipment or any other object, which had been deliberately discarded subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person, or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

– the penalty for a No ball or a Wide shall stand.

– any runs completed by the batters shall be credited to the batting side, together with the run in progress if the batters had already crossed at the instant of the offence.

– the ball shall not count as one of the over.

In addition, the umpire shall:

– award five (5) Penalty runs to the batting side.

– inform the other umpire and the captain of the fielding side of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

28.3 Protective helmets belonging to the fielding side

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1 the ball shall immediately become Dead and, unless 28.3.3 applies:

the umpire shall signal No ball or Wide ball to the scorers, if applicable

the umpire shall award five (5) Penalty runs to the batting side;

28.3.2.1 any runs completed by the batters before the ball strikes the protective helmet shall be scored, together with the run in progress if the batters had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, and the circumstances of clause 23.3 (Leg byes not to be awarded) or clause 34 (Hit the ball twice) apply, the umpire shall:

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball or Wide ball to the scorers if applicable

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3.2.

28.4 Limitation of on side fielders

28.4.1 At the instant of delivery, there may not be more than five (5) fielders on the leg side.

28.4.2 At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his person whether grounded or in the air is in front of this line.

28.4.3 In the event of infringement of this clause by any fielder, the striker's end umpire shall call and signal No ball.

28.5 Fielders not to encroach on pitch

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of his person grounded on or extended over the pitch.

In the event of infringement of this clause by any fielder other than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, clause 27.3 (Position of wicket-keeper).

28.6 Movement by any fielder other than the wicket-keeper

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that his actions suggest he intends to play.

28.6.2 In all circumstances clause 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable.

28.6.3.2 award five (5) Penalty runs to the batting side.

28.6.3.3 inform the captain of the fielding side of the reason for this action.

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the fielder concerned.

28.6.4 Note also the provisions of clause 41.4 (Deliberate attempt to distract or obstruct striker). See also clause 27.4 (Movement by wicket-keeper).

28.7 Restrictions on the placement of fielders

28.7.1 In addition to the restrictions contained in clause 28.4 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

28.7.2 The following fielding restrictions shall apply:

28.7.2.1 Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer to paragraph 2 of Appendix C.) The fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5-yard (4.57-metre) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 centimetres) in diameter.

28.7.2.2 At the instant of delivery:

28.7.2.2.1 Powerplay 1 – no more than two (2) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 1 to 10 inclusive.

28.7.2.2.2 Powerplay 2 – no more than four (4) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 11 to 40 inclusive

28.7.2.2.3 Powerplay 3 – no more than five (5) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 41 to 50 inclusive

28.7.2.3 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Innings duration	Powerplay 1	Powerplay 2	Powerplay 3
20	4	12	4
21	4	13	4
22	5	13	4
23	5	14	4
24	5	14	5
25	5	15	5

46	9	28	9
47	10	28	9
48	10	29	9
49	10	29	10

28.7.2.4 If play is interrupted during an innings and the table above applies, the Powerplay takes immediate effect. For the avoidance of doubt this applies even if the interruption has occurred mid-over.

Illustrations:

– A 50 over innings is interrupted after 8.3 overs and reduced to 32 overs. The new phases are 7+19+6. Therefore the middle phase fielding restrictions take immediate effect when play resumes and last for a further 17.3 overs. The final phase begins after 26 overs have been bowled.

– A 40 over innings is interrupted after 18.5 overs and reduced to 22 overs. The new phases are 5+13+4. When play resumes, the final phase fielding restrictions apply for the remaining 3.1 overs.

28.7.2.5 At the commencement of the middle and final phases of an innings, the umpire shall signal such commencement to the scorers by rotating his arm in a large circle.

28.7.2.6 The scoreboard shall indicate the current Powerplay in progress.

28.7.2.7 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal No ball.

29 THE WICKET IS BROKEN

29.1 Wicket broken

The wicket is broken when at least one bail is completely removed from the top of the stumps, or one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps or a stump is struck out of the ground.

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that he is holding,

29.2.1.3 for the purpose of this clause only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of his clothing or equipment, including the helmet, grille and/or neck guard, becoming detached from his person,

29.2.1.5 by a fielder with his hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in clause 29.2.1.5.

29.2.2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal.

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in clause 29.2.

29.4 Remaking wicket

If a wicket is broken or put down while the ball is in play, it shall not be remade by an umpire until the ball is dead. See clause 20 (Dead ball). Any fielder may, however, while the ball is in play,

– replace a bail or bails on top of the stumps.

– put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with clause 8.4 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of his clothing or equipment as described in clauses 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in clause 29.2.1.5.

29.5.2 If the wicket has already been broken or put down, clause 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with clause 29.4, in order to have an opportunity of breaking the wicket fairly.

30 BATTER OUT OF HIS GROUND

30.1 When out of his ground

30.1.1 A batter shall be considered to be out of his ground unless some part of his person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of his ground if, in running or diving towards his ground and beyond, and having grounded some part of his person or bat beyond the popping crease, there is subsequent loss of contact between the ground and any part of that batter's person or bat, or between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is his ground and will remain so even if he is later joined there by the other batter.

30.2.2 If both batters are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batters are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then the other ground belongs to the other batter, irrespective of the other batter's position.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though that batter may be out under these Playing Conditions, unless appealed to by a fielder. This shall not debar a batter who is out under these Playing Conditions from leaving the wicket without an appeal having been made. Note, however, the provisions of clause 31.7.

31.2 Batter dismissed

A batter is dismissed if he is

either given out by an umpire, on appeal

or out under these Playing Conditions and leaves the wicket as in clause 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins his run-up to deliver the next ball, or, if the bowler has no run-up, the bowler begins his action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See clauses 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal 'How's That?'

An appeal 'How's That?' covers all ways of being out. Refer also to Appendix D: DRS and Third Umpire Protocol.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of clauses 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within the jurisdiction of that umpire.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with clause 31.3, if it is on a further matter and is within their jurisdiction.

31.6 Consultation by umpires

Each umpire shall answer appeals on matters within their own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, they shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 Batter leaving the wicket under a misapprehension

Either umpire shall call and signal Dead ball if satisfied that a batter, not having been given out, has left the wicket under a reasonable misapprehension of being out. The umpire shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 Withdrawal of an appeal

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

32 BOWLED

32.1 Out Bowled

32.1.1 The striker is out Bowled if his wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player, the wicket at the non-striker's end or an umpire. The striker will, however, be subject to clauses 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 Bowled to take precedence

The striker is out Bowled if his wicket is broken as in clause 32.1, even though a decision against either batter for any other method of dismissal would be justified.

33 CAUGHT

33.1 Out Caught

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches his bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in clauses 33.2 and 33.3, before it touches the ground.

33.2 A fair catch

33.2.1 A catch will be fair only if, in every case either the ball, at any time or any fielder in contact with the ball, is not grounded beyond the boundary before the catch is completed. Note clauses 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. For the purposes of this clause, a strike is defined as any contact between the ball and the bat or person, provided at least one such strike is on the bat. See clause 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in clause 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 Making a catch

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and his own movement.

33.4 No runs to be scored

If the striker is dismissed Caught, runs from that delivery completed by the batters before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to his original end. See clause 18.11 (Batter returning to original end).

33.5 Caught to take precedence

If the criteria of clause 33.1 are met and the striker is not out Bowled, then he is out Caught, even though a decision against either batter for another method of dismissal would be justified.

34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of his person or is struck by his bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with his bat or person, other than a hand not holding the bat, except for the sole purpose of guarding his wicket. See clause 34.3 and clause 37 (Obstructing the field).

34.1.2 For the purpose of this clause 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This clause will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this clause if

34.2.1 He strikes the ball a second or subsequent time in order to return the ball to any fielder.

Note, however, the provisions of clause 37.4 (Returning the ball to a fielder).

34.2.2 He wilfully strikes the ball after it has touched a fielder. Note, however the provisions of clause 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard his wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of his person other than a hand not holding the bat. The striker may guard his wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of his wicket. See clause 37.3 (Obstructing a ball from being caught).

If any fielder interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in clause 34.3, runs may not be scored.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run. However, the umpire shall further delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball to the scorers if applicable, and

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

34.5 Bowler does not get credit

The bowler does not get credit for the wicket.

35 HIT WICKET

35.1 Out Hit wicket

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, the striker's wicket is broken by either the striker's bat or person as described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by the striker in preparing to receive or in receiving a delivery,

35.1.1.2 as a result of any movement that is an attempt to recover their balance receiving a delivery,

35.1.1.3 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.4 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.5 in lawfully making a second or further stroke for the purpose of guarding his wicket within the provisions of clause 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks his wicket in any of the ways described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 Not out Hit wicket

The striker is not out under this clause should his wicket be broken in any of the ways referred to in clause 35.1 if any of the following applies:

– it occurs after the striker has completed any action in receiving the delivery, other than in clauses 35.1.1.2 to 35.1.1.5.

– the wicket is broken by a part of the striker's detached equipment or bat not held in the hand, which has come into contact with any other person before breaking the wicket.

– the wicket is broken by the striker's person, or bat held in the hand, as a direct consequence of contact with a member of the fielding side.

– it occurs when the striker is in the act of running, other than setting off immediately for the first run.

– it occurs when the striker is trying to avoid being run out or stumped.

– it occurs when the striker is trying to avoid a throw in at any time.

– the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See clause 20.4 (Umpire calling and signalling Dead ball).

– the delivery is a No ball.

35.3 Runs scored

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of five (5) Penalty runs.

36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in clauses 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted without landing, lands in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched his bat, the striker intercepts the ball, either with or without landing, with any part of his person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is

between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points of impact in clauses 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing clause 36.1.3, if the bowler's end umpire is not satisfied that the ball intercepted the batter's person before it touched the bat, the batter shall be given Not out.

36.2.3 In assessing clause 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See paragraph 13 of Appendix A.

37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of clause 37.2, and while the ball is in play, he wilfully attempts to obstruct or distract the fielding side by word or action. See also clause 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of clause 37.2, in the act of receiving a ball delivered by the bowler, he wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of his wicket.

37.1.3 The striker is out Obstructing the field, if, while receiving the ball, he deliberately drops or throws the bat in an attempt to either impact the ball or prevent any dismissal except Hit wicket.

37.1.4 This clause will apply whether or not No ball is called.

37.1.5 For the avoidance of doubt, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batter crossing the pitch, clause 41.14 (Batter damaging the pitch) shall also apply. See also paragraph 2.2 of Appendix D.

37.2 Not out Obstructing the field

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental, or

obstruction is in order to avoid injury, or

the striker makes a second or subsequent strike to guard his wicket lawfully as in clause 34.3 (Ball lawfully struck more than once). However, see clause 37.3.

37.3 Obstructing a ball from being caught

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out caught.

37.3.2 Clause 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding his wicket under the provision of clause 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending his wicket from a No ball with a lawful second strike.

37.4 Returning the ball to a fielder

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, he uses the bat or any part of his person to return the ball to any fielder.

37.5 Runs scored

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out caught, any runs completed by the batters before the offence shall be scored, together with any one run Penalty for No ball or wide, or any other award of five (5) Penalty runs to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being out caught, any runs completed by the batters shall not be scored but any award of five (5) Penalty runs to either side shall stand.

The fielding captain shall decide whether the non-striker, or the incoming batter, is to face the next delivery.

37.6 Bowler does not get credit

The bowler does not get credit for the wicket.

38 RUN OUT

38.1 Out Run out

Either batter is out Run out, except as in clause 38.2, if, at any time while the ball is in play,

he is out of his ground

and his wicket is fairly broken by either the action of a fielder or

the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of clause 38.2.2.2, and whether or not a run is being attempted.

38.2 Batter not out Run out

38.2.1 A batter is not out Run out in the circumstances of clauses 38.2.1.1 or 38.2.1.2.

38.2.1.1 He has been within his ground and has subsequently left it to avoid injury, when the wicket is fairly broken.

Note also the provisions of clause 30.1.2 (When out of his ground).

38.2.1.2 The ball delivered by the bowler has not made contact with a fielder, before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in clauses 38.2.2.1 and 38.2.2.2.

38.2.2.1 He is out Stumped. See clause 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

and he is out of his ground not attempting a run

and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

38.3 Non-striker leaving his ground early

38.3.1 If the non-striker is out of his ground at any time from the moment the ball comes into play until the moment the bowler's arm reaches the highest point of his normal bowling action in the delivery swing, the non-striker is liable to be Run out. In these circumstances, the non-striker will be out Run out if he is out of his ground when his wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

Even if the non-striker had left their ground before the moment the bowler's arm reaches the highest point of their normal bowling action in the delivery swing, once the bowler has reached that point it is no longer possible for the bowler to run out the non-striker under this law.

38.3.2 If the ball is not delivered,

- if there is an appeal, the umpire shall make their decision on the Run out.
- if there is no appeal, or if the decision is not out, the umpire shall call and signal Dead ball as soon as possible.
- the ball shall not count as one in the over.

38.3.3 If the ball is delivered and there is an appeal,

- the umpire shall make their decision on the Run out.
- if the non-striker is not dismissed, the ball remains in play and clause 21.6 (Bowler breaking wicket in delivering ball) shall apply.
- if the non-striker is dismissed, the ball shall not count as one in the over.

38.4 Which batter is out

The batter out in the circumstances of clause 38.1 is the one whose ground is at the end where the wicket is fairly broken. See clause 30.2 (Which is a batter's ground).

38.5 Runs scored

If either batter is dismissed Run out, the run in progress when the wicket is fairly broken shall not be scored, but any runs completed by the batters shall stand, together with any runs for penalties awarded to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

38.6 Bowler does not get credit

The bowler does not get credit for the wicket.

39 STUMPED

39.1 Out Stumped

39.1.1 The striker is out Stumped, except as in clause 39.3, if

a ball which is delivered is not called No ball

and he is out of his ground, other than as in clause 39.3.1

and he has not attempted a run

when his wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however clause 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of clause 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 Ball rebounding from wicket-keeper's person

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball rebounds on to the stumps from any part of the wicket-keeper's person or equipment or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 Not out Stumped

39.3.1 The striker will not be out Stumped if, after having received the delivery, he has left his ground in order to avoid injury.

39.3.2 If the striker is not out Stumped he may, except in the circumstances of clause 38.2.2.2 (Batter not out run out) be out Run out if the conditions of clause 38.1 (Out Run out) apply.

39.4 Runs Scored

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note clauses 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one-run penalty for the Wide remains.

40 TIMED OUT

40.1 Out Timed out

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball or for the other batter to be ready to receive the next ball within two (2) minutes of the dismissal or retirement. If this requirement is not met, the incoming batter will be out Timed out.

40.1.2 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of clause 16.2 (ICC Match Referee awarding a match). For the purposes of that clause the start of the action shall be taken as the expiry of the two (2) minutes referred to above.

40.2 Bowler does not get credit

The bowler does not get credit for the wicket.

41 UNFAIR PLAY

41.1 Fair and unfair play – responsibility of captains

The captains are responsible for ensuring that play is conducted within the Spirit of Cricket, as well as within these Playing Conditions.

41.2 Fair and unfair play – responsibility of umpires

41.2.1 The umpires shall be the sole judges of fair and unfair play. If either umpire considers that any action by a player, not covered by these Playing Conditions, is unfair, they shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.
- warn the offending player's captain that any further such offence by any member of his team shall result in the award of five (5) Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side the bowler's end umpire shall then

- summon the offending player's captain and inform him that there has been a further such offence.
- award five (5) Penalty runs to the opposing side.

41.2.1.3 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player concerned.

41.3 The match ball – changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in clause 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out his normal duties, a batter is not allowed to wilfully damage the ball other than, when the ball is in play, in striking it with the bat. See also clause 5.5 (Damage to the ball).

A fielder may, however:

41.3.2.1 polish the ball on his clothing provided that no artificial substance is used, that the only natural substance used is sweat, and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires may consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in clause 41.3.2.

41.3.4 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of either side, or that its condition is inconsistent with the use it has received, they shall consider that there has been a contravention of this clause and decide together whether they can identify the player(s) responsible for such conduct.

41.3.5 If it is possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.5.1 Subject to clause 41.3.7 below, change the ball forthwith.

41.3.5.1.1 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the fielding side, the batter at the wicket shall choose the replacement ball from a selection of six (6) other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

41.3.5.1.2 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the batting side, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.5.2 Additionally, the bowler's end umpire shall:

41.3.5.2.1 award five (5) Penalty runs to the opposing side;

41.3.5.2.2 if appropriate, inform the batters at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action; and

41.3.5.2.3 inform the captain of the batting side as soon as practicable of what has occurred.

41.3.5.3 The umpires shall then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player(s) concerned.

41.3.6 If it is not possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.6.1 Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention;

41.3.6.2 The bowler's end umpire shall issue the captain with a first and final warning, and

41.3.6.3 Advise the captain that should there be any further instances of changing the condition of the ball by that team during the remainder of the series, clause 41.3.5.1.2 above will be adopted, with the captain deemed to be the player responsible for the contravention.

41.3.7 If the umpires believe that saliva has been applied to the ball, the bowler's end umpires shall:

– award five (5) Penalty runs to the opposing side, and

– replace the ball under the provisions of 41.3.5.1 unless they believe the fielding team has deliberately applied saliva to try to get the ball changed to their advantage.

41.4 Deliberate attempt to distract or obstruct striker

41.4.1 It is unfair for any fielder deliberately to attempt to distract or obstruct the striker while he is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, this call shall stand regardless of the attempt to distract or obstruct the striker.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.5 Deliberate distraction, deception or obstruction of batter

41.5.1 In addition to clause 41.4 (Deliberate attempt to distract or obstruct striker), it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 If an obstruction involves physical contact, the umpires together shall decide whether or not an offence under clause 42 (Players' conduct) has been committed.

41.5.5.1 If an offence under clause 42 (Players' conduct) has been committed, they shall apply the relevant procedures in clause 42 (Players' conduct) and shall also apply each of clauses 41.5.7 to 41.5.9.

41.5.5.2 If they consider that there has been no offence under clause 42 (Players' conduct), they shall apply each of clauses 41.5.6 to 41.5.10.

41.5.6 The bowler's end umpire shall;

– Signal No ball or Wide to the scorers, if applicable.

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.7 The ball shall not count as one of the over.

41.5.8 Any runs completed by the batters before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batters had already crossed at the instant of the offence.

41.5.9 The batters at the wicket shall decide which of them is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

41.5.10 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.6 Bowling of dangerous and unfair short deliveries

41.6.1 Notwithstanding clause 41.6.2, the bowling of short deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on the striker. The fact that the striker is wearing protective equipment shall be disregarded.

In the first instance the umpire decides that the bowling of short deliveries has become dangerous under clause 41.6.1

41.6.1.1 The umpire shall call and signal No ball, and when the ball is dead, caution the bowler and inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.6.1.2 If there is a second instance, the umpire shall repeat the above procedure and indicate to the bowler that this is a final warning, which shall apply to that bowler throughout the innings.

41.6.1.3 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.1.4 A bowler shall be limited to two fast short deliveries per over.

41.6.1.5 A fast short delivery is defined as a ball, which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.1.6 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short delivery has been bowled.

41.6.1.7 In addition, a ball that passes above head height of the batter, standing upright at the popping crease, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a Wide. See also clause 22.1.1.2

41.6.1.7.1 For the avoidance of doubt any fast short delivery that is called a Wide under this clause shall also count as one of the allowable short deliveries in that over.

41.6.1.8 In the event of a bowler bowling more than two fast short deliveries in an over as defined in clause 41.6.1.5 above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short delivery. The umpire shall call and signal 'No ball' and then tap the head with the other hand.

41.6.1.9 If a bowler delivers a third fast short delivery in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

41.6.1.10 If there is a second instance of the bowler being No balled in the innings for bowling more than two fast short deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.

41.6.1.11 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.2 Should the umpires initiate the caution and warning procedures set out in clauses 41.6.1.3 and 41.7 such cautions and warnings are not to be cumulative.

41.7 Bowling of dangerous and unfair non-landing deliveries

41.7.1 Any delivery, which passes or would have passed, without landing, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.2 Should there be any further instance (where a dangerous non-landing delivery is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling.

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.7.3 The warning sequence in clauses 41.7.1 and 41.7.2 is independent of the warning and action sequence in clause 41.6.

41.7.4 If the umpire considers that a bowler deliberately bowled a high non-landing delivery, deemed to be dangerous and unfair as defined in clause 41.7.1, then the caution and warning in clause 41.7.1 shall be dispensed with. The umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.8 Bowling of deliberate front-foot No ball

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, the umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in that match.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.9 Time wasting by the fielding side

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then

– warn the captain of the fielding side, indicating this is a first and final warning.

– inform the batters of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then award five (5) Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action.

Additionally, the umpire shall inform the batters and, as soon as is practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstances the captain and/or any individual members of the fielding team responsible for the time wasting will be charged.

41.9.4 Unless prevented from doing so by the umpires or the batters, the fielding side shall start each over within 60 seconds of the previous over being completed.

An electronic clock will be displayed at the ground that counts up seconds from zero to 60 until play resumes. The clock is not required or, if already started, can be cancelled if:

– A new batter comes to the wicket between overs.

– An official drinks interval has been called.

– The umpires have approved the on-field treatment of an injury to a batter or fielder (see Appendix I).

– The time lost is for any circumstances beyond the control of the fielding side.

The third umpire is responsible for determining when to start the clock. This should be the later of:

– The ball becoming dead at the end of the previous over

– Any umpire or player review from the final ball of the previous over being completed.

When the clock reaches 60, if the fielding side is not ready to start the next over:

– On the first such occasion in an innings, the bowler's end umpire shall issue a warning to the captain of the fielding side and inform the batters and the other umpire of what has occurred.

– On the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– On the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the batting side, informing the captain of the fielding side, the batters and the other umpire.

The process, warnings and penalties in 41.9.4 operate independently of those of 41.9.2 and 41.9.3.

41.10 Batter wasting time

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start his run-up.

In addition, an incoming batter should be in a position to take guard or his partner ready to receive the next ball within two (2) minutes of the fall of the previous wicket.

41.10.2 The striker shall be ready to receive the first ball of an over as soon as the umpires and the fielding side are ready for the over to start. During an over, the striker shall also be ready to receive each delivery when the bowler is ready to start his run-up.

41.10.3 If the striker is not ready as required in 41.10.2 and so delays play:

– on the first such occasion in an innings, the bowler's end umpire shall issue a warning to the striker and inform the non-striker, and each incoming batter, the captain of the fielding side and the other umpire of what has occurred.

– on the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– on the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the fielding side, informing the batters, the captain of the fielding side and the other umpire.

41.10.4 Should either batter waste time by failing to meet the above requirements, or in any other way, the warnings and penalty process described in 41.10.3 shall be applied by the umpires. For the avoidance of doubt, all such warnings issued for whatever reasons are combined for the purposes of cumulatively triggering the award of Penalty runs.

41.10.5 If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstance the batter concerned will be charged.

41.11 The protected area

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 feet/1.52 metres in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 foot/30.48 centimetres from it.

41.12 Fielder damaging the pitch

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in clause 41.13.1, at the first instance either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

– caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.

– inform the batters of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

– award five (5) Penalty runs to the batting side.

Additionally, the umpire shall

– inform the fielding captain of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.13 Bowler running on protected area

41.13.1 It is unfair for a bowler to enter the protected area in his follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this clause, at the first instance and when the ball is dead, the umpire shall

– caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.

– inform the captain of the fielding side and the batters of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this clause, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this clause a third time, when the ball is dead, the umpire shall,

– direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The suspended bowler shall not be allowed to bowl again in that innings.

– inform the other umpire of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.14 Batter damaging the pitch

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or playing at the ball, he must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in clause 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batters that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side.
- return any not out batter to his original end.
- signal No ball or Wide to the scorers if applicable.
- award five (5) Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).
- Inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.15 Striker in protected area

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch for the purpose of indicating his batting position provided that no mark is unreasonably close to the protected area.

41.15.2 If there is a breach of any of the conditions in clause 41.15.1 by the striker, if the bowler has not entered his delivery stride, the umpire shall immediately call Dead ball, otherwise, that umpire shall wait until the ball is dead; they shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in clause 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, that umpire shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall

– disallow all runs to the batting side.

– return any not out batter to his original end.

– signal No ball or Wide to the scorers if applicable.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.16 Batters stealing a run

41.16.1 It is unfair for the batters to attempt to steal a run during the bowler's run-up.

Unless the bowler attempts to run out the non-striker – see clause 38.3 (Non-striker leaving his ground early) – either umpire shall

– call and signal Dead ball as soon as the batters cross in such an attempt.

– inform the other umpire of the reason for this action.

The bowler's end umpire shall then

– disallow the attempted run.

– return the batters to their original ends.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable

– inform the batters, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.17 Penalty runs

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See clause 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where these Playing Conditions require the award up until the umpires leave the field at the end of the match, even if a result has already been achieved. See clause 16.6 (Winning hit or extras). Note that if the award of Penalty runs means that a result has no longer been achieved, the match continues.

Where more than one award of Penalty runs is required during the same delivery, the umpires shall award them in the order that the offence took place.

Note, however, that the restrictions on awarding Penalty runs, in clauses 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side) and 34.4 (Runs scored from ball lawfully struck more than once) will apply.

41.17.3 When five (5) Penalty runs are awarded to the batting side under any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) or under 41.3, 41.4, 41.5, 41.9 or 41.12, then

– they shall be scored as Penalty extras and shall be in addition to any other penalties.

– they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.

– the batters shall not change ends solely by reason of the 5-run penalty.

41.17.4 When five (5) Penalty runs are awarded to the fielding side, under clause 18.5.2 (Deliberate short runs), or under 41.10, 41.14, 41.15 or 41.16, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the five (5) Penalty runs shall be added to the score in its next innings.

42 PLAYERS' CONDUCT

42.1 Serious misconduct

42.1.1 The umpires shall act upon any serious misconduct. The relevant offences and the corresponding actions by the umpires are identified in clause 42.2.1. These offences correspond with Level 4 offences in the ICC Code of Conduct. Level 1 to Level 3 offences continue to be dealt with separately under the ICC Code of Conduct.

42.1.2 If either umpire considers that a player has committed one of these offences at any time during the match, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether an offence has been committed. The umpires may also consult with the third umpire and the ICC Match Referee, who may review any audio or video replays to confirm whether an offence has been committed. If so, the umpires shall then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand

42.1.5 If the offence is committed by a batter, the umpires shall summon the offending player's captain to the field. Solely for the purpose of this clause, the batters at the wicket may not deputise for their captain.

42.2 Level 4 offences and action by umpires

42.2.1 Any of the following actions by a player shall constitute a Level 4 offence:

– threatening to assault an umpire

– making inappropriate and deliberate physical contact with an umpire

– physically assaulting a player or any other person

– committing any other act of violence.

42.2.2 If such an offence is committed, 42.2.2.1 to 42.2.2.5 shall be implemented.

42.2.2.1 The umpire shall call Time.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 The umpires shall instruct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.2.2.3.1 If the offending player is a fielder, no substitute shall be allowed for him. He is to be recorded as Retired – out at the commencement of any subsequent innings in which his team is the batting side.

42.2.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.2.2.3.3 If the offending player is a batter he is to be recorded as Retired – out in the current innings, unless he has been dismissed under any of clauses 32 to 39, and at the commencement of any subsequent innings in which his team is the batting side. If no further batter is available to bat, the innings is completed.

42.2.2.4 As soon as practicable, the umpire shall:

– award five (5) Penalty runs to the opposing team

– signal the Level 4 penalty to the scorers

– call Play.

42.2.2.5 The umpires shall then report the matter to the ICC Match Referee under the ICC Code of Conduct.

42.3 Captain refusing to remove a player from the field

42.3.1 If a captain refuses to carry out an instruction under 42.2.2.3, the umpires shall invoke clause 16.2 (ICC Match Referee awarding a match).

42.3.2 If both captains refuse to carry out instructions under 42.2.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in clause 12.6 (Conclusion of match) and there shall be no result under clause 16 (The result).

42.4 Additional points relating to Level 4 offences

42.4.1 If a player, while acting as wicket-keeper, commits a Level 4 offence, clause 24.1.2 shall not apply, meaning that only a nominated player may keep wicket, even if another fielder becomes injured or ill and is replaced by a substitute.

42.4.2 A nominated player who has a substitute will also suffer the penalty for any Level 4 offence committed by the substitute. However, only the substitute will be reported under clause 42.2.2.5.

APPENDIX A: DEFINITIONS

1 THE MATCH

1.1 **The game** is used in these Playing Conditions as a general term meaning the Game of Cricket.

1.2 **A match** is a single One-Day International match between two (2) teams, played under these Playing Conditions.

1.3 **ODI** is an abbreviation for One-Day International.

1.4 **The toss** is the toss for choice of innings.

1.5 **Before the toss** is at any time before the toss on the day the match is expected to start.

1.6 **Before the match** is at any time before the toss, not restricted to the day of the match.

1.7 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

1.8 **Playing time** is any time between the call of Play and the call of Time. See clauses 12.1 (Call of Play) and 12.2 (Call of Time).

1.9 **Conduct of the match** includes any action relevant to the match at any time.

1.10 **Ground Authority** is the entity responsible for the selection and preparation of the pitch and other functions relating to the hosting and management of the match, including any agents acting on their behalf (including but not limited to the curator or other ground staff).

1.11 **Home Board** is the ICC member responsible for the home team and the hosting of the match.

1.12 **Visiting Board** is the ICC member responsible for the visiting team.

1.13 **A Reserve Day** is, where scheduled, an additional day for the completion of the match.

1.14 **DLS** is the Duckworth/Lewis/Stern method for determining the Target Score for the team batting second in an interrupted match, details of which are set out on the ICC website.

1.15 **A Super Over** is the procedure for determining the winning team in a tied match, as set out in Appendix F.

1.16 **The Spirit of Cricket** refers to the values of respect and fair play that underpin the game of cricket, as set out in the Preamble to these Playing Conditions.

1.17 **The ICC Code of Conduct** is the ICC Code of Conduct for Players and Player Support Personnel, as amended from time to time.

2 IMPLEMENTS AND EQUIPMENT

2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.

For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.

For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

2.3 **A protective helmet** is headwear made of hard material and designed to protect the head or the face or both, which shall (in line with the Clothing and Equipment Regulations) be certified to BS7928:2013. For the purposes of interpreting these Playing Conditions, such a description will include faceguards head, neck and/or face grilles and neck guards.

2.4 **Equipment** – a batter's equipment is his bat as defined above, together with any external protective equipment he is wearing.

A fielder's equipment is any external protective equipment that he is wearing.

2.5 **The bat** – the following are to be considered as part of the bat:

– the whole of the bat itself.

– the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.

– the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

2.6 **Held in batter's hand.** Contact between a batter's hand, or glove worn on his hand, and any part of the bat shall constitute the bat being held in that hand.

2.7 **Held in the fielder's hand** – to be considered held in the fielder's hand or hands, the ball must be held with complete control in the fielder's palm or fingers, or in the palm or fingers of a wicket-keeper's glove.

2.8 **Complete control over the ball** means that, assuming no contact with any other person or object, the fielder could continue to hold the ball for as long as they choose, or to dispose of it wherever they choose.

3 THE PLAYING AREA

3.1 **The field of play** is the area contained within the boundary.

3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

3.3 **The outfield** is that part of the field of play between the square and the boundary.

4 POSITIONING

4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. Behind, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. In front of, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in paragraph 4.3.

4.5 **The wicket-keeper's end** is the same as the striker's end as described in paragraph 4.3.

4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See paragraph 4.2.

4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See paragraph 4.1.

4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

4.9 **Off side/on (leg) side** – see diagram in paragraph 13.

4.10 **Inside edge** is the edge on the same side as the nearer wicket.

5 UMPIRES AND DECISION-MAKING

5.1 **Umpire** – where the description the umpire is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly, 'the umpires' always means both umpires and the third umpire. An umpire and umpires are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see paragraph 4.4) for the current delivery.

5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see paragraph 4.3), to one side of the pitch or the other, depending on that umpire's choice, for the current delivery.

5.4 **On-field umpires** shall mean, collectively, the bowler's end umpire and the striker's end umpire.

5.5 **Third umpire** is the umpire who may use television evidence and other available technology in order review a decision of the on-field umpires, either by way of an Umpire Review or a Player Review under the protocol set out in Appendix D. The third umpire shall also determine No balls under clause 21.5 (Fair delivery – the feet).

5.6 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

5.7 **Decision Review System** or **DRS** is the process covered by the Decision Review System and Third Umpire Protocol set out in Appendix D, under which the third umpire may be consulted in relation to a decision of the on-field umpires, either by way of an Umpire Review or a Player Review.

5.8 **Player Review** is the process set out in Appendix D by which a player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed (with the exception of 'Timed out').

5.9 **Umpire Review** is the process set out in Appendix D by which an on-field umpire has the discretion to refer a decision to the third umpire or, under certain circumstances, to consult with the third umpire before making a decision.

5.10 **Umpire's Call** is the concept within the DRS under which the on-field decision of the bowler's end umpire shall stand, which shall apply under the specific circumstances set out in paragraphs 3.4.5 and 3.4.6 of Appendix D, where the ball-tracking technology indicates a marginal decision in respect of either the Impact Zone or the Wicket Zone.

5.11 **The Landing Zone** as used in the DRS is a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

5.12 **The Impact Zone** as used in the DRS is a three-dimensional space extending between both sets of stumps to an indefinite height vertically and with its boundaries consisting of the base of the stumps and the outside of the outer stumps at each end.

5.13 **The Wicket Zone** as used in the DRS is a two-dimensional area with its boundaries consisting of the outside of the outer stumps, the base of the stumps, and the outline of the top of the bails.

5.14 **A Fair Catch** is a catch that has been taken cleanly by the fielder in accordance with clause 33.

5.15 **A Bump Ball** is where the ball has made contact with the ground shortly after making contact with the striker's bat.

5.16 **The Elite Panel** is the group of umpires contracted to the ICC to officiate in international cricket.

5.17 **The International Panel** is the group of umpires nominated by the ICC's Full Members in accordance with clause 2.1.3 of the Playing Conditions.

6 BATTERS

6.1 **Batting side** is the side currently batting, whether or not play is in progress.

6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

6.3 **The Striker** is the batter who receives the ball delivered by the bowler.

6.4 **The non-striker** is the batter who ground is at the bowler's end when the ball is delivered.

6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

6.6 **The batters have crossed**, while running between the wickets, only when the whole of one batter's person and bat have passed the whole of the other batter's person and bat.

6.7 **Original end** is the end where a batter was when the ball came into play for that delivery.

6.8 **Wicket he has left** is the wicket at the end where a batter was at the start of the run in progress.

6.9 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler.

6.10 **A normal batting position** is one from which a striker could be reasonably expected to defend his wicket.

6.11 For the purposes of these Playing Conditions, waist height is defined as the point at which the top of the batter's trousers would conventionally be when he is standing upright at the popping crease.

7 FIELDERS

7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging his duties as a fielder is not absent from the field of play nor, for the purposes of clause 24.2 (Fielder absent or leaving the field of play), is he to be regarded as having left the field of play.

8 SUBSTITUTES AND CONCUSSION REPLACEMENTS

8.1 **A Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom he substitutes on that side's list of nominated players. A substitute's activities are limited to fielding.

8.2 **A Concussion Replacement** is a pre-match designated player who takes the place of a player who has been replaced in accordance with the process set out in clause 1.2.7, and who for the remainder of the match replaces that player on that side's list of nominated players, being able to take a full part in the match (subject to such restrictions as may be imposed by the ICC Match Referee in accordance with clause 1.2.7.5).

8.3 **A Concussion Replacement Request** is the notification made to the ICC Match Referee in accordance with the process set out in clause 1.2.7.1.3.

8.4 **The Team Medical Representative** is the individual designated as having responsibility for the assessment of any issues relating to replacement players as set out in clause 1.2.7.

9 BOWLERS

9.1 **Over the wicket/round the wicket** – if, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as his bowling arm, he is bowling over the wicket. If the return crease is on the same side as his bowling arm, he is bowling round the wicket.

9.2 **Delivery swing** is the motion of the bowler's arm during which he normally releases the ball for a delivery.

9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

9.4 **The back foot** is the foot in the delivery stride that is the same side as the arm with which the bowler delivers the ball.

9.5 **The front foot** is the foot in the delivery stride that is the opposite side to the arm with which the bowler delivers the ball.

9.6 A bowler's foot lands at the moment some part of the foot first makes contact with the ground. Only the first point of contact with the ground is determined to be grounded at this point of landing.

9.7 **The Illegal Bowling Regulations** are the ICC's regulations governing Illegal Bowling Actions.

9.8 **An Illegal Bowling Action** is a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

9.9 **Elbow Extension** means the motion that occurs when a bowler's arm moves from a flexed (bent) position at the elbow, to a more extended (straight) position (full Elbow Extension occurs when the arm is straight).

9.10 **Elbow Hyperextension** is the motion that occurs when a bowler's elbow extends beyond the straight position.

9.11 **The ICC Bowling Action Report Form** is the form provided for by Article 3 of the Illegal Bowling Regulations, by which an umpire and/or the ICC Match Referee may submit a report relating to a suspected Illegal Bowling Action.

10 THE BALL

10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/'strikes the ball with the bat'.

10.2 **Non-landing** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground.

11 RUNS

11.1 **A run to be disallowed** is one that in these Playing Conditions should not have been taken. It is not only to be cancelled but the batters are to be returned to their original ends.

11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batters will not be returned to their original ends on that account.

12 THE PERSON

12.1 **Person;** A player's person is his physical person (flesh and blood) together with any clothing or legitimate external protective equipment that he is wearing except, in the case of a batter, his bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to him.

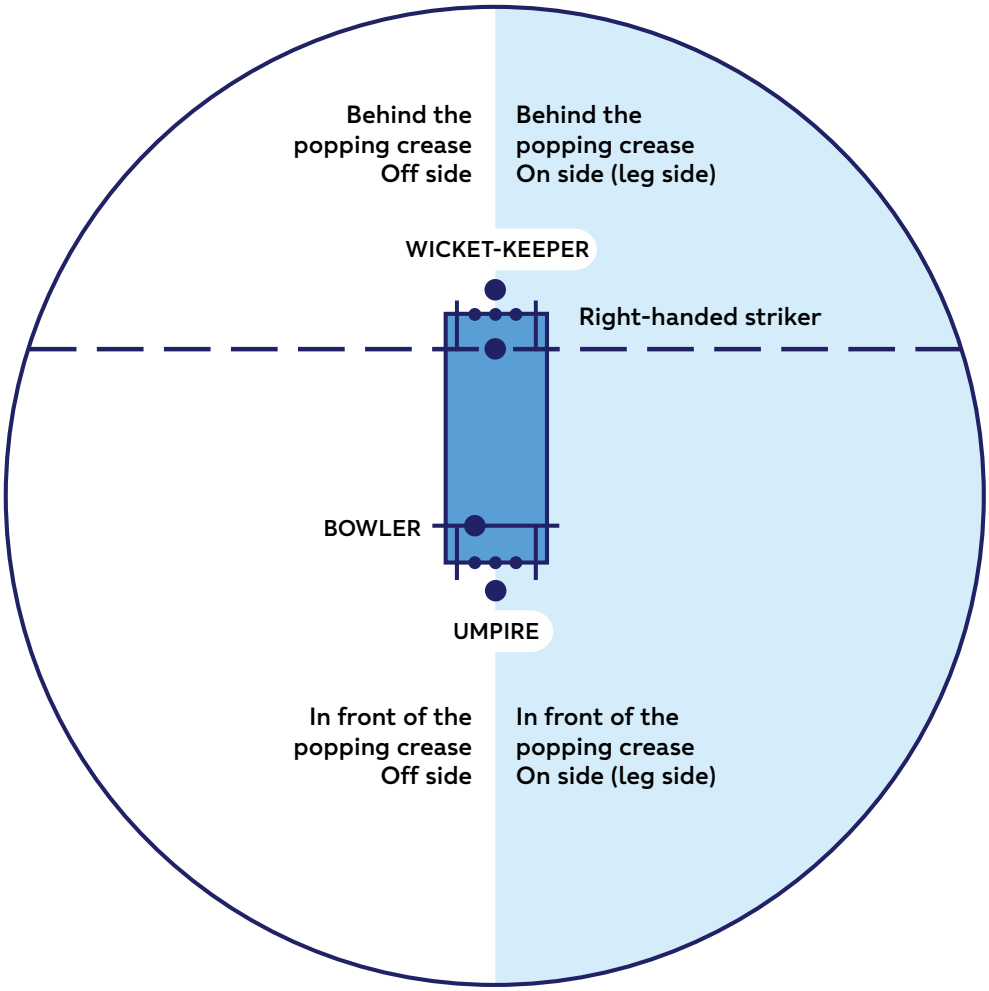

For a batter, a glove being held but not worn is part of his person.

For a fielder, an item of clothing or equipment he is holding in his hand or hands is not part of his person.

12.2 **Clothing** – anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though he may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

12.3 **Hand** for batter shall include both the hand itself and the whole of a glove worn on the hand.

13 OFF SIDE/ON SIDE; IN FRONT OF/ BEHIND THE POPPING CREASE

APPENDIX B: EQUIPMENT

1 THE BAT

1.1 General guidance

1.1.1 Measurements – All provisions in paragraphs 1.2 to 1.6 below are subject to the measurements and restrictions stated in the Playing Conditions and this Appendix.

1.1.2 Adhesives – Throughout, adhesives are permitted only where essential and only in minimal quantity.

1.2 Specifications for the handle

1.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade.

This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting paragraphs 1.3 and 1.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

1.2.2 The handle may be glued where necessary and bound with twine along the upper portion.

Providing clause 5.5 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to clause 5.6. The bottom of this grip should not extend below the point defined in paragraph 1.2.4 below.

Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in paragraph 1.3.1.

No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.2.3 Materials in handle – As a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth. Such materials must not project more than 3.25 inches/8.26 centimetres into the lower portion of the handle

1.2.4 Binding and covering of handle – The permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of

2.5 inches/6.35 centimetres for the twine binding

2.75 inches/6.99 centimetres for the covering grip.

1.3 Specifications for the blade

1.3.1 The blade has a face, a back, a toe, sides and shoulders

1.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

1.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

1.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

1.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

1.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

1.3.2 No material may be placed on or inserted into the blade other than as permitted in paragraph 1.2.4, paragraph 1.3.3, and clause 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.3.3 Covering the blade. Bats shall have no covering on the blade except as permitted in clause 5.4.

Any materials referred to above, in clause 5.4 and paragraph 1.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in paragraph 1.6.

1.4 Protection and repair

1.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

1.4.2 Materials can be used for protection and repair as stated in clause 5.4 and are additional to the blade. Note however clause 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of clause 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 inches/2.0 centimetres in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 inches/0.1 centimetres in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 inches/0.01 centimetres in thickness is not permitted.

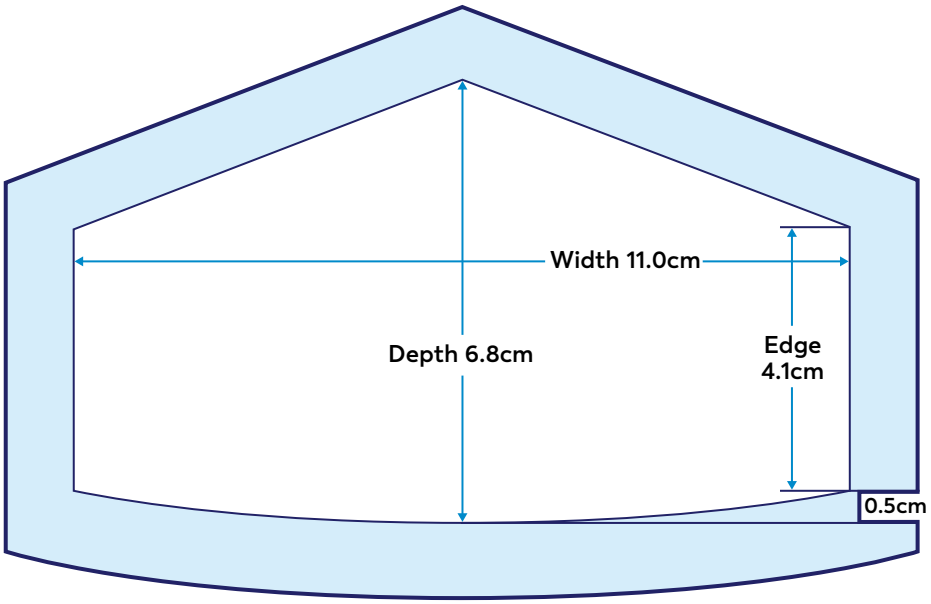

1.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in paragraph 1.6.

1.5 Commercial identifications

Such identifications shall comply with the restrictions set out in the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

1.6 Bat gauge

All bats must meet the specifications defined in clause 5.7. They must also, with or without protective coverings permitted in clause 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the following diagram:

DIMENSIONS OF APERTURE

Total depth: 2.68 inches/6.8 centimetres

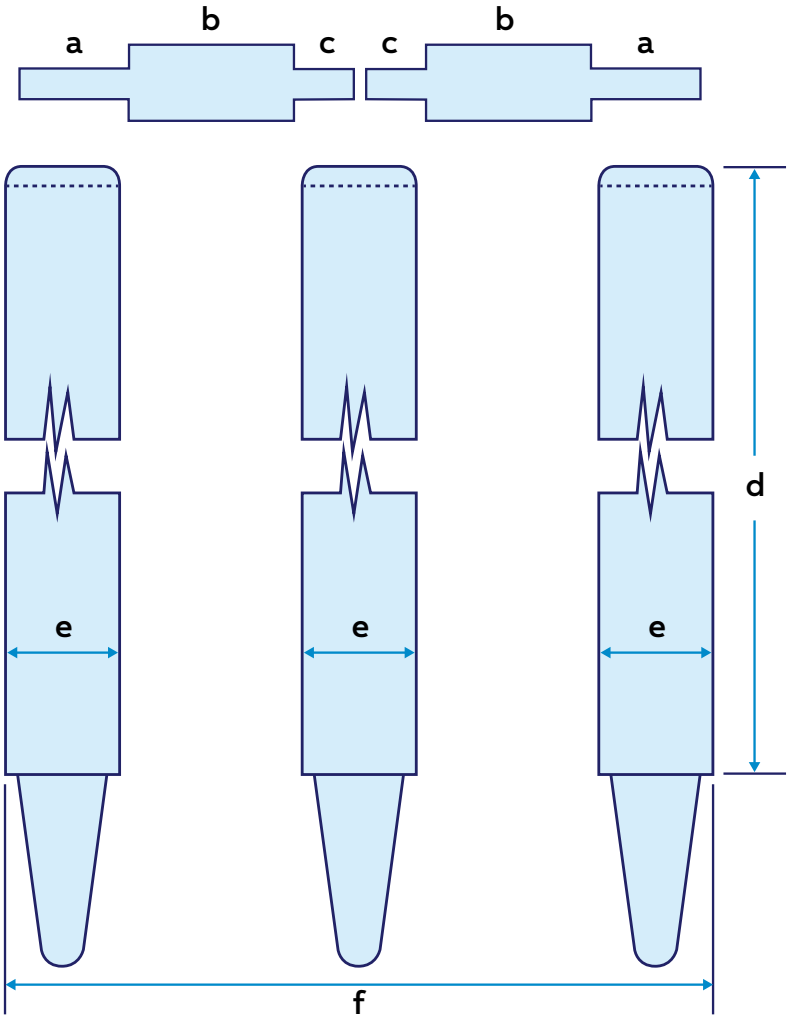

Width: 4.33 inches/11.0 centimetres

Edge: 1.61 inches/4.1 centimetres

Curve: 0.20 inches/0.5 centimetres

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 inches/30.5 centimetres, whose centre is on the vertical centre line of the aperture.

2 THE WICKETS

2.1 Bails

Overall 4.32 inches/10.96 centimetres

a = 1.38 inches/3.50 centimetres

b = 2.13 inches/5.40 centimetres

c = 0.81 inches/2.06 centimetres

2.2 Stumps

Height (d) = 28 inches/71.1 centimetres

Diameter (e) – maximum = 1.5 inches/3.81 centimetres;
minimum = 1.38 inches/3.50 centimetres

2.3 Overall

Width (f) of wicket 9 inches/22.86 centimetres

3 WICKET-KEEPING GLOVES

3.1 The images below illustrate the requirements of clause 27.2 in relation to:

– no webbing between the fingers;

– a single piece of non-stretch material between finger and thumb as a means of support; and

– when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

3.2 Note also the requirement for wicket-keeping gloves to comply with the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

4 HELMETS AND NECK PROTECTORS

4.1 Players must wear a helmet in the following circumstances where:

– batters are facing pace bowlers,

– wicket keepers are standing up to the stumps, and

– fielding close to the batter in front of the wicket

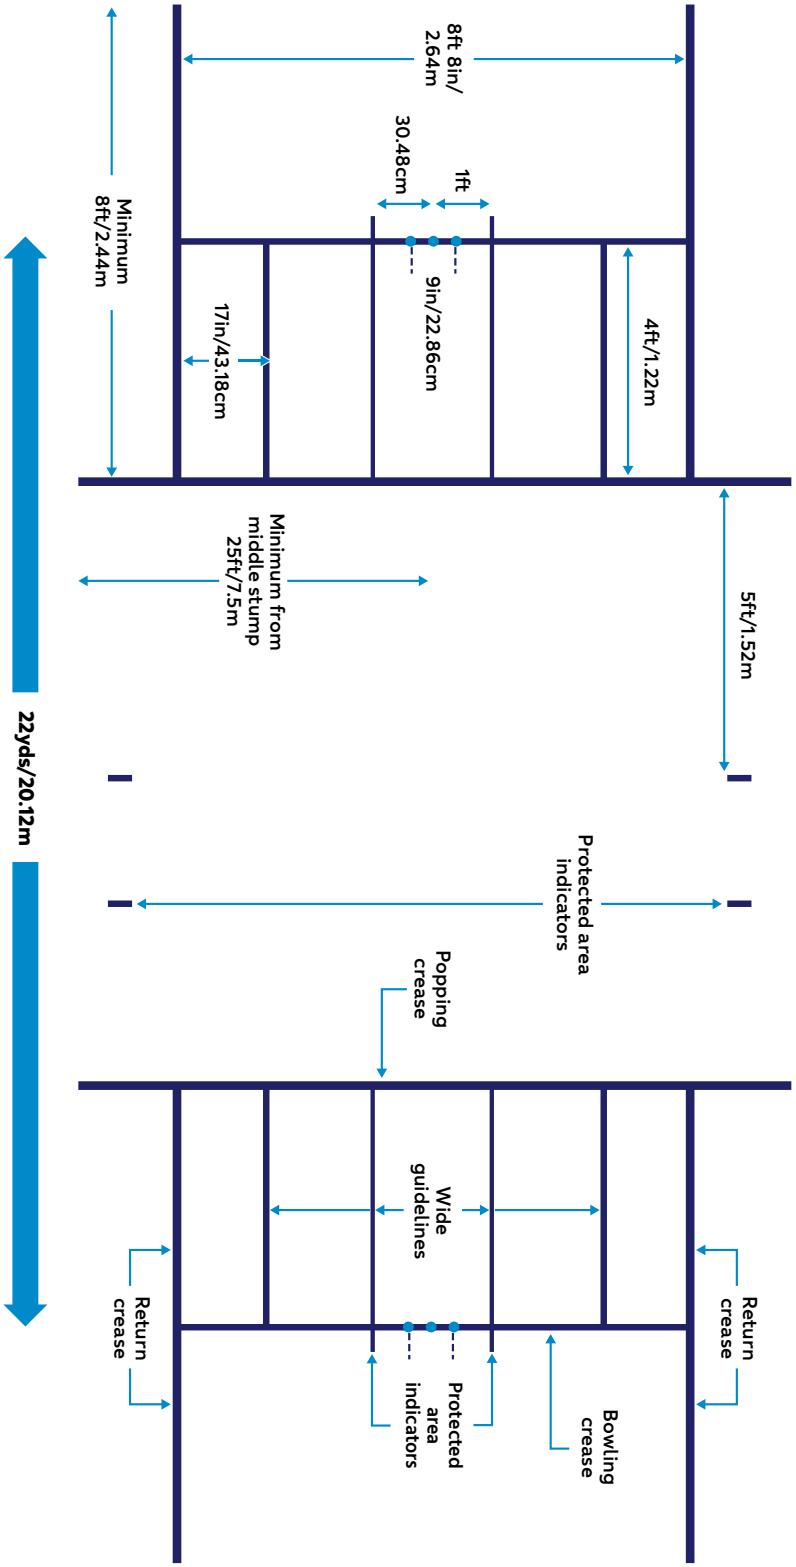

4.2 All helmets must be certified (BS7928:2013) helmets.

4.3 At other times helmets are optional. However, if a helmet is worn, it also must be a certified (BS7928:2013) helmet.

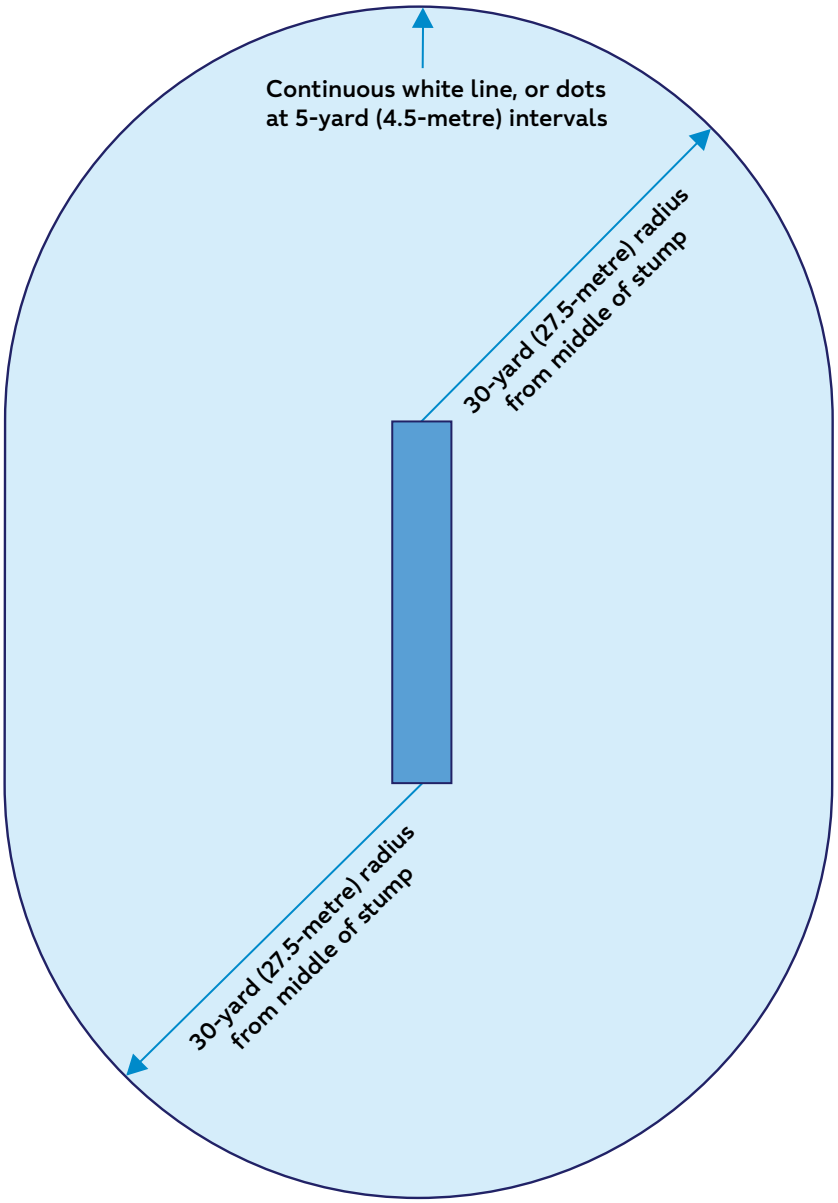

4.4 The use of a neck protector when batting in International Cricket is optional.

APPENDIX C: THE VENUE

1 THE PITCH AND THE CREASES

2 RESTRICTION ON THE PLACEMENT OF FIELDERS

3 ADVERTISING ON GROUNDS, PERIMETER BOARDS AND SIGHT-SCREENS

3.1 Advertising on grounds

3.1.1 The logos on outfields are to be positioned as follows:

(a) Behind the stumps – a minimum of 25.15 yards (23 metres) from the stumps.

(b) Midwicket/cover area – no advertising to be positioned within 30 yards (27.50 metres) of the centre of the pitch being used for the match.

3.1.2 Note: Advertising closer to the stumps as set out above which is required to meet 3D requirements for broadcasters may be permitted, subject to prior ICC approval having been obtained.

3.2 Perimeter boards

3.2.1 Advertising on perimeter boards placed in front of the sight-screens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.

3.2.2 Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that the images are only changed or moved at a time that will not be distracting to the players or the umpires.

3.2.3 The brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

3.3 Sight-screens

3.3.1 Sight-screens shall be provided at both ends of all grounds.

3.3.2 Advertising shall be permitted on the sight-screen behind the striker, providing it is removed for the subsequent over from that end.

3.3.3 Such advertising shall not contain flashing or flickering images and particular care should be taken by the operators that the advertising is not changed at a time which is distracting to the umpire.

4 MARKINGS ON OUTFIELD

With the permission of the Ground Authority, a bowler may use paint to make a small marking on the outfield for the purposes of identifying their run-up. Paint used for this purpose shall be any colour other than white.

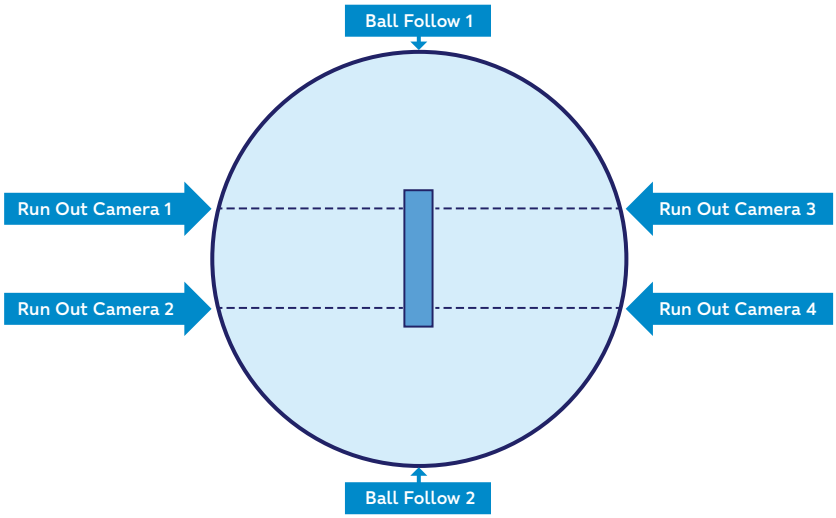

APPENDIX D: DECISION REVIEW SYSTEM (DRS) AND THIRD UMPIRE PROTOCOL

1 GENERAL

1.1 Minimum requirements for use of DRS and appointment of third umpire

1.1.1 Save with the express written consent of the ICC General Manager – Cricket, the Home Board shall ensure the live television broadcast of all ODI matches played in its country.

1.1.2 Where matches are broadcast, the camera specification set out below shall be mandatory as a minimum requirement.

1.1.3 Where the camera specification set out above is provided, a third umpire shall be appointed to the match.

1.1.4 The provisions of paragraphs 1.1.1, 1.1.2, and 1.1.3 above shall not apply for matches between a Full Member country and Associate Member countries (whose matches have been granted ODI status) and for matches between such Associate Member countries.

1.1.5 If the minimum requirements for DRS to be used are satisfied, both participating Boards may agree to employ the DRS for an ODI. Otherwise, the third umpire shall be appointed and empowered to use broadcast replays to make decisions that are referred to them in accordance with paragraph 2 (Umpire Reviews).

1.1.6 The table below summarises the minimum requirements for DRS to be used, and the regulations around the appointment of the third umpire:

	Third Umpire (non-DRS)	DRS
Minimum Requirement	Cameras – Specification detailed in paragraph 1.1.2.	Cameras – Specification detailed in paragraph 1.1.2. Technology – Approved ball-tracking technology. – Approved sound-based edge detection technology.
Third Umpire Appointment	Appointed by the Home Board. From the home country. From ICC Elite Panel or International Panel of umpires.	Appointed by the ICC. Not from the same country as either of the participating teams. From ICC Elite Panel or International Panel of umpires.
Third Umpire Jurisdiction	Umpire Reviews only.	Umpire Reviews and Player Reviews.
Replays that can be used	The third umpire shall only have access to replays of any camera images. Other technology which may be in use by the broadcaster for broadcast purposes (for example, ball-tracking technology, sound-based edge detection technology, and heat-based edge detection technology) shall not be used during Umpire Reviews.	Any replay, stump microphone audio or technology detailed in paragraph 3.8.1 below.
ICC Technical Officer	Not required.	The ICC shall appoint an independent technology expert (ICC Technical Officer) to be present at every series in which the DRS is used to assist the third umpire and to protect the integrity of the DRS process.

1.1.7 The Home Board shall ensure that a separate room is provided for the third umpire and that they have access to the television equipment and technology so as to be in the best position to facilitate the referral and/or consultation processes referred to in paragraphs 2 (Umpire Review) and 3 (Player Review) below.

2 UMPIRE REVIEW

In the circumstances detailed in paragraphs 2.1, 2.2, 2.3 and 2.4 below, the on-field umpire shall have the discretion to refer the decision to the third umpire or, in the case of paragraphs 2.2, and 2.4, to consult with the third umpire before making the decision. In line with clause 21.5, the third umpire shall already have reviewed television replays of the bowler's feet landing and, where satisfied that not all the requirements have been met, shall immediately have advised the bowler's end umpire (who shall in turn have immediately called and signalled No ball). Accordingly, paragraphs 2 (Umpire Review) and 3 (Player Review) of this Appendix D shall operate on the basis that this element of the referral and/or consultation process has already been undertaken.

Save for requesting the umpire to review their decision under paragraph 3 (Player Review) below, players may not appeal to the on-field umpires to use the Umpire Review. Breach of this provision may constitute dissent and the player may be subject to disciplinary action under the ICC Code of Conduct for Players and Player Support Personnel.

2.1 Run Out, Stumped, Bowled and Hit Wicket Decisions

2.1.1 The relevant on-field umpire shall be entitled to refer an appeal for run-out, stumped, bowled or hit wicket to the third umpire.

2.1.2 An on-field umpire wishing to refer a decision to the third umpire shall signal to the third umpire by making the shape of a TV screen with their hands.

2.1.3 In the case of a referral of a bowled, hit wicket or stumped decision, the third umpire shall first check the fairness of the delivery (any mode of No ball on request except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). If the delivery was not a fair delivery the third umpire shall indicate that the batter is Not out and advise the on-field umpire to signal No ball. See also paragraph 2.6 below.

2.1.4 Additionally, if on review of a run out, bowled or hit wicket, the third umpire finds the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the on-field umpire so that the correct decision is made.

2.1.5 If the third umpire decides that the batter is Out, a red light shall be displayed; if the third umpire decides that the batter is Not out, a green light shall be displayed. Should the third umpire be temporarily unable to respond, a white light (where available) shall remain illuminated throughout the period of interruption to signify to the on-field umpires that Umpire Reviews are temporarily unavailable, in which case the decision shall be taken by the on-field umpire. As an alternative to the red/green light system, the replay screen (where available) may be used for the purpose of conveying the third umpire's decision, in line with the ICC Big Screen Policy.

2.2 Caught Decisions, Obstructing the Field

2.2.1 Where the bowler's end umpire is unable to decide upon a Fair Catch or a Bump Ball, or if, on appeal from the fielding side, the batter obstructed the field, they shall first consult with the striker's end umpire.

2.2.2 Should both on-field umpires require assistance from the third umpire to make a decision, the bowler's end umpire shall consult by two-way radio with the third umpire followed by making the shape of a TV screen with their hands.

2.2.3 The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter obstructed the field. However, in reviewing the television replay(s), the third umpire shall first check the fairness of the delivery for all decisions involving a catch (any mode of No ball, on request, except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2

of the Illegal Bowling Regulations) and whether the batter has hit the ball. If the delivery was not a fair delivery they shall advise the bowler's end umpire to signal No ball. See also paragraph 2.6 below. Additionally, if it is clear to the third umpire that the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the bowler's end umpire of their decision, which will then be displayed on the big screen.

2.2.4 The third umpire shall communicate their decision as set out in paragraph 2.1.5.

2.3 Boundary Decisions

2.3.1 The bowler's end umpire shall be entitled to refer to the third umpire for a decision on:

2.3.1.1 whether a four or six has been scored;

2.3.1.2 whether a fielder had any part of his person in contact with the ball when he touched the boundary; or

2.3.1.3 whether the fielder had any part of his person in contact with the ball when he had any part of his person grounded beyond the boundary.

2.3.1.4 the number of runs scored when a boundary results from an overthrow or the wilful act of a fielder (see clause 19.8)

2.3.2 A decision shall be made immediately and cannot be changed thereafter.

2.3.3 If the television evidence is inconclusive as to whether or not a boundary has been scored, the default presumption shall be in favour of no boundary being awarded.

2.3.4 Where the bowler's end umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.3.5 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

2.4 Batters Running to the Same End

2.4.1 Where both batters have run to the same end and the on-field umpires are uncertain over which batter made his ground first, the on-field umpires may consult with the third umpire.

2.4.2 The procedure set out in paragraph 2.3.4 shall apply.

2.5 Short run

2.5.1 The third umpire shall automatically review any call of Short run by an on-field umpire under clauses 18.3 and 18.4, communicating with the relevant on-field umpire by two-way radio and conveying their decision by the same method.

2.6 No balls

2.6.1 If the bowler's end umpire is uncertain as to the fairness of the delivery following a dismissal (other than in respect of the feet, which shall have already been checked by the third umpire), either affecting the validity of the dismissal or which batter is dismissed, other than in respect of clause 21.5 (Fair delivery – the feet) for which the third umpire will already have checked, they shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery with the third umpire. Communication with the third umpire shall be by two-way radio.

2.6.2 The third umpire shall check any mode of No ball on request (other than in respect of the feet, which shall have already been checked) not already checked except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations).

2.6.3 If the delivery was not a fair delivery, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball).

2.6.4 If a No ball under clause 21.5, after being reviewed by the third umpire, is only called by the bowler's end umpire after the ball is dead, the batting side shall benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally called a No ball prior to the ball becoming dead. Where the batters crossed while the ball was in the air before being caught, the batters shall return to their original ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

2.7 Cameras On or Over the Field of Play

2.7.1 The on-field umpires shall be entitled to refer to the third umpire for a decision as to whether the ball has at any time during the normal course of play come into contact with any part of the camera, its apparatus or its cables above the playing area, as contemplated in clause 20.1.3.

2.7.2 Where an on-field umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.7.3 A decision shall be made immediately and cannot be changed thereafter. If the television evidence is inconclusive as to whether or not the ball has come into contact with any part of the camera, its apparatus or its cables above the playing area, the default presumption shall be in favour of no contact having been made.

2.7.4 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows the ball to have been in contact with any part of the camera or its cables above the playing area as envisaged under this paragraph.

3 PLAYER REVIEW

The following paragraphs shall operate in addition to and in conjunction with paragraph 2 (Umpire Review).

3.1 Circumstances in which a Player Review may be requested

3.1.1 A player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed, with the exception of 'Timed Out' (Player Review).

3.1.2 No other decisions made by the umpires are eligible for a Player Review.

3.1.3 Only the batter involved in a dismissal may request a Player Review of an Out decision and only the captain (or acting captain) of the fielding team may request a Player Review of a Not out decision.

3.1.4 A decision concerning whether or not a batter is dismissed that could have been the subject of an Umpire Review under paragraph 2 is eligible for a Player Review as soon as it is clear that the on-field umpire has chosen not to initiate the Umpire Review.

3.2 The manner of requesting the Player Review

3.2.1 The request shall be made by the player making a 'T' sign with both forearms at head height.

3.2.2 The total time elapsed between the ball becoming dead and the review request being made shall be no more than 15 seconds. The bowler's end umpire shall provide the relevant player with a prompt after 10 seconds if the request has not been made at that time and the player shall request the review immediately thereafter. If the on-field umpires believe that a request has not been made within the 15 second time limit, they shall decline the request for a Player Review.

3.2.3 The captain may consult with the bowler and other fielders, and the two batters may consult with each other prior to deciding whether to request a Player Review. Either the captain or the two batters may, in respect of a decision relating to an appeal for LBW, question the bowler's end umpire as to whether their decision has been made on the basis that the striker made no genuine attempt to play the ball with the bat. Under no other circumstances is any player permitted to query an umpire about any aspect of a decision before deciding on whether or not to request a Player Review. If the on-field umpires believe that the captain or either batter has received direct or indirect input emanating other than from the players on the field, then they may at their discretion decline the request for a Player Review. In particular, signals from the dressing room must not be given.

3.2.4 No replays, either at normal speed or slow motion, shall be shown on a big screen to spectators until the 15 second time limit allowed for requesting a Player Review has elapsed.

3.2.5 Where either on-field umpire initiates an Umpire Review, this does not preclude a player seeking a Player Review of a separate incident from the same delivery. The request for a Player Review may be made after the Umpire Review, provided the request is still within the 15 second time limit described in paragraph 3.2.2 above. (See paragraph 3.9 for the process for addressing both an Umpire and Player Review.)

3.2.6 A request for a Player Review cannot be withdrawn once it has been made.

3.3 The process of consultation

3.3.1 On receipt of an eligible and timely request for a Player Review, the relevant on-field umpire shall make the sign of a shape of a TV screen with their hands in the normal way.

3.3.2 The relevant on-field umpire shall initiate communication with the third umpire by confirming;

3.3.2.1 That a Player Review has been requested,

3.3.2.2 The mode of dismissal for which the relevant on-field umpire adjudicated the appeal,

3.3.2.3 The decision that has been made (Out or Not out), and;

3.3.2.4 For LBW appeals, where relevant, if the bowler's end umpire believed that the striker made no genuine attempt to play the ball with the bat (the default presumption of the third umpire in the absence of any information on this point from the bowler's end umpire shall be that a genuine attempt to play the ball with the bat was made).

3.3.3 A two-way consultation process shall begin to investigate whether there is anything that the third umpire can see or hear which would indicate that the on-field umpire should change their original decision.

3.3.4 The third umpire shall not withhold any factual information which may help in the decision-making process. In particular, in reviewing a dismissal, if the third umpire believes that the batter may instead be Out by any other mode of dismissal, they shall advise the on-field umpire accordingly. The process of consultation described in this paragraph in respect of such other mode of dismissal shall be conducted using the on-field umpire's original decision as the default reference.

3.3.5 The third umpire shall initially check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations), where appropriate advising the on-field umpire accordingly.

3.3.6 If despite the available technology, the third umpire is unable to decide with a high degree of confidence whether the original on-field decision should be changed, then they shall report that the replays are 'inconclusive', and that the on-field decision shall stand. The third umpire shall not give answers conveying likelihoods or probabilities.

3.3.7 In circumstances where the television technology (all or parts thereof) is not available to the third umpire or fails for whatever reason, the third umpire shall advise the on-field umpire of this fact but still provide any relevant factual information that may be ascertained from the available television replays and other technology.

3.3.8 The on-field umpire shall then make their decision based on the information provided by the third umpire, any other factual information offered by the third umpire and their recollection and opinion of the original incident.

3.3.9 The on-field umpire shall reverse their decision if the nature of the supplementary information received from the third umpire leads them to conclude that their original decision was incorrect.

3.4 Review of LBW Decisions

3.4.1 In assessing whether a batter is Out LBW in accordance with clause 36, the third umpire shall first judge whether the delivery is fair (as set out in clause 36.1.1), and second, whether or not the ball has touched the bat before being intercepted by any part of the striker's person (as set out in clause 36.1.3).

3.4.2 If the batter is still eligible to be Out, the ball-tracking technology shall then present three pieces of information to the third umpire relating to the path of the ball:

3.4.2.1 The point of landing (where applicable) (LANDING)

3.4.2.2 The position of the ball at the point of first interception (IMPACT)

3.4.2.3 Whether the ball would have hit the wicket (WICKET)

3.4.3 This Decision Review System (DRS) and Third Umpire Protocol includes a category of Umpire's Call, which shall be the conclusion reported where the technology indicates a marginal decision in respect of either the point of first interception or whether the ball would have hit the stumps.

3.4.4 LANDING

3.4.4.1 The interpretation of 'lands in line between wicket and wicket' in clause 36.1.2 shall refer to the position of the centre of the ball at the point of landing, in relation to the Landing Zone.

3.4.4.2 The Landing Zone is defined as a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

3.4.4.3 Where applicable, the ball-tracking technology shall report that the ball landed in one of the following three areas in relation to the Landing Zone:

In Line	The centre of the ball was inside the Landing Zone
Outside Off	The centre of the ball was outside, and to the off side of, the Landing Zone
Outside Leg	The centre of the ball was outside, and to the leg side of, the Landing Zone

3.4.4.4 Subject to the satisfaction of the other elements of clause 36, the batter can be Out if the ball-tracking technology reports that the ball landed Outside Off or In Line, but the batter shall be Not out if the ball landed Outside Leg.

3.4.5 IMPACT

3.4.5.1 The interpretation of 'the (first) point of impact, even if in above the level of the bails, is between wicket and wicket' in clause 36.1.4 shall refer to the position of the ball at the point of first interception, in relation to the Impact Zone.

3.4.5.2 The Impact Zone is defined as a three-dimensional space extending between both wickets to an indefinite height and with its boundaries consisting of a line between the outside of the outer stumps at each end.

3.4.5.3 The ball-tracking technology shall report that the point of first interception was in one of the following categories in relation to the Impact Zone:

In Line	The centre of the ball was inside the Impact Zone.
Umpire's Call	Some part of the ball was inside the Impact Zone, but the centre of the ball was outside the Impact Zone, with the further sub-category of 'Umpire's Call (off side)' where the centre of the ball was to the off side of the Impact Zone and the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.
Outside	No part of the ball was inside the Impact Zone, with the further sub-categories of 'Outside (off)' and 'Outside (leg)' to indicate the location of the point of first interception in relation to the Impact Zone when the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.

3.4.5.4 Where a Not out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was In Line for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.5 Where a Not out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of impact was In Line, or Umpire's Call (off side), or Outside (off) for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.6 Where an Out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.5.7 Where an Out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside (leg) for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.6 WICKET

3.4.6.1 The interpretation of whether 'the ball would have hit the wicket' in clause 36.1.5 shall refer to position of the ball as it either hits or passes the wicket, in relation to the Wicket Zone.

3.4.6.2 The Wicket Zone is defined as a two-dimensional area whose boundaries are the actual outline of the whole wicket from the base to the top of the stumps, which includes the outline of the bails as they protrude above the top of the stumps.

3.4.6.3 The ball-tracking technology shall report whether the ball would have hit the wicket with reference to the following three categories:

Hitting	The ball was hitting the wicket, and the centre of the ball was inside the Wicket Zone
Umpire's Call	The ball was hitting the wicket, but the centre of the ball was not inside the Wicket Zone
Missing	The ball was missing the wicket

3.4.6.4 Where a Not out decision is being reviewed, the ball-tracking technology must report that the ball was Hitting for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

However, where the evidence shows that the ball was Hitting, the point of first interception was In Line, and the ball landed In Line or Outside Off, but that:

- The point of first interception was 300 centimetres or more from the stumps; or
- The point of first interception was more than 250 centimetres but less than 300 centimetres from the stumps and the distance between the point of landing and the point of first interception was less than 40 centimetres,

the on-field decision shall stand (that is, Not out).

3.4.6.5 Where an Out decision is being reviewed, the ball-tracking technology must report that the ball was Missing for the on-field decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.7 When the ball strikes the batter on the full, and the evidence provided by the ball-tracking technology indicates that the ball would have landed before striking or passing the wicket, there will be no information available from that delivery that will allow the ball-tracking technology to accurately predict the height of the ball after landing.

3.4.8 With regard to determining whether the ball would have hit the wicket under these circumstances, the ball-tracking technology shall project the line of the ball in accordance with clause 36.2.3 (it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not), and display the simulated path of the ball from directly above the wicket.

3.4.9 The third umpire shall advise the bowler's end umpire only on the point of first interception and whether the ball would have hit the stumps (in line with the process set out in paragraph 3.4 above), but shall make no comment on the predicted height of the ball after landing, which shall remain a judgment of the bowler's end umpire.

3.5 The process for communicating the final decision

3.5.1 For Player Reviews concerning potential dismissals, the relevant on-field umpire shall indicate Out by raising their finger above their head in a normal yet prominent manner or indicate Not out by the call of 'Not out' and by crossing their hands in a horizontal position side to side in front and above their waist three times. Where the decision is a reversal of the on-field umpire's previous decision, they shall make the 'revoke last signal' indication immediately prior to the above.

3.5.2 If the mode of dismissal is not obvious or not the same as that on which the original decision was based, then the umpire shall advise the scorers via the third umpire.

3.6 Number of Player Review requests permitted

3.6.1 In each innings, each team shall be allowed to make a maximum of two (2) Player Review requests that are categorised as 'Unsuccessful' (as set out in paragraph 3.6.3 below).

3.6.2 Where a request for a Player Review results in the original on-field decision being reversed, then the Player Review shall be categorised as 'Successful' and shall not count towards the innings limit.

3.6.3 Where a request for a Player Review results in the original on-field decision remaining unchanged (other than in the circumstances set out in paragraphs 3.6.4, 3.6.6 or 3.6.8), the Player Review shall be categorised as 'Unsuccessful'.

3.6.4 Where a request for a Player Review of an LBW decision results in the on-field decision remaining unchanged solely on the basis of an Umpire's Call, the Player Review shall be categorised as 'Unchanged – Umpire's Call'. A Player Review categorised as 'Unchanged – Umpire's Call' shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.5 Where, following a request for a Player Review, the original on-field decision of Out is unchanged, but for a different mode of dismissal from the original on-field decision, then the Player Review shall still be categorised as 'Unsuccessful'.

3.6.6 Where, following a request for a Player Review, the original on-field decision of Not out is unchanged on account of the delivery being a No ball (for any reason), thereby not requiring any further evaluation, the Player Review shall not be counted as 'Unsuccessful' and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.7 Where a Player Review and an Umpire Review are requested from the same delivery and the decision of the third umpire from the Umpire Review renders the Player Review unnecessary, the Player Review request shall be disregarded and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.8 A Player Review categorised as 'Unsuccessful' may be reinstated by the ICC Match Referee at their sole discretion (if appropriate after consultation with the ICC Technical Official and/or the television broadcast director) if the Player Review could not properly be concluded due to a failure of the technology. Any such decision shall be final and shall be taken as soon as possible, being communicated to both teams once all the relevant facts have been ascertained by the ICC Match Referee. A Player Review categorised as 'Unsuccessful' shall not be reinstated if, despite any technical failures, the correct decision could still have been made using the other available technology. Similarly, a Player Review categorised as 'Unsuccessful' shall not be reinstated where the technology worked as intended, but the evidence gleaned from its use was inconclusive.

3.6.9 The third umpire shall be responsible for counting the number Player Reviews categorised as 'Unsuccessful' and shall advise the on-field umpires once either team has exhausted their allowance for the innings.

3.6.10 The scoreboard shall display, for the innings in progress, the number of Player Reviews remaining available to each team.

Category of Player Review	Outcome of Player Review	Consequence of Player Review
Successful (paragraph 3.6.2)	On-field decision reversed	Does not count towards innings limit set out in paragraph 3.6.1
Unsuccessful (paragraphs 3.6.3 and 3.6.5)	On-field decision unchanged	Counts towards innings limit set out in paragraph 3.6.1
Unchanged – Umpire's Call (paragraph 3.6.4)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
No ball – no evaluation required (paragraph 3.6.6)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
Failure of technology (paragraph 3.6.8)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1

3.7 Dead ball

3.7.1 If following a Player Review request, an original decision of Out is changed to Not out, then the ball is still deemed to have become dead when the original decision was made (as per clause 20.1.1.3). The batting side, while benefiting from the reversal of the dismissal, shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally made a Not out decision, other than any No ball penalty that could arise under paragraph 3.3.5 above.

3.7.2 If an original decision of Not out is changed to Out, the ball shall retrospectively be deemed to have become dead from the moment of the dismissal event. All subsequent events, including any runs scored, shall be ignored.

3.8 Use of technology

3.8.1 The following technology may be used by the third umpire during a Player Review:

3.8.1.1 Replays, at any speed, from any available broadcast camera

3.8.1.2 Sound from the stump microphones with the replays at normal speed and slow motion

3.8.1.3 Approved ball-tracking technology:

– HawkEye (HawkEye Innovations), or;

– VirtualEye (ARL)

3.8.1.4 Approved sound-based edge detection technology:

– Real-Time Snickometer (BBG Sports), or;

– UltraEdge (HawkEye Innovations)

3.8.1.5 Approved heat-based edge detection technology:

– Hot Spot cameras (BBG Sports)

3.8.1.6 LED wickets (using the lights to indicate if the wicket is broken, as set out in paragraph 4.2):

– Zing Bails and Stumps

3.8.2 In addition, other forms of technology may be used subject to the ICC being satisfied that the required standards of accuracy and time efficiency can be met.

3.8.3 Where practical usage or further testing indicates that any of the above forms of technology cannot reliably provide accurate and timely information, then it may be removed prior to or during a match. The final decision regarding the technology to be used in a given match shall be taken by the ICC Match Referee in consultation with the ICC Technical Official, ICC management and the competing teams' governing bodies.

3.9 Combining Umpire Review with Player Review

3.9.1 If an Umpire Review (under paragraph 2) and a request for a Player Review (under paragraph 3) are made following the same delivery but relating to separate modes of dismissal, the incidents shall be addressed in chronological order. If the conclusion from the first incident is that a batter is dismissed, then the ball would be deemed to have become dead at that point, rendering investigation of the second incident unnecessary.

4 INTERPRETATION OF PLAYING CONDITIONS

4.1 When using a replay to determine the moment at which the wicket has been broken (as per clause 29.1), the third umpire shall deem this to be the first frame in which one of the bails is shown (or can be deduced) to have lost all contact with the top of the stumps and subsequent frames show the bail permanently removed from the top of the stumps.

4.2 Where LED wickets are used (as provided for in paragraph 3.8.1.6) the moment at which the wicket has been broken (as per clause 29.1) shall be deemed to be the first frame in which the LED lights are illuminated and subsequent frames show the bail permanently removed from the top of the stumps.

APPENDIX F: SUPER OVER PROCEDURE

The following procedure shall apply where the Playing Conditions provide for a Super Over to determine the winner of a tied match. Other than where expressly stated in this Appendix (or by necessary implication), all relevant Playing Conditions for the match shall apply to the Super Over.

1. A Super Over involves each team facing an over of six (6) balls (unless ended earlier as provided for in paragraph 2), and the winner shall be the team scoring the greater number of runs, irrespective of the number of wickets lost.

2. The loss of two (2) wickets shall end the batting team's one-over innings.

3. If the Super Over is a tie, subsequent Super Overs shall be played until a winner is determined. Other than in exceptional circumstances (as set out in paragraph 25 below), an unlimited number of Super Overs may be played where necessary to determine a result.

4. Subject to weather conditions, the Super Over shall take place on the scheduled day of the match at a time to be determined by the ICC Match Referee. In normal circumstances it shall commence five (5) minutes after the conclusion of the match.

5. The Super Over shall be played until completion, but if there are any delays or interruptions during the Super Over, extra time (taken from the start of the first Super Over) is allocated to complete the Super Over or any subsequent Super Overs. The amount of extra time allocated to the Super Over is the greater of;

a) the gap between the time at which the match ended and the time the original match would have been scheduled to finish had the entire extra time provision been utilised, or

b) 20 minutes.

6. Should play be delayed prior to or during the Super Over(s) once the playing time lost exceeds the extra time allocated, the Super Over(s) shall be abandoned (see paragraph 24 below).

7. The Super Over shall take place on the pitch allocated for the match, unless otherwise determined by the umpires in consultation with the Ground Authority and the ICC Match Referee.

8. Only nominated players in the match (including Concussion Replacements) may participate in the Super Over.

9. Any penalty time being served in the match shall be carried forward to the Super Over.

10. The umpires shall stand at the same end at which they finished the match.

11. The team batting second in the match shall bat first in the Super Over.

12. Each team shall be allowed one unsuccessful player review per innings per Super Over. This entitlement shall apply irrespective of the number of unsuccessful Player Review requests made during the match itself.

13. The captain of the fielding team (or his nominee) shall select the ball with which the fielding team shall bowl its over in the Super Over from the box of spare balls provided by the umpires (which shall include the balls used in the match, but no new balls). The team fielding second may then choose to use the same ball as chosen by the team bowling first or choose another ball from the same box. If the ball needs to be changed, the relevant Playing Conditions as they apply in the match shall also apply in the Super Over.

14. The fielding side shall choose the end from which it is to bowl its one over.

15. The Super Over shall be played with the same fielding restrictions as would be applicable for the last over in an uninterrupted match.

16. The interval between the two (2) overs in the Super Over shall be five (5) minutes.

TIED SUPER OVER – REPEATING THE SUPER OVER

17. If the Super Over is tied, then subsequent Super Overs shall be played until there is a winner (subject to paragraph 26).

18. In normal circumstances any subsequent Super Over shall start five (5) minutes after the previous Super Over ends.

19. The team batting second in the previous Super Over shall bat first in the subsequent Super Over.

20. The balls selected for use by each team in the previous Super Over shall be used again by the same team in any subsequent Super Over(s).

21. The fielding side shall bowl its over in a subsequent Super Over from the opposite end from which it bowled in the previous Super Over.

22. Any batter dismissed in any previous Super Over shall be ineligible to bat in any subsequent Super Over.

23. Any bowler who bowled in the previous Super Over shall be ineligible to bowl in the subsequent Super Over.

24. In all other ways the procedure for a subsequent Super Over shall be the same as for the initial Super Over.

SUPER OVER UNABLE TO BE COMPLETED

25. Where the Super Over or subsequent Super Overs are abandoned for any reason prior to completion then the match shall be declared a tie and points allocated as in clause 16.10.1.

26. In circumstances where there are unavoidable time constraints (for example, a requirement to switch off floodlights at a certain time) which do not allow the completion of multiple Super Overs, the ICC Match Referee may limit the number of possible Super Overs and shall advise both captains accordingly prior to the start of the first Super Over.

EXAMPLES – EXTRA TIME AVAILABLE FOR THE SUPER OVER

Example 1: The match is scheduled to finish at 10.20pm, with 60 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 11.20pm. The match runs over time and finishes in a tie at 10.35pm. The Super Over is scheduled to start five (5) minutes later at 10.40pm. The extra time available to complete the Super Over would be 45 minutes (as per paragraph 5(a) above).

- The Super Over starts on time but is interrupted at 10.50pm for 10 minutes (leaving 35 minutes of extra time still available).
- Play resumes at 11.00pm with a tied Super Over occurring.
- The second super over is being played but is interrupted at 11.15pm.
- Play does not resume within 35 minutes (being the amount of extra time still available), therefore the Super Over procedure is abandoned, and the match is a tie.

Example 2: The same match is scheduled to finish at 10.20pm, but with 30 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 10.50pm. The match runs over time and finishes in a tie at 10.35pm. The Super Over is scheduled to start five (5) minutes later at 10.40pm. The extra time available to complete the Super Over would be 20 minutes (as per paragraph 5(b) above).

APPENDIX G: APPLICATION OF THE RESERVE DAY

If play is interrupted on the scheduled day, the umpires shall use the available extra time and, if necessary, reduce the number of overs to try to achieve a result on that day.

In making their decisions in relation to ground, weather and light, the umpires shall aim to maximise play on the scheduled day of the match in order to achieve a result on that day, as if there was no Reserve Day available.

Each team must have had the opportunity to bat for a minimum of five (5) overs for a result to be achieved. If play has not resumed by the cut-off time required to allow the minimum number of overs to be bowled to achieve a result on the scheduled day, play shall be abandoned for the day and the Reserve Day shall be used to either complete the match or replay the match on the scheduled day.

If the Reserve Day is used to continue an incomplete match the Reserve Day shall be used as follows:

The hours of play on the Reserve Day shall be the same as on the scheduled day for the match (including the extra time provision).

On the Reserve Day, play shall recommence under the same assumption that the last ball was bowled on the scheduled day.

The match starts when the coin toss takes place and teams are exchanged. If the toss occurs on the scheduled day and there is no play thereafter, the result of the toss and the named teams shall be carried through to the Reserve Day.

The treatment of the pitch on the Reserve Day by the Ground Authority shall be as follows:

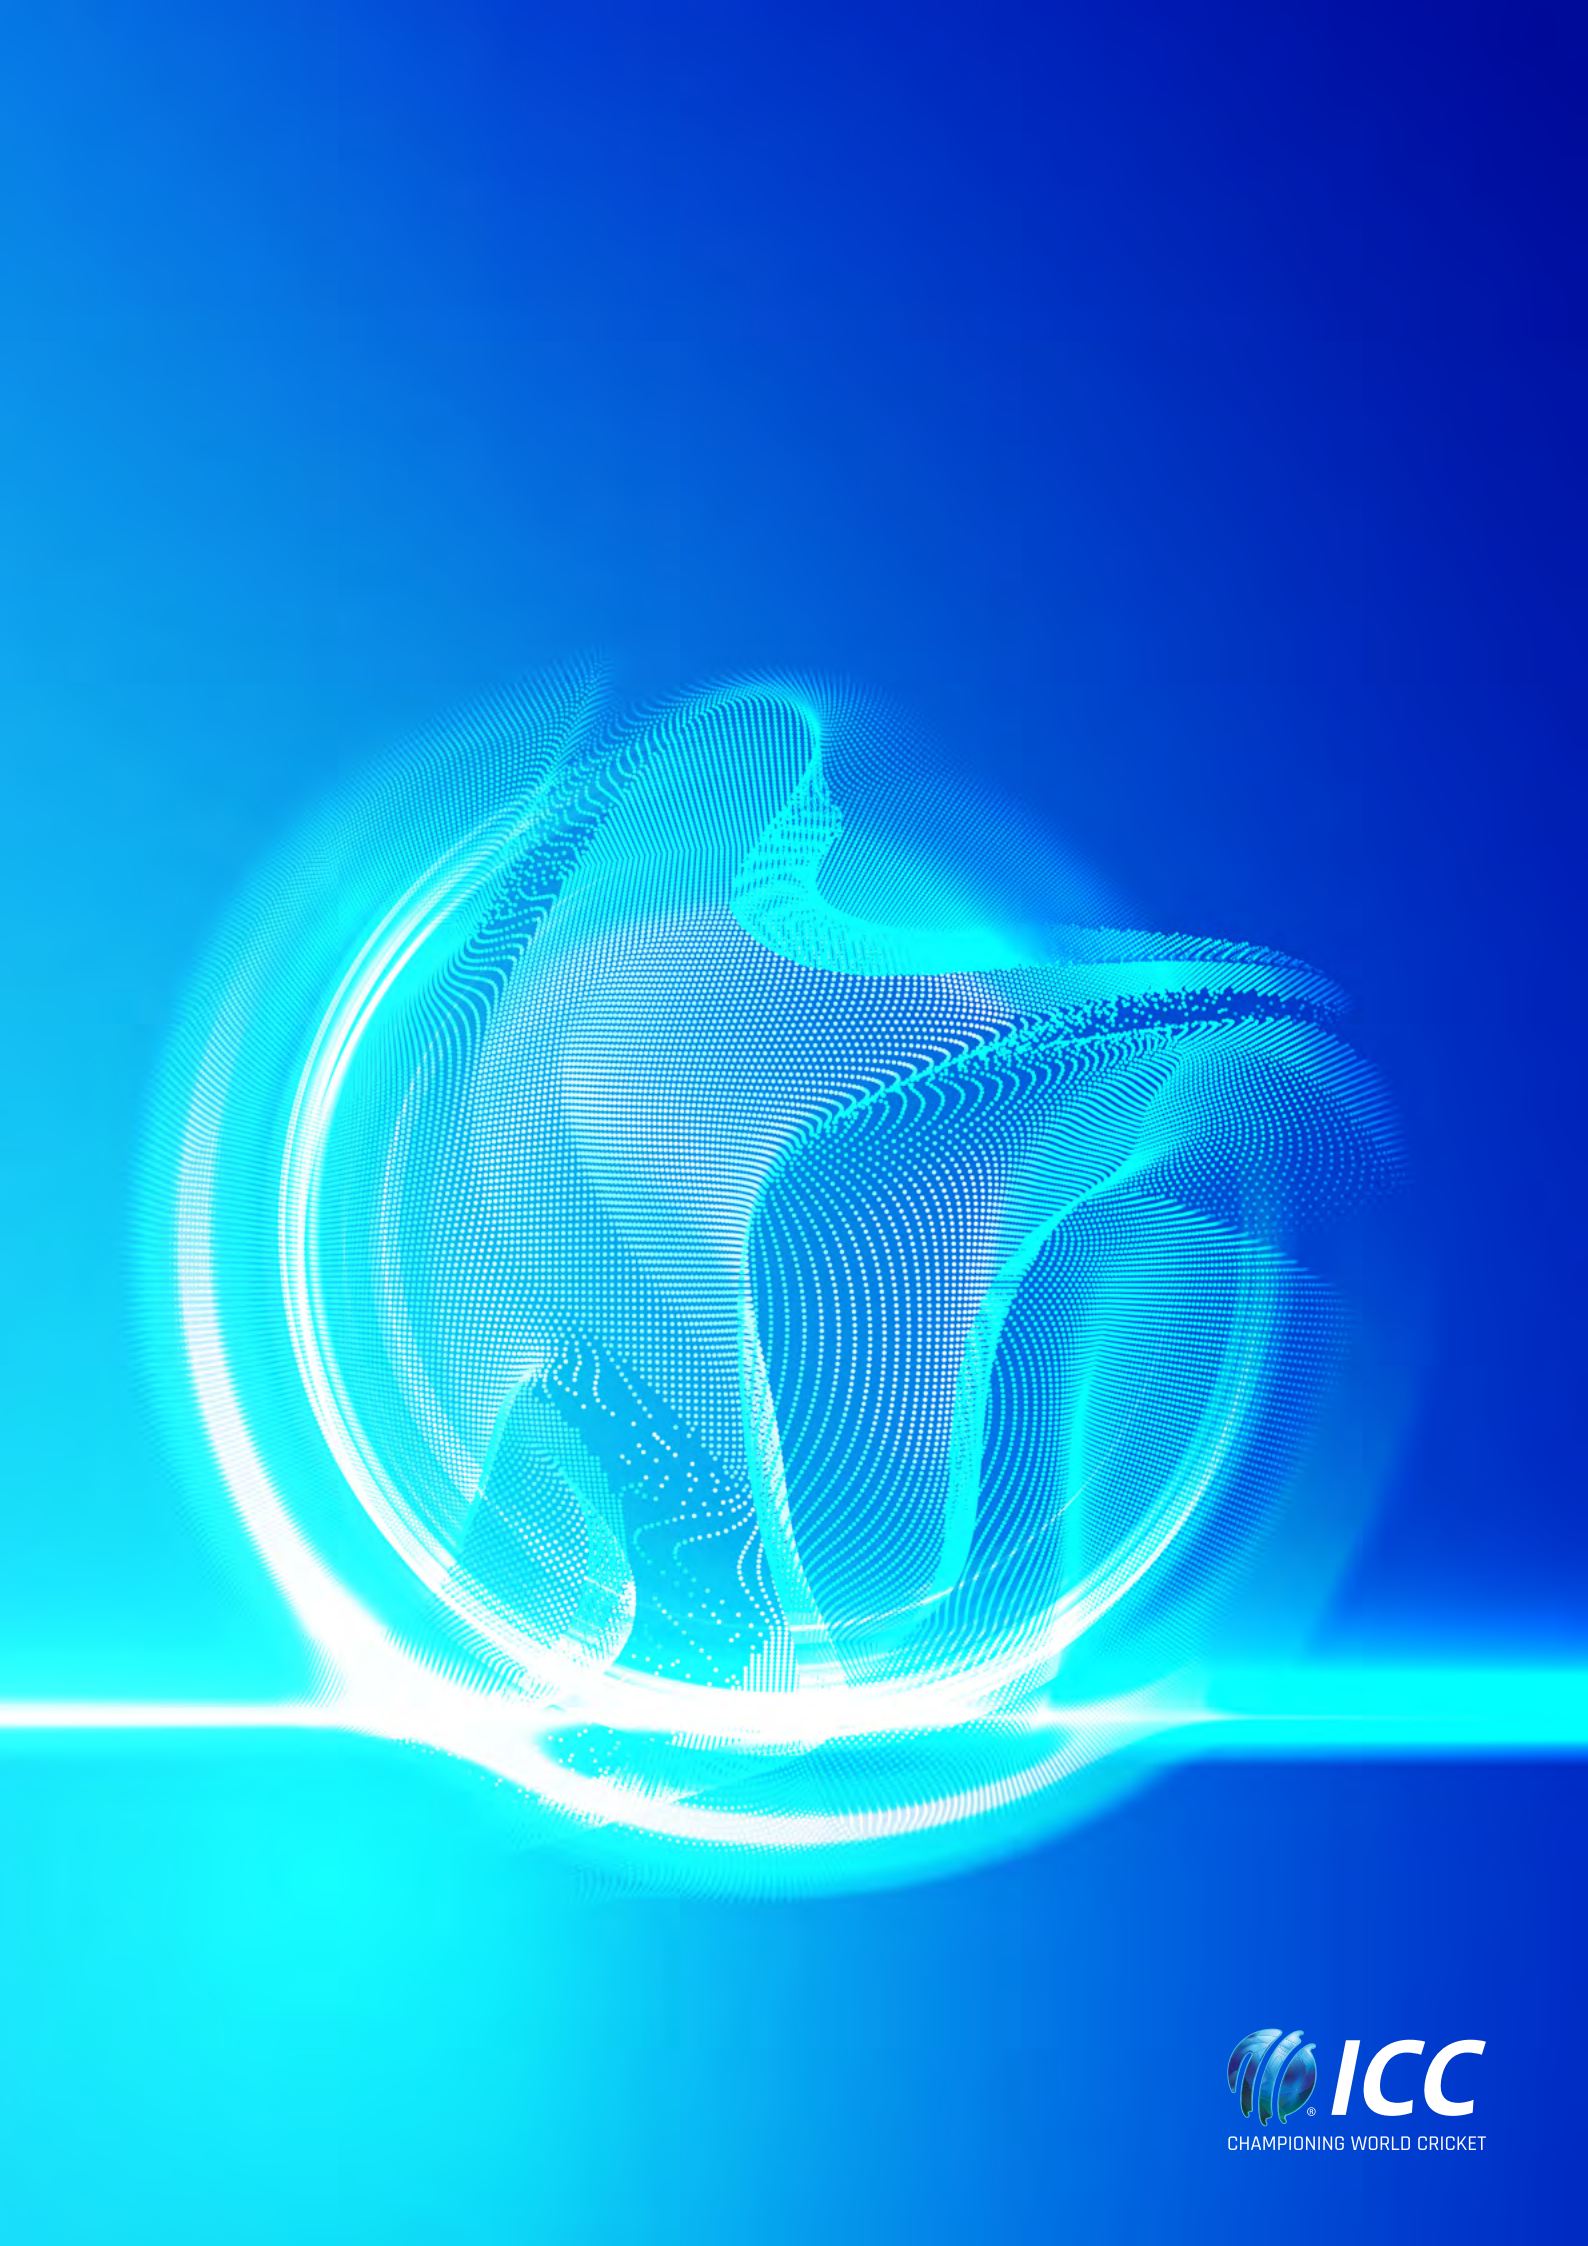

– Covering and removal of covers – as for the scheduled day of the match under clause 10 of the Playing Conditions; and
– Mowing and rolling – as for Day 2 of a Test match, under clause 9 of the ICC Men's Test Match Playing Conditions.

APPENDIX H: USE OF ELECTRONIC COMMUNICATIONS EQUIPMENT

The use of electronic communication devices and equipment of any kind to communicate with players on the field of play shall not be permitted.

APPENDIX I: ON-FIELD INJURY ASSESSMENTS AND TREATMENT

The umpires will allow an initial four (4) minutes for medical staff to treat the injured player. Umpires may inform the medical team when there is 90 seconds remaining, after which the player should be removed from the field of play if further assessment/treatment is required. The on-field umpires will consider each incident when applying the four-minute guideline and be guided by the appointed Match Day Doctor or their nominated replacement.

Effective from October 2026

ICC
CHAMPIONING WORLD CRICKET

PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of 11 players, one of whom shall be captain.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate 11 players plus a maximum of four (4) substitute fielders in writing to the ICC Match Referee before the toss. Other than as set out in clause 1.2.7, no player (member of the playing 11) may be changed after the nomination and prior to the start of play without the consent of the opposing captain.

1.2.2 Only those nominated as substitute fielders shall be entitled to act as substitute fielders during the match, unless the ICC Match Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, as well as any Concussion Replacements, must be eligible to play for that particular team and by such nomination the nominees shall warrant that they are so eligible.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable ICC Regulations pertaining to international cricket and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Player Support Personnel (hereafter referred to as the ICC Code of Conduct), the Anti-Discrimination Code for Players and Player Support Personnel, the Anti-Doping Code and the Anti-Corruption Code.

1.2.5 A player or player support personnel who has been suspended from participating in a match shall not, from the toss of the coin and for the remainder of the match thereafter:

1.2.5.1 Be nominated as, or carry out any of the duties or responsibilities of a substitute fielder, or

1.2.5.2 Enter any part of the playing area (which shall include the field of play and the area between the boundary and the perimeter boards) at any time, including any scheduled or unscheduled breaks in play.

1.2.6 A player who has been suspended from participating in a match shall be permitted from the toss of the coin and for the remainder of the match thereafter be permitted to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the match is not within the playing area described in clause 1.2.5.2 above (for example, the player is not permitted to enter the on-field 'dugout').

1.2.7 Concussion Replacement

1.2.7.1 If a player sustains a concussion or suspected concussion as a result of a head or neck injury during the course of the relevant match, a Concussion Replacement may be permitted in the following circumstances:

1.2.7.1.1 the head or neck injury must have been sustained during play and within the playing area described in clause 1.2.5.2 above;

1.2.7.1.2 a concussion or suspected concussion must have been formally diagnosed by the Team Medical Representative;

1.2.7.1.3 the Team Medical Representative or Team Manager shall submit a Concussion Replacement Request to the ICC Match Referee on a standard form, which shall:

1.2.7.1.3.1 identify the player who has sustained the concussion or suspected concussion;

1.2.7.1.3.2 specify the incident in which the concussion or suspected concussion was sustained, including the time at which it occurred;

1.2.7.1.3.3 confirm that, following an examination, the Team Medical Representative believes or suspects that the player has sustained a concussion as a result of the incident specified in clause 1.2.7.1.3.2 above; and

1.2.7.1.3.4 identify the requested Concussion Replacement from the list of nominated concussion replacements submitted for the match, who shall be a like-for-like replacement for the player who has sustained the concussion or suspected concussion. Under exceptional circumstances, the ICC Match Referee will consider a request for a replacement player outside of the nominated concussion replacement players for the match. In such circumstances the ICC Match Referee shall apply the provisions of clauses 1.2.7.3, 1.2.7.4 and 1.2.7.5.

1.2.7.2 The Concussion Replacement Request must be submitted as soon as possible after the incident specified in clause 1.2.7.1.3.2 if a Concussion Replacement is to be permitted.

1.2.7.3 The ICC Match Referee should ordinarily approve a Concussion Replacement Request if the replacement is a like-for-like player whose inclusion will not excessively advantage his team for the remainder of the match.

1.2.7.4 In assessing whether the nominated Concussion Replacement should be considered a like-for-like player, the ICC Match Referee should consider the likely role the concussed player would have played during the remainder of the match, and the normal role that would be performed by the nominated Concussion Replacement.

1.2.7.5 If the ICC Match Referee believes that the inclusion of the nominated Concussion Replacement, when performing their normal role, would excessively advantage their team, the ICC Match Referee may impose such conditions upon the identity and involvement of the Concussion Replacement as they see fit, in line with the overriding objective of facilitating a like-for-like replacement for the concussed player.

For clarity, a concussion replacement will inherit all warnings, penalty time and suspensions that were imposed on the replaced player.

1.2.7.6 The ICC Match Referee may, in reviewing a Concussion Replacement Request made in accordance with clause 1.2.7.1.3, request any such further information as may be required in order to make the determination required under clauses 1.2.7.1.1, 1.2.7.1.2, 1.2.7.4 and 1.2.7.5.

1.2.7.7 The decision of the ICC Match Referee in relation to any Concussion Replacement Request shall be final and neither team shall have any right of appeal.

1.2.7.8 Once the Concussion Replacement has been approved by the ICC Match Referee, the replaced player shall play no further part in the match.

1.2.7.9 Both the Concussion Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

1.3 Captain

1.3.1 If at any time the captain is not available, a deputy shall act for him.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss. See clause 13.4 (The toss).

1.4 Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within these Playing Conditions.

2 THE UMPIRES

2.1 Appointment and attendance

The following rules for the selection and appointment of T20I umpires shall be followed as far as it is practicable to do so:

2.1.1 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality, and shall be present at the ground at least two hours before the scheduled start of play.

2.1.2 The following Match Officials are to be appointed for each T20I match:

2.1.2.1 One (1) ICC Match Referee, appointed by the ICC from an ICC Panel of Match Referees.

2.1.2.2 Two (2) on-field umpires, appointed by the Home Board from their representatives on an ICC Panel of Umpires.

2.1.2.3 One (1) third umpire, appointed by the Home Board from their representatives on an ICC Panel of Umpires, who shall act as the emergency on-field umpire. The DRS Protocol governing the use of DRS and the third umpire is set out in Appendix D.

2.1.2.4 One (1) fourth umpire, appointed by the Home Board from its panel of first-class umpires. The fourth umpire shall act as the emergency third umpire. In 'DRS' T20I matches, the fourth umpire shall be appointed by the Home Board from their representatives on an ICC Panel of Umpires.

2.1.3 Neither team shall have a right of objection to the appointment of any umpire or ICC Match Referee.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless they are injured or ill.

2.3 Consultation with Home Board

Before the match the umpires shall consult with the Home Board to determine:

2.3.1 the balls to be used during the match. See clause 4 (The ball).

2.3.2 the hours of play and the times and durations of any agreed intervals.

2.3.3 which clock or watch and back-up time piece is to be used during the match.

2.3.4 the boundary of the field of play. See clause 19 (Boundaries).

2.3.5 the use of covers. See clause 10 (Covering the pitch).

2.3.6 any special conditions of play affecting the conduct of the match.

inform the scorers of agreements in 2.3.2, 2.3.3, 2.3.4 and 2.3.6.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See clause 7 (The creases).

2.4.2 the wickets are properly positioned. See clause 8 (The wickets).

2.4.3 the boundary of the field of play complies with the requirements of clauses 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 Conduct of the match, implements and equipment

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with these Playing Conditions.

2.5.2 the implements used in the match conform to the following

2.5.2.1 clause 4 (The ball).

2.5.2.2 externally visible requirements of clause 5 (The bat) and paragraph 1 of Appendix B.

2.5.2.3 either clauses 8.2 (Size of stumps) or 8.3 (The bails).

2.5.3 no player uses equipment other than that permitted. See paragraph 2 of Appendix A. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of clause 27.2 (Gloves).

2.6 Fair and unfair play

The umpires shall be the sole judges of fair and unfair play.

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive

– the bowler of a reasonable foothold

– the fielders of the ability to move freely

– the batters of the ability to play their strokes or to run between the wickets

then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See clause 6.1 (Area of pitch).

2.8.2 If at any time the umpires together agree that the conditions of ground, weather or light, or any other circumstances are dangerous or unreasonable, they shall immediately suspend play, or not allow play to start or to recommence. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the ICC Match Referee.

2.8.3 If circumstances are warranted, the umpires shall stop play and instruct the Ground Authority to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct the ground staff to take such action during scheduled and unscheduled breaks in play.

2.8.4 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.8.5 Light Meters

It is the responsibility of the ICC to supply light meters to the match officials to be used in accordance with these Playing Conditions.

2.8.5.1 All light meters shall be uniformly calibrated.

2.8.5.2 The umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play in accordance with the criteria set out in clause 2.8.2 above.

2.8.5.3 Light meter readings may accordingly be used by the umpires:

2.8.5.3.1 To determine whether there has been at any stage a deterioration or improvement in the light.

2.8.5.3.2 As benchmarks for the remainder of a match.

2.8.6 Use of artificial lights

If in the opinion of the umpires, natural light is deteriorating to an unfit level, they shall authorise the Ground Authority to use the available artificial lighting so that the match can commence or continue in acceptable conditions.

In the event of power failure or lights malfunction, the provisions relating to the delay or interruption of play due to bad weather or light shall apply.

2.8.7 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.8.8 The safety of all persons within the ground is of paramount importance to the ICC. In the event of any threatening circumstance, whether actual or perceived (including for example weather, pitch invasions, act of God, etc.), then the umpires, on the advice of the ICC Match Referee, should suspend play and all players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, the ICC Match Referee, the head of the relevant Ground Authority, the head of ground security and/or the police as the circumstances may require.

2.8.9 Where play is suspended under clause 2.8.8 above the decision to abandon or resume play shall be the responsibility of the ICC Match Referee who shall act only after consultation with the head of ground security and the police.

2.9 Position of umpires

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this over-riding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided they inform the captain of the fielding side, the striker and the other umpire.

2.10 Umpires changing ends

Shall not apply.

2.11 Disagreement and dispute

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also clause 31.6 (Consultation by umpires).

2.12 Umpire's decision

An umpire may alter any decision provided that such alteration is made promptly and does not contradict clause 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 Signals

2.13.1 The following code of signals shall be used by umpires.

2.13.1.1 Signals made while the ball is in play

No ball – by extending one arm horizontally.

Out – by raising an index finger above the head. (If Not out, the umpire shall call Not out.)

Wide – by extending both arms horizontally.

Dead ball – by crossing and re-crossing the wrists below the waist.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in clause 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 – by waving an arm from side to side finishing with the arm across the chest.

Boundary 6 – by raising both arms above the head.

Bye – by raising an open hand above the head.

Five Penalty runs awarded to the batting side – by repeated tapping of one shoulder with the opposite hand.

Five Penalty runs awarded to the fielding side – by placing one hand on the opposite shoulder.

Leg bye – by touching a raised knee with the hand.

Revoke last signal – by touching both shoulders, each with the opposite hand.

Short run – by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.

Free Hit – after signalling the No ball, the bowler's end umpire extends one arm straight upwards and moves it in a circular motion.

Powerplay Over – by rotating their arm in a large circle.

The following signal is for Level 4 player conduct offences. The signal has two parts, both of which should be acknowledged separately by the scorers.

Level 4 conduct Part 1 – by putting one arm out to the side of the body and repeatedly raising it and lowering it.

Part 2 – by raising an index finger, held at shoulder height, to the side of the body.

2.13.1.4 All the signals in clause 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signalled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

2.13.2.1 If several signals are to be used, they should be given in the order that the events occurred.

2.13.2.2 Where more than one contravention of these Playing Conditions occurs during the same delivery, any sanctions under each clause shall be applied independently, unless otherwise stated. However, where the necessary sanctions contradict one another, the sanctions in respect of the contravention that occurred first shall apply.

2.14 Informing the umpires

Wherever the umpires are to receive information from captains or other players under these Playing Conditions, it will be sufficient for one umpire to be so informed and for them to inform the other umpire.

2.15 Correctness of scores

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled.

The umpires shall ensure that they are able to contact the scorers at any time during the match and at its conclusion to address any issues relating to the correctness of scores.

3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree and consult with the umpires if necessary. See clause 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

4 THE BALL

4.1 Weight and size

The ball, when new, shall weigh not less than 5.5 ounces/156 grams, nor more than 5.75 ounces/163 grams, and shall measure not less than 8.81 inches/22.4 centimetres, nor more than 9 inches/22.9 centimetres in circumference.

4.2 Approval and control of balls

4.2.1 The Home Board shall provide white cricket balls of an approved standard for T20I cricket and spare used balls for changing during a match, which shall also be of the same brand. Note: The Home Board shall be required to advise the Visiting Board of the brand of ball to be used in the match(es) at least 30 days prior to the start of the match(es).

4.2.2 The fielding captain or his nominee may select the ball with which he wishes to bowl from the supply provided by the Home Board. The fourth umpire shall take a box containing at least six (6) new balls to the dressing room and supervise the selection of the ball.

4.2.3 The umpires shall retain possession of the match ball(s) throughout the duration of the match when play is not actually taking place.

4.2.4 During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket or any other disruption in play.

4.3 New ball

4.3.1 One new ball shall be used at the start of each innings.

4.4 Ball lost or becoming unfit for play

If, during play, the ball cannot be found or recovered or the umpires agree that it has become unfit for play through normal use, the umpires shall replace it with a ball which has had wear comparable with that which the previous ball had received before the need for its replacement. When the ball is replaced, the umpires shall inform the batters and the fielding captain.

5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this clause with detailed specifications in paragraph 1 of Appendix B.

5.2 The handle

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in paragraph 1.2.2 of Appendix B.

5.3 The blade

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in clause 5.2 and in paragraph 1.3 of Appendix B.

5.3.2 The blade shall consist solely of wood.

5.4 Protection and repair

Subject to the specifications in paragraph 1.4 of Appendix B. and providing clause 5.5 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 Damage to the ball

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this clause, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 Contact with the ball

In these clauses,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on his hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

5.6.2.1 the bat itself

5.6.2.2 the batter's hand holding the bat

5.6.2.3 any part of a glove worn on the batter's hand holding the bat

5.6.2.4 any additional materials permitted under 5.4

shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 Bat size limits

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 inches/96.52 centimetres.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25 inches/10.8 centimetres

Depth: 2.64 inches/6.7 centimetres

Edges: 1.56 inches/4.0 centimetres

Furthermore, it should also be able to pass through a bat gauge as described in paragraph 1.6 of Appendix B.

5.7.3 The handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in clause 5.4.1 shall not exceed 0.04 inches/0.1 centimetres in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 inches/0.3 centimetres.

5.8 Categories of bat

5.8.1 Type A bats conform to clauses 5.1 to 5.7 inclusive.

5.8.2 Only Type A bats may be used in T20I matches.

6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 metres in length and 10 feet/3.05 metres in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 feet/1.52 metres from it. If the pitch is next to an artificial pitch which is closer than 5 feet/1.52 metres from the middle stumps, the pitch on that side will extend only to the junction of the two surfaces. See clauses 8.1 (Description, width and position), 7.2 (The bowling crease) and Appendix C.

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See clauses 2.7 (Fitness for play) and 2.8 (Suspension of play in dangerous or unreasonable conditions).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.3.1 The Ground Authority shall ensure that during the period prior to the start of play and during intervals, the pitch area shall be roped off so as to prevent unauthorised access. (The pitch area shall include an area at least 2 metres either side of the playing pitch and behind the bowling crease at each end of the pitch.)

6.3.2 The fourth umpire shall ensure that, prior to the start of play and during any intervals, only authorised staff, the ICC match officials, players, team coaches and authorised television personnel shall be allowed access to the pitch area. Such access shall be subject to the following limitations:

6.3.2.1 Only captains and team coaches may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.3.2.2 Access to the pitch area by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.3.2.3 No spiked footwear shall be permitted.

6.3.2.4 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.3.2.5 Access shall not interfere with pitch preparation.

6.3.3 In the event of any dispute, the ICC Match Referee will rule and their ruling will be final.

6.4 Changing the pitch

6.4.1 If the on-field umpires decide that it is dangerous or unreasonable for play to continue on the match pitch, they shall stop play and immediately advise the ICC Match Referee.

6.4.2 The on-field umpires and the ICC Match Referee shall then consult with both captains.

6.4.3 If the captains agree to continue, play shall resume.

6.4.4 If the decision is not to resume play, the on-field umpires together with the ICC Match Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the ICC Match Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.

6.4.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned with the following consequences:

6.4.5.1 In the event of the required number of overs to constitute a match having been completed at the time the match is abandoned, the result shall be determined according to the provisions of clause 16.4.2.

6.4.5.2 In the event of the required number of overs to constitute a match not having been completed, the match will be abandoned as a no result.

6.4.6 If the abandonment occurs on the day of the match, the ICC Match Referee shall consult with the Home Board with the objective of finding a way for a new match (including a new nomination of teams and toss) to commence on the same date and venue. Such a match may be played either on the repaired pitch or on another pitch, subject to the ICC Match Referee and the relevant Ground Authority both being satisfied that the new pitch will be of the required T20I standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 12 (Start of play; cessation of play.

6.4.7 If it is not possible to start a new match on the scheduled day of the match, the relevant officials from the participating Boards shall agree on whether the match can be replayed within the existing tour schedule.

6.4.8 Throughout the above decision-making processes, the ICC Match Referee shall keep informed both captains and the head of the Ground Authority. The head of the Ground Authority shall ensure that suitable and prompt public announcements are made.

6.5 Non-turf pitches

6.5.1 All T20I matches shall be played on natural turf pitches.

Note: Home Boards may, prior to the commencement of the series, seek the approval of the ICC to use a hybrid pitch as an alternate to a natural turf pitch.

6.5.2 The use of PVA and other adhesives in the preparation of pitches is not permitted.

6.6 Junior Cricket

Shall not apply.

7 THE CREASES

7.1 The creases

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in clauses 7.2, 7.3 and 7.4, at each end of the pitch. See paragraph 1 of Appendix C.

7.2 The bowling crease

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in clause 6.1 (Area of pitch). It shall be 8 feet 8 inches/2.64 metres in length.

7.3 The popping crease

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 feet/1.22 metres from it. The popping crease shall be marked to a minimum of 25 feet/7.5 metres on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 feet 4 inches/1.32 metres either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 feet/2.44 metres behind it and shall be considered to be unlimited in length.

7.5 Additional crease markings

As a guideline to the umpires for the calling of Wides, the crease markings detailed in paragraph 1 of Appendix C may be marked in white or any other clearly visible colour at each end of the pitch.

8 THE WICKETS

8.1 Description, width and position

Two sets of wickets shall be positioned opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 inches/22.86 centimetres wide and shall consist of three (3) wooden stumps with two (2) wooden bails on top. See paragraph 2 of Appendix B.

8.2 Size of stumps

The tops of the stumps shall be 28 inches/71.12 centimetres above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 inches/3.50 centimetres nor more than 1.5 inches/3.81 centimetres. See paragraph 2 of Appendix B.

For televised matches the Home Board may provide a slightly larger cylindrical stump to accommodate the stump camera. When the larger stump is used, all three stumps must be exactly the same size.

8.3 The bails

8.3.1 The bails, when in position on top of the stumps,

– shall not project more than 0.5 inches/1.27 centimetres above them.

– shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications. See paragraph 2 of Appendix B.

Overall length 4.32 inches/10.96 centimetres

Length of barrel 2.13 inches/5.40 centimetres

Longer spigot 1.38 inches/3.50 centimetres

Shorter spigot 0.81 inches/2.06 centimetres

8.3.3 The two spigots and the barrel shall have the same centre line.

8.3.4 Devices aimed at protecting player safety by limiting the distance that a bail can travel off the stumps will be allowed, subject to the approval of the Home Board and the ICC.

8.4 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See clause 29.5 (Dispensing with bails).

8.5 LED wickets

The use of approved LED wickets is permitted. Refer also to paragraphs 3.8.1.6 and 4.2 of Appendix D.

9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in clauses 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling

During the match the pitch may be rolled at the request of the captain of the side batting second, for a period of not more than seven (7) minutes, before the start of the second innings.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than seven (7) minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

If there is more than one roller available the captain of the batting side shall choose which one is to be used.

The following shall apply in addition to clause 9.1:

9.1.4 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. Thereafter and throughout the match the drying of the outfield may be undertaken at any time by the Ground Authority, but the drying of the affected area of the pitch shall be carried out only on the instructions and under the supervision of the umpires. The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

9.1.5 The umpires may instruct the Ground Authority to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

9.1.6 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

9.2 Clearing debris from the pitch

9.2.1 The pitch shall be cleared of any debris by hand, broom, besom, or blower

9.2.1.1 between innings. This shall precede rolling if any is to take place.

9.2.1.2 at all intervals for drinks and meals.

9.2.2 The clearance of debris in clause 9.2.1 shall be done unless the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

9.2.3 In addition to clause 9.2.1, debris may be cleared from the pitch by hand, without sweeping, before mowing and whenever either umpire considers it necessary. All debris is to be cleared prior to mowing or rolling.

9.3 Mowing

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.4 Watering the pitch

The pitch shall not be watered during the match.

9.5 Re-marking creases

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 Maintenance of footholes

The umpires shall ensure that the holes made by the bowlers and batters are cleaned out and dried whenever necessary to facilitate play.

The umpires shall allow, if necessary, the returfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

In addition, the umpires shall see that wherever possible and whenever it is considered necessary, action is taken during all intervals in play to do whatever is practicable to improve the bowler's footholes.

9.7 Securing of footholds and maintenance of pitch

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that clause 41 (Unfair play) is not contravened.

9.8 Protection and preparation of adjacent pitches during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.8.1 Such measures will only be possible if requested by the Ground Authority and approved by the umpires before the start of the match.

9.8.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.8.3 The preparation work shall be carried out under the supervision of the fourth umpire.

9.8.4 The consent of the captains is not required but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

The pitch shall be entirely protected against rain up to the commencement of play.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in clauses 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

The pitch shall be entirely protected against rain up to the commencement of play, and for the duration of the period of the match.

The covers must totally protect the pitch and also the pitch surroundings, to a minimum of five (5) metres either side of the pitch, and any worn or soft areas in the outfield.

The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including 'hessian' or 'scrim' covers used to protect the pitch against the sun) shall be removed not later than 2.5 hours before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals.

– Intervals between innings.

– A drinks interval.

– Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of clause 24.2.6 (fielder absent or leaving the field of play).

11.2 Duration of interval

11.2.1 There shall be a 15-minute interval between innings, taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.3 Allowance for interval between innings

Law 11.3 of the Laws of Cricket shall not apply.

11.4 Changing agreed times of intervals

11.4.1 If the innings of the team batting first is completed prior to the scheduled time for the interval, the interval shall take place immediately and the innings of the team batting second will commence correspondingly earlier.

11.4.2 However, following a lengthy delay or interruption prior to the completion of the innings of the team batting first, the Match Referee may, at their discretion, reduce the interval between innings from 15 minutes to not less than 10 minutes.

11.4.3 Such discretion should only be exercised after determining the adjusted overs per side based on a 15-minute interval. If, having exercised this discretion, the rescheduled finishing time for the match is earlier than the latest possible finishing time, then these minutes should be deducted from the length of any interruption during the second innings before determining the overs remaining.

11.5 Intervals for drinks

11.5.1 Subject to the prior agreement between both participating Member Boards, one scheduled drinks interval of 2 minutes 30 seconds may be taken at the midpoint of each innings.

11.5.1.1 The following shall apply for the drinks break:

– No practice is allowed.

– If the scheduled number of overs in an interrupted match is 14 overs or less, there will be no drinks break.

– Following a lengthy delay or interruption prior to the drinks break, the ICC Match Referee may, at their discretion, cancel all the remaining drinks breaks for the match.

– The Head Coach or their designate may consult with the on-field players during the drinks break for tactical reasons.

11.5.2 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken on to the field without the permission of the umpires. Any player taking drinks on to the field shall be dressed in proper cricket attire (subject to the wearing of bibs – refer to the note in clause 24.1.4).

11.6 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this clause.

12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time when the ball is dead, at the start of any interval or interruption of play, or as required by these Playing Conditions. See also clause 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, except at the start of the drinks interval, the bails shall be removed from both wickets.

12.4 Starting a new over

Another over shall always be started at any time during the match, unless an interval is to be taken in the circumstances set out in clause 12.5.2, if the umpire, walking at normal pace, has arrived at the position behind the stumps at the bowler's end before the time agreed for the next interval has been reached.

12.5 Completion of an over

Other than at the end of the match,

12.5.1 if the agreed time for an interval is reached during an over, the over shall be completed before the interval is taken, except as provided for in clause 12.5.2.

12.5.2 when less than 3 minutes remains before the time agreed for the next interval, the interval shall be taken immediately if

– either a batter is dismissed or retires, or

– the players have occasion to leave the field

whether this occurs during an over or at the end of an over. Except at the end of an innings, if an over is thus interrupted it shall be completed on the resumption of play.

12.6 Conclusion of match

12.6.1 The match is concluded

12.6.1.1 as soon as a result as defined in clauses 16.1 to 16.5 (The result) is reached.

12.6.1.2 as soon as the prescribed number of overs have been completed.

12.6.2 The match is concluded if, without a conclusion having been reached under 12.6.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.7 Hours of play; minimum overs requirement

12.7.1 To be determined by the Home Board subject to there being two sessions of 1 hour 25 minutes each, separated by a 15-minute interval between innings.

Note: The playing hours of matches scheduled to take place at venues where dew is likely to be a factor should be determined so as to ensure that the effect of any dew is minimised.

12.8 Minimum over rates

12.8.1 The minimum over rate to be achieved in T20I matches shall be 14.11 overs per hour.

12.8.2 The actual over rate shall be calculated at the end of each innings by the umpires.

12.8.3 In calculating the actual over rate for the match, allowances will be given as follows:

12.8.3.1 the time lost as a result of treatment given to a player by authorised medical personnel on the field of play;

12.8.3.2 the time lost as a result of a player being required to leave the field as a result of a serious injury;

12.8.3.3 the time taken for all third umpire referrals and consultations and any umpire or player reviews;

12.8.3.4 the time lost as a result of time wasting by the batting side; and

12.8.3.5 the time lost due to all other circumstances that are beyond the control of the fielding side.

12.8.3.6 when taken, 2 minutes and 30 seconds for the drinks break in each innings.

12.8.4 In the event of any time allowances being granted to the fielding team under clause 12.8.3.4 above (time wasting by batting team), then such time shall be deducted from the allowances granted to such batting team in the determination of its over rate.

12.8.5 In addition to the allowances as provided for above:

12.8.5.1 An additional allowance of one (1) minute will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings.

12.8.6 If a batting team is bowled out within the time determined for that innings pursuant to these Playing Conditions (taking into account all of the time allowances set out above), the fielding side shall be deemed to have complied with the required minimum over rate.

12.8.7 The current over rate of the fielding team (+/- overs compared to the minimum rate required), to be advised by the third umpire every four (4) overs as a minimum, shall be displayed on a scoreboard or replay screen.

13 INNINGS

13.1 Number of innings

A match shall be one innings for each side.

13.2 Alternate innings

Each side shall take their innings alternately.

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the prescribed number of overs have been bowled to the batting side.

13.4 The toss

The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of the ICC Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play. Note, however, the provisions of clause 1.3 (Captain).

13.5 Decision to be notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

13.6 Duration of match

13.6.1 All matches will consist of one innings per side, each innings being limited to a maximum of 20 overs. All matches shall be of one day's scheduled duration provided that participating countries in a series may agree to provide for a reserve day on which an incomplete match may be replayed or continued from the scheduled day.

13.6.2 If the match is to be continued on the reserve day, every effort shall be made to complete the match on the scheduled day with any necessary reduction in overs taking place and only if the minimum number of overs necessary to constitute a match cannot be bowled on the scheduled day will the match be completed on the reserve day.

13.6.3 If the match has started on the scheduled day and overs are subsequently reduced following an interruption, but no further play is possible, the match will resume on the reserve day under the same assumption that the last ball was played on the scheduled day. Refer to Appendix G.

13.7 Length of innings

13.7.1 Uninterrupted matches.

13.7.1.1 Each team shall bat for 20 overs unless all out earlier.

13.7.1.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first innings, play shall continue until the required number of overs has been bowled. The team batting second shall receive its full quota of 20 overs irrespective of the number of overs it bowled in the scheduled time for the cessation of the first innings.

13.7.1.3 If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.

13.7.1.4 If the team fielding second fails to bowl 20 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result is achieved.

13.7.1.5 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.2 Delayed or interrupted matches

13.7.2.1 Delay or Interruption to the Innings of the Team Batting First (see paragraph 1 of Appendix E)

13.7.2.1.1 When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 14.11 overs per hour in the total remaining time available for play.

13.7.2.1.2 The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of five (5) overs have to be bowled to the side batting second, subject to a result not being achieved earlier.

13.7.2.1.3 As soon as the total minutes of playing time remaining is less than the completed overs faced by Team 1 multiplied by 4.25, then the first innings is terminated and the provisions of 13.7.2.2 below take effect.

13.7.2.1.4 A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of 14.11 overs per hour. When calculating the length of playing time available for the match, or the length of either innings, the timing and duration of all relative delays, extensions in playing hours, interruptions in play, and intervals will be taken into consideration.

This calculation must not cause the match to finish earlier than the original or rescheduled time for cessation of play on the final scheduled day for play. If required the original time shall be extended to allow for one extra over for each team.

13.7.2.1.5 If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue until the required number of overs have been bowled or the innings is completed.

13.7.2.1.6 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.2.2 Delay or Interruption to the innings of the Team Batting Second (see paragraph 2 of Appendix E)

13.7.2.2.1 When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 14.11 overs per hour, in respect of the lost playing time. Should the calculations result in a fraction of an over the fraction shall be ignored.

13.7.2.2.2 In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.

13.7.2.2.3 To constitute a match, a minimum of five (5) overs have to be bowled to the team batting second subject to a result not being achieved earlier.

13.7.2.2.4 The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.7.2.2.5 A fixed time will be specified for the close of play by applying a rate of 14.11 overs per hour. The timing and duration of all relative delays, extensions in playing hours and interruptions in play will be taken into consideration in specifying this time.

13.7.2.2.6 If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.

13.7.2.2.7 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.3 Extra Time

The participating countries may agree to provide for extra time where the start of play is delayed or play is suspended. For clarity, the changeover period (five (5) minutes) for a Super Over after the main match is not to be taken into account when applying any permitted extra time available.

13.8 Over-rate penalties

13.8.1 The fielding side shall be in position to bowl the first ball of the final over of the innings by the scheduled (or re-scheduled) cessation time for the innings (calculated in accordance with clause 13.7). In delayed or interrupted matches where there has been a reduction of three (3) or more overs pursuant to clause 13.7.2, the fielding side shall be in position to bowl the first ball of the penultimate over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

13.8.2 Where this requirement is not met, clause 28.7.5 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) no more than four (4) fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3.

13.8.3 Clause 13.8.2 shall not apply where:

13.8.3.1 a side's innings is reduced to less than 10 overs, unless the over-rate penalty has been applied prior to such reduction; or

13.8.3.2 a side's innings is completed prior to the scheduled (or re-scheduled) cessation time for the innings.

13.8.4 The bowler's end umpire shall inform the captain of the fielding side, the batter and the other umpire of:

13.8.4.1 the scheduled cessation time for the innings prior to the start of the innings, and of any re-scheduled cessation time following any subsequent interruption to play; and

13.8.4.2 any time allowances pursuant to clause 12.8.3 as and when they arise.

13.8.5 Over-rate penalties pursuant to clause 13.8 shall be applied in addition to the relevant provisions under the ICC Code of Conduct.

13.9 Number of overs per bowler

13.9.1 No bowler shall bowl more than four (4) overs in an innings.

13.9.2 In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, for innings of rescheduled length of at least 10 overs, no bowler may bowl more than one-fifth of the total overs allowed. Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

13.9.3 For innings of rescheduled length of between five (5) and nine (9) overs, no bowler may bowl more than two overs.

13.9.4 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

13.9.5 The scoreboard shall show the total number of overs bowled and the number of overs bowled by each bowler.

14 THE FOLLOW-ON

Shall not apply.

15 DECLARATION AND FORFEITURE

Shall not apply.

16 THE RESULT

16.1 A Win

16.1.1 Unless the winner is determined by DLS (see clause 16.4 – Calculation of the Target Score), the side which has scored in its one innings a total of runs in excess of that scored by the opposing side in its one completed innings shall win the match. See clause 13.3 (Completed innings). Note also clause 16.5 (Winning hit or extras).

16.1.2 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2), a result can be achieved only if both teams have had the opportunity of batting for at least five (5) overs, unless one team has been all out in less than five (5) overs or unless the team batting second scores enough runs to win in less than five (5) overs.

16.1.3 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2), all matches in which both teams have not had an opportunity of batting for a minimum of five (5) overs, shall be declared a No Result.

16.2 ICC Match Referee awarding a match

16.2.1 A match shall be lost by a side which either

16.2.1.1 concedes defeat or

16.2.1.2 in the opinion of the ICC Match Referee refuses to play and the ICC Match Referee shall award the match to the other side.

16.2.2 If an umpire considers that an action by any player or players might constitute a refusal by either side to play then the umpire shall call time, and the umpires together shall inform the ICC Match Referee of this fact. The ICC Match Referee shall together with the umpires ascertain the cause of the action. If the ICC Match Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, they shall so inform the captain of that side. If the captain persists in the action the ICC Match Referee shall award the match in accordance with clause 16.2.1.2 above.

16.2.3 If action as in clause 16.2.2 above takes place after play has started and does not constitute a refusal to play the delay or interruption in play shall be dealt with in the same manner as provided for in clauses 13.7.2 (Delayed and Interrupted Matches) and 11.4 (Changing agreed times for intervals) above.

Note: In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the ICC Code of Conduct.

16.3 All other matches – A Tie or No Result

16.3.1 A Tie

16.3.1.1 If the teams' scores are equal after both innings have been completed (if applicable under DLS – see clause 16.4), then a Super Over shall be played. If the Super Over is a tie, then unless exceptional circumstances arise (see paragraph 25 of Appendix F) subsequent Super Overs shall be played until there is a winner. Should it not be possible to play or to complete the Super Overs needed to determine a winner, the match shall be tied.

16.3.2 No Result

See clause 16.1.3 above.

16.4 Calculation of the Target Score

16.4.1 Interrupted Matches

16.4.1.1 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of five (5) overs), then a revised Target Score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using DLS. The target set will always be a whole number and one run less will constitute a Tie.

16.4.2 Prematurely Terminated Matches

16.4.2.1 If the innings of the side batting second is suspended (with at least five (5) overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension using DLS. If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.5 Winning hit or extras

16.5.1 As soon as a result is reached as defined in clauses 16.1, 16.2 or 16.3.1, the match is at an end. Nothing that happens thereafter, except as in clause 41.17 (Penalty runs), shall be regarded as part of it. Note also clause 16.8.

16.5.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batters before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.5.3 If a boundary is scored before the batters have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.6 Statement of result

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall, unless clause 16.4.2.1 (Prematurely terminated matches) applies.

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of five (5) Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.7 Correctness of result

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See clause 2.15 (Correctness of scores).

16.8 Mistakes in scoring

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to clause 16.9, they shall adopt the following procedure.

16.8.1 If, when the players leave the field, the side batting last has not completed its innings and

either the number of overs to be bowled in that innings has not been completed, or

the end of the innings has not been reached, then, unless one side concedes defeat, the umpires shall order play to resume. Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed. The number of overs shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.8.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.9 Result not to be changed

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

16.10 Points

16.10.1 Preliminary Matches

In an ICC-approved competition comprising more than two teams competing in a league structure, the following points system will apply:

– Win	2
– Tie, no result or abandoned	1
– Loss	0

In the event of teams finishing on equal points, the right to play in the final match or series will be determined as follows:

– The team with the most number of wins.

– If still equal, the team with the most number of wins over the other team(s) who are equal on points and have the same number of wins.

– If still equal, the team with the highest net run rate.

In a match declared as a No Result, run rate is not applicable.

16.10.2 Net run rate

A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition.

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under Duckworth/Lewis/Stern, for net run rate purposes Team 1 will be credited with Team 2's Par Score on abandonment off the same number of overs faced by Team 2. Where a match is concluded with Duckworth/Lewis/Stern having been applied at an earlier point in the match, Team 1 will be credited with one (1) run less than the final Target Score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

17 THE OVER

17.1 Number of balls

The ball shall be bowled from each end alternately in overs of six (6) valid balls.

17.2 Start of an over

An over has started when the bowler starts his run-up or, if there is no run-up, starts his action for the first delivery of that over.

17.3 Validity of balls

17.3.1 A ball shall not count as one of the six (6) balls of the over unless it is delivered, even though, as in clause 38.3 (Non-striker leaving his ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the six (6) balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See clause 20.7 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of clause 20.4.2.6. Note also the special provisions of clause 20.4.2.5 (Umpire calling and signalling Dead ball)

17.3.2.3 if it is a No ball. See clause 21 (No ball).

17.3.2.4 if it is a Wide. See clause 22 (Wide ball).

17.3.2.5 when any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker), or 41.5 (Deliberate distraction, deception or obstruction of a batter) is applied.

17.3.3 Any deliveries other than those listed in clauses 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the six (6) balls of the over.

17.4 Call of Over

When six (6) valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also clause 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after six (6) valid balls have been bowled, the umpire shall subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.5.3 Whenever possible, the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under these Playing Conditions.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated or suspended during an over, the umpire shall call and signal Dead ball. If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in that innings.

18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batters, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See clause 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See clause 18.6.

18.2 Runs disallowed and runs not scored

Wherever in these Playing Conditions provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A 11) or for the non-award of penalties.

When runs are disallowed, the one run penalty for No ball or Wide shall stand and 5-run penalties shall be allowed, except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

18.3 Short runs

18.3.1 A run is short if a batter fails to make good his ground in turning for a further run. See also clauses 18.4 (Unintentional short runs) and 18.5 (Deliberate short runs).

18.3.2 Although a short run shortens the next one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 Unintentional short runs

Except in the circumstances of clause 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored. In accordance with paragraph 2.5 of Appendix D, the third umpire shall review any call of Short run and communicate their decision to the relevant on-field umpire.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to clauses 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.5 Deliberate short runs

18.5.1 If either umpire considers that one or both batters deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply clause 18.5.2.

18.5.1.1 A deliberate short run is an attempt by the batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end.

18.5.1.2 Provided the umpires believe that there was no intention by the batter concerned to deceive the umpires, it will not be considered a deliberate short run if the batters abandon an attempted run.

18.5.2 The bowler's end umpire shall

- disallow all runs to the batting side
- signal No ball or Wide to the scorers, if applicable
- repeat the Short run signal to the scorers
- award five (5) Penalty runs to the fielding side
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side)
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.
- instruct the fielding captain to decide which of the batters at the wicket, including the incoming batter if applicable, shall face the next delivery (see clause 18.13 – Batters going to an end determined by players).

18.6 Runs awarded for penalties

Runs shall be awarded for penalties under clauses 18.5 (Deliberate short runs), 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 27.4.2 (Illegal movement by the wicket-keeper), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side), 28.6.3 (Illegal movement by any fielder other than the wicket-keeper), 41 (Unfair play) and 42 (Players' conduct). Note, however, the restrictions on the award of Penalty runs in clauses 18.5 (Deliberate short runs), 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side), 34 (Hit the ball twice), 41.14 (Batter damaging the pitch) and 41.15 (Striker in protected area).

18.7 Runs scored for boundaries

Runs shall be scored for boundary allowances under clause 19 (Boundaries).

18.8 Runs scored when a batter is dismissed

When a batter is dismissed, any runs for penalties awarded to either side shall stand.

No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.

If, however, the obstruction or distraction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

18.9 Runs scored when the ball becomes dead other than at the fall of a wicket

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in these Playing Conditions, any runs for penalties awarded to either side shall be scored. Note however the provisions of clauses 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally, the batting side shall be credited with all runs completed by the batters before the incident or call of Dead ball and the run in progress if the batters had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of clause 41.5.8 (Deliberate distraction, deception or obstruction of batter).

18.10 Crediting of runs scored

Unless stated otherwise in these Playing Conditions,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

- an award of five (5) Penalty runs, which shall be scored as Penalty runs
- the one run penalty for a No ball, which shall be scored as a No ball extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

– all runs scored by the striker

– all runs scored as No ball extras

– all runs scored as Wides.

18.11 Batter returning to original end

18.11.1 When the striker is dismissed in any of the circumstances in clauses 18.11.1.1 to 18.11.1.6, the not out batter shall return to his original end.

18.11.1.1 Bowled.

18.11.1.2 Stumped.

18.11.1.3 Hit the ball twice.

18.11.1.4 LBW.

18.11.1.5 Hit wicket.

18.11.1.6 Caught.

18.11.2 The batters shall return to their original ends when

18.11.2.1 A boundary is scored unless as a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.11.2.2 Runs are disallowed for any reason except under clause 18.5.2 (see clause 18.13 – Batters going to an end determined by players).

18.11.2.3 They are required to do so under clause 18.13 (Batters going to an end determined by players).

18.12 Batter returning to wicket he has left

18.12.1 When a batter is dismissed in any of the ways in clauses 18.12.1.1 to 18.12.1.2, the not out batter shall return to the wicket he has left but only if the batters had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to his original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out.

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batters shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of clauses 18.11.2.1 to 18.11.2.3 apply, the batters shall return to their original ends.

18.13 Batters going to an end determined by players

18.13.1 When a batter is dismissed Obstructing the field, where the obstruction prevents a catch being taken, the captain of the fielding side shall decide whether the not out batter shall return to the wicket they have left, or the other end.

18.13.2 If the ball becomes Dead under clause 18.5.2 (Deliberate short running), the captain of the fielding side shall decide which batter is to face the next delivery.

18.13.3 If the ball becomes dead under clause 41.5 (Deliberate distraction, deception or obstruction of batter), the batters at the wicket decide which batter is to face the next delivery.

19 BOUNDARIES

19.1 Determining the boundary of the field of play

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See clause 2.3.4 (Consultation with Home Board).

19.1.2 The boundary shall be determined such that no part of any sight-screen, will, at any stage of the match, be within the field of play.

19.1.3 The aim shall be to maximise the size of the playing area at each venue. With respect to the size of the boundaries, no boundary shall be longer than 90 yards (82.29 metres), and no boundary should be shorter than 65 yards (59.43 metres) from the centre of the pitch to be used.

19.1.4 At all times, there must be 3 yards (2.74 metres) from the boundary rope to the first solid object (advertising boards/LEDs, photographers, cameramen, dugouts, covers, perimeter fence) for the player's safety run off.

19.1.5 If the boundary is positioned less than 90 yards (82.29 metres) from the centre of the pitch, the boundary rope cannot be set at a distance of more than 10 yards (9.14 metres) from the perimeter fence. The 10 yards shall be inclusive of the 3 yards (2.74 metres) provided for the player's safety run off.

19.1.6 Any ground which has previously been approved to host international cricket which is unable to conform to the minimum boundary dimension shall be exempt. In such cases the boundary shall be positioned so as to maximise the size of the playing area.

19.2 Identifying and marking the boundary

19.2.1 All boundaries must be designated by a rope, or similar object of a minimum standard as authorised by the ICC from time to time.

19.2.2 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.3 An obstacle within the field of play shall not be regarded as a boundary unless so determined by the umpires before the toss. See clause 2.3.4 (Consultation with Home Board).

19.2.4 If an unauthorised person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batter is liable to be out as a result of the unauthorised person handling the ball. See also clause 20.4.2.12 (Umpire calling and signalling Dead ball).

19.3 Restoring the boundary

If a solid object used to mark the boundary is disturbed for any reason, then:

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.4 Ball grounded beyond the boundary

19.4.1 The ball in play is grounded beyond the boundary if it touches

– the boundary or any part of an object used to mark the boundary;
– the ground beyond the boundary;
– any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

– a fielder, grounded beyond the boundary as in clause 19.5, touches the ball;
– a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 Fielder grounded beyond the boundary

19.5.1 A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

– the boundary or any part of an object used to mark the boundary;

– the ground beyond the boundary;

– any object that is in contact with the ground beyond the boundary;

– another fielder who is grounded beyond the boundary.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, he may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or on to the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 Boundary allowances

19.6.1 Six (6) runs shall be allowed for a boundary 6; and four (4) runs for a boundary 4. See also clause 19.7.

19.7 Runs scored from boundaries

19.7.1 A boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A boundary 4 will be scored when a ball that is grounded beyond the boundary

– whether struck by the bat or not, was first grounded within the boundary, or

– has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of clause 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary.

19.7.3.2 the runs completed by the batters together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in clause 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of clause 18.12.

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

19.8.1 Runs scored from an overthrow or wilful act of fielder

If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batters at the instant of the throw or wilful act of the fielder and the run in progress if the batters had already crossed at the instant of the throw or wilful act of the fielder.

Clause 18.12.2 (Batter returning to wicket he has left) shall apply as from the instant of the throw or act.

19.8.2 Definition of an overthrow or wilful act of fielder

19.8.2.1 A boundary results from an overthrow if, in the opinion of the umpire, in an attempt to Run out the batter or prevent further run-scoring, a fielder directs the ball towards the wickets, and the ball subsequently crosses the boundary.

19.8.2.2 It is not to be considered an overthrow if the ball crosses the boundary as a result of

– a fielder attempting to stop the ball, or

– when fielding near the boundary, a fielder attempting to pass it a short distance to another fielder.

19.8.2.3 For the purposes of this clause only, a wilful act is any deliberate action by a fielder that is not intended to prevent a run, effect a Run out or complete a catch.

20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled.

20.1.1.2 a boundary is scored. See clause 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of his clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 there is an award of Penalty runs under either of clauses 24.4 (Player returning without permission) or 28.3 (Fielding the ball). The ball shall not count as one of the over.

20.1.1.7 there is a contravention of clause 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in clause 12.6 (Conclusion of match).

20.1.2 The ball is finally settled once it is in the hand or hands of any fielder or stationary on the ground, and the bowler's end umpire determines that it is no longer in play.

20.1.3 In a match where cameras are being used on or over the field of play (e.g. Spidercam), should a ball that has been hit by the batter make contact, while still in play, with the camera, its apparatus or its cable, either umpire shall call and signal 'dead ball'. The ball shall not count as one of the over and no runs shall be scored. If the delivery was called a No ball it shall count and the No ball penalty shall be applied. No other runs (including penalty runs) apart from the No ball penalty shall be scored.

20.1.4 Should a ball thrown by a fielder make contact with a camera on or over the field of play, its apparatus or its cable, either umpire shall call and signal dead ball. Unless this was already a No ball or Wide, the ball shall count as one of the over. All runs scored to that point shall count, plus the run in progress if the batters have already crossed.

20.1.5 Refer also to paragraph 2.7 of Appendix D.

20.2 Ball finally settled

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 Call of Over or Time

Neither the call of Over (see clause 17.4 – Call of Over) nor the call of Time (see clause 12.2 – Call of Time) is to be made until the ball is dead, either under clauses 20.1 or 20.4.

20.4 Umpire calling and signalling Dead ball

20.4.1 When the ball has become dead under clause 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Playing Conditions specifically provide for the call to be delayed, so as not to disadvantage the non-offending side, under clause 23.3 (Leg byes not to be awarded), clause 34.4 (Runs permitted from the ball lawfully struck more than once), clause 41.2.1 (Unfair actions) and clause 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving their normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket, without intervention from any player or their equipment, before he has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also clause 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of clauses 41.4 (Deliberate attempt to distract or obstruct striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 the bowler throws the ball towards the striker's end before entering his delivery stride.

20.4.2.10 the ball is not delivered for any reason other than an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 they consider that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand (see clause 19.2.4 – Identifying and marking the boundary).

20.4.2.13 the striker attempts to play the ball and no part of the striker's bat or person, whether grounded or raised, remains within the pitch as defined in clause 6.1 (Area of pitch).

20.4.2.14 required to do so under any of the Playing Conditions not included above.

20.5 Ball ceases to be dead

The ball ceases to be dead – that is, it comes into play – when the bowler starts his run-up or, if there is no run-up, starts his bowling action.

20.6 Dead ball not to be revoked

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery.

20.7 Dead ball; ball counting as one of over

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in clause 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it.

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of clauses 20.4.2.6 and 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In clause 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right-handed or left-handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be delivered with an Illegal Bowling Action.

An Illegal Bowling Action is defined as a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

Should either umpire or the ICC Match Referee suspect that a bowler has used an Illegal Bowling Action, they shall complete the ICC Bowling Action Report Form at the conclusion of the match, as set out in the Illegal Bowling Regulations.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 If, in the opinion of either umpire, the ball has been thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, they shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.

– inform the captain of the fielding side of the reason for this action.

– inform the batters at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, that umpire shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The suspended bowler shall not bowl again in that innings.

– inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the bowler concerned.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under clause 20.4.2.9.

21.5 Fair delivery – the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

– on the same side of the imaginary line joining the two middle stumps as the return crease described in clause 21.5.1, and

– behind the popping crease.

The third umpire shall review television replays of the bowler's feet landing and, if they are satisfied that not all the requirements have been met, advise the bowler's end umpire who shall in turn immediately call and signal No ball. See clause 41.8 (Bowling of deliberate front foot No ball).

21.6 Bowler breaking wicket in delivering ball

Either umpire shall call and signal No ball if, other than in an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early), the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride. This shall include any clothing or other object that falls from his person and breaks the wicket. See Appendix A 12 and clauses 20.4.2.8 and 20.4.2.10 (Umpire calling and signalling Dead ball)

21.7 Ball bouncing more than once, rolling along the ground or landing off the pitch

The umpire shall call and signal No ball if a ball which they consider to have been delivered, without having previously touched bat or person of the striker,

21.7.1 bounces more than once, or rolls along the ground before it reaches the popping crease, or

21.7.2 lands or subsequently bounces wholly or partially off the pitch as defined in clause 6.1 (Area of pitch) before it reaches the line of the striker's wicket.

The third umpire may be consulted and, if required, can review television replays to assist with the adjudication of No balls under this clause.

21.8 Ball causing the striker to leave the pitch or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see clause 25.6 – Striker's right to play the ball) without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If except in the circumstances of clause 27.3 (Position of wicket-keeper) a ball, delivered by the bowler, makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball. However, if the fielder's action is a deliberate attempt to obstruct the striker from playing the ball, clause 41.4 (Deliberate attempt to distract or obstruct striker) shall apply.

21.10 Call of No ball for infringement of other Playing Conditions

In addition to the instances above, No ball is to be called and signalled as required by the following clauses:

Clause 27.3 – Position of wicket-keeper

Clause 28.4 – Limitation of on side fielders

Clause 28.5 – Fielders not to encroach on pitch

Clause 41.6 – Bowling of dangerous and unfair short deliveries

Clause 41.7 – Bowling of dangerous and unfair non-landing deliveries

Clause 41.8 – Bowling of deliberate front foot No ball

21.11 Revoking a call of No ball

21.11.1 An umpire shall revoke the call of No ball if Dead ball is called under any of clauses 20.4.2.4, 20.4.2.5, 20.4.2.6, 20.4.2.8 or 20.4.2.10 (Umpire calling and signalling Dead ball), or if, for any other reason, the ball was deemed to be Dead before the bowler released the ball.

21.11.2 An umpire shall revoke the call of No ball if Dead ball is called under clause 20.4.2.5 or 20.4.2.6, unless the No ball is called under clause 21.6.

21.12 No ball to over-ride Wide

A call of No ball shall over-ride the call of Wide ball at any time. See clauses 22.1 (Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.13 Ball not dead

The ball does not become dead on the call of No ball.

21.14 Penalty for a No ball

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.15 Runs resulting from a No ball – how scored

The one run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in clause 41.17 (Penalty runs). Any runs completed by the batters or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.16 No ball not to count

A No ball shall not count as one of the over. See clause 17.3 (Validity of balls).

21.17 Out from a No ball

When No ball has been called, neither batter shall be out under any of the Playing Conditions except clause 34 (Hit the ball twice), clause 37 (Obstructing the field) or clause 38 (Run out).

21.18 Free hit

21.18.1 In addition to the above, the delivery following a No ball called (all modes of No ball) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.

21.18.2 For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide.

21.18.3 Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

21.18.3.1 There is a change of striker (the provisions of clause 41.2 shall apply), or

21.18.3.2 The No ball was the result of a fielding restriction breach, in which case the field may be changed to the extent of correcting the breach.

21.18.4 For clarity, the bowler can change his mode of delivery for the free hit delivery. In such circumstances clause 21.1 shall apply.

21.18.5 The umpires will signal a free hit by (after the normal No ball signal) extending one arm straight upwards and moving it in a circular motion.

22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause 22.1.2 and 22.1.3, the ball passes wide of where the striker is standing at the point of delivery and which also would have passed wide of the striker standing in a normal batting position.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 The ball will be considered as passing wide of the striker if any delivery, after landing, passes over head height of the striker standing upright at the popping crease.

22.1.4 Umpires are instructed to apply very strict and consistent interpretation in regard to this clause in order to prevent negative bowling wide of the wicket.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide they shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered his delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See clause 21.13 (No ball to over-ride Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving, either causes the ball to pass wide of him, as defined in clause 22.1.2 or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 Penalty for a Wide

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under clause 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 Runs resulting from a Wide – how scored

All runs completed by the batters or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of five (5) Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 Wide not to count

A Wide shall not count as one of the over. See clause 17.3 (Validity of balls).

22.9 Out from a Wide

When Wide ball has been called, neither batter shall be out under any of the Playing Conditions except clause 35 (Hit wicket), clause 37 (Obstructing the field), clause 38 (Run out) or clause 39 (Stumped).

23 BYE AND LEG BYE

23.1 Byes

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching his bat or person, any runs completed by the batters from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one run penalty for such a delivery shall be incurred.

23.2 Leg byes

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

– either attempted to play the ball with the bat

– or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is either no subsequent contact with the striker's bat or person, or only inadvertent contact with the striker's bat or person any runs completed by the batters or a boundary allowance shall be credited to the striker in the case of subsequent contact with his bat but otherwise to the batting side as in clause 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, clause 34.3 (Ball lawfully struck more than once) and clause 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in clause 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of clause 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run.

The umpire shall then:

– disallow all runs to the batting side;

– return any not out batter to his original end;

– signal No ball to the scorers if applicable;

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

24 FIELDER'S ABSENCE; SUBSTITUTES

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires. Note, however, clause 42.4.1.

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for him, subject to clauses 24.2 and 24.3.

24.1.4 Squad members of the fielding or batting team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

24.2 Fielder absent or leaving the field of play

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this clause, is he to be regarded as having left the field of play. A fielder may be outside the boundary when the ball comes into play – however, all fielders shall be within the boundary at the instant the ball is delivered.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 that fielder shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See clause 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.3 If a player is absent from the field for longer than eight (8) minutes, the following restrictions shall apply to their future participation in the match:

24.2.3.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty time). A player's unexpired Penalty time shall be limited to a maximum of 40 minutes. If any unexpired Penalty time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the previous innings. However, once his side has lost five (5) wickets in its batting innings, he may bat immediately. If any unexpired penalty time remains at the end of that batting innings, it is carried forward to the next and subsequent innings of the match.

24.2.4 If the player leaves the field before having served all of his Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to a maximum cumulative Penalty time of 40 minutes, and that player shall not bowl until all of his Penalty time has been served.

24.2.6 For the purposes of clauses 24.2.3.1 and 24.2.3.2, playing time shall comprise the time play is in progress excluding intervals between innings. For clarity, a player's Penalty time will continue to expire after he is dismissed, for the remainder of his team's batting innings.

24.2.7 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.7.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or his side is now batting.

24.2.7.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as he is able to participate, and either takes the field on the resumption of play, or his side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.3 Penalty time not incurred

A nominated player's absence will not incur Penalty time if,

24.3.1 he has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.3.3 the player is absent from the field for a period of eight (8) minutes or less.

24.4 Player returning without permission

If a player comes on to the field of play in contravention of clause 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

- The umpires shall signal No ball or Wide ball to the scorers, if applicable.
- The umpire shall award five (5) Penalty runs to the batting side.
- Runs completed by the batters shall be scored together with the run in progress if they had already crossed at the instant of the offence.
- The ball shall not count as one of the over.
- The umpire shall inform the other umpire, the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for this action.

25 BATTER'S INNINGS

25.1 Eligibility to act as a batter

Only a nominated player may bat and, subject to clause 25.3, may do so even though a substitute fielder has previously acted for him.

25.2 Commencement of a batter's innings

The innings of the first two batters, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps on to the field of play.

25.3 Restriction on batter commencing an innings

25.3.1 If a member of the batting side has unserved Penalty time, see clause 24.2.7, that player shall not be permitted to bat until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after his side has lost five (5) wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time. In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that he is able to participate shall count as Penalty time served.

25.3.3 If any unserved Penalty time remains at the end of a team's innings, it shall be carried forward to the next innings of the match if appropriate.

25.4 Batter retiring

25.4.1 A batter may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume his innings. If for any reason this does not happen, that batter is to be recorded as 'Retired – not out'.

25.4.3 If a batter retires for any reason other than as in clause 25.4.2, that batter is to be recorded as 'Retired – out'.

25.4.4 If after retiring a batter resumes his innings, subject to the requirements of clause 25.4.2, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 Runners

Runners shall not be permitted.

25.6 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder (see clause 27.5 – Restrictions on actions of wicket-keeper and clause 27.6 – Interference with wicket-keeper by striker).

However, the striker may only attempt to play the ball if some of his bat or person, whether grounded or raised, remains within the pitch, as defined in clause 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, from the moment the ball comes into play until the striker has finished receiving the delivery, either umpire shall immediately call and signal Dead ball.

26 PRACTICE ON THE FIELD

26.1 Practice on the pitch or the rest of the square

26.1.1 There shall not be any practice on the pitch at any time.

26.1.2 There shall not be any practice on the rest of the square at any time except with the approval of the umpires.

26.1.2.1 If approved by the umpires, the use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.

26.1.2.2 Bowling practice on the bowling strips referred to above shall also be permitted during the interval (and change of innings if not the interval) unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

26.2 Practice on the outfield

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

– before the start of play;

– after the close of play; and

– during the interval or between innings providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

– only the fielders as defined in paragraph 7 of Appendix A participate in such practice.

– no ball other than the match ball is used for this practice.

– no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.

– the umpires are satisfied that it will not contravene either of clauses 41.3 (The match ball changing its condition) or 41.9 (Time wasting by the fielding side).

Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the other conditions in this clause.

26.3 Trial run-up

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of clauses 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 Penalties for contravention

All forms of practice are subject to the provisions of clauses 41.3 (The match ball – changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any provisions of clause 26.1 or 26.2, the umpire shall

– warn the player that the practice is not permitted;

– inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued. The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

– award five (5) Penalty runs to the opposing side;

– inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batters at the wicket.

27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of his person for the purposes of clause 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that he will not be able to carry out the normal duties of a wicket-keeper, he shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of clauses 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under clause 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See paragraph 3 of Appendix B.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the instant of the bowler's delivery until a ball delivered by the bowler

touches the bat or person of the striker; or

passes the wicket at the striker's end; or

the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this clause, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 Movement by wicket-keeper

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward, unless in so doing it brings him within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that his actions suggest he intends to play. However, the provisions of clause 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award five (5) Penalty runs to the batting side

27.4.2.3 inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the wicket-keeper concerned.

27.5 Restriction on actions of wicket-keeper

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball, clause 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply. However, if the wicket-keeper, or any other fielder, interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then clause 41.4 (Deliberate attempt to distract or obstruct striker) shall also apply.

27.6 Interference with wicket-keeper by striker

If, in playing at the ball or in the legitimate defence of his wicket, the striker interferes with the wicket-keeper, the striker shall not be out except as provided for in clause 37.3 (Obstructing a ball from being caught).

28 THE FIELDER

28.1 Protective equipment

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 Fielding the ball

28.2.1 A fielder may field the ball with any part of his person (see paragraph 12 of Appendix A), except as in clause 28.2.1.2. However, the fielder will be deemed to have fielded the ball illegally if, while the ball is in play,

28.2.1.1 He wilfully uses anything other than part of his person to field the ball.

28.2.1.2 He wilfully extends his clothing with his hands and uses this to field the ball.

28.2.1.3 Any piece of clothing, equipment or any other object, which had been deliberately discarded subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person, or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

– the penalty for a No ball or a Wide shall stand.

– any runs completed by the batters shall be credited to the batting side, together with the run in progress if the batters had already crossed at the instant of the offence.

– the ball shall not count as one of the over.

In addition, the umpire shall:

– award five (5) Penalty runs to the batting side.

– inform the other umpire and the captain of the fielding side of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

28.3 Protective helmets belonging to the fielding side

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1 the ball shall immediately become Dead and, unless 28.3.3 applies:

the umpire shall signal No ball or Wide ball to the scorers, if applicable

the umpire shall award five (5) Penalty runs to the batting side;

28.3.2.1 any runs completed by the batters before the ball strikes the protective helmet shall be scored, together with the run in progress if the batters had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, and the circumstances of clause 23.3 (Leg byes not to be awarded) or clause 34 (Hit the ball twice) apply, the umpire shall:

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball or Wide ball to the scorers if applicable

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3.2.

28.4 Limitation of on side fielders

28.4.1 At the instant of delivery, there may not be more than five (5) fielders on the leg side.

28.4.2 At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his person whether grounded or in the air is in front of this line.

28.4.3 In the event of infringement of this clause by any fielder, the striker's end umpire shall call and signal No ball.

28.5 Fielders not to encroach on pitch

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of his person grounded on or extended over the pitch.

In the event of infringement of this clause by any fielder other than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, clause 27.3 (Position of wicket-keeper).

28.6 Movement by any fielder other than the wicket-keeper

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that his actions suggest he intends to play.

28.6.2 In all circumstances clause 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable.

28.6.3.2 award five (5) Penalty runs to the batting side.

28.6.3.3 inform the captain of the fielding side of the reason for this action.

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the fielder concerned.

28.6.4 Note also the provisions of clause 41.4 (Deliberate attempt to distract or obstruct striker). See also clause 27.4 (Movement by wicket-keeper).

28.7 Restrictions on the placement of fielders

28.7.1 In addition to the restrictions contained in clause 28.4 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

28.7.2 Subject to 28.7.6 below, these additional fielding restrictions shall apply to the first 6 overs of each innings (Powerplay overs).

28.7.3 Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer to paragraph 2 of Appendix C.) These fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5-yard (4.57-metre) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 centimetres) in diameter.

28.7.4 During the Powerplay overs, only two fielders shall be permitted outside this fielding restriction area at the instant of delivery.

28.7.5 During the non-Powerplay overs, no more than five (5) fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3 above.

28.7.6 In circumstances when the number of overs of the batting team is reduced, the number of Powerplay overs shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Total overs in innings	Number of overs for which fielding restrictions in clauses 28.7.2 and 28.7.4 above will apply
5	1.3
6	1.5
7	2.1
8	2.2
9	2.4
10	3.0
11	3.2
12	3.4
13	3.5
14	4.1
15	4.3
16	4.5
17	5.1
18	5.2
19	5.4

28.7.7 If an innings is interrupted during an over and if on the resumption of play, due to the reduced number of overs of the batting team, the required number of Powerplay overs have already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.

28.7.8 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal No ball.

29 THE WICKET IS BROKEN

29.1 Wicket broken

The wicket is broken when at least one bail is completely removed from the top of the stumps, or one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps or a stump is struck out of the ground.

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that he is holding,

29.2.1.3 for the purpose of this clause only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of his clothing or equipment, including the helmet, grille and/or neck guard, becoming detached from his person,

29.2.1.5 by a fielder with his hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in clause 29.2.1.5.

29.2.2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal.

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in clause 29.2.

29.4 Remaking wicket

If a wicket is broken or put down while the ball is in play, it shall not be remade by an umpire until the ball is dead. See clause 20 (Dead ball). Any fielder may, however, while the ball is in play,

– replace a bail or bails on top of the stumps.

– put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with clause 8.4 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of his clothing or equipment as described in clauses 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in clause 29.2.1.5.

29.5.2 If the wicket has already been broken or put down, clause 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with clause 29.4, in order to have an opportunity of breaking the wicket fairly.

30 BATTER OUT OF HIS GROUND

30.1 When out of his ground

30.1.1 A batter shall be considered to be out of his ground unless some part of his person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of his ground if, in running or diving towards his ground and beyond, and having grounded some part of his person or bat beyond the popping crease, there is subsequent loss of contact between the ground and any part of that batter's person or bat, or between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is his ground and will remain so even if he is later joined there by the other batter.

30.2.2 If both batters are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batters are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then the other ground belongs to the other batter, irrespective of the other batter's position.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though that batter may be out under these Playing Conditions, unless appealed to by a fielder. This shall not debar a batter who is out under these Playing Conditions from leaving the wicket without an appeal having been made. Note, however, the provisions of clause 31.7.

31.2 Batter dismissed

A batter is dismissed if he is

either given out by an umpire, on appeal

or out under these Playing Conditions and leaves the wicket as in clause 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins his run-up to deliver the next ball, or, if the bowler has no run-up, the bowler begins his action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See clauses 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal 'How's That?'

An appeal 'How's That?' covers all ways of being out. Refer also to Appendix D: DRS and Third Umpire Protocol.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of clauses 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within the jurisdiction of that umpire.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with clause 31.3, if it is on a further matter and is within their jurisdiction.

31.6 Consultation by umpires

Each umpire shall answer appeals on matters within their own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, they shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 Batter leaving the wicket under a misapprehension

Either umpire shall call and signal Dead ball if satisfied that a batter, not having been given out, has left the wicket under a reasonable misapprehension of being out. The umpire shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 Withdrawal of an appeal

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

32 BOWLED

32.1 Out Bowled

32.1.1 The striker is out Bowled if his wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player, the wicket at the non-striker's end or an umpire. The striker will, however, be subject to clauses 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 Bowled to take precedence

The striker is out Bowled if his wicket is broken as in clause 32.1, even though a decision against either batter for any other method of dismissal would be justified.

33 CAUGHT

33.1 Out Caught

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches his bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in clauses 33.2 and 33.3, before it touches the ground.

33.2 A fair catch

33.2.1 A catch will be fair only if, in every case either the ball, at any time or any fielder in contact with the ball, is not grounded beyond the boundary before the catch is completed. Note clauses 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. For the purposes of this clause, a strike is defined as any contact between the ball and the bat or person, provided at least one such strike is on the bat. See clause 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in clause 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 Making a catch

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and his own movement.

33.4 No runs to be scored

If the striker is dismissed Caught, runs from that delivery completed by the batters before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to his original end. See clause 18.11 (Batter returning to original end).

33.5 Caught to take precedence

If the criteria of clause 33.1 are met and the striker is not out Bowled, then he is out Caught, even though a decision against either batter for another method of dismissal would be justified.

34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of his person or is struck by his bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with his bat or person, other than a hand not holding the bat, except for the sole purpose of guarding his wicket. See clause 34.3 and clause 37 (Obstructing the field).

34.1.2 For the purpose of this clause 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This clause will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this clause if

34.2.1 He strikes the ball a second or subsequent time in order to return the ball to any fielder.

Note, however, the provisions of clause 37.4 (Returning the ball to a fielder).

34.2.2 He wilfully strikes the ball after it has touched a fielder. Note, however the provisions of clause 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard his wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of his person other than a hand not holding the bat. The striker may guard his wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of his wicket. See clause 37.3 (Obstructing a ball from being caught).

If any fielder interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in clause 34.3, runs may not be scored.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run. However, the umpire shall further delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball to the scorers if applicable, and

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

34.5 Bowler does not get credit

The bowler does not get credit for the wicket.

35 HIT WICKET

35.1 Out Hit wicket

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, the striker's wicket is broken by either the striker's bat or person as described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by the striker in preparing to receive or in receiving a delivery,

35.1.1.2 as a result of any movement that is an attempt to recover their balance receiving a delivery,

35.1.1.3 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.4 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.5 in lawfully making a second or further stroke for the purpose of guarding his wicket within the provisions of clause 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks his wicket in any of the ways described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 Not out Hit wicket

The striker is not out under this clause should his wicket be broken in any of the ways referred to in clause 35.1 if any of the following applies:

– it occurs after the striker has completed any action in receiving the delivery, other than in clauses 35.1.1.2 to 35.1.1.5.

– the wicket is broken by a part of the striker's detached equipment or bat not held in the hand, which has come into contact with any other person before breaking the wicket.

– the wicket is broken by the striker's person, or bat held in the hand, as a direct consequence of contact with a member of the fielding side.

– it occurs when the striker is in the act of running, other than setting off immediately for the first run.

– it occurs when the striker is trying to avoid being run out or stumped.

– it occurs when the striker is trying to avoid a throw in at any time.

– the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See clause 20.4 (Umpire calling and signalling Dead ball).

– the delivery is a No ball.

35.3 Runs scored

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of five (5) Penalty runs.

36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in clauses 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted without landing, lands in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched his bat, the striker intercepts the ball, either with or without landing, with any part of his person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is

between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points of impact in clauses 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing clause 36.1.3, if the bowler's end umpire is not satisfied that the ball intercepted the batter's person before it touched the bat, the batter shall be given Not out.

36.2.3 In assessing clause 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See paragraph 13 of Appendix A.

37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of clause 37.2, and while the ball is in play, he wilfully attempts to obstruct or distract the fielding side by word or action. See also clause 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of clause 37.2, in the act of receiving a ball delivered by the bowler, he wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of his wicket.

37.1.3 The striker is out Obstructing the field, if, while receiving the ball, he deliberately drops or throws the bat in an attempt to either impact the ball or prevent any dismissal except Hit wicket.

37.1.4 This clause will apply whether or not No ball is called.

37.1.5 For the avoidance of doubt, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batter crossing the pitch, clause 41.14 (Batter damaging the pitch) shall also apply. See also paragraph 2.2 of Appendix D.

37.2 Not out Obstructing the field

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental, or

obstruction is in order to avoid injury, or

the striker makes a second or subsequent strike to guard his wicket lawfully as in clause 34.3 (Ball lawfully struck more than once). However, see clause 37.3.

37.3 Obstructing a ball from being caught

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out caught.

37.3.2 Clause 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding his wicket under the provision of clause 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending his wicket from a No ball with a lawful second strike.

37.4 Returning the ball to a fielder

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, he uses the bat or any part of his person to return the ball to any fielder.

37.5 Runs scored

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out caught, any runs completed by the batters before the offence shall be scored, together with any one run Penalty for No ball or wide, or any other award of five (5) Penalty runs to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being out caught, any runs completed by the batters shall not be scored but any award of five (5) Penalty runs to either side shall stand.

The fielding captain shall decide whether the non-striker, or the incoming batter, is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

37.6 Bowler does not get credit

The bowler does not get credit for the wicket.

38 RUN OUT

38.1 Out Run out

Either batter is out Run out, except as in clause 38.2, if, at any time while the ball is in play,

he is out of his ground

and his wicket is fairly broken by either the action of a fielder or

the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of clause 38.2.2.2, and whether or not a run is being attempted.

38.2 Batter not out Run out

38.2.1 A batter is not out Run out in the circumstances of clauses 38.2.1.1 or 38.2.1.2.

38.2.1.1 He has been within his ground and has subsequently left it to avoid injury, when the wicket is fairly broken.

Note also the provisions of clause 30.1.2 (When out of his ground).

38.2.1.2 The ball delivered by the bowler has not made contact with a fielder, before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in clauses 38.2.2.1 and 38.2.2.2.

38.2.2.1 He is out Stumped. See clause 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

and he is out of his ground not attempting a run

and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

38.3 Non-striker leaving his ground early

38.3.1 If the non-striker is out of his ground at any time from the moment the ball comes into play until the moment the bowler's arm reaches the highest point of his normal bowling action in the delivery swing, the non-striker is liable to be Run out. In these circumstances, the non-striker will be out Run out if he is out of his ground when his wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

Even if the non-striker had left their ground before the moment the bowler's arm reaches the highest point of their normal bowling action in the delivery swing, once the bowler has reached that point it is no longer possible for the bowler to run out the non-striker under this law.

38.3.2 If the ball is not delivered,

– if there is an appeal, the umpire shall make their decision on the Run out.

– if there is no appeal, or if the decision is not out, the umpire shall call and signal Dead ball as soon as possible.

– the ball shall not count as one in the over.

38.3.3 If the ball is delivered and there is an appeal,

– the umpire shall make their decision on the Run out.

– if the non-striker is not dismissed, the ball remains in play and clause 21.6 (Bowler breaking wicket in delivering ball) shall apply.

– if the non-striker is dismissed, the ball shall not count as one in the over.

38.4 Which batter is out

The batter out in the circumstances of clause 38.1 is the one whose ground is at the end where the wicket is fairly broken. See clause 30.2 (Which is a batter's ground).

38.5 Runs scored

If either batter is dismissed Run out, the run in progress when the wicket is fairly broken shall not be scored, but any runs completed by the batters shall stand, together with any runs for penalties awarded to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

38.6 Bowler does not get credit

The bowler does not get credit for the wicket.

39 STUMPED

39.1 Out Stumped

39.1.1 The striker is out Stumped, except as in clause 39.3, if

a ball which is delivered is not called No ball

and he is out of his ground, other than as in clause 39.3.1

and he has not attempted a run

when his wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however clause 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of clause 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 Ball rebounding from wicket-keeper's person

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball rebounds on to the stumps from any part of the wicket-keeper's person or equipment or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 Not out Stumped

39.3.1 The striker will not be out Stumped if, after having received the delivery, he has left his ground in order to avoid injury.

39.3.2 If the striker is not out Stumped he may, except in the circumstances of clause 38.2.2.2 (Batter not out run out) be out Run out if the conditions of clause 38.1 (Out Run out) apply.

39.4 Runs Scored

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note clauses 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one-run penalty for the Wide remains.

40 TIMED OUT

40.1 Out Timed out

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball or for the other batter to be ready to receive the next ball within 1 minute 30 seconds of the dismissal or retirement. If this requirement is not met, the incoming batter will be out Timed out.

40.1.2 The incoming batter is expected to be ready to make his way to the wicket immediately a wicket falls. Dugouts shall be provided.

40.1.3 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of clause 16.2 (ICC Match Referee awarding a match). For the purposes of that clause, the start of the action shall be taken as the expiry of the 1 minute 30 seconds referred to above

40.2 Bowler does not get credit

The bowler does not get credit for the wicket.

41 UNFAIR PLAY

41.1 Fair and unfair play – responsibility of captains

The captains are responsible for ensuring that play is conducted within the Spirit of Cricket, as well as within these Playing Conditions.

41.2 Fair and unfair play – responsibility of umpires

41.2.1 The umpires shall be the sole judges of fair and unfair play. If either umpire considers that any action by a player, not covered by these Playing Conditions, is unfair, they shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.
- warn the offending player's captain that any further such offence by any member of his team shall result in the award of five (5) Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side the bowler's end umpire shall then

- summon the offending player's captain and inform him that there has been a further such offence.
- award five (5) Penalty runs to the opposing side.

41.2.1.3 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player concerned.

41.3 The match ball – changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in clause 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out his normal duties, a batter is not allowed to wilfully damage the ball other than, when the ball is in play, in striking it with the bat. See also clause 5.5 (Damage to the ball).

A fielder may, however:

41.3.2.1 polish the ball on his clothing provided that no artificial substance is used, that the only natural substance used is sweat, and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires may consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in clause 41.3.2.

41.3.4 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of either side, or that its condition is inconsistent with the use it has received, they shall consider that there has been a contravention of this clause and decide together whether they can identify the player(s) responsible for such conduct.

41.3.5 If it is possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.5.1 Subject to clause 41.3.7 below, change the ball forthwith.

41.3.5.1.1 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the fielding side, the batter at the wicket shall choose the replacement ball from a selection of six (6) other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

41.3.5.1.2 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the batting side, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.5.2 Additionally, the bowler's end umpire shall:

41.3.5.2.1 award five (5) Penalty runs to the opposing side;

41.3.5.2.2 if appropriate, inform the batters at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action; and

41.3.5.2.3 inform the captain of the batting side as soon as practicable of what has occurred.

41.3.5.3 The umpires shall then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player(s) concerned.

41.3.6 If it is not possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.6.1 Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention;

41.3.6.2 The bowler's end umpire shall issue the captain with a first and final warning, and

41.3.6.3 Advise the captain that should there be any further instances of changing the condition of the ball by that team during the remainder of the series, clause 41.3.5.1.2 above will be adopted, with the captain deemed to be the player responsible for the contravention.

41.3.7 If the umpires believe that saliva has been applied to the ball, the bowler's end umpires shall:

– award five (5) Penalty runs to the opposing side, and

– replace the ball under the provisions of 41.3.5.1 unless they believe the fielding team has deliberately applied saliva to try to get the ball changed to their advantage.

41.4 Deliberate attempt to distract or obstruct striker

41.4.1 It is unfair for any fielder deliberately to attempt to distract or obstruct the striker while he is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, this call shall stand regardless of the attempt to distract or obstruct the striker.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.5 Deliberate distraction, deception or obstruction of batter

41.5.1 In addition to clause 41.4 (Deliberate attempt to distract or obstruct striker), it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 If an obstruction involves physical contact, the umpires together shall decide whether or not an offence under clause 42 (Players' conduct) has been committed.

41.5.5.1 If an offence under clause 42 (Players' conduct) has been committed, they shall apply the relevant procedures in clause 42 (Players' conduct) and shall also apply each of clauses 41.5.7 to 41.5.9.

41.5.5.2 If they consider that there has been no offence under clause 42 (Players' conduct), they shall apply each of clauses 41.5.6 to 41.5.10.

41.5.6 The bowler's end umpire shall;

– Signal No ball or Wide to the scorers, if applicable.

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.7 The ball shall not count as one of the over.

41.5.8 Any runs completed by the batters before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batters had already crossed at the instant of the offence.

41.5.9 The batters at the wicket shall decide which of them is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

41.5.10 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.6 Bowling of dangerous and unfair short deliveries

41.6.1 Notwithstanding clause 41.6.2, the bowling of short deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on the striker. The fact that the striker is wearing protective equipment shall be disregarded.

In the first instance the umpire decides that the bowling of short deliveries has become dangerous under clause 41.6.1

41.6.1.1 The umpire shall call and signal No ball, and when the ball is dead, caution the bowler and inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.6.1.2 If there is a second instance, the umpire shall repeat the above procedure and indicate to the bowler that this is a final warning, which shall apply to that bowler throughout the innings.

41.6.1.3 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.1.4 A bowler shall be limited to one fast short delivery per over.

41.6.1.5 A fast short delivery is defined as a ball, which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.1.6 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short delivery has been bowled.

41.6.1.7 In addition, a ball that passes above head height of the batter, standing upright at the popping crease, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a Wide. See also clause 22.1.1.2

41.6.1.7.1 For the avoidance of doubt any fast short delivery that is called a Wide under this clause shall also count as one of the allowable short deliveries in that over.

41.6.1.8 In the event of a bowler bowling more than one fast short delivery in an over as defined in clause 41.6.1.5 above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short delivery. The umpire shall call and signal 'No ball' and then tap the head with the other hand.

41.6.1.9 If a bowler delivers a second fast short delivery in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

41.6.1.10 If there is a second instance of the bowler being No balled in the innings for bowling more than one fast short delivery in an over, the umpire shall advise the bowler that this is his final warning for the innings.

41.6.1.11 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.2 Should the umpires initiate the caution and warning procedures set out in clauses 41.6.1.3 and 41.7 such cautions and warnings are not to be cumulative.

41.7 Bowling of dangerous and unfair non-landing deliveries

41.7.1 Any delivery, which passes or would have passed, without landing, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.2 Should there be any further instance (where a dangerous non-landing delivery is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling.

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.7.3 The warning sequence in clauses 41.7.1 and 41.7.2 is independent of the warning and action sequence in clause 41.6.

41.7.4 If the umpire considers that a bowler deliberately bowled a high non-landing delivery, deemed to be dangerous and unfair as defined in clause 41.7.1, then the caution and warning in clause 41.7.1 shall be dispensed with. The umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.8 Bowling of deliberate front-foot No ball

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, the umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in that match.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.9 Time wasting by the fielding side

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then

– warn the captain of the fielding side, indicating this is a first and final warning.

– inform the batters of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then award five (5) Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action.

Additionally, the umpire shall inform the batters and, as soon as is practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstances the captain and/or any individual members of the fielding team responsible for the time wasting will be charged.

41.9.4 Unless prevented from doing so by the umpires or the batters, the fielding side shall start each over within 60 seconds of the previous over being completed.

An electronic clock will be displayed at the ground that counts up seconds from zero to 60 until play resumes. The clock is not required or, if already started, can be cancelled if:

– A new batter comes to the wicket between overs.

– An official drinks interval has been called.

– The umpires have approved the on-field treatment of an injury to a batter or fielder (see Appendix I).

– The time lost is for any circumstances beyond the control of the fielding side.

The third umpire is responsible for determining when to start the clock. This should be the later of:

– The ball becoming dead at the end of the previous over

– Any umpire or player review from the final ball of the previous over being completed.

When the clock reaches 60, if the fielding side is not ready to start the next over:

– On the first such occasion in an innings, the bowler's end umpire shall issue a warning to the captain of the fielding side and inform the batters and the other umpire of what has occurred.

– On the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– On the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the batting side, informing the captain of the fielding side, the batters and the other umpire.

The process, warnings and penalties in 41.9.4 operate independently of those of 41.9.2 and 41.9.3.

41.10 Batter wasting time

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start his run-up.

In addition, an incoming batter should be in a position to take guard or his partner ready to receive the next ball within 1 minute 30 seconds of the fall of the previous wicket.

41.10.2 The striker shall be ready to receive the first ball of an over as soon as the umpires and the fielding side are ready for the over to start. During an over, the striker shall also be ready to receive each delivery when the bowler is ready to start his run-up.

41.10.3 If the striker is not ready as required in 41.10.2 and so delays play:

– on the first such occasion in an innings, the bowler's end umpire shall issue a warning to the striker and inform the non-striker, and each incoming batter, the captain of the fielding side and the other umpire of what has occurred.

– on the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– on the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the fielding side, informing the batters, the captain of the fielding side and the other umpire.

41.10.4 Should either batter waste time by failing to meet the above requirements, or in any other way, the warnings and penalty process described in 41.10.3 shall be applied by the umpires. For the avoidance of doubt, all such warnings issued for whatever reasons are combined for the purposes of cumulatively triggering the award of Penalty runs.

41.10.5 If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstance the batter concerned will be charged.

41.11 The protected area

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 feet/1.52 metres in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 foot/30.48 centimetres from it.

41.12 Fielder damaging the pitch

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in clause 41.13.1, at the first instance either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

– caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.

– inform the batters of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

– award five (5) Penalty runs to the batting side.

Additionally, the umpire shall

– inform the fielding captain of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.13 Bowler running on protected area

41.13.1 It is unfair for a bowler to enter the protected area in his follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this clause, at the first instance and when the ball is dead, the umpire shall

– caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.

– inform the captain of the fielding side and the batters of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this clause, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this clause a third time, when the ball is dead, the umpire shall,

– direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The suspended bowler shall not be allowed to bowl again in that innings.

– inform the other umpire of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.14 Batter damaging the pitch

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or playing at the ball, he must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in clause 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batters that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side.
- return any not out batter to his original end.
- signal No ball or Wide to the scorers if applicable.
- award five (5) Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).
- Inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.15 Striker in protected area

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch for the purpose of indicating his batting position provided that no mark is unreasonably close to the protected area.

41.15.2 If there is a breach of any of the conditions in clause 41.15.1 by the striker, if the bowler has not entered his delivery stride, the umpire shall immediately call Dead ball, otherwise, that umpire shall wait until the ball is dead; they shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in clause 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, that umpire shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall

– disallow all runs to the batting side.

– return any not out batter to his original end.

– signal No ball or Wide to the scorers if applicable.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.16 Batters stealing a run

41.16.1 It is unfair for the batters to attempt to steal a run during the bowler's run-up.

Unless the bowler attempts to run out the non-striker – see clause 38.3 (Non-striker leaving his ground early) – either umpire shall

– call and signal Dead ball as soon as the batters cross in such an attempt.

– inform the other umpire of the reason for this action.

The bowler's end umpire shall then

– disallow the attempted run.

– return the batters to their original ends.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable

– inform the batters, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.17 Penalty runs

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See clause 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where these Playing Conditions require the award up until the umpires leave the field at the end of the match, even if a result has already been achieved. See clause 16.6 (Winning hit or extras). Note that if the award of Penalty runs means that a result has no longer been achieved, the match continues.

Where more than one award of Penalty runs is required during the same delivery, the umpires shall award them in the order that the offence took place.

Note, however, that the restrictions on awarding Penalty runs, in clauses 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side) and 34.4 (Runs scored from ball lawfully struck more than once) will apply.

41.17.3 When five (5) Penalty runs are awarded to the batting side under any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) or under 41.3, 41.4, 41.5, 41.9 or 41.12, then

– they shall be scored as Penalty extras and shall be in addition to any other penalties.

– they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.

– the batters shall not change ends solely by reason of the 5-run penalty.

41.17.4 When five (5) Penalty runs are awarded to the fielding side, under clause 18.5.2 (Deliberate short runs), or under 41.10, 41.14, 41.15 or 41.16, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the five (5) Penalty runs shall be added to the score in its next innings.

42 PLAYERS' CONDUCT

42.1 Serious misconduct

42.1.1 The umpires shall act upon any serious misconduct. The relevant offences and the corresponding actions by the umpires are identified in clause 42.2.1. These offences correspond with Level 4 offences in the ICC Code of Conduct. Level 1 to Level 3 offences continue to be dealt with separately under the ICC Code of Conduct.

42.1.2 If either umpire considers that a player has committed one of these offences at any time during the match, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether an offence has been committed. The umpires may also consult with the third umpire and the ICC Match Referee, who may review any audio or video replays to confirm whether an offence has been committed. If so, the umpires shall then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand

42.1.5 If the offence is committed by a batter, the umpires shall summon the offending player's captain to the field. Solely for the purpose of this clause, the batters at the wicket may not deputise for their captain.

42.2 Level 4 offences and action by umpires

42.2.1 Any of the following actions by a player shall constitute a Level 4 offence:

– threatening to assault an umpire

– making inappropriate and deliberate physical contact with an umpire

– physically assaulting a player or any other person

– committing any other act of violence.

42.2.2 If such an offence is committed, 42.2.2.1 to 42.2.2.5 shall be implemented.

42.2.2.1 The umpire shall call Time.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 The umpires shall instruct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.2.2.3.1 If the offending player is a fielder, no substitute shall be allowed for him. He is to be recorded as Retired – out at the commencement of any subsequent innings in which his team is the batting side.

42.2.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.2.2.3.3 If the offending player is a batter he is to be recorded as Retired – out in the current innings, unless he has been dismissed under any of clauses 32 to 39, and at the commencement of any subsequent innings in which his team is the batting side. If no further batter is available to bat, the innings is completed.

42.2.2.4 As soon as practicable, the umpire shall:

– award five (5) Penalty runs to the opposing team

– signal the Level 4 penalty to the scorers

– call Play.

42.2.2.5 The umpires shall then report the matter to the ICC Match Referee under the ICC Code of Conduct.

42.3 Captain refusing to remove a player from the field

42.3.1 If a captain refuses to carry out an instruction under 42.2.2.3, the umpires shall invoke clause 16.2 (ICC Match Referee awarding a match).

42.3.2 If both captains refuse to carry out instructions under 42.2.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in clause 12.6 (Conclusion of match) and there shall be no result under clause 16 (The result).

42.4 Additional points relating to Level 4 offences

42.4.1 If a player, while acting as wicket-keeper, commits a Level 4 offence, clause 24.1.2 shall not apply, meaning that only a nominated player may keep wicket, even if another fielder becomes injured or ill and is replaced by a substitute.

42.4.2 A nominated player who has a substitute will also suffer the penalty for any Level 4 offence committed by the substitute. However, only the substitute will be reported under clause 42.2.2.5.

APPENDIX A: DEFINITIONS

1 THE MATCH

1.1 **The game** is used in these Playing Conditions as a general term meaning the Game of Cricket.

1.2 **A match** is a single Twenty20 International match between two (2) teams, played under these Playing Conditions.

1.3 **T20I** is an abbreviation for Twenty20 International.

1.4 **The toss** is the toss for choice of innings.

1.5 **Before the toss** is at any time before the toss on the day the match is expected to start.

1.6 **Before the match** is at any time before the toss, not restricted to the day of the match.

1.7 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

1.8 **Playing time** is any time between the call of Play and the call of Time. See clauses 12.1 (Call of Play) and 12.2 (Call of Time).

1.9 **Conduct of the match** includes any action relevant to the match at any time.

1.10 **Ground Authority** is the entity responsible for the selection and preparation of the pitch and other functions relating to the hosting and management of the match, including any agents acting on their behalf (including but not limited to the curator or other ground staff).

1.11 **Home Board** is the ICC member responsible for the home team and the hosting of the match.

1.12 **Visiting Board** is the ICC member responsible for the visiting team.

1.13 **A Reserve Day** is, where scheduled, an additional day for the completion of the match.

1.14 **DLS** is the Duckworth/Lewis/Stern method for determining the Target Score for the team batting second in an interrupted match, details of which are set out on the ICC website.

1.15 **A Super Over** is the procedure for determining the winning team in a tied match, as set out in Appendix F.

1.16 **The Spirit of Cricket** refers to the values of respect and fair play that underpin the game of cricket, as set out in the Preamble to these Playing Conditions.

1.17 **The ICC Code of Conduct** is the ICC Code of Conduct for Players and Player Support Personnel, as amended from time to time.

2 IMPLEMENTS AND EQUIPMENT

2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.

For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.

For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

2.3 **A protective helmet** is headwear made of hard material and designed to protect the head or the face or both, which shall (in line with the Clothing and Equipment Regulations) be certified to BS7928:2013. For the purposes of interpreting these Playing Conditions, such a description will include faceguards head, neck and/or face grilles and neck guards.

2.4 **Equipment** – a batter's equipment is his bat as defined above, together with any external protective equipment he is wearing.

A fielder's equipment is any external protective equipment that he is wearing.

2.5 **The bat** – the following are to be considered as part of the bat:

– the whole of the bat itself.

– the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.

– the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

2.6 **Held in batter's hand.** Contact between a batter's hand, or glove worn on his hand, and any part of the bat shall constitute the bat being held in that hand.

2.7 **Held in the fielder's hand** – to be considered held in the fielder's hand or hands, the ball must be held with complete control in the fielder's palm or fingers, or in the palm or fingers of a wicket-keeper's glove.

2.8 **Complete control over the ball** means that, assuming no contact with any other person or object, the fielder could continue to hold the ball for as long as they choose, or to dispose of it wherever they choose.

3 THE PLAYING AREA

3.1 **The field of play** is the area contained within the boundary.

3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

3.3 **The outfield** is that part of the field of play between the square and the boundary.

4 POSITIONING

4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. Behind, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. In front of, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in paragraph 4.3.

4.5 **The wicket-keeper's end** is the same as the striker's end as described in paragraph 4.3.

4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See paragraph 4.2.

4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See paragraph 4.1.

4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

4.9 **Off side/on (leg) side** – see diagram in paragraph 13.

4.10 **Inside edge** is the edge on the same side as the nearer wicket.

5 UMPIRES AND DECISION-MAKING

5.1 **Umpire** – where the description the umpire is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly, 'the umpires' always means both umpires and the third umpire. An umpire and umpires are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see paragraph 4.4) for the current delivery.

5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see paragraph 4.3), to one side of the pitch or the other, depending on that umpire's choice, for the current delivery.

5.4 **On-field umpires** shall mean, collectively, the bowler's end umpire and the striker's end umpire.

5.5 **Third umpire** is the umpire who may use television evidence and other available technology in order review a decision of the on-field umpires, either by way of an Umpire Review or a Player Review under the protocol set out in Appendix D. The third umpire shall also determine No balls under clause 21.5 (Fair delivery – the feet).

5.6 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

5.7 **Decision Review System** or **DRS** is the process covered by the Decision Review System and Third Umpire Protocol set out in Appendix D, under which the third umpire may be consulted in relation to a decision of the on-field umpires, either by way of an Umpire Review or a Player Review.

5.8 **Player Review** is the process set out in Appendix D by which a player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed (with the exception of 'Timed out').

5.9 **Umpire Review** is the process set out in Appendix D by which an on-field umpire has the discretion to refer a decision to the third umpire or, under certain circumstances, to consult with the third umpire before making a decision.

5.10 **Umpire's Call** is the concept within the DRS under which the on-field decision of the bowler's end umpire shall stand, which shall apply under the specific circumstances set out in paragraphs 3.4.5 and 3.4.6 of Appendix D, where the ball-tracking technology indicates a marginal decision in respect of either the Impact Zone or the Wicket Zone.

5.11 **The Landing Zone** as used in the DRS is a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

5.12 **The Impact Zone** as used in the DRS is a three-dimensional space extending between both sets of stumps to an indefinite height vertically and with its boundaries consisting of the base of the stumps and the outside of the outer stumps at each end.

5.13 **The Wicket Zone** as used in the DRS is a two-dimensional area with its boundaries consisting of the outside of the outer stumps, the base of the stumps, and the outline of the top of the bails.

5.14 **A Fair Catch** is a catch that has been taken cleanly by the fielder in accordance with clause 33.

5.15 **A Bump Ball** is where the ball has made contact with the ground shortly after making contact with the striker's bat.

5.16 **The Elite Panel** is the group of umpires contracted to the ICC to officiate in international cricket.

5.17 **The International Panel** is the group of umpires nominated by the ICC's Full Members.

6 BATTERS

6.1 **Batting side** is the side currently batting, whether or not play is in progress.

6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

6.3 **The Striker** is the batter who receives the ball delivered by the bowler.

6.4 **The non-striker** is the batter who ground is at the bowler's end when the ball is delivered.

6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

6.6 **The batters have crossed**, while running between the wickets, only when the whole of one batter's person and bat have passed the whole of the other batter's person and bat.

6.7 **Original end** is the end where a batter was when the ball came into play for that delivery.

6.8 **Wicket he has left** is the wicket at the end where a batter was at the start of the run in progress.

6.9 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler.

6.10 **A normal batting position** is one from which a striker could be reasonably expected to defend his wicket.

6.11 For the purposes of these Playing Conditions, waist height is defined as the point at which the top of the batter's trousers would conventionally be when he is standing upright at the popping crease.

7 FIELDERS

7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging his duties as a fielder is not absent from the field of play nor, for the purposes of clause 24.2 (Fielder absent or leaving the field of play), is he is to be regarded as having left the field of play.

8 SUBSTITUTES AND CONCUSSION REPLACEMENTS

8.1 **A Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom he substitutes on that side's list of nominated players. A substitute's activities are limited to fielding.

8.2 **A Concussion Replacement** is a pre-match designated player who takes the place of a player who has been replaced in accordance with the process set out in clause 1.2.7, and who for the remainder of the match replaces that player on that side's list of nominated players, being able to take a full part in the match (subject to such restrictions as may be imposed by the ICC Match Referee in accordance with clause 1.2.7.5).

8.3 **A Concussion Replacement Request** is the notification made to the ICC Match Referee in accordance with the process set out in clause 1.2.7.1.3.

8.4 **The Team Medical Representative** is the individual designated as having responsibility for the assessment of any issues relating to replacement players as set out in clause 1.2.7.

9 BOWLERS

9.1 **Over the wicket/round the wicket** – if, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as his bowling arm, he is bowling over the wicket. If the return crease is on the same side as his bowling arm, he is bowling round the wicket.

9.2 **Delivery swing** is the motion of the bowler's arm during which he normally releases the ball for a delivery.

9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

9.4 **The back foot** is the foot in the delivery stride that is the same side as the arm with which the bowler delivers the ball.

9.5 **The front foot** is the foot in the delivery stride that is the opposite side to the arm with which the bowler delivers the ball.

9.6 A bowler's foot lands at the moment some part of the foot first makes contact with the ground. Only the first point of contact with the ground is determined to be grounded at this point of landing.

9.7 **The Illegal Bowling Regulations** are the ICC's regulations governing Illegal Bowling Actions.

9.8 **An Illegal Bowling Action** is a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

9.9 **Elbow Extension** means the motion that occurs when a bowler's arm moves from a flexed (bent) position at the elbow, to a more extended (straight) position (full Elbow Extension occurs when the arm is straight).

9.10 **Elbow Hyperextension** is the motion that occurs when a bowler's elbow extends beyond the straight position.

9.11 **The ICC Bowling Action Report Form** is the form provided for by Article 3 of the Illegal Bowling Regulations, by which an umpire and/or the ICC Match Referee may submit a report relating to a suspected Illegal Bowling Action.

10 THE BALL

10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/'strikes the ball with the bat'.

10.2 **Non-landing** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground.

11 RUNS

11.1 **A run to be disallowed** is one that in these Playing Conditions should not have been taken. It is not only to be cancelled but the batters are to be returned to their original ends.

11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batters will not be returned to their original ends on that account.

12 THE PERSON

12.1 **Person;** A player's person is his physical person (flesh and blood) together with any clothing or legitimate external protective equipment that he is wearing except, in the case of a batter, his bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to him.

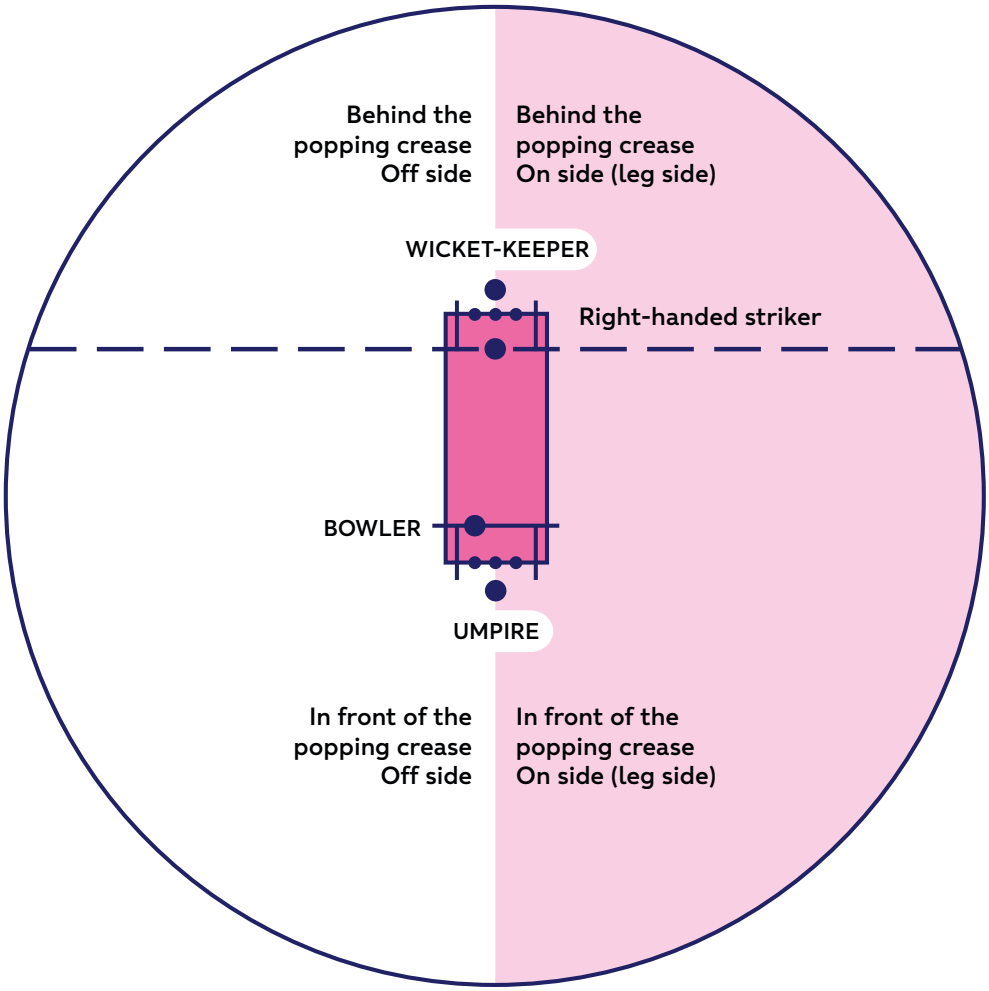

For a batter, a glove being held but not worn is part of his person.

For a fielder, an item of clothing or equipment he is holding in his hand or hands is not part of his person.

12.2 **Clothing** – anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though he may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

12.3 **Hand** for batter shall include both the hand itself and the whole of a glove worn on the hand.

13 OFF SIDE/ON SIDE; IN FRONT OF/ BEHIND THE POPPING CREASE

APPENDIX B: EQUIPMENT

1 THE BAT

1.1 General guidance

1.1.1 Measurements – All provisions in paragraphs 1.2 to 1.6 below are subject to the measurements and restrictions stated in the Playing Conditions and this Appendix.

1.1.2 Adhesives – Throughout, adhesives are permitted only where essential and only in minimal quantity.

1.2 Specifications for the handle

1.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade.

This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting paragraphs 1.3 and 1.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

1.2.2 The handle may be glued where necessary and bound with twine along the upper portion.

Providing clause 5.5 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to clause 5.6. The bottom of this grip should not extend below the point defined in paragraph 1.2.4 below.

Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in paragraph 1.3.1.

No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.2.3 Materials in handle – As a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth. Such materials must not project more than 3.25 inches/8.26 centimetres into the lower portion of the handle

1.2.4 Binding and covering of handle – The permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of

2.5 inches/6.35 centimetres for the twine binding

2.75 inches/6.99 centimetres for the covering grip.

1.3 Specifications for the blade

1.3.1 The blade has a face, a back, a toe, sides and shoulders

1.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

1.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

1.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

1.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

1.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

1.3.2 No material may be placed on or inserted into the blade other than as permitted in paragraph 1.2.4, paragraph 1.3.3, and clause 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.3.3 Covering the blade. Bats shall have no covering on the blade except as permitted in clause 5.4.

Any materials referred to above, in clause 5.4 and paragraph 1.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in paragraph 1.6.

1.4 Protection and repair

1.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

1.4.2 Materials can be used for protection and repair as stated in clause 5.4 and are additional to the blade. Note however clause 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of clause 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 inches/2.0 centimetres in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 inches/0.1 centimetres in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 inches/0.01 centimetres in thickness is not permitted.

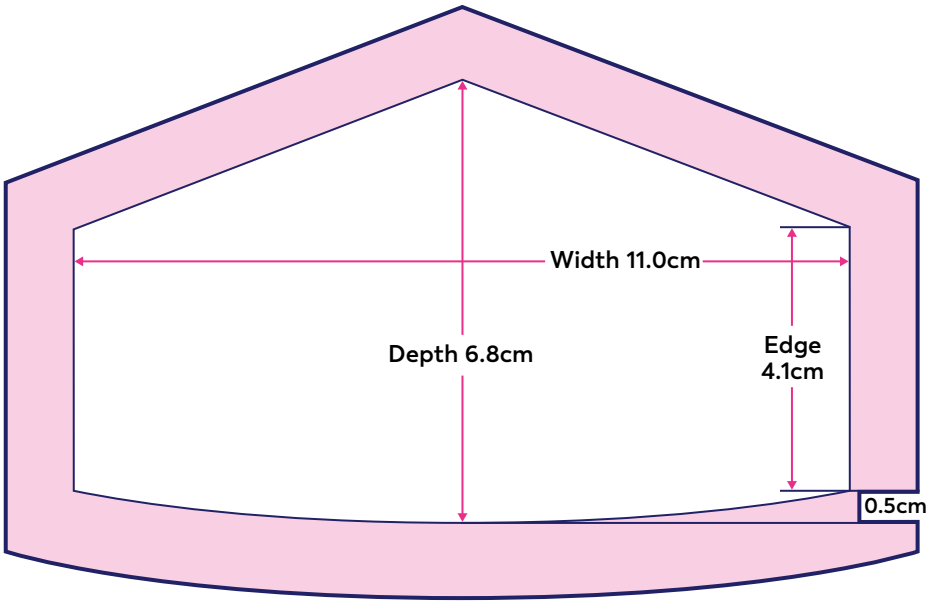

1.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in paragraph 1.6.

1.5 Commercial identifications

Such identifications shall comply with the restrictions set out in the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

1.6 Bat gauge

All bats must meet the specifications defined in clause 5.7. They must also, with or without protective coverings permitted in clause 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the following diagram:

DIMENSIONS OF APERTURE

Total depth: 2.68 inches/6.8 centimetres

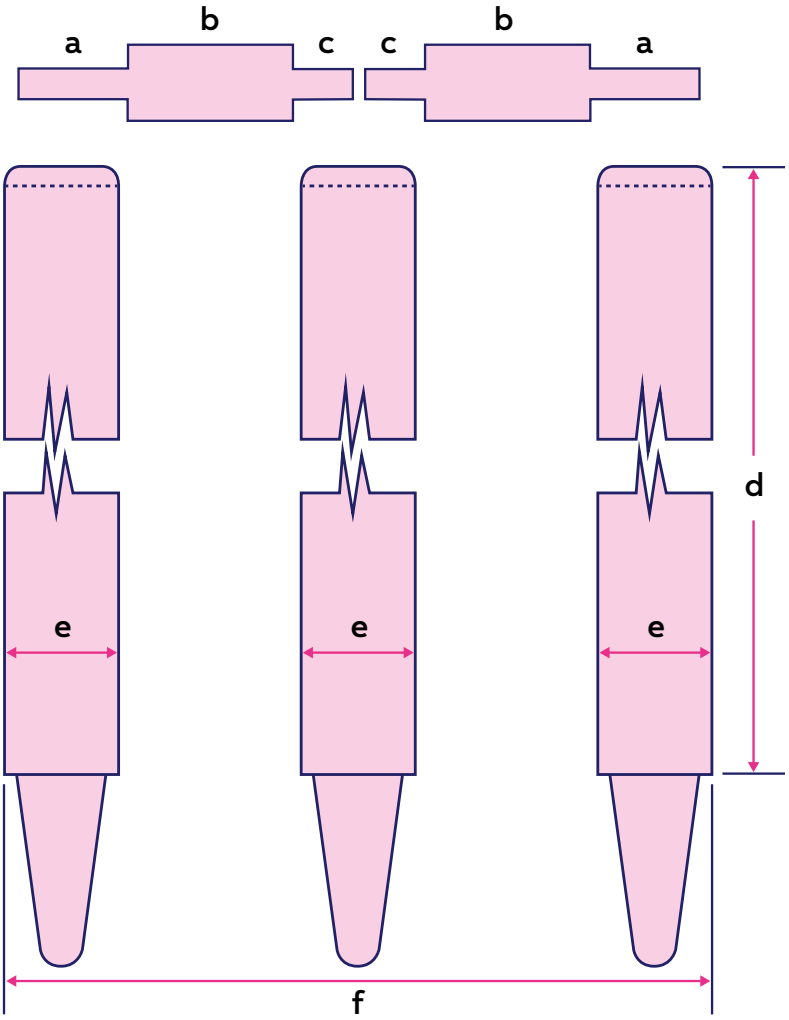

Width: 4.33 inches/11.0 centimetres

Edge: 1.61 inches/4.1 centimetres

Curve: 0.20 inches/0.5 centimetres

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 inches/30.5 centimetres, whose centre is on the vertical centre line of the aperture.

2 THE WICKETS

2.1 Bails

Overall 4.32 inches/10.96 centimetres

a = 1.38 inches/3.50 centimetres

b = 2.13 inches/5.40 centimetres

c = 0.81 inches/2.06 centimetres

2.2 Stumps

Height (d) = 28 inches/71.1 centimetres

Diameter (e) – maximum = 1.5 inches/3.81 centimetres; minimum = 1.38 inches/3.50 centimetres

2.3 Overall

Width (f) of wicket 9 inches/22.86 centimetres

3 WICKET-KEEPING GLOVES

3.1 The images below illustrate the requirements of clause 27.2 in relation to:

– no webbing between the fingers;

– a single piece of non-stretch material between finger and thumb as a means of support; and

– when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

3.2 Note also the requirement for wicket-keeping gloves to comply with the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

4 HELMETS AND NECK PROTECTORS

4.1 Players must wear a helmet in the following circumstances where:

– batters are facing pace bowlers,

– wicket keepers are standing up to the stumps, and

– fielding close to the batter in front of the wicket

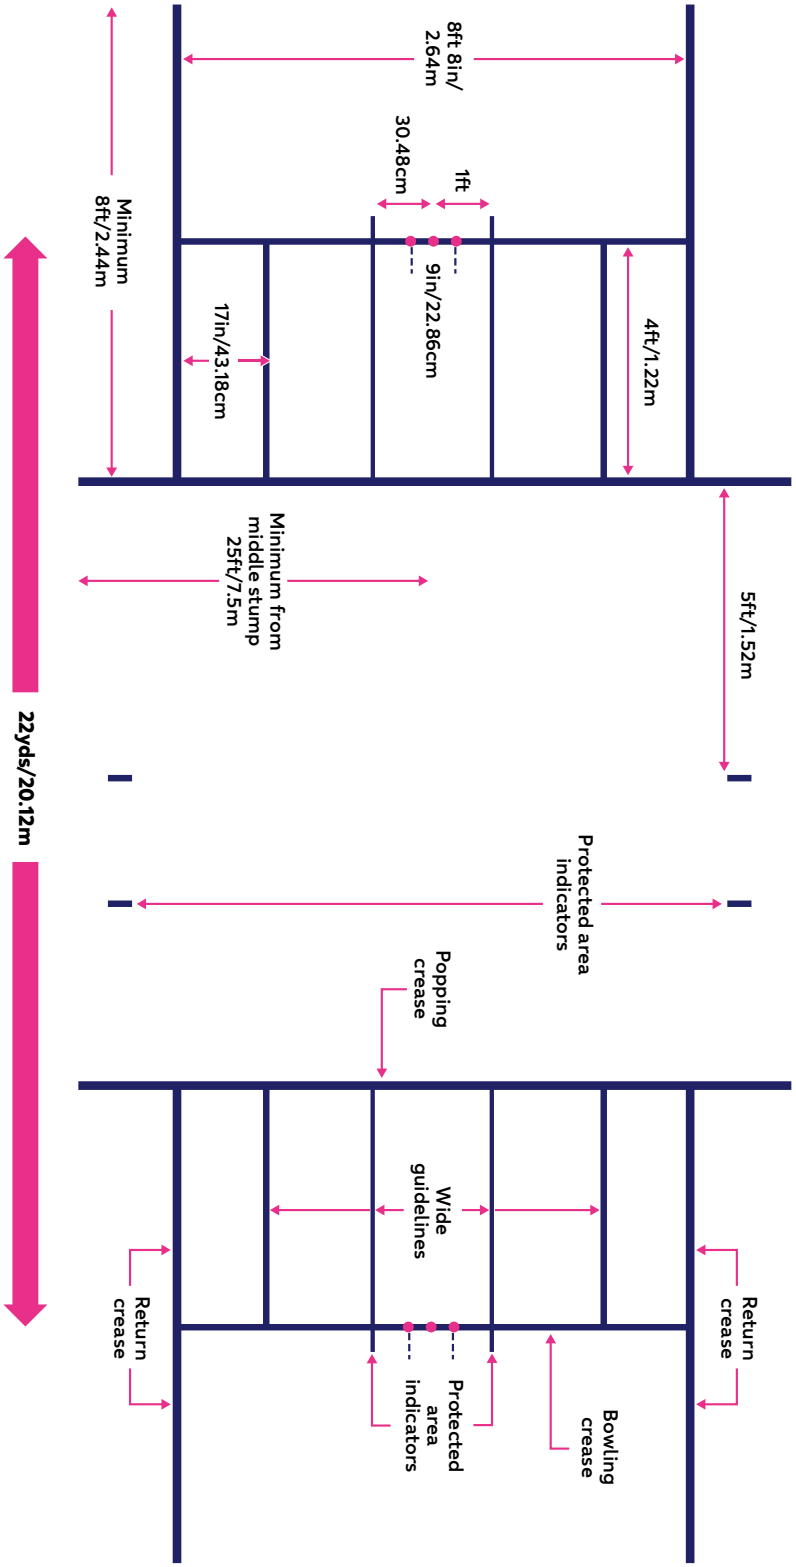

4.2 All helmets must be certified (BS7928:2013) helmets.

4.3 At other times helmets are optional. However, if a helmet is worn, it also must be a certified (BS7928:2013) helmet.

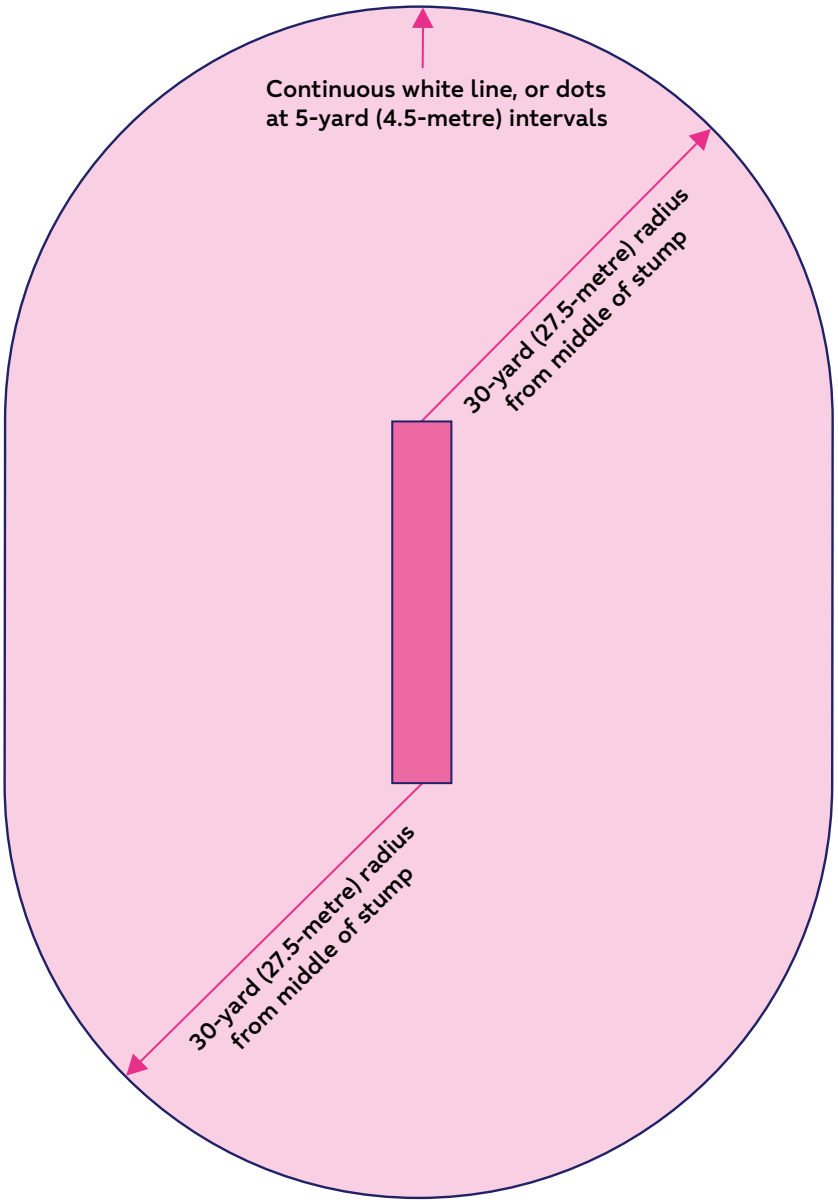

4.4 The use of a neck protector when batting in International Cricket is optional.

APPENDIX C: THE VENUE

1 THE PITCH AND THE CREASES

2 RESTRICTION ON THE PLACEMENT OF FIELDERS

3 ADVERTISING ON GROUNDS, PERIMETER BOARDS AND SIGHT-SCREENS

3.1 Advertising on grounds

3.1.1 The logos on outfields are to be positioned as follows:

(a) Behind the stumps – a minimum of 25.15 yards (23 metres) from the stumps.

(b) Midwicket/cover area – no advertising to be positioned within 30 yards (27.50 metres) of the centre of the pitch being used for the match.

3.1.2 Note: Advertising closer to the stumps as set out above which is required to meet 3D requirements for broadcasters may be permitted, subject to prior ICC approval having been obtained.

3.2 Perimeter boards

3.2.1 Advertising on perimeter boards placed in front of the sight-screens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.

3.2.2 Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that the images are only changed or moved at a time that will not be distracting to the players or the umpires.

3.2.3 The brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

3.3 Sight-screens

3.3.1 Sight-screens shall be provided at both ends of all grounds.

3.3.2 Advertising shall be permitted on the sight-screen behind the striker, providing it is removed for the subsequent over from that end.

3.3.3 Such advertising shall not contain flashing or flickering images and particular care should be taken by the operators that the advertising is not changed at a time which is distracting to the umpire.

4 MARKINGS ON OUTFIELD

With the permission of the Ground Authority, a bowler may use paint to make a small marking on the outfield for the purposes of identifying their run-up. Paint used for this purpose shall be any colour other than white.

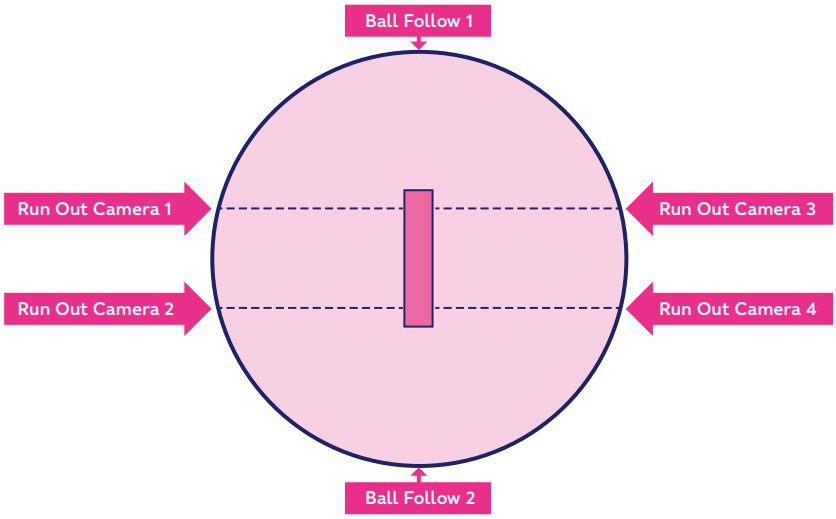

APPENDIX D: DECISION REVIEW SYSTEM (DRS) AND THIRD UMPIRE PROTOCOL

1 GENERAL

1.1 Minimum requirements for use of DRS and appointment of third umpire

1.1.1 Save with the express written consent of the ICC General Manager – Cricket, the Home Board shall ensure the live television broadcast of all T20I matches played in its country.

1.1.2 Where matches are broadcast, the camera specification set out below shall be mandatory as a minimum requirement.

1.1.3 Where the camera specification set out above is provided, a third umpire shall be appointed to the match.

1.1.4 The provisions of paragraphs 1.1.1, 1.1.2, and 1.1.3 above shall not apply for matches between a Full Member country and Associate Member countries (whose matches have been granted T20I status) and for matches between such Associate Member countries.

1.1.5 If the minimum requirements for DRS to be used are satisfied, both participating Boards may agree to employ the DRS for a T20I match. Otherwise, the third umpire shall be appointed and empowered to use broadcast replays to make decisions that are referred to them in accordance with paragraph 2 (Umpire Reviews).

1.1.6 The table below summarises the minimum requirements for DRS to be used, and the regulations around the appointment of the third umpire:

	Third Umpire (non-DRS)	DRS
Minimum Requirement	Cameras – Specification detailed in paragraph 1.1.2.	Cameras – Specification detailed in paragraph 1.1.2. Technology – Approved ball-tracking technology. – Approved sound-based edge detection technology.
Third Umpire Appointment	Appointed by the Home Board. From the home country. From ICC Elite Panel or International Panel of umpires.	Appointed by the Home Board. From ICC Elite Panel or International Panel of umpires.
Third Umpire Jurisdiction	Umpire Reviews only.	Umpire Reviews and Player Reviews.
Replays that can be used	The third umpire shall only have access to replays of any camera images. Other technology which may be in use by the broadcaster for broadcast purposes (for example, ball-tracking technology, sound-based edge detection technology, and heat-based edge detection technology) shall not be used during Umpire Reviews.	Any replay, stump microphone audio or technology detailed in paragraph 3.8.1 below.
ICC Technical Officer	Not required.	The ICC shall appoint an independent technology expert (ICC Technical Officer) to be present at every series in which the DRS is used to assist the third umpire and to protect the integrity of the DRS process.

1.1.7 The Home Board shall ensure that a separate room is provided for the third umpire and that they have access to the television equipment and technology (where DRS is used) so as to be in the best position to facilitate the referral and/or consultation processes referred to in paragraphs 2 (Umpire Review) and 3 (Player Review) below.

2 UMPIRE REVIEW

In the circumstances detailed in paragraphs 2.1, 2.2, 2.3 and 2.4 below, the on-field umpire shall have the discretion to refer the decision to the third umpire or, in the case of paragraphs 2.2, and 2.4, to consult with the third umpire before making the decision. In line with clause 21.5, the third umpire shall already have reviewed television replays of the bowler's feet landing and, where satisfied that not all the requirements have been met, shall immediately have advised the bowler's end umpire (who shall in turn have immediately called and signalled No ball). Accordingly, paragraphs 2 (Umpire Review) and 3 (Player Review) of this Appendix D shall operate on the basis that this element of the referral and/or consultation process has already been undertaken.

Save for requesting the umpire to review their decision under paragraph 3 (Player Review) below, players may not appeal to the on-field umpires to use the Umpire Review. Breach of this provision may constitute dissent and the player may be subject to disciplinary action under the ICC Code of Conduct for Players and Player Support Personnel.

2.1 Run Out, Stumped, Bowled and Hit Wicket Decisions

2.1.1 The relevant on-field umpire shall be entitled to refer an appeal for run-out, stumped, bowled or hit wicket to the third umpire.

2.1.2 An on-field umpire wishing to refer a decision to the third umpire shall signal to the third umpire by making the shape of a TV screen with their hands.

2.1.3 In the case of a referral of a bowled, hit wicket or stumped decision, the third umpire shall first check the fairness of the delivery (any mode of No ball on request except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). If the delivery was not a fair delivery the third umpire shall indicate that the batter is Not out and advise the on-field umpire to signal No ball. See also paragraph 2.6 below.

2.1.4 Additionally, if on review of a run out, bowled or hit wicket, the third umpire finds the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the on-field umpire so that the correct decision is made.

2.1.5 If the third umpire decides that the batter is Out, a red light shall be displayed; if the third umpire decides that the batter is Not out, a green light shall be displayed. Should the third umpire be temporarily unable to respond, a white light (where available) shall remain illuminated throughout the period of interruption to signify to the on-field umpires that Umpire Reviews are temporarily unavailable, in which case the decision shall be taken by the on-field umpire. As an alternative to the red/green light system, the replay screen (where available) may be used for the purpose of conveying the third umpire's decision, in line with the ICC Big Screen Policy.

2.2 Caught Decisions, Obstructing the Field

2.2.1 Where the bowler's end umpire is unable to decide upon a Fair Catch or a Bump Ball, or if, on appeal from the fielding side, the batter obstructed the field, they shall first consult with the striker's end umpire.

2.2.2 Should both on-field umpires require assistance from the third umpire to make a decision, the bowler's end umpire shall consult by two-way radio with the third umpire followed by making the shape of a TV screen with their hands.

2.2.3 The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter obstructed the field. However, in reviewing the television replay(s), the third umpire shall first check the fairness of the delivery for all decisions involving a catch (any mode of No ball, on request, except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations) and whether the batter has hit the ball.

If the delivery was not a fair delivery they shall advise the bowler's end umpire to signal No ball. See also paragraph 2.6 below. Additionally, if it is clear to the third umpire that the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the bowler's end umpire of their decision, which will then be displayed on the big screen.

2.2.4 The third umpire shall communicate their decision as set out in paragraph 2.1.5.

2.3 Boundary Decisions

2.3.1 The bowler's end umpire shall be entitled to refer to the third umpire for a decision on:

2.3.1.1 whether a four or six has been scored;

2.3.1.2 whether a fielder had any part of his person in contact with the ball when he touched the boundary; or

2.3.1.3 whether the fielder had any part of his person in contact with the ball when he had any part of his person grounded beyond the boundary.

2.3.1.4 the number of runs scored when a boundary results from an overthrow or the wilful act of a fielder (see clause 19.8)

2.3.2 A decision shall be made immediately and cannot be changed thereafter.

2.3.3 If the television evidence is inconclusive as to whether or not a boundary has been scored, the default presumption shall be in favour of no boundary being awarded.

2.3.4 Where the bowler's end umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.3.5 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

2.4 Batters Running to the Same End

2.4.1 Where both batters have run to the same end and the on-field umpires are uncertain over which batter made his ground first, the on-field umpires may consult with the third umpire.

2.4.2 The procedure set out in paragraph 2.3.4 shall apply.

2.5 Short run

2.5.1 The third umpire shall automatically review any call of Short run by an on-field umpire under clauses 18.3 and 18.4, communicating with the relevant on-field umpire by two-way radio and conveying their decision by the same method.

2.6 No balls

2.6.1 If the bowler's end umpire is uncertain as to the fairness of the delivery following a dismissal (other than in respect of the feet, which shall have already been checked by the third umpire), either affecting the validity of the dismissal or which batter is dismissed, other than in respect of clause 21.5 (Fair delivery – the feet) for which the third umpire will already have checked, they shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery with the third umpire. Communication with the third umpire shall be by two-way radio.

2.6.2 The third umpire shall check any mode of No ball on request (other than in respect of the feet, which shall have already been checked) not already checked except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations).

2.6.3 If the delivery was not a fair delivery, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball).

2.6.4 If a No ball under clause 21.5, after being reviewed by the third umpire, is only called by the bowler's end umpire after the ball is dead, the batting side shall benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally called a No ball prior to the ball becoming dead. Where the batters crossed while the ball was in the air before being caught, the batters shall return to their original ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

2.7 Cameras On or Over the Field of Play

2.7.1 The on-field umpires shall be entitled to refer to the third umpire for a decision as to whether the ball has at any time during the normal course of play come into contact with any part of the camera, its apparatus or its cables above the playing area, as contemplated in clause 20.1.3.

2.7.2 Where an on-field umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.7.3 A decision shall be made immediately and cannot be changed thereafter. If the television evidence is inconclusive as to whether or not the ball has come into contact with any part of the camera, its apparatus or its cables above the playing area, the default presumption shall be in favour of no contact having been made.

2.7.4 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows the ball to have been in contact with any part of the camera or its cables above the playing area as envisaged under this paragraph.

3 PLAYER REVIEW

The following paragraphs shall operate in addition to and in conjunction with paragraph 2 (Umpire Review).

3.1 Circumstances in which a Player Review may be requested

3.1.1 A player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed, with the exception of 'Timed Out' (Player Review).

3.1.2 No other decisions made by the umpires are eligible for a Player Review.

3.1.3 Only the batter involved in a dismissal may request a Player Review of an Out decision and only the captain (or acting captain) of the fielding team may request a Player Review of a Not out decision.

3.1.4 A decision concerning whether or not a batter is dismissed that could have been the subject of an Umpire Review under paragraph 2 is eligible for a Player Review as soon as it is clear that the on-field umpire has chosen not to initiate the Umpire Review.

3.2 The manner of requesting the Player Review

3.2.1 The request shall be made by the player making a 'T' sign with both forearms at head height.

3.2.2 The total time elapsed between the ball becoming dead and the review request being made shall be no more than 15 seconds. The bowler's end umpire shall provide the relevant player with a prompt after 10 seconds if the request has not been made at that time and the player shall request the review immediately thereafter. If the on-field umpires believe that a request has not been made within the 15 second time limit, they shall decline the request for a Player Review.

3.2.3 The captain may consult with the bowler and other fielders, and the two batters may consult with each other prior to deciding whether to request a Player Review. Either the captain or the two batters may, in respect of a decision relating to an appeal for LBW, question the bowler's end umpire as to whether their decision has been made on the basis that the striker made no genuine attempt to play the ball with the bat. Under no other circumstances is any player permitted to query an umpire about any aspect of a decision before deciding on whether or not to request a Player Review. If the on-field umpires believe that the captain or either batter has received direct or indirect input emanating other than from the players on the field, then they may at their discretion decline the request for a Player Review. In particular, signals from the dressing room must not be given.

3.2.4 No replays, either at normal speed or slow motion, shall be shown on a big screen to spectators until the 15 second time limit allowed for requesting a Player Review has elapsed.

3.2.5 Where either on-field umpire initiates an Umpire Review, this does not preclude a player seeking a Player Review of a separate incident from the same delivery. The request for a Player Review may be made after the Umpire Review, provided the request is still within the 15 second time limit described in paragraph 3.2.2 above. (See paragraph 3.9 for the process for addressing both an Umpire and Player Review.)

3.2.6 A request for a Player Review cannot be withdrawn once it has been made.

3.3 The process of consultation

3.3.1 On receipt of an eligible and timely request for a Player Review, the relevant on-field umpire shall make the sign of a shape of a TV screen with their hands in the normal way.

3.3.2 The relevant on-field umpire shall initiate communication with the third umpire by confirming;

3.3.2.1 That a Player Review has been requested,

3.3.2.2 The mode of dismissal for which the relevant on-field umpire adjudicated the appeal,

3.3.2.3 The decision that has been made (Out or Not out), and;

3.3.2.4 For LBW appeals, where relevant, if the bowler's end umpire believed that the striker made no genuine attempt to play the ball with the bat (the default presumption of the third umpire in the absence of any information on this point from the bowler's end umpire shall be that a genuine attempt to play the ball with the bat was made).

3.3.3 A two-way consultation process shall begin to investigate whether there is anything that the third umpire can see or hear which would indicate that the on-field umpire should change their original decision.

3.3.4 The third umpire shall not withhold any factual information which may help in the decision-making process. In particular, in reviewing a dismissal, if the third umpire believes that the batter may instead be Out by any other mode of dismissal, they shall advise the on-field umpire accordingly. The process of consultation described in this paragraph in respect of such other mode of dismissal shall be conducted using the on-field umpire's original decision as the default reference.

3.3.5 The third umpire shall initially check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations), where appropriate advising the on-field umpire accordingly.

3.3.6 If despite the available technology, the third umpire is unable to decide with a high degree of confidence whether the original on-field decision should be changed, then they shall report that the replays are 'inconclusive', and that the on-field decision shall stand. The third umpire shall not give answers conveying likelihoods or probabilities.

3.3.7 In circumstances where the television technology (all or parts thereof) is not available to the third umpire or fails for whatever reason, the third umpire shall advise the on-field umpire of this fact but still provide any relevant factual information that may be ascertained from the available television replays and other technology.

3.3.8 The on-field umpire shall then make their decision based on the information provided by the third umpire, any other factual information offered by the third umpire and their recollection and opinion of the original incident.

3.3.9 The on-field umpire shall reverse their decision if the nature of the supplementary information received from the third umpire leads them to conclude that their original decision was incorrect.

3.4 Review of LBW Decisions

3.4.1 In assessing whether a batter is Out LBW in accordance with clause 36, the third umpire shall first judge whether the delivery is fair (as set out in clause 36.1.1), and second, whether or not the ball has touched the bat before being intercepted by any part of the striker's person (as set out in clause 36.1.3).

3.4.2 If the batter is still eligible to be Out, the ball-tracking technology shall then present three pieces of information to the third umpire relating to the path of the ball:

3.4.2.1 The point of landing (where applicable) (LANDING)

3.4.2.2 The position of the ball at the point of first interception (IMPACT)

3.4.2.3 Whether the ball would have hit the wicket (WICKET)

3.4.3 This Decision Review System (DRS) and Third Umpire Protocol includes a category of Umpire's Call, which shall be the conclusion reported where the technology indicates a marginal decision in respect of either the point of first interception or whether the ball would have hit the stumps.

3.4.4 LANDING

3.4.4.1 The interpretation of 'lands in line between wicket and wicket' in clause 36.1.2 shall refer to the position of the centre of the ball at the point of landing, in relation to the Landing Zone.

3.4.4.2 The Landing Zone is defined as a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

3.4.4.3 Where applicable, the ball-tracking technology shall report that the ball landed in one of the following three areas in relation to the Landing Zone:

In Line	The centre of the ball was inside the Landing Zone
Outside Off	The centre of the ball was outside, and to the off side of, the Landing Zone
Outside Leg	The centre of the ball was outside, and to the leg side of, the Landing Zone

3.4.4.4 Subject to the satisfaction of the other elements of clause 36.1, the batter can be Out if the ball-tracking technology reports that the ball landed Outside Off or In Line, but the batter shall be Not out if the ball landed Outside Leg.

3.4.5 IMPACT

3.4.5.1 The interpretation of 'the (first) point of impact, even if in above the level of the bails, is between wicket and wicket' in clause 36.1.4 shall refer to the position of the ball at the point of first interception, in relation to the Impact Zone.

3.4.5.2 The Impact Zone is defined as a three-dimensional space extending between both wickets to an indefinite height and with its boundaries consisting of a line between the outside of the outer stumps at each end.

3.4.5.3 The ball-tracking technology shall report that the point of first interception was in one of the following categories in relation to the Impact Zone:

In Line	The centre of the ball was inside the Impact Zone.
Umpire's Call	Some part of the ball was inside the Impact Zone, but the centre of the ball was outside the Impact Zone, with the further sub-category of 'Umpire's Call (off side)' where the centre of the ball was to the off side of the Impact Zone and the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.
Outside	No part of the ball was inside the Impact Zone, with the further sub-categories of 'Outside (off)' and 'Outside (leg)' to indicate the location of the point of first interception in relation to the Impact Zone when the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.

3.4.5.4 Where a Not out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was In Line for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.5 Where a Not out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of impact was In Line, or Umpire's Call (off side), or Outside (off) for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.6 Where an Out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.5.7 Where an Out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside (leg) for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.6 WICKET

3.4.6.1 The interpretation of whether 'the ball would have hit the wicket' in clause 36.1.5 shall refer to position of the ball as it either hits or passes the wicket, in relation to the Wicket Zone.

3.4.6.2 The Wicket Zone is defined as a two-dimensional area whose boundaries are the actual outline of the whole wicket from the base to the top of the stumps, which includes the outline of the bails as they protrude above the top of the stumps.

3.4.6.3 The ball-tracking technology shall report whether the ball would have hit the wicket with reference to the following three categories:

Hitting	The ball was hitting the wicket, and the centre of the ball was inside the Wicket Zone
Umpire's Call	The ball was hitting the wicket, but the centre of the ball was not inside the Wicket Zone
Missing	The ball was missing the wicket

3.4.6.4 Where a Not out decision is being reviewed, the ball-tracking technology must report that the ball was Hitting for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

However, where the evidence shows that the ball was Hitting, the point of first interception was In Line, and the ball landed In Line or Outside Off, but that:

– The point of first interception was 300 centimetres or more from the stumps; or

– The point of first interception was more than 250 centimetres but less than 300 centimetres from the stumps and the distance between the point of landing and the point of first interception was less than 40 centimetres,

the on-field decision shall stand (that is, Not out).

3.4.6.5 Where an Out decision is being reviewed, the ball-tracking technology must report that the ball was Missing for the on-field decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.7 When the ball strikes the batter on the full, and the evidence provided by the ball-tracking technology indicates that the ball would have landed before striking or passing the wicket, there will be no information available from that delivery that will allow the ball-tracking technology to accurately predict the height of the ball after landing.

3.4.8 With regard to determining whether the ball would have hit the wicket under these circumstances, the ball-tracking technology shall project the line of the ball in accordance with clause 36.2.3 (it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not), and display the simulated path of the ball from directly above the wicket.

3.4.9 The third umpire shall advise the bowler's end umpire only on the point of first interception and whether the ball would have hit the stumps (in line with the process set out in paragraph 3.4 above), but shall make no comment on the predicted height of the ball after landing, which shall remain a judgment of the bowler's end umpire.

3.5 The process for communicating the final decision

3.5.1 For Player Reviews concerning potential dismissals, the relevant on-field umpire shall indicate Out by raising their finger above their head in a normal yet prominent manner or indicate Not out by the call of 'Not out' and by crossing their hands in a horizontal position side to side in front and above their waist three times. Where the decision is a reversal of the on-field umpire's previous decision, they shall make the 'revoke last signal' indication immediately prior to the above.

3.5.2 If the mode of dismissal is not obvious or not the same as that on which the original decision was based, then the umpire shall advise the scorers via the third umpire.

3.6 Number of Player Review requests permitted

3.6.1 In each innings, each team shall be allowed to make a maximum of two (2) Player Review requests that are categorised as 'Unsuccessful' (as set out in paragraph 3.6.3 below).

3.6.2 Where a request for a Player Review results in the original on-field decision being reversed, then the Player Review shall be categorised as 'Successful' and shall not count towards the innings limit.

3.6.3 Where a request for a Player Review results in the original on-field decision remaining unchanged (other than in the circumstances set out in paragraphs 3.6.4, 3.6.6 or 3.6.8), the Player Review shall be categorised as 'Unsuccessful'.

3.6.4 Where a request for a Player Review of an LBW decision results in the on-field decision remaining unchanged solely on the basis of an Umpire's Call, the Player Review shall be categorised as 'Unchanged – Umpire's Call'. A Player Review categorised as 'Unchanged – Umpire's Call' shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.5 Where, following a request for a Player Review, the original on-field decision of Out is unchanged, but for a different mode of dismissal from the original on-field decision, then the Player Review shall still be categorised as 'Unsuccessful'.

3.6.6 Where, following a request for a Player Review, the original on-field decision of Not out is unchanged on account of the delivery being a No ball (for any reason), thereby not requiring any further evaluation, the Player Review shall not be counted as 'Unsuccessful' and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.7 Where a Player Review and an Umpire Review are requested from the same delivery and the decision of the third umpire from the Umpire Review renders the Player Review unnecessary, the Player Review request shall be disregarded and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.8 A Player Review categorised as 'Unsuccessful' may be reinstated by the ICC Match Referee at their sole discretion (if appropriate after consultation with the ICC Technical Official and/or the television broadcast director) if the Player Review could not properly be concluded due to a failure of the technology. Any such decision shall be final and shall be taken as soon as possible, being communicated to both teams once all the relevant facts have been ascertained by the ICC Match Referee. A Player Review categorised as 'Unsuccessful' shall not be reinstated if, despite any technical failures, the correct decision could still have been made using the other available technology. Similarly, a Player Review categorised as 'Unsuccessful' shall not be reinstated where the technology worked as intended, but the evidence gleaned from its use was inconclusive.

3.6.9 The third umpire shall be responsible for counting the number Player Reviews categorised as 'Unsuccessful' and shall advise the on-field umpires once either team has exhausted their allowance for the innings.

3.6.10 The scoreboard shall display, for the innings in progress, the number of Player Reviews remaining available to each team.

Category of Player Review	Outcome of Player Review	Consequence of Player Review
Successful (paragraph 3.6.2)	On-field decision reversed	Does not count towards innings limit set out in paragraph 3.6.1
Unsuccessful (paragraphs 3.6.3 and 3.6.5)	On-field decision unchanged	Counts towards innings limit set out in paragraph 3.6.1
Unchanged – Umpire's Call (paragraph 3.6.4)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
No ball – no evaluation required (paragraph 3.6.6)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
Failure of technology (paragraph 3.6.8)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1

3.7 Dead ball

3.7.1 If following a Player Review request, an original decision of Out is changed to Not out, then the ball is still deemed to have become dead when the original decision was made (as per clause 20.1.1.3). The batting side, while benefiting from the reversal of the dismissal, shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally made a Not out decision, other than any No ball penalty that could arise under paragraph 3.3.5 above.

3.7.2 If an original decision of Not out is changed to Out, the ball shall retrospectively be deemed to have become dead from the moment of the dismissal event. All subsequent events, including any runs scored, shall be ignored.

3.8 Use of technology

3.8.1 The following technology may be used by the third umpire during a Player Review:

3.8.1.1 Replays, at any speed, from any available broadcast camera

3.8.1.2 Sound from the stump microphones with the replays at normal speed and slow motion

3.8.1.3 Approved ball-tracking technology:

– HawkEye (HawkEye Innovations), or;

– VirtualEye (ARL)

3.8.1.4 Approved sound-based edge detection technology:

– Real-Time Snickometer (BBG Sports), or;

– UltraEdge (HawkEye Innovations)

3.8.1.5 Approved heat-based edge detection technology:

– Hot Spot cameras (BBG Sports)

3.8.1.6 LED wickets (using the lights to indicate if the wicket is broken, as set out in paragraph 4.2):

– Zing Bails and Stumps

3.8.2 In addition, other forms of technology may be used subject to the ICC being satisfied that the required standards of accuracy and time efficiency can be met.

3.8.3 Where practical usage or further testing indicates that any of the above forms of technology cannot reliably provide accurate and timely information, then it may be removed prior to or during a match. The final decision regarding the technology to be used in a given match shall be taken by the ICC Match Referee in consultation with the ICC Technical Official, ICC management and the competing teams' governing bodies.

3.9 Combining Umpire Review with Player Review

3.9.1 If an Umpire Review (under paragraph 2) and a request for a Player Review (under paragraph 3) are made following the same delivery but relating to separate modes of dismissal, the incidents shall be addressed in chronological order. If the conclusion from the first incident is that a batter is dismissed, then the ball would be deemed to have become dead at that point, rendering investigation of the second incident unnecessary.

4 INTERPRETATION OF PLAYING CONDITIONS

4.1 When using a replay to determine the moment at which the wicket has been broken (as per clause 29.1), the third umpire shall deem this to be the first frame in which one of the bails is shown (or can be deduced) to have lost all contact with the top of the stumps and subsequent frames show the bail permanently removed from the top of the stumps.

4.2 Where LED wickets are used (as provided for in paragraph 3.8.1.6) the moment at which the wicket has been broken (as per clause 29.1) shall be deemed to be the first frame in which the LED lights are illuminated and subsequent frames show the bail permanently removed from the top of the stumps.

APPENDIX F: SUPER OVER PROCEDURE

The following procedure shall apply where the Playing Conditions provide for a Super Over to determine the winner of a tied match. Other than where expressly stated in this Appendix (or by necessary implication), all relevant Playing Conditions for the match shall apply to the Super Over.

1. A Super Over involves each team facing an over of six (6) balls (unless ended earlier as provided for in paragraph 2), and the winner shall be the team scoring the greater number of runs, irrespective of the number of wickets lost.

2. The loss of two (2) wickets shall end the batting team's one-over innings.

3. If the Super Over is a tie, subsequent Super Overs shall be played until a winner is determined. Other than in exceptional circumstances (as set out in paragraph 25 below), an unlimited number of Super Overs may be played where necessary to determine a result.

4. Subject to weather conditions, the Super Over shall take place on the scheduled day of the match at a time to be determined by the ICC Match Referee. In normal circumstances it shall commence five (5) minutes after the conclusion of the match.

5. The Super Over shall be played until completion, but if there are any delays or interruptions during the Super Over, extra time (taken from the start of the first Super Over) is allocated to complete the Super Over or any subsequent Super Overs. The amount of extra time allocated to the Super Over is the greater of;

a) the gap between the time at which the match ended and the time the original match would have been scheduled to finish had the entire extra time provision been utilised, or

b) 20 minutes.

6. Should play be delayed prior to or during the Super Over(s) once the playing time lost exceeds the extra time allocated, the Super Over(s) shall be abandoned (see paragraph 24 below).

7. The Super Over shall take place on the pitch allocated for the match, unless otherwise determined by the umpires in consultation with the Ground Authority and the ICC Match Referee.

8. Only nominated players in the match (including Concussion Replacements) may participate in the Super Over.

9. Any penalty time being served in the match shall be carried forward to the Super Over.

10. The umpires shall stand at the same end at which they finished the match.

11. The team batting second in the match shall bat first in the Super Over.

12. Each team shall be allowed one unsuccessful player review per innings per Super Over. This entitlement shall apply irrespective of the number of unsuccessful Player Review requests made during the match itself.

13. The captain of the fielding team (or his nominee) shall select the ball with which the fielding team shall bowl its over in the Super Over from the box of spare balls provided by the umpires (which shall include the balls used in the match, but no new balls). The team fielding second may then choose to use the same ball as chosen by the team bowling first or choose another ball from the same box. If the ball needs to be changed, the relevant Playing Conditions as they apply in the match shall also apply in the Super Over.

14. The fielding side shall choose the end from which it is to bowl its one over.

15. The Super Over shall be played with the same fielding restrictions as would be applicable for the last over in an uninterrupted match.

16. The interval between the two (2) overs in the Super Over shall be five (5) minutes.

TIED SUPER OVER – REPEATING THE SUPER OVER

17. If the Super Over is tied, then subsequent Super Overs shall be played until there is a winner (subject to paragraph 26).

18. In normal circumstances any subsequent Super Over shall start five (5) minutes after the previous Super Over ends.

19. The team batting second in the previous Super Over shall bat first in the subsequent Super Over.

20. The balls selected for use by each team in the previous Super Over shall be used again by the same team in any subsequent Super Over(s).

21. The fielding side shall bowl its over in a subsequent Super Over from the opposite end from which it bowled in the previous Super Over.

22. Any batter dismissed in any previous Super Over shall be ineligible to bat in any subsequent Super Over.

23. Any bowler who bowled in the previous Super Over shall be ineligible to bowl in the subsequent Super Over.

24. In all other ways the procedure for a subsequent Super Over shall be the same as for the initial Super Over.

SUPER OVER UNABLE TO BE COMPLETED

25. Where the Super Over or subsequent Super Overs are abandoned for any reason prior to completion then the match shall be declared a tie.

26. In circumstances where there are unavoidable time constraints (for example, a requirement to switch off floodlights at a certain time) which do not allow the completion of multiple Super Overs, the ICC Match Referee may limit the number of possible Super Overs and shall advise both captains accordingly prior to the start of the first Super Over.

EXAMPLES – EXTRA TIME AVAILABLE FOR THE SUPER OVER

Example 1: The match is scheduled to finish at 10.20pm, with 60 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 11.20pm. The match runs over time and finishes in a tie at 10.35pm. The Super Over is scheduled to start five (5) minutes later at 10.40pm. The extra time available to complete the Super Over would be 45 minutes (as per paragraph 5(a) above).

- The Super Over starts on time but is interrupted at 10.50pm for 10 minutes (leaving 35 minutes of extra time still available).
- Play resumes at 11.00pm with a tied Super Over occurring.
- The second super over is being played but is interrupted at 11.15pm.
- Play does not resume within 35 minutes (being the amount of extra time still available), therefore the Super Over procedure is abandoned, and the match is a tie.

Example 2: The same match is scheduled to finish at 10.20pm, but with 30 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 10.50pm. The match runs over time and finishes in a tie at 10.35pm. The Super Over is scheduled to start five (5) minutes later at 10.40pm. The extra time available to complete the Super Over would be 20 minutes (as per paragraph 5(b) above).

APPENDIX G: APPLICATION OF THE RESERVE DAY

If play is interrupted on the scheduled day, the umpires shall use the available extra time and, if necessary, reduce the number of overs to try to achieve a result on that day.

In making their decisions in relation to ground, weather and light, the umpires shall aim to maximise play on the scheduled day of the match in order to achieve a result on that day, as if there was no Reserve Day available.

Each team must have had the opportunity to bat for a minimum of five (5) overs for a result to be achieved. If play has not resumed by the cut-off time required to allow the minimum number of overs to be bowled to achieve a result on the scheduled day, play shall be abandoned for the day and the Reserve Day shall be used to either complete the match or replay the match on the scheduled day.

If the Reserve Day is used to continue an incomplete match the Reserve Day shall be used as follows:

The hours of play on the Reserve Day shall be the same as on the scheduled day for the match (including the extra time provision).

On the Reserve Day, play shall recommence under the same assumption that the last ball was bowled on the scheduled day.

The match starts when the coin toss takes place and teams are exchanged. If the toss occurs on the scheduled day and there is no play thereafter, the result of the toss and the named teams shall be carried through to the Reserve Day.

The treatment of the pitch on the Reserve Day by the Ground Authority shall be as follows:

– Covering and removal of covers – as for the scheduled day of the match under clause 10 of the Playing Conditions; and
– Mowing and rolling – as for Day 2 of a Test match, under clause 9 of the ICC Men's Test Match Playing Conditions.

Example 1: Match starts at 20 overs per side and there is an interruption at nine (9) overs. Overs are reduced to 17 overs per side and play is about to resume. Before another ball is bowled, it rains and play is abandoned for the day. As the match did not resume under the revised overs, the match should continue on the Reserve Day at the original 20 overs per side with the overs reduced if necessary during the Reserve Day.

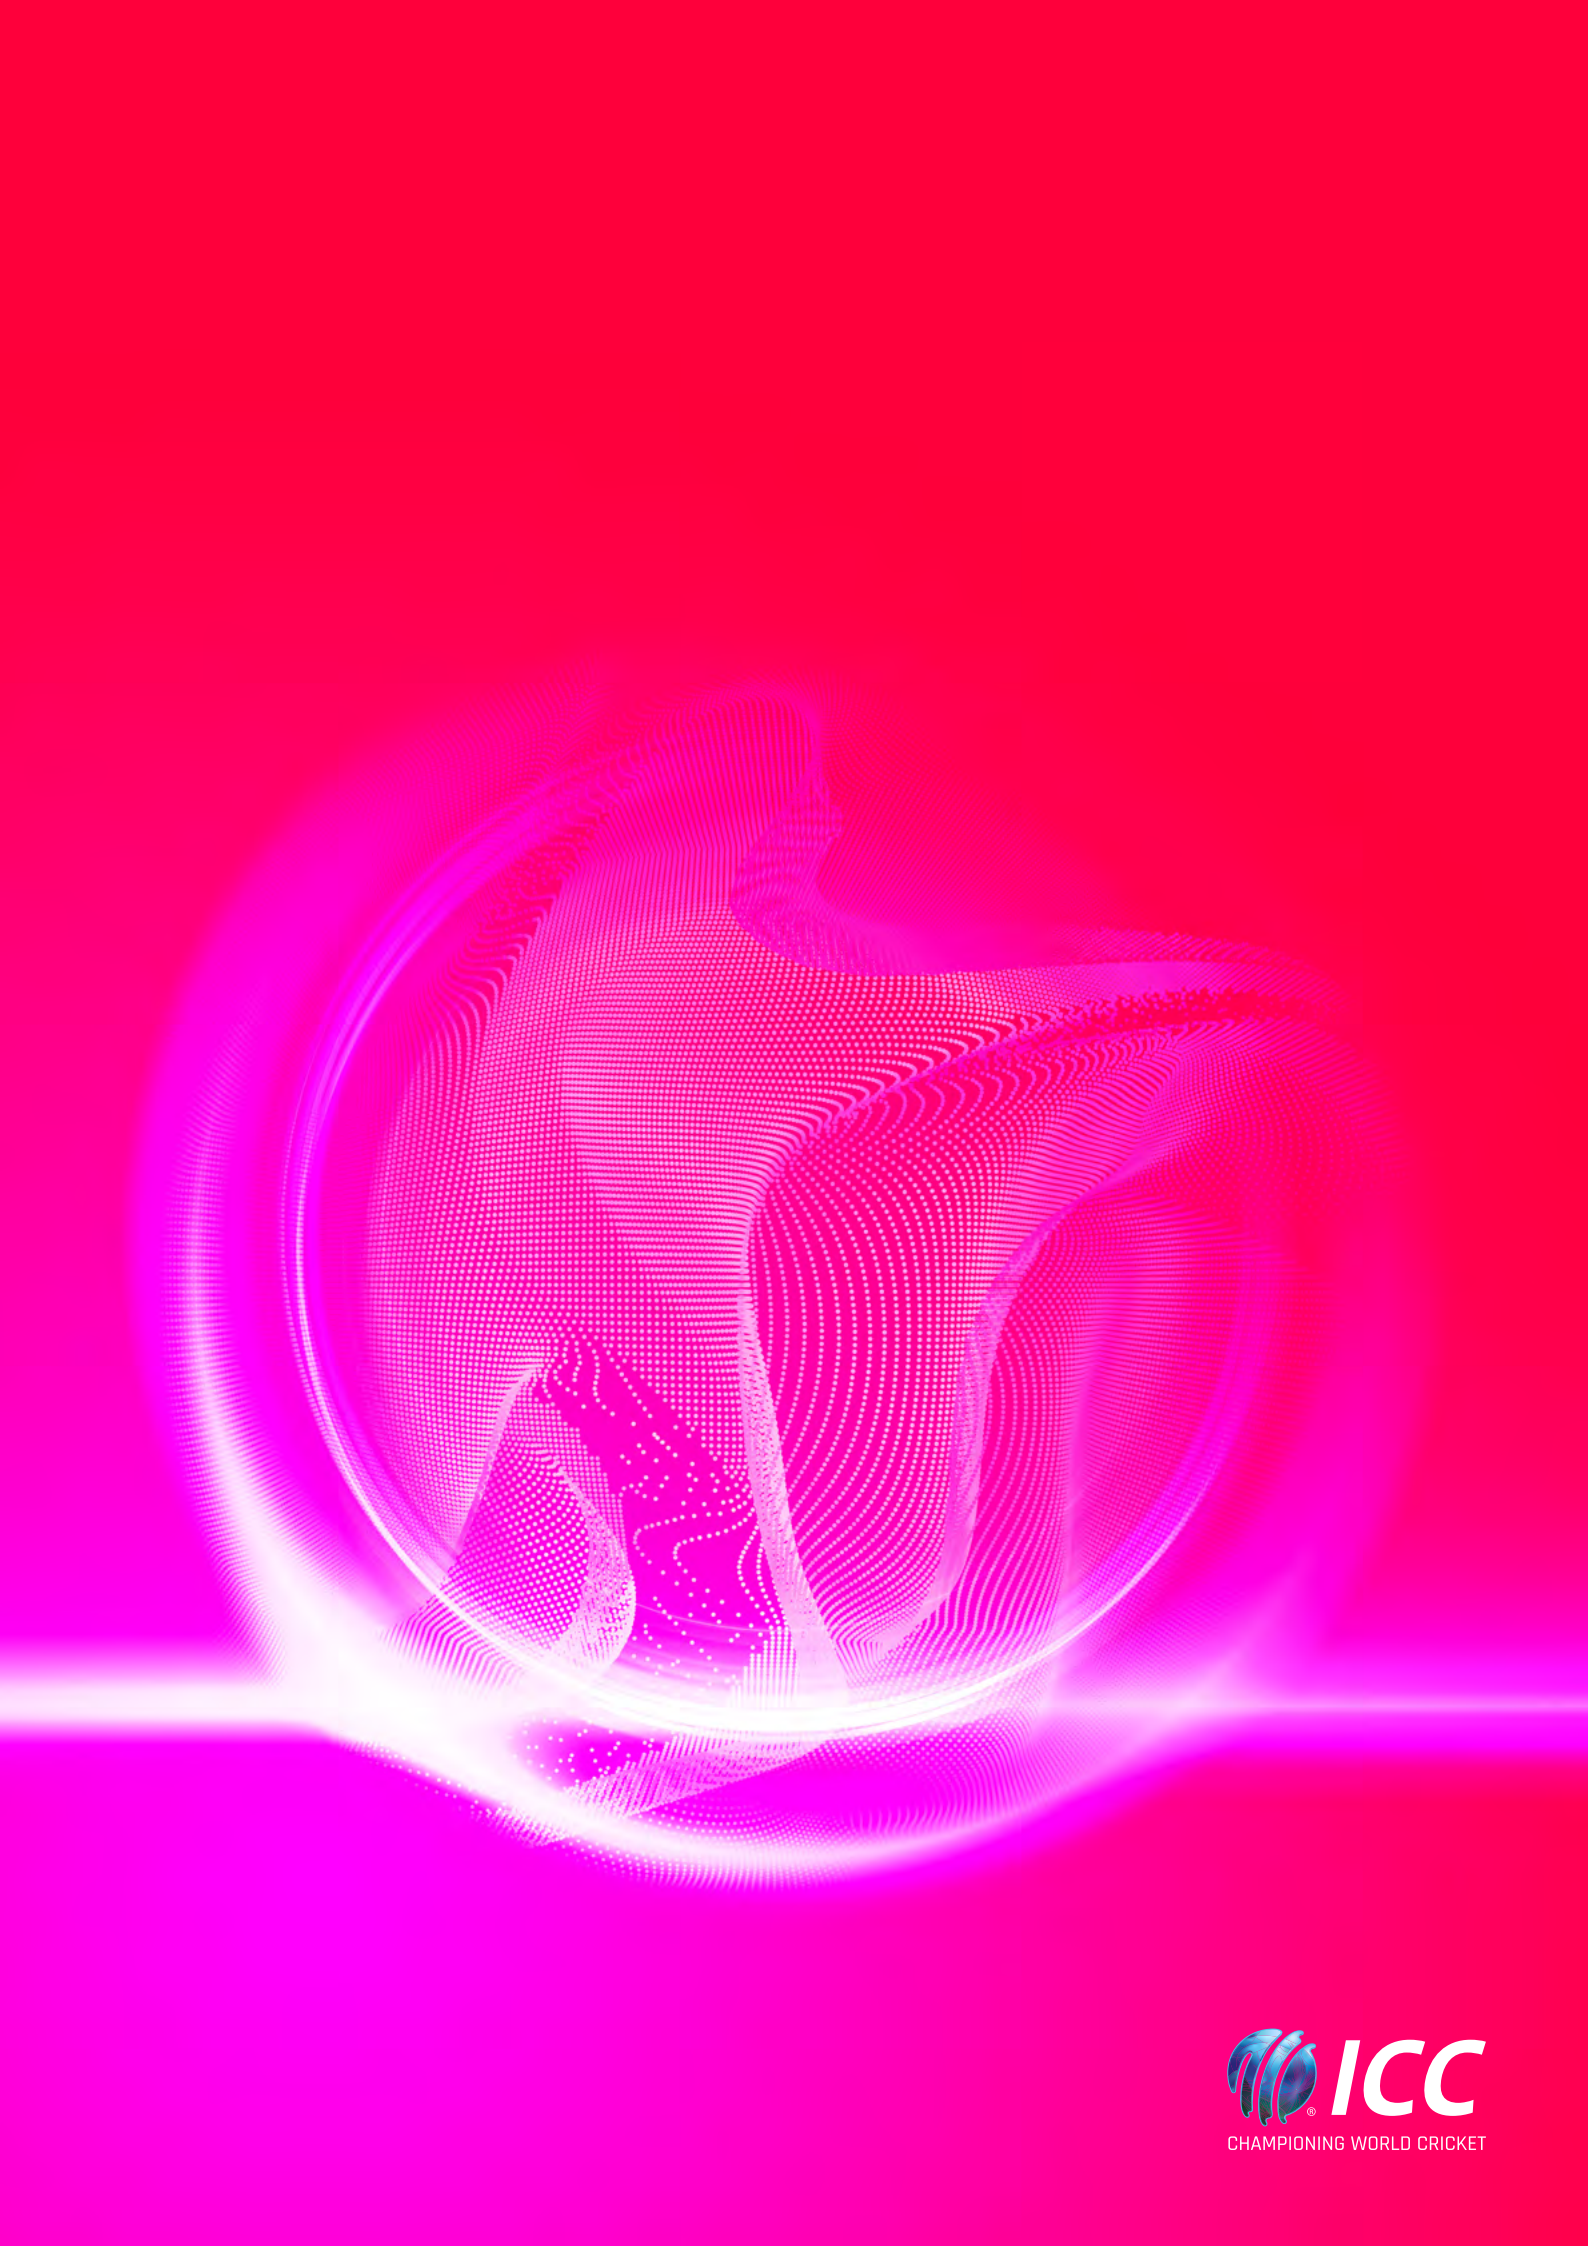

Example 2: The same start as in example 1, i.e. match starts at 20 overs per side and there is an interruption at nine (9) overs. Overs are reduced to 17 overs per side and play is about to resume. This time, play starts and after an over has been bowled it rains, and play is abandoned for the day. As the match has resumed, it is continued on the Reserve Day at 17 overs per side with the overs further reduced if necessary during the Reserve Day.

APPENDIX H: USE OF ELECTRONIC COMMUNICATIONS EQUIPMENT

The use of electronic communication devices and equipment of any kind to communicate with players on the field of play shall not be permitted, except that broadcaster to player communication shall, with the prior consent of the participating countries, be allowed.

APPENDIX I: ON-FIELD INJURY ASSESSMENTS AND TREATMENT

The umpires will allow an initial four (4) minutes for medical staff to treat the injured player. Umpires may inform the medical team when there is 90 seconds remaining, after which the player should be removed from the field of play if further assessment/treatment is required. The on-field umpires will consider each incident when applying the four-minute guideline and be guided by the appointed Match Day Doctor or their nominated replacement.

PLAYING CONDITIONS

ICC MEN'S T20 WORLD CUP 2026 PLAYING CONDITIONS

PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of eleven players, one of whom shall be captain.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate 11 players plus a maximum of 4 substitute fielders in writing on the team sheet provided by the ICC. Other than set out in clause 1.2.7, no player (member of the playing eleven) may be changed after the nomination and prior to the start of play without the consent of the opposing captain. Immediately prior to the toss, the ICC Match Referee or their nominee shall check with both team captains that the players nominated on the team sheets are correct.

1.2.2 Only those nominated as substitute fielders (see also clause 1.2.1 above) shall be entitled to act as substitute fielders during the match, unless the ICC Match Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, as well as any Concussion Replacements, must be official squad members for that particular team and by such nomination the nominees shall warrant that they are so eligible.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable ICC Regulations pertaining to international cricket and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Player Support Personnel (hereafter referred to as the ICC Code of Conduct), the Anti-Discrimination Code for Players and Player Support Personnel, the Anti-Doping Code and the Anti-Corruption Code.

1.2.5 A player or player support personnel who has been suspended from participating in a match shall not, from the toss of the coin and for the remainder of the match thereafter:

1.2.5.1 Be nominated as, or carry out any of the duties or responsibilities of a substitute fielder, or

1.2.5.2 Enter any part of the playing area (which shall include the field of play and the area between the boundary and the perimeter boards) at any time, including any scheduled or unscheduled breaks in play.

1.2.6 A player who has been suspended from participating in a match shall be permitted from the toss of the coin and for the remainder of the match thereafter to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the match is not within the playing area described in clause 1.2.5.2 above (for example, the player is not permitted to enter the on-field 'dug-out').

1.2.7 Concussion Replacement

1.2.7.1 If a player sustains a concussion or suspected concussion as a result of a head or neck injury during the course of the relevant match, a Concussion Replacement may be permitted in the following circumstances:

1.2.7.1.1 the head or neck injury must have been sustained during play and within the playing area described in clause 1.2.5.2 above;

1.2.7.1.2 a concussion or suspected concussion must have been formally diagnosed by the Team Medical Representative;

1.2.7.1.3 the Team Medical Representative or Team Manager shall submit a Concussion Replacement Request to the ICC Match Referee on a standard form, which shall:

1.2.7.1.3.1 identify the player who has sustained the concussion or suspected concussion;

1.2.7.1.3.2 specify the incident in which the concussion or suspected concussion was sustained, including the time at which it occurred;

1.2.7.1.3.3 confirm that, following an examination, the Team Medical Representative believes or suspects that the player has sustained a concussion as a result of the incident specified in clause 1.2.7.1.3.2 above; and

1.2.7.1.3.4 identify the requested Concussion Replacement from the list of nominated concussion replacements submitted for the match, who shall be a like-for-like replacement for the player who has sustained the concussion or suspected concussion. Under exceptional circumstances, the match referee will consider a request for a replacement player outside of the nominated concussion replacement players for the match. In such circumstances the match referee shall apply the provisions of clauses 1.2.7.3, 1.2.7.4 and 1.2.7.5.

1.2.7.2 The Concussion Replacement Request must be submitted as soon as possible after the incident specified in clause 1.2.7.1.3.2 if a Concussion Replacement is to be permitted.

1.2.7.3 The ICC Match Referee should ordinarily approve a Concussion Replacement Request if the replacement is a like-for-like player whose inclusion will not excessively advantage his team for the remainder of the match.

1.2.7.4 In assessing whether the nominated Concussion Replacement should be considered a like-for-like player, the ICC Match Referee should consider the likely role the concussed player would have played during the remainder of the match, and the normal role that would be performed by the nominated Concussion Replacement.

1.2.7.5 If the ICC Match Referee believes that the inclusion of the nominated Concussion Replacement, when performing their normal role, would excessively advantage their team, the ICC Match Referee may impose such conditions upon the identity and involvement of the Concussion Replacement as he/she sees fit, in line with the overriding objective of facilitating a like-for-like replacement for the concussed player.

For clarity, a concussion replacement will inherit all warnings, penalty time and suspensions that were imposed on the replaced player.

1.2.7.6 The ICC Match Referee may, in reviewing a Concussion Replacement Request made in accordance with clause 1.2.7.1.3, request any such further information as may be required in order to make the determination required under clauses 1.2.7.4 and 1.2.7.5.

1.2.7.7 The decision of the ICC Match Referee in relation to any Concussion Replacement Request shall be final and neither team shall have any right of appeal.

1.2.7.8 Once the Concussion Replacement has been approved by the ICC Match Referee, the replaced player shall play no further part in the match.

1.2.7.9 Both the Concussion Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

1.3 Captain

1.3.1 If at any time the captain is not available, a deputy shall act for him.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss. See clause 13.4 (The toss).

1.4 Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within these Playing Conditions.

2 THE UMPIRES

2.1 Appointment and attendance

The following rules for the selection and appointment of T20I umpires shall be followed as far as it is practicable to do so:

2.1.1 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality and shall be present at the ground at least two hours before the scheduled start of play.

2.1.2 The ICC shall appoint the on-field umpires, third umpire and fourth umpire for all matches. The fourth umpire shall act as the emergency on-field umpire.

2.1.3 The umpires shall not be from the same country as the participating teams and shall be selected from the ICC Elite Panel or the ICC International Panel. In exceptional circumstances, the third or fourth umpire may be from the same country as one of the participating teams.

2.1.4 The ICC shall appoint the match referee for all matches (ICC Match Referee).

2.1.5 Unless exceptional circumstances arise, the match referee shall not be from the same country as the participating teams.

2.1.6 Neither team shall have a right of objection to the appointment of any umpire or match referee.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless he/she is injured or ill.

2.3 Consultation with Ground Authority

Before the match the umpires shall consult with the Ground Authority to determine:

2.3.1 which clock or watch and back-up time piece is to be used during the match.

2.3.2 the boundary of the field of play. See clause 19 (Boundaries).

2.3.3 the use of covers. See clause 10 (Covering the pitch).

2.3.4 any special conditions of play affecting the conduct of the match.

inform the scorers of agreements in 2.3.1, 2.3.2 and 2.3.4.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See clause 7 (The creases).

2.4.2 the wickets are properly pitched. See clause 8 (The wickets)

2.4.3 the boundary of the field of play complies with the requirements of clauses 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 Conduct of the match, implements and equipment

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with these Playing Conditions.

2.5.2 the implements used in the match conform to the following

2.5.2.1 clause 4 (The ball).

2.5.2.2 externally visible requirements of clause 5 (The bat) and paragraph 1 of Appendix B.

2.5.2.3 either clauses 8.2 (Size of stumps) and 8.3 (The bails).

2.5.3 no player uses equipment other than that permitted. See paragraph 2 of Appendix A. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of clause 27.2 (Gloves).

2.6 Fair and unfair play

The umpires shall be the sole judges of fair and unfair play.

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batter of the ability to play their strokes or to run between the wickets, then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See clause 6.1 (Area of pitch).

2.8.2 If at any time the umpires together agree that the conditions of ground, weather or light, or any other circumstances are dangerous or unreasonable, they shall immediately suspend play, or not allow play to start or to recommence. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the ICC Match Referee.

2.8.3 If circumstances are warranted, the umpires shall stop play and instruct the Ground Authority to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct the ground staff to take such action during scheduled and unscheduled breaks in play.

2.8.4 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.8.5 Light Meters

It is the responsibility of the ICC to supply light meters to the match officials to be used in accordance with these playing conditions.

2.8.5.1 All light meters shall be uniformly calibrated.

2.8.5.2 The umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play in accordance with the criteria set out in clause 2.8.2 above.

2.8.5.3 Light meter readings may accordingly be used by the umpires:

2.8.5.3.1 To determine whether there has been at any stage a deterioration or improvement in the light.

2.8.5.3.2 As benchmarks for the remainder of a match.

2.8.6 Use of artificial lights

If in the opinion of the umpires, natural light is deteriorating to an unfit level, they shall authorise the Ground Authority to use the available artificial lighting so that the match can commence or continue in acceptable conditions.

In the event of power failure or lights malfunction, the provisions relating to the delay or interruption of play due to bad weather or light shall apply.

2.8.7 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.8.8 The safety of all persons within the ground is of paramount importance to the ICC. In the event that of any threatening circumstance, whether actual or perceived (including for example weather, pitch invasions, act of God, etc.), then the umpires, on the advice of the ICC Match Referee, should suspend play and all players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, the ICC Match Referee, the head of the relevant Ground Authority, the head of ground security and/or the police as the circumstances may require.

2.8.9 Where play is suspended under clause 2.8.8 above the decision to abandon or resume play shall be the responsibility of the ICC Match Referee who shall act only after consultation with the head of ground security and the police.

2.9 Position of umpires

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this over-riding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided he/she informs the captain of the fielding side, the striker and the other umpire.

2.10 Umpires changing ends

Shall not apply.

2.11 Disagreement and dispute

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also clause 31.6 (Consultation by umpires).

2.12 Umpire's decision

An umpire may alter any decision provided that such alteration is made promptly and does not contradict clause 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 Signals

2.13.1 The following code of signals shall be used by umpires.

2.13.1.1 Signals made while the ball is in play

No ball – by extending one arm horizontally.

Out – by raising an index finger above the head. (If not out, the umpire shall call Not out.)

Wide – by extending both arms horizontally.

Dead ball – by crossing and re-crossing the wrists below the waist.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in clause 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 – by waving an arm from side to side finishing with the arm across the chest

Boundary 6 – by raising both arms above the head.

Bye – by raising an open hand above the head.

Five Penalty runs awarded to the batting side – by repeated tapping of one shoulder with the opposite hand.

Five Penalty runs awarded to the fielding side – by placing one hand on the opposite shoulder.

Leg bye – by touching a raised knee with the hand.

Revoke last signal – by touching both shoulders, each with the opposite hand.

Short run – by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.

Free Hit – after signalling the No ball, the bowler's end umpire extends one arm straight upwards and moves it in a circular motion.

Powerplay Over – by rotating his arm in a large circle.

The following signal is for Level 4 player conduct offences. The signal has two parts, both of which should be acknowledged separately by the scorers.

Level 4 conduct Part 1 – by putting one arm out to the side of the body and repeatedly raising it and lowering it.

Part 2 – by raising an index finger, held at shoulder height, to the side of the body.

2.13.1.4 All the signals in clause 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signalled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

If several signals are to be used, they should be given in the order that the events occurred.

2.14 Informing the umpires

Wherever the umpires are to receive information from captains or other players under these Playing Conditions, it will be sufficient for one umpire to be so informed and for him/her to inform the other umpire.

2.15 Correctness of scores

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled.

The umpires shall ensure that they are able to contact the scorers at any time during the match and at its conclusion to address any issues relating to the correctness of scores.

3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree and consult with the umpires if necessary. See clause 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

4 THE BALL

4.1 Weight and size

The ball, when new, shall weigh not less than 5.5 ounces/155.9 g, nor more than 5.75 ounces/163 g, and shall measure not less than 8.81 in/22.4 cm, nor more than 9 in/22.9 cm in circumference.

4.2 Approval and control of balls

4.2.1 White Kookaburra 'Turf' cricket balls supplied by the ICC will be used in all matches. Spare balls of the same brand will be supplied for changing during a match.

4.2.2 The fielding captain or his nominee may select the ball with which he wishes to bowl from the supply provided by the ICC. The fourth umpire shall take a box containing at least 6 new balls to the dressing room and supervise the selection of the ball.

4.2.3 The umpires shall retain possession of the match ball(s) throughout the duration of the match when play is not actually taking place.

4.2.4 During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket or any other disruption in play.

4.3 New ball

4.3.1 One new ball shall be used at the start of each innings.

4.4 Ball lost or becoming unfit for play

If, during play, the ball cannot be found or recovered or the umpires agree that it has become unfit for play through normal use, the umpires shall replace it with a ball which has had wear comparable with that which the previous ball had received before the need for its replacement. When the ball is replaced, the umpire shall inform the batters and the fielding captain.

5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this clause with detailed specifications in paragraph 1 of Appendix B.

5.2 The handle

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in paragraph 1.2.2 of Appendix B.

5.3 The blade

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in clause 5.2 and in paragraph 1.3 of Appendix B.

5.3.2 The blade shall consist solely of wood.

5.4 Protection and repair

Subject to the specifications in paragraph 1.4 of Appendix B. and providing clause 5.4.3 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 Damage to the ball

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this clause, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 Contact with the ball

In these clauses,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on his hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

5.6.2.1 the bat itself

5.6.2.2 the batter's hand holding the bat

5.6.2.3 any part of a glove worn on the batter's hand holding the bat

5.6.2.4 any additional materials permitted under 5.4

shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 Bat size limits

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 in/96.52 cm.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25 in / 10.8 cm

Depth: 2.64 in / 6.7 cm

Edges: 1.56 in / 4.0 cm.

Furthermore, it should also be able to pass through a bat gauge as described in paragraph 1.6 of Appendix B.

5.7.3 The handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in clause 5.4.1 shall not exceed 0.04 in/0.1 cm in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 in/0.3 cm.

5.8 Categories of bat

5.8.1 Type A bats conform to clauses 5.1 to 5.7 inclusive.

5.8.2 Only Type A bats may be used in T20I matches.

6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 m in length and 10 ft/3.05 m in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 ft/1.52 m from it. If the pitch is next to an artificial pitch which is closer than 5 ft/1.52 m from the middle stumps, the pitch on that side will extend only to the junction of the two surfaces. See clauses 8.1 (Description, width and pitching), 7.2 (The bowling crease) and Appendix C.

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See clauses 2.7 (Fitness for play) and 2.8 (Suspension of play in dangerous or unreasonable conditions).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.3.1 The Ground Authority shall ensure that during the period prior to the start of play and during intervals, the pitch area shall be roped off so as to prevent unauthorised access. (The pitch area shall include an area at least 2 metres beyond the rectangle made by the crease markings at both ends of the pitch).

6.3.2 The fourth umpire shall ensure that, prior to the start of play and during any intervals, only authorised staff, the ICC match officials, players, team coaches and authorised television personnel shall be allowed access to the pitch area. Such access shall be subject to the following limitations:

6.3.2.1 Only captains and team coaches may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.3.2.2 Access to the pitch area by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.3.2.3 No spiked footwear shall be permitted.

6.3.2.4 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.3.2.5 Access shall not interfere with pitch preparation.

6.3.3 In the event of any dispute, the ICC Match Referee will rule and his/her ruling will be final.

6.4 Changing the pitch

6.4.1 If the on-field umpires decide that it is dangerous or unreasonable for play to continue on the match pitch, they shall stop play and immediately advise the ICC Match Referee.

6.4.2 The on-field umpires and the ICC Match Referee shall then consult with both captains.

6.4.3 If the captains agree to continue, play shall resume.

6.4.4 If the decision is not to resume play, the on-field umpires together with the ICC Match Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the ICC Match Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.

6.4.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned with the following consequences:

6.4.5.1 In the event of the required number of overs to constitute a match having been completed at the time the match is abandoned, the result shall be determined according to the provisions of clause 16.4.2.

6.4.5.2 In the event of the required number of overs to constitute a match not having been completed, the match will be abandoned as a no result.

6.4.6 If the abandonment occurs on the day of the match, the ICC Match Referee shall consult with the Event Technical Committee with the objective of finding a way for a new match (including a new nomination of teams and toss) to commence on the same date and venue. Such a match may be played either on the repaired pitch or on another pitch, subject to the ICC Match Referee and the relevant Ground Authority both being satisfied that the new pitch will be of the required T20I standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 12.

6.4.7 If it is not possible to start a new match on the scheduled day of the match (including any reserve day), the match will be abandoned as a no result.

6.4.8 Throughout the above decision making processes, the ICC Match Referee shall keep informed the ICC, both captains and the head of the Ground Authority. The head of the Ground Authority shall ensure that suitable and prompt public announcements are made.

6.5 Non-turf pitches

All T20I matches shall be played on natural turf pitches.

The use of PVA and other adhesives in the preparation of pitches is not permitted.

6.6 Junior Cricket

Shall not apply.

7 THE CREASES

7.1 The creases

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in clauses 7.2, 7.3 and 7.4, at each end of the pitch. See paragraph 1 of Appendix C.

7.2 The bowling crease

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in clause 6.1 (Area of pitch). It shall be 8 ft 8 in/2.64 m in length.

7.3 The popping crease

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 ft/1.22 m from it. The popping crease shall be marked to a minimum of 15 yards/13.71 m on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 ft 4 in/1.32 m either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 ft/2.44 m behind it and shall be considered to be unlimited in length.

7.5 Additional crease markings

As a guideline to the umpires for the calling of Wides on the offside, the crease markings detailed in paragraph 1 of Appendix C may be marked in white at each end of the pitch.

8 THE WICKETS

8.1 Description, width and pitching

Two sets of wickets shall be pitched opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 in/22.86 cm wide and shall consist of three wooden stumps with two wooden bails on top. See paragraph 2 of Appendix B.

8.2 Size of stumps

The tops of the stumps shall be 28 in/71.12 cm above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 in/3.50 cm nor more than 1.5 in/3.81 cm. See paragraph 2 of Appendix B.

For televised matches, the broadcaster may provide a slightly larger cylindrical stump to accommodate the stump camera. When the larger stump is used, all three stumps must be exactly the same size.

8.3 The bails

8.3.1 The bails, when in position on top of the stumps,

– shall not project more than 0.5 in/1.27 cm above them.

– shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications (see paragraph 2 of Appendix B).

Overall length 4.31 in/10.95 cm

Length of barrel 2.13 in /5.40 cm

Longer spigot 1.38 in/3.50 cm

Shorter spigot 0.81 in/2.06 cm.

8.3.3 The two spigots and the barrel shall have the same centre line.

8.3.4 Devices aimed at protecting player safety by limiting the distance that a bail can travel off the stumps will be allowed, subject to the approval of the ICC.

8.4 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See clause 29.5 (Dispensing with bails).

8.5 LED Wickets

LED Wickets will be used. Refer also to paragraphs 3.8.1.6 and 4.2 of Appendix D.

9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in clauses 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling During the match the pitch may be rolled at the request of the captain of the side batting second, for a period of not more than 7 minutes, before the start of the second innings.

9.1.2 Rolling after a delayed start In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than 7 minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers If there is more than one roller available the captain of the batting side shall choose which one is to be used.

The following shall apply in addition to clause 9.1:

9.1.4 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. Thereafter and throughout the match the drying of the outfield may be undertaken at any time by the Ground Authority, but the drying of the affected area of the pitch shall be carried out only on the instructions and under the supervision of the umpires. The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

9.1.5 The umpires may instruct the Ground Authority to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

9.1.6 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

9.2 Clearing debris from the pitch

9.2.1 The pitch shall be cleared of any debris

9.2.1.1 between innings. This shall precede rolling if any is to take place.

9.2.2 The clearance of debris in clause 9.2.1 shall be done by sweeping, except where the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

9.2.3 In addition to clause 9.2.1, debris may be cleared from the pitch by hand, without sweeping, before mowing and whenever either umpire considers it necessary.

9.3 Mowing

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.4 Watering the pitch

The pitch shall not be watered during the match.

9.5 Re-marking creases

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 Maintenance of footholes

The umpires shall ensure that the holes made by the bowlers and batters are cleaned out and dried whenever necessary to facilitate play.

The umpires shall allow, if necessary, the returfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

In addition, the umpires shall see that wherever possible and whenever it is considered necessary, action is taken during all intervals in play to do whatever is practicable to improve the bowler's footholes.

9.7 Securing of footholds and maintenance of pitch

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that clause 41 (Unfair play) is not contravened.

9.8 Protection and preparation of adjacent pitches during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.8.1 Such measures will only be possible if requested by the Ground Authority and approved by the umpires before the start of the match.

9.8.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.8.3 The preparation work shall be carried out under the supervision of the fourth umpire.

9.8.4 The consent of the captains is not required but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

The pitch shall be entirely protected against rain up to the commencement of play.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in clauses 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

The pitch shall be entirely protected against rain up to the commencement of play, and for the duration of the period of the match.

The covers must totally protect the pitch and also the pitch surroundings, to a minimum of 5 metres either side of the pitch, and any worn or soft areas in the outfield.

The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including "hessian" or "scrim" covers used to protect the pitch against the sun) shall be removed not later than 2 ½ hours before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals.

– Intervals between innings.

– Drinks intervals.

– Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of clause 24.2.6 (fielder absent or leaving the field of play).

11.2 Duration of interval

11.2.1 There shall be a 20-minute interval between innings, taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.3 Allowance for interval between innings

Shall not apply.

11.4 Changing agreed times of intervals

11.4.1 If the innings of the team batting first is completed prior to the scheduled time for the interval, the interval shall take place immediately and the innings of the team batting second will commence correspondingly earlier. In circumstances where the side bowling first has not completed the allotted number of overs by the scheduled or rescheduled cessation time for the first innings, the umpires shall reduce the length of the interval by the amount of time that the first innings over-ran. The minimum time for the interval will be 10 minutes.

11.4.2 However, following a lengthy delay or interruption prior to the completion of the innings of the team batting first, the Match Referee may, at his/her discretion, reduce the interval between innings from 20 minutes to not less than 10 minutes.

11.4.3 Such discretion should only be exercised after determining the adjusted overs per side based on a 20-minute interval. If having exercised this discretion, the rescheduled finishing time for the match is earlier than the latest possible finishing time, then these minutes should be deducted from the length of any interruption during the second innings before determining the overs remaining.

11.5 Intervals for drinks

11.5.1 In an uninterrupted 20-over innings, there will be two drinks breaks each of 2.5 minutes, to be taken after 6 and 14 overs.

11.5.2 If a wicket falls or there is some other stoppage during the over prior to the scheduled drinks break, it will be taken immediately.

11.5.3 If an innings length is reduced at outset to between 15 and 19 overs, two drinks breaks will be taken, spread evenly across the available overs. If an innings is reduced at outset to between 11 and 14 overs, one drinks break will be taken around halfway through the innings.

11.5.4 Guidance for the scheduling of drinks breaks in an innings reduced at outset:

Available overs	First break at end of over	Second break at end of over
19	6	14
18	6	13
17	6	12
16	5	11
15	5	10
14	7	—
13	7	—
12	6	—
11	6	—

11.5.5 No drinks breaks will be scheduled for innings of 10 overs or less.

11.5.6 If an innings is interrupted, the umpires will determine the timing of any (further) drinks breaks. However no drinks breaks will be taken within 5 overs of a resumption, nor during the final 5 scheduled overs of an innings.

11.6 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this clause.

12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time, when the ball is dead, at the end of any session of play or as required by these Playing Conditions. See also clause 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, the bails shall be removed from both wickets.

12.4 Starting a new over

Shall not apply.

12.5 Completion of an over

Shall not apply.

12.6 Conclusion of match

12.6.1 The match is concluded:

12.6.1.1 as soon as a result as defined in clauses 16.1 to 16.5 (The result) is reached.

12.6.1.2 as soon as the prescribed number of overs have been completed

12.6.2 The match is concluded if, without a conclusion having been reached under 12.6.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.7 Hours of play; minimum overs requirement

12.7.1 There shall be 2 sessions of 1 hour 25 minutes each, separated by a 20-minute interval between innings.

One of the following:

First Session	11:00 – 12:25
Interval	12:25 – 12:45
Second Session	12:45 – 14:10

First Session	15:00 – 16:25
Interval	16:25 – 16:45
Second Session	16:45 – 18:10

First Session	19:00 – 20:25
Interval	20:25 – 20:45
Second Session	20:45 – 22:10

The following start times shall apply if a reserve day is used:

Semi-final 1 in Kolkata on 5 March:	15:00
Semi-final 2 in Mumbai on 6 March:	15:00
Final on 9 March:	19:00

12.8 Minimum over rates

12.8.1 The minimum over rate to be achieved in all matches shall be 14.11 overs per hour.

12.8.2 The actual over rate shall be calculated at the end of each innings by the umpires.

12.8.3 In calculating the actual over rate for the match, allowances shall be given as follows:

12.8.3.1 The time lost as a result of treatment given to a player by authorised medical personnel on the field of play;

12.8.3.2 The time lost as a result of a player being required to leave the field as a result of a serious injury;

12.8.3.3 The time taken for all third umpire referrals and consultations and any umpire or player reviews;

12.8.3.4 The time lost as a result of time wasting by the batting side;

12.8.3.5 The time lost due to all other circumstances that are beyond the control of the fielding side; and

12.8.3.6 Two minutes and 30 seconds for the two drinks breaks in each innings.

12.8.4 In the event of any time allowances being granted to the fielding team under clause 12.8.3.4 above (time wasting by batting team), then such time shall be deducted from the allowances granted to such batting team in the determination of its over rate.

12.8.5 In addition to the allowances as provided for above:

12.8.5.1 An additional allowance of 1 minute will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings.

12.8.6 If a batting team is bowled out within the time determined for that innings pursuant to these playing conditions (taking into account all of the time allowances set out above), the fielding side shall be deemed to have complied with the required minimum over rate.

12.8.7 The current over rate of the fielding team (+/- overs compared to the minimum rate required), to be advised by the 3rd umpire every 4 overs as a minimum, shall be displayed on a scoreboard or replay screen.

13 INNINGS

13.1 Number of innings

13.1.1 A match shall be one innings for each side.

13.2 Alternate innings

Each side shall take their innings alternately.

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the prescribed number of overs have been bowled to the batting side.

13.4 The toss

The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of the ICC Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play (not earlier than 40 minutes, nor later than 25 minutes before the scheduled time for the start of Final). Note, however, the provisions of clause 1.3 (Captain.

13.5 Decision to be notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

13.6 Duration of match

13.6.1 All matches will consist of one innings per side, each innings being limited to a maximum of 20 overs.

13.6.2 All matches shall be of one day's scheduled duration.

13.6.2.1 The semi-finals and the final will each have a reserve day allocated. See 13.7.3 for the amount of extra time allocated to the scheduled and reserve day of each match and Appendix G for application of the reserve day.

13.6.2.2 If the reserve day is allocated, every effort will be made to complete the match on the scheduled day with any necessary reduction in overs taking place and only if the minimum number of overs necessary to constitute a match cannot be bowled on the scheduled day will the match be completed on the reserve day.

13.6.2.3 If the match has started on the scheduled day and overs are subsequently reduced following an interruption, but no further play is possible, the match will resume on the reserve day at the point where the last ball was played. Refer to Appendix G.

13.7 Length of innings

13.7.1 Uninterrupted matches.

13.7.1.1 Each team shall bat for 20 overs unless all out earlier.

13.7.1.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first innings, play shall continue until the required number of overs has been bowled. The interval shall not be extended and the second session shall commence at the scheduled time. The team batting second shall receive its full quota of 20 overs irrespective of the number of overs it bowled in the scheduled time for the cessation of the first innings.

13.7.1.3 If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.

13.7.1.4 If the team fielding second fails to bowl 20 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result is achieved.

13.7.1.5 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.2 Delayed or interrupted matches

13.7.2.1 Delay or Interruption to the Innings of the Team Batting First (see paragraph 1 of Appendix E)

13.7.2.1.1 When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 14.11 overs per hour in the total remaining time available for play.

13.7.2.1.2 The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of 5 overs have to be bowled to the side batting second, subject to a result not being achieved earlier. For the semi-finals and final, a minimum of 10 overs have to be bowled to the side batting second, subject to a result not being achieved earlier.

13.7.2.1.3 As soon as the total minutes of playing time remaining is less than the completed overs faced by Team 1 multiplied by 4.25, then the first innings is terminated and the provisions of 13.7.2.2 below take effect.

13.7.2.1.4 A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of 14.11 overs per hour. When calculating the length of playing time available for the match, or the length of either innings, the timing and duration of all relative delays, extensions in playing hours, interruptions in play, and intervals will be taken into consideration. This calculation must not cause the match to finish earlier than the original or rescheduled time for cessation of play on the final scheduled day for play. If required the original time shall be extended to allow for one extra over for each team.

13.7.2.1.5 If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue until the required number of overs have been bowled or the innings is completed.

13.7.2.1.6 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.2.2 Delay or Interruption to the innings of the Team Batting Second (see paragraph 2 of Appendix E)

13.7.2.2.1 When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 14.11 overs per hour in respect of the lost playing time. Should the calculations result in a fraction of an over the fraction shall be ignored.

13.7.2.2.2 In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.

13.7.2.2.3 To constitute a match, a minimum of 5 overs have to be bowled to the team batting second subject to a result not being achieved earlier. For the semi-finals and final, a minimum of 10 overs have to be bowled to the side batting second, subject to a result not being achieved earlier.

13.7.2.2.4 The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.7.2.2.5 A fixed time will be specified for the close of play by applying a rate of 14.11 overs per hour. The timing and duration of all relative delays, extensions in playing hours and interruptions in play will be taken into consideration in specifying this time.

13.7.2.2.6 If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.

13.7.2.2.7 Penalties shall apply for slow over rates (refer to clause 13.8 and the ICC Code of Conduct).

13.7.3 Extra Time

Extra time or additional playing time will be allocated as follows:

13.7.3.1 All first and second round matches – 60-minutes

13.7.3.2 There shall be 90 minutes of extra time allocated to the scheduled day of both semi-final 1 and 2.

13.7.3.3 There shall be 120 minutes of extra time allocated to the reserve day of both semi final 1 and 2.

13.7.3.4 There shall be 120 minutes of extra time allocated to both the Final and its reserve day.

Refer also to clause 13.6.2.1.

For clarity, the changeover period (5 minutes) for a Super Over after the main match is not to be taken into account when applying any permitted extra time available.

13.8 Over-rate penalties

13.8.1 The fielding side shall be in position to bowl the first ball of the final over of the innings by the scheduled (or re-scheduled) cessation time for the innings (calculated in accordance with clause 13.7). In delayed or interrupted matches where there has been a reduction of 3 or more overs pursuant to clause 13.7.2, the fielding side shall be in position to bowl the first ball of the penultimate over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

13.8.2 Where this requirement is not met, clause 28.7.5 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) no more than 4 fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3.

13.8.3 Clause 13.8.2 shall not apply where:

13.8.3.1 a side's innings is reduced to less than 10 overs, unless the over-rate penalty has been applied prior to such reduction; or

13.8.3.2 a side's innings is completed prior to the scheduled (or re-scheduled) cessation time for the innings.

13.8.4 The bowler's end umpire shall inform the captain of the fielding side, the batter and the other umpire of:

13.8.4.1 the scheduled cessation time for the innings prior to the start of the innings, and of any re-scheduled cessation time following any subsequent interruption to play; and

13.8.4.2 any time allowances pursuant to clause 12.8.3 as and when they arise.

13.8.5 Over-rate penalties pursuant to clause 13.8 shall be applied in addition to the relevant provisions under the ICC Code of Conduct.

13.9 Number of overs per bowler

13.9.1 No bowler shall bowl more than 4 overs in an innings.

13.9.2 In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second;

13.9.2.1 for innings of rescheduled length of at least 10 overs, no bowler may bowl more than one-fifth of the total overs allowed. Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

13.9.2.2 for innings of rescheduled length of between 5 and 9 overs, no bowler may bowl more than two overs.

13.9.3 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

13.9.4 The scoreboard shall show the total number of overs bowled and the number of overs bowled by each bowler.

14 THE FOLLOW-ON

Shall not apply.

15 DECLARATION AND FORFEITURE

Shall not apply.

16 THE RESULT

16.1 A Win

16.1.1 Unless the winner is determined by DLS (see clause 16.4), the side which has scored in its innings a total of runs in excess of that scored by the opposing side in its innings shall win the match. See clause 13.3 (Completed innings). Note also clause 16.5 (Winning hit or extras).

16.1.2 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2), a result can be achieved only if both teams have had the opportunity of batting for at least 5 overs, unless one team has been all out in less than 5 overs or unless the team batting second scores enough runs to win in less than 5 overs (10 overs in the semi-finals and final).

16.1.3 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (clause 16.2), all matches in which both teams have not had an opportunity of batting for a minimum of 5 overs (10 overs in the semi-finals and final), shall be declared a No Result.

16.2 ICC Match Referee awarding a match

16.2.1 A match shall be lost by a side which either

16.2.1.1 concedes defeat or

16.2.1.2 in the opinion of the ICC Match Referee refuses to play and the ICC Match Referee shall award the match to the other side.

16.2.2 If an umpire considers that an action by any player or players might constitute a refusal by either side to play then the umpires together shall inform the ICC Match Referee of this fact. The ICC Match Referee shall together with the umpires ascertain the cause of the action. If the ICC Match Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, he/she shall so inform the captain of that side. If the captain persists in the action the ICC Match Referee shall award the match in accordance with clause 16.2.1.2 above.

16.2.3 If action as in clause 16.2.2 above takes place after play has started and does not constitute a refusal to play the delay or interruption in play shall be dealt with in the same manner as provided for in clauses 13.7.2 (Delayed and Interrupted Matches) and 11.4 (Changing agreed times for intervals) above.

Note: In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the ICC Code of Conduct.

16.3 All other matches – A Tie or No Result

16.3.1 A Tie

16.3.1.1 The result of a match shall be a tie when both innings have been completed and the scores are equal.

16.3.1.2 If the match is tied, a Super Over is played. If the Super Over is a tie, then subsequent Super Overs shall be played until there is a winner. Unless exceptional circumstances arise, there shall be an unlimited number of Super Overs played to achieve a result. Refer to Appendix F.

16.3.2 No Result

16.3.2.1 See clause 16.1.3 above.

16.4 Calculation of the Target Score

16.4.1 Interrupted Matches

16.4.1.1 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 5 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using DLS. The target set will always be a whole number and one run less will constitute a Tie.

16.4.2 Prematurely Terminated Matches

16.4.2.1 If the innings of the side batting second is suspended (with at least 5 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension using DLS. If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.5 Winning hit or extras

16.5.1 As soon as a result is reached as defined in clauses 16.1, 16.2 or 16.3.1, the match is at an end. Nothing that happens thereafter, except as in clause 41.17.2 (Penalty runs), shall be regarded as part of it. Note also clause 16.8.

16.5.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batters before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.5.3 If a boundary is scored before the batters have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.6 Statement of result

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall, unless clause 16.4.2.1 (Prematurely Terminated Matches) applies.

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of 5 Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.7 Correctness of result

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See clause 2.15 (Correctness of scores).

16.8 Mistakes in scoring

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to clause 16.9, they shall adopt the following procedure.

16.8.1 If, when the players leave the field, the side batting last has not completed its innings and

either the number of overs to be bowled in that innings has not been completed, or

the end of the innings has not been reached, then, unless one side concedes defeat, the umpires shall order play to resume. Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed. The number of overs shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.8.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.9 Result not to be changed

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

16.10 Competition format

16.10.1 First round

The ICC Men's T20 World Cup 2026 will be contested by the following 20 teams, which have been divided into four first round groups as follows:

Group A	Group B	Group C	Group D
A1: India	B1: Australia	C1: England	D1: New Zealand
A2: Pakistan	B2: Sri Lanka	C2: West Indies	D2: South Africa
A3: USA	B3: Ireland	C3: Nepal	D3: Afghanistan
A4: Netherlands	B4: Zimbabwe	C4: Italy	D4: Canada
A5: Namibia	B5: Oman	C5: Scotland	D5: UAE

The first two teams listed in each of these four groups are the seeded teams.

Each team will play every other team in its group.

At the completion of the first round, the top two teams in each group shall progress to the Super Eights. These eight teams will be placed into two groups of four.

Each of the seeded teams that reach the Super Eights will compete in pre-assigned groups as follows.

Group 1	Group 2
X1: India (was A1)	Y1: England (was C1)
X2: Australia (was B1)	Y2: New Zealand (was D1)
X3: West Indies (was C2)	Y3: Pakistan (was A2)
X4: South Africa (was D2)	Y4: Sri Lanka (was B2)

If in a first round group, one unseeded team qualifies, it will take the place of the eliminated seeded team in the Super Eights group.

If in a first round group, neither seeded team qualifies, the group winner will take the place of seeded team 1 and the runner-up will take the place of seeded team 2.

Examples:

- If A1 and A2 qualify, they will retain their first round seeding regardless of whether they finished first or second in their group.
- If A2 and A4 qualify, A4 would assume the schedule of X1 in the Super Eights.
- If A3 and A4 qualify, then the group winner would assume the schedule of X1 and the group runner-up would assume the schedule of Y3.

16.10.2 Super Eights, semi-finals and final

Teams will start the Super Eights with zero points. No points, wins or net run rate from the first round will be carried forward. Each team will play every other team in its group.

At the completion of the Super Eights, the top two teams in each group will progress to the semi-finals.

- The team placed first in group 1 will play the team placed second in group 2.
- The team placed first in group 2 will play the team placed second in group 1.

The semi-final venues will be as follows:

- If Pakistan qualify for the semi-finals, they will play in semi-final 1 in Colombo on 4 March.
- If Pakistan do not qualify for the semi-finals, semi-final 1 will be played in Kolkata on 4 March.
- In all cases, semi-final 2 will be played in Mumbai on 5 March.

Allocation of matches to venues if Pakistan does not qualify for the semi-finals:

- If India qualifies, India will play in semi-final 2.
- If India does not qualify but Sri Lanka does, Sri Lanka will play in semi-final 1.
- If neither India nor Sri Lanka qualify, semi-final 1 will be between the team placed first in Group 1 and the team placed second in Group 2.

The winners of the semi-finals will contest the final.

- If Pakistan qualifies for the final, it will be held in Colombo.
- If Pakistan does not qualify for the final, it will be held in Ahmedabad.

16.10.3 Points

The following points system will apply to all first round and Super Eights groups:

Win	2
Tie, no result or abandoned	1
Loss or forfeit	0

16.10.4 Progression of Teams – First Round and Super Eights

In the event of teams finishing on equal points in their group, the right to progress to the next stage of the competition will be decided in the following order of priority:

a) The team with the greatest number of wins in its group will be placed in the higher position.

b) If there are teams with equal points and equal wins in their group, the team with the higher net run rate in the group stage will be placed in the higher position (refer to clause 16.10.7 below for the calculation of net run rate).

c) If two or more teams are still equal, they will be ordered according to the head-to-head match played between them

d) If the above does not resolve the group ordering, or if all matches within a group produce no results, then the teams will be ordered as per their position on the ICC Men's T20I Team Rankings as at 6 February 2026.

16.10.5 Semi-finals

If a semi-final is tied, the teams shall compete in a Super Over to determine which team progresses to the final. Refer to clause 16.3.1.2 and Appendix F.

If following a tie, weather conditions prevent the Super Over from being completed, or if the match is abandoned or a no result, then the team that finished first in its Super Eights group will progress to the final.

16.10.6 Final

In the event of a tied final, the teams shall compete in a Super Over to determine which team is the winner. Refer to clause 16.3.1.2 and Appendix F.

If following a tie, weather conditions prevent the Super Over from being completed, or if the match is abandoned or a no result, the teams shall be declared joint winners.

16.10.7 Net run rate

A team's net run rate is calculated by deducting from the average runs per over scored by that team in its group, the average runs per over scored against that team in its group.

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

Note: The Super Over is not included in the net run rate calculation.

Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned but a result is achieved under Duckworth/Lewis/Stern, for net run rate purposes Team 1 will be credited with Team 2's Par Score on abandonment off the same number of overs faced by Team 2. Where a match is concluded with Duckworth/Lewis/Stern having been applied at an earlier point in the match, Team 1 will be credited with 1 run less than the final Target Score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

In circumstances where a match (and the points for such match) is awarded to a team as a result of the other team's refusal to play, either by the match referee in accordance with playing condition 16.2 or in accordance with the provisions of the relevant event agreements signed by the participating teams, the net run rate of the defaulting team shall be affected in that the full 20 overs of the defaulting team's innings in such forfeited match shall be taken into account in calculating the average runs per over of the defaulting team over the course of the relevant portion of the competition. For the avoidance of doubt the runs scored and overs bowled in such forfeited match will not be taken into account when calculating the net run rate of the team to whom the match was awarded.

17 THE OVER

17.1 Number of balls

The ball shall be bowled from each end alternately in overs of 6 valid balls.

17.2 Start of an over

An over has started when the bowler starts his run-up or, if there is no run-up, starts his action for the first delivery of that over.

17.3 Validity of balls

17.3.1 A ball shall not count as one of the 6 balls of the over unless it is delivered, even though, as in clause 38.3 (Non-striker leaving his ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the 6 balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See clause 20.6 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of clause 20.4.2.6. Note also the special provisions of clause 20.4.2.5 (Umpire calling and signalling Dead ball).

17.3.2.3 if it is a No ball. See clause 21 (No ball).

17.3.2.4 if it is a Wide. See clause 22 (Wide ball).

17.3.2.5 when any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract striker), or 41.5 (Deliberate distraction, deception or obstruction of a batter) is applied.

17.3.3 Any deliveries other than those listed in clauses 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the 6 balls of the over.

17.4 Call of Over

When 6 valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also clause 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after 6 valid balls have been bowled, he/she may subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.5.3 Whenever possible, the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under these Playing Conditions.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated during an over, the umpire shall call and signal Dead ball. If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in that innings.

18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batters, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See clause 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See clause 18.6.

18.2 Runs disallowed and runs not scored

Wherever in these Playing Conditions provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A 11) or for the non-award of penalties.

When runs are disallowed, the one run penalty for No ball or Wide shall stand and 5 run penalties shall be allowed, except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

18.3 Short runs

18.3.1 A run is short if a batter fails to make good his ground in turning for a further run.

18.3.2 Although a short run shortens the succeeding one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 Unintentional short runs

Except in the circumstances of clause 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored. In accordance with paragraph 2.5 of Appendix D, the third umpire shall review any call of Short run and communicate his/her decision to the relevant on-field umpire.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to clauses 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.5 Deliberate short runs

18.5.1 If either umpire considers that one or both batters deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply clause 18.5.2.

18.5.2 A deliberate short run is an attempt for batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end. Batters may choose to abort a run, provided the umpire believes that there was no intention by the batter concerned to deceive the umpires or to score the run in which they didn't make their ground.

The bowler's end umpire shall

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball or Wide to the scorers, if applicable

– repeat the Short run signal to the scorers

– award 5 Penalty runs to the fielding side

– request the captain of the fielding side to identify which of the two batters will take strike for the next delivery.

– award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side)

– inform the scorers as to the number of runs to be recorded, and

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

18.6 Runs awarded for penalties

Runs shall be awarded for penalties under clauses 18.5 (Deliberate short runs), 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) 41 (Unfair play) and 42 (Players' conduct). Note, however, the restrictions on the award of Penalty runs in clauses 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side) and 34 (Hit the ball twice).

18.7 Runs scored for boundaries

Runs shall be scored for boundary allowances under clause 19 (Boundaries).

18.8 Runs scored when a batter is dismissed

When a batter is dismissed, any runs for penalties awarded to either side shall stand.

No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.

If, however, the obstruction or distraction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

18.9 Runs scored when the ball becomes dead other than at the fall of a wicket

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in these Playing Conditions, any runs for penalties awarded to either side shall be scored. Note however the provisions of clauses 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally the batting side shall be credited with all runs completed by the batters before the incident or call of Dead ball and the run in progress if the batters had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of clause 41.5.8 (Deliberate distraction, deception or obstruction of batter).

18.10 Crediting of runs scored

Unless stated otherwise in these Playing Conditions,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

– an award of 5 Penalty runs, which shall be scored as Penalty runs

– the one run penalty for a No ball, which shall be scored as a No ball extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

– all runs scored by the striker

– all runs scored as No ball extras

– all runs scored as Wides.

18.11 Batter returning to original end

18.11.1 When the striker is dismissed in any of the circumstances in clauses 18.11.1.1 to 18.11.1.5, the not out batter shall return to his original end.

18.11.1.1 Bowled.

18.11.1.2 Stumped.

18.11.1.3 Hit the ball twice.

18.11.1.4 LBW.

18.11.1.5 Hit wicket.

18.11.1.6 Caught

18.11.1.7 Obstructing the field, where the obstruction or distraction prevents the striker being out caught.

18.11.2 The batters shall return to their original ends in any of the cases of clauses 18.11.2.1 to 18.11.2.3.

18.11.2.1 A boundary is scored unless as a result of an overthrow or wilful act of a fielder (see clause 19.8).

18.11.2.2 Runs are disallowed for any reason.

18.11.2.3 the batters at the wicket decide to do so, under clause 41.5 (Deliberate distraction, deception or obstruction of batter).

18.12 Batter returning to wicket he has left

18.12.1 When a batter is dismissed in any of the ways in clauses 18.12.1.1 to 18.12.1.2, the not out batter shall return to the wicket he has left but only if the batters had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to his original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out.

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batters shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of clauses 18.11.2.1 to 18.11.2.3 apply, the batters shall return to their original ends.

19 BOUNDARIES

19.1 Determining the boundary of the field of play

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See clause 2.3.4 (Consultation with Ground Authority).

19.1.2 The boundary shall be determined such that no part of any sight-screen, will, at any stage of the match, be within the field of play.

19.1.3 The aim shall be to maximise the size of the playing area at each venue. With respect to the size of the boundaries, no boundary shall be longer than 90 yards (82.29 meters), and no boundary should be shorter than 65 yards (59.43 metres) from the centre of the pitch to be used.

19.1.4 At all times, there must be 3 yards (2.74 meters) from the boundary rope to the first solid object (advertising boards/LEDs, photographers, cameramen, dug outs, covers, perimeter fence) for the player's safety run off.

19.1.5 If the boundary is positioned less than 90 yards (82.29 meters) from the centre of the pitch, the boundary rope cannot be set at a distance of more than 10 yards (9.14 meters) from the perimeter fence. The 10 yards shall be inclusive of the 3 yards (2.74 meters) provided for the player's safety run off.

19.1.6 Any ground which has previously been approved to host international cricket which is unable to conform to the minimum boundary dimension shall be exempt. In such cases the boundary shall be positioned so as to maximise the size of the playing area.

19.2 Identifying and marking the boundary

19.2.1 All boundaries must be designated by a rope, or similar object of a minimum standard as authorised by the ICC from time to time.

19.2.2 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.3 An obstacle within the field of play shall not be regarded as a boundary unless so determined by the umpires before the toss. See clause 2.3.4 (Consultation with Ground Authority).

19.2.4 If an unauthorised person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batter is liable to be out as a result of the unauthorised person handling the ball. See also clause 20.4.2.12 (Umpire calling and signalling Dead ball).

19.3 Restoring the boundary

If a solid object used to mark the boundary is disturbed for any reason, then:

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.4 Ball grounded beyond the boundary

19.4.1 The ball in play is grounded beyond the boundary if it touches

- the boundary or any part of an object used to mark the boundary;
- the ground beyond the boundary;
- any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

- a fielder, grounded beyond the boundary as in clause 19.5, touches the ball;
- a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 Fielder grounded beyond the boundary

19.5.1 A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

– the boundary or any part of an object used to mark the boundary;

– the ground beyond the boundary;

– any object that is in contact with the ground beyond the boundary;

– another fielder who is grounded beyond the boundary.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, that fielder may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or onto the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 Boundary allowances

19.6.1 6 runs shall be allowed for a boundary 6; and 4 runs for a boundary 4. See also clause 19.7.

19.7 Runs scored from boundaries

19.7.1 A boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A boundary 4 will be scored when a ball that is grounded beyond the boundary

– whether struck by the bat or not, was first grounded within the boundary, or

– has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of clause 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary

19.7.3.2 the runs completed by the batters together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in clause 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of clause 18.12.

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batters, together with the run in progress if they had already crossed at the instant of the throw or act.

Clause 18.12.2 (Batter returning to wicket he has left) shall apply as from the instant of the throw or act.

20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled in the hands of the wicket-keeper or of the bowler.

20.1.1.2 a boundary is scored. See clause 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of his clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 there is an award of Penalty runs under either of clauses 24.4 (Player returning without permission) or 28.3 (Fielding the ball). The ball shall not count as one of the over.

20.1.1.7 there is a contravention of clause 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in clause 12.6 (Conclusion of match).

20.1.2 The ball shall be considered to be dead when it is clear to the bowler's end umpire that the fielding side and both batters at the wicket have ceased to regard it as in play.

20.1.3 In a match where cameras are being used on or over the field of play (e.g. Spidercam), should a ball that has been hit by the batter make contact, while still in play, with the camera, its apparatus or its cable, either umpire shall call and signal 'dead ball'. The ball shall not count as one of the over and no runs shall be scored. If the delivery was called a No ball it shall count and the No ball penalty shall be applied. No other runs (including penalty runs) apart from the No ball penalty shall be scored.

20.1.4 Should a ball thrown by a fielder make contact with a camera on or over the field of play, its apparatus or its cable, either umpire shall call and signal dead ball. Unless this was already a No ball or Wide, the ball shall count as one of the over. All runs scored to that point shall count, plus the run in progress if the batters have already crossed.

20.1.5 Refer also to paragraph 2.7 of Appendix D.

20.2 Ball finally settled

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 Call of Over or Time

Neither the call of Over (see clause 17.4), nor the call of Time (see clause 12.2) is to be made until the ball is dead, either under clauses 20.1 or 20.4.

20.4 Umpire calling and signalling Dead ball

20.4.1 When the ball has become dead under clause 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Playing Conditions specifically provide for the call to be delayed, so as not to disadvantage the non-offending side, under clause 34.4 (Runs permitted from the ball lawfully struck more than once), clause 41.2.1 (Unfair actions) and clause 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving his/her normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket before the striker has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also clause 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of clauses 41.4 (Deliberate attempt to distract striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 the bowler throws the ball towards the striker's end before entering his delivery stride.

20.4.2.10 the ball does not leave the bowler's hand for any reason other than an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 he/she considers that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand (see clause 19.2.4 – Identifying and marking the boundary).

20.4.2.13 the striker attempts to play the ball and no part of his person, whether grounded or raised, remains within the pitch as defined in clause 6.1 (Area of pitch).

20.4.2.14 required to do so under any of the Playing Conditions not included above.

20.5 Ball ceases to be dead

The ball ceases to be dead – that is, it comes into play – when the bowler starts his run-up or, if there is no run-up, starts his bowling action.

20.6 Dead ball not to be revoked

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery.

20.7 Dead ball; ball counting as one of over

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in clause 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it.

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of clauses 20.4.2.6 and 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In clause 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right handed or left handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be delivered with an Illegal Bowling Action.

An Illegal Bowling Action is defined as a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

Should either umpire or the ICC Match Referee suspect that a bowler has used an Illegal Bowling Action, they shall complete the ICC Bowling Action Report Form at the conclusion of the match, as set out in the Illegal Bowling Regulations.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 If, in the opinion of either umpire, the ball has been thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, he/she shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then

- warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.
- inform the captain of the fielding side of the reason for this action.
- inform the batters at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, he/she shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then

- direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The bowler thus suspended shall not bowl again in that innings.
- inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the bowler concerned.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under clause 20.4.2.9.

21.5 Fair delivery – the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

– on the same side of the imaginary line joining the two middle stumps as the return crease described in clause 21.5.1, and

– behind the popping crease.

The third umpire shall review television replays of the bowler's feet landing and, if he/she is satisfied that not all the requirements have been met, advise the bowler's end umpire who shall in turn immediately call and signal No ball. See clause 41.8 (Bowling of deliberate front foot No ball).

21.6 Bowler breaking wicket in delivering ball

Either umpire shall call and signal No ball if, other than in an attempt to run out the non-striker under clause 38.3, the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride. This shall include any clothing or other object that falls from his person and breaks the wicket.

21.7 Ball bouncing more than once, rolling along the ground or pitching off the pitch

The umpire shall call and signal No ball if a ball which he/she considers to have been delivered, without having previously touched bat or person of the striker,

– bounces more than once

– or rolls along the ground before it reaches the popping crease.

– or pitches wholly or partially off the pitch as defined in clause 6.1 (Area of pitch) before it reaches the line of the striker's wicket.

The third umpire may be consulted and, if required, can review television replays to assist with the adjudication of No balls under this clause.

21.8 Ball causing the striker to leave the pitch or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see clause 25.6 – Striker's right to play the ball) without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If except in the circumstances of clause 27.3 (Position of wicket-keeper) a ball, delivered by the bowler, makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.10 Ball bouncing over head height of striker

See clauses 22.1.1.2 and 41.6.1.7.

21.11 Call of No ball for infringement of other Playing Conditions

In addition to the instances above, No ball is to be called and signalled as required by the following clauses:

Clause 27.3 – Position of wicket-keeper

Clause 28.4 – Limitation of on side fielders

Clause 28.5 – Fielders not to encroach on pitch

Clause 41.6 – Bowling of dangerous and unfair short pitched deliveries

Clause 41.7 – Bowling of dangerous and unfair non-pitching deliveries

Clause 41.8 – Bowling of deliberate front foot No ball.

21.12 Revoking a call of No ball

An umpire shall revoke the call of No ball if Dead ball is called under any of Laws 20.4.2.4, 20.4.2.5, 20.4.2.6, 20.4.2.8 or 20.4.2.10 (Umpire calling and signalling Dead ball).

21.13 No ball to over-ride Wide

A call of No ball shall over-ride the call of Wide ball at any time. See clauses 22.1 (Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.14 Ball not dead

The ball does not become dead on the call of No ball.

21.15 Penalty for a No ball

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.16 Runs resulting from a No ball – how scored

The one run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in clause 41.17 (Penalty runs). Any runs completed by the batters or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.17 No ball not to count

A No ball shall not count as one of the over. See clause 17.3 (Validity of balls).

21.18 Out from a No ball

When No ball has been called, neither batter shall be out under any of the Playing Conditions except clause 34 (Hit the ball twice), clause 37 (Obstructing the field) or clause 38 (Run out).

21.19 Free hit

21.19.1 In addition to the above, the delivery following a No ball called (all modes of No ball) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide ball) then the next delivery will become a free hit for whichever batter is facing it.

21.19.2 For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide.

21.19.3 Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

21.19.3.1 There is a change of striker (the provisions of clause 41.2 shall apply), or

21.19.3.2 The No ball was the result of a fielding restriction breach, in which case the field may be changed to the extent of correcting the breach.

21.19.4 For clarity, the bowler can change his mode of delivery for the free hit delivery. In such circumstances clause 21.1 shall apply.

21.19.5 The umpires will signal a free hit by (after the normal No ball signal) extending one arm straight upwards and moving it in a circular motion.

22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause 22.1.2

22.1.1.1 the ball passes wide of where the striker is standing and which also would have passed wide of the striker standing in a normal batting position.

22.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 Umpires are instructed to apply very strict and consistent interpretation in regard to this clause in order to prevent negative bowling wide of the wicket.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide he/she shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered his delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See clause 21.13 (No ball to over-ride Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving, either causes the ball to pass wide of him, as defined in clause 22.1.2 or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 Penalty for a Wide

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under clause 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 Runs resulting from a Wide – how scored

All runs completed by the batters or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of 5 Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 Wide not to count

A Wide shall not count as one of the over. See clause 17.3 (Validity of balls).

22.9 Out from a Wide

When Wide ball has been called, neither batter shall be out under any of the Playing Conditions except clause 35 (Hit wicket), clause 37 (Obstructing the field), clause 38 (Run out) or clause 39 (Stumped).

23 BYE AND LEG BYE

23.1 Byes

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching his bat or person, any runs completed by the batters from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one run penalty for such a delivery shall be incurred.

23.2 Leg byes

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

– either attempted to play the ball with the bat

– or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is either no subsequent contact with the striker's bat or person, or only inadvertent contact with the striker's bat or person any runs completed by the batters or a boundary allowance shall be credited to the striker in the case of subsequent contact with his bat but otherwise to the batting side as in clause 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, clause 34.3 (Ball lawfully struck more than once) and clause 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in clause 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of clause 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall call and signal Dead ball as soon as the ball reaches the boundary or at the completion of the first run.

The umpire shall then:

– disallow all runs to the batting side;

– return any not out batter to his original end;

– signal No ball to the scorers if applicable;

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

24 FIELDER'S ABSENCE; SUBSTITUTES

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires. Note, however, clause 42.4.1.

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for him, subject to clauses 24.2 and 24.3.

24.1.4 Squad members of the fielding or batting team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

24.2 Fielder absent or leaving the field of play

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this clause, is he to be regarded as having left the field of play.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 he shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See clause 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.3 If a player is absent from the field for longer than 8 minutes, the following restrictions shall apply to their future participation in the match:

24.2.3.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty time). A player's unexpired Penalty time shall be limited to a maximum of 40 minutes. If any unexpired Penalty time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the previous innings. However, once his side has lost five wickets in its batting innings, he may bat immediately. If any unexpired penalty time remains at the end of that batting innings, it is carried forward to the next and subsequent innings of the match.

24.2.4 If the player leaves the field before having served all of his Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to a maximum cumulative Penalty time of 40 minutes, and that player shall not bowl until all of his Penalty time has been served.

24.2.6 For the purposes of clauses 24.2.3.1 and 24.2.3.2, playing time shall comprise the time play is in progress excluding intervals between innings. For clarity, a player's Penalty time will continue to expire after he is dismissed, for the remainder of his team's batting innings.

24.2.7 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.7.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or his side is now batting.

24.2.7.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as he is able to participate, and either takes the field on the resumption of play, or his side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.2.8 Any unserved Penalty time shall be carried forward into the next innings of the match, as applicable.

24.3 Penalty time not incurred

A nominated player's absence will not incur Penalty time if,

24.3.1 he has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.3.3 the player is absent from the field for a period of 8 minutes or less.

24.4 Player returning without permission

If a player comes on to the field of play in contravention of clause 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

- The umpires shall signal No ball or Wide ball to the scorers, if applicable.
- The umpire shall award 5 Penalty runs to the batting side.
- Runs completed by the batters shall be scored together with the run in progress if they had already crossed at the instant of the offence.
- The ball shall not count as one of the over.
- The umpire shall inform the other umpire, the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for this action.

25 BATTER'S INNINGS

25.1 Eligibility to act as a batter

Only a nominated player may bat and, subject to clause 25.3, may do so even though a substitute fielder has previously acted for him.

25.2 Commencement of a batter's innings

The innings of the first two batters, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps onto the field of play.

25.3 Restriction on batter commencing an innings

25.3.1 If a member of the batting side has unserved Penalty time, see clause 24.2.7, that player shall not be permitted to bat until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after his side has lost 5 wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time. In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that he is able to participate shall count as Penalty time served.

25.4 Batter retiring

25.4.1 A batter may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume his innings. If for any reason this does not happen, that batter is to be recorded as 'Retired – not out'.

25.4.3 If a batter retires for any reason other than as in clause 25.4.2, that batter is to be recorded as 'Retired – out'.

25.4.4 If after retiring a batter resumes his innings, subject to the requirements of clause 25.4.2, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 Runners

Runners shall not be permitted.

25.6 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder (see clause 27.5 – Restrictions on actions of wicket-keeper and clause 27.6 – Interference with wicket-keeper by striker).

However, the striker may only attempt to play the ball if some of his bat or person, whether grounded or raised, remains within the pitch, as defined in clause 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, whilst the striker is playing the ball, either umpire shall immediately call and signal Dead ball.

26 PRACTICE ON THE FIELD

26.1 Practice on the pitch or the rest of the square

26.1.1 There shall not be any practice on the pitch at any time.

26.1.2 There shall not be any practice on the rest of the square at any time except with the approval of the umpires.

26.1.2.1 If approved by the umpires, the use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.

26.1.2.2 Bowling practice on the bowling strips referred to above shall also be permitted during the interval (and change of innings if not the interval) unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

26.2 Practice on the outfield

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

– before the start of play;

– after the close of play; and

– during the interval or between innings providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

– only the fielders as defined in paragraph 7 of Appendix A participate in such practice.

– no ball other than the match ball is used for this practice.

– no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.

– the umpires are satisfied that it will not contravene either of clauses 41.3 (The match ball changing its condition) or 41.9 (Time wasting by the fielding side).

Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the other conditions in this clause.

26.3 Trial run-up

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of clauses 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 Penalties for contravention

All forms of practice are subject to the provisions of clauses 41.3 (The match ball – changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any provisions of clause 26.1 or 26.2, the umpire shall

– warn the player that the practice is not permitted;

– inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued. The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

– award 5 Penalty runs to the opposing side;

– inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batters at the wicket.

27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of his person for the purposes of clause 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that he will not be able to carry out the normal duties of a wicket-keeper, he shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of clauses 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under clause 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See paragraph 3 of Appendix B.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the moment the ball comes into play until a ball delivered by the bowler

touches the bat or person of the striker; or

passes the wicket at the striker's end; or

the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this clause, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 Movement by wicket-keeper

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward for a slower delivery, unless in so doing it brings him within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that his actions suggest he intends to play. However the provisions of clause 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award 5 Penalty runs to the batting side

27.4.2.3 inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the wicket-keeper concerned.

27.5 Restriction on actions of wicket-keeper

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball and to guard his wicket, clause 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then clause 41.4 (Deliberate attempt to distract striker) shall also apply.

27.6 Interference with wicket-keeper by striker

If, in playing at the ball or in the legitimate defence of his wicket, the striker interferes with the wicket-keeper, he shall not be out except as provided for in clause 37.3 (Obstructing a ball from being caught).

28 THE FIELDER

28.1 Protective equipment

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 Fielding the ball

28.2.1 A fielder may field the ball with any part of his person (see paragraph 12 of Appendix A), except as in clause 28.2.1.2. However, he will be deemed to have fielded the ball illegally if, while the ball is in play he wilfully

28.2.1.1 uses anything other than part of his person to field the ball.

28.2.1.2 extends his clothing with his hands and uses this to field the ball.

28.2.1.3 discards a piece of clothing, equipment or any other object which subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person, or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

– the penalty for a No ball or a Wide shall stand.

– any runs completed by the batters shall be credited to the batting side, together with the run in progress if the batters had already crossed at the instant of the offence.

– the ball shall not count as one of the over.

In addition the umpire shall:

– award 5 Penalty runs to the batting side.

– inform the other umpire and the captain of the fielding side of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

28.3 Protective helmets belonging to the fielding side

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1 the ball shall immediately become Dead and, unless 28.3.3. applies:

the umpire shall signal No ball or Wide ball to the scorers, if applicable

the umpire shall award 5 Penalty runs to the batting side;

28.3.2.1 any runs completed by the batters before the ball strikes the protective helmet shall be scored, together with the run in progress if the batters had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, and the circumstances of clause 23.3 (Leg byes not to be awarded) or clause 34 (Hit the ball twice) apply, the umpire shall:

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball or Wide ball to the scorers if applicable

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3.2.

28.4 Limitation of on side fielders

28.4.1 At the instant of delivery, there may not be more than 5 fielders on the leg side.

28.4.2 At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his person whether grounded or in the air is in front of this line.

28.4.3 In the event of infringement of this clause by any fielder, the striker's end umpire shall call and signal No ball.

28.5 Fielders not to encroach on pitch

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of his person grounded on or extended over the pitch.

In the event of infringement of this clause by any fielder other than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, clause 27.3 (Position of wicket-keeper).

28.6 Movement by any fielder other than the wicket-keeper

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that his actions suggest he intends to play.

28.6.2 In all circumstances clause 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable

28.6.3.2 award 5 Penalty runs to the batting side

28.6.3.3 inform the captain of the fielding side of the reason for this action.

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the fielder concerned.

28.6.4 Note also the provisions of clause 41.4 (Deliberate attempt to distract striker). See also clause 27.4 (Movement by wicket-keeper).

28.7 Restrictions on the placement of fielders

28.7.1 In addition to the restrictions contained in clause 28.4 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

28.7.2 Subject to 28.7.6 below these additional fielding restrictions shall apply to the first 6 overs of each innings (Powerplay overs:

28.7.3 Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer to paragraph 2 of Appendix C). These fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 metres) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

28.7.4 During the Powerplay overs only two fielders shall be permitted outside this fielding restriction area at the instant of delivery.

28.7.5 During the non Powerplay overs, no more than 5 fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3 above.

28.7.6 In circumstances when the number of overs of the batting team is reduced, the number of Powerplay overs shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Total overs in innings	Number of overs for which fielding restrictions in clauses 28.7.2 and 28.7.4 above will apply
5	1.3
6	1.5
7	2.1
8	2.2
9	2.4
10	3.0
11	3.2
12	3.4
13	3.5
14	4.1
15	4.3
16	4.5
17	5.1
18	5.2
19	5.4

28.7.7 If an innings is interrupted during an over and if on the resumption of play, due to the reduced number of overs of the batting team, the required number of Powerplay overs have already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.

28.7.8 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal No ball.

29 THE WICKET IS BROKEN

29.1 Wicket put down

The wicket is broken when at least one bail is completely removed from the top of the stumps, or one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps or a stump is struck out of the ground.

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that he is holding,

29.2.1.3 for the purpose of this clause only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of his clothing or equipment, including the helmet, grille and/or neck guard, becoming detached from his person,

29.2.1.5 by a fielder with his hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in clause 29.2.1.5.

29.2 2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal.

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in clause 29.2.

29.4 Remaking wicket

If a wicket is broken or put down while the ball is in play, it shall not be remade by an umpire until the ball is dead. See clause 20 (Dead ball). Any fielder may, however, while the ball is in play,

– replace a bail or bails on top of the stumps.

– put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with clause 8.4 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of his clothing or equipment as described in clauses 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in clause 29.2.1.5.

29.5.2 If the wicket has already been broken or put down, clause 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with clause 29.4, in order to have an opportunity of breaking the wicket fairly.

30 BATTER OUT OF HIS GROUND

30.1 When out of his ground

30.1.1 A batter shall be considered to be out of his ground unless some part of his person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of his ground if, in running or diving towards his ground and beyond, and having grounded some part of his person or bat beyond the popping crease, there is subsequent loss of contact between the ground and any part of his person or bat, or between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is his ground and will remain so even if he is later joined there by the other batter.

30.2.2 If both batters are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batters are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then the other ground belongs to the other batter, irrespective of his position.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though he may be out under these Playing Conditions, unless appealed to by a fielder. This shall not debar a batter who is out under these Playing Conditions from leaving the wicket without an appeal having been made. Note, however, the provisions of clause 31.7.

31.2 Batter dismissed

A batter is dismissed if he is

either given out by an umpire, on appeal

or out under these Playing Conditions and leaves the wicket as in clause 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins his run-up or, if there is no run-up, his bowling action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See clauses 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal "How's That?"

An appeal "How's That?" covers all ways of being out. Refer also to Appendix D: DRS and Third Umpire Protocol.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of clauses 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within his jurisdiction.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with clause 31.3, if it is on a further matter and is within his jurisdiction.

31.6 Consultation by umpires

Each umpire shall answer appeals on matters within his/her own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, he/she shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 Batter leaving the wicket under a misapprehension

An umpire shall intervene if satisfied that a batter, not having been given out, has left the wicket under a misapprehension of being out. The umpire intervening shall call and signal Dead ball to prevent any further action by the fielding side and shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 Withdrawal of an appeal

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

32 BOWLED

32.1 Out Bowled

32.1.1 The striker is out Bowled if his wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player or an umpire. The striker will, however, be subject to clauses 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 Bowled to take precedence

The striker is out Bowled if his wicket is broken as in clause 32.1, even though a decision against him for any other method of dismissal would be justified.

33 CAUGHT

33.1 Out Caught

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches his bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in clauses 33.2 and 33.3, before it touches the ground.

33.2 A fair catch

33.2.1 A catch will be fair only if, in every case either the ball, at any time or any fielder in contact with the ball, is not grounded beyond the boundary before the catch is completed. Note clauses 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. See clause 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in clause 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 Making a catch

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and his own movement.

33.4 No runs to be scored

If the striker is dismissed Caught, runs from that delivery completed by the batters before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to his original end. See clause 18.11 Batter returning to original end.

33.5 Caught to take precedence

If the criteria of clause 33.1 are met and the striker is not out Bowled, then he is out Caught, even though a decision against either batter for another method of dismissal would be justified.

34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of his person or is struck by his bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with his bat or person, other than a hand not holding the bat, except for the sole purpose of guarding his wicket. See clause 34.3 and clause 37 (Obstructing the field).

34.1.2 For the purpose of this clause 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This clause will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this clause if he

34.2.1 strikes the ball a second or subsequent time in order to return the ball to any fielder.

Note, however, the provisions of clause 37.4 (Returning the ball to a fielder).

34.2.2 wilfully strikes the ball after it has touched a fielder. Note, however, the provisions of clause 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard his wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of his person other than a hand not holding the bat. The striker may guard his wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of his wicket. See clause 37.3 (Obstructing a ball from being caught).

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in clause 34.3, if the ball does not become dead for any reason, the umpire shall call and signal Dead ball as soon as the ball reaches the boundary or at the completion of the first run. However, the umpire shall delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball to the scorers if applicable, and

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

34.5 Bowler does not get credit

The bowler does not get credit for the wicket.

35 HIT WICKET

35.1 Out Hit wicket

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, his wicket is broken by either the striker's bat or person as described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by him in preparing to receive or in receiving a delivery,

35.1.1.2 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.3 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.4 in lawfully making a second or further stroke for the purpose of guarding his wicket within the provisions of clause 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks his wicket in any of the ways described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 Not out Hit wicket

The striker is not out under this clause should his wicket be put down in any of the ways referred to in clause 35.1 if any of the following applies:

– it occurs after the striker has completed any action in receiving the delivery, other than in clauses 35.1.1.2 to 35.1.1.4.

– it occurs when the striker is in the act of running, other than setting off immediately for the first run.

– it occurs when the striker is trying to avoid being run out or stumped.

– it occurs when the striker is trying to avoid a throw in at any time.

– the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See clause 20.4 (Umpire calling and signalling Dead ball).

– the delivery is a No ball.

35.3 Runs scored

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of 5 Penalty Runs.

36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in clauses 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted full-pitch, pitches in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched his bat, the striker intercepts the ball, either full-pitch or after pitching, with any part of his person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is

between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points of impact in clauses 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing clause 36.1.3, if the bowler's end umpire is not satisfied that the ball intercepted the batter's person before it touched the bat, the batter shall be given Not out.

36.2.3 In assessing clause 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have pitched subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See paragraph 13 of Appendix A.

37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of clause 37.2, and while the ball is in play, he wilfully attempts to obstruct or distract the fielding side by word or action. See also clause 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of clause 37.2, in the act of receiving a ball delivered by the bowler, he wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of his wicket.

37.1.3 This clause will apply whether or not No ball is called.

37.1.4 For the avoidance of doubt, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batter crossing the pitch, clause 41.14 shall also apply. See also paragraph 2.2 of Appendix D.

37.2 Not out Obstructing the field

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental, or

obstruction is in order to avoid injury, or

in the case of the striker, he makes a second or subsequent strike to guard his wicket lawfully as in clause 34.3 (Ball lawfully struck more than once). However, see clause 37.3.

37.3 Obstructing a ball from being caught

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out caught.

37.3.2 Clause 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding his wicket under the provision of clause 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending his wicket from a No ball with a lawful second strike.

37.4 Returning the ball to a fielder

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, he uses the bat or any part of his person to return the ball to any fielder.

37.5 Runs scored

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out caught, any runs completed by the batters before the offence shall be scored, together with any one run Penalty for No ball or wide, or any other award of 5 Penalty Runs to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being out caught, any runs completed by the batters shall not be scored but any award of 5 Penalty Runs to either side shall stand. Clause 18.11 (Batter returning to original end) will apply.

37.6 Bowler does not get credit

The bowler does not get credit for the wicket.

38 RUN OUT

38.1 Out Run out

Either batter is out Run out, except as in clause 38.2, if, at any time while the ball is in play,

he is out of his ground

and his wicket is fairly broken by either the action of a fielder or

the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of clause 38.2.2.2, and whether or not a run is being attempted.

38.2 Batter not out Run out

38.2.1 A batter is not out Run out in the circumstances of clauses 38.2.1.1 or 38.2.1.2.

38.2.1.1 He has been within his ground and has subsequently left it to avoid injury, when the wicket is fairly broken.

Note also the provisions of clause 30.1.2 (When out of his ground).

38.2.1.2 The ball delivered by the bowler has not made contact with a fielder, before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in clauses 38.2.2.1 and 38.2.2.2.

38.2.2.1 He is out Stumped. See clause 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

and he is out of his ground not attempting a run

and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

38.3 Non-striker leaving his ground early

38.3.1 If the non-striker is out of his ground at any time from the moment the ball comes into play until the instant when the bowler would normally have been expected to release the ball, the non-striker is liable to be Run out by the bowler attempting to run him out. In these circumstances, the non-striker will be out Run out if he is out of his ground when his wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

38.3.1.1 The instant when the bowler would normally have been expected to release the ball is defined as the moment the bowler's arm reaches the highest point of his normal bowling action in the delivery swing.

38.3.1.2 Even if the non-striker had left his ground before the instant at which the bowler would normally have been expected to release the ball, once the bowler has reached that point it is no longer possible for the bowler to run out the non-striker under this Law.

38.3.2 If the ball is not delivered,

- if there is an appeal, the umpire shall make his/her decision on the Run out.
- if there is no appeal, or if the decision is not out, he/she shall call and signal Dead ball as soon as possible.
- the ball shall not count as one in the over.

38.3.3 If the ball is delivered and there is an appeal,

- the umpire shall make his/her decision on the Run out.
- if the non-striker is not dismissed, the ball remains in play and clause 21.6 (Bowler breaking wicket in delivering ball) shall apply.
- if the non-striker is dismissed, the ball shall not count as one in the over.

38.4 Which batter is out

The batter out in the circumstances of clause 38.1 is the one whose ground is at the end where the wicket is fairly broken. See clause 30.2 (Which is a batter's ground).

38.5 Runs scored

If either batter is dismissed Run out, the run in progress when the wicket is put down shall not be scored, but any runs completed by the batters shall stand, together with any runs for penalties awarded to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

38.6 Bowler does not get credit

The bowler does not get credit for the wicket.

39 STUMPED

39.1 Out Stumped

39.1.1 The striker is out Stumped, except as in clause 39.3, if

a ball which is delivered is not called No ball

and he is out of his ground, other than as in clause 39.3.1

and he has not attempted a run

when his wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however clause 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of clause 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 Ball rebounding from wicket-keeper's person

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball rebounds on to the stumps from any part of the wicket-keeper's person or equipment or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 Not out Stumped

39.3.1 The striker will not be out Stumped if, after having received the delivery, he has left his ground in order to avoid injury.

39.3.2 If the striker is not out Stumped he may, except in the circumstances of clause 38.2.2.2 (Batter not out run out) be out Run out if the conditions of clause 38.1 (Out Run out) apply.

39.4 Runs Scored

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note clauses 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one-run penalty for the Wide remains.

40 TIMED OUT

40.1 Out Timed out

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball or for the other batter to be ready to receive the next ball within 1 minute 30 seconds of the dismissal or retirement. If this requirement is not met, the incoming batter will be out, Timed out.

40.1.2 The incoming batter is expected to be ready to make his way to the wicket immediately a wicket falls. Dugouts shall be provided.

40.1.3 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of clause 16.2 (ICC Match Referee awarding a match). For the purposes of that clause the start of the action shall be taken as the expiry of the 1 minute 30 seconds referred to above.

40.2 Bowler does not get credit

The bowler does not get credit for the wicket.

41 UNFAIR PLAY

41.1 Fair and unfair play – responsibility of captains

The captains are responsible for ensuring that play is conducted within the Spirit of Cricket, as well as within these Playing Conditions.

41.2 Fair and unfair play – responsibility of umpires

41.2.1 The umpires shall be the sole judges of fair and unfair play. If either umpire considers that any action by a player, not covered by these Playing Conditions, is unfair, he/she shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.
- warn the offending player's captain that any further such offence by any member of his team shall result in the award of 5 Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side the bowler's end umpire shall then

- summon the offending player's captain and inform him that there has been a further such offence.
- award 5 Penalty runs to the opposing side.

41.2.1.3 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player concerned.

41.3 The match ball – changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in clause 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out his normal duties, a batter is not allowed to damage the ball other than, when the ball is in play, in striking it with the bat. See also clause 5.4.3 (Damage to the ball).

A fielder may, however:

41.3.2.1 polish the ball on his clothing provided that no artificial substance is used, that the only natural substance used is sweat, and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires shall consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in clause 41.3.2.

41.3.4 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of either side, or that its condition is inconsistent with the use it has received, they shall consider that there has been a contravention of this clause and decide together whether they can identify the player(s) responsible for such conduct.

41.3.5 If it is possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.5.1 Subject to clause 41.3.2 above, change the ball forthwith.

41.3.5.1.1 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the fielding side, the batter at the wicket shall choose the replacement ball from a selection of six other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

41.3.5.1.2 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the batting side, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.5.2 Additionally, the bowler's end umpire shall:

41.3.5.2.1 award 5 Penalty runs to the opposing side;

41.3.5.2.2 if appropriate, inform the batters at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action; and

41.3.5.2.3 inform the captain of the batting side as soon as practicable of what has occurred.

41.3.5.3 The umpires shall then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player(s) concerned.

41.3.6 If it is not possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.6.1 Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention;

41.3.6.2 The bowler's end umpire shall issue the captain with a first and final warning, and

41.3.6.3 Advise the captain that should there be any further instances of changing the condition of the ball by that team during the remainder of the series, clause 41.3.5.1.2 above will be adopted, with the captain deemed to be the player responsible for the contravention.

41.3.7 If the umpires believe that saliva has been applied to the ball, the bowler's end umpires shall:

– award 5 Penalty runs to the opposing side, and

– replace the ball under the provisions of 41.3.5.1 unless they believe the fielding team has deliberately applied saliva to try to get the ball changed to their advantage.

41.4 Deliberate attempt to distract striker

41.4.1 It is unfair for any fielder deliberately to attempt to distract the striker while he is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, he/she shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

– award 5 Penalty runs to the batting side.

– inform the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, he/she shall do so regardless of the attempt to distract, and this call shall stand.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.5 Deliberate distraction, deception or obstruction of batter

41.5.1 In addition to clause 41.4, it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, he/she shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 If an obstruction involves physical contact, the umpires together shall decide whether or not an offence under clause 42 (Players' conduct) has been committed.

41.5.5.1 If an offence under clause 42 (Players' conduct) has been committed, they shall apply the relevant procedures in clause 42 and shall also apply each of clauses 41.5.7 to 41.5.9.

41.5.5.2 If they consider that there has been no offence under clause 42 (Players' conduct), they shall apply each of clauses 41.5.6 to 41.5.10.

41.5.6 The bowler's end umpire shall;

– Signal No ball or Wide to the scorers, if applicable.

– award 5 Penalty runs to the batting side.

– inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.7 The ball shall not count as one of the over.

41.5.8 Any runs completed by the batters before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batters had already crossed at the instant of the offence.

41.5.9 The batters at the wicket shall decide which of them is to face the next delivery.

41.5.10 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.6 Bowling of dangerous and unfair short pitched deliveries

41.6.1 Notwithstanding clause 41.6.2, the bowling of short pitched deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on him. The fact that the striker is wearing protective equipment shall be disregarded.

In the first instance the umpire decides that the bowling of short pitched deliveries has become dangerous under clause 41.6.1

41.6.1.1 The umpire shall call and signal No ball, and when the ball is dead, caution the bowler and inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.6.1.2 If there is a second instance, the umpire shall repeat the above procedure and indicate to the bowler that this is a final warning, which shall apply to that bowler throughout the innings.

41.6.1.3 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.1.4 A bowler shall be limited to one fast short-pitched delivery per over.

41.6.1.5 A fast short-pitched delivery is defined as a ball, which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.1.6 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short pitched delivery has been bowled.

41.6.1.7 In addition, a ball that passes above head height of the batter, standing upright at the popping crease, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a Wide. See also clause 22.1.1.2.

41.6.1.7.1 For the avoidance of doubt any fast short pitched delivery that is called a Wide under this clause shall also count as one of the allowable short pitched deliveries in that over.

41.6.1.8 In the event of a bowler bowling more than one fast short-pitched delivery in an over as defined in clause 41.6.1.5 above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short pitched delivery. The umpire shall call and signal 'No ball' and then tap the head with the other hand.

41.6.1.9 If a bowler delivers a second fast short pitched ball in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

41.6.1.10 If there is a second instance of the bowler being No balled in the innings for bowling more than one fast short pitched delivery in an over, the umpire shall advise the bowler that this is his final warning for the innings.

41.6.1.11 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.2 Should the umpires initiate the caution and warning procedures set out in clauses 41.6.1.3, 41.6.1.9 and 41.7, such cautions and warnings are not to be cumulative.

41.7 Bowling of dangerous and unfair non-pitching deliveries

41.7.1 Any delivery, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.2 Should there be any further instance (where a dangerous non-pitching delivery is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally the umpire shall

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.7.3 The warning sequence in clauses 41.7.1 and 41.7.2 is independent of the warning and action sequence in clause 41.6.

41.7.4 If the umpire considers that a bowler deliberately bowled a high full-pitched delivery, deemed to be dangerous and unfair as defined in clause 41.7.1, then the caution and warning in clause 41.7.1 shall be dispensed with. The umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.8 Bowling of deliberate front-foot No ball

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, he/she shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.9 Time wasting by the fielding side

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then

– warn the captain of the fielding side, indicating this is a first and final warning.

– inform the batters of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then award 5 Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action.

Additionally the umpire shall inform the batters and, as soon as is practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstances the Captain and/or any individual members of the fielding team responsible for the time wasting will be charged.

41.9.4 The fielding side shall be ready to start each over within 60 seconds of the previous over being completed.

An electronic clock will be displayed at the ground that counts up seconds from zero to 60. The clock is not required or, if already started, can be cancelled if:

– A new batter comes to the wicket between overs.

– An official drinks interval has been called.

– The umpires have approved the on-field treatment of an injury to a batter or fielder (see Appendix I).

– The time lost is for any circumstances beyond the control of the fielding side.

The third umpire is responsible for determining when to start the clock.
This should be the later of:

– The ball becoming dead at the end of the previous over

– Any umpire or player review from the final ball of the previous over being completed.

When the clock reaches 60, if the fielding side is not ready to start the next over:

– On the first such occasion in an innings, the bowler's end umpire shall issue a warning to the captain of the fielding side and inform the batters and the other umpire of what has occurred.

– On the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– On the third and any subsequent occasion in an innings, the bowler's end umpire shall award 5 Penalty runs to the batting side, informing the captain of the fielding side, the batters and the other umpire.

The process, warnings and penalties in 41.9.4 operate independently of those of 41.9.2 and 41.9.3.

If a fielding side is ready to resume play within the required time, but the batting side are not ready to do so, then the umpires shall determine, at their discretion, whether to apply the provisions of 41.10 (Batter wasting time).

41.10 Batter wasting time

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start his run-up.

41.10.2 Should either batter waste time by failing to meet this requirement, or in any other way, the following procedure shall be adopted. At the first instance, either before the bowler starts his run-up or when the ball becomes dead, as appropriate, the umpire shall

– warn both batters and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.

– inform the other umpire of what has occurred.

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.10.3 If there is any further time wasting by any batter in that innings, the umpire shall, at the appropriate time while the ball is dead

– award 5 Penalty runs to the fielding side.

– inform the other umpire of the reason for this action.

– inform the other batter, the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstances the batter concerned will be charged.

41.11 The protected area

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 ft/1.52 m in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 ft/30.48 cm from it.

41.12 Fielder damaging the pitch

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in clause 41.13.1, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.
- inform the batters of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- award 5 Penalty runs to the batting side.

Additionally the umpire shall

- inform the fielding captain of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.13 Bowler running on protected area

41.13.1 It is unfair for a bowler to enter the protected area in his follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this clause, at the first instance and when the ball is dead, the umpire shall

- caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.
- inform the captain of the fielding side and the batters of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this clause, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this clause a third time, when the ball is dead, the umpire shall,

- direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The bowler taken off shall not be allowed to bowl again in that innings.
- inform the other umpire of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.14 Batter damaging the pitch

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or playing at the ball, he must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in clause 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batters that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side
- return any not out batter to his original end
- signal No ball or Wide to the scorers if applicable.
- award 5 Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).
- Inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.15 Striker in protected area

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch for the purpose of indicating his batting position provided that no mark is unreasonably close to the protected area.

41.15.2 If either umpire considers that the striker is in breach of any of the conditions in clause 41.15.1, if the bowler has not entered the delivery stride, he/she shall immediately call Dead ball, otherwise, wait until the ball is dead; he/she shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in clause 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, he/she shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side
- return any not out batter to his original end
- signal No ball or Wide to the scorers if applicable.
- award 5 Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under clause

28.3 (Protective helmets belonging to the fielding side).

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.16 Batters stealing a run

41.16.1 It is unfair for the batters to attempt to steal a run during the bowler's run-up.

Unless the bowler attempts to run out the non-striker – see clause 38.3 (Non-striker leaving his ground early) – the umpire shall

– call and signal Dead ball as soon as the batters cross in such an attempt.

– inform the other umpire of the reason for this action.

The bowler's end umpire shall then

– return the batters to their original ends and disallow the attempted run.

– award 5 Penalty runs to the fielding side.

– award any other 5 run Penalty that is applicable

– inform the batters, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.17 Penalty runs

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See clause 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where these Playing Conditions require the award, even if a result has already been achieved. See clause 16.6 (Winning hit or extras).

Note, however, that the restrictions on awarding Penalty runs, in clauses 23.3 (Leg byes not to be awarded), 34.4 (Runs scored from ball lawfully struck more than once) and 28.3 (Protective helmets belonging to the fielding side), will apply.

41.17.3 When 5 Penalty runs are awarded to the batting side under any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) or under 41.3, 41.4, 41.5, 41.9 or 41.12, then

– they shall be scored as Penalty extras and shall be in addition to any other penalties.

– they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.

– the batters shall not change ends solely by reason of the 5 run penalty.

41.17.4 When 5 Penalty runs are awarded to the fielding side, under clause 18.5.2 (Deliberate short runs), or under 41.10, 41.14, 41.15 or 41.16, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the 5 Penalty runs shall be added to the score in its next innings.

42 PLAYERS' CONDUCT

42.1 Serious misconduct

42.1.1 The umpires shall act upon any serious misconduct. The relevant offences and the corresponding actions by the umpires are identified in clause 42.2.1. These offences correspond with Level 4 offences in the ICC Code of Conduct. Level 1 to Level 3 offences continue to be dealt with separately under the ICC Code of Conduct.

42.1.2 If either umpire considers that a player has committed one of these offences at any time during the match, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether an offence has been committed. The umpires may also consult with the third umpire and the match referee, who may review any audio or video replays to confirm whether an offence has been committed. If so, the umpires shall then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand

42.1.5 If the offence is committed by a batter, the umpires shall summon the offending player's captain to the field. Solely for the purpose of this clause, the batters at the wicket may not deputise for their captain.

42.2 Level 4 offences and action by umpires

42.2.1 Any of the following actions by a player shall constitute a Level 4 offence:

– threatening to assault an umpire

– making inappropriate and deliberate physical contact with an umpire

– physically assaulting a player or any other person

– committing any other act of violence.

42.2.2 If such an offence is committed, 42.2.2.1 to 42.2.2.5 shall be implemented.

42.2.2.1 The umpire shall call Time.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 The umpires shall instruct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.2.2.3.1 If the offending player is a fielder, no substitute shall be allowed for him. He is to be recorded as Retired – out at the commencement of any subsequent innings in which his team is the batting side.

42.2.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.2.2.3.3 If the offending player is a batter he is to be recorded as Retired – out in the current innings, unless he has been dismissed under any of clauses 32 to 39, and at the commencement of any subsequent innings in which his team is the batting side. If no further batter is available to bat, the innings is completed.

42.2.2.4 As soon as practicable, the umpire shall:

– award 5 Penalty runs to the opposing team

– signal the Level 4 penalty to the scorers

– call Play.

42.2.2.5 The umpires shall then report the matter to the ICC Match Referee under the ICC Code of Conduct.

42.3 Captain refusing to remove a player from the field

42.3.1 If a captain refuses to carry out an instruction under 42.2.2.3, the umpires shall invoke clause 16.2 (ICC Match Referee awarding a match).

42.3.2 If both captains refuse to carry out instructions under 42.2.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in clause 16.2 and there shall be no result under clause 16.

42.4 Additional points relating to Level 4 offences

42.4.1 If a player, while acting as wicket-keeper, commits a Level 4 offence, clause 24.1.2 shall not apply, meaning that only a nominated player may keep wicket, even if another fielder becomes injured or ill and is replaced by a substitute.

42.4.2 A nominated player who has a substitute will also suffer the penalty for any Level 4 offence committed by the substitute. However, only the substitute will be reported under clause 42.2.2.5.

APPENDIX A: DEFINITIONS

1 THE MATCH

1.1 **The game** is used in these Playing Conditions as a general term meaning the Game of Cricket.

1.2 **A match** is a single Twenty20 International match between two teams, played under these Playing Conditions.

1.3 **T20I** is an abbreviation for Twenty20 International.

1.4 A **Super Over** is a procedure that may be adopted for determining the result of a tied match, as set out in Appendix F.

1.5 **The toss** is the toss for choice of innings.

1.6 **Before the toss** is at any time before the toss on the day of the match.

1.7 **Before the match** is any time before the toss, not restricted to the day of the match.

1.8 **DLS** is the Duckworth/Lewis/Stern method for determining the target score for the team batting second in an interrupted match, details of which are set out on the ICC website.

1.9 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

1.10 **Playing time** is any time between the call of Play and the call of Time. See clauses 12.1 (Call of Play) and 12.2 (Call of Time).

1.11 **Conduct of the match** includes any action relevant to the match at any time.

1.12 **Ground Authority** is the entity responsible for the selection and preparation of the pitch and other functions relating to the hosting and management of the match, including any agents acting on their behalf (including but not limited to the curator or other ground staff).

1.13 A **Reserve Day** is, where scheduled, an additional day for the completion of the match.

1.14 **Visiting Board** is the ICC Member responsible for the visiting team.

1.15 **The Spirit of Cricket** refers to the values of respect and fair play that underpin the game of cricket, as set out in the Preamble to these Playing Conditions.

1.16 **The ICC Code of Conduct** is the ICC Code of Conduct for Players and Player Support Personnel, as amended from time to time.

2 IMPLEMENTS AND EQUIPMENT

2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.

For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.

For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

2.3 **A protective helmet** is headwear made of hard material and designed to protect the head or the face or both, which shall (in line with the Clothing and Equipment Regulations) be certified to BS7928:2013. For the purposes of interpreting these Playing Conditions, such a description will include faceguards head, neck and/or face grilles and neck guards.

2.4 **Equipment** – a batter's equipment is his bat as defined above, together with any external protective equipment he is wearing.

A fielder's equipment is any external protective equipment that he is wearing.

2.5 **The bat** – the following are to be considered as part of the bat:

– the whole of the bat itself.
– the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.
– the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

2.6 **Held in batter's hand.** Contact between a batter's hand, or glove worn on his hand, and any part of the bat shall constitute the bat being held in that hand.

3 THE PLAYING AREA

3.1 **The field of play** is the area contained within the boundary.

3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

3.3 **The outfield** is that part of the field of play between the square and the boundary.

4 POSITIONING

4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. Behind, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. In front of, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in paragraph 4.3.

4.5 **The wicket-keeper's** end is the same as the striker's end as described in paragraph 4.3.

4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See paragraph 4.2.

4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See paragraph 4.1.

4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

4.9 **Off side**/on (leg) side – see diagram in paragraph 13.

4.10 **Inside edge** is the edge on the same side as the nearer wicket.

5 UMPIRES AND DECISION-MAKING

5.1 **Umpire** – where the description the umpire is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly the umpires always means both umpires and the third umpire. An umpire and umpires are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see paragraph 4.4) for the current delivery.

5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see paragraph 4.3), to one side of the pitch or the other, depending on his/her choice, for the current delivery.

5.4 **On-field umpires** shall mean, collectively, the bowler's end umpire and the striker's end umpire.

5.5 **Third umpire** is the umpire who may use television evidence and other available technology in order review a decision of the on-field umpires, either by way of an Umpire Review or a Player Review under the protocol set out in Appendix D.

5.6 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

5.7 **Decision Review System** or **DRS** is the process covered by the Decision Review System and Third Umpire Protocol set out in Appendix D, under which the third umpire may be consulted in relation to a decision of the on-field umpires, either by way of an Umpire Review or a Player Review.

5.8 **Player Review** is the process set out in Appendix D by which a player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed (with the exception of 'Timed out').

5.9 **Umpire Review** is the process set out in Appendix D by which an on-field umpire has the discretion to refer a decision to the third umpire or, under certain circumstances, to consult with the third umpire before making a decision.

5.10 **Umpire's Call** is the concept within the DRS under which the on-field decision of the bowler's end umpire shall stand, which shall apply under the specific circumstances set out in paragraphs 3.4.5 and 3.4.6 of Appendix D, where the ball-tracking technology indicates a marginal decision in respect of either the Impact Zone or the Wicket Zone.

5.11 **The Pitching Zone** as used in the DRS is a two dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

5.12 **The Impact Zone** as used in the DRS is a three dimensional space extending between both sets of stumps to an indefinite height vertically and with its boundaries consisting of the base of the stumps and the outside of the outer stumps at each end.

5.13 **The Wicket Zone** as used in the DRS is a two dimensional area with its boundaries consisting of the outside of the outer stumps, the base of the stumps, and the outline of the top of the bails.

5.14 **A Fair Catch** is a catch that has been taken cleanly by the fielder in accordance with clause 33.

5.15 **A Bump Ball** is where the ball has made contact with the ground shortly after making contact with the striker's bat.

5.16 **The Elite Panel** is the group of umpires contracted to the ICC to officiate in international cricket.

5.17 **The International Panel** is the group of umpires nominated by the ICC's Full Members.

6 BATTERS

6.1 **Batting side** is the side currently batting, whether or not play is in progress.

6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

6.3 **The Striker** is the batter who receives the ball delivered by the bowler.

6.4 **The non-striker** is the batter who ground is at the bowler's end when the ball is delivered.

6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

6.6 **Original end** is the end where a batter was when the ball came into play for that delivery.

6.7 **Wicket he has left** is the wicket at the end where a batter was at the start of the run in progress.

6.8 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler

6.9 For the purposes of these Playing Conditions, waist height is defined as the point at which the top of the batter's trousers would conventionally be when he is standing upright at the popping crease.

7 FIELDERS

7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging his duties as a fielder is not absent from the field of play nor, for the purposes of clause 24.2 (Fielder absent or leaving the field of play), is he to be regarded as having left the field of play.

8 SUBSTITUTES AND CONCUSSION REPLACEMENTS

8.1 A **Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom he substitutes on that side's list of nominated players. A substitute's activities are limited to fielding.

8.2 A **Concussion Replacement** is a pre-match designated player who takes the place of a player who has been replaced in accordance with the process set out in clause 1.2.7, and who for the remainder of the match replaces that player on that side's list of nominated players, being able to take a full part in the match (subject to such restrictions as may be imposed by the ICC Match Referee in accordance with clause 1.2.7.4).

8.3 A **Concussion Replacement Request** is the notification made to the ICC Match Referee in accordance with the process set out in clause 1.2.7.3.

8.4 The **Team Medical Representative** is the individual designated as having responsibility for the assessment of any head or neck injury sustained by a player as set out in clause 1.2.7.2.

9 BOWLERS

9.1 **Over the wicket / round the wicket** – if, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as his bowling arm, he is bowling over the wicket. If the return crease is on the same side as his bowling arm, he is bowling round the wicket.

9.2 **Delivery swing** is the motion of the bowler's arm during which he normally releases the ball for a delivery.

9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

9.4 The **Illegal Bowling Regulations** are the ICC's regulations governing Illegal Bowling Actions.

9.5 **An Illegal Bowling Action** is a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

9.6 **Elbow Extension** means the motion that occurs when a bowler's arm moves from a flexed (bent) position at the elbow, to a more extended (straight) position (full Elbow Extension occurs when the arm is straight).

9.7 **Elbow Hyperextension** is the motion that occurs when a bowler's elbow extends beyond the straight position.

9.8 The **ICC Bowling Action Report Form** is the form provided for by Article 3 of the Illegal Bowling Regulations, by which an umpire and/or the ICC Match Referee may submit a report relating to a suspected Illegal Bowling Action.

10 THE BALL

10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/'strikes the ball with the bat'.

10.2 **Full-pitch** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground. Sometimes described as non-pitching.

11 RUNS

11.1 **A run to be disallowed** is one that in these Playing Conditions should not have been taken. It is not only to be cancelled but the batters are to be returned to their original ends.

11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batters will not be returned to their original ends on that account.

12 THE PERSON

12.1 **Person;** A player's person is his physical person (flesh and blood) together with any clothing or legitimate external protective equipment that he is wearing except, in the case of a batter, his bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to him.

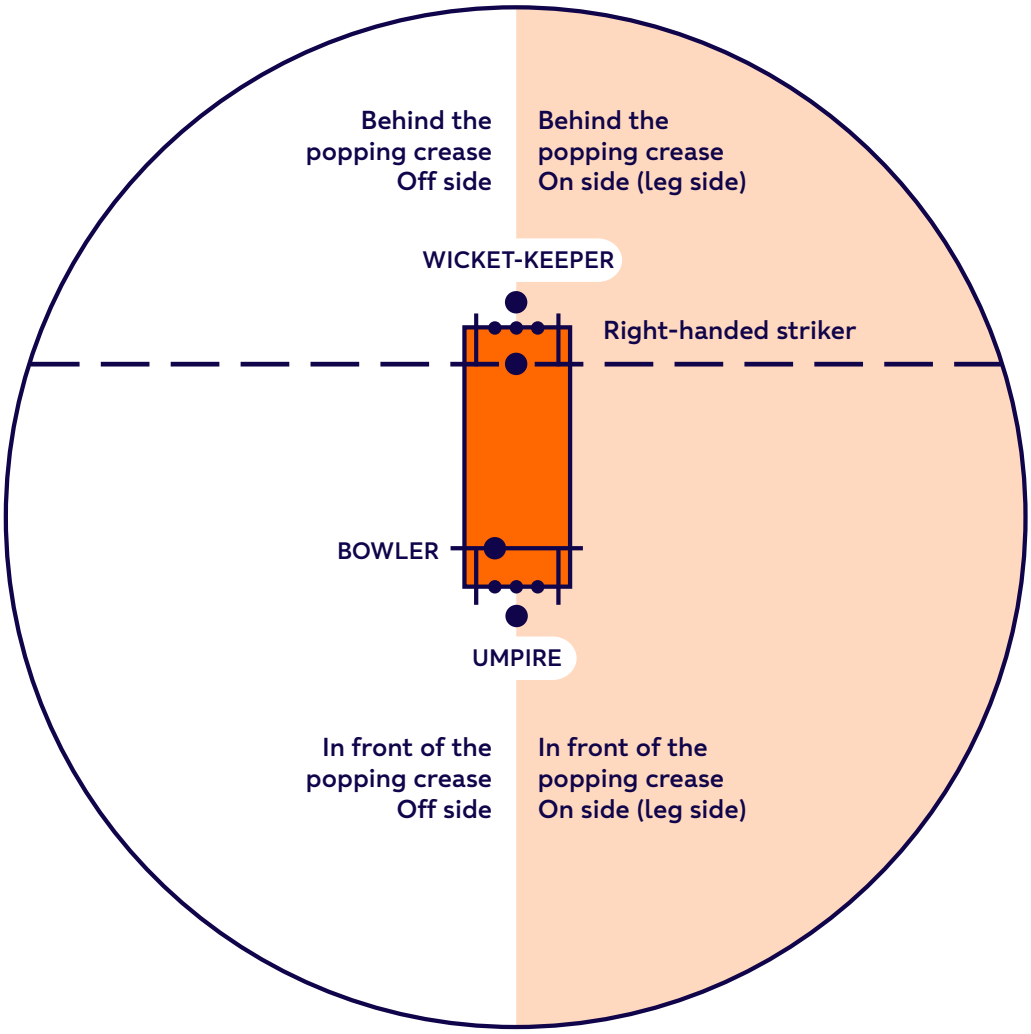

For a batter, a glove being held but not worn is part of his person.

For a fielder, an item of clothing or equipment he is holding in his hand or hands is not part of his person.

12.2 **Clothing** – anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though he may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

12.3 **Hand** for batter or wicket-keeper shall include both the hand itself and the whole of a glove worn on the hand.

13 OFF SIDE / ON SIDE; IN FRONT OF / BEHIND THE POPPING CREASE

APPENDIX B: EQUIPMENT

1 THE BAT

1.1 General guidance

1.1.1 Measurements – All provisions in paragraphs 1.2 to 1.6 below are subject to the measurements and restrictions stated in the Playing Conditions and this Appendix.

1.1.2 Adhesives – Throughout, adhesives are permitted only where essential and only in minimal quantity.

1.2 Specifications for the Handle

1.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade.

This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting paragraphs 1.3 and 1.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

1.2.2 The handle may be glued where necessary and bound with twine along the upper portion.

Providing clause 5.4.3 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to clause 5.6. The bottom of this grip should not extend below the point defined in paragraph 1.2.4 below.

Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in paragraph 1.3.1.

No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.2.3 Materials in handle – As a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth. Such materials must not project more than 3.25 in/8.26 cm into the lower portion of the handle

1.2.4 Binding and covering of handle – The permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of

2.5 in/6.35 cm in for the twine binding

2.75 in/6.99 cm for the covering grip.

1.3 Specifications for the Blade

1.3.1 The blade has a face, a back, a toe, sides and shoulders

1.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

1.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

1.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

1.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

1.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

1.3.2 No material may be placed on or inserted into the blade other than as permitted in paragraph 1.2.4, paragraph 1.3.3, and clause 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.3.3 Covering the blade. Bats shall have no covering on the blade except as permitted in clause 5.4.

Any materials referred to above, in clause 5.4 and paragraph 1.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in paragraph 1.6.

1.4 Protection and repair

1.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

1.4.2 Materials can be used for protection and repair as stated in clause 5.4 and are additional to the blade. Note however clause 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of clause 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 in/2.0 cm in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 in/0.1 cm in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 in/0.01 cm in thickness is not permitted.

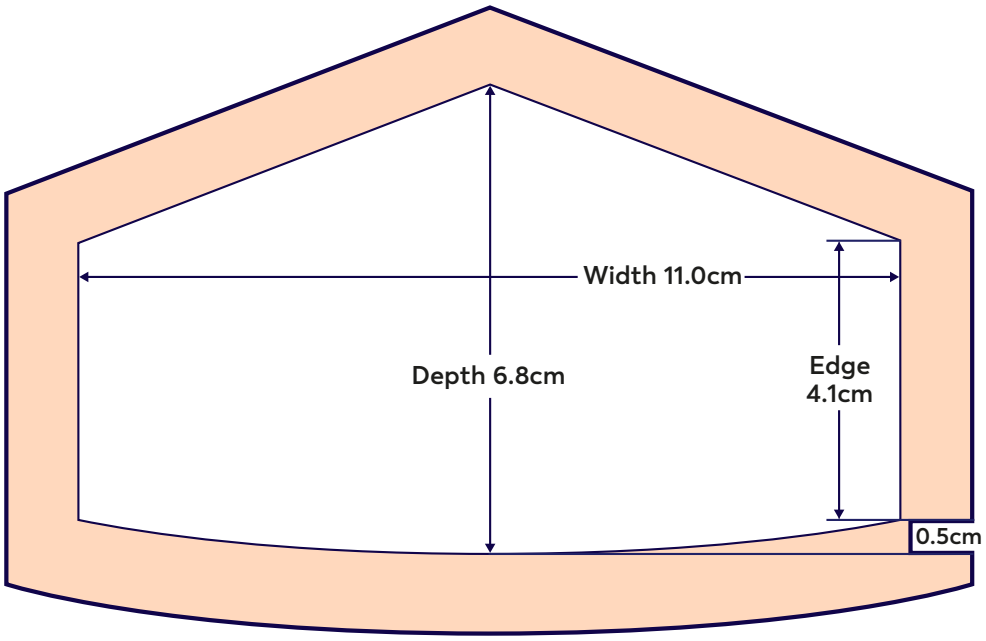

1.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in paragraph 1.6.

1.5 Commercial identifications

Such identifications shall comply with the restrictions set out in the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

1.6 Bat Gauge

All bats must meet the specifications defined in clause 5.7. They must also, with or without protective coverings permitted in clause 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the following diagram:

DIMENSIONS OF APERTURE

Total Depth: 2.68 in/6.8 cm

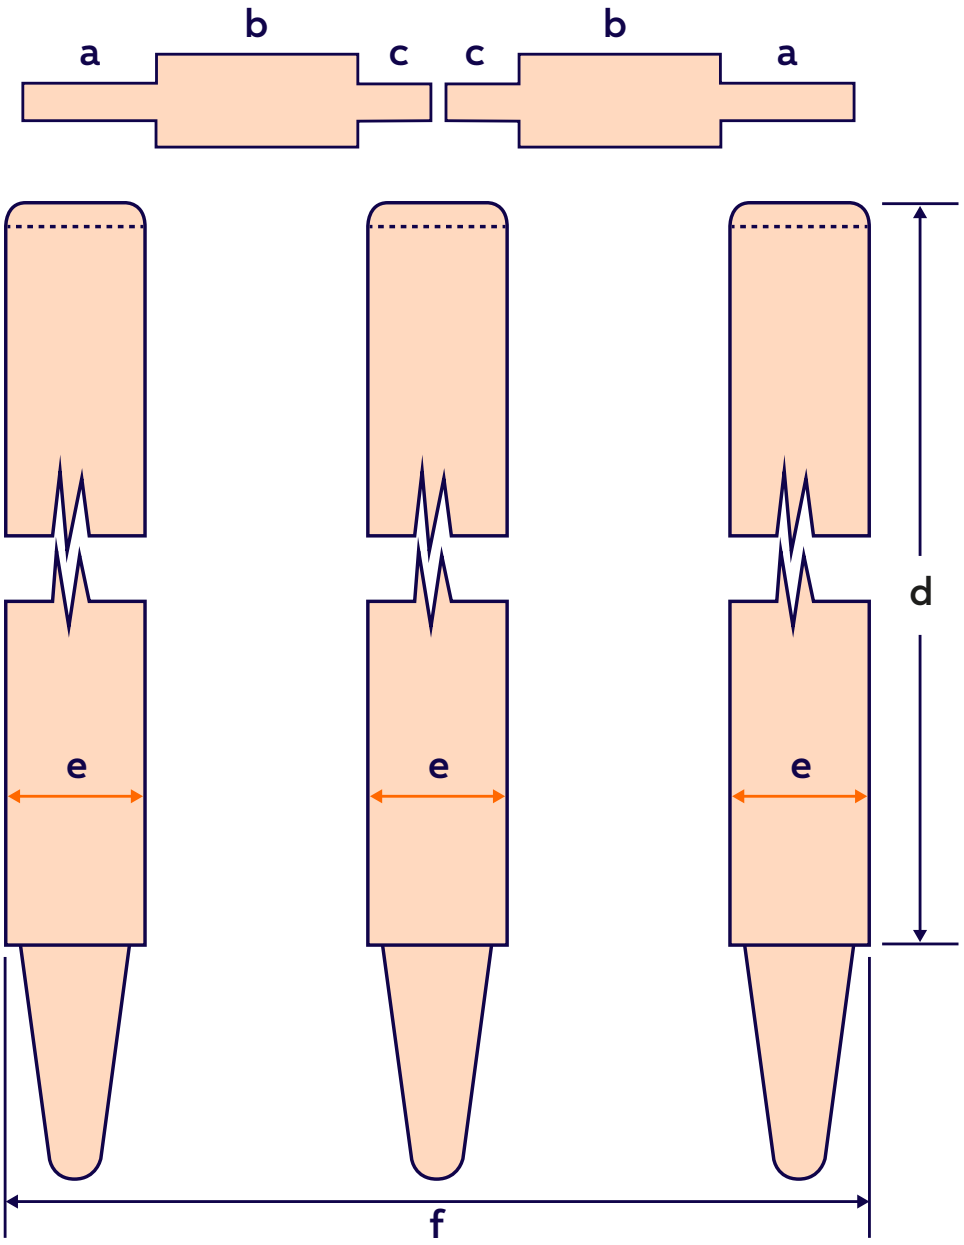

Width: 4.33 in/11.0 cm

Edge: 1.61 in/4.1 cm

Curve: 0.20 in/0.5 cm

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 in/30.5 cm, whose centre is on the vertical centre line of the aperture.

2 THE WICKETS

2.1 Bails

Overall 4.31 in / 10.95 cm

a = 1.38 in / 3.50 cm

b = 2.13 in / 5.40 cm

c = 0.81 in / 2.06 cm

2.2 Stumps

Height (d) = 28 in / 71.1 cm

Diameter (e) – maximum = 1.5 in / 3.81 cm; minimum = 1.38 in / 3.50 cm

2.3 Overall

Width (f) of wicket 9 in / 22.86 cm

3 WICKET-KEEPING GLOVES

3.1 The images below illustrate the requirements of clause 27.2 in relation to:

– no webbing between the fingers;

– a single piece of non-stretch material between finger and thumb as a means of support; and

– when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

3.2 Note also the requirement for wicket-keeping gloves to comply with the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

4 HELMETS AND NECK PROTECTORS

4.1 Players must wear a helmet in the following circumstances where:

– batters are facing pace bowlers,

– wicket keepers are standing up to the stumps, and

– fielding close to the batter in front of the wicket

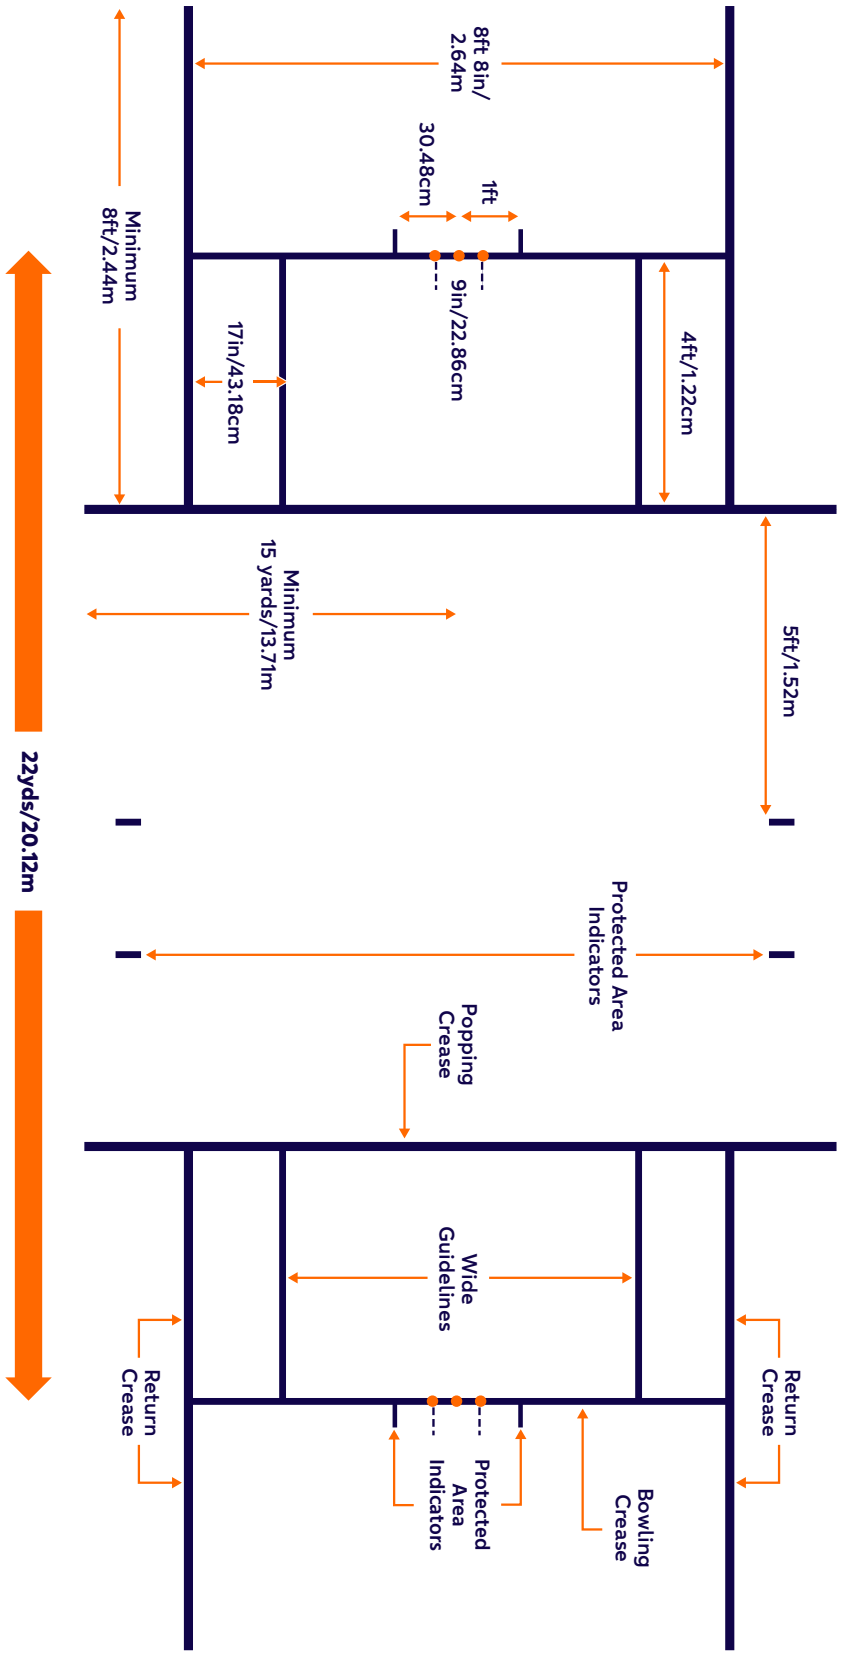

4.2 All helmets must be certified (BS7928:2013) helmets.

4.3 At other times helmets are optional. However, if a helmet is worn, it also must be a certified (BS7928:2013) helmet.

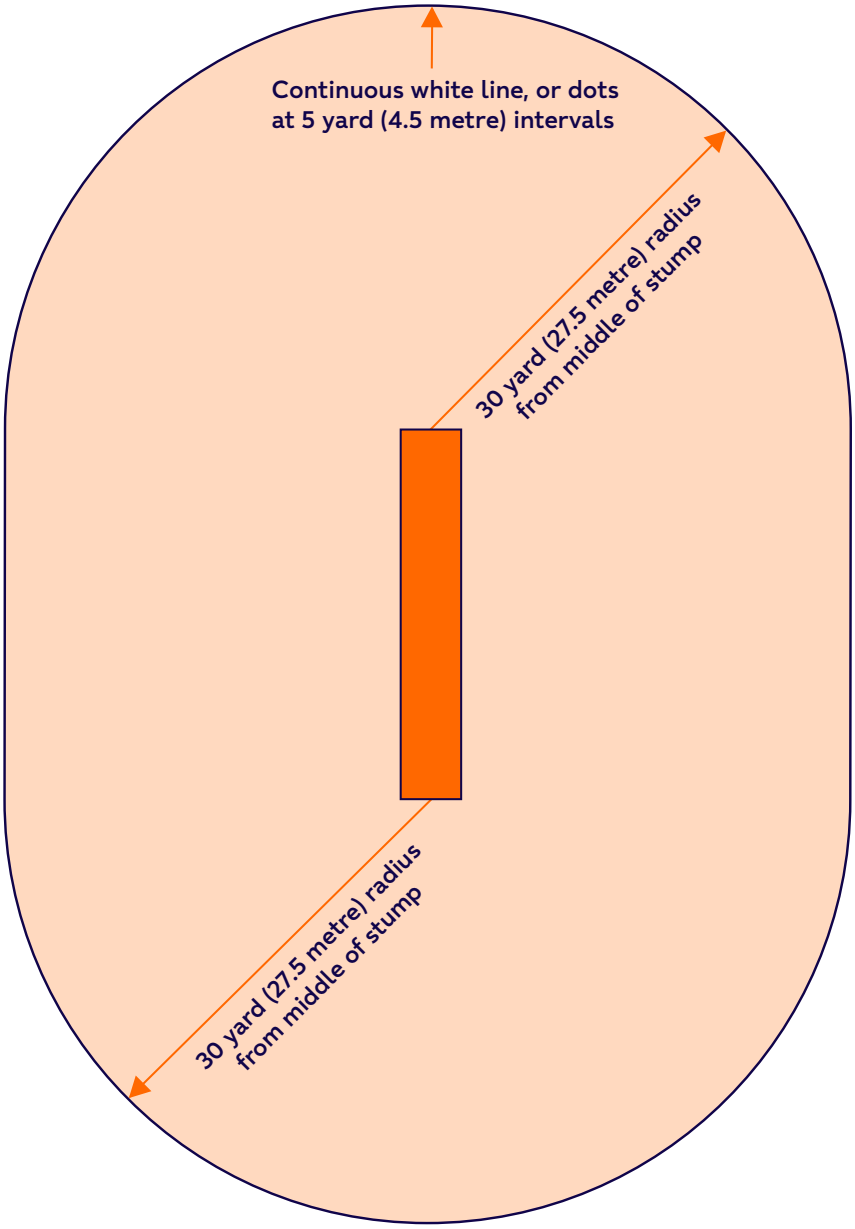

4.4 The use of a neck protector when batting in International Cricket is optional.

APPENDIX C: THE VENUE

1 THE PITCH AND THE CREASES

2 RESTRICTION ON THE PLACEMENT OF FIELDERS

3 ADVERTISING ON GROUNDS, PERIMETER BOARDS AND SIGHT-SCREENS

3.1 Advertising on grounds

3.1.1 The logos on outfields are to be positioned as follows:

(a) Behind the stumps – a minimum of 25.15 yards (23 metres) from the stumps.

(b) Midwicket/cover area – no advertising to be positioned within 30 yards (27.50 metres) of the centre of the pitch being used for the match.

3.1.2 Note: Advertising closer to the stumps as set out above which is required to meet 3D requirements for broadcasters may be permitted, subject to prior ICC approval having been obtained.

3.2 Perimeter boards

3.2.1 Advertising on perimeter boards placed in front of the sight-screens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.

3.2.2 Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that the images are only changed or moved at a time that will not be distracting to the players or the umpires.

3.2.3 The brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

3.3 Sight-screens

3.3.1 Sight-screens shall be provided at both ends of all grounds.

3.3.2 Advertising shall be permitted on the sight-screen behind the striker, providing it is removed for the subsequent over from that end.

3.3.3 Such advertising shall not contain flashing or flickering images and particular care should be taken by the operators that the advertising is not changed at a time which is distracting to the umpire.

4 MARKINGS ON OUTFIELD

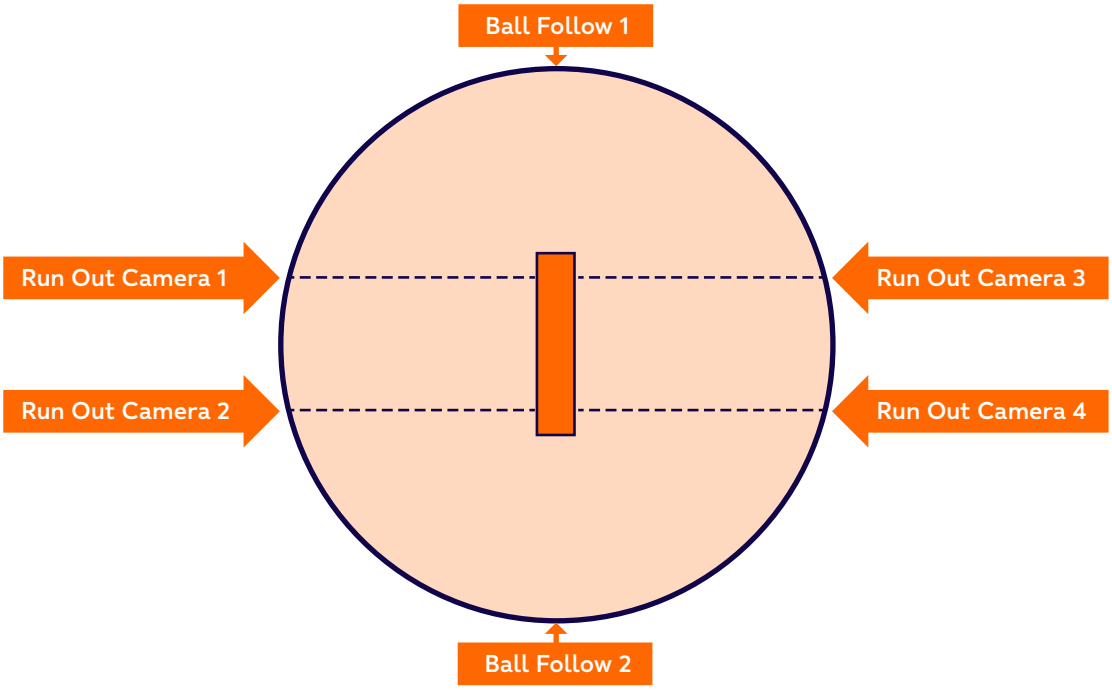

With the permission of the Ground Authority, a bowler may use paint to make a small marking on the outfield for the purposes of identifying their run-up. Paint used for this purpose shall be any colour other than white.

APPENDIX D:
DECISION REVIEW SYSTEM (DRS)

1 GENERAL

1.1 Minimum requirements for use of DRS

1.1.1 The camera specification set out below shall be mandatory as a minimum requirement.

1.1.2 Where the camera specification set out above is provided, a third umpire shall be appointed to the match.

1.1.3 The provisions of paragraphs 1.1.1, 1.1.2, and 1.1.3 above shall not apply for matches between a Full Member country and Associate Member countries (whose matches have been granted T20I status) and for matches between such Associate Member countries.

1.1.4 If the minimum requirements for DRS to be used are satisfied, both participating Boards may agree to employ the DRS for a T20I match. Otherwise, the third umpire shall be appointed and empowered to use broadcast replays to make decisions that are referred to him/her in accordance with paragraph 2 (Umpire Reviews).

1.1.5 The table below summarises the minimum requirements for DRS to be used, and the regulations around the appointment of the third umpire:

	DRS
Minimum Requirement	Cameras – Specification detailed in paragraph 1.1.1. Technology. – Approved ball-tracking technology. – Approved sound-based edge detection technology.
Third Umpire Appointment	From ICC Elite Panel or International Panel of umpires.
Third Umpire Jurisdiction	Umpire Reviews and Player Reviews.
Replays that can be used	Any replay, stump microphone audio or technology detailed in paragraph 3.8.1 below.
ICC Technical Officer	The ICC shall appoint an independent technology expert (ICC Technical Officer) to be present at every series in which the DRS is used to assist the third umpire and to protect the integrity of the DRS process.

1.1.6 The Ground Authority shall ensure that a separate room is provided for the third umpire and that he/she has access to the television equipment and technology so as to be in the best position to facilitate the referral and/or consultation processes referred to in paragraphs 2 (Umpire Review) and 3 (Player Review) below.

2 UMPIRE REVIEW

In the circumstances detailed in paragraphs 2.1, 2.2, 2.3 and 2.4 below, the on-field umpire shall have the discretion to refer the decision to the third umpire or, in the case of paragraphs 2.2, and 2.4, to consult with the third umpire before making the decision. In line with clause 21.5, the third umpire shall already have reviewed television replays of the bowler's feet landing and, where satisfied that not all the requirements have been met, shall immediately have advised the bowler's end umpire (who shall in turn have immediately called and signalled No ball). Accordingly, paragraphs 2 (Umpire Review) and 3 (Player Review) of this Appendix D shall operate on the basis that this element of the referral and/or consultation process has already been undertaken.

Save for requesting the umpire to review his/her decision under paragraph 3 (Player Review) below, players may not appeal to the on-field umpires to use the Umpire Review. Breach of this provision may constitute dissent and the player may be subject to disciplinary action under the ICC Code of Conduct for Players and Player Support Personnel.

2.1 Run Out, Stumped, Bowled and Hit Wicket Decisions

2.1.1 The relevant on-field umpire shall be entitled to refer an appeal for run-out, stumped, bowled or hit wicket to the third umpire.

2.1.2 An on-field umpire wishing to refer a decision to the third umpire shall signal to the third umpire by making the shape of a TV screen with his/her hands.

2.1.3 In the case of a referral of a bowled, hit wicket or stumped decision, the third umpire shall first check the fairness of the delivery (any mode of No ball on request except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). If the delivery was not a fair delivery the third umpire shall indicate that the batter is Not out and advise the on-field umpire to signal No ball. See also paragraph 2.6 below.

2.1.4 Additionally, if on review of a run out, bowled or hit wicket, the third umpire finds the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), he/she shall notify the on-field umpire so that the correct decision is made.

2.1.5 If the third umpire decides that the batter is Out, a red light shall be displayed; if the third umpire decides that the batter is Not out, a green light shall be displayed. Should the third umpire be temporarily unable to respond, a white light (where available) shall remain illuminated throughout the period of interruption to signify to the on-field umpires that Umpire Reviews are temporarily unavailable, in which case the decision shall be taken by the on-field umpire. As an alternative to the red/green light system, the replay screen (where available) may be used for the purpose of conveying the third umpire's decision, in line with the ICC Big Screen Policy.

2.2 Caught Decisions, Obstructing the Field

2.2.1 Where the bowler's end umpire is unable to decide upon a Fair Catch or a Bump Ball, or if, on appeal from the fielding side, the batter obstructed the field, he/she shall first consult with the striker's end umpire.

2.2.2 Should both on-field umpires require assistance from the third umpire to make a decision, the bowler's end umpire shall consult by two-way radio with the third umpire followed by making the shape of a TV screen with his/her hands.

2.2.3 The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter obstructed the field. However, in reviewing the television replay(s), the third umpire shall first check the fairness of the delivery for all decisions involving a catch (any mode of No ball, on request, except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations) and whether the batter has hit the ball. If the delivery was not a fair delivery he/she shall advise the bowler's end umpire to signal No ball. See also paragraph 2.6 below. Additionally, if it is clear to the third umpire that the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), he/she shall notify the bowler's end umpire of his/her decision, which will then be displayed on the big screen.

2.2.4 The third umpire shall communicate his/her decision as set out in paragraph 2.1.5.

2.3 Boundary Decisions

2.3.1 The bowler's end umpire shall be entitled to refer to the third umpire for a decision on:

2.3.1.1 whether a four or six has been scored;

2.3.1.2 whether a fielder had any part of his person in contact with the ball when he touched the boundary;

2.3.1.3 whether the fielder had any part of his person in contact with the ball when he had any part of his person grounded beyond the boundary; and

2.3.1.4 the number of runs scored when a boundary results from an overthrow or the wilful act of a fielder (see clause 19.8).

2.3.2 A decision shall be made immediately and cannot be changed thereafter.

2.3.3 If the television evidence is inconclusive as to whether or not a boundary has been scored, the default presumption shall be in favour of no boundary being awarded.

2.3.4 Where the bowler's end umpire wishes to use the assistance of the third umpire in this circumstance, he/she shall communicate with the third umpire by use of a two-way radio and the third umpire shall convey his decision to the bowler's end umpire by the same method.

2.3.5 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

2.4 Batters Running to the Same End

2.4.1 Where both batters have run to the same end and the on-field umpires are uncertain over which batter made his ground first, the on-field umpires may consult with the third umpire.

2.4.2 The procedure set out in paragraph 2.3.4 shall apply.

2.5 Short run

2.5.1 The third umpire shall automatically review any call of Short run by an on-field umpire under clauses 18.3 and 18.4, communicating with the relevant on-field umpire by two-way radio and conveying his/her decision by the same method.

2.6 No Balls

2.6.1 If the bowler's end umpire is uncertain as to the fairness of the delivery following a dismissal (other than in respect of the feet, which shall have already been checked by the third umpire), either affecting the validity of the dismissal or which batter is dismissed, other than in respect of clause 21.5 (Fair delivery – the feet) for which the third umpire will already have checked, he/she shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery with the third umpire. Communication with the third umpire shall be by two-way radio.

2.6.2 The third umpire shall check any mode of No ball on request (other than in respect of the feet, which shall have already been checked) not already checked except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations).

2.6.3 If the delivery was not a fair delivery, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball).

2.6.4 If a No ball under clause 21.5, after being reviewed by the third umpire, is only called by the bowler's end umpire after the ball is dead, the batting side shall benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally called a No ball prior to the ball becoming dead. Where the batters crossed while the ball was in the air before being caught, the batters shall return to their original ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

2.7 Cameras On or Over the Field of Play

2.7.1 The on-field umpires shall be entitled to refer to the third umpire for a decision as to whether the ball has at any time during the normal course of play come into contact with any part of the camera, its apparatus or its cables above the playing area, as contemplated in clause 20.1.3.

2.7.2 Where an on-field umpire wishes to use the assistance of the third umpire in this circumstance, he/she shall communicate with the third umpire by use of a two-way radio and the third umpire shall convey his/her decision to the bowler's end umpire by the same method.

2.7.3 A decision shall be made immediately and cannot be changed thereafter. If the television evidence is inconclusive as to whether or not the ball has come into contact with any part of the camera, its apparatus or its cables above the playing area, the default presumption shall be in favour of no contact having been made.

2.7.4 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows the ball to have been in contact with any part of the camera or its cables above the playing area as envisaged under this paragraph.

3 PLAYER REVIEW

The following paragraphs shall operate in addition to and in conjunction with paragraph 2 (Umpire Review).

3.1 Circumstances in which a Player Review may be requested

3.1.1 A player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed, with the exception of 'Timed Out'. A player may also request a review of any no ball decision taken by the on-field umpires concerning either a call or no-call of no ball, with the exception of the bowler using an illegal bowling action (Player Review).

3.1.2 No other decisions made by the umpires are eligible for a Player Review.

3.1.3 Only the batter involved in a dismissal may request a Player Review of an Out decision and only the captain (or acting captain) of the fielding team may request a Player Review of a Not out decision. Only the striker may request a Player Review of a decision not to call a no ball and only the captain (or acting captain) of the fielding side may request a Player Review of a decision to call a no ball.

3.1.4 A decision concerning whether or not a batter is dismissed that could have been the subject of a Umpire Review under paragraph 2 is eligible for a Player Review as soon as it is clear that the on-field umpire has chosen not to initiate the Umpire Review.

3.2 The manner of requesting the Player Review

3.2.1 The request shall be made by the player making a 'T' sign with both forearms at head height.

3.2.2 The total time elapsed between the ball becoming dead and the review request being made shall be no more than 15 seconds. The bowler's end umpire shall provide the relevant player with a prompt after 10 seconds if the request has not been made at that time and the player shall request the review immediately thereafter. If the on-field umpires believe that a request has not been made within the 15 second time limit, they shall decline the request for a Player Review.

3.2.3 The captain may consult with the bowler and other fielders, and the two batters may consult with each other prior to deciding whether to request a Player Review. Either the captain or the two batters may, in respect of a decision relating to an appeal for LBW, question the bowler's end umpire as to whether his/her decision has been made on the basis that the striker made no genuine attempt to play the ball with the bat. Under no other circumstances is any player permitted to query an umpire about any aspect of a decision before deciding on whether or not to request a Player Review. If the on-field umpires believe that the captain or either batter has received direct or indirect input emanating other than from the players on the field, then they may at their discretion decline the request for a Player Review. In particular, signals from the dressing room must not be given.

3.2.4 No replays, either at normal speed or slow motion, shall be shown on a big screen to spectators until the 15 second time limit allowed for requesting a Player Review has elapsed.

3.2.5 Where either on-field umpire initiates an Umpire Review, this does not preclude a player seeking a Player Review of a separate incident from the same delivery. The request for a Player Review may be made after the Umpire Review, provided the request is still within the 15 second time limit described in paragraph 3.2.2 above. (See paragraph 3.9.1 below for the process for addressing both an Umpire and Player Review.)

3.2.6 A request for a Player Review cannot be withdrawn once it has been made.

3.3 The process of consultation

3.3.1 On receipt of an eligible and timely request for a Player Review, the relevant on-field umpire shall make the sign of a shape of a TV screen with his/her hands in the normal way.

3.3.2 The relevant on-field umpire shall initiate communication with the third umpire by confirming;

3.3.2.1 That a Player Review has been requested,

3.3.2.2 If applicable, the mode of dismissal for which the relevant on-field umpire adjudicated the appeal,

3.3.2.3 If applicable, the decision that has been made (Out or Not out), and;

3.3.2.4 For LBW appeals, where relevant, if the bowler's end umpire believed that the striker made no genuine attempt to play the ball with the bat (the default presumption of the third umpire in the absence of any information on this point from the bowler's end umpire shall be that a genuine attempt to play the ball with the bat was made).

3.3.3 A two-way consultation process shall begin to investigate whether there is anything that the third umpire can see or hear which would indicate that the on-field umpire should change his/her original decision.

3.3.4 The third umpire shall not withhold any factual information which may help in the decision making process. In particular, in reviewing a dismissal, if the third umpire believes that the batter may instead be Out by any other mode of dismissal, he/she shall advise the on-field umpire accordingly. The process of consultation described in this paragraph in respect of such other mode of dismissal shall be conducted using the on-field umpire's original decision as the default reference.

3.3.5 The third umpire shall initially check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations), where appropriate advising the on-field umpire accordingly.

3.3.6 If despite the available technology, the third umpire is unable to decide with a high degree of confidence whether the original on-field decision should be changed, then he/she shall report that the replays are 'inconclusive', and that the on-field decision shall stand. The third umpire shall not give answers conveying likelihoods or probabilities.

3.3.7 In circumstances where the television technology (all or parts thereof) is not available to the third umpire or fails for whatever reason, the third umpire shall advise the on-field umpire of this fact but still provide any relevant factual information that may be ascertained from the available television replays and other technology.

3.3.8 The on-field umpire shall then make his/her decision based on the information provided by the third umpire, any other factual information offered by the third umpire and his/her recollection and opinion of the original incident.

3.3.9 The on-field umpire shall reverse his/her decision if the nature of the supplementary information received from the third umpire leads him/her to conclude that his/her original decision was incorrect.

3.4.1 In assessing whether a batter is Out LBW in accordance with clause 36, the third umpire shall first judge whether the delivery is fair (as set out in clause 36.1.1), and second, whether or not the ball has touched the bat before being intercepted by any part of the striker's person (as set out in clause 36.1.3).

3.4.2 If the batter is still eligible to be Out, the ball-tracking technology shall then present three pieces of information to the third umpire relating to the path of the ball:

3.4.2.1 The point of pitching (where applicable) (PITCHING)

3.4.2.2 The position of the ball at the point of first interception (IMPACT)

3.4.2.3 Whether the ball would have hit the wicket (WICKET)

3.4.3 This Decision Review System (DRS) and Third Umpire Protocol includes a category of Umpire's Call, which shall be the conclusion reported where the technology indicates a marginal decision in respect of either the point of first interception or whether the ball would have hit the stumps.

3.4.4 PITCHING

3.4.4.1 The interpretation of "pitches in line between wicket and wicket" in clause 36.1.2 shall refer to the position of the centre of the ball at the point of pitching, in relation to the Pitching Zone.

3.4.4.2 The Pitching Zone is defined as a two dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

3.4.4.3 Where applicable, the ball-tracking technology shall report that the ball pitched in one of the following three areas in relation to the Pitching Zone:

In Line	The centre of the ball was inside the Pitching Zone
Outside Off	The centre of the ball was outside, and to the off side of, the Pitching Zone
Outside Leg	The centre of the ball was outside, and to the leg side of, the Pitching Zone

3.4.4.4 Subject to the satisfaction of the other elements of clause 36.1, the batter can be Out if the ball-tracking technology reports that the ball pitched Outside Off or In Line, but the batter shall be Not out if the ball pitched Outside Leg.

3.4.5 IMPACT

3.4.5.1 The interpretation of "the (first) point of impact, even if in above the level of the bails, is between wicket and wicket" in clause 36.1.4 shall refer to the position of the ball at the point of first interception, in relation to the Impact Zone.

3.4.5.2 The Impact Zone is defined as a three dimensional space extending between both wickets to an indefinite height and with its boundaries consisting of a line between the outside of the outer stumps at each end.

3.4.5.3 The ball-tracking technology shall report that the point of first interception was in one of the following categories in relation to the Impact Zone:

In Line	The centre of the ball was inside the Impact Zone
Umpire's Call	Some part of the ball was inside the Impact Zone, but the centre of the ball was outside the Impact Zone, with the further sub-category of 'Umpire's Call (off side)' where the centre of the ball was to the off side of the Impact Zone and the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.
Outside	No part of the ball was inside the Impact Zone, with the further sub-categories of 'Outside (off)' and 'Outside (leg)' to indicate the location of the point of first interception in relation to the Impact Zone when the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.

3.4.5.4 Where a Not out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was In Line for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.5 Where a Not out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of impact was In Line, or Umpire's Call (off side), or Outside (off) for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.6 Where an Out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.5.7 Where an Out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside (leg) for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.6 WICKET

3.4.6.1 The interpretation of whether "the ball would have hit the wicket" in clause 36.1.5 shall refer to position of the ball as it either hits or passes the wicket, in relation to the Wicket Zone.

3.4.6.2 The Wicket Zone is defined as a two dimensional area whose boundaries are the actual outline of the whole wicket from the base to the top of the stumps, which includes the outline of the bails as they protrude above the top of the stumps.

3.4.6.3 The ball-tracking technology shall report whether the ball would have hit the wicket with reference to the following three categories:

Hitting	The ball was hitting the wicket, and the centre of the ball was inside the Wicket Zone
Umpire's Call	The ball was hitting the wicket, but the centre of the ball was not inside the Wicket Zone
Missing	The ball was missing the wicket

3.4.6.4 Where a Not out decision is being reviewed, the ball-tracking technology must report that the ball was Hitting for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

However, where the evidence shows that the ball was Hitting, the point of first interception was In Line, and the ball pitched In Line or Outside Off, but that:

– The point of first interception was 300cm or more from the stumps; or

– The point of first interception was more than 250cm but less than 300cm from the stumps and the distance between the point of pitching and the point of first interception was less than 40cm,

the on-field decision shall stand (that is, Not out).

3.4.6.5 Where an Out decision is being reviewed, the ball-tracking technology must report that the ball was Missing for the on-field decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.7 When the ball strikes the batter on the full, and the evidence provided by the ball-tracking technology indicates that the ball would have pitched before striking or passing the wicket, there will be no information available from that delivery that will allow the ball-tracking technology to accurately predict the height of the ball after pitching.

3.4.8 With regard to determining whether the ball would have hit the wicket under these circumstances, the ball-tracking technology shall project the line of the ball in accordance with clause 36.2.3 (it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have pitched subsequently or not), and display the simulated path of the ball from directly above the wicket.

3.4.9 The third umpire shall advise the bowler's end umpire only on the point of first interception and whether the ball would have hit the stumps (in line with the process set out in paragraph 3.4 above), but shall make no comment on the predicted height of the ball after pitching, which shall remain a judgment of the bowler's end umpire.

3.5 The process for communicating the final decision

3.5.1 For Player Reviews concerning potential dismissals, the relevant on-field umpire shall indicate Out by raising his/her finger above his/her head in a normal yet prominent manner or indicate Not out by the call of 'not out' and by crossing his/her hands in a horizontal position side to side in front and above his/her waist three times. Where the decision is a reversal of the on-field umpire's previous decision, he/she shall make the 'revoke last signal' indication immediately prior to the above.

3.5.2 If the mode of dismissal is not obvious or not the same as that on which the original decision was based, then the umpire shall advise the scorers via the third umpire.

3.6 Number of Player Review requests permitted

3.6.1 In each innings, each team shall be allowed to make a maximum of two Player Review requests that are categorised as 'Unsuccessful' (as set out in paragraph 3.6.3 below).

3.6.2 Where a request for a Player Review results in the original on-field decision being reversed, then the Player Review shall be categorised as 'Successful' and shall not count towards the innings limit.

3.6.3 Where a request for a Player Review results in the original on-field decision remaining unchanged (other than in the circumstances set out in paragraphs 3.6.4, 3.6.6 or 3.6.8), the Player Review shall be categorised as 'Unsuccessful'.

3.6.4 Where a request for a Player Review of an LBW decision results in the on-field decision remaining unchanged solely on the basis of an Umpire's Call, the Player Review shall be categorised as 'Unchanged – Umpire's Call'. A Player Review categorised as 'Unchanged – Umpire's Call' shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.5 Where, following a request for a Player Review, the original on-field decision of Out is unchanged, but for a different mode of dismissal from the original on-field decision, then the Player Review shall still be categorised as 'Unsuccessful'.

3.6.6 Where, following a request for a Player Review, the original on-field decision of Not out is unchanged on account of the delivery being a No ball (for any reason), thereby not requiring any further evaluation, the Player Review shall not be counted as 'Unsuccessful' and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.7 Where a Player Review and an Umpire Review are requested from the same delivery and the decision of the third umpire from the Umpire Review renders the Player Review unnecessary (see paragraphs 1.1.1 and 1.1.1), the Player Review request shall be disregarded and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.8 A Player Review categorised as 'Unsuccessful' may be reinstated by the ICC Match Referee at his/her sole discretion (if appropriate after consultation with the ICC Technical Official and/or the television broadcast director) if the Player Review could not properly be concluded due to a failure of the technology. Any such decision shall be final and shall be taken as soon as possible, being communicated to both teams once all the relevant facts have been ascertained by the ICC Match Referee. A Player Review categorised as 'Unsuccessful' shall not be reinstated if, despite any technical failures, the correct decision could still have been made using the other available technology. Similarly, a Player Review categorised as 'Unsuccessful' shall not be reinstated where the technology worked as intended, but the evidence gleaned from its use was inconclusive.

3.6.9 The third umpire shall be responsible for counting the number Player Reviews categorised as 'Unsuccessful' and shall advise the on-field umpires once either team has exhausted their allowance for the innings.

3.6.10 The scoreboard shall display, for the innings in progress, the number of Player Reviews remaining available to each team.

Category of Player Review	Outcome of Player Review	Consequence of Player Review
Successful (paragraph 3.6.2)	On-field decision reversed	Does not count towards innings limit set out in paragraph 3.6.1
Unsuccessful (paragraphs 3.6.3 and 3.6.5)	On-field decision unchanged	Counts towards innings limit set out in paragraph 3.6.1
Unchanged – Umpire's Call (paragraph 3.6.4)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
No ball – no evaluation required (paragraph 3.6.6)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
Failure of technology (paragraph 3.6.8)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1

3.7 Dead ball

3.7.1 If following a Player Review request, an original decision of Out is changed to Not out, then the ball is still deemed to have become dead when the original decision was made (as per clause 20.1.1.3). The batting side, while benefiting from the reversal of the dismissal, shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally made a Not out decision, other than any No ball penalty that could arise under paragraph 3.3.5 above.

3.7.2 If an original decision of Not out is changed to Out, the ball shall retrospectively be deemed to have become dead from the moment of the dismissal event. All subsequent events, including any runs scored, shall be ignored.

3.8 Use of technology

3.8.1 The following technology may be used by the third umpire during a Player Review:

3.8.1.1 Replays, at any speed, from any available broadcast camera

3.8.1.2 Sound from the stump microphones with the replays at normal speed and slow motion

3.8.1.3 Approved ball-tracking technology:

– HawkEye (HawkEye Innovations), or;

3.8.1.4 Approved sound-based edge detection technology:

– UltraEdge (HawkEye Innovations)

3.8.1.5 Approved heat-based edge detection technology:

3.8.1.6 LED Wickets (using the lights to indicate if the wicket is broken, as set out in paragraph 4.2):

– Zing Bails and Stumps

3.8.2 In addition, other forms of technology may be used subject to the ICC being satisfied that the required standards of accuracy and time efficiency can be met.

3.8.3 Where practical usage or further testing indicates that any of the above forms of technology cannot reliably provide accurate and timely information, then it may be removed prior to or during a match. The final decision regarding the technology to be used in a given match shall be taken by the ICC Match Referee in consultation with the ICC Technical Official, ICC management and the competing teams' governing bodies.

3.9 Combining Umpire Review with Player Review

3.9.1 If an Umpire Review (under paragraph 2) and a request for a Player Review (under paragraph 3) are made following the same delivery but relating to separate modes of dismissal, the incidents shall be addressed in chronological order.
If the conclusion from the first incident is that a batter is dismissed, then the ball would be deemed to have become dead at that point, rendering investigation of the second incident unnecessary.

4 INTERPRETATION OF PLAYING CONDITIONS

4.1 When using a replay to determine the moment at which the wicket has been put down (as per clause 29.1), the third umpire shall deem this to be the first frame in which one of the bails is shown (or can be deduced) to have lost all contact with the top of the stumps and subsequent frames show the bail permanently removed from the top of the stumps.

4.2 Where LED Wickets are used (as provided for in paragraph 3.8.1.6) the moment at which the wicket has been put down (as per clause 29.1) shall be deemed to be the first frame in which the LED lights are illuminated and subsequent frames show the bail permanently removed from the top of the stumps.

APPENDIX F: SUPER OVER PROCEDURE

The following procedure shall apply where the Playing Conditions provide for a Super Over to determine the winner of a tied match. Other than where expressly stated in this Appendix (or by necessary implication), all relevant Playing Conditions for the match shall apply to the Super Over.

1. A Super Over involves each team facing an over of six balls (unless ended earlier as provided for in paragraph 2), and the winner shall be the team scoring the greater number of runs, irrespective of the number of wickets lost.

2. The loss of two wickets shall end the batting team's one over innings.

3. If the Super Over is a tie, subsequent Super Overs shall be played until a winner is determined. Other than in exceptional circumstances (as set out in paragraph 25 below), an unlimited number of Super Overs may be played where necessary to determine a result.

4. Subject to weather conditions, the Super Over shall take place on the scheduled day of the match at a time to be determined by the ICC Match Referee. In normal circumstances it shall commence 5 minutes after the conclusion of the match.

5. The Super Over shall be played until completion, but if there are any delays or interruptions during the Super Over, extra time (taken from the start of the first Super Over) is allocated to complete the Super Over or any subsequent Super Overs. The amount of extra time allocated to the Super Over is the greater of;

a) the gap between the time at which the match ended and the time the original match would have been scheduled to finish had the entire extra time provision been utilised, or

b) 20 minutes.

6. Should play be delayed prior to or during the Super Over(s) once the playing time lost exceeds the extra time allocated, the Super Over(s) shall be abandoned (see paragraph 24 below).

7. The Super Over shall take place on the pitch allocated for the match, unless otherwise determined by the umpires in consultation with the Ground Authority and the ICC Match Referee.

8. Only nominated players in the match (including Concussion Replacements) may participate in the Super Over.

9. Any penalty time being served in the match shall be carried forward to the Super Over.

10. The umpires shall stand at the same end at which they finished the match.

11. The team batting second in the match shall bat first in the Super Over.

12. Each Team shall be allowed one unsuccessful player review per innings per Super Over. This entitlement shall apply irrespective of the number of unsuccessful Player Review requests made during the match itself.

13. The captain of the fielding team (or his nominee) shall select the ball with which the fielding team shall bowl its over in the Super Over from the box of spare balls provided by the umpires (which shall include the balls used in the match, but no new balls). The team fielding second may then choose to use the same ball as chosen by the team bowling first or choose another ball from the same box. If the ball needs to be changed, the relevant Playing Conditions as they apply in the match shall also apply in the Super Over.

14. The fielding side shall choose the end from which it is to bowl its one over.

15. The Super Over shall be played with the same fielding restrictions as would be applicable for the last over in an uninterrupted match.

16. The interval between the two overs in the Super Over shall be 5 minutes.

TIED SUPER OVER – REPEATING THE SUPER OVER

17. If the Super Over is tied, then subsequent Super Overs shall be played until there is a winner (subject to paragraph 26).

18. In normal circumstances any subsequent Super Over shall start 5 minutes after the previous Super Over ends.

19. The team batting second in the previous Super Over shall bat first in the subsequent Super Over.

20. The balls selected for use by each team in the previous Super Over shall be used again by the same team in any subsequent Super Over(s).

21. The fielding side shall bowl its over in a subsequent Super Over from the opposite end from which it bowled in the previous Super Over.

22. Any batter dismissed in any previous Super Over shall be ineligible to bat in any subsequent Super Over.

23. Any bowler who bowled in the previous Super Over shall be ineligible to bowl in the subsequent Super Over.

24. In all other ways the procedure for a subsequent Super Over shall be the same as for the initial Super Over.

SUPER OVER UNABLE TO BE COMPLETED

25. Where the Super Over or subsequent Super Overs are abandoned for any reason prior to completion then the match shall be declared a tie and points allocated as in clause 16.11.1.

26. In circumstances where there are unavoidable time constraints (for example, a requirement to switch off floodlights at a certain time) which do not allow the completion of multiple Super Overs, the ICC Match Referee may limit the number of possible Super Overs and shall advise both captains accordingly prior to the start of the first Super Over.

EXAMPLES – EXTRA TIME AVAILABLE FOR THE SUPER OVER

Example 1: The match is scheduled to finish at 10.20pm, with 60 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 11.20pm. The match runs over time and finishes in a tie at 10.35pm. The Super Over is scheduled to start 5 minutes later at 10.40pm. The extra time available to complete the Super Over would be 45 minutes (as per paragraph 5(a) above).

– The Super Over starts on time but is interrupted at 10.50pm for 10 minutes (leaving 35 minutes of extra time still available).

– Play resumes at 11.00pm with a tied Super Over occurring.

– The second super over is being played but is interrupted at 11.15pm.

– Play does not resume within 35 minutes (being the amount of extra time still available), therefore the Super Over procedure is abandoned, and the match is a tie.

Example 2: The same match is scheduled to finish at 10.20pm, but with 30 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 10.50pm. The match runs over time and finishes in a tie at 10.35pm. The Super Over is scheduled to start 5 minutes later at 10.40pm. The extra time available to complete the Super Over would be 20 minutes (as per paragraph 5(b) above).

APPENDIX G: APPLICATION OF THE RESERVE DAY FOR THE SEMI-FINALS AND FINAL

If play is interrupted on the scheduled day, the umpires shall use the available extra time and, if necessary, reduce the number of overs to try to achieve a result on that day.

In making their decisions in relation to ground, weather and light, the umpires shall aim to maximise play on the scheduled day of the match in order to achieve a result on that day, as if there was no Reserve Day available.

Each team must have had the opportunity to bat for a minimum of ten (10) overs for a result to be achieved. If play has not resumed by the cut-off time required to allow the minimum number of overs to be bowled to achieve a result on the scheduled day, play shall be abandoned for the day and the Reserve Day shall be used to either complete or replay the match.

If the Reserve Day is used to continue an incomplete match the Reserve Day shall be used.

The hours of play on the Reserve Day shall be as per clauses 12.7.1 and 13.7.3.

On the Reserve Day, play shall recommence under the same assumption that the last ball was bowled on the scheduled day.

The match starts when the coin toss takes place and teams are exchanged. If the toss occurs on the scheduled day and there is no play thereafter, the result of the toss and the named teams shall be carried through to the Reserve Day.

The treatment of the pitch on the Reserve Day by the Ground Authority shall be as follows:

- Covering and removal of covers – as for the scheduled day of the match under clause 10 of the Playing Conditions; and
- Mowing and rolling – as for Day 2 of a Test Match, under clause 9 of the ICC Test Match Playing Conditions.

Example 1: Match starts at 20 overs per side and there is an interruption at 9 overs. Overs are reduced to 17 overs per side and play is about to resume. Before another ball is bowled it rains and play is abandoned for the day. As the match did not resume under the revised overs, the match should continue on the Reserve Day at the original 20 overs per side with the overs reduced if necessary during the Reserve Day.

Example 2: The same start as in example 1 i.e. match starts at 20 overs per side and there is an interruption at 9 overs. Overs are reduced to 17 overs per side and play is about to resume. This time, play starts and after an over has been bowled it rains and play is abandoned for the day. As the match has resumed, it is continued on the Reserve Day at 17 overs per side with the overs further reduced if necessary during the Reserve Day.

APPENDIX H: USE OF ELECTRONIC COMMUNICATIONS EQUIPMENT

The use of electronic communication devices and equipment of any kind to communicate with players on the field of play shall not be permitted, except that broadcaster-to-player communication shall, with the prior consent of the participating countries, be allowed.

APPENDIX I: ON-FIELD INJURY ASSESSMENTS AND TREATMENT

The umpires will allow an initial 4 minutes for medical staff to treat the injured player. Umpires may inform the medical team when there is 90 seconds remaining, after which, the player should be removed from the field of play if further assessment/treatment is required. The on-field umpires will consider each incident when applying the 4-minute guideline and be guided by the appointed Match Day Doctor or his/her nominated replacement.

APPENDIX J: SUMMARY OF CHANGES TO PLAYING CONDITIONS FOR WARM-UP MATCHES

NOTE: ICC Men's T20 World Cup 2026 warm-up matches will not be official Twenty 20 Internationals.

ICC Match Referees will not be on duty for warm-up matches. The Code of Conduct will apply and any breaches will be reported to and dealt with by the Event Technical Committee.

Except as varied hereunder the ICC Men's Twenty20 World Cup 20224 Playing Conditions shall apply.

1.1 Number of Players

Each side shall consist of a maximum 15 players.

1.2 Nomination and replacement of Players

Each team may nominate no more than 15 players.

No more than 11 may bat in one innings.

The players to bat may be determined as the match progresses and need not be nominated in advance. No more than 11 of the 15 players may field at any one time, with teams free to change their fielders subject to the umpires being informed and play not being delayed.

A player who has not been nominated amongst the 15 may field but will be subject to the usual provisions relating to substitutes.

Any of the nominated players may bowl or keep wicket. However for a bowler to bowl consecutive overs from one end, he must remain on the field throughout the intervening over bowled from the other end.

Regulations regarding 'penalty time' to be served by Batters or bowlers before they are allowed to bat or bowl shall not apply.

6.3.2 Selection and preparation

Replace third umpire or fourth umpire with on-field umpires or third umpire.

6.4 Changing the pitch

Remove reference to Match Referee.

11.4 Changing agreed time for intervals

Replace Match Referee with umpires.

13.1.1 Number of innings

There are no reserve days for the warm-up matches.

16.2 ICC Match Referee Awarding a Match

Replace Match Referee with umpires.

16.10 Competition Format

Shall not apply.

24.2 Fielder absent or leaving the field

Shall not apply.

41.2 Fair and Unfair Play

Remove reference to Match Referee.

41.9.4 Clock

The provisions for the stop clock shall apply to all warm-up matches.

Appendix D – Shall not apply.

Appendix F – Shall not apply.

Appendix G – Shall not apply.

ICC WORLD TEST CHAMPIONSHIP 2025-2027 PLAYING CONDITIONS

Effective from October 2026

ICC
CHAMPIONING WORLD CRICKET

PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of 11 players, one of whom shall be captain.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate 11 players plus a maximum of six (6) substitute fielders in writing to the ICC Match Referee before the toss. Other than as set out in clause 1.2.7, no player (member of the playing 11) may be changed after the nomination and prior to the start of play without the consent of the opposing captain.

1.2.2 Only those nominated as substitute fielders shall be entitled to act as substitute fielders during the match, unless the ICC Match Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, as well as any Concussion Replacements, must be eligible to play for that particular team and by such nomination the nominees shall warrant that they are so eligible.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable ICC Regulations pertaining to international cricket and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Player Support Personnel (hereafter referred to as the ICC Code of Conduct), the Anti-Discrimination Code for Players and Player Support Personnel, the Anti-Doping Code and the Anti-Corruption Code.

1.2.5 A player or player support personnel who has been suspended from participating in a match shall not, from the toss of the coin and for the remainder of the match thereafter:

1.2.5.1 Be nominated as, or carry out any of the duties or responsibilities of a substitute fielder, or

1.2.5.2 Enter any part of the playing area (which shall include the field of play and the area between the boundary and the perimeter boards) at any time, including any scheduled or unscheduled breaks in play.

1.2.6 A player who has been suspended from participating in a match shall be permitted from the toss of the coin and for the remainder of the match thereafter be permitted to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the match is not within the playing area described in clause 1.2.5.2 above (for example, the player is not permitted to enter the on-field 'dugout').

1.2.7 Concussion Replacement

1.2.7.1 If a player sustains a concussion or suspected concussion as a result of a head or neck injury during the course of the relevant match, a Concussion Replacement may be permitted in the following circumstances:

1.2.7.1.1 the head or neck injury must have been sustained during play and within the playing area described in clause 1.2.5.2 above;

1.2.7.1.2 a concussion or suspected concussion must have been formally diagnosed by the Team Medical Representative;

1.2.7.1.3 the Team Medical Representative or Team Manager shall submit a Concussion Replacement Request to the ICC Match Referee on a standard form, which shall:

1.2.7.1.3.1 identify the player who has sustained the concussion or suspected concussion;

1.2.7.1.3.2 specify the incident in which the concussion or suspected concussion was sustained, including the time at which it occurred;

1.2.7.1.3.3 confirm that, following an examination, the Team Medical Representative believes or suspects that the player has sustained a concussion as a result of the incident specified in clause 1.2.7.1.3.2 above; and

1.2.7.1.3.4 identify the requested Concussion Replacement from the list of nominated concussion replacements submitted for the match, who shall be a like-for-like replacement for the player who has sustained the concussion or suspected concussion. Under exceptional circumstances, the ICC Match Referee will consider a request for a replacement player outside of the nominated concussion replacement players for the match. In such circumstances the ICC Match Referee shall apply the provisions of clauses 1.2.7.3, 1.2.7.4 and 1.2.7.5.

1.2.7.2 The Concussion Replacement Request must be submitted within 36 hours of the incident specified in clause 1.2.7.1.3.2 if a Concussion Replacement is to be permitted.

1.2.7.3 The ICC Match Referee should ordinarily approve a Concussion Replacement Request if the replacement is a like-for-like player whose inclusion will not excessively advantage his team for the remainder of the match.

1.2.7.4 In assessing whether the nominated Concussion Replacement should be considered a like-for-like player, the ICC Match Referee should consider the likely role the concussed player would have played during the remainder of the match, and the normal role that would be performed by the nominated Concussion Replacement.

1.2.7.5 If the ICC Match Referee believes that the inclusion of the nominated Concussion Replacement, when performing their normal role, would excessively advantage their team, the ICC Match Referee may impose such conditions upon the identity and involvement of the Concussion Replacement as they see fit, in line with the overriding objective of facilitating a like-for-like replacement for the concussed player.

For clarity, a concussion replacement will inherit all warnings, penalty time and suspensions that were imposed on the replaced player.

1.2.7.6 The ICC Match Referee may, in reviewing a Concussion Replacement Request made in accordance with clause 1.2.7.1.3, request any such further information as may be required in order to make the determination required under clauses 1.2.7.1.1, 1.2.7.1.2, 1.2.7.4 and 1.2.7.5.

1.2.7.7 The decision of the ICC Match Referee in relation to any Concussion Replacement Request shall be final and neither team shall have any right of appeal.

1.2.7.8 Once the Concussion Replacement has been approved by the ICC Match Referee, the replaced player shall play no further part in the match.

1.2.7.9 Both the Concussion Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

1.3 Captain

1.3.1 If at any time the captain is not available, a deputy shall act for him.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss. See clause 13.4 (The toss).

1.4 Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within these Playing Conditions.

2 THE UMPIRES

2.1 Appointment and attendance

The following rules for the selection and appointment of Test match umpires shall be followed as far as it is practicable to do so:

2.1.1 The following Match Officials are to be appointed for each Test match:

2.1.1.1 One (1) ICC Match Referee, appointed by the ICC from the ICC Elite Panel of Referees or the ICC International Panel of Referees.

2.1.1.2 Two (2) on-field umpires, appointed by the ICC from the ICC Elite Panel of Umpires or the ICC International Panel of Umpires.

2.1.1.3 One (1) third umpire, who shall act as the emergency on-field umpire and officiate in regard to the DRS, appointed by the ICC from the ICC Elite Panel of Umpires or the ICC International Panel of Umpires.

2.1.1.3.1 The Playing Conditions governing the use of the DRS and the third umpire are included in Appendix D.

2.1.1.4 One (1) fourth umpire, who shall act as the emergency third umpire, appointed by the Board, from its nominees to the ICC International Panel of Umpires.

2.1.2 As early as possible before each Test match, the ICC will advise the Home Board of the names of its appointees and the Home Board will advise the Manager of the visiting team of the names of all Match Officials.

2.1.3 Neither team shall have a right of objection to the appointment of any umpire or ICC Match Referee.

2.1.4 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality. They shall be present at the ground at least two hours before the scheduled start of the first day's play, and at least 1.5 hours before the scheduled start of each succeeding day's play.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless they are injured or ill.

2.3 Consultation with Home Board

Before the match the umpires shall consult with the Home Board to determine:

2.3.1 the balls to be used during the match. See clause 4 (The ball).

2.3.2 the hours of play and the times and durations of any agreed intervals.

2.3.3 which clock or watch and back-up time piece is to be used during the match.

2.3.4 the boundary of the field of play. See clause 19 (Boundaries).

2.3.5 the use of covers. See clause 10 (Covering the pitch).

2.3.6 any special conditions of play affecting the conduct of the match.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See clause 7 (The creases).

2.4.2 the wickets are properly positioned. See clause 8 (The wickets).

2.4.3 the boundary of the field of play complies with the requirements of clauses 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 Conduct of the match, implements and equipment

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with these Playing Conditions.

2.5.2 the implements used in the match conform to the following

2.5.2.1 clause 4 (The ball).

2.5.2.2 externally visible requirements of clause 5 (The bat) and paragraph 1 of Appendix B.

2.5.2.3 either clauses 8.2 (Size of stumps) or 8.3 (The bails).

2.5.3 no player uses equipment other than that permitted. See paragraph 2 of Appendix A. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of clause 27.2 (Gloves).

2.6 Fair and unfair play

The umpires shall be the sole judges of fair and unfair play.

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive

– the bowler of a reasonable foothold

– the fielders of the ability to move freely

– the batters of the ability to play their strokes or to run between the wickets

then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See clause 6.1 (Area of pitch).

2.8.2 If at any time the umpires together agree that the conditions of ground, weather or light, or any other circumstances are dangerous or unreasonable, they shall immediately suspend play, or not allow play to start or to recommence. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the ICC Match Referee.

2.8.3 If circumstances are warranted, the umpires shall stop play and instruct the Ground Authority to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct the ground staff to take such action during scheduled and unscheduled breaks in play.

2.8.4 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.8.5 Light Meters

It is the responsibility of the ICC to supply light meters to the match officials to be used in accordance with these Playing Conditions.

2.8.5.1 All light meters shall be uniformly calibrated.

2.8.5.2 The umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play in accordance with the criteria set out in clause 2.8.2 above.

2.8.5.3 Light meter readings may accordingly be used by the umpires:

2.8.5.3.1 To determine whether there has been at any stage a deterioration or improvement in the light.

2.8.5.3.2 As benchmarks for the remainder of a match.

2.8.6 Use of artificial lights

If in the opinion of the umpires, natural light is deteriorating to an unfit level, they shall authorise the Ground Authority to use the available artificial lighting so that the match can commence or continue in acceptable conditions.

In the event of power failure or lights malfunction, the provisions relating to the delay or interruption of play due to bad weather or light shall apply.

Home Boards may, prior to the commencement of the series, seek the approval of the ICC to amend this Playing Condition to provide that artificial lights will not be used at specific venues.

For day/night Test matches, the latest times at which the floodlights are to be switched on each day shall be decided by the Home Board prior to the match, and the ICC Match Referee shall be duly informed.

2.8.7 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.8.8 The safety of all persons within the ground is of paramount importance to the ICC. In the event of any threatening circumstance, whether actual or perceived (including for example weather, pitch invasions, act of God, etc.), then the umpires, on the advice of the ICC Match Referee, should suspend play and all players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, the ICC Match Referee, the head of the relevant Ground Authority, the head of ground security and/or the police as the circumstances may require.

2.8.9 Where play is suspended under clause 2.8.8 above the decision to abandon or resume play shall be the responsibility of the ICC Match Referee who shall act only after consultation with the head of ground security and the police.

2.9 Position of umpires

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this over-riding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided they inform the captain of the fielding side, the striker and the other umpire.

2.10 Umpires changing ends

The umpires shall change ends after each side has had one completed innings. See clause 13.3 (Completed innings).

2.11 Disagreement and dispute

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also clause 31.6 (Consultation by umpires).

2.12 Umpire's decision

An umpire may alter any decision provided that such alteration is made promptly and does not contradict clause 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 Signals

2.13.1 The following code of signals shall be used by umpires.

2.13.1.1 Signals made while the ball is in play

No ball – by extending one arm horizontally.

Out – by raising an index finger above the head. (If Not out, the umpire shall call Not out.)

Wide – by extending both arms horizontally.

Dead ball – by crossing and re-crossing the wrists below the waist.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in clause 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 – by waving an arm from side to side finishing with the arm across the chest.

Boundary 6 – by raising both arms above the head.

Bye – by raising an open hand above the head.

Commencement of last hour – by pointing to a raised wrist with the other hand.

Five Penalty runs awarded to the batting side – by repeated tapping of one shoulder with the opposite hand.

Five Penalty runs awarded to the fielding side – by placing one hand on the opposite shoulder.

Leg bye – by touching a raised knee with the hand.

New ball – by holding the ball above the head.

Revoke last signal – by touching both shoulders, each with the opposite hand.

Short run – by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.

The following signal is for Level 4 player conduct offences. The signal has two parts, both of which should be acknowledged separately by the scorers.

Level 4 conduct Part 1 – by putting one arm out to the side of the body and repeatedly raising it and lowering it.

Part 2 – by raising an index finger, held at shoulder height, to the side of the body.

2.13.1.4 All the signals in clause 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signalled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

2.13.2.1 If several signals are to be used, they should be given in the order that the events occurred.

2.13.2.2 Where more than one contravention of these Playing Conditions occurs during the same delivery, any sanctions under each clause shall be applied independently, unless otherwise stated. However, where the necessary sanctions contradict one another, the sanctions in respect of the contravention that occurred first shall apply.

2.14 Informing the umpires

Wherever the umpires are to receive information from captains or other players under these Playing Conditions, it will be sufficient for one umpire to be so informed and for them to inform the other umpire.

2.15 Correctness of scores

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled.

The umpires shall ensure that they are able to contact the scorers at any time during the match and at its conclusion to address any issues relating to the correctness of scores.

3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree and consult with the umpires if necessary. See clause 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

4 THE BALL

4.1 Weight and size

The ball, when new, shall weigh not less than 5.5 ounces/156 grams, nor more than 5.75 ounces/163 grams, and shall measure not less than 8.81 inches/22.4 centimetres, nor more than 9 inches/22.9 centimetres in circumference.

4.2 Approval and control of balls

4.2.1 The Home Board shall provide cricket balls of an approved standard for Test cricket and spare used balls for changing during a match, which shall also be of the same brand. Note: The Home Board shall be required to advise the Visiting Board of the brand of ball to be used in the match(es) at least 30 days prior to the start of the match(es).

4.2.2 The fielding captain or his nominee may select the ball with which he wishes to bowl from the supply provided by the Home Board. The fourth umpire shall take a box containing at least six (6) new balls to the dressing room and supervise the selection of the ball.

4.2.3 The umpires shall retain possession of the match ball(s) throughout the duration of the match when play is not actually taking place.

4.2.4 During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket, a drinks interval or any other disruption in play.

4.3 New ball

A new ball shall be used at the start of each innings.

4.4 New ball available after 80 overs

The captain of the fielding side may demand a new ball when the number of overs, excluding any part overs, bowled with the old one is equal to or greater than 80 overs. The umpire shall inform the other umpire and indicate to the batters and the scorers whenever a new ball is taken into play.

4.5 Ball lost or becoming unfit for play

If, during play, the ball cannot be found or recovered or the umpires agree that it has become unfit for play through normal use, the umpires shall replace it with a ball which has had wear comparable with that which the previous ball had received before the need for its replacement. When the ball is replaced, the umpires shall inform the batters and the fielding captain.

However, if the ball needs to be replaced after 110 overs for any of the reasons above, it shall be replaced by a new ball. If the ball is to be replaced, the umpires shall inform the batters, the fielding captain and the scorers.

5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this clause with detailed specifications in paragraph 1 of Appendix B.

5.2 The handle

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in paragraph 1.2.2 of Appendix B.

5.3 The blade

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in clause 5.2 and in paragraph 1.3 of Appendix B.

5.3.2 The blade shall consist solely of wood.

5.4 Protection and repair

Subject to the specifications in paragraph 1.4 of Appendix B. and providing clause 5.5 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 Damage to the ball

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this clause, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 Contact with the ball

In these clauses,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on his hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

5.6.2.1 the bat itself

5.6.2.2 the batter's hand holding the bat

5.6.2.3 any part of a glove worn on the batter's hand holding the bat

5.6.2.4 any additional materials permitted under 5.4

shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 Bat size limits

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 inches/96.52 centimetres.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25 inches/10.8 centimetres

Depth: 2.64 inches/6.7 centimetres

Edges: 1.56 inches/4.0 centimetres

Furthermore, it should also be able to pass through a bat gauge as described in paragraph 1.6 of Appendix B.

5.7.3 The handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in clause 5.4.1 shall not exceed 0.04 inches/0.1 centimetres in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 inches/0.3 centimetres.

5.8 Categories of bat

5.8.1 Type A bats conform to clauses 5.1 to 5.7 inclusive.

5.8.2 Only Type A bats may be used in Test matches.

6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 metres in length and 10 feet/3.05 metres in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 feet/1.52 metres from it. If the pitch is next to an artificial pitch which is closer than 5 feet/1.52 metres from the middle stumps, the pitch on that side will extend only to the junction of the two surfaces. See clauses 8.1 (Description, width and position), 7.2 (The bowling crease) and Appendix C.

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See clauses 2.7 (Fitness for play), 2.8 (Suspension of play in dangerous or unreasonable conditions) and 6.4 (Changing the pitch).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.3.1 The Ground Authority shall ensure that during the period prior to the start of play and during intervals, the pitch area shall be roped off so as to prevent unauthorised access. (The pitch area shall include an area at least 2 metres either side of the playing pitch and behind the bowling crease at each end of the pitch.)

6.3.2 The fourth umpire shall ensure that, prior to the start of play and during any intervals, only authorised staff, the ICC match officials, players, team coaches and authorised television personnel shall be allowed access to the pitch area. Such access shall be subject to the following limitations:

6.3.2.1 Only captains and team coaches may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.3.2.2 Access to the pitch area by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.3.2.3 No spiked footwear shall be permitted.

6.3.2.4 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.3.2.5 Access shall not interfere with pitch preparation.

6.3.3 In the event of any dispute, the ICC Match Referee will rule and their ruling will be final.

6.4 Changing the pitch

6.4.1 If the on-field umpires decide that it is dangerous or unreasonable for play to continue on the match pitch, they shall stop play and immediately advise the ICC Match Referee.

6.4.2 The on-field umpires and the ICC Match Referee shall then consult with both captains.

6.4.3 If the captains agree to continue, play shall resume.

6.4.4 If the decision is not to resume play, the on-field umpires together with the ICC Match Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the ICC Match Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.

6.4.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned as a draw.

6.4.6 If the abandonment occurs on the first scheduled day of the match, the ICC Match Referee shall consult with the Home Board with the objective of finding a way for a new match (including a new nomination of teams and toss) to commence on the same date and venue. Such a match may be played either on the repaired pitch or on another pitch, subject to the ICC Match Referee and the relevant Ground Authority both being satisfied that the new pitch will be of the required Test standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 12 (Start of play; cessation of play.

6.4.7 If it is not possible to start a new match on the scheduled first day of the original match, the relevant officials from the participating Boards shall agree on whether the match can be replayed within the existing tour schedule.

6.4.8 Throughout the above decision-making processes, the ICC Match Referee shall keep informed both captains and the head of the Ground Authority. The head of the Ground Authority shall ensure that suitable and prompt public announcements are made.

6.5 Non-turf pitches

6.5.1 All Test matches shall be played on natural turf pitches.

6.5.2 The use of PVA and other adhesives in the preparation of pitches is not permitted.

6.6 Junior Cricket

Shall not apply.

7 THE CREASES

7.1 The creases

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in clauses 7.2, 7.3 and 7.4, at each end of the pitch. See paragraph 1 of Appendix C.

7.2 The bowling crease

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in clause 6.1 (Area of pitch). It shall be 8 feet 8 inches/2.64 metres in length.

7.3 The popping crease

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 feet/1.22 metres from it. The popping crease shall be marked to a minimum of 25 feet/7.5 metres on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 feet 4 inches/1.32 metres either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 feet/2.44 metres behind it and shall be considered to be unlimited in length.

8 THE WICKETS

8.1 Description, width and position

Two sets of wickets shall be positioned opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 inches/22.86 centimetres wide and shall consist of three (3) wooden stumps with two (2) wooden bails on top. See paragraph 2 of Appendix B.

8.2 Size of stumps

The tops of the stumps shall be 28 inches/71.12 centimetres above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 inches/3.50 centimetres nor more than 1.5 inches/3.81 centimetres. See paragraph 2 of Appendix B.

For televised matches the Home Board may provide a slightly larger cylindrical stump to accommodate the stump camera. When the larger stump is used, all three stumps must be exactly the same size.

8.3 The bails

8.3.1 The bails, when in position on top of the stumps,

– shall not project more than 0.5 inches/1.27 centimetres above them.

– shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications. See paragraph 2 of Appendix B.

Overall length 4.32 inches/10.96 centimetres

Length of barrel 2.13 inches/5.40 centimetres

Longer spigot 1.38 inches/3.50 centimetres

Shorter spigot 0.81 inches/2.06 centimetres

8.3.3 The two spigots and the barrel shall have the same centre line.

8.3.4 Devices aimed at protecting player safety by limiting the distance that a bail can travel off the stumps will be allowed, subject to the approval of the Home Board and the ICC.

8.4 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See clause 29.5 (Dispensing with bails).

8.5 LED wickets

The use of approved LED wickets is permitted. Refer also to paragraphs 3.8.1.6 and 4.2 of Appendix D.

9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in clauses 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling

During the match, the pitch may be rolled at the request of the captain of the batting side for a period of not more than seven (7) minutes before the start of each innings, other than the first innings of the match, and before the start of each subsequent day's play. See clause 9.1.4.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than seven (7) minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

If there is more than one roller available the captain of the batting side shall choose which one is to be used.

9.1.4 Timing of permitted rolling

The rolling permitted (maximum seven (7) minutes) before play begins on any day shall be started not more than 30 minutes before the time scheduled or rescheduled for play to begin. The captain of the batting side may, however, delay the start of such rolling until not less than 10 minutes before the time scheduled or rescheduled for play to begin.

The following shall apply in addition to clause 9.1:

9.1.5 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. Thereafter and throughout the match the drying of the outfield may be undertaken at any time by the Ground Authority, but the drying of the affected area of the pitch shall be carried out only on the instructions and under the supervision of the umpires. The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

9.1.6 The umpires may instruct the Ground Authority to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

9.1.7 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

9.2 Clearing debris from the pitch

9.2.1 The pitch shall be cleared of any debris by hand, broom, besom, or blower

9.2.1.1 before the start of each day's play. This shall be after the completion of mowing and before any rolling, not earlier than 30 minutes nor later than 10 minutes before the time or any rescheduled time for start of play.

9.2.1.2 between innings. This shall precede rolling if any is to take place.

9.2.1.3 at all intervals for drinks and meals.

9.2.2 The clearance of debris in clause 9.2.1 shall be done unless the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

9.2.3 In addition to clause 9.2.1, debris may be cleared from the pitch by hand, without sweeping, before mowing and whenever either umpire considers it necessary. All debris is to be cleared prior to mowing or rolling.

9.3 Mowing

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.3.1.2 All subsequent mowings shall be carried out under the supervision of the umpires.

9.3.2 The pitch and outfield

In order that throughout the match, the ground conditions should be as nearly the same for both sides as possible, both the pitch and the outfield shall be mown on each day of the match on which play is expected to take place, if ground and weather conditions permit.

If, for reasons other than conditions of ground or weather, complete mowing of the outfield is not possible, the Ground Authority shall notify the captains and umpires of the procedure to be adopted for such mowing during the match.

9.3.3 Timing of mowing

9.3.3.1 Mowing of the pitch on any day shall be completed not later than 30 minutes before the time scheduled or rescheduled for play to begin on that day, before any clearing of debris prior to rolling. If necessary, debris may be removed from the pitch before mowing, by hand. See clause 9.2.3.

9.3.3.2 Mowing of the outfield on any day shall be completed not later than 15 minutes before the time scheduled or rescheduled for play to begin on that day.

9.4 Watering the pitch

The pitch shall not be watered during the match.

9.5 Re-marking creases

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 Maintenance of footholes

The umpires shall ensure that the holes made by the bowlers and batters are cleaned out and dried whenever necessary to facilitate play.

The umpires shall allow, if necessary, the returfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

In addition, the umpires shall see that wherever possible and whenever it is considered necessary, action is taken during all intervals in play to do whatever is practicable to improve the bowler's footholes. As soon as possible after the conclusion of each day's play, bowler's footholes will be repaired.

9.7 Securing of footholds and maintenance of pitch

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that clause 41 (Unfair play) is not contravened.

9.8 Watering the outfield

The watering of the outfield will be permitted during the match subject to the following:

9.8.1 Such watering shall only be possible if the 'watering plan' is requested by the Ground Authority and approved by the umpires before the match has started. Once the match has started, any such request will not be considered.

9.8.2 The consent of the captains is not required, but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

9.8.3 The watering shall occur as soon as possible after the conclusion of the day's play.

9.8.4 The watering shall only be carried out to the extent that it is necessary to retain the good condition of the outfield.

9.8.5 The square and bowlers' run ups will be adequately covered prior to any watering taking place.

9.8.6 All ongoing matters of interpretation and implementation of watering requirements and regulations shall be resolved between the umpires and the Ground Authority, but with the umpires retaining ultimate discretion over whether to approve any watering.

9.9 Protection and preparation of adjacent pitches during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.9.1 Such measures will only be possible if requested by the Ground Authority and approved by the umpires before the start of the match.

9.9.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.9.3 The preparation work shall be carried out under the supervision of the fourth umpire.

9.9.4 Any necessary watering shall be carried out only to the extent necessary for such preparations and shall not be permitted in circumstances which may in any way affect the match pitch.

9.9.5 The consent of the captains is not required but the umpires shall advise both captains and the ICC Match Referee before the start of the match on what has been agreed.

10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

The pitch shall be entirely protected against rain up to the commencement of play.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in clauses 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

The pitch shall be entirely protected against rain up to the commencement of play each day, and for the duration of the period of the match. It shall be wholly covered at the termination of each day's play or providing the weather is fine, within a period of two hours thereafter.

The covers must totally protect the pitch and also the pitch surroundings, to a minimum of five (5) metres either side of the pitch, and any worn or soft areas in the outfield.

The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including 'hessian' or 'scrim' covers used to protect the pitch against the sun) shall be removed not later than 2.5 hours before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals.

- The period between the close of play on one day and the start of the next day's play.
- Intervals between innings.
- Intervals for meals.
- Intervals for drinks.
- Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of clause 24.2.6 (fielder absent or leaving the field of play).

11.2 Duration of intervals

11.2.1 An interval for lunch or tea shall be of the duration detailed below, taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.2.1.1 Lunch interval: The interval shall be of 40 minutes' duration.

11.2.1.2 Tea interval: The interval shall be of 20 minutes' duration.

11.2.1.3 Home Boards, with the consent of the visiting Board, may seek the approval of the ICC to amend the duration of these two intervals, provided the combined scheduled duration of the two intervals shall be equal to 60 minutes.

11.2.2 An interval between innings shall be 10 minutes, commencing from the close of an innings until the call of Play for the start of the next innings. See, however, clauses 11.3, 11.5 and 11.6.

11.3 Allowance for interval between innings

In addition to the provisions of clauses 11.5 and 11.6,

11.3.1 if an innings ends when 10 minutes or less remains before the time agreed for close of play, or when there are less than two overs remaining to complete the minimum over requirement on any day, whichever is applicable, there shall be no further play on that day. No change shall be made to the time for the start of play on the following day on account of the 10-minute interval between innings.

11.3.2 if a captain declares an innings closed during an interruption in play of more than 10 minutes' duration, provided that at least 10 minutes remain of the interruption, no adjustment shall be made to the time for resumption of play on account of the 10-minute interval between innings, which shall be considered as included in the interruption. If less than 10 minutes remain of the interruption when the captain declares the innings closed, or forfeits an innings, the next innings shall commence 10 minutes after the declaration or forfeiture is made.

11.3.3 if a captain declares an innings closed during any interval other than an interval for drinks, provided that at least 10 minutes remain of the interval, the interval shall be of the agreed duration and shall be considered to include the 10-minute interval between innings. If less than 10 minutes remain of the interval when the captain declares the innings closed, or forfeits an innings, the interval shall be extended as necessary and the next innings shall commence 10 minutes after the declaration or forfeiture is made.

11.4 Changing agreed times of intervals

If, at any time during the match,

either playing time is lost through adverse conditions of ground, weather or light or in exceptional circumstances,

or the players have occasion to leave the field other than at a scheduled interval,

the time of the lunch interval or of the tea interval may be changed if the two umpires and both captains so agree, providing the requirements of clauses 11.2, 11.5, 11.6, 11.7 and 11.8.3 are not contravened.

11.5 Changing agreed time for lunch interval

11.5.1 If an innings ends when 10 minutes or less remain before the agreed time for lunch, the interval shall be taken immediately. It shall be of the agreed duration and shall be considered to include the 10-minute interval between innings.

11.5.2 If because of adverse conditions of ground, weather or light, or in exceptional circumstances, a stoppage occurs when 10 minutes or less remain before the agreed time for lunch, then, whether or not agreement is reached in the circumstances of clause 11.4, the interval shall be taken immediately. It shall be of the agreed duration. Play shall resume at the end of this interval or as soon after as conditions permit.

11.5.3 If the players have occasion to leave the field for any reason when more than 10 minutes remain before the agreed time for lunch, then, unless the umpires and captains together agree to alter it, lunch shall be taken at the agreed time.

11.6 Changing agreed time for tea interval

11.6.1 If an innings ends when 30 minutes or less remain before the agreed time for tea, the interval shall be taken immediately. It shall be of the agreed duration and shall be considered to include the 10-minute interval between innings.

11.6.2 If, when 30 minutes remain before the agreed time for tea, an interval between innings is already in progress, play shall resume at the end of the 10-minute interval, if conditions permit.

11.6.3 If, because of adverse conditions of ground, weather or light, or in exceptional circumstances, a stoppage occurs when 30 minutes or less remain before the agreed time for tea, then unless there is an agreement to change the time for tea, as permitted in clause 11.4, the interval shall be taken immediately. The interval shall be of the agreed duration. Play shall resume at the end of the interval or as soon after as conditions permit.

11.6.4 If a stoppage is already in progress when 30 minutes remain before the agreed time for tea, clause 11.4 shall apply.

11.7 Lunch or tea interval – nine (9) wickets down

For the lunch interval and for the tea interval, if

either nine (9) wickets are already down when three (3) minutes remain to the scheduled time for the interval,

or the ninth (9th) wicket falls within these three (3) minutes, or at any time up to and including the final ball of the over in progress at the scheduled time for the interval,

then the provisions of clause 12.5.2 shall not apply and the interval will not be taken until the end of the over that is in progress 30 minutes after the originally agreed time for the interval, unless the players have cause to leave the field of play or the innings is completed earlier.

However, if at the conclusion of this additional 30 minutes, a small number of runs are required to win the match, and both captains wish to continue playing in order to achieve a definite result, play will continue until either the match concludes or the players have cause to leave the field for any other reason.

For the purposes of this section of the Playing Conditions, the retirement of a batter is not to be considered equivalent to the fall of a wicket.

11.8 Intervals for drinks

11.8.1 Drinks intervals shall be scheduled. Each interval shall be kept as short as possible and in any case shall not exceed four (4) minutes.

11.8.1.1 There shall be one drinks interval during each session of play, scheduled at the mid-point of the session.

11.8.1.2 Under conditions of extreme heat the umpires may permit extra intervals for drinks during each session.

11.8.1.3 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken on to the field without the permission of the umpires. Any player taking drinks on to the field shall be dressed in proper cricket attire (subject to the wearing of bibs – refer to the note in clause 24.1.4).

11.8.2 A drinks interval shall be taken at the end of the over in progress when the agreed time is reached. If, however, a wicket falls or a batter retires within five (5) minutes of the agreed time, then drinks shall be taken immediately.

No other variation in the timing of drinks intervals shall be permitted except as provided for in clause 11.8.3.

11.8.3 If an innings ends or the players have to leave the field of play for any other reason within 30 minutes of the agreed time for a drinks interval, the umpires and captains together may rearrange the timing of drinks intervals in that session.

11.8.4 Intervals for drinks may not be taken during the last hour of the match, as defined in clause 12.6 (Last hour of match – number of overs). Subject to this limitation, the captains and umpires shall agree the times for such intervals, if any, before the toss and on each subsequent day not later than 10 minutes before play is scheduled to start.

11.9 Agreement to forgo intervals

At any time during the match, the captains may agree to forgo any of the drinks intervals. The umpires shall be informed of the decision.

When play is in progress, the batters at the wicket may deputise for their captain in making an agreement to forgo a drinks interval in that session.

11.10 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this clause.

12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time when the ball is dead, at the start of any interval or interruption of play, or as required by these Playing Conditions. See also clause 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, except at the start of the drinks interval, the bails shall be removed from both wickets.

12.4 Starting a new over

Another over shall always be started at any time during the match, unless an interval is to be taken in the circumstances set out in clause 12.5.2, if the umpire, walking at normal pace, has arrived at the position behind the stumps at the bowler's end before the time agreed for the next interval, or for the close of play, has been reached.

12.5 Completion of an over

Other than at the end of the match,

12.5.1 if the agreed time for an interval is reached during an over, the over shall be completed before the interval is taken, except as provided for in clause 12.5.2.

12.5.2 when less than three (3) minutes remains before the time agreed for the next interval, the interval shall be taken immediately if

– either a batter is dismissed or retires, other than at the end of a day's play, in which case the over shall be completed or

– the players have occasion to leave the field

whether this occurs during an over or at the end of an over. Except at the end of an innings, if an over is thus interrupted it shall be completed on the resumption of play.

12.6 Conclusion of match

12.6.1 The match is concluded

12.6.1.1 as soon as a result as defined in clauses 16.1 to 16.5 (The result) is reached.

12.6.1.2 as soon as both

– the minimum number of overs for the last hour have been completed, and

– the agreed time for close of play is reached,

unless a result is reached earlier.

12.6.2 The match is concluded if, without a conclusion having been reached under 12.6.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.7 Hours of play; minimum overs requirement

The Home Board shall determine the hours of play, subject to there being six (6) hours scheduled play per day, and subject to:

12.7.1 Minimum overs in the day

Subject to clause 12.7.2 below:

12.7.1.1 On days other than the last day, play shall continue on each day until the completion of a minimum target of 90 overs (or a minimum of 15 overs per hour) or the completion of the scheduled or rescheduled cessation time, whichever is the later, but provided that play shall not continue for more than 30 minutes beyond the scheduled or

rescheduled cessation time (permitted overtime). For the sake of clarity, if any of the minimum target number of overs have not been bowled at the completion of the permitted overtime, play shall cease upon completion of the over in progress. The overs not bowled shall not be made up on any subsequent day.

12.7.1.2 On the last day, a minimum of 75 overs (or a minimum of 15 overs per hour) shall be bowled during the playing time, other than the last hour of the match, where clause 12.7.6 below shall apply. If any of the minimum of 75 overs, or as recalculated, have not been bowled when one hour of the scheduled playing time remains, the last hour of the match for the purposes of clause 12.7.6 shall be the hour immediately following the completion of these overs.

12.7.2 Reduction in minimum overs

Except in the last hour of the match, for which clause 12.7.6 makes provision, if play is suspended due to adverse weather or light or any other reason (other than normal intervals) for more than one hour on any day, the minimum number of overs shall be reduced by one over for each full four (4) minutes of the aggregate playing time lost. For the avoidance of doubt, the aggregate of one hour shall be inclusive of any time that may have been brought forward from previous days due to playing time lost on such previous days under clause 12.7.3.2 below.

12.7.3 Making up lost time

12.7.3.1 On the day

Subject to weather and light, except in the last hour of the match, in the event of play being suspended for any reason other than normal intervals, the playing time on that day shall be extended by the amount of time lost up to a maximum of one hour. For the avoidance of doubt, the maximum of one hour shall be inclusive of any time that may have been added to the scheduled playing time due to playing time having been lost on previous days under clause 12.7.3.2 below.

12.7.3.2 On subsequent days

If any time is lost and cannot be made up under clause 12.7.3.1 above, additional time of up to a maximum of 30 minutes per day shall be added to the scheduled playing hours for the next day and subsequent day(s) as required (to make up as much lost time as possible).

12.7.3.3 On the last day only (refer to Appendix E)

Clause 12.7.3.1 applies. However, for the purposes of this clause, the definition of playing time shall exclude the last hour. No time is made up in respect of any interruptions that commence after the start of the last hour.

Should play be interrupted prior to the last hour being signalled, the playing time lost will be made up (subject to the maximum of one hour described in (a) above) with the previously scheduled time for the last hour being updated to reflect the time made up during this interruption.

In order to determine the minimum overs to be bowled prior to the last hour and the rescheduled starting time for the last hour, it is necessary to complete the template in Appendix E.

12.7.3.4 For day/night Test matches, the participating teams may agree on the following:

- the maximum amount of make-up time to be used on the day up to no more than one hour;
- the maximum make-up time to be added to subsequent days up to no more than 30 minutes per day; and
- when the make-up time is to be allocated across subsequent days.

12.7.4 Change of intervals

12.7.4.1 If play has been suspended for any reason other than normal intervals for 30 minutes or more prior to the commencement of the scheduled or rescheduled tea interval on that day, the tea interval shall be delayed for 30 minutes.

12.7.4.2 Notwithstanding the provisions of clause 12.7.4.1 above, the timings of intervals can be altered under clause 11.4 (Changing agreed times of intervals) at any time on any day if playing time has been lost irrespective of whether the time has been lost on that day or on any previous days.

12.7.5 Change of innings

Where there is a change of innings during a day's play (except where the change of innings occurs at lunch or tea or when play is suspended for any reason), two overs will be deducted from the minimum number of overs to be bowled.

The over in progress at the end of an innings is regarded as a completed over for the purposes of determining the minimum number of remaining overs to be bowled in the day, except when the change of innings occurs in the last hour of the match (see clause 12.12.3).

12.7.6 Last hour

A minimum of 15 overs shall be bowled in the last hour and all calculations with regard to suspensions of play or the start of a new innings shall be based on one over for each full four (4) minutes (refer to clause 12.7.9 below).

On the final day, if both captains (the batters at the wicket may act for their captain) accept that there is no prospect of either side achieving a victory, they may agree to finish the match after:

– the time for the commencement of the last hour has been reached, or

– there is a minimum of 15 overs to be bowled,

Whichever is the later.

12.7.7 Notwithstanding any other provision, there shall be no further play on any day, other than the last day if the players have occasion to leave the field during the last minimum over within three (3) minutes of the scheduled cessation time or thereafter. This shall also apply to the additional time permitted in order to complete the minimum over requirement for the day. If an over is interrupted in these circumstances, stumps shall be drawn for the day and the over shall be completed on the resumption of play.

12.7.8 An over completed on resumption of a new day's play shall be disregarded in calculating minimum overs for that day.

12.7.9 Stumps drawn

Except on the final day:

12.7.9.1 In the event of play being suspended for any reason at or after the most recently scheduled or rescheduled cessation time, stumps shall be drawn upon play being suspended.

12.7.9.2 In the event of the players already being off the field for a suspension of play at the most recently rescheduled cessation time, then stumps will be drawn at that time.

12.7.10 The scoreboard shall show:

12.7.10.1 the total number of overs bowled with the ball currently in use; and

12.7.10.2 the minimum number of overs remaining to be bowled in a day.

12.7.11 Penalties shall apply for slow over rates (refer to the ICC Code of Conduct and see clause 12.9 below).

12.7.12 Day/night Test matches

Home Boards may, prior to the commencement of a Test, and with the agreement of the Visiting Board, seek the approval of the ICC to play the match as a day/night Test. In such a case, the hours of play shall be determined by agreement between the Home Board and the Visiting Board subject to there being six (6) hours' scheduled play per day.

12.8 Extra time

12.8.1 At the end of the day

The umpires may decide to play 30 minutes (a minimum of eight (8) overs) extra time at the end of any day (other than the last day) if requested by either captain if, in the umpires' opinion, it would bring about a definite result on that day. This is in addition to the additional time provided for in clause 12.7.3 above. If the umpires do not believe a result can be achieved, no extra time shall be allowed.

If it is decided to play such extra time on one or more of these days, the whole period shall be played out even though the possibility of finishing the match may have disappeared before the full period has expired.

If at the conclusion of this extra time, a small number of runs are required to win the match and both captains wish to continue playing in order to achieve a definite result on that day, play will continue until either the match concludes or the players have cause to leave the field for any other reason.

Only the actual amount of playing time by which play is extended on any day shall be deducted from the total number of hours of play remaining, and the match shall end earlier on the final day by the amount of time by which play was previously extended under this clause.

12.8.2 At the lunch or tea interval

The umpires may decide to extend play by 15 minutes (a minimum of four (4) overs) at the scheduled lunch or tea interval of any day if requested by either captain if, in the umpires' opinion, it would bring about a definite result in that session. If the umpires do not believe a result can be achieved no extra time shall be allowed.

If it is decided to extend play, the whole period shall be played out even though the possibility of finishing the match may have disappeared before the full period has expired.

If at the conclusion of this extra time, a small number of runs are required to win the match and both captains wish to continue playing in order to achieve a definite result prior to the scheduled interval, play will continue until either the match concludes or the players have cause to leave the field for any other reason.

The following session of play shall be reduced by the amount of time by which play was previously extended under this clause.

12.8.3 For the avoidance of doubt, clause 11.7 shall still apply subsequent to the application of this clause, i.e. when nine (9) wickets are down following the extra 15 minutes. However, this clause shall not apply when clause 11.7 has already been applied, i.e. the 15 minutes shall not be added at the end of 30 minutes' extra time.

12.9 Minimum over rates

12.9.1 The minimum over rate to be achieved in Test matches shall be 15 overs per hour.

12.9.2 The actual over rate shall be calculated at the end of the match by the umpires and shall be the average rate that is achieved by the fielding team across both of the batting team's innings.

12.9.3 In calculating the actual over rate for the match, allowances will be given as follows:

12.9.3.1 the time lost as a result of treatment given to a player by authorised medical personnel on the field of play;

12.9.3.2 the time lost as a result of a player being required to leave the field as a result of a serious injury;

12.9.3.3 the time taken for all third umpire referrals and consultations and any umpire or player reviews;

12.9.3.4 the time lost as a result of time wasting by the batting side;

12.9.3.5 the time lost due to all other circumstances that are beyond the control of the fielding side;

12.9.3.6 two (2) minutes per wicket taken, provided that such wicket results in the subsequent batters immediately commencing his innings (for the avoidance of any doubt, no time allowance will be given for the final wicket of an innings or where a wicket falls immediately prior to any interval); and

12.9.3.7 four (4) minutes per drinks break taken.

12.9.4 The following conditions shall also be factored into the over rate calculation at the end of the match:

12.9.4.1 If the fielding team bowls out the batting team in 80 overs or less in any particular innings and the Minimum Over Rate requirement for that innings has not been exceeded (taking into account all of the time allowances described above), no account shall be taken of the actual over rate in that innings when calculating the actual over rate at the end of such match.

12.9.4.2 If the fielding team bowls out the batting team twice and has not completed more than 160 overs in total across both of its fielding innings, no sanction may be imposed in respect of a breach of clause 12.9.1.

12.9.4.3 if the fielding team has not completed more than 80 overs in a match, no sanction may be imposed in respect of a breach of clause 12.9.1.

12.9.5 The current over rate of the fielding team (+/- overs compared to the minimum rate required), shall be advised by the third umpire every 30 minutes as a minimum, and shall be displayed on a scoreboard or replay screen at regular intervals.

12.9.6 If, at the end of the match, the over rate calculation determines that a team has bowled one or more overs less than the minimum over rate requirement, that team will incur one Penalty Over for each full over the team falls short of its minimum over rate required in a match.

12.9.7 A team will have one (1) World Test Championship competition point deducted from its points total for each Penalty Over it incurs during the round stage.

12.10 Last hour of match – number of overs

The bowler's end umpire shall indicate the commencement of these 15 overs to the players and to the scorers. The period of play thereafter shall be referred to as the last hour, whatever its actual duration.

During an uninterrupted last hour, play will continue until the end of the over in progress when 60 minutes have been played, or until 15 overs have been bowled, whichever is later.

12.11 Last hour of match – interruptions of play

If there is an interruption in play during the last hour of the match, the minimum number of overs to be bowled shall be reduced from 15 as follows:

12.11.1 The time lost for an interruption is counted from the call of Time until the time for resumption as decided by the umpires.

12.11.2 One over shall be deducted for every complete four (4) minutes of time lost.

12.11.3 In the case of more than one such interruption, the minutes lost shall not be aggregated; the calculation shall be made for each interruption separately.

12.11.4 If, when one hour of playing time remains, an interruption is already in progress

12.11.4.1 only the time lost after this moment shall be counted in the calculation.

12.11.4.2 the over in progress at the start of the interruption shall be completed on resumption and shall not count as one of the minimum number of overs to be bowled.

12.11.5 If, after the start of the last hour, an interruption occurs during an over, the over shall be completed on resumption of play. The two part-overs shall between them count as one over of the minimum number to be bowled.

12.12 Last hour of match – intervals between innings

If an innings ends so that a new innings is to be started during the last hour of the match, the interval starts with the end of the innings and is to end 10 minutes later.

12.12.1 If this interval is already in progress at the start of the last hour then, to determine the number of overs to be bowled in the new innings, calculations are to be made as set out in clause 12.11.

12.12.2 If the innings ends after the last hour has started, two calculations are to be made, as set out in clauses 12.12.3 and 12.12.4. The greater of the numbers yielded by these two calculations is to be the minimum number of overs to be bowled in the new innings.

12.12.3 Calculation based on overs remaining:

- At the conclusion of the innings, the number of overs that remain to be bowled, of the minimum in the last hour, to be noted.
- If this is not a whole number, it is to be rounded up to the next whole number.
- Two overs, for the interval, to be deducted from the resulting number to determine the number of overs still to be bowled.

12.12.4 Calculation based on time remaining:

- At the conclusion of the innings, the time remaining until the agreed time for close of play to be noted.
- 10 minutes, for the interval, to be deducted from this time to determine the playing time remaining.
- A calculation to be made of one over for every complete four (4) minutes of the playing time remaining, plus one more over if a further part of four (4) minutes remains.

12.13 Completion of last over of match

The over in progress at the close of play on the final day shall be completed unless

either a result has been reached

or the players have occasion to leave the field.

In this case there shall be no resumption of play except in the circumstances of clause 16.7 (Mistakes in scoring) and the match shall be at an end.

12.14 Bowler unable to complete an over during last hour of match

If, for any reason, a bowler is unable to complete an over during the last hour, clause 17.8 (Bowler incapacitated or suspended during an over) shall apply. The separate parts of such an over shall count as one over of the minimum to be bowled.

13 INNINGS

13.1 Number of innings

A match shall be two innings for each side.

13.2 Alternate innings

Each side shall take their innings alternately, except in the cases provided for in clause 14 (The follow-on) or in clause 15.2 (Forfeiture of an innings).

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the captain declares the innings closed.

13.3.4 the captain forfeits the innings.

13.4 The toss

The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of the ICC Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play. Note, however, the provisions of clause 1.3 (Captain).

13.5 Decision to be notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

13.6 Duration of match

Matches shall be of five days' scheduled duration.

14 THE FOLLOW-ON

14.1 Lead on first innings

14.1.1 The side that bats first and leads by at least 200 runs shall have the option of requiring the other side to follow their innings.

14.1.2 The same option shall be available in matches of shorter duration with the minimum leads as follows:

– 150 runs in a match of three or four days;

– 100 runs in a two-day match;

– 75 runs in a one-day match.

14.2 Notification

A captain shall notify the opposing captain and the umpires of his intention to take up this option. Once notified, the decision cannot be changed.

14.3 First day's play lost

If no play takes place on the first day of a match, clause 14.1 shall apply in accordance with the number of days remaining from the start of play. The day on which play first commences shall count as a whole day for this purpose, irrespective of the time at which play starts.

Play will have taken place as soon as, after the call of Play, the first over has started. See clause 17.2 (Start of an over).

15 DECLARATION AND FORFEITURE

15.1 Time of declaration

With the exception of the final innings of the match, the captain of the side batting may declare an innings closed, when the ball is dead, at any time during the innings. A declared innings shall be considered to be a completed innings.

15.2 Forfeiture of an innings

With the exception of the final innings of the match, a captain may forfeit either of his side's innings at any time before the commencement of that innings. A forfeited innings shall be considered to be a completed innings.

15.3 Notification

A captain shall notify the opposing captain and the umpires of any decision to declare or to forfeit an innings. Once notified, the decision cannot be changed.

16 THE RESULT

16.1 A Win

The side that has scored a total of runs in excess of that scored in the two completed innings of the opposing side shall win the match. See clause 13.3 (Completed innings). Note also clause 16.4 (Winning hit or extras).

16.2 ICC Match Referee awarding a match

16.2.1 A match shall be lost by a side which either

16.2.1.1 concedes defeat or

16.2.1.2 in the opinion of the ICC Match Referee refuses to play and the ICC Match Referee shall award the match to the other side.

16.2.2 If an umpire considers that an action by any player or players might constitute a refusal by either side to play then the umpire shall call time, and the umpires together shall inform the ICC Match Referee of this fact. The ICC Match Referee shall together with the umpires ascertain the cause of the action. If the ICC Match Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, they shall so inform the captain of that side. If the captain persists in the action the ICC Match Referee shall award the match in accordance with clause 16.2.1.2 above.

16.2.3 If action as in clause 16.2.2 above takes place after play has started and does not constitute a refusal to play:

16.2.3.1 Playing time lost shall be counted from the start of the action until play recommences, subject to intervals (clause 11) and suspensions of play (clause 2.8).

16.2.3.2 The time for close of play on that day shall be extended by this length of time, subject to clause 2.8 (Suspension of play in dangerous and unreasonable conditions) and the provisions of clause 12.7.

16.2.3.3 If applicable, no overs shall be deducted during the last hour of the match solely on account of this time.

In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the ICC Code of Conduct.

16.3 All other matches – A Tie or Draw

16.3.1 A Tie

The result of a match shall be a Tie when all innings have been completed and the scores are equal.

16.3.2 A Draw

The result of a match shall be a Draw when it is not determined in any of the ways stated in clauses 16.1, 16.2 or 16.3.1.

16.4 Winning hit or extras

16.4.1 As soon as a result is reached as defined in clauses 16.1, 16.2 or 16.3.1, the match is at an end. Nothing that happens thereafter, except as in clause 41.17 (Penalty runs), shall be regarded as part of it. Note also clause 16.7.

16.4.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batters before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.4.3 If a boundary is scored before the batters have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.5 Statement of result

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall.

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of five (5) Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.6 Correctness of result

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See clause 2.15 (Correctness of scores).

16.7 Mistakes in scoring

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to clause 16.8, they shall adopt the following procedure.

16.7.1 If, when the players leave the field, the side batting last has not completed its innings and

either the number of overs to be bowled in the last hour, or in that innings, has not been completed, or

the agreed time for close of play, or for the end of the innings, has not been reached,

then, unless one side concedes defeat, the umpires shall order play to resume.

Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed and either time for close of play has been reached or the allotted time for the innings has expired, as appropriate. The number of overs and time remaining shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.7.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.8 Result not to be changed

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

16.9 Competition format

16.9.1 The ICC World Test Championship will be contested by nine (9) teams:

Australia	India	South Africa
Bangladesh	New Zealand	Sri Lanka
England	Pakistan	West Indies

16.9.2 The competition will be contested in two stages: the round stage and the final.

16.9.3 Each team will play six (6) series as part of the round stage, three (3) series at home and three (3) series away.

16.9.4 Each series shall consist of a minimum of two (2) Tests and a maximum of five (5) Tests.

16.9.5 The two (2) highest-placed teams at the end of the round stage will contest the final.

16.10 Points

16.10.1 Points shall be awarded for each match that is played in a series according to the following table:

Match result	Points
Win	12
Tie	6
Draw	4
Loss	0

16.10.2 If a match is abandoned and the pitch and/or outfield is ultimately rated as 'Unfit' under the ICC Pitch and Outfield Monitoring Process, points for that match shall be distributed on the basis that the visiting team won the match and the home team lost the match. Any abandoned match will be classified as a drawn match for statistical purposes.

16.11 Penalty overs – points deduction

16.11.1 Any team that has been unable to maintain the minimum over rate as defined in clause 12.9 will incur one (1) Penalty Over for each full over it is short of the minimum over rate requirement.

16.11.2 A team will have one (1) ICC World Test Championship competition point deducted from its points total for each Penalty Over it incurs during the round stage.

16.12 Points table

16.12.1 The ICC World Test Championship 2025–2027 points table will rank the teams by percentage of available points earned by each team ('points percentage'). The points percentage for a team is calculated as follows:

Points earned for wins, draws or ties as per clause 16.10.1 or 16.10.2
less
Points deducted for over rates as per clause 16.11.2
divided by
Maximum available points [12 times the number of Tests played by the team]

Any matches that do not take place due to the acceptable non-compliance of one or both parties, as defined in the ICC World Test Championship Competition Terms, shall not be taken into account in the calculation of the points percentage.

16.12.2 Where two (2) or more teams have an identical points percentage at the end of the round stage, they will be ordered by the higher number of series wins.

16.12.3 If still equal, they will be ordered by the higher percentage of available points earned by each team in their away matches ('away points percentage'). The away points percentage is calculated using the same formula as in clause 16.12.1, but includes only Tests played as the away team.

16.12.4 If still equal, the team that is ranked in the higher position in the ICC Men's Test Team Rankings as at the final day of the competition window (Friday 30 April 2027) shall be placed higher.

16.13 Qualifying for the final

16.13.1 The ICC World Test Championship Final 2027 shall be contested between the two (2) teams in first and second place on the ICC World Test Championship points table at the conclusion of the competition window on Friday 30 April 2027.

16.13.2 The venue for the ICC World Test Championship Final 2027 will be determined in due course. A reserve day will also be scheduled for the final, to be used if net playing time is lost across the scheduled days of the match.

16.13.3 The full Playing Conditions for the ICC World Test Championship Final 2027 will be prepared and be distributed in early 2027.

17 THE OVER

17.1 Number of balls

The ball shall be bowled from each end alternately in overs of six (6) valid balls.

17.2 Start of an over

An over has started when the bowler starts his run-up or, if there is no run-up, starts his action for the first delivery of that over.

17.3 Validity of balls

17.3.1 A ball shall not count as one of the six (6) balls of the over unless it is delivered, even though, as in clause 38.3 (Non-striker leaving his ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the six (6) balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See clause 20.7 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of clause 20.4.2.6. Note also the special provisions of clause 20.4.2.5 (Umpire calling and signalling Dead ball).

17.3.2.3 if it is a No ball. See clause 21 (No ball).

17.3.2.4 if it is a Wide. See clause 22 (Wide ball).

17.3.2.5 when any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker), or 41.5 (Deliberate distraction, deception or obstruction of a batter) is applied.

17.3.3 Any deliveries other than those listed in clauses 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the six (6) balls of the over.

17.4 Call of Over

When six (6) valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also clause 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after six (6) valid balls have been bowled, the umpire shall subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.5.3 Whenever possible, the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under these Playing Conditions.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated or suspended during an over, the umpire shall call and signal Dead ball. If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that no bowler delivers two overs consecutively, nor delivers parts of each of two consecutive overs, in that innings.

18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batters, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See clause 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See clause 18.6.

18.2 Runs disallowed and runs not scored

Wherever in these Playing Conditions provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A 11) or for the non-award of penalties.

When runs are disallowed, the one run penalty for No ball or Wide shall stand and 5-run penalties shall be allowed, except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

18.3 Short runs

18.3.1 A run is short if a batter fails to make good his ground in turning for a further run. See also clauses 18.4 (Unintentional short runs) and 18.5 (Deliberate short runs).

18.3.2 Although a short run shortens the next one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 Unintentional short runs

Except in the circumstances of clause 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored. In accordance with paragraph 2.5 of Appendix D, the third umpire shall review any call of Short run and communicate their decision to the relevant on-field umpire.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to clauses 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.5 Deliberate short runs

18.5.1 If either umpire considers that one or both batters deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply clause 18.5.2.

18.5.1.1 A deliberate short run is an attempt by the batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end.

18.5.1.2 Provided the umpires believe that there was no intention by the batter concerned to deceive the umpires, it will not be considered a deliberate short run if the batters abandon an attempted run.

18.5.2 The bowler's end umpire shall

– disallow all runs to the batting side

– signal No ball or Wide to the scorers, if applicable

– repeat the Short run signal to the scorers

– award five (5) Penalty runs to the fielding side

– award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side)

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

– instruct the fielding captain to decide which of the batters at the wicket, including the incoming batter if applicable, shall face the next delivery (see clause 18.13 – Batters going to an end determined by players).

18.6 Runs awarded for penalties

Runs shall be awarded for penalties under clauses 18.5 (Deliberate short runs), 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 27.4.2 (Illegal movement by the wicket-keeper), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side), 28.6.3 (Illegal movement by any fielder other than the wicket-keeper), 41 (Unfair play) and 42 (Players' conduct). Note, however, the restrictions on the award of Penalty runs in clauses 18.5 (Deliberate short runs), 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side), 34 (Hit the ball twice), 41.14 (Batter damaging the pitch) and 41.15 (Striker in protected area).

18.7 Runs scored for boundaries

Runs shall be scored for boundary allowances under clause 19 (Boundaries).

18.8 Runs scored when a batter is dismissed

When a batter is dismissed, any runs for penalties awarded to either side shall stand.

No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.

If, however, the obstruction or distraction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

18.9 Runs scored when the ball becomes dead other than at the fall of a wicket

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in these Playing Conditions, any runs for penalties awarded to either side shall be scored. Note however the provisions of clauses 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally, the batting side shall be credited with all runs completed by the batters before the incident or call of Dead ball and the run in progress if the batters had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of clause 41.5.8 (Deliberate distraction, deception or obstruction of batter).

18.10 Crediting of runs scored

Unless stated otherwise in these Playing Conditions,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

– an award of five (5) Penalty runs, which shall be scored as Penalty runs

– the one run penalty for a No ball, which shall be scored as a No ball extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

– all runs scored by the striker

– all runs scored as No ball extras

– all runs scored as Wides.

18.11 Batter returning to original end

18.11.1 When the striker is dismissed in any of the circumstances in clauses 18.11.1.1 to 18.11.1.6, the not out batter shall return to his original end.

18.11.1.1 Bowled.

18.11.1.2 Stumped.

18.11.1.3 Hit the ball twice.

18.11.1.4 LBW.

18.11.1.5 Hit wicket.

18.11.1.6 Caught.

18.11.2 The batters shall return to their original ends when

18.11.2.1 A boundary is scored unless as a result of an overthrow or wilful act of a fielder (see clause 19.8 – Overthrow or wilful act of fielder).

18.11.2.2 Runs are disallowed for any reason except under clause 18.5.2 (see clause 18.13 – Batters going to an end determined by players).

18.11.2.3 They are required to do so under clause 18.13 (Batters going to an end determined by players).

18.12 Batter returning to wicket he has left

18.12.1 When a batter is dismissed in any of the ways in clauses 18.12.1.1 to 18.12.1.2, the not out batter shall return to the wicket he has left but only if the batters had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to his original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out.

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batters shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of clauses 18.11.2.1 to 18.11.2.3 apply, the batters shall return to their original ends.

18.13 Batters going to an end determined by players

18.13.1 When a batter is dismissed Obstructing the field, where the obstruction prevents a catch being taken, the captain of the fielding side shall decide whether the not out batter shall return to the wicket they have left, or the other end.

18.13.2 If the ball becomes Dead under clause 18.5.2 (Deliberate short running), the captain of the fielding side shall decide which batter is to face the next delivery.

18.13.3 If the ball becomes dead under clause 41.5 (Deliberate distraction, deception or obstruction of batter), the batters at the wicket decide which batter is to face the next delivery.

19 BOUNDARIES

19.1 Determining the boundary of the field of play

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See clause 2.3.4 (Consultation with Home Board).

19.1.2 The boundary shall be determined such that no part of any sight-screen, will, at any stage of the match, be within the field of play.

19.1.3 The aim shall be to maximise the size of the playing area at each venue. With respect to the size of the boundaries, no boundary shall be longer than 90 yards (82.29 metres), and no boundary should be shorter than 65 yards (59.43 metres) from the centre of the pitch to be used.

19.1.4 At all times, there must be 3 yards (2.74 metres) from the boundary rope to the first solid object (advertising boards/LEDs, photographers, cameramen, dugouts, covers, perimeter fence) for the player's safety run off.

19.1.5 If the boundary is positioned less than 90 yards (82.29 metres) from the centre of the pitch, the boundary rope cannot be set at a distance of more than 10 yards (9.14 metres) from the perimeter fence. The 10 yards shall be inclusive of the 3 yards (2.74 metres) provided for the player's safety run off.

19.1.6 Any ground which has previously been approved to host international cricket which is unable to conform to the minimum boundary dimension shall be exempt. In such cases the boundary shall be positioned so as to maximise the size of the playing area.

19.2 Identifying and marking the boundary

19.2.1 All boundaries must be designated by a rope, or similar object of a minimum standard as authorised by the ICC from time to time.

19.2.2 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.3 An obstacle within the field of play shall not be regarded as a boundary unless so determined by the umpires before the toss. See clause 2.3.4 (Consultation with Home Board).

19.2.4 If an unauthorised person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batter is liable to be out as a result of the unauthorised person handling the ball. See also clause 20.4.2.12 (Umpire calling and signalling Dead ball).

19.3 Restoring the boundary

If a solid object used to mark the boundary is disturbed for any reason, then:

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.4 Ball grounded beyond the boundary

19.4.1 The ball in play is grounded beyond the boundary if it touches

– the boundary or any part of an object used to mark the boundary;
– the ground beyond the boundary;
– any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

– a fielder, grounded beyond the boundary as in clause 19.5, touches the ball;
– a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 Fielder grounded beyond the boundary

19.5.1 A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

– the boundary or any part of an object used to mark the boundary;

– the ground beyond the boundary;

– any object that is in contact with the ground beyond the boundary;

– another fielder who is grounded beyond the boundary.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, he may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or on to the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 Boundary allowances

19.6.1 Six (6) runs shall be allowed for a boundary 6; and four (4) runs for a boundary 4. See also clause 19.7.

19.7 Runs scored from boundaries

19.7.1 A boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A boundary 4 will be scored when a ball that is grounded beyond the boundary

– whether struck by the bat or not, was first grounded within the boundary, or

– has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of clause 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary.

19.7.3.2 the runs completed by the batters together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in clause 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of clause 18.12.2.

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

19.8.1 Runs scored from an overthrow or wilful act of fielder

If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batters at the instant of the throw or wilful act of the fielder and the run in progress if the batters had already crossed at the instant of the throw or wilful act of the fielder.

Clause 18.12.2 (Batter returning to wicket he has left) shall apply as from the instant of the throw or act.

19.8.2 Definition of an overthrow or wilful act of fielder

19.8.2.1 A boundary results from an overthrow if, in the opinion of the umpire, in an attempt to Run out the batter or prevent further run-scoring, a fielder directs the ball towards the wickets, and the ball subsequently crosses the boundary.

19.8.2.2 It is not to be considered an overthrow if the ball crosses the boundary as a result of

– a fielder attempting to stop the ball, or

– when fielding near the boundary, a fielder attempting to pass it a short distance to another fielder.

19.8.2.3 For the purposes of this clause only, a wilful act is any deliberate action by a fielder that is not intended to prevent a run, effect a Run out or complete a catch.

20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled.

20.1.1.2 a boundary is scored. See clause 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of his clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 there is an award of Penalty runs under either of clauses 24.4 (Player returning without permission) or 28.3 (Fielding the ball). The ball shall not count as one of the over.

20.1.1.7 there is a contravention of clause 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in clause 12.6 (Conclusion of match).

20.1.2 The ball is finally settled once it is in the hand or hands of any fielder or stationary on the ground, and the bowler's end umpire determines that it is no longer in play.

20.1.3 In a match where cameras are being used on or over the field of play (e.g. Spidercam), should a ball that has been hit by the batter make contact, while still in play, with the camera, its apparatus or its cable, either umpire shall call and signal 'dead ball'. The ball shall not count as one of the over and no runs shall be scored. If the delivery was called a No ball it shall count and the No ball penalty shall be applied. No other runs (including penalty runs) apart from the No ball penalty shall be scored.

20.1.4 Should a ball thrown by a fielder make contact with a camera on or over the field of play, its apparatus or its cable, either umpire shall call and signal dead ball. Unless this was already a No ball or Wide, the ball shall count as one of the over. All runs scored to that point shall count, plus the run in progress if the batters have already crossed.

20.1.5 Refer also to paragraph 2.7 of Appendix D.

20.2 Ball finally settled

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 Call of Over or Time

Neither the call of Over (see clause 17.4 – Call of Over) nor the call of Time (see clause 12.2 – Call of Time) is to be made until the ball is dead, either under clauses 20.1 or 20.4.

20.4 Umpire calling and signalling Dead ball

20.4.1 When the ball has become dead under clause 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Playing Conditions specifically provide for the call to be delayed, so as not to disadvantage the non-offending side, under clause 23.3 (Leg byes not to be awarded), clause 34.4 (Runs permitted from the ball lawfully struck more than once), clause 41.2.1 (Unfair actions) and clause 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving their normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket, without intervention from any player or their equipment, before he has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also clause 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of clauses 41.4 (Deliberate attempt to distract or obstruct striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 the bowler throws the ball towards the striker's end before entering his delivery stride.

20.4.2.10 the ball is not delivered for any reason other than an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 they consider that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand (see clause 19.2.4 – Identifying and marking the boundary).

20.4.2.13 the striker attempts to play the ball and no part of the striker's bat or person, whether grounded or raised, remains within the pitch as defined in clause 6.1 (Area of pitch).

20.4.2.14 required to do so under any of the Playing Conditions not included above.

20.5 Ball ceases to be dead

The ball ceases to be dead – that is, it comes into play – when the bowler starts his run-up or, if there is no run-up, starts his bowling action.

20.6 Dead ball not to be revoked

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery.

20.7 Dead ball; ball counting as one of over

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in clause 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it.

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of clauses 20.4.2.6 and 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In clause 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right-handed or left-handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be delivered with an Illegal Bowling Action.

An Illegal Bowling Action is defined as a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

Should either umpire or the ICC Match Referee suspect that a bowler has used an Illegal Bowling Action, they shall complete the ICC Bowling Action Report Form at the conclusion of the match, as set out in the Illegal Bowling Regulations.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 If, in the opinion of either umpire, the ball has been thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, they shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.

– inform the captain of the fielding side of the reason for this action.

– inform the batters at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, that umpire shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then

– direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The suspended bowler shall not bowl again in that innings.

– inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the bowler concerned.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under clause 20.4.2.9.

21.5 Fair delivery – the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

– on the same side of the imaginary line joining the two middle stumps as the return crease described in clause 21.5.1, and

– behind the popping crease.

The third umpire shall review television replays of the bowler's feet landing and, if they are satisfied that not all the requirements have been met, advise the bowler's end umpire who shall in turn immediately call and signal No ball. See clause 41.8 (Bowling of deliberate front foot No ball).

21.6 Bowler breaking wicket in delivering ball

Either umpire shall call and signal No ball if, other than in an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early), the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride. This shall include any clothing or other object that falls from his person and breaks the wicket. See Appendix A 12 and clauses 20.4.2.8 and 20.4.2.10 (Umpire calling and signalling Dead ball)

21.7 Ball bouncing more than once, rolling along the ground or landing off the pitch

The umpire shall call and signal No ball if a ball which they consider to have been delivered, without having previously touched bat or person of the striker,

21.7.1 bounces more than once, or rolls along the ground before it reaches the popping crease, or

21.7.2 lands or subsequently bounces wholly or partially off the pitch as defined in clause 6.1 (Area of pitch) before it reaches the line of the striker's wicket.

The third umpire may be consulted and, if required, can review television replays to assist with the adjudication of No balls under this clause.

21.8 Ball causing the striker to leave the pitch or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see clause 25.6 – Striker's right to play the ball) without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If except in the circumstances of clause 27.3 (Position of wicket-keeper) a ball, delivered by the bowler, makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball. However, if the fielder's action is a deliberate attempt to obstruct the striker from playing the ball, clause 41.4 (Deliberate attempt to distract or obstruct striker) shall apply.

21.10 Call of No ball for infringement of other Playing Conditions

In addition to the instances above, No ball is to be called and signalled as required by the following clauses:

Clause 27.3 – Position of wicket-keeper

Clause 28.4 – Limitation of on side fielders

Clause 28.5 – Fielders not to encroach on pitch

Clause 41.6 – Bowling of dangerous and unfair short deliveries

Clause 41.7 – Bowling of dangerous and unfair non-landing deliveries

Clause 41.8 – Bowling of deliberate front foot No ball

21.11 Revoking a call of No ball

21.11.1 An umpire shall revoke the call of No ball if Dead ball is called under any of clauses 20.4.2.4, 20.4.2.5, 20.4.2.6, 20.4.2.8 or 20.4.2.10 (Umpire calling and signalling Dead ball), or if, for any other reason, the ball was deemed to be Dead before the bowler released the ball.

21.11.2 An umpire shall revoke the call of No ball if Dead ball is called under clause 20.4.2.5 or 20.4.2.6, unless the No ball is called under clause 21.6.

21.12 No ball to over-ride Wide

A call of No ball shall over-ride the call of Wide ball at any time. See clauses 22.1 (Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.13 Ball not dead

The ball does not become dead on the call of No ball.

21.14 Penalty for a No ball

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.15 Runs resulting from a No ball – how scored

The one run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in clause 41.17 (Penalty runs). Any runs completed by the batters or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.16 No ball not to count

A No ball shall not count as one of the over. See clause 17.3 (Validity of balls).

21.17 Out from a No ball

When No ball has been called, neither batter shall be out under any of the Playing Conditions except clause 34 (Hit the ball twice), clause 37 (Obstructing the field) or clause 38 (Run out).

22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clauses 22.1.2 and 22.1.3, the ball passes wide of where the striker is standing at the point of delivery and which also would have passed wide of the striker standing in a normal batting position.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 The ball will be considered as passing wide of the striker if any delivery, after landing, passes over head height of the striker standing upright at the popping crease.

22.1.4 For bowlers attempting to utilise the rough outside a batter's leg stump, not necessarily as a negative tactic, the strict limited over Wide interpretation shall be applied.

22.1.5 For bowlers who umpires consider to be bowling down the leg side as a negative tactic, the strict limited-over Wide interpretation shall be applied.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide they shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered his delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See clause 21.13 (No ball to over-ride Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving, either causes the ball to pass wide of him, as defined in clause 22.1.2 or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 Penalty for a Wide

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under clause 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 Runs resulting from a Wide – how scored

All runs completed by the batters or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of five (5) Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 Wide not to count

A Wide shall not count as one of the over. See clause 17.3 (Validity of balls).

22.9 Out from a Wide

When Wide ball has been called, neither batter shall be out under any of the Playing Conditions except clause 35 (Hit wicket), clause 37 (Obstructing the field), clause 38 (Run out) or clause 39 (Stumped).

23 BYE AND LEG BYE

23.1 Byes

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching his bat or person, any runs completed by the batters from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one run penalty for such a delivery shall be incurred.

23.2 Leg byes

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

– either attempted to play the ball with the bat

– or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is either no subsequent contact with the striker's bat or person, or only inadvertent contact with the striker's bat or person any runs completed by the batters or a boundary allowance shall be credited to the striker in the case of subsequent contact with his bat but otherwise to the batting side as in clause 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, clause 34.3 (Ball lawfully struck more than once) and clause 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in clause 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of clause 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run.

The umpire shall then:

– disallow all runs to the batting side;

– return any not out batter to his original end;

– signal No ball to the scorers if applicable;

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

24 FIELDER'S ABSENCE; SUBSTITUTES

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires. Note, however, clause 42.4.1.

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for him, subject to clauses 24.2 and 24.3.

24.1.4 Squad members of the fielding or batting team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

24.2 Fielder absent or leaving the field of play

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this clause, is he to be regarded as having left the field of play. A fielder may be outside the boundary when the ball comes into play – however, all fielders shall be within the boundary at the instant the ball is delivered.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 that fielder shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See clause 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.3 If a player is absent from the field for longer than eight (8) minutes, the following restrictions shall apply to their future participation in the match:

24.2.3.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty time). A player's unexpired Penalty time shall be limited to a maximum of 120 minutes. If any unexpired Penalty time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the previous innings. However, once his side has lost five wickets in its batting innings, he may bat immediately. If any unexpired penalty time remains at the end of that batting innings, it is carried forward to the next and subsequent innings of the match.

24.2.4 If the player leaves the field before having served all of his Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to a maximum cumulative Penalty time of 120 minutes, and that player shall not bowl until all of his Penalty time has been served.

24.2.6 For the purposes of clauses 24.2.3.1 and 24.2.3.2, playing time shall comprise the time play is in progress excluding lunch and tea intervals, intervals between innings and official drinks intervals. For clarity, a player's Penalty time will continue to expire after he is dismissed, for the remainder of his team's batting innings.

24.2.7 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.7.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or his side is now batting.

24.2.7.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as he is able to participate, and either takes the field on the resumption of play, or his side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.3 Penalty time not incurred

A nominated player's absence will not incur Penalty time if,

24.3.1 he has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.3.3 the player is absent from the field for a period of eight (8) minutes or less.

24.4 Player returning without permission

If a player comes on to the field of play in contravention of clause 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

– The umpires shall signal No ball or Wide ball to the scorers, if applicable.

– The umpire shall award five (5) Penalty runs to the batting side.

– Runs completed by the batters shall be scored together with the run in progress if they had already crossed at the instant of the offence.

– The ball shall not count as one of the over.

– The umpire shall inform the other umpire, the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for this action.

25 BATTER'S INNINGS

25.1 Eligibility to act as a batter

Only a nominated player may bat and, subject to clause 25.3, may do so even though a substitute fielder has previously acted for him.

25.2 Commencement of a batter's innings

The innings of the first two batters, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps on to the field of play.

25.3 Restriction on batter commencing an innings

25.3.1 If a member of the batting side has unserved Penalty time, see clause 24.2.7, that player shall not be permitted to bat until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after his side has lost five (5) wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time. In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that he is able to participate shall count as Penalty time served.

25.3.3 If any unserved Penalty time remains at the end of a team's innings, it shall be carried forward to the next and subsequent innings of the match if appropriate.

25.4 Batter retiring

25.4.1 A batter may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume his innings. If for any reason this does not happen, that batter is to be recorded as 'Retired – not out'.

25.4.3 If a batter retires for any reason other than as in clause 25.4.2, that batter is to be recorded as 'Retired – out'.

25.4.4 If after retiring a batter resumes his innings, subject to the requirements of clause 25.4.2, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 Runners

Runners shall not be permitted.

25.6 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder (see clause 27.5 – Restrictions on actions of wicket-keeper and clause 27.6 – Interference with wicket-keeper by striker).

However, the striker may only attempt to play the ball if some of his bat or person, whether grounded or raised, remains within the pitch, as defined in clause 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, from the moment the ball comes into play until the striker has finished receiving the delivery, either umpire shall immediately call and signal Dead ball.

26 PRACTICE ON THE FIELD

26.1 Practice on the pitch or the rest of the square

26.1.1 There shall not be any practice on the pitch at any time on any day of the match.

26.1.2 There shall not be any practice on the rest of the square at any time on any day of the match, except with the approval of the umpires.

26.1.2.1 If approved by the umpires, the use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.

26.1.2.2 Bowling practice on the bowling strips referred to above shall also be permitted during the interval (and change of innings if not the interval) unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

26.2 Practice on the outfield

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

– before the start of play;

– after the close of play; and

– during the lunch and tea intervals or between innings, providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

– only the fielders as defined in paragraph 7 of Appendix A participate in such practice.

– no ball other than the match ball is used for this practice.

– no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.

– the umpires are satisfied that it will not contravene either of clauses 41.3 (The match ball changing its condition) or 41.9 (Time wasting by the fielding side).

Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the other conditions in this clause.

26.3 Trial run-up

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of clauses 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 Penalties for contravention

All forms of practice are subject to the provisions of clauses 41.3 (The match ball – changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any provisions of clause 26.1 or 26.2, the umpire shall

– warn the player that the practice is not permitted;

– inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued. The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

– award five (5) Penalty runs to the opposing side;

– inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batters at the wicket.

27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of his person for the purposes of clause 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that he will not be able to carry out the normal duties of a wicket-keeper, he shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of clauses 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under clause 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See paragraph 3 of Appendix B.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the instant of the bowler's delivery until a ball delivered by the bowler

touches the bat or person of the striker; or

passes the wicket at the striker's end; or

the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this clause, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 Movement by wicket-keeper

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward, unless in so doing it brings him within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that his actions suggest he intends to play. However, the provisions of clause 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award five (5) Penalty runs to the batting side

27.4.2.3 inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the wicket-keeper concerned.

27.5 Restriction on actions of wicket-keeper

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball, clause 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply. However, if the wicket-keeper, or any other fielder, interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then clause 41.4 (Deliberate attempt to distract or obstruct striker) shall also apply.

27.6 Interference with wicket-keeper by striker

If, in playing at the ball or in the legitimate defence of his wicket, the striker interferes with the wicket-keeper, the striker shall not be out except as provided for in clause 37.3 (Obstructing a ball from being caught).

28 THE FIELDER

28.1 Protective equipment

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 Fielding the ball

28.2.1 A fielder may field the ball with any part of his person (see paragraph 12 of Appendix A), except as in clause 28.2.1.2. However, the fielder will be deemed to have fielded the ball illegally if, while the ball is in play,

28.2.1.1 He wilfully uses anything other than part of his person to field the ball.

28.2.1.2 He wilfully extends his clothing with his hands and uses this to field the ball.

28.2.1.3 Any piece of clothing, equipment or any other object, which had been deliberately discarded subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person, or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

– the penalty for a No ball or a Wide shall stand.

– any runs completed by the batters shall be credited to the batting side, together with the run in progress if the batters had already crossed at the instant of the offence.

– the ball shall not count as one of the over.

In addition, the umpire shall:

– award five (5) Penalty runs to the batting side.

– inform the other umpire and the captain of the fielding side of the reason for this action.

– inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

28.3 Protective helmets belonging to the fielding side

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1 the ball shall immediately become Dead and, unless 28.3.3 applies:

the umpire shall signal No ball or Wide ball to the scorers, if applicable

the umpire shall award five (5) Penalty runs to the batting side;

28.3.2.1 any runs completed by the batters before the ball strikes the protective helmet shall be scored, together with the run in progress if the batters had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, and the circumstances of clause 23.3 (Leg byes not to be awarded) or clause 34 (Hit the ball twice) apply, the umpire shall:

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball or Wide ball to the scorers if applicable

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3.2.

28.4 Limitation of on side fielders

At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his person whether grounded or in the air is in front of this line.

In the event of infringement of this clause by any fielder, the striker's end umpire shall call and signal No ball.

28.5 Fielders not to encroach on pitch

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of his person grounded on or extended over the pitch.

In the event of infringement of this clause by any fielder other than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, clause 27.3 (Position of wicket-keeper).

28.6 Movement by any fielder other than the wicket-keeper

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that his actions suggest he intends to play.

28.6.2 In all circumstances clause 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable.

28.6.3.2 award five (5) Penalty runs to the batting side.

28.6.3.3 inform the captain of the fielding side of the reason for this action.

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the ICC Match Referee, who shall take such action as is considered appropriate against the fielder concerned.

28.6.4 Note also the provisions of clause 41.4 (Deliberate attempt to distract or obstruct striker). See also clause 27.4 (Movement by wicket-keeper).

29 THE WICKET IS BROKEN

29.1 Wicket fairly broken

The wicket is broken when at least one bail is completely removed from the top of the stumps, or one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps or a stump is struck out of the ground.

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that he is holding,

29.2.1.3 for the purpose of this clause only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of his clothing or equipment, including the helmet, grille and/or neck guard, becoming detached from his person,

29.2.1.5 by a fielder with his hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in clause 29.2.1.5.

29.2.2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal.

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in clause 29.2.

29.4 Remaking wicket

If a wicket is broken or fairly broken while the ball is in play, it shall not be remade by an umpire until the ball is dead. See clause 20 (Dead ball). Any fielder may, however, while the ball is in play,

– replace a bail or bails on top of the stumps.

– put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with clause 8.4 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of his clothing or equipment as described in clauses 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in clause 29.2.1.5.

29.5.2 If the wicket has already been broken or fairly broken, clause 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with clause 29.4, in order to have an opportunity of putting the wicket down.

30 BATTER OUT OF HIS GROUND

30.1 When out of his ground

30.1.1 A batter shall be considered to be out of his ground unless some part of his person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of his ground if, in running or diving towards his ground and beyond, and having grounded some part of his person or bat beyond the popping crease, there is subsequent loss of contact between the ground and any part of that batter's person or bat, or between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is his ground and will remain so even if he is later joined there by the other batter.

30.2.2 If both batters are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batters are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then the other ground belongs to the other batter, irrespective of the other batter's position.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though that batter may be out under these Playing Conditions, unless appealed to by a fielder. This shall not debar a batter who is out under these Playing Conditions from leaving the wicket without an appeal having been made. Note, however, the provisions of clause 31.7.

31.2 Batter dismissed

A batter is dismissed if he is

either given out by an umpire, on appeal

or out under these Playing Conditions and leaves the wicket as in clause 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins his run-up to deliver the next ball, or, if the bowler has no run-up, the bowler begins his action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See clauses 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal 'How's That?'

An appeal 'How's That?' covers all ways of being out.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of clauses 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within the jurisdiction of that umpire.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with clause 31.3, if it is on a further matter and is within their jurisdiction.

31.6 Consultation by umpires

Each umpire shall answer appeals on matters within their own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, they shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 Batter leaving the wicket under a misapprehension

Either umpire shall call and signal Dead ball if satisfied that a batter, not having been given out, has left the wicket under a reasonable misapprehension of being out. The umpire shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 Withdrawal of an appeal

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

32 BOWLED

32.1 Out Bowled

32.1.1 The striker is out Bowled if his wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player, the wicket at the non-striker's end or an umpire. The striker will, however, be subject to clauses 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 Bowled to take precedence

The striker is out Bowled if his wicket is broken as in clause 32.1, even though a decision against either batter for any other method of dismissal would be justified.

33 CAUGHT

33.1 Out Caught

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches his bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in clauses 33.2 and 33.3, before it touches the ground.

33.2 A fair catch

33.2.1 A catch will be fair only if, in every case either the ball, at any time or any fielder in contact with the ball, is not grounded beyond the boundary before the catch is completed. Note clauses 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. For the purposes of this clause, a strike is defined as any contact between the ball and the bat or person, provided at least one such strike is on the bat. See clause 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in clause 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 Making a catch

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and his own movement.

33.4 No runs to be scored

If the striker is dismissed Caught, runs from that delivery completed by the batters before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to his original end. See clause 18.11 (Batter returning to original end).

33.5 Caught to take precedence

If the criteria of clause 33.1 are met and the striker is not out Bowled, then he is out Caught, even though a decision against either batter for another method of dismissal would be justified.

34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of his person or is struck by his bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with his bat or person, other than a hand not holding the bat, except for the sole purpose of guarding his wicket. See clause 34.3 and clause 37 (Obstructing the field).

34.1.2 For the purpose of this clause 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This clause will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this clause if

34.2.1 He strikes the ball a second or subsequent time in order to return the ball to any fielder.

Note, however, the provisions of clause 37.4 (Returning the ball to a fielder).

34.2.2 He wilfully strikes the ball after it has touched a fielder. Note, however the provisions of clause 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard his wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of his person other than a hand not holding the bat. The striker may guard his wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of his wicket. See clause 37.3 (Obstructing a ball from being caught).

If any fielder interferes with a legal second strike, the ball shall be Dead and the striker will not be dismissed, but the ball shall count as one for the over.

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in clause 34.3, runs may not be scored.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or at the completion of the first run. However, the umpire shall further delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

– disallow all runs to the batting side

– return any not out batter to his original end

– signal No ball to the scorers if applicable, and

– award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

34.5 Bowler does not get credit

The bowler does not get credit for the wicket.

35 HIT WICKET

35.1 Out Hit wicket

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, the striker's wicket is broken by either the striker's bat or person as described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by the striker in preparing to receive or in receiving a delivery,

35.1.1.2 as a result of any movement that is an attempt to recover their balance receiving a delivery,

35.1.1.3 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.4 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.5 in lawfully making a second or further stroke for the purpose of guarding his wicket within the provisions of clause 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks his wicket in any of the ways described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 Not out Hit wicket

The striker is not out under this clause should his wicket be broken in any of the ways referred to in clause 35.1 if any of the following applies:

- it occurs after the striker has completed any action in receiving the delivery, other than in clauses 35.1.1.2 to 35.1.1.5.
- the wicket is broken by a part of the striker's detached equipment or bat not held in the hand, which has come into contact with any other person before breaking the wicket.
- the wicket is broken by the striker's person, or bat held in the hand, as a direct consequence of contact with a member of the fielding side.
- it occurs when the striker is in the act of running, other than setting off immediately for the first run.
- it occurs when the striker is trying to avoid being run out or stumped.
- it occurs when the striker is trying to avoid a throw in at any time.
- the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See clause 20.4 (Umpire calling and signalling Dead ball).
- the delivery is a No ball.

35.3 Runs scored

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of five (5) Penalty runs.

36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in clauses 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted without landing, lands in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched his bat, the striker intercepts the ball, either with or without landing, with any part of his person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is

between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points of impact in clauses 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing clause 36.1.3, if the bowler's end umpire is not satisfied that the ball intercepted the batter's person before it touched the bat, the batter shall be given Not out.

36.2.3 In assessing clause 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See paragraph 13 of Appendix A.

37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of clause 37.2, and while the ball is in play, he wilfully attempts to obstruct or distract the fielding side by word or action. See also clause 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of clause 37.2, in the act of receiving a ball delivered by the bowler, he wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of his wicket.

37.1.3 The striker is out Obstructing the field, if, while receiving the ball, he deliberately drops or throws the bat in an attempt to either impact the ball or prevent any dismissal except Hit wicket.

37.1.4 This clause will apply whether or not No ball is called.

37.1.5 For the avoidance of doubt, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batter crossing the pitch, clause 41.14 (Batter damaging the pitch) shall also apply. See also paragraph 2.2 of Appendix D.

37.2 Not out Obstructing the field

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental, or

obstruction is in order to avoid injury, or

the striker makes a second or subsequent strike to guard his wicket lawfully as in clause 34.3 (Ball lawfully struck more than once). However, see clause 37.3.

37.3 Obstructing a ball from being caught

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out caught.

37.3.2 Clause 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding his wicket under the provision of clause 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending his wicket from a No ball with a lawful second strike.

37.4 Returning the ball to a fielder

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, he uses the bat or any part of his person to return the ball to any fielder.

37.5 Runs scored

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out caught, any runs completed by the batters before the offence shall be scored, together with any one run Penalty for No ball or wide, or any other award of five (5) Penalty runs to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being out caught, any runs completed by the batters shall not be scored but any award of five (5) Penalty runs to either side shall stand.

The fielding captain shall decide whether the non-striker, or the incoming batter, is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

37.6 Bowler does not get credit

The bowler does not get credit for the wicket.

38 RUN OUT

38.1 Out Run out

Either batter is out Run out, except as in clause 38.2, if, at any time while the ball is in play,

he is out of his ground

and his wicket is fairly broken by either the action of a fielder or

the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of clause 38.2.2.2, and whether or not a run is being attempted.

38.2 Batter not out Run out

38.2.1 A batter is not out Run out in the circumstances of clauses 38.2.1.1 or 38.2.1.2.

38.2.1.1 He has been within his ground and has subsequently left it to avoid injury, when the wicket is fairly broken.

Note also the provisions of clause 30.1.2 (When out of his ground).

38.2.1.2 The ball delivered by the bowler has not made contact with a fielder, before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in clauses 38.2.2.1 and 38.2.2.2.

38.2.2.1 He is out Stumped. See clause 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

and he is out of his ground not attempting a run

and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

38.3 Non-striker leaving his ground early

38.3.1 If the non-striker is out of his ground at any time from the moment the ball comes into play until the moment the bowler's arm reaches the highest point of his normal bowling action in the delivery swing, the non-striker is liable to be Run out. In these circumstances, the non-striker will be out Run out if he is out of his ground when his wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

Even if the non-striker had left their ground before the moment the bowler's arm reaches the highest point of their normal bowling action in the delivery swing, once the bowler has reached that point it is no longer possible for the bowler to run out the non-striker under this law.

38.3.2 If the ball is not delivered,

– if there is an appeal, the umpire shall make their decision on the Run out.

– if there is no appeal, or if the decision is not out, the umpire shall call and signal Dead ball as soon as possible.

– the ball shall not count as one in the over.

38.3.3 If the ball is delivered and there is an appeal,

– the umpire shall make their decision on the Run out.

– if the non-striker is not dismissed, the ball remains in play and clause 21.6 (Bowler breaking wicket in delivering ball) shall apply.

– if the non-striker is dismissed, the ball shall not count as one in the over.

38.4 Which batter is out

The batter out in the circumstances of clause 38.1 is the one whose ground is at the end where the wicket is fairly broken. See clause 30.2 (Which is a batter's ground).

38.5 Runs scored

If either batter is dismissed Run out, the run in progress when the wicket is fairly broken shall not be scored, but any runs completed by the batters shall stand, together with any runs for penalties awarded to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

38.6 Bowler does not get credit

The bowler does not get credit for the wicket.

39 STUMPED

39.1 Out Stumped

39.1.1 The striker is out Stumped, except as in clause 39.3, if

a ball which is delivered is not called No ball

and he is out of his ground, other than as in clause 39.3.1

and he has not attempted a run

when his wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however clause 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of clause 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 Ball rebounding from wicket-keeper's person

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball rebounds on to the stumps from any part of the wicket-keeper's person or equipment or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 Not out Stumped

39.3.1 The striker will not be out Stumped if, after having received the delivery, he has left his ground in order to avoid injury.

39.3.2 If the striker is not out Stumped he may, except in the circumstances of clause 38.2.2.2 (Batter not out run out) be out Run out if the conditions of clause 38.1 (Out Run out) apply.

39.4 Runs Scored

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note clauses 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one-run penalty for the Wide remains.

40 TIMED OUT

40.1 Out Timed out

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball or for the other batter to be ready to receive the next ball within two (2) minutes of the dismissal or retirement. If this requirement is not met, the incoming batter will be out Timed out.

40.1.2 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of clause 16.2 (ICC Match Referee awarding a match). For the purposes of that clause the start of the action shall be taken as the expiry of the two (2) minutes referred to above.

40.2 Bowler does not get credit

The bowler does not get credit for the wicket.

41 UNFAIR PLAY

41.1 Fair and unfair play – responsibility of captains

The captains are responsible for ensuring that play is conducted within the Spirit of Cricket, as well as within these Playing Conditions.

41.2 Fair and unfair play – responsibility of umpires

41.2.1 The umpires shall be the sole judges of fair and unfair play. If either umpire considers that any action by a player, not covered by these Playing Conditions, is unfair, they shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.
- warn the offending player's captain that any further such offence by any member of his team shall result in the award of five (5) Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side the bowler's end umpire shall then

- summon the offending player's captain and inform him that there has been a further such offence.
- award five (5) Penalty runs to the opposing side.

41.2.1.3 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player concerned.

41.3 The match ball – changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in clause 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out his normal duties, a batter is not allowed to wilfully damage the ball other than, when the ball is in play, in striking it with the bat. See also clause 5.5 (Damage to the ball).

A fielder may, however:

41.3.2.1 polish the ball on his clothing provided that no artificial substance is used, that the only natural substance used is sweat, and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires may consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in clause 41.3.2.

41.3.4 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of either side, or that its condition is inconsistent with the use it has received, they shall consider that there has been a contravention of this clause and decide together whether they can identify the player(s) responsible for such conduct.

41.3.5 If it is possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.5.1 Subject to clause 41.3.7 below, change the ball forthwith.

41.3.5.1.1 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the fielding side, the batter at the wicket shall choose the replacement ball from a selection of six (6) other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

41.3.5.1.2 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the batting side, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.5.2 Additionally, the bowler's end umpire shall:

41.3.5.2.1 award five (5) Penalty runs to the opposing side;

41.3.5.2.2 if appropriate, inform the batters at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action; and

41.3.5.2.3 inform the captain of the batting side as soon as practicable of what has occurred.

41.3.5.3 The umpires shall then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the player(s) concerned.

41.3.6 If it is not possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall:

41.3.6.1 Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention;

41.3.6.2 The bowler's end umpire shall issue the captain with a first and final warning, and

41.3.6.3 Advise the captain that should there be any further instances of changing the condition of the ball by that team during the remainder of the series, clause 41.3.5.1.2 above will be adopted, with the captain deemed to be the player responsible for the contravention.

41.3.7 If the umpires believe that saliva has been applied to the ball, the bowler's end umpires shall:

– award five (5) Penalty runs to the opposing side, and

– replace the ball under the provisions of 41.3.5.1 unless they believe the fielding team has deliberately applied saliva to try to get the ball changed to their advantage.

41.4 Deliberate attempt to distract or obstruct striker

41.4.1 It is unfair for any fielder deliberately to attempt to distract or obstruct the striker while he is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, this call shall stand regardless of the attempt to distract or obstruct the striker.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.5 Deliberate distraction, deception or obstruction of batter

41.5.1 In addition to clause 41.4 (Deliberate attempt to distract or obstruct striker), it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 If an obstruction involves physical contact, the umpires together shall decide whether or not an offence under clause 42 (Players' conduct) has been committed.

41.5.5.1 If an offence under clause 42 (Players' conduct) has been committed, they shall apply the relevant procedures in clause 42 (Players' conduct) and shall also apply each of clauses 41.5.7 to 41.5.9.

41.5.5.2 If they consider that there has been no offence under clause 42 (Players' conduct), they shall apply each of clauses 41.5.6 to 41.5.10.

41.5.6 The bowler's end umpire shall;

– Signal No ball or Wide to the scorers, if applicable.

– award five (5) Penalty runs to the batting side.

– inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.7 The ball shall not count as one of the over.

41.5.8 Any runs completed by the batters before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batters had already crossed at the instant of the offence.

41.5.9 The batters at the wicket shall decide which of them is to face the next delivery (see clause 18.13 – Batters going to an end determined by players).

41.5.10 The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.6 Bowling of dangerous and unfair short deliveries

41.6.1 Notwithstanding clause 41.6.2, the bowling of short deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on the striker. The fact that the striker is wearing protective equipment shall be disregarded.

In the first instance the umpire decides that the bowling of short deliveries has become dangerous under clause 41.6.1

41.6.1.1 The umpire shall call and signal No ball, and when the ball is dead, caution the bowler and inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.6.1.2 If there is a second instance, the umpire shall repeat the above procedure and indicate to the bowler that this is a final warning, which shall apply to that bowler throughout the innings.

41.6.1.3 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.1.4 A bowler shall be limited to two fast short deliveries per over.

41.6.1.5 A fast short delivery is defined as a ball, which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.1.6 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short delivery has been bowled.

41.6.1.7 In addition, a ball that passes above head height of the batter, standing upright at the popping crease, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a Wide. See also clause 22.1.1.2

41.6.1.7.1 For the avoidance of doubt any fast short delivery that is called a Wide under this clause shall also count as one of the allowable short deliveries in that over.

41.6.1.8 In the event of a bowler bowling more than two fast short deliveries in an over as defined in clause 41.6.1.5 above, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short delivery. The umpire shall call and signal 'No ball' and then tap the head with the other hand.

41.6.1.9 If a bowler delivers a third fast short delivery in an over, the umpire, after the call of No ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batters at the wicket of what has occurred. This caution shall apply throughout the innings.

41.6.1.10 If there is a second instance of the bowler being No balled in the innings for bowling more than two fast short deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.

41.6.1.11 Should there be any further instance by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– The umpire shall inform the batters and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.2 Should the umpires initiate the caution and warning procedures set out in clauses 41.6.1.3 and 41.7 such cautions and warnings are not to be cumulative.

41.7 Bowling of dangerous and unfair non-landing deliveries

41.7.1 Any delivery, which passes or would have passed, without landing, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batter by its speed and direction, it shall be considered dangerous. When the ball is dead the umpire shall caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.2 Should there be any further instance (where a dangerous non-landing delivery is bowled and is considered likely to inflict physical injury on the batter) by the same bowler in that innings, the umpire shall

– call and signal No ball

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling.

– inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.7.3 The warning sequence in clauses 41.7.1 and 41.7.2 is independent of the warning and action sequence in clause 41.6.

41.7.4 If the umpire considers that a bowler deliberately bowled a high non-landing delivery, deemed to be dangerous and unfair as defined in clause 41.7.1, then the caution and warning in clause 41.7.1 shall be dispensed with. The umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.8 Bowling of deliberate front-foot No ball

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, the umpire shall

– immediately call and signal No ball.

– when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

– inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in that match.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

– report the occurrence to the batters and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.9 Time wasting by the fielding side

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then

– warn the captain of the fielding side, indicating this is a first and final warning.

– inform the batters of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

– if the ball is in play, call and signal Dead ball.

– inform the other umpire of what has occurred.

The bowler's end umpire shall then award five (5) Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action.

Additionally, the umpire shall inform the batters and, as soon as is practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstances the captain and/or any individual members of the fielding team responsible for the time wasting will be charged.

41.9.4 Unless prevented from doing so by the umpires or the batters, the fielding side shall start each over within 60 seconds of the previous over being completed.

An electronic clock will be displayed at the ground that counts up seconds from zero to 60 until play resumes. The clock is not required or, if already started, can be cancelled if:

– A new batter comes to the wicket between overs.

– An official drinks interval has been called.

– The umpires have approved the on-field treatment of an injury to a batter or fielder (see Appendix G).

– The time lost is for any circumstances beyond the control of the fielding side.

The third umpire is responsible for determining when to start the clock. This should be the later of:

– The ball becoming dead at the end of the previous over

– Any umpire or player review from the final ball of the previous over being completed.

When the clock reaches 60, if the fielding side is not ready to start the next over:

– On the first such occasion in an innings, the bowler's end umpire shall issue a warning to the captain of the fielding side and inform the batters and the other umpire of what has occurred.

– On the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– On the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the batting side, informing the captain of the fielding side, the batters and the other umpire.

The process, warnings and penalties in 41.9.4 operate independently of those of 41.9.2 and 41.9.3.

After 80 overs have been completed in an innings (and after any future blocks of 80 overs in that innings), the number of warnings accrued will be reset to zero.

41.10 Batter wasting time

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start his run-up.

In addition, an incoming batter should be in a position to take guard or his partner ready to receive the next ball within two (2) minutes of the fall of the previous wicket.

41.10.2 The striker shall be ready to receive the first ball of an over as soon as the umpires and the fielding side are ready for the over to start. During an over, the striker shall also be ready to receive each delivery when the bowler is ready to start his run-up.

41.10.3 If the striker is not ready as required in 41.10.2 and so delays play:

– on the first such occasion in an innings, the bowler's end umpire shall issue a warning to the striker and inform the non-striker, and each incoming batter, the captain of the fielding side and the other umpire of what has occurred.

– on the second occasion in an innings, the above sequence is repeated, but with the reminder that this is a final warning.

– on the third and any subsequent occasion in an innings, the bowler's end umpire shall award five (5) Penalty runs to the fielding side, informing the batters, the captain of the fielding side and the other umpire.

After 80 overs have been completed in an innings (and after any future blocks of 80 overs in that innings), the number of warnings accrued will be reset to zero.

41.10.4 Should either batter waste time by failing to meet the above requirements, or in any other way, the warnings and penalty process described in 41.10.3 shall be applied by the umpires. For the avoidance of doubt, all such warnings issued for whatever reasons are combined for the purposes of cumulatively triggering the award of Penalty runs.

41.10.5 If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the ICC Code of Conduct. In such circumstance the batter concerned will be charged.

41.11 The protected area

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 feet/1.52 metres in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 foot/30.48 centimetres from it.

41.12 Fielder damaging the pitch

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in clause 41.13.1, at the first instance either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.
- inform the batters of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- award five (5) Penalty runs to the batting side.

Additionally, the umpire shall

- inform the fielding captain of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.13 Bowler running on protected area

41.13.1 It is unfair for a bowler to enter the protected area in his follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this clause, at the first instance and when the ball is dead, the umpire shall

- caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.
- inform the captain of the fielding side and the batters of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this clause, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this clause a third time, when the ball is dead, the umpire shall,

- direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The suspended bowler shall not be allowed to bowl again in that innings.
- inform the other umpire of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.14 Batter damaging the pitch

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or playing at the ball, he must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in clause 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batters that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side.
- return any not out batter to his original end.
- signal No ball or Wide to the scorers if applicable.
- award five (5) Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.15 Striker in protected area

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch for the purpose of indicating his batting position provided that no mark is unreasonably close to the protected area.

41.15.2 If there is a breach of any of the conditions in clause 41.15.1 by the striker, if the bowler has not entered his delivery stride, the umpire shall immediately call Dead ball, otherwise, that umpire shall wait until the ball is dead; they shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in clause 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, that umpire shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall

– disallow all runs to the batting side.

– return any not out batter to his original end.

– signal No ball or Wide to the scorers if applicable.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

– inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.16 Batters stealing a run

41.16.1 It is unfair for the batters to attempt to steal a run during the bowler's run-up.

Unless the bowler attempts to run out the non-striker – see clause 38.3 (Non-striker leaving his ground early) – either umpire shall

– call and signal Dead ball as soon as the batters cross in such an attempt.

– inform the other umpire of the reason for this action.

The bowler's end umpire shall then

– disallow the attempted run.

– return the batters to their original ends.

– award five (5) Penalty runs to the fielding side.

– award any other 5-run Penalty that is applicable

– inform the batters, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires may then report the matter to the ICC Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.17 Penalty runs

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See clause 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where these Playing Conditions require the award up until the umpires leave the field at the end of the match, even if a result has already been achieved. See clause 16.6 (Winning hit or extras). Note that if the award of Penalty runs means that a result has no longer been achieved, the match continues.

Where more than one award of Penalty runs is required during the same delivery, the umpires shall award them in the order that the offence took place.

Note, however, that the restrictions on awarding Penalty runs, in clauses 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side) and 34.4 (Runs scored from ball lawfully struck more than once) will apply.

41.17.3 When five (5) Penalty runs are awarded to the batting side under any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) or under 41.3, 41.4, 41.5, 41.9 or 41.12, then

– they shall be scored as Penalty extras and shall be in addition to any other penalties.

– they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.

– the batters shall not change ends solely by reason of the 5-run penalty.

41.17.4 When five (5) Penalty runs are awarded to the fielding side, under clause 18.5.2 (Deliberate short runs), or under 41.10, 41.14, 41.15 or 41.16, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the five (5) Penalty runs shall be added to the score in its next innings.

42 PLAYERS' CONDUCT

42.1 Serious misconduct

42.1.1 The umpires shall act upon any serious misconduct. The relevant offences and the corresponding actions by the umpires are identified in clause 42.2.1. These offences correspond with Level 4 offences in the ICC Code of Conduct. Level 1 to Level 3 offences continue to be dealt with separately under the ICC Code of Conduct.

42.1.2 If either umpire considers that a player has committed one of these offences at any time during the match, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether an offence has been committed. The umpires may also consult with the third umpire and the ICC Match Referee, who may review any audio or video replays to confirm whether an offence has been committed. If so, the umpires shall then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand

42.1.5 If the offence is committed by a batter, the umpires shall summon the offending player's captain to the field. Solely for the purpose of this clause, the batters at the wicket may not deputise for their captain.

42.2 Level 4 offences and action by umpires

42.2.1 Any of the following actions by a player shall constitute a Level 4 offence:

– threatening to assault an umpire

– making inappropriate and deliberate physical contact with an umpire

– physically assaulting a player or any other person

– committing any other act of violence.

42.2.2 If such an offence is committed, 42.2.2.1 to 42.2.2.5 shall be implemented.

42.2.2.1 The umpire shall call Time.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 The umpires shall instruct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.2.2.3.1 If the offending player is a fielder, no substitute shall be allowed for him. He is to be recorded as Retired – out at the commencement of any subsequent innings in which his team is the batting side.

42.2.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.2.2.3.3 If the offending player is a batter he is to be recorded as Retired – out in the current innings, unless he has been dismissed under any of clauses 32 to 39, and at the commencement of any subsequent innings in which his team is the batting side. If no further batter is available to bat, the innings is completed.

42.2.2.4 As soon as practicable, the umpire shall:

– award five (5) Penalty runs to the opposing team

– signal the Level 4 penalty to the scorers

– call Play.

42.2.2.5 The umpires shall then report the matter to the ICC Match Referee under the ICC Code of Conduct.

42.3 Captain refusing to remove a player from the field

42.3.1 If a captain refuses to carry out an instruction under 42.2.2.3, the umpires shall invoke clause 16.3 (Umpires awarding a match).

42.3.2 If both captains refuse to carry out instructions under 42.2.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in clause 12.6 (Conclusion of match) and there shall be no result under clause 16 (The result).

42.4 Additional points relating to Level 4 offences

42.4.1 If a player, while acting as wicket-keeper, commits a Level 4 offence, clause 24.1.2 shall not apply, meaning that only a nominated player may keep wicket, even if another fielder becomes injured or ill and is replaced by a substitute.

42.4.2 A nominated player who has a substitute will also suffer the penalty for any Level 4 offence committed by the substitute. However, only the substitute will be reported under clause 42.2.2.5.

APPENDIX A: DEFINITIONS

1 THE MATCH

1.1 **The game** is used in these Playing Conditions as a general term meaning the Game of Cricket.

1.2 **A match** is a single Test match between two (2) teams, played under these Playing Conditions.

1.3 **The toss** is the toss for choice of innings.

1.4 **Before the toss** is at any time before the toss on the day the match is expected to start.

1.5 **Before the match** is at any time before the toss, not restricted to the day on which the toss is expected to take place.

1.6 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

1.7 **Playing time** is any time between the call of Play and the call of Time. See clauses 12.1 (Call of Play) and 12.2 (Call of Time).

1.8 **Conduct of the match** includes any action relevant to the match at any time on any day of the match.

1.9 **Ground Authority** is the entity responsible for the selection and preparation of the pitch and other functions relating to the hosting and management of the match, including any agents acting on their behalf (including but not limited to the curator or other ground staff).

1.10 **Home Board** is the ICC member responsible for the home team and the hosting of the match.

1.11 **Visiting Board** is the ICC member responsible for the visiting team.

1.12 **The Spirit of Cricket** refers to the values of respect and fair play that underpin the game of cricket, as set out in the Preamble to these Playing Conditions.

1.13 **The ICC Code of Conduct** is the ICC Code of Conduct for Players and Player Support Personnel, as amended from time to time.

2 IMPLEMENTS AND EQUIPMENT

2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.

For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.

For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

2.3 **A protective helmet** is headwear made of hard material and designed to protect the head or the face or both, which shall (in line with the Clothing and Equipment Regulations) be certified to BS7928:2013. For the purposes of interpreting these Playing Conditions, such a description will include faceguards head, neck and/or face grilles and neck guards.

2.4 **Equipment** – a batter's equipment is his bat as defined above, together with any external protective equipment he is wearing.

A fielder's equipment is any external protective equipment that he is wearing.

2.5 **The bat** – the following are to be considered as part of the bat:

– the whole of the bat itself.

– the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.

– the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

2.6 **Held in batter's hand.** Contact between a batter's hand, or glove worn on his hand, and any part of the bat shall constitute the bat being held in that hand.

2.7 **Held in the fielder's hand** – to be considered held in the fielder's hand or hands, the ball must be held with complete control in the fielder's palm or fingers, or in the palm or fingers of a wicket-keeper's glove.

2.8 **Complete control over the ball** means that, assuming no contact with any other person or object, the fielder could continue to hold the ball for as long as they choose, or to dispose of it wherever they choose.

3 THE PLAYING AREA

3.1 **The field of play** is the area contained within the boundary.

3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

3.3 **The outfield** is that part of the field of play between the square and the boundary.

4 POSITIONING

4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. Behind, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. In front of, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in paragraph 4.3.

4.5 **The wicket-keeper's end** is the same as the striker's end as described in paragraph 4.3.

4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See paragraph 4.2.

4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See paragraph 4.1.

4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

4.9 **Off side/on (leg) side** – see diagram in paragraph 13.

4.10 **Inside edge** is the edge on the same side as the nearer wicket.

5 UMPIRES AND DECISION-MAKING

5.1 **Umpire** – where the description the umpire is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly, 'the umpires' always means both umpires and the third umpire. An umpire and umpires are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see paragraph 4.4) for the current delivery.

5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see paragraph 4.3), to one side of the pitch or the other, depending on that umpire's choice, for the current delivery.

5.4 **On-field umpires** shall mean, collectively, the bowler's end umpire and the striker's end umpire.

5.5 **Third umpire** is the umpire who may use television evidence and other available technology in order review a decision of the on-field umpires, either by way of an Umpire Review or a Player Review under the protocol set out in Appendix D.

5.6 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

5.7 **Decision Review System** or **DRS** is the process covered by the Decision Review System and Third Umpire Protocol set out in Appendix D, under which the third umpire may be consulted in relation to a decision of the on-field umpires, either by way of an Umpire Review or a Player Review.

5.8 **Player Review** is the process set out in Appendix D by which a player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed (with the exception of 'Timed out') or a No ball decision (with the exception of the bowler using an illegal bowling action).

5.9 **Umpire Review** is the process set out in Appendix D by which an on-field umpire has the discretion to refer a decision to the third umpire or, under certain circumstances, to consult with the third umpire before making a decision.

5.10 **Umpire's Call** is the concept within the DRS under which the on-field decision of the bowler's end umpire shall stand, which shall apply under the specific circumstances set out in paragraphs 3.4.5 and 3.4.6 of Appendix D, where the ball-tracking technology indicates a marginal decision in respect of either the Impact Zone or the Wicket Zone.

5.11 **The Landing Zone** as used in the DRS is a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

5.12 **The Impact Zone** as used in the DRS is a three-dimensional space extending between both sets of stumps to an indefinite height vertically and with its boundaries consisting of the base of the stumps and the outside of the outer stumps at each end.

5.13 **The Wicket Zone** as used in the DRS is a two-dimensional area with its boundaries consisting of the outside of the outer stumps, the base of the stumps, and the outline of the top of the bails.

5.14 **A Fair Catch** is a catch that has been taken cleanly by the fielder in accordance with clause 33.

5.15 **A Bump Ball** is where the ball has made contact with the ground shortly after making contact with the striker's bat.

5.16 **The Elite Panel** is the group of umpires contracted to the ICC to officiate in international cricket.

5.17 **The International Panel** is the group of umpires nominated by the ICC's Full Members.

6 BATTERS

6.1 **Batting side** is the side currently batting, whether or not play is in progress.

6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

6.3 **The Striker** is the batter who receives the ball delivered by the bowler.

6.4 **The non-striker** is the batter who ground is at the bowler's end when the ball is delivered.

6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

6.6 **The batters have crossed**, while running between the wickets, only when the whole of one batter's person and bat have passed the whole of the other batter's person and bat.

6.7 **Original end** is the end where a batter was when the ball came into play for that delivery.

6.8 **Wicket he has left** is the wicket at the end where a batter was at the start of the run in progress.

6.9 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler.

6.10 **A normal batting position** is one from which a striker could be reasonably expected to defend her wicket.

6.11 For the purposes of these Playing Conditions, waist height is defined as the point at which the top of the batter's trousers would conventionally be when he is standing upright at the popping crease.

7 FIELDERS

7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging his duties as a fielder is not absent from the field of play nor, for the purposes of clause 24.2 (Fielder absent or leaving the field of play), is he to be regarded as having left the field of play.

8 SUBSTITUTES AND CONCUSSION REPLACEMENTS

8.1 **A Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom he substitutes on that side's list of nominated players. A substitute's activities are limited to fielding.

8.2 **A Concussion Replacement** is a pre-match designated player who takes the place of a player who has been replaced in accordance with the process set out in clause 1.2.7, and who for the remainder of the match replaces that player on that side's list of nominated players, being able to take a full part in the match (subject to such restrictions as may be imposed by the ICC Match Referee in accordance with clause 1.2.7.5).

8.3 **A Concussion Replacement Request** is the notification made to the ICC Match Referee in accordance with the process set out in clause 1.2.7.1.3.

8.4 **The Team Medical Representative** is the individual designated as having responsibility for the assessment of any issues relating to replacement players as set out in clause 1.2.7.

9 BOWLERS

9.1 **Over the wicket/round the wicket** – if, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as his bowling arm, he is bowling over the wicket. If the return crease is on the same side as his bowling arm, he is bowling round the wicket.

9.2 **Delivery swing** is the motion of the bowler's arm during which he normally releases the ball for a delivery.

9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

9.4 **The back foot** is the foot in the delivery stride that is the same side as the arm with which the bowler delivers the ball.

9.5 **The front foot** is the foot in the delivery stride that is the opposite side to the arm with which the bowler delivers the ball.

9.6 A bowler's foot lands at the moment some part of the foot first makes contact with the ground. Only the first point of contact with the ground is determined to be grounded at this point of landing.

9.7 **The Illegal Bowling Regulations** are the ICC's regulations governing Illegal Bowling Actions.

9.8 **An Illegal Bowling Action** is a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

9.9 **Elbow Extension** means the motion that occurs when a bowler's arm moves from a flexed (bent) position at the elbow, to a more extended (straight) position (full Elbow Extension occurs when the arm is straight).

9.10 **Elbow Hyperextension** is the motion that occurs when a bowler's elbow extends beyond the straight position.

9.11 **The ICC Bowling Action Report Form** is the form provided for by Article 3 of the Illegal Bowling Regulations, by which an umpire and/or the ICC Match Referee may submit a report relating to a suspected Illegal Bowling Action.

10 THE BALL

10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/'strikes the ball with the bat'.

10.2 **Non-landing** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground.

11 RUNS

11.1 **A run to be disallowed** is one that in these Playing Conditions should not have been taken. It is not only to be cancelled but the batters are to be returned to their original ends.

11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batters will not be returned to their original ends on that account.

12 THE PERSON

12.1 **Person;** A player's person is his physical person (flesh and blood) together with any clothing or legitimate external protective equipment that he is wearing except, in the case of a batter, his bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to him.

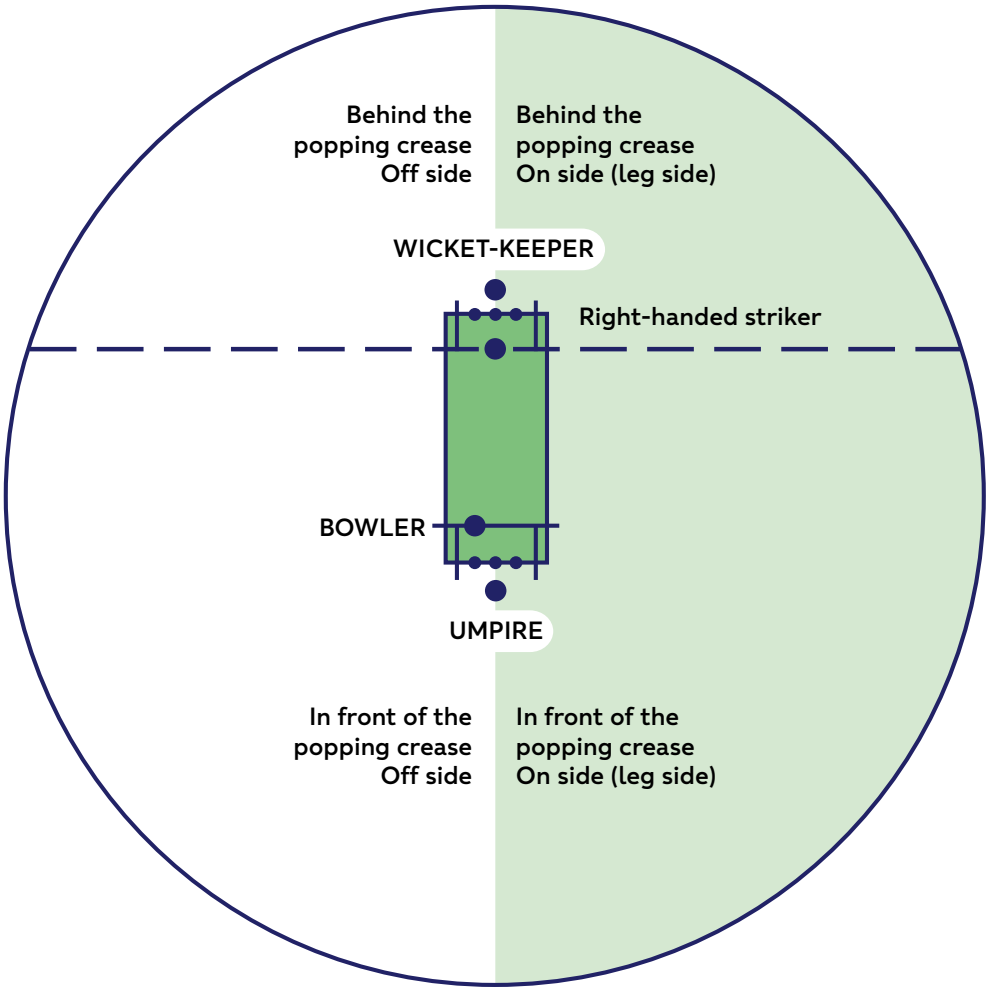

For a batter, a glove being held but not worn is part of his person.

For a fielder, an item of clothing or equipment he is holding in his hand or hands is not part of his person.

12.2 **Clothing** – anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though he may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

12.3 **Hand** for batter shall include both the hand itself and the whole of a glove worn on the hand.

13 OFF SIDE/ON SIDE; IN FRONT OF/ BEHIND THE POPPING CREASE

APPENDIX B: EQUIPMENT

1 THE BAT

1.1 General guidance

1.1.1 Measurements – All provisions in paragraphs 1.2 to 1.6 below are subject to the measurements and restrictions stated in the Playing Conditions and this Appendix.

1.1.2 Adhesives – Throughout, adhesives are permitted only where essential and only in minimal quantity.

1.2 Specifications for the handle

1.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade.

This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting paragraphs 1.3 and 1.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

1.2.2 The handle may be glued where necessary and bound with twine along the upper portion.

Providing clause 5.5 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to clause 5.6. The bottom of this grip should not extend below the point defined in paragraph 1.2.4 below.

Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in paragraph 1.3.1.

No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.2.3 Materials in handle – As a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth. Such materials must not project more than 3.25 inches/8.26 centimetres into the lower portion of the handle

1.2.4 Binding and covering of handle – The permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of

2.5 inches/6.35 centimetres for the twine binding

2.75 inches/6.99 centimetres for the covering grip.

1.3 Specifications for the blade

1.3.1 The blade has a face, a back, a toe, sides and shoulders

1.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

1.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

1.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

1.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

1.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

1.3.2 No material may be placed on or inserted into the blade other than as permitted in paragraph 1.2.4, paragraph 1.3.3, and clause 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.3.3 Covering the blade. Bats shall have no covering on the blade except as permitted in clause 5.4.

Any materials referred to above, in clause 5.4 and paragraph 1.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in paragraph 1.6.

1.4 Protection and repair

1.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

1.4.2 Materials can be used for protection and repair as stated in clause 5.4 and are additional to the blade. Note however clause 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of clause 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 inches/2.0 centimetres in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 inches/0.1 centimetres in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 inches/0.01 centimetres in thickness is not permitted.

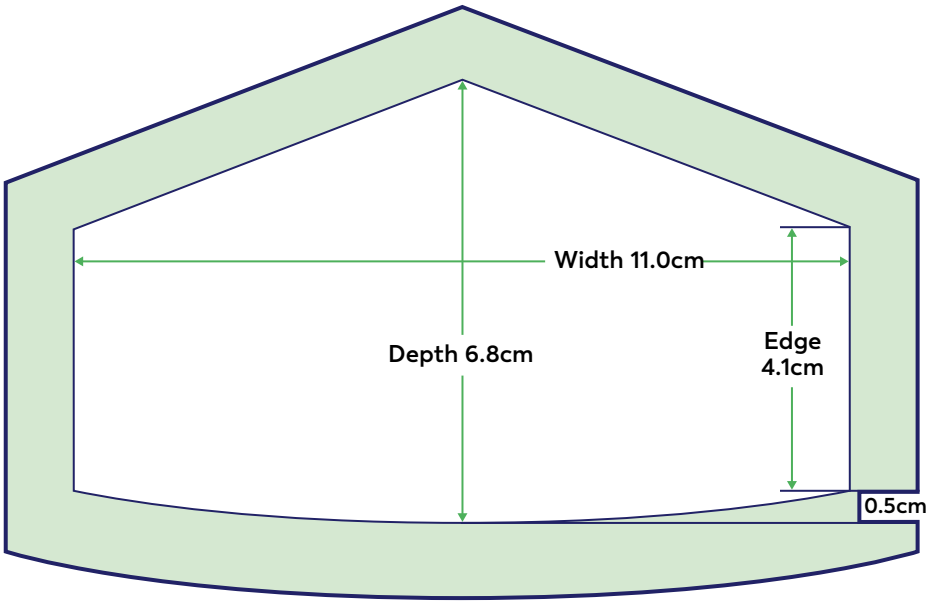

1.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in paragraph 1.6.

1.5 Commercial identifications

Such identifications shall comply with the restrictions set out in the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

1.6 Bat gauge

All bats must meet the specifications defined in clause 5.7. They must also, with or without protective coverings permitted in clause 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the following diagram:

DIMENSIONS OF APERTURE

Total depth: 2.68 inches/6.8 centimetres

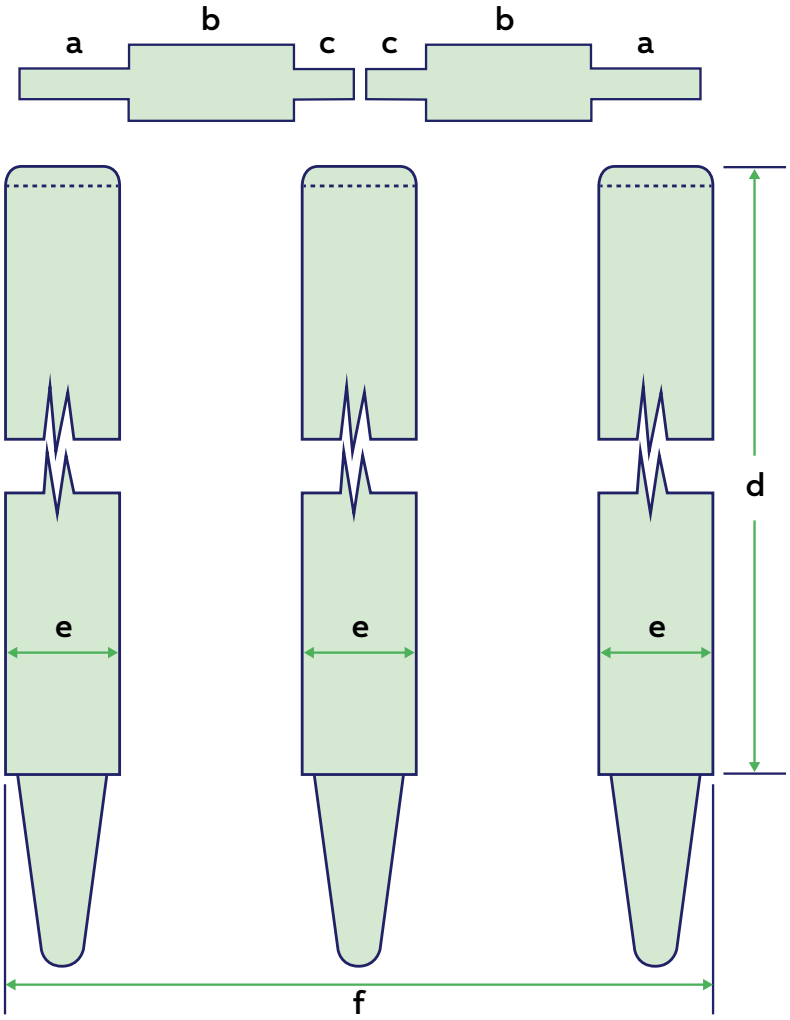

Width: 4.33 inches/11.0 centimetres

Edge: 1.61 inches/4.1 centimetres

Curve: 0.20 inches/0.5 centimetres

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 inches/30.5 centimetres, whose centre is on the vertical centre line of the aperture.

2 THE WICKETS

2.1 Bails

Overall 4.32 inches/10.96 centimetres

a = 1.38 inches/3.50 centimetres

b = 2.13 inches/5.40 centimetres

c = 0.81 inches/2.06 centimetres

2.2 Stumps

Height (d) = 28 inches/71.1 centimetres

Diameter (e) – maximum = 1.5 inches/3.81 centimetres;
minimum = 1.38 inches/3.50 centimetres

2.3 Overall

Width (f) of wicket 9 inches/22.86 centimetres

3 WICKET-KEEPING GLOVES

3.1 The images below illustrate the requirements of clause 27.2 in relation to:

– no webbing between the fingers;

– a single piece of non-stretch material between finger and thumb as a means of support; and

– when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

3.2 Note also the requirement for wicket-keeping gloves to comply with the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

4 HELMETS AND NECK PROTECTORS

4.1 Players must wear a helmet in the following circumstances where:

– batters are facing pace bowlers,

– wicket keepers are standing up to the stumps, and

– fielding close to the batter in front of the wicket

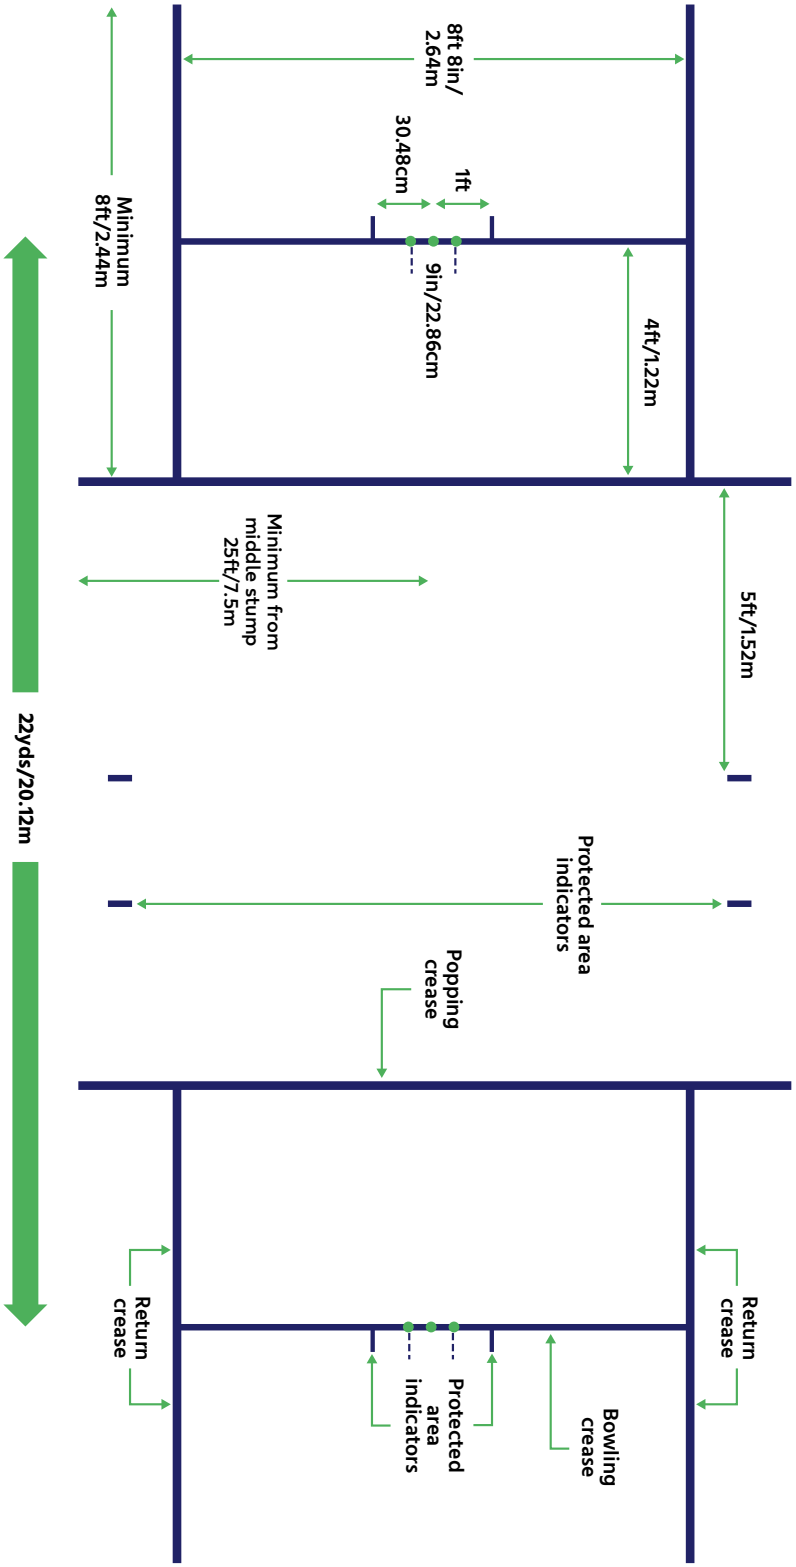

4.2 All helmets must be certified (BS7928:2013) helmets.

4.3 At other times helmets are optional. However, if a helmet is worn, it also must be a certified (BS7928:2013) helmet.

4.4 The use of a neck protector when batting in International Cricket is optional.

APPENDIX C: THE VENUE

1 THE PITCH AND THE CREASES

2 ADVERTISING ON GROUNDS, PERIMETER BOARDS AND SIGHT-SCREENS

2.1 Advertising on grounds

2.1.1 The logos on outfields are to be positioned as follows:

(a) Behind the stumps – a minimum of 25.15 yards (23 metres) from the stumps.

(b) Midwicket/cover area – no advertising to be positioned within 30 yards (27.50 metres) of the centre of the pitch being used for the match.

2.1.2 Note: Advertising closer to the stumps as set out above which is required to meet 3D requirements for broadcasters may be permitted, subject to prior ICC approval having been obtained.

2.2 Perimeter boards

2.2.1 Advertising on perimeter boards placed in front of the sight-screens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.

2.2.2 Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that the images are only changed or moved at a time that will not be distracting to the players or the umpires.

2.2.3 The brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

2.3 Sight-screens

2.3.1 Sight-screens shall be provided at both ends of all grounds. For day/night Test matches, they will be white or black as determined by the Home Board.

2.3.2 Advertising shall be permitted on the sight-screen behind the striker, providing it is removed for the subsequent over from that end.

2.3.3 Such advertising shall not contain flashing or flickering images and particular care should be taken by the operators that the advertising is not changed at a time which is distracting to the umpire.

3 MARKINGS ON OUTFIELD

With the permission of the Ground Authority, a bowler may use paint to make a small marking on the outfield for the purposes of identifying their run-up. Paint used for this purpose shall be any colour other than white.

APPENDIX D: DECISION REVIEW SYSTEM (DRS) AND THIRD UMPIRE PROTOCOL

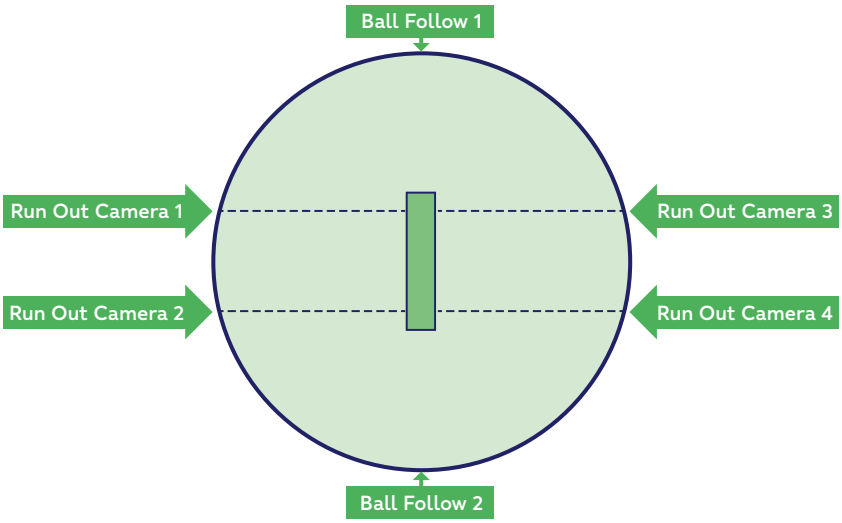

1 GENERAL

1.1 Mandatory DRS

It is mandatory for the Host Board to provide DRS technology for all matches.

1.2 Minimum requirements for use of DRS

1.2.1 The camera specification set out below shall be mandatory as a minimum requirement.

1.2.2 The table below summarises the minimum requirements for DRS to be used, and the regulations around the appointment of the third umpire:

	DRS
Minimum Requirement	Cameras – Specification detailed in paragraph 1.2.1. Technology – Approved ball-tracking technology. – Approved sound-based edge detection technology.
Third Umpire Jurisdiction	Umpire Reviews and Player Reviews.
Replays that can be used	Any replay, stump microphone audio or technology detailed in paragraph 3.8.1 below.
ICC Technical Officer	The ICC shall appoint an independent technology expert (ICC Technical Officer) to be present at every series in which the DRS is used to assist the third umpire and to protect the integrity of the DRS process.

1.2.3 The Home Board shall ensure that a separate room is provided for the third umpire and that they have access to the television equipment and technology so as to be in the best position to facilitate the referral and/or consultation processes referred to in paragraphs 2 (Umpire Review) and 3 (Player Review) below.

2 UMPIRE REVIEW

In the circumstances detailed in paragraphs 2.1, 2.2, 2.3 and 2.4 below, the on-field umpire shall have the discretion to refer the decision to the third umpire or, in the case of paragraphs 2.2, and 2.4, to consult with the third umpire before making the decision. In line with clause 21.5, the third umpire shall already have reviewed television replays of the bowler's feet landing and, where satisfied that not all the requirements have been met, shall immediately have advised the bowler's end umpire (who shall in turn have immediately called and signalled No ball). Accordingly, paragraphs 2 (Umpire Review) and 3 (Player Review) of this Appendix D shall operate on the basis that this element of the referral and/or consultation process has already been undertaken.

Save for requesting the umpire to review their decision under paragraph 3 (Player Review) below, players may not appeal to the on-field umpires to use the Umpire Review. Breach of this provision may constitute dissent and the player may be subject to disciplinary action under the ICC Code of Conduct for Players and Player Support Personnel.

2.1 Run Out, Stumped, Bowled and Hit Wicket Decisions

2.1.1 The relevant on-field umpire shall be entitled to refer an appeal for run-out, stumped, bowled or hit wicket to the third umpire.

2.1.2 An on-field umpire wishing to refer a decision to the third umpire shall signal to the third umpire by making the shape of a TV screen with their hands.

2.1.3 In the case of a referral of a bowled, hit wicket or stumped decision, the third umpire shall first check the fairness of the delivery (any mode of No ball on request except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). If the delivery was not a fair delivery the third umpire shall indicate that the batter is Not out and advise the on-field umpire to signal No ball. See also paragraph 2.6 below.

2.1.4 Additionally, if on review of a run out, bowled or hit wicket, the third umpire finds the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the on-field umpire so that the correct decision is made.

2.1.5 If the third umpire decides that the batter is Out, a red light shall be displayed; if the third umpire decides that the batter is Not out, a green light shall be displayed. Should the third umpire be temporarily unable to respond, a white light (where available) shall remain illuminated throughout the period of interruption to signify to the on-field umpires that Umpire Reviews are temporarily unavailable, in which case the decision shall be taken by the on-field umpire. As an alternative to the red/green light system, the replay screen (where available) may be used for the purpose of conveying the third umpire's decision, in line with the ICC Big Screen Policy.

2.2 Caught Decisions, Obstructing the Field

2.2.1 Where the bowler's end umpire is unable to decide upon a Fair Catch or a Bump Ball, or if, on appeal from the fielding side, the batter obstructed the field, they shall first consult with the striker's end umpire.

2.2.2 Should both on-field umpires require assistance from the third umpire to make a decision, the bowler's end umpire shall consult by two-way radio with the third umpire followed by making the shape of a TV screen with their hands.

2.2.3 The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter obstructed the field. However, in reviewing the television replay(s), the third umpire shall first check the fairness of the delivery for all decisions involving a catch (any mode of No ball, on request, except for (i) in respect of the feet, which shall already have been checked in accordance with clause 21.5; and (ii) the bowler using an Illegal Bowling Action, subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2

of the Illegal Bowling Regulations) and whether the batter has hit the ball. If the delivery was not a fair delivery they shall advise the bowler's end umpire to signal No ball. See also paragraph 2.6 below. Additionally, if it is clear to the third umpire that the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), they shall notify the bowler's end umpire of their decision, which will then be displayed on the big screen.

2.2.4 The third umpire shall communicate their decision as set out in paragraph 2.1.5.

2.3 Boundary Decisions

2.3.1 The bowler's end umpire shall be entitled to refer to the third umpire for a decision on:

2.3.1.1 whether a four or six has been scored;

2.3.1.2 whether a fielder had any part of his person in contact with the ball when he touched the boundary; or

2.3.1.3 whether the fielder had any part of his person in contact with the ball when he had any part of his person grounded beyond the boundary.

2.3.1.4 the number of runs scored when a boundary results from an overthrow or the wilful act of a fielder (see clause 19.8)

2.3.2 A decision shall be made immediately and cannot be changed thereafter.

2.3.3 If the television evidence is inconclusive as to whether or not a boundary has been scored, the default presumption shall be in favour of no boundary being awarded.

2.3.4 Where the bowler's end umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.3.5 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

2.4 Batters Running to the Same End

2.4.1 Where both batters have run to the same end and the on-field umpires are uncertain over which batter made his ground first, the on-field umpires may consult with the third umpire.

2.4.2 The procedure set out in paragraph 2.3.4 shall apply.

2.5 Short run

2.5.1 The third umpire shall automatically review any call of Short run by an on-field umpire under clauses 18.3 and 18.4, communicating with the relevant on-field umpire by two-way radio and conveying their decision by the same method.

2.6 No balls

2.6.1 If the bowler's end umpire is uncertain as to the fairness of the delivery following a dismissal (other than in respect of the feet, which shall have already been checked by the third umpire), either affecting the validity of the dismissal or which batter is dismissed, they shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery with the third umpire. Communication with the third umpire shall be by two-way radio.

2.6.2 The third umpire shall check all modes of No ball (other than in respect of the feet, which shall have already been checked) except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations). The third umpire shall apply clause 21.5 when deciding whether a No ball should have been called (and must therefore be satisfied that none of the three conditions in clause 21.5 have been met before calling a No ball).

2.6.3 If the delivery was not a fair delivery, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball).

2.6.4 If a No ball is called following the check by the third umpire, the batting side shall benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally called a No ball. Where the batters crossed while the ball was in the air before being caught, the batters shall return to their original ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

2.7 Cameras On or Over the Field of Play

2.7.1 The on-field umpires shall be entitled to refer to the third umpire for a decision as to whether the ball has at any time during the normal course of play come into contact with any part of the camera, its apparatus or its cables above the playing area, as contemplated in clause 20.1.3.

2.7.2 Where an on-field umpire wishes to use the assistance of the third umpire in this circumstance, they shall communicate with the third umpire by use of a two-way radio, and the third umpire shall convey their decision to the bowler's end umpire by the same method.

2.7.3 A decision shall be made immediately and cannot be changed thereafter. If the television evidence is inconclusive as to whether or not the ball has come into contact with any part of the camera, its apparatus or its cables above the playing area, the default presumption shall be in favour of no contact having been made.

2.7.4 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows the ball to have been in contact with any part of the camera or its cables above the playing area as envisaged under this paragraph.

3 PLAYER REVIEW

The following paragraphs shall operate in addition to and in conjunction with paragraph 2 (Umpire Review).

3.1 Circumstances in which a Player Review may be requested

3.1.1 A player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed, with the exception of 'Timed Out' (Player Review).

3.1.2 No other decisions made by the umpires are eligible for a Player Review.

3.1.3 Only the batter involved in a dismissal may request a Player Review of an Out decision and only the captain (or acting captain) of the fielding team may request a Player Review of a Not out decision.

3.1.4 A decision concerning whether or not a batter is dismissed that could have been the subject of an Umpire Review under paragraph 2 is eligible for a Player Review as soon as it is clear that the on-field umpire has chosen not to initiate the Umpire Review.

3.2 The manner of requesting the Player Review

3.2.1 The request shall be made by the player making a 'T' sign with both forearms at head height.

3.2.2 The total time elapsed between the ball becoming dead and the review request being made shall be no more than 15 seconds. The bowler's end umpire shall provide the relevant player with a prompt after 10 seconds if the request has not been made at that time and the player shall request the review immediately thereafter. If the on-field umpires believe that a request has not been made within the 15 second time limit, they shall decline the request for a Player Review.

3.2.3 The captain may consult with the bowler and other fielders, and the two batters may consult with each other prior to deciding whether to request a Player Review. Either the captain or the two batters may, in respect of a decision relating to an appeal for LBW, question the bowler's end umpire as to whether their decision has been made on the basis that the striker made no genuine attempt to play the ball with the bat. Under no other circumstances is any player permitted to query an umpire about any aspect of a decision before deciding on whether or not to request a Player Review. If the on-field umpires believe that the captain or either batter has received direct or indirect input emanating other than from the players on the field, then they may at their discretion decline the request for a Player Review. In particular, signals from the dressing room must not be given.

3.2.4 No replays, either at normal speed or slow motion, shall be shown on a big screen to spectators until the 15 second time limit allowed for requesting a Player Review has elapsed.

3.2.5 Where either on-field umpire initiates an Umpire Review, this does not preclude a player seeking a Player Review of a separate incident from the same delivery. The request for a Player Review may be made after the Umpire Review, provided the request is still within the 15 second time limit described in paragraph 3.2.2 above. (See paragraph 3.9 for the process for addressing both an Umpire and Player Review.)

3.2.6 A request for a Player Review cannot be withdrawn once it has been made.

3.3 The process of consultation

3.3.1 On receipt of an eligible and timely request for a Player Review, the relevant on-field umpire shall make the sign of a shape of a TV screen with their hands in the normal way.

3.3.2 The relevant on-field umpire shall initiate communication with the third umpire by confirming;

3.3.2.1 That a Player Review has been requested,

3.3.2.2 The mode of dismissal for which the relevant on-field umpire adjudicated the appeal,

3.3.2.3 The decision that has been made (Out or Not out), and;

3.3.2.4 For LBW appeals, where relevant, if the bowler's end umpire believed that the striker made no genuine attempt to play the ball with the bat (the default presumption of the third umpire in the absence of any information on this point from the bowler's end umpire shall be that a genuine attempt to play the ball with the bat was made).

3.3.3 A two-way consultation process shall begin to investigate whether there is anything that the third umpire can see or hear which would indicate that the on-field umpire should change their original decision.

3.3.4 The third umpire shall not withhold any factual information which may help in the decision-making process. In particular, in reviewing a dismissal, if the third umpire believes that the batter may instead be Out by any other mode of dismissal, they shall advise the on-field umpire accordingly. The process of consultation described in this paragraph in respect of such other mode of dismissal shall be conducted using the on-field umpire's original decision as the default reference.

3.3.5 The third umpire shall initially check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 6.2 of the Illegal Bowling Regulations), where appropriate advising the on-field umpire accordingly.

3.3.6 If despite the available technology, the third umpire is unable to decide with a high degree of confidence whether the original on-field decision should be changed, then they shall report that the replays are 'inconclusive', and that the on-field decision shall stand. The third umpire shall not give answers conveying likelihoods or probabilities.

3.3.7 In circumstances where the television technology (all or parts thereof) is not available to the third umpire or fails for whatever reason, the third umpire shall advise the on-field umpire of this fact but still provide any relevant factual information that may be ascertained from the available television replays and other technology.

3.3.8 The on-field umpire shall then make their decision based on the information provided by the third umpire, any other factual information offered by the third umpire and their recollection and opinion of the original incident.

3.3.9 The on-field umpire shall reverse their decision if the nature of the supplementary information received from the third umpire leads them to conclude that their original decision was incorrect.

3.4 Review of LBW Decisions

3.4.1 In assessing whether a batter is Out LBW in accordance with clause 36, the third umpire shall first judge whether the delivery is fair (as set out in clause 36.1.1), and second, whether or not the ball has touched the bat before being intercepted by any part of the striker's person (as set out in clause 36.1.3).

3.4.2 If the batter is still eligible to be Out, the ball-tracking technology shall then present three pieces of information to the third umpire relating to the path of the ball:

3.4.2.1 The point of landing (where applicable) (LANDING)

3.4.2.2 The position of the ball at the point of first interception (IMPACT)

3.4.2.3 Whether the ball would have hit the wicket (WICKET)

3.4.3 This Decision Review System (DRS) and Third Umpire Protocol includes a category of Umpire's Call, which shall be the conclusion reported where the technology indicates a marginal decision in respect of either the point of first interception or whether the ball would have hit the stumps.

3.4.4 LANDING

3.4.4.1 The interpretation of 'lands in line between wicket and wicket' in clause 36.1.2 shall refer to the position of the centre of the ball at the point of landing, in relation to the Landing Zone.

3.4.4.2 The Landing Zone is defined as a two-dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

3.4.4.3 Where applicable, the ball-tracking technology shall report that the ball landed in one of the following three areas in relation to the Landing Zone:

In Line	The centre of the ball was inside the Landing Zone
Outside Off	The centre of the ball was outside, and to the off side of, the Landing Zone
Outside Leg	The centre of the ball was outside, and to the leg side of, the Landing Zone

3.4.4.4 Subject to the satisfaction of the other elements of clause 36, the batter can be Out if the ball-tracking technology reports that the ball landed Outside Off or In Line, but the batter shall be Not out if the ball landed Outside Leg.

3.4.5 IMPACT

3.4.5.1 The interpretation of 'the (first) point of impact, even if in above the level of the bails, is between wicket and wicket' in clause 36.1.4 shall refer to the position of the ball at the point of first interception, in relation to the Impact Zone.

3.4.5.2 The Impact Zone is defined as a three-dimensional space extending between both wickets to an indefinite height and with its boundaries consisting of a line between the outside of the outer stumps at each end.

3.4.5.3 The ball-tracking technology shall report that the point of first interception was in one of the following categories in relation to the Impact Zone:

In Line	The centre of the ball was inside the Impact Zone.
Umpire's Call	Some part of the ball was inside the Impact Zone, but the centre of the ball was outside the Impact Zone, with the further sub-category of 'Umpire's Call (off side)' where the centre of the ball was to the off side of the Impact Zone and the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.
Outside	No part of the ball was inside the Impact Zone, with the further sub-categories of 'Outside (off)' and 'Outside (leg)' to indicate the location of the point of first interception in relation to the Impact Zone when the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.

3.4.5.4 Where a Not out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was In Line for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.5 Where a Not out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of impact was In Line, or Umpire's Call (off side), or Outside (off) for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.6 Where an Out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.5.7 Where an Out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside (leg) for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.6 WICKET

3.4.6.1 The interpretation of whether 'the ball would have hit the wicket' in clause 36.1.5 shall refer to position of the ball as it either hits or passes the wicket, in relation to the Wicket Zone.

3.4.6.2 The Wicket Zone is defined as a two-dimensional area whose boundaries are the actual outline of the whole wicket from the base to the top of the stumps, which includes the outline of the bails as they protrude above the top of the stumps.

3.4.6.3 The ball-tracking technology shall report whether the ball would have hit the wicket with reference to the following three categories:

Hitting	The ball was hitting the wicket, and the centre of the ball was inside the Wicket Zone
Umpire's Call	The ball was hitting the wicket, but the centre of the ball was not inside the Wicket Zone
Missing	The ball was missing the wicket

3.4.6.4 Where a Not out decision is being reviewed, the ball-tracking technology must report that the ball was Hitting for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

However, where the evidence shows that the ball was Hitting, the point of first interception was In Line, and the ball landed In Line or Outside Off, but that:

- The point of first interception was 300 centimetres or more from the stumps; or
- The point of first interception was more than 250 centimetres but less than 300 centimetres from the stumps and the distance between the point of landing and the point of first interception was less than 40 centimetres,

the on-field decision shall stand (that is, Not out).

3.4.6.5 Where an Out decision is being reviewed, the ball-tracking technology must report that the ball was Missing for the on-field decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.7 When the ball strikes the batter on the full, and the evidence provided by the ball-tracking technology indicates that the ball would have landed before striking or passing the wicket, there will be no information available from that delivery that will allow the ball-tracking technology to accurately predict the height of the ball after landing.

3.4.8 With regard to determining whether the ball would have hit the wicket under these circumstances, the ball-tracking technology shall project the line of the ball in accordance with clause 36.2.3 (it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not), and display the simulated path of the ball from directly above the wicket.

3.4.9 The third umpire shall advise the bowler's end umpire only on the point of first interception and whether the ball would have hit the stumps (in line with the process set out in paragraph 3.4 above), but shall make no comment on the predicted height of the ball after landing, which shall remain a judgment of the bowler's end umpire.

3.5 The process for communicating the final decision

3.5.1 For Player Reviews concerning potential dismissals, the relevant on-field umpire shall indicate Out by raising their finger above their head in a normal yet prominent manner or indicate Not out by the call of 'Not out' and by crossing their hands in a horizontal position side to side in front and above their waist three times. Where the decision is a reversal of the on-field umpire's previous decision, they shall make the 'revoke last signal' indication immediately prior to the above.

3.5.2 If the mode of dismissal is not obvious or not the same as that on which the original decision was based, then the umpire shall advise the scorers via the third umpire.

3.6 Number of Player Review requests permitted

3.6.1 In each innings, each team shall be allowed to make a maximum of three (3) Player Review requests that are categorised as 'Unsuccessful' (as set out in paragraph 3.6.3 below).

3.6.2 Where a request for a Player Review results in the original on-field decision being reversed, then the Player Review shall be categorised as 'Successful' and shall not count towards the innings limit.

3.6.3 Where a request for a Player Review results in the original on-field decision remaining unchanged (other than in the circumstances set out in paragraphs 3.6.4, 3.6.6 or 3.6.8), the Player Review shall be categorised as 'Unsuccessful'.

3.6.4 Where a request for a Player Review of an LBW decision results in the on-field decision remaining unchanged solely on the basis of an Umpire's Call, the Player Review shall be categorised as 'Unchanged – Umpire's Call'. A Player Review categorised as 'Unchanged – Umpire's Call' shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.5 Where, following a request for a Player Review, the original on-field decision of Out is unchanged, but for a different mode of dismissal from the original on-field decision, then the Player Review shall still be categorised as 'Unsuccessful'.

3.6.6 Where, following a request for a Player Review, the original on-field decision of Not out is unchanged on account of the delivery being a No ball (for any reason), thereby not requiring any further evaluation, the Player Review shall not be counted as 'Unsuccessful' and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.7 Where a Player Review and an Umpire Review are requested from the same delivery and the decision of the third umpire from the Umpire Review renders the Player Review unnecessary (see paragraphs 3.9.2 and 3.9.3), the Player Review request shall be disregarded and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.8 A Player Review categorised as 'Unsuccessful' may be reinstated by the ICC Match Referee at their sole discretion (if appropriate after consultation with the ICC Technical Official and/or the television broadcast director) if the Player Review could not properly be concluded due to a failure of the technology. Any such decision shall be final and shall be taken as soon as possible, being communicated to both teams once all the relevant facts have been ascertained by the ICC Match Referee. A Player Review categorised as 'Unsuccessful' shall not be reinstated if, despite any technical failures, the correct decision could still have been made using the other available technology. Similarly, a Player Review categorised as 'Unsuccessful' shall not be reinstated where the technology worked as intended, but the evidence gleaned from its use was inconclusive.

3.6.9 The third umpire shall be responsible for counting the number Player Reviews categorised as 'Unsuccessful' and shall advise the on-field umpires once either team has exhausted their allowance for the innings.

3.6.10 The scoreboard shall display, for the innings in progress, the number of Player Reviews remaining available to each team.

Category of Player Review	Outcome of Player Review	Consequence of Player Review
Successful (paragraph 3.6.2)	On-field decision reversed	Does not count towards innings limit set out in paragraph 3.6.1
Unsuccessful (paragraphs 3.6.3 and 3.6.5)	On-field decision unchanged	Counts towards innings limit set out in paragraph 3.6.1
Unchanged – Umpire's Call (paragraph 3.6.4)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
No ball – no evaluation required (paragraph 3.6.6)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
Failure of technology (paragraph 3.6.8)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1

3.7 Dead ball

3.7.1 If following a Player Review request, an original decision of Out is changed to Not out, then the ball is still deemed to have become dead when the original decision was made (as per clause 20.1.1.3). The batting side, while benefiting from the reversal of the dismissal, shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally made a Not out decision, other than any No ball penalty that could arise under paragraph 3.3.5 above.

3.7.2 If an original decision of Not out is changed to Out, the ball shall retrospectively be deemed to have become dead from the moment of the dismissal event. All subsequent events, including any runs scored, shall be ignored.

3.8 Use of technology

3.8.1 The following technology may be used by the third umpire during a Player Review:

3.8.1.1 Replays, at any speed, from any available broadcast camera

3.8.1.2 Sound from the stump microphones with the replays at normal speed and slow motion

3.8.1.3 Approved ball-tracking technology:

– HawkEye (HawkEye Innovations), or;

– VirtualEye (ARL)

3.8.1.4 Approved sound-based edge detection technology:

– Real-Time Snickometer (BBG Sports), or;

– UltraEdge (HawkEye Innovations)

3.8.1.5 Approved heat-based edge detection technology:

– Hot Spot cameras (BBG Sports)

3.8.1.6 LED wickets (using the lights to indicate if the wicket is broken, as set out in paragraph 4.2):

– Zing Bails and Stumps

3.8.2 In addition, other forms of technology may be used subject to the ICC being satisfied that the required standards of accuracy and time efficiency can be met.

3.8.3 Where practical usage or further testing indicates that any of the above forms of technology cannot reliably provide accurate and timely information, then it may be removed prior to or during a match. The final decision regarding the technology to be used in a given match shall be taken by the ICC Match Referee in consultation with the ICC Technical Official, ICC management and the competing teams' governing bodies.

3.9 Combining Umpire Review with Player Review

3.9.1 If an Umpire Review (under paragraph 2) and a request for a Player Review (under paragraph 3) are made following the same delivery but relating to separate modes of dismissal, the incidents shall be addressed in chronological order. If the conclusion from the first incident is that a batter is dismissed, then the ball would be deemed to have become dead at that point, rendering investigation of the second incident unnecessary.

4 INTERPRETATION OF PLAYING CONDITIONS

4.1 When using a replay to determine the moment at which the wicket has been broken (as per clause 29.1), the third umpire shall deem this to be the first frame in which one of the bails is shown (or can be deduced) to have lost all contact with the top of the stumps and subsequent frames show the bail permanently removed from the top of the stumps.

4.2 Where LED wickets are used (as provided for in paragraph 3.8.1.6) the moment at which the wicket has been broken (as per clause 29.1) shall be deemed to be the first frame in which the LED lights are illuminated and subsequent frames show the bail permanently removed from the top of the stumps.

APPENDIX E: CALCULATIONS

CALCULATION TEMPLATE FOR LAST DAY OF TEST MATCH

This template applies to any interruption on the last day that causes a loss in actual playing time – i.e. an interruption longer than the amount of extra time available) and where play resumes after the scheduled tea interval.

Where play resumes prior to tea, then the calculation of overs remaining in the day is performed as per days 1–4, with the scheduled time for the last hour affected only by the adding of any extra time. Lines A, B, C, D and E should be completed at the start of an interruption on the final day. (If play resumes without any lost playing time, or prior to the tea interval, then this sheet can be discarded.)

Once the length of interruption exceeds D and actual playing time is lost, then line F can be completed. Lines G and H can be completed immediately if the interruption starts after tea, otherwise as soon as the interruption includes the tea interval.

A	Start of interruption	_____	(A)
B	Minimum overs remaining before start of last hour as at time A (see note 1)	_____	(B)
C	Time required to bowl minimum overs @ 4 minutes per over [Bx4]	_____	(C)
D	Extra time available as at time A	_____	(D)
E	Scheduled time for last hour as at time A	_____	(E)
F	Rescheduled time for last hour (time basis) [D+E]	_____	(F)
G	Length of intervals covered by interruption Enter 40 (lunch), 20 (tea), 60 (both) or 0 (neither)	_____	(G)
H	Rescheduled time for last hour (overs basis) [A+C+D+G]	_____	(H)
I	Later of F and H above	_____	(I)
J	Time play resumes	_____	(J)

Case A: If J is earlier than I, play resumes prior to the last hour

K	Minutes playing time lost [J–A–D–G]	_____	(K)
L	Overs lost @ 4 minutes per over (see note 2)	_____	(L)
M	Minimum overs before start of last hour [B–L] (see note 1)	_____	(M)

The last hour then starts at the later of the time in Line F and the completion of the overs in Line M

Case B: If J is not earlier than I, play resumes in the last hour

K	Time for last hour to finish [K+60 minutes]	_____	(K)
L	Minutes remaining in last hour [K–J]	_____	(L)
M	Overs remaining in last hour [L/4 minutes or part thereof] (see note 1)	_____	(M)

Note 1: If an interruption occurs part-way through an over, in Row B enter the number of full overs remaining, ignoring the part-over. Then in Row M, add back the part-over to the minimum overs to be bowled on resumption.

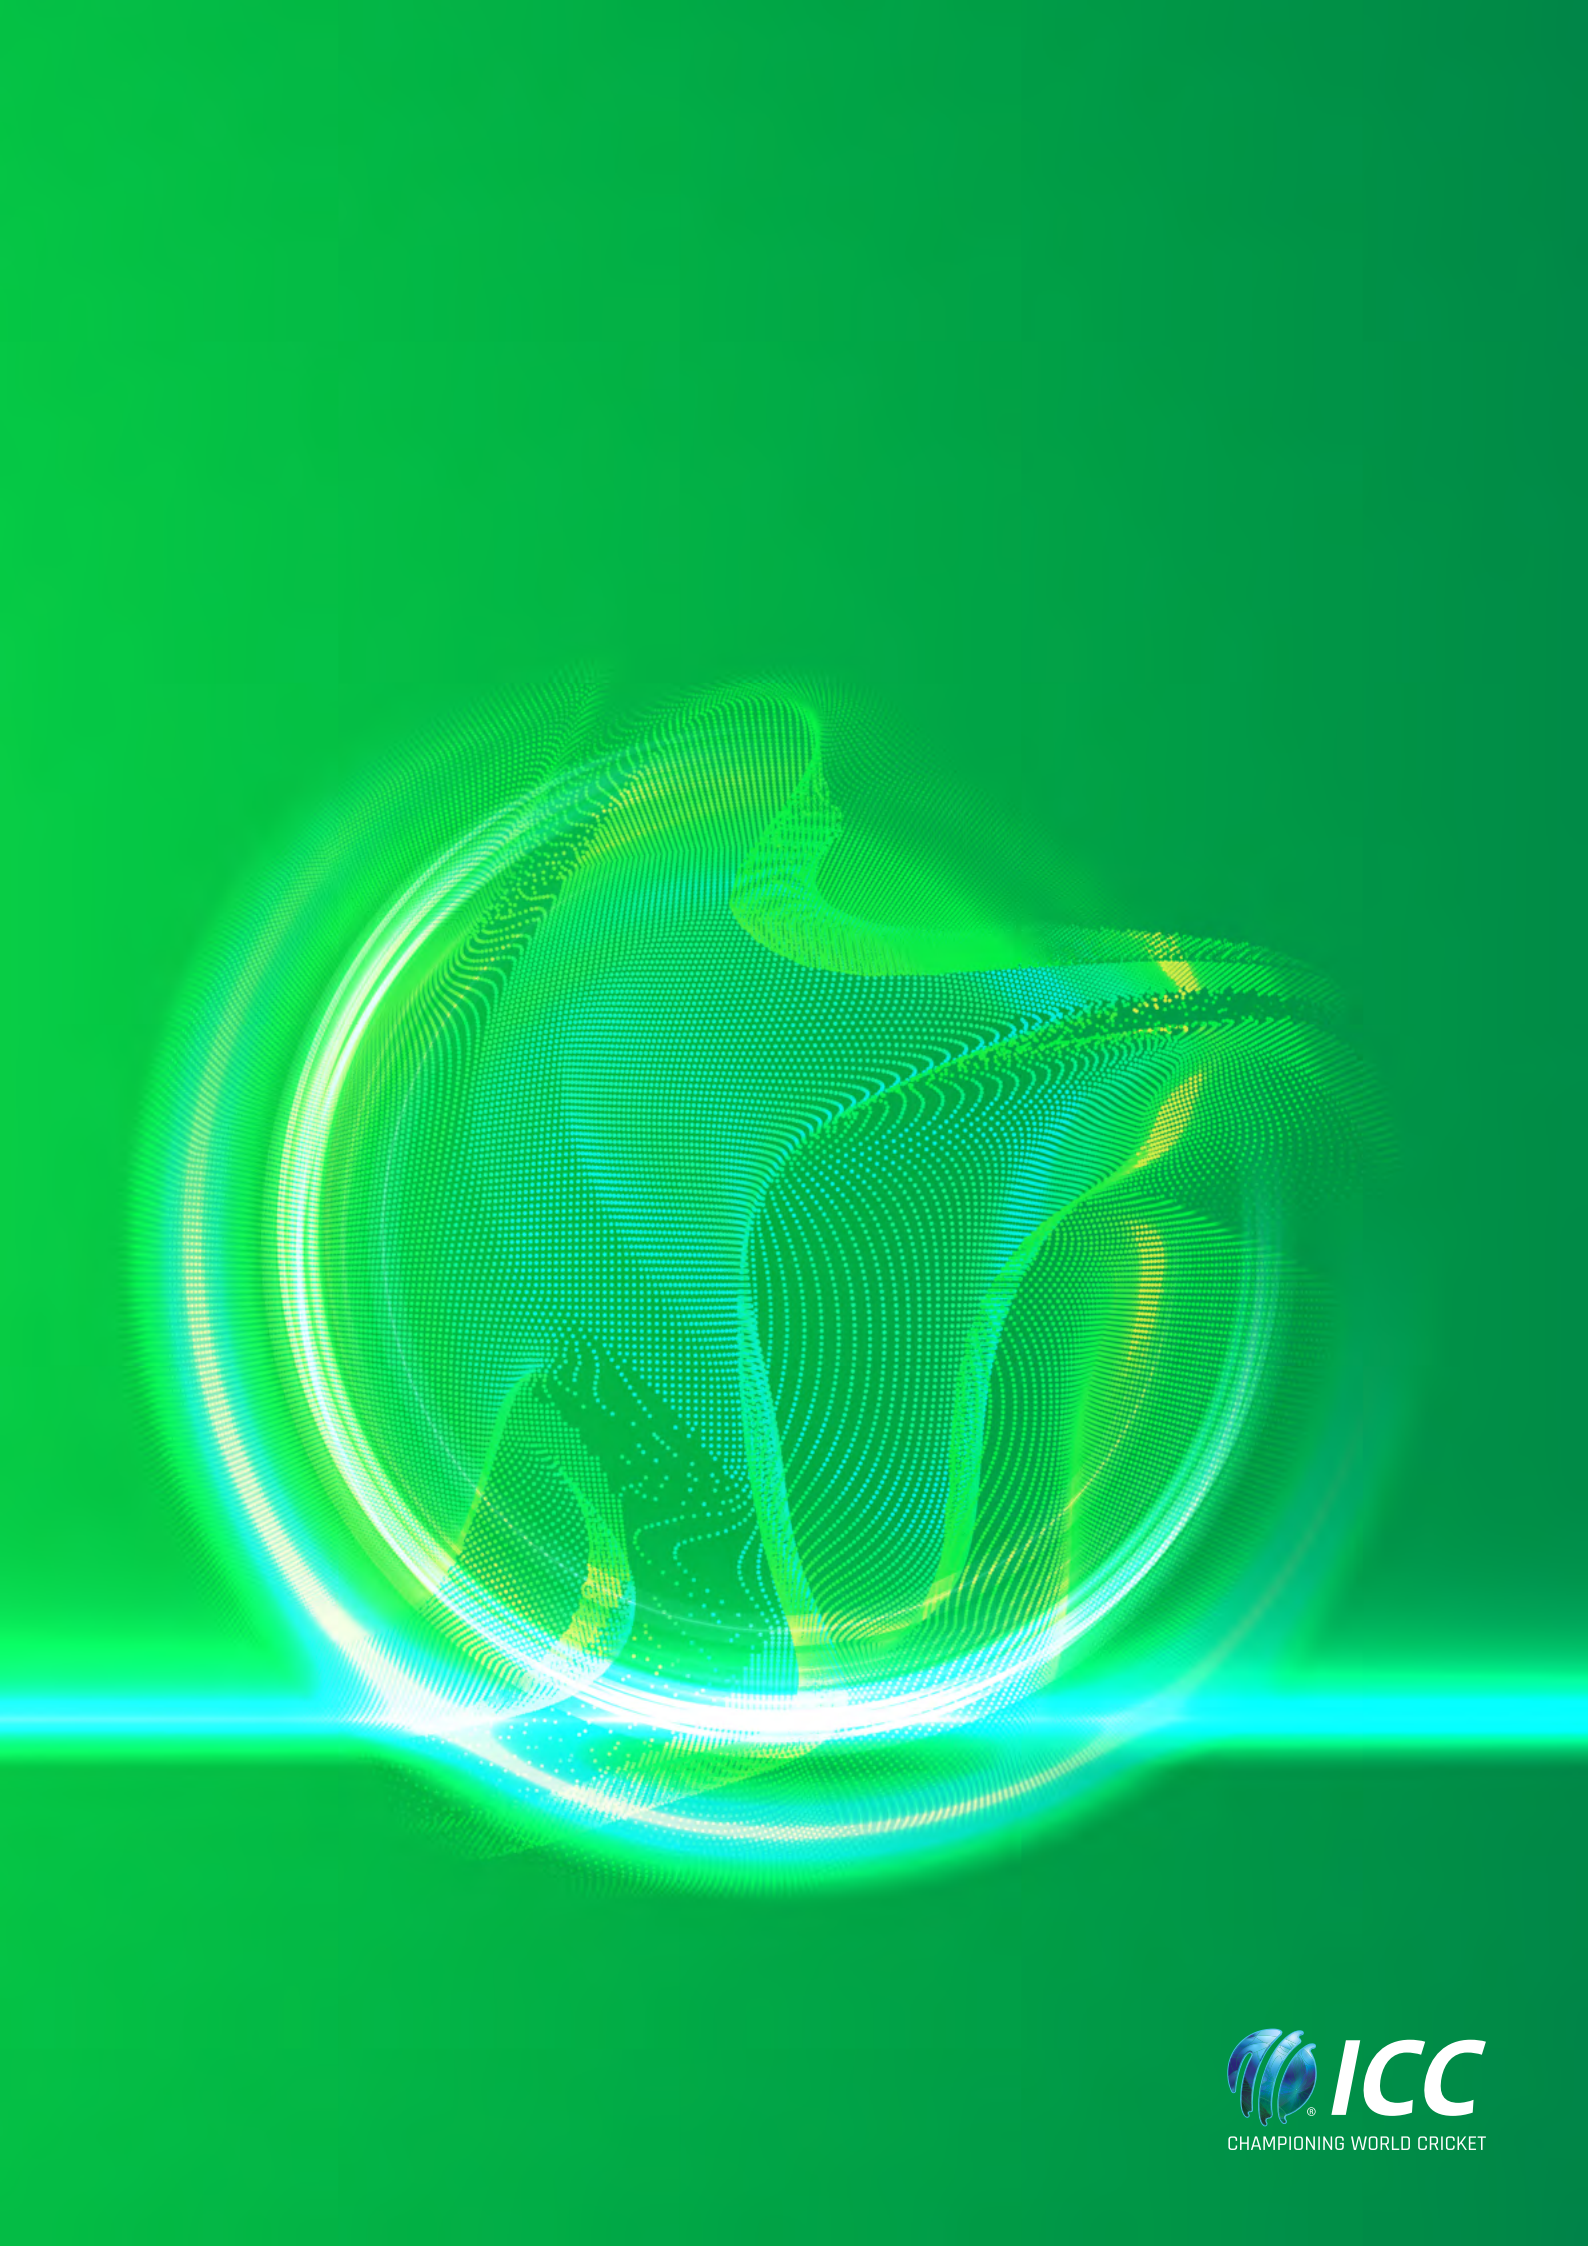

Note 2: The actual overs lost for a given interruption will also reflect any earlier interruptions in the day, so that one over is lost in the day for each full four (4) minutes of aggregated playing time lost. For example, 15 minutes loses three (3) overs, but another 15-minute delay loses four (4) overs.

APPENDIX F: USE OF ELECTRONIC COMMUNICATIONS EQUIPMENT

The use of electronic communication devices and equipment of any kind to communicate with players on the field of play shall not be permitted.

APPENDIX G: ON-FIELD INJURY ASSESSMENTS AND TREATMENT

The umpires will allow an initial four (4) minutes for medical staff to treat the injured player. Umpires may inform the medical team when there is 90 seconds remaining, after which the player should be removed from the field of play if further assessment/treatment is required. The on-field umpires will consider each incident when applying the four-minute guideline and be guided by the appointed Match Day Doctor or their nominated replacement.

ICC

CHAMPIONING WORLD CRICKET

PLAYING CONDITIONS ADDENDUMS

Addendum to ICC Men's and Women's Twenty20 International Playing Conditions

The following changes shall be applied to these playing conditions for 'Green' status Members.

Clause 1.2	Nomination and replacement of players Replace ICC Match Referee with Umpire's
Clause 2.1	Umpire's' appointment and attendance
	shall apply subject to the following:
2.1.2.1	Shall not apply
2.1.2.2	Shall not apply and shall be replaced by the following:
	The Home Board shall appoint both on-field Umpire's from its own panel
2.1.2.3	Shall be replaced by the following: The third Umpire may be appointed by the Home Board and shall act as the emergency on-field Umpire

	Shall apply subject to the following:
	Remove reference to ICC Match Referee
2.8.5	If light meters are available to the Home Board they shall be used.
2.8.6	Shall only apply to venues where the artificial lights are of sufficient standard
2.8.9	Replace ICC Match Referee with Umpire's
Clause 4.2	Approval and control of balls
4.2.2	Replace at least 6 new balls with at least 4 new balls
Clause 6.3	Selection and preparation of the pitch
6.3.2	Replace fourth Umpire with third Umpire where available or on-field Umpire's.
6.3.3	Replace ICC Match Referee with Umpire's
Clause 6.4	Changing the pitch Replace ICC Match Referee with Umpire's
Clause 6.5	Non turf pitches Shall be replaced by the following: All T20I matches shall be played on natural turf or artificial pitches. A hybrid pitch shall be permitted with the prior approval of ICC. The use of PVA and other adhesives in the preparation of turf pitches is not permitted.
Clause 9	Preparation and Maintenance of the Playing surface
	Shall apply to turf pitches only except 9.1.5 and 9.1.6 which may also apply to artificial pitches
9.8	Remove reference to ICC Match Referee
Clause 10.2	Covering the pitch during the match Shall only apply if covers are available
Clause 10.3.	Removal of covers

Shall only apply if covers are available

Clause 11.5 No drinks intervals shall be permitted.

Clause 12.8.3.6
Shall not apply.

Clause 13.4 The Toss

Replace ICC Match Referee with Umpire's

Clause 16.2 ICC Match Referee awarding a match

All references to ICC Match Referee shall be replaced by Umpire's

Clause 19.1
19.1.3 Determining the boundary of the field of play
Shall not apply and shall be replaced by:
Women's Playing Condition
With respect to the size of the boundaries, no boundary shall be longer than 70 yards (64 meters), and no boundary should be shorter than 60 yards (54.86 metres) from the centre of the pitch to be used.

INTRODUCTION

These playing conditions are applicable to all IPL matches from 1 March 2024 and supersede any previous playing conditions applicable to IPL.

Note: *All references to 'Governing Body responsible for the match' within the Laws of Cricket shall be replaced by 'IPL Match Referee'*

1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of eleven players, one of whom shall be captain.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate 11 players plus a maximum of 5 substitute fielders in writing to the IPL Match Referee after the toss. Other than set out in Clause 1.2.9 no player (member of the playing eleven) may be changed after the nomination and prior to the start of play without the consent of the opposing captain.

1.2.2 Only those nominated as substitute fielders shall be entitled to act as substitute fielders during the match (subject to clause 1.2.6), unless the IPL Match Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, as well as any Concussion Replacements must be eligible to play for that particular team and have been included in the teams registered squad of players as announced to BCCI per the Player Regulations and by such nomination the nominees shall warrant that they are so eligible.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable IPL Regulations and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Team Officials (hereafter referred to as the IPL Code of Conduct), the IPL Anti- Discrimination Code for Players and Team Officials, the BCCI Anti-Doping Code and the BCCI Anti-Corruption Code for Participants.

1.2.5 Each team may not name more than 4 Overseas players (as defined in the IPL Player Regulations) in its starting eleven for any match.

1.2.6 A team may not have more than 4 Overseas players on the field of play at any time during any Match. Thus, if the team names the maximum 4 Overseas players in its starting XI, an Overseas player may only take the field as a substitute fielder if the player that he is replacing is an Overseas player. If the team names less than 4 Overseas players in its starting XI, Overseas players may only enter the field of play as substitute fielders to the extent that by doing so, they do not take the total number of Overseas players representing that team on the field to more than 4.

1.2.7 A player or player support personnel who has been suspended from participating in a match shall not, from the toss of the coin and for the remainder of the match thereafter:

1.2.7.1 Be nominated as, or carry out any of the duties or responsibilities of a substitute fielder, or

1.2.7.2 Enter any part of the playing area (which shall include the field of play and the area between the boundary and the perimeter boards) at any time, including any scheduled or unscheduled breaks in play.

1.2.8 A player who has been suspended from participating in a match shall, from the toss of the coin and for the remainder of the match thereafter, be permitted to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the match is not within the playing area described in 1.2.7.2 (for example, the player is not permitted to enter the on-field 'dug-out')

1.2.9 Concussion Replacement

1.2.9.1 If a player sustains a concussion or suspected concussion, as a result of a head or neck injury during the course of the relevant match, a Concussion Replacement may be permitted in the following circumstances:

1.2.9.1.1 the head or neck injury must have been sustained during play and within the playing area described in clause 1.2.7.2 above;

1.2.9.1.2 a concussion or suspected concussion must have been formally diagnosed by the Players' Medical Team Doctor

1.2.9.1.3 the Team Manager shall submit a Concussion Replacement Request to the IPL Match Referee on a standard form, which shall:

1.2.9.1.3.1 identify the player who has sustained the concussion or suspected concussion;

1.2.9.1.3.2 specify the incident in which the concussion or suspected concussion was sustained, including the time at which it occurred;

1.2.9.1.3.3 confirm that, following an examination, the Players' Team Medical Doctor believes or suspects that the player has sustained a concussion as a result of the incident specified in clause 1.2.9.1.3.2 above; and

1.2.9.1.3.4 identify the requested Concussion Replacement, who shall be like-for-like replacement for the player who has sustained the concussion or suspected concussion.

1.2.9.2 The Concussion Replacement Request must be submitted to the IPL Match Referee as soon as possible after the incident specified in clause 1.2.9.1.3.2 if a Concussion Replacement is to be permitted

1.2.9.3 The IPL Match Referee should ordinarily approve a Concussion Replacement Request if the replacement is a like-for-like player whose inclusion will not excessively advantage his team for the remainder of the match.

1.2.9.4 In assessing whether the nominated Concussion Replacement should be considered a like-for-like player, the IPL Match Referee should consider the likely role that the concussed player would have played during the remainder of the match, and the normal role that would be performed by the nominated Concussion Replacement.

1.2.9.5 If the IPL Match Referee believes that the inclusion of the nominated Concussion Replacement, when performing their normal role, would excessively advantage their team, the IPL Match Referee may impose such conditions upon the identity and involvement of the Concussion Replacement as he/she sees fit, in line with the overriding objective of facilitating a like-for-like replacement for the concussed player.

For clarity, a concussion replacement will inherit all warnings, penalty time and suspensions that were imposed on the replaced player.

1.2.9.6 The IPL Match Referee may, in reviewing a Concussion Replacement Request made in accordance with clause 1.2.9.1.3 request any such further information as may be required in order to make the determination required under clauses 1.2.9.4 and 1.2.9.5.

1.2.9.7 The decision of the IPL Match Referee in relation to any Concussion Replacement Request shall be final and neither team shall have any right of appeal.

1.2.9.8 Once the Concussion Replacement has been approved by the IPL Match Referee, the replaced player shall take no further part in the match

1.2.9.9 Both the Concussion Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

1.2.9.10 The Concussion Replacement will inherit all warning, penalty time and suspensions that were imposed on the replaced player. For example- any player suspended from the bowling, should they be replaced by concussion replacement, the restriction shall apply to the replacement player.

1.3 **Captain**

1.3.1 If at any time the captain is not available, a deputy shall act for him.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as his deputy to do so. See clause 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss. See clause 13.4 (The toss).

1.4 **Responsibility of captains**

The captains are responsible at all times for ensuring that play is conducted within the Spirit of Cricket as well as within these Playing Conditions.

2 THE UMPIRES

2.1 Appointment and attendance

The following rules for the selection and appointment of umpires shall be followed as far as it is practicable to do so:

2.1.1 The umpires shall control the game as required by these Playing Conditions, with absolute impartiality and shall be present at the ground at least two hours before the scheduled start of play.

2.1.2 BCCI shall establish a panel of umpires who shall be contracted to the BCCI and shall officiate at IPL Matches.

2.1.3 BCCI shall appoint both umpires to stand in each match. Such umpires shall be selected from the group referred to in paragraph 2.1.2

2.1.4 BCCI shall appoint a third umpire for each match who shall officiate in regards to TV replays, adjudicate front foot and back foot No ball decisions and act as the emergency on-field umpire. Such appointments shall be selected from the group referred to in paragraph 2.1.2

2.1.4.1 The playing conditions governing the use of the third umpire and DRS are included in Appendix D.

2.1.5 BCCI shall also appoint a fourth umpire for each match. The fourth umpire shall act as the emergency third umpire. Such appointments shall be selected from the group referred to in paragraph 2.1.2

2.1.6 BCCI shall also appoint a match referee for all matches.

2.1.7 Neither team will have a right of objection to the appointment of any umpire or match referee.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless he/ she is injured or ill.

2.3 Consultation with Relevant Ground Authority

Before the match the umpires shall consult with the relevant Ground Authority of the Venue to determine;

2.3.1 the balls to be used during the match. See clause 4 (The ball).

2.3.2 the hours of play and the times and durations of any agreed intervals.

2.3.3 which clock or watch and back-up time piece is to be used during the match.

2.3.4 the boundary of the field of play. See clause 19 (Boundaries).

2.3.5 the use of covers. See clause 10 (Covering the pitch).

2.3.6 any special conditions of play affecting the conduct of the match.

inform the scorers of agreements in 2.3.2, 2.3.3, 2.3.4 and 2.3.6.

2.4 **The wickets, creases and boundaries**

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See clause 7 (The creases).

2.4.2 the wickets are properly pitched. See clause 8 (The wickets).

2.4.3 the boundary of the field of play complies with the requirements of clauses 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 **Conduct of the match, implements and equipment**

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with these Playing Conditions.

2.5.2 the implements used in the match conform to the following

2.5.2.1 clause 4 (The ball).

2.5.2.2 externally visible requirements of clause 5 (The bat) and paragraph 1 of Appendix B.

2.5.2.3 either clauses 8.2 (Size of stumps) and 8.3 (The bails).

2.5.3 no player uses equipment other than that permitted. See paragraph 2 of Appendix A. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of clause 27.2 (Gloves).

2.6 **Fair and unfair play**

The umpires shall be the sole judges of fair and unfair play.

2.7 **Fitness for play**

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batter of the ability to play their strokes or to run between the wickets, then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See clause 6.1 (Area of pitch).

2.8.2 If at any time the umpires together agree that the conditions of ground, weather or light, or any other circumstances are dangerous or unreasonable, they shall immediately suspend play, or not allow play to start or to recommence. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the IPL Match Referee.

2.8.3 If circumstances are warranted, the umpires shall stop play and instruct the Ground Authority to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct the ground staff to take such action during scheduled and unscheduled breaks in play.

2.8.4 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

2.8.5 Light Meters

Light Meters are not used in IPL

2.8.6 Use of artificial lights

For the afternoon matches, IPL Match Referee and Umpires in consultation with the relevant ground authority will decide when the artificial lights will be switched on.

However, if in the opinion of the Umpires, Natural light is deteriorating to an unsafe level, they will authorise the lights to be switched on earlier.

For the night matches, IPL Match Referee and Umpires in consultation with the relevant ground authority will decide when the artificial lights will be switched on at a suitable time before the toss.

In the event of power failure or lights malfunction, the provisions relating to the delay or interruption of play due to bad weather apply.

2.8.7 When there is a suspension of play, it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.8.8 The safety of all persons within the ground is of paramount importance to the IPL. In the event that of any threatening circumstance, whether actual or perceived (including for example

weather, pitch invasions, act of God, etc.), then the umpires, on the advice of the IPL Match Referee, should suspend play and all players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, IPL Match Referee, the head of the relevant Ground Authority, the head of ground security and/or the police as the circumstances may require.

2.8.9 Where play is suspended under clause 2.8.8 above the decision to abandon or resume play shall be the responsibility of the IPL Match Referee who shall act only after consultation with the head of ground security and the police.

2.9 **Position of umpires**

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this over-riding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided he/she informs the captain of the fielding side, the striker and the other umpire.

2.10 **Umpires changing ends**

Shall not apply.

2.11 **Disagreement and dispute**

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also clause 31.6 (Consultation by umpires).

2.12 **Umpire's decision**

An umpire may alter any decision provided that such alteration is made promptly and does not contradict clause 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 **Signals**

2.13.1 The following code of signals shall be used by umpires.

2.13.1.1 Signals made while the ball is in play

No ball - by extending one arm horizontally.

Out - by raising an index finger above the head. (If not out, the umpire shall call Not out.)

Wide - by extending both arms horizontally.

Dead ball - by crossing and re-crossing the wrists below the waist.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in clause 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 - by waving an arm from side to side finishing with the arm across the chest

Boundary 6 - by raising both arms above the head.

Bye - by raising an open hand above the head.

Five Penalty runs awarded to the batting side - by repeated tapping of one shoulder with the opposite hand.

Five Penalty runs awarded to the fielding side - by placing one hand on the opposite shoulder.

Leg bye - by touching a raised knee with the hand.

Revoke last signal - by touching both shoulders, each with the opposite hand.

Short run - by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.

Free Hit – after signaling the no ball, the bowler's end umpire extends one arm straight upwards and moves it in a circular motion.

Time Out – by tapping the raised wrist.

2.13.1.4 All the signals in clause 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signaled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

If several signals are to be used, they should be given in the order that the events occurred.

2.14 **Informing the umpires**

Wherever the umpires are to receive information from captains or other players under these Playing Conditions, it will be sufficient for one umpire to be so informed and for him/her to inform the other umpire.

2.15 **Correctness of scores**

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled.

The umpires shall ensure that they are able to contact the scorers at any time during the match and at its conclusion to address any issues relating to the correctness of scores.

3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled. One of these scorers will use the official BCCI scoring App.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree and consult with the umpires if necessary. See clause 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

4 THE BALL

4.1 Weight and size

The ball, when new, shall weigh not less than 5.5 ounces/155.9 g, nor more than 5.75 ounces/163 g, and shall measure not less than 8.81 in/22.4 cm, nor more than 9 in/22.9 cm in circumference.

4.2 Approval and control of balls

4.2.1 BCCI shall provide white cricket balls of an approved standard for T20 cricket and spare used balls for changing during a match, which shall also be of the same brand. Note: BCCI shall be required to advise the teams of the brand of ball to be used in the match (es) at least 30 days prior to the start of the season.

4.2.2 The fielding captain or his nominee may select the ball with which he wishes to bowl from the supply provided by the BCCI. The fourth umpire shall take a box containing at least 6 new balls to the dressing room and supervise the selection of the ball.

4.2.3 The umpires shall retain possession of the match ball(s) throughout the duration of the match when play is not actually taking place.

4.2.4 During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket, a time out, or any other disruption in play.

4.3 New ball

4.3.1 One new ball shall be used at the start of each innings.

5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this clause with detailed specifications in paragraph 1 of Appendix B.

5.2 **The handle**

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in paragraph 1.2.2 of Appendix B.

5.3 **The blade**

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in clause 5.2 and in paragraph 1.3 of Appendix B.

5.3.2 The blade shall consist solely of wood.

5.4 **Protection and repair**

Subject to the specifications in paragraph 1.4 of Appendix B and providing clause 5.4.3 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or, repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 **Damage to the ball**

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this clause, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 **Contact with the ball**

In these clauses,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on his hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

5.6.2.1 the bat itself

5.6.2.2 the batter's hand holding the bat

5.6.2.3 any part of a glove worn on the batter's hand holding the bat

5.6.2.4 any additional materials permitted under 5.4

shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 **Bat size limits**

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 in/96.52 cm.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25in / 10.8 cm

Depth: 2.64in / 6.7 cm

Edges: 1.56in / 4.0cm.

Furthermore, it should also be able to pass through a bat gauge as described in paragraph 1.6 of Appendix B.

5.7.3 The handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in clause 5.4.1 shall not exceed 0.04 in/0.1 cm in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 in/0.3 cm.

5.8 **Categories of bat**

5.8.1 Type A bats conform to clauses 5.1 to 5.7 inclusive.

5.8.2 Only Type A bats may be used in IPL matches.

5.8.3 Bat checks will be done during the game in the following manner-

1. For opening batters it will be done at the boundary edge, before they walk out by the Fourth Umpire.

2. For every incoming batter it will be done by either of the on-field umpires before the batter takes strike.

6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 m in length and 10 ft/3.05 m in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 ft/1.52 m from it. See clauses 8.1 (Description, width and pitching) and 7.2 (The bowling crease).

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See clauses 2.7 (Fitness for play) and 2.8 (Suspension of play in dangerous or unreasonable conditions).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.3.1 The Ground Authority shall ensure that during the period prior to the start of play and during intervals, the pitch area shall be roped off so as to prevent unauthorised access. (The pitch area shall include an area at least 2 metres beyond the rectangle made by the crease markings at both ends of the pitch).

6.3.2 The fourth umpire shall ensure that, prior to the start of play and during any intervals, only authorised staff, the IPL match officials, players, team coaches and authorised television personnel shall be allowed access to the pitch area. Such access shall be subject to the following limitations:

6.3.2.1 Only captains and team coaches may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.3.2.2 Access to the pitch area by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.3.2.3 No spiked footwear shall be permitted.

6.3.2.4 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.3.2.5 Access shall not interfere with pitch preparation.

6.3.3 In the event of any dispute, the IPL Match Referee will rule and his ruling will be final.

6.4 Changing the pitch

6.4.1 If the on-field umpires decide that it is dangerous or unreasonable for play to continue on the match pitch, they shall stop play and immediately advise the IPL Match Referee.

6.4.2 The on-field umpires and the IPL Match Referee shall then consult with both captains.

6.4.3 If the captains agree to continue, play shall resume.

6.4.4 If the decision is not to resume play, the on-field umpires together with the IPL Match Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the IPL Match Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.

6.4.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned with the following consequences:

6.4.5.1 In the event of the required number of overs to constitute a match having been completed at the time the match is abandoned, the result shall be determined according to the provisions of clause 16.4.2.

6.4.5.2 In the event of the required number of overs to constitute a match not having been completed, the match will be abandoned as a no result.

6.4.6 If the abandonment occurs on the day of the match, the IPL Match Referee shall consult with the BCCI with the objective of finding a way for a new match (including a new nomination of teams and toss) to commence on the same date and venue. Such a match may be played either on the repaired pitch or on another pitch, subject to the IPL Match Referee and the relevant Ground Authority both being satisfied that the new pitch will be of the required IPL standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 12.

6.4.7 If it is not possible to start a new match on the scheduled day of the match, the BCCI shall determine whether the match can be replayed within the existing league schedule.

6.4.8 Throughout the above decision making processes, the IPL Match Referee shall keep informed both captains and the head of the Ground Authority. The head of the Ground Authority shall ensure that suitable and prompt public announcements are made.

6.5 **Non-turf pitches**

All IPL matches shall be played on natural turf pitches. The use of PVA and other adhesives in the preparation of pitches is not permitted.

7 THE CREASES

7.1 **The creases**

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in clauses 7.2, 7.3 and 7.4, at each end of the pitch. See paragraph 1 of Appendix C.

7.2 **The bowling crease**

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in clause 6.1 (Area of pitch). It shall be 8 ft 8 in/2.64 m in length.

7.3 **The popping crease**

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 ft/1.22 m from it. The popping crease shall be marked to a minimum of 15 yards/13.71 m on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 **The return creases**

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 ft 4 in/1.32 m either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 ft/2.44 m behind it and shall be considered to be unlimited in length.

7.5 **Additional Crease Markings**

As a guideline to the umpires for the calling of wides on the offside, the crease markings detailed in paragraph 1 of Appendix C shall be marked in white (or another acceptable colour as at the discretion of the IPL Match Referee) at each end of the pitch.

8 THE WICKETS

8.1 **Description, width and pitching**

Two sets of wickets shall be pitched opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 in/22.86 cm wide and shall consist of three wooden stumps with two wooden bails on top. See paragraph 2 of Appendix B.

8.2 **Size of stumps**

The tops of the stumps shall be 28 in/71.12 cm above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 in/3.50 cm nor more than 1.5 in/3.81 cm. See paragraph 2 of Appendix B.

BCCI will provide a slightly larger cylindrical stump to accommodate the stump camera. When the larger stump is used, all three stumps must be exactly the same size.

8.3 **The bails**

8.3.1 The bails, when in position on top of the stumps,

- shall not project more than 0.5 in/1.27 cm above them.

- shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications (see paragraph 2 of Appendix B).

Overall length 4.31 in/10.95 cm

Length of barrel 2.13 in /5.40 cm

Longer spigot 1.38 in/3.50 cm

Shorter spigot 0.81 in/2.06 cm.

8.3.3 The two spigots and the barrel shall have the same centre line.

8.4 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See clause 29.5 (Dispensing with bails).

8.5 LED Wickets

The use of approved LED Wickets is permitted. Refer also to paragraphs 3.8.1.5 and 4.2 of Appendix D.

9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in clauses 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling

During the match the pitch may be rolled at the request of the captain of the side batting second, for a period of not more than 7 minutes, before the start of the second innings.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than 7 minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

If there is more than one roller available, the captain of the batting side shall choose which one is to be used.

The following shall apply in addition to clause 9.1:

9.1.4 Prior to the scheduled time for the toss, the artificial drying of the pitch and outfield shall be at the discretion of the Ground Authority. Thereafter and throughout the match the drying of the outfield may be undertaken at any time by the Ground Authority, but the drying of the affected area of the pitch shall be carried out only on the instructions and under the supervision of the umpires. The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

9.1.5 The umpires may instruct the Ground Authority to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

9.1.6 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

9.2 **Clearing debris from the pitch**

9.2.1 The pitch shall be cleared of any debris

9.2.1.1 Between innings. This shall precede rolling if any is to take place.

9.2.2 The clearance of debris in clause 9.2.1 shall be done by sweeping, except where the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

9.2.3 In addition to clause 9.2.1, debris may be cleared from the pitch by hand, without sweeping and whenever either umpire considers it necessary.

9.3 **Mowing**

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.4 **Watering the pitch**

The pitch shall not be watered during the match.

9.5 **Re-marking creases**

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 **Maintenance of footholes**

The umpires shall ensure that the holes made by the bowlers and batter are cleaned out and dried whenever necessary to facilitate play.

The umpires shall allow, if necessary, the returfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

In addition, the umpires shall see that wherever possible and whenever it is considered necessary, action is taken during all intervals in play to do whatever is practicable to improve the bowler's footholes.

9.7 **Securing of footholds and maintenance of pitch**

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that clause 41 (Unfair play) is not contravened.

9.8 **Protection and preparation of adjacent pitches during matches**

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.8.1 Such measures will only be possible if requested by the Ground Authority and approved by the umpires before the start of the match.

9.8.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.8.3 The preparation work shall be carried out under the supervision of the fourth umpire.

9.8.4 The consent of the captains is not required but the umpires shall advise both captains and the IPL Match Referee before the start of the match on what has been agreed.

10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

The pitch shall be entirely protected against rain up to the commencement of play.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in clauses 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

The pitch shall be entirely protected against rain up to the commencement of play, and for the duration of the period of the match.

The covers must totally protect the pitch and also the pitch surroundings, to a minimum of 5 metres either side of the pitch, and any worn or soft areas in the outfield.

The bowlers' run-ups shall be covered during inclement weather, in order to keep them dry, to a distance of at least 10 x 10 metres.

10.3 Removal of covers

All covers (including "hessian" or "scrim" covers used to protect the pitch against the sun) shall be removed not later than 1 hour before the scheduled start of play provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals.

- Intervals between innings.

- Time-Outs.

- Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of clause 24.2.6.

11.2 **Duration of interval**

11.2.1 There shall be a 20 minute interval between innings, taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.3 **Allowance for interval between innings**

Law 11.3 of the Laws of Cricket shall not apply.

11.4 **Changing agreed times of intervals**

11.4.1 If the innings of the team batting first is completed prior to the scheduled time for the interval, the interval shall take place immediately and the innings of the team batting second will commence correspondingly earlier. In circumstances where the side bowling first has not completed the allotted number of overs by the scheduled or re-scheduled cessation time for the first innings, the umpires shall reduce the length of the interval by the amount of time that the first innings over-ran. The minimum time for the interval in an uninterrupted match will be 15 minutes.

11.4.2 However, following a lengthy delay or interruption prior to the completion of the innings of the team batting first, the IPL Match Referee may, at his/her discretion, reduce the interval between innings from 20 minutes to not less than 10 minutes.

11.4.3 Such discretion should only be exercised after determining the adjusted overs per side based on a 20 minute interval. If having exercised this discretion, the rescheduled finishing time for the match is earlier than the latest possible finishing time, then these minutes should be deducted from the length of any interruption during the second innings before determining the overs remaining.

11.5 **Intervals for drinks**

11.5.1 No drinks intervals shall be permitted.

11.5.2 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket attire (subject to the wearing of bibs – refer to the note in clause 24.1.4).

11.6 **Time-Outs**

11.6.1 There will be two time-outs of 2 minutes 30 seconds in duration in each innings. The time-outs are to allow the teams to re-group tactically. Umpires and players must start to move back into their positions after 2 minutes in order to resume play when the countdown clock reaches zero seconds.

11.6.2 Drinks may be brought out on to the field during the time-out. No practice is allowed.

11.6.3 Subject to clauses 11.6.4 and 11.6.8 below, the above-mentioned time-outs will occur in each innings of matches which are not Interrupted (such that the scheduled number of overs in respect of such innings remains 20) at the following times: (a) at the end of either the 6th, 7th, 8th or 9th

over at the election of the fielding team and (b) at the end of either the 13th, 14th, 15th or 16th over at the election of the batting team.

11.6.4 If there is a stoppage in play (whether for a wicket or injury or any other reason) during an over once a time-out has been requested pursuant to clause 11.6.5 below or the 9th or 16th over if the relevant time-out has not yet been taken, then the umpires shall, if they believe that it will speed up the game, not wait for the end of the over and may immediately call the time-out.

11.6.5 Each time-out should be called by only either (a) the captain of either team or (b) the batter at the wicket (as appropriate in accordance with clause 11.6.3 (a) and (b) respectively) notifying one of the two on field umpires or the fourth umpire, in each case before the bowler starts his run up to deliver the final ball. Any notification once the bowler has started his run up or if he has no run up, his bowling action will not be valid and the captain will be asked if he wants the time out to take place after the end of the following over. If either the fielding captain or the batter respectively does not make an election, the umpires will call the time-out at the end of the 9th and 16th over respectively.

11.6.6 For the sake of clarity, no other team representative is permitted to advise or request a time-out other than the captains of either team or batter at the wicket.

11.6.7 The umpires will clearly signal the time-out by tapping a raised wrist (left or right).

11.6.8 In any match which is interrupted (such that the scheduled number of overs in respect thereof is less than 20) then the time-outs will occur as follows:

Scheduled Number of Overs	**Earliest Fielder Time out (End of over)**	**Latest Fielder Time out (End of over)**	**Earliest Batter Time out (End of over)**	**Latest Batter Time out (End of over)**
20	6	9	13	16
19	6	9	13	16
18	5	8	12	15
17	5	8	12	14
16	5	7	11	13
15	5	6	10	12
14 or less	None	None	None	None

11.6.9 If the scheduled number of overs in the innings in an interrupted match is 14 overs or less, there will be no time-outs. Furthermore, following a lengthy delay or interruption prior to any of the time-outs, the IPL Match Referee may, at his discretion, cancel all of the remaining time-outs.

11.6.10 If in any innings the batting team is dismissed before a scheduled time-out, then there will be no such time-out in respect of such innings.

11.7 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this clause.

12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time, when the ball is dead, at the end of any session of play or as required by these Playing Conditions. See also clause 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, the bails shall be removed from both wickets.

12.4 Conclusion of match

12.4.1 The match is concluded

12.4.1.1 as soon as a result as defined in clauses 16.1 to 16.5 (The result) is reached.

12.4.1.2 as soon as the prescribed number of overs have been completed

12.4.2 The match is concluded if, without a conclusion having been reached under 12.4.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.5 Hours of Play; Minimum Overs Requirement

12.5.1 To be determined by the BCCI subject to there being 2 sessions of 1 hour 30 minutes each (including 5 minutes time-out), separated by a 20 minute interval between innings.

12.6 Minimum Over Rates

12.6.1 The minimum over rate to be achieved in IPL Matches shall be 14.11 overs per hour (ignoring the time taken by time-outs).

12.6.2 In uninterrupted matches, this means that the 20th over should finish within 90 minutes (being 85 minutes of playing time plus 5 minutes of time-out) of the start of the innings. For delayed or

interrupted matches where an innings is scheduled to be less than 20 overs, the maximum time of 90 minutes shall be reduced by 4 minutes 15 seconds for every over by which the innings is reduced.

12.6.3 The actual over rate shall be calculated at the end of each innings by the umpires.

12.6.4 In calculating the actual over rate for the match, allowances shall be given as follows:

12.6.4.1 The time lost as a result of treatment given to a player by an authorised medical personnel on the field of play;

12.6.4.2 The time lost as a result of a player being required to leave the field as a result of a serious injury;

12.6.4.3 The time taken for all third umpire referrals and consultations and any umpire or player reviews;

12.6.4.4 The time lost as a result of time wasting by the batting side; and

12.6.4.5 The time lost due to all other circumstances that are beyond the control of the fielding side.

12.6.5 In the event of any time allowances being granted to the fielding team under clause 12.7.3.4 above (time wasting by batting team), then such time shall be deducted from the allowances granted to such batting team in the determination of its over rate. The fourth umpire should ensure that the batting captain (if not at the wicket) and the team manager are both aware of any warnings.

12.6.6 In addition to the allowances as provided for above,

12.6.6.1 an additional allowance of 1 minute will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings.

12.6.7 If a batting team is bowled out within the time determined for that innings pursuant to these playing conditions (taking into account all of the time allowances set out above), the fielding side shall be deemed to have complied with the required minimum over rate.

13 INNINGS

13.1 Number of innings

A match shall be one innings for each side.

13.2 Alternate innings

Each side shall take their innings alternately.

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the prescribed number of overs have been bowled to the batting side.

13.4 **The toss**

The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of the IPL Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play. Note, however, the provisions of clause 1.3 (Captain).

13.5 **Decision to be notified**

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

13.6 **Duration of Match**

All matches will consist of one innings per side, each innings being limited to a maximum of 20 overs. All matches shall be of one day's scheduled duration.

13.7 **Length of Innings**

13.7.1 Uninterrupted Matches.

13.7.1.1 Each team shall bat for 20 overs unless all out earlier.

13.7.1.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first innings, play shall continue until the required number of overs has been bowled. The interval shall not be extended and the second session shall commence at the later of the scheduled time or 15 minutes from the cessation of the first innings. The team batting second shall receive its full quota of 20 overs irrespective of the number of overs it bowled in the scheduled time for the cessation of the first innings.

13.7.1.3 If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.

13.7.1.4 If the team fielding second fails to bowl 20 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result is achieved.

13.7.1.5 Penalties shall apply for slow over rates (refer to the IPL Code of Conduct).

13.7.2 Delayed or Interrupted Matches

13.7.2.1 Delay or Interruption to the Innings of the Team Batting First (see Tables 1 and 2 of Appendix E)

13.7.2.1.1 When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 14.11 overs per hour in the total remaining time available for play.

13.7.2.1.2 The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of 5 overs have to be bowled to the side batting second, subject to a result not being achieved earlier.

13.7.2.1.3 As soon as the total minutes of playing time remaining is less than the completed overs faced by Team 1 multiplied by 4.25, then the first innings is terminated and the provisions of 13.7.2.2 below take effect.

13.7.2.1.4 A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of 14.11 overs per hour. When calculating the length of playing time available for the match, or the length of either innings, the timing and duration of all relative delays, extensions in playing hours, time outs, interruptions in play and the intervals will be taken into consideration. This calculation must not cause the match to finish earlier than the original or rescheduled time for cessation of play on the final scheduled day for play. If required, the original time shall be extended to allow for one extra over for each team.

13.7.2.1.5 If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue until the required number of overs have been bowled or the innings is completed.

13.7.2.1.6 Penalties shall apply for slow over rates (refer to the IPL Code of Conduct).

13.7.2.2 Delay or Interruption to the innings of the Team Batting Second (see Tables 3 and 4 of Appendix E)

13.7.2.3 When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 14.11 overs per hour, in respect of the lost playing time. Should the calculations result in a fraction of an over the fraction shall be ignored.

13.7.2.3.1 In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.

13.7.2.3.2 To constitute a match, a minimum of 5 overs have to be bowled to the team batting second subject to a result not being achieved earlier.

13.7.2.3.3 The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

13.7.2.3.4 A fixed time will be specified for the close of play by applying a rate of 14.11 overs per hour. The timing and duration of all relative delays, extensions in playing hours, time outs and interruptions in play, will be taken into consideration in specifying this time.

13.7.2.3.5 If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.

13.7.2.3.6 Penalties shall apply for slow over rates (refer IPL Code of Conduct).

13.7.3 Extra Time

Where the start of play is delayed or play is suspended for any reason then extra time of (i) up to sixty minutes shall be available for each IPL regular season match; and (ii) up to one hundred and twenty minutes for any of the play-off matches.

For the avoidance of doubt, if extra time is required to be used, it will be taken in the following sequence. In the event of a delayed start or interruption, the provision of sixty minutes (or one hundred and twenty minutes for play-off matches) extra time is to be used first, followed by the time allocated for 'time outs' and then the reduction in the innings change interval (if applicable).

For clarity, the changeover period (maximum 10 mins) for a Super Over after the main match is not to be taken into account when applying any permitted extra time available.

For the play-off matches, in addition to the extra time referred to above, there may be reserve days (on which an incomplete play-off match shall be completed). Further details of reserve day arrangements will be confirmed when the 2025 match schedule is announced.

13.8 **Over-Rate Penalties**

13.8.1 The fielding side shall be in position to bowl the last ball of the final over of the innings by the scheduled (or re-scheduled) cessation time for the innings (calculated in accordance with clause 13.7). In delayed or interrupted matches where there has been a reduction of 3 or more overs

pursuant to clause 13.7.2, the fielding side shall be in position to bowl the last ball of the over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

13.8.2 Where this requirement is not met, clause 28.7.5 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) no more than 4 fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3. If the scheduled or rescheduled end time of the innings is arrived after the start of the last over then the in-game penalty for allowing maximum 4 fielders outside the 30 yards circle will not be applicable. However, any financial penalties for slow over rate will still be applied.

13.8.3 Clause 13.8.2 shall not apply where:

13.8.3.1 a side's innings is reduced to less than 10 overs, unless the over-rate penalty has been applied prior to such reduction; or

13.8.3.2 a side's innings is completed prior to the scheduled (or re-scheduled) cessation time for the innings.

13.8.4 The bowler's end umpire shall inform the captain of the fielding side, the batter and the other umpire of:

13.8.4.1 the scheduled cessation time for the innings prior to the start of the innings, and of any re-scheduled cessation time following any subsequent interruption to play; and

13.8.4.2 any time allowances pursuant to clause 12.8.3 as and when they arise.

13.8.5 Over-rate penalties pursuant to clause 13.8 shall be applied in addition to the relevant provisions under the IPL Code of Conduct.

13.9 **Number of Overs per Bowler**

13.9.1 No bowler shall bowl more than 4 overs in an innings.

13.9.2 In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second;

13.9.2.1 for innings of rescheduled length of 10 or more over overs, no bowler may bowl more than one-fifth of the total overs allowed. Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

13.9.2.2 for innings of rescheduled length of less than 10 overs, no bowler may bowl more than two overs. Thus in a 5 over innings, it would be possible for 2 bowlers to each bowl 2 overs and a third bowler to bowl 1 over.

13.9.3 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

13.9.4 The scoreboard shall show the total number of overs bowled and the number of overs bowled by bowler.

14 THE FOLLOW-ON

Law 14 of the Laws of Cricket shall not apply.

15 DECLARATION AND FORFEITURE

Law 15 of the Laws of Cricket shall not apply.

16 THE RESULT

16.1 A Win

16.1.1 Unless the winner is determined by DLS (see clause 16.4) the side which has scored in its one innings a total of runs in excess of that scored by the opposing side in its one completed innings shall win the match. See clause 13.3 (Completed innings). Note also clause 16.4 (Winning hit or extras).

16.1.2 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (Clause 16.2), a result can be achieved only if both teams have had the opportunity of batting for at least 5 overs, unless one team has been all out in less than 5 overs or unless the team batting second scores enough runs to win in less than 5 overs.

16.1.3 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (Clause 16.2), all matches in which both teams have not had an opportunity of batting for a minimum of 5 overs, shall be declared a No Result.

16.2 IPL Match Referee awarding a match

16.2.1 A match shall be lost by a side which either

16.2.1.1 concedes defeat or

16.2.1.2 in the opinion of the IPL Match Referee refuses to play and the IPL Match Referee shall award the match to the other side.

16.2.2 If an umpire considers that an action by any player or players might constitute a refusal by either side to play, then the umpires together shall inform the IPL Match Referee of this fact. The IPL Match Referee shall together with the umpires ascertain the cause of the action. If the IPL Match Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, he/she shall so inform the captain of that side. If the captain persists in the action the IPL Match Referee shall award the match in accordance with clause 16.2.1.2 above.

16.2.3 If action as in clause 16.2.2 above takes place after play has started and does not constitute a refusal to play. Playing time shall be counted as lost from the call of Time to the call of Play, excluding intervals (Law 11) and suspensions of play (Law 2.8).

Note: In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the IPL Code of Conduct.

16.3 **All other matches – A Tie or No Result**

16.3.1 A Tie

If the teams' scores are equal after both innings have been completed (if applicable under DLS - see clause 16.4) then a Super Over shall be played. If the Super Over is a tie, then unless exceptional circumstances arise (See paragraph 24 of Appendix F) subsequent Super Overs shall be played from the actual finish time of the tied match for an hour's time until there is a winner in an uninterrupted match. The Match Referee will inform the teams as to when the last super over will start. Should it not be possible to play or complete the Super Overs needed to determine a winner, the match shall be tied.

16.3.2 No Result

See clause 16.1.3 above.

16.4 **Calculation of the Target Score**

16.4.1 Interrupted Matches

16.4.1.1 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 5 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using DLS. The target set will always be a whole number and one run less will constitute a Tie.

16.4.2 Prematurely Terminated Matches

16.4.2.1 If the innings of the side batting second is suspended (with at least 5 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension using DLS . If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

16.5 **Winning hit or extras**

16.5.1 As soon as a result is reached as defined in clauses 16.1, 16.2 or 16.3.1, the match is at an end. Nothing that happens thereafter, except as in clause 41.17.2(Penalty runs), shall be regarded as part of it. Note also clause 16.8.

16.5.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batter before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.5.3 If a boundary is scored before the batter have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.6 **Statement of result**

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall, unless clause 16.4.2.1 (Prematurely Terminated Matches) applies

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of 5 Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.7 **Correctness of result**

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See clause 2.15 (Correctness of scores).

16.8 **Mistakes in scoring**

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to clause 16.9, they shall adopt the following procedure.

16.8.1 If, when the players leave the field, the side batting last has not completed its innings and,

either the number of overs to be bowled in that innings has not been completed, or

the end of the innings has not been reached

then, unless one side concedes defeat, the umpires shall order play to resume.

Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed. The number of overs shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.8.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.9 **Result not to be changed**

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see clauses 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

16.10 **League Table**

16.10.1 The league competition table for the League shall be compiled by BCCI, the positions in which shall be determined by the number of points gained with points being awarded as follows:

2 points for each match won;

1 point per team taking part in any match with no result or any match which is tied (where it was not possible to complete a Super Over, or subsequent Super Overs).

1 point per team for any match involving such team which does not commence for any reason (other than where the reason for such non-commencement is a breach of the Operational Rules by one Franchisee which results in such Franchisee forfeiting such match); and

0 points for any match lost or forfeited.

The team with the highest number of points shall be at the top of the table and the team with the lowest shall be at the bottom.

16.10.2 Where teams have an equal number of points their relative positions shall be determined by the following:

16.10.2.1 The team with the most wins in matches in the League during the season will be placed in the higher position;

16.10.2.2 If there are teams with equal points and equal wins during the season, then in such case the team with the higher net run rate (as calculated in clause 16.12 below) will be placed in the higher position;

16.10.2.3 If following the net run rate calculation above there are teams which are still equal, then the team with the higher number of wickets taken per fair balls bowled in the matches played that season in which results were achieved will be placed in the higher position;

16.10.2.4 If still equal at the end of the regular season then the team position will be determined by drawing lots.

16.10.3 References in clause 16.10 to 'matches' shall not include the play-off matches.

Play-off matches

If any of the Final, the Eliminator, Qualifier 1 or Qualifier 2 matches are tied, or there is no result, the following shall apply:

16.11.1 the relevant teams shall compete in a Super Over and if necessary further Super Overs to determine which team is the winner of the match in question; and

16.11.2 if conditions do not permit a Super Over, or subsequent Super Overs within the time available to determine the winner as described in Appendix F then the team which, at the end of the relevant regular

Season, finished in the higher position in the League table (in accordance with clause 16.10 above) will be deemed the winner of the relevant play-off match.

The procedure for any Super Over shall be as set out in Appendix F.

16.11 **Net Run Rate**

16.12.1 A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the season, the average runs per over scored against that team throughout the season.

16.12.2 In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

16.12.3 Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under Duckworth/Lewis/Stern, for net run rate purposes, team 1 will be accredited with team 2's Par Score on abandonment off the same number of overs faced by team 2. Where a match is concluded but with Duckworth/Lewis/Stern having been applied at an earlier point in the match, team 1 will be accredited with 1 run less than the final Target Score for team 2 off the total number of overs allocated to team 2 to reach the target.

17 THE OVER

17.1 **Number of balls**

The ball shall be bowled from each end alternately in overs of 6 valid balls.

17.2 **Start of an over**

An over has started when the bowler starts his run-up or, if there is no run-up, starts his action for the first delivery of that over.

17.3 **Validity of balls**

17.3.1 A ball shall not count as one of the 6 balls of the over unless it is delivered, even though, as in clause 38.3 (Non-striker leaving his ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the 6 balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See clause 20.6 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of clause 20.4.2.6. Note also the special provisions of clause 20.4.2.5. (Umpire calling and signalling Dead ball).

17.3.2.3 if it is a No ball. See clause 21 (No ball).

17.3.2.4 if it is a Wide. See clause 22 (Wide ball).

17.3.2.5 when any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract striker), or 41.5 (Deliberate distraction, deception or obstruction of batter) is applied.

17.3.3 Any deliveries other than those listed in clause 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the 6 balls of the over.

17.4 Call of Over

When 6 valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also clause 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after 6 valid balls have been bowled, he/she may subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.5.3 Whenever possible, the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under these Playing Conditions.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated during an over, the umpire shall call and signal Dead ball. If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that he does not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in that innings.

18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batter, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See clause 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See clause 18.6.

18.2 **Runs disallowed and runs not scored**

Wherever in these Playing Conditions provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A 11) or for the non-award of penalties.

When runs are disallowed, the one run penalty for No ball or Wide shall stand and 5 run penalties shall be allowed, except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

18.3 **Short runs**

18.3.1 A run is short if a batter fails to make good his ground in turning for a further run.

18.3.2 Although a short run shortens the succeeding one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 **Unintentional short runs**

Except in the circumstances of clause 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored. In accordance with paragraph 2.5 of Appendix D, the third umpire shall review any call of Short run and communicate his/her decision to the relevant on-field umpire.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder (see clause 19.8 - Overthrow or wilful act of fielder.

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to clauses 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.4.6 if short-run is called an automatic check by the third umpire takes place to confirm or overturn.

18.5 **Deliberate short runs**

18.5.1 If either umpire considers that one or both batter deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply clause 18.5.2.

A deliberate short run is an attempt for batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end. Batters may choose to abort a run, provided the umpire believes that there was no intention by the batter concerned to deceive the umpires or to score the run in which they didn't make their ground.

18.5.2 The bowler's end umpire shall

- disallow all runs to the batting side

- signal No ball or Wide to the scorers, if applicable

- repeat the Short run signal to the scorers

- award 5 Penalty runs to the fielding side

- request the captain of the fielding side to identify which of the two batters will take strike for the next delivery.

- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side)

- inform the scorers as to the number of runs to be recorded, and

- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

18.6 **Runs awarded for penalties**

Runs shall be awarded for penalties under clause 18.5 (Deliberate short runs), 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 28.2(Fielding the ball), 28.3 (Protective helmets belonging to the fielding side) and 41 (Unfair play). Note, however, the restrictions on the award of Penalty runs in clauses 23.3 (Leg byes not to be awarded), 28.3 (Protective helmets belonging to the fielding side), 34 (Hit the ball twice), 41.14 (Batter damaging the pitch) and 41.15 (Striker in protected area).

18.7 **Runs scored for boundaries**

Runs shall be scored for boundary allowances under clause 19 (Boundaries).

18.8 **Runs scored when a batter is dismissed**

When a batter is dismissed, any runs for penalties awarded to either side shall stand.

No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.

If, however, the obstruction or destruction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

18.9 **Runs scored when the ball becomes dead other than at the fall of a wicket**

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in these Playing Conditions, any runs for penalties awarded to either side shall be scored. Note however the provisions of clauses 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally, the batting side shall be credited with all runs completed by the batter before the incident or call of Dead ball and the run in progress if the batter had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of clause 41.5.7 (Deliberate distraction, deception or obstruction of batter).

18.10 **Crediting of runs scored**

Unless stated otherwise in these Playing Conditions,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

- an award of 5 Penalty runs, which shall be scored as Penalty runs

- the one run penalty for a No ball, which shall be scored as a No balls extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

- all runs scored by the striker

- all runs scored as No ball extras

- all runs scored as Wides.

18.11 **Batter returning to original end**

18.11.1 When the striker is dismissed in any of the circumstances in clauses 18.11.1.1 to18.11.1.7, the not out batter shall return to his original end.

18.11.1.1 Bowled.

18.11.1.2 Stumped.

18.11.1.3 Hit the ball twice.

18.11.1.4 LBW.

18.11.1.5 Hit wicket.

18.11.1.6 Caught

18.11.1.7 Obstructing the field, where the obstruction or distraction prevents the striker being out Caught.

18.11.2 The batter shall return to their original ends in any of the cases of clauses 18.11.2.1 to 18.11.2.3

18.11.2.1 A boundary is scored unless as a result of an overthrow or willful act of a fielder (see clause 19.8).

18.11.2.2 Runs are disallowed for any reason.

18.11.2.3 the batter at the wicket decide to do so, under clause 41.5 (Deliberate distraction, deception or obstruction of batter).

18.12 **Batter returning to wicket he has left**

18.12.1 When a batter is dismissed in any of the ways in clauses 18.12.1.1 to18.12.1.2, the not out batter shall return to the wicket he has left but only if the batter had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to his original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out.

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batter shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of clauses 18.11.2.1 to 18.11.2.3 apply, the batter shall return to their original ends.

19 BOUNDARIES

19.1 **Determining the boundary of the field of play**

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See clause 2.3.4 (Consultation with relevant Ground Authority).

19.1.2 The boundary shall be determined such that no part of any sight-screen, will, at any stage of the match, be within the field of play.

The aim shall be to maximize the size of the playing area at each venue. The playing area shall be a minimum of 150 yards (137.16 metres) from boundary to boundary square of the pitch, with the shorter of the two square boundaries being a minimum 65 yards (59.43 metres). The straight boundary at both ends of the pitch shall be a minimum of 70 yards (64.00 metres). Distances shall be measured from the centre of the pitch to be used.

In all cases the aim shall be to provide the largest playing area, subject to no boundary exceeding 85 yards (77.71 metres) from the centre of the pitch to be used.

19.1.3 BCCI shall determine the dimensions for any ground which is unable to conform to the above minimum dimensions.

19.2 **Identifying and marking the boundary**

19.2.1 All boundaries must be designated by a rope, or similar object of a minimum standard as authorised by the BCCI from time to time. The rope should be positioned a required minimum distance (3 yards (2.74 metres) minimum) inside the perimeter fencing or advertising signs, or from any solid object located between the rope and the fence/signs. For grounds with a large playing area, the maximum length of boundary should be used before applying the minimum 3 yards (2.74 metres) between the boundary and the fence.

19.2.2 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.3 If an unauthorized person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batter is liable to be out as a result of the unauthorized person handling the ball. See also clause 20.4.2.12 (Umpire calling and signaling Dead Ball)

19.3 **Restoring the boundary**

If a solid object used to mark the boundary is disturbed for any reason, then:

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.4 If a boundary marker moves inwards, and all the ball strikes the boundary marker it will deemed a boundary is scored

19.3.5 If a boundary marker moves outwards, the boundary remains where it originally was positioned. Umpires should ensure that the boundary is re- positioned as soon as possible

19.4 **Ball grounded beyond the boundary**

19.4.1 The ball in play is grounded beyond the boundary if it touches

- the boundary or any part of an object used to mark the boundary;

- the ground beyond the boundary;

- any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

- a fielder, grounded beyond the boundary as in clause 19.5, touches the ball;

- a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 **Fielder grounded beyond the boundary**

19.5.1 A fielder is grounded beyond the boundary if some part of his person is in contact with any of the following:

- the boundary or any part of an object used to mark the boundary;

- the ground beyond the boundary;

- any object that is in contact with the ground beyond the boundary;

- another fielder who is grounded beyond the boundary.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, that fielder may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or onto the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 **Boundary allowances**

19.6.1 6 runs shall be allowed for a boundary 6; and 4 runs for a boundary 4. See also clause 19.7.

19.7 **Runs scored from boundaries**

19.7.1 A boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A boundary 4 will be scored when a ball that is grounded beyond the boundary

- whether struck by the bat or not, was first grounded within the boundary, or

- has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of clause 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary

19.7.3.2 the runs completed by the batter together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in clause 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of clause 18.12.

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batter, together with the run in progress if they had already crossed at the instant of the throw or act.

Clause 18.12.2 (Batter returning to wicket he has left) shall apply as from the instant of the throw or act.

In a scenario where a fielder initially fields the ball and in attempting the throw to a colleague, the ball either slips out of their hand or the ball eludes the other fielder and in both scenarios the ball goes over the boundary, these will both be treated as overthrows. The initial throw from the first fielder will be the point that the position of the batters needs to be considered.

20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled in the hands of the wicket-keeper or of the bowler.

20.1.1.2 a boundary is scored. See clause 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of his clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 there is an award of Penalty runs under either of clauses 24.4 (Player returning without permission) or 28.2 (Fielding the ball). The ball shall not count as one of the over.

20.1.1.7 there is a contravention of clause 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in clause 12.4 (Conclusion of match).

20.1.2 The ball shall be considered to be dead when it is clear to the bowler's end umpire that the fielding side and both batter at the wicket have ceased to regard it as in play.

20.1.3 In a match where cameras are being used on or over the field of play (e.g. Spidercam), should a ball that has been hit by the batter make contact, while still in play, with the camera, its apparatus or its cable, either umpire shall call and signal 'dead ball'. The ball shall not count as one of the over and no runs shall be scored. If the delivery was called a No ball it shall count and the No ball penalty shall be applied. No other runs (including penalty runs) apart from the No ball penalty shall be scored.

20.1.4 Should a ball thrown by a fielder make contact with a camera on or over the field of play, its apparatus or its cable, either umpire shall call and signal dead ball. Unless this was already a No ball or wide, the ball shall count as one of the over. All runs scored to that point shall count, plus the run in progress if the batter have already crossed.

20.1.5 Refer also to paragraph 2.7 of Appendix D.

20.2 **Ball finally settled**

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 **Call of Over or Time**

Neither the call of Over (see clause 17.4), nor the call of Time (see clause 12.2) is to be made until the ball is dead, either under clauses 20.1 or 20.4.

20.4 **Umpire calling and signalling Dead ball**

20.4.1 When the ball has become dead under clause 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Playing Conditions specifically provide for the call to be delayed, so as not to disadvantage the non-offending side, under clause 34.4 (Runs permitted from the ball lawfully struck more than once), clause 41.2.1 (Unfair actions) and clause 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving his normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket before the striker has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also clause 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of clauses 41.4 (Deliberate attempt to distract striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 The bowler throws the ball towards the striker's end before entering his/her delivering stride

20.4.2.10 the ball does not leave the bowler's hand for any reason other than an attempt to run out the non-striker under clause 38.3 (Non-striker leaving his ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 he considers that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both the umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand (see clause 19.2.4- Identifying and marking the boundary).

20.4.2.13 The striker attempts to play the ball and no part of his/her person, whether grounded or raised, remains within the pitch as defined in clause 6.1 (Area of pitch).

20.4.2.14 required to do so under any of the Playing Conditions not included above.

20.5 **Ball ceases to be dead**

The ball ceases to be dead – that is, it comes into play – when the bowler starts his run-up or, if there is no run-up, starts his bowling action.

20.6 **Dead ball not to be revoked**

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery

20.7 **Dead ball; ball counting as one of over**

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in clause 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of clauses 20.4.2.6 and 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In clause 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right handed or left handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be delivered with an Illegal Bowling Action.

An Illegal Bowling Action is defined as a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

Should either umpire or the IPL Match Referee suspect that a bowler has used an Illegal Bowling Action, they shall complete the IPL Match Officials report of suspected illegal bowling action report form at the conclusion of the match, as set out in the Illegal Bowling Regulations.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 If, in the opinion of either umpire, the ball has been thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, he/she shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.

The bowler's end umpire shall then

- warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.

- inform the captain of the fielding side of the reason for this action.

- inform the batter at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown (where such mode of delivery does not correspond to the bowler's normal bowling action) or delivered underarm, he/she shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then

- direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The bowler thus suspended shall not bowl again in that innings.

- inform the batter at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the IPL Match Referee, who shall take such action as is considered appropriate against the bowler concerned.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under clause 20.4.2.9.

21.5 Fair delivery – the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

- on the same side of the imaginary line joining the two middle stumps as the return crease described in clause 21.5.1, and

- behind the popping crease.

The third umpire shall use technology to monitor every delivery bowled and to check front foot and back foot fairness. If the third umpire is satisfied that any of these three conditions have not been met, he/she shall communicate with the on-field umpires to call and signal No ball. The third umpire can overrule the inadvertent front foot and back foot. No ball called by the On-field umpire.

21.6 Bowler breaking wicket in delivering ball

If the ball is delivered and if the non-striker is not dismissed under clause 41.16 (Non-striker leaving his ground early), either umpire shall call and signal No ball if the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride. This shall include any clothing or other object that falls from his person and breaks the wicket.

21.7 Ball bouncing more than once, rolling along the ground or pitching off the pitch

The umpire shall call and signal No ball if a ball which he/she considers to have been delivered, without having previously touched bat or person of the striker,

- bounces more than once

- or rolls along the ground before it reaches the popping crease.

- or pitches wholly or partially off the pitch as defined in clause 6.1 (Area of pitch) before it reaches the line of the striker's wicket.

The third umpire may be consulted and, if required, can review television replays to assist with the adjudication of No balls under this clause.

21.8 Ball causing the striker to leave the pitch or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see clause 25.6 – Striker's right to play the ball) without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If, except in the circumstances of clause 27.3 (Position of wicket-keeper) a ball delivered by the bowler, makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.10 Ball bouncing over head height of striker

See clauses 22.1.1.2 and 41.6.1.7.

21.11 Call of No ball for infringement of other Playing Conditions

In addition to the instances above, No ball is to be called and signaled as required by the following clauses:

Clause 27.3 – Position of wicket-keeper

Clause 28.4 – Limitation of on side fielders

Clause 28.5 – Fielders not to encroach on pitch

Clause 41.6 – Bowling of dangerous and unfair short pitched deliveries

Clause 41.7 – Bowling of dangerous and unfair non-pitching deliveries

Clause 41.8 – Bowling of deliberate front foot No ball.

21.12 Revoking a call of No ball

An umpire shall revoke the call of No ball if Dead ball is called under any of Laws 20.4.2.4, 20.4.2.5, 20.4.2.6, 20.4.2.8 or 20.4.2.10 (Umpire calling and signaling Dead ball).

21.13 No ball to over-ride Wide

A call of No ball shall over-ride the call of Wide ball at any time. See clauses 22.1(Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.14 Ball not dead

The ball does not become dead on the call of No ball.

21.15 **Penalty for a No ball**

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.16 **Runs resulting from a No ball – how scored**

The one run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in clause 41.17 (Penalty runs). Any runs completed by the batter or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.17 **No ball not to count**

A No ball shall not count as one of the over. See clause 17.3 (Validity of balls).

21.18 **Out from a No ball**

When No ball has been called, neither batter shall be out under any of the Playing Conditions except clause 34 (Hit the ball twice), clause 37 (Obstructing the field) or clause 38 (Run out).

21.19 **Free Hit**

21.19.1 In addition to the above, the delivery following a No ball called (all modes of No ball) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No ball or a Wide) then the next delivery will become a free hit for whichever batter is facing it.

21.19.2 For any free hit, the striker can be dismissed only under the circumstances that apply for a No ball, even if the delivery for the free hit is called Wide.

21.19.3 Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

21.19.3.1 There is a change of striker (the provisions of clause 41.2 shall apply), or

21.19.3.2 The No ball was the result of a fielding restriction breach, in which case the field may be changed to the extent of correcting the breach.

21.19.4 For clarity, the bowler can change his mode of delivery for the free hit delivery. In such circumstances Clause 21.1 shall apply.

21.19.5 The umpire will signal a free hit by (after the normal No ball signal) extending one arm straight upwards and moving it in a circular motion.

22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause 22.1.2

22.1.1.1 the ball passes wide of where the striker is standing and which also would have passed wide of the striker standing in a normal batting position.

22.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for him to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 Umpires are instructed to apply very strict and consistent interpretation in regard to this clause in order to prevent negative bowling wide of the wicket.

22.1.4 Any ball going outside the return crease shall be called wide irrespective of the position of striker.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide he/she shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered his delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See clause 21.13 (No ball to over-ride Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving, either causes the ball to pass wide of him, as defined in clause 22.1.2 or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 **Penalty for a Wide**

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under clause 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 **Runs resulting from a Wide – how scored**

All runs completed by the batter or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of 5 Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 **Wide not to count**

A Wide shall not count as one of the over. See clause 17.3 (Validity of balls).

22.9 **Out from a Wide**

When Wide ball has been called, neither batter shall be out under any of the Playing Conditions except clause 35 (Hit wicket), clause 37 (Obstructing the field), clause 38 (Run out) or clause 39 (Stumped).

23 BYE AND LEG BYE

23.1 **Byes**

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching his bat or person, any runs completed by the batter from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one run penalty for such a delivery shall be incurred.

23.2 **Leg byes**

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

either attempted to play the ball with the bat

or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is

either no subsequent contact with the striker's bat or person, or

only inadvertent contact with the striker's bat or person

any runs completed by the batter or a boundary allowance shall be credited to the striker in the case of subsequent contact with his bat but otherwise to the batting side as in clause 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, clause 34.3 (Ball lawfully struck more than once) and clause 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in clause 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of clause 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall call and signal Dead ball as soon as the ball reaches the boundary or at the completion of the first run.

The umpire shall then:

- disallow all runs to the batting side;

- return any not out batter to his original end;

- signal No ball to the scorers if applicable;

- award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

24 FIELDER'S ABSENCE; SUBSTITUTES

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires.

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for him, subject to clauses 24.2 and 24.3.

24.1.4 Squad members of the fielding or batting team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

24.2 **Fielder absent or leaving the field of play**

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this clause, is he to be regarded as having left the field of play.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 he shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See clause 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.3 If a player is absent from the field for longer than 8 minutes, the following restrictions shall apply to their future participation in the match:

24.2.3.1 The player shall not be permitted to bowl in the match until he has either been able to field, or his team has subsequently been batting, for the total length of playing time for which the player was absent (hereafter referred to as Penalty time). A player's unexpired Penalty time shall be limited to a maximum of 40 minutes. If any unexpired Penalty time remains at the end of an innings, it is carried forward to the next and subsequent innings of the match.

24.2.3.2 The player shall not be permitted to bat in the match until his team's batting innings has been in progress for the length of playing time that is equal to the unexpired Penalty time carried forward from the previous innings. However, once his side has lost five wickets in its batting innings, he may bat immediately. If any unexpired penalty time remains at the end of that batting innings, it is carried forward to the next and subsequent innings of the match.

24.2.4 If the player leaves the field before having served all of his Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 On any occasion of absence, the amount of playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to a maximum cumulative Penalty time of 40 minutes, and that player shall not bowl until all of his Penalty time has been served.

24.2.6 For the purposes of clauses 24.2.3.1 and 24.2.3.2, playing time shall comprise the time play is in progress excluding intervals described in clause 11.1.1. For clarity, a player's Penalty time will continue to expire after he is dismissed, for the remainder of his team's batting innings.

24.2.7 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.7.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or his side is now batting.

24.2.7.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as he is able to participate, and either takes the field on the resumption of play, or his side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.2.8 Any unserved Penalty time shall be carried forward into the super over, as applicable.

24.3 **Penalty time not incurred**

A nominated player's absence will not incur Penalty time if,

24.3.1 he has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.3.3 the player is absent from the field for a period of 8 minutes or less.

24.4 **Player returning without permission**

If a player comes on to the field of play in contravention of clause 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

- The umpires shall signal No ball or Wide ball to the scorers, if applicable

- The umpire shall award 5 Penalty runs to the batting side.

- Runs completed by the batter shall be scored together with the run in progress if they had already crossed at the instant of the offence.

- The ball shall not count as one of the over.

- The umpire shall inform the other umpire, the captain of the fielding side, the batter and, as soon as practicable, the captain of the batting side of the reason for this action.

25 BATTER'S INNINGS

25.1 **Eligibility to act as a batter**

Only a nominated player may bat and, subject to clause 25.3, may do so even though a substitute fielder has previously acted for him.

25.2 **Commencement of a batter's innings**

The innings of the first two batter, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps onto the field of play.

25.3 **Restriction on batter commencing an innings**

25.3.1 If a member of the batting side has unserved Penalty time, (see clause 24.2.7), that player shall not be permitted to bat until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after his side has lost 5 wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time. In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that he is able to participate shall count as Penalty time served.

25.4 **Batter retiring**

25.4.1 A batter may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume his innings. If for any reason this does not happen, that batter is to be recorded as 'Retired - not out'.

25.4.3 If a batter retires for any reason other than as in clause 25.4.2, the innings of that batter may be resumed only with the consent of the opposing captain. If for any reason his innings is not resumed, that batter is to be recorded as 'Retired - out'.

25.4.4 If after retiring a batter resumes his innings, subject to the requirements of clauses 25.4.2 and 25.4.3, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 **Runners**

Runners shall not be permitted.

25.6 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder (see clause 27.5 – Restrictions on actions of wicket-keeper and clause 27.6 – Interference with wicket-keeper by striker).

However, the striker may only attempt to play the ball if some of his/her bat or person, whether grounded or raised, remains within the pitch, as defined in clause 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, whilst the striker is playing the ball, either umpire shall immediately call and signal Dead ball.

26 PRACTICE ON THE FIELD

26.1 **Practice on the pitch or the rest of the square**

26.1.1 There shall not be any practice on the pitch at any time.

26.1.2 There shall not be any practice on the rest of the square at any time except with the approval of the umpires.

26.1.2.1 If approved by the umpires, the use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.

26.1.2.2 Bowling practice on the bowling strips referred to above shall also be permitted during the interval unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

26.2 **Practice on the outfield**

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

- before the start of play;

- after the close of play; and

- during the interval between innings

providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

- only the fielders as defined in paragraph 7 of Appendix A participate in such practice.

- no ball other than the match ball is used for this practice.

- no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.

- the umpires are satisfied that it will not contravene either of clauses 41.3 (The match ball changing its condition) or 41.9 (Time wasting by the fielding side).

Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice but shall be subject to the other conditions in this clause.

26.3 **Trial run-up**

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of clauses 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 **Penalties for contravention**

All forms of practice are subject to the provisions of clauses 41.3 (The match ball – changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any of the provisions of clause 26.1 or 26.2, the umpire shall

- warn the player that the practice is not permitted;

- inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued. The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

- award 5 Penalty runs to the opposing side;

- inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batter at the wicket.

27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of his person for the purposes of clause 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that he will not be able to carry out the normal duties of a wicket-keeper, he shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of clauses 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under clause 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See paragraph 3 of Appendix B.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the moment the ball comes into play until a ball delivered by the bowler

touches the bat or person of the striker; or

passes the wicket at the striker's end; or

the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this clause, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 **Movement by wicket-keeper**

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters his position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward for a slower delivery, unless in so doing it brings him within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that his actions suggest he intends to play. However the provisions of clause 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire the of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award 5 Penalty runs to the batting side

27.4.2.3 Inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the IPL Match Referee, who shall take such action as is considered appropriate against the wicket-keeper concerned.

27.5 **Restriction on actions of wicket-keeper**

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball and to guard his wicket, clause 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then clause 41.1 (Deliberate attempt to distract striker) shall also apply.

27.6 **Interference with wicket-keeper by striker**

If, in playing at the ball or in the legitimate defence of his wicket, the striker interferes with the wicket-keeper, he shall not be out except as provided for in clause 37.3 (Obstructing a ball from being caught).

28 THE FIELDER

28.1 **Protective equipment**

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 **Fielding the ball**

28.2.1 A fielder may field the ball with any part of his person (see paragraph 12 of Appendix A), except as in clause 28.2.1.2. However, he will be deemed to have fielded the ball illegally if, while the ball is in play he wilfully

28.2.1.1 uses anything other than part of his person to field the ball.

28.2.1.2 extends his clothing with his hands and uses this to field the ball.

28.2.1.3 discards a piece of clothing, equipment or any other object which subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person, or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

- the penalty for a No ball or a Wide shall stand.

- any runs completed by the batter shall be credited to the batting side, together with the run in progress if the batter had already crossed at the instant of the offence.

- the ball shall not count as one of the over.

In addition, the umpire shall:

- award 5 Penalty runs to the batting side.

- inform the other umpire and the captain of the fielding side of the reason for this action.

- inform the batter and, as soon as practicable, the captain of the batting side of what has occurred.

28.3 **Protective helmets belonging to the fielding side**

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, the ball shall immediately become Dead and, unless 28.3.3 applies:

the umpire shall signal No ball or Wide ball to the scorers, if applicable

the umpire shall award of 5 Penalty runs to the batting side;

28.3.2.1 any runs completed by the batter before the ball strikes the protective helmet shall be scored, together with the run in progress if the batter had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes the protective helmet, placed as described in clause 28.3.1, and the circumstances of clause 23.3 (Leg byes not to be awarded) or clause 34 (Hit the ball twice) apply, the umpire shall:

- disallow all runs to the batting side

- return any not out batter to his original end

- signal No ball or Wide ball to the scorers if applicable

- award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3.2.

28.4 **Limitation of on side fielders**

28.4.1 At the instant of delivery, there may not be more than 5 fielders on the on side.

28.4.2 At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his person whether grounded or in the air is in front of this line.

28.4.3 In the event of infringement of this clause by any fielder, the striker's end umpire shall call and signal No ball.

28.5 **Fielders not to encroach on pitch**

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of his person grounded on or extended over the pitch.

In the event of infringement of this clause by any fielder other than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, clause 27.3 (Position of wicket-keeper).

28.6 **Movement by any fielder other than the wicket-keeper**

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that his actions suggest he intends to play.

28.6.2 In all circumstances clause 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable

28.6.3.2 award 5 Penalty runs to the batting side

28.6.3.3 inform the captain of the fielding side of the reason for this action.

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the IPL Match Referee, who shall take such action as is considered appropriate against the fielder concerned.

28.6.4 Note also the provisions of clause 41.4 (Deliberate attempt to distract striker). See also clause 27.4 (Movement by wicket-keeper).

28.7 Restrictions on the placement of fielders

28.7.1 In addition to the restrictions contained in clause 28.4 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

28.7.2 Subject to 28.7.6 below these additional fielding restrictions shall apply to the first 6 overs of each innings (Powerplay overs) in an uninterrupted match.

28.7.3 Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field (see paragraph 2 of Appendix C). These fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 metres) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

28.7.4 During the Powerplay overs no more than two fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3 above at the instant of delivery.

28.7.5 During the non Powerplay overs, no more than five fielders shall be permitted outside the fielding restriction area referred to in clause 28.7.3 above at the instant of delivery.

28.7.6 In circumstances when the number of overs of the batting team is reduced, the number of Powerplay overs shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Total overs in innings	Number of overs for which fielding restrictions in clauses 28.7.2 and 28.7.4 above will apply
5	1.3
6	1.5
7	2.1

8	2.2
9	2.4
10	3.0
11	3.2
12	3.4
13	3.5
14	4.1
15	4.3
16	4.5
17	5.1
18	5.2
19	5.4

28.7.7 If an innings is interrupted during an over and if on the resumption of play, due to the reduced number of overs of the batting team, the required number of Powerplay overs have already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.

28.7.8 In the event of an infringement of any of the above fielding restrictions, the striker's end umpire shall call and signal 'No ball'.

29 THE WICKET IS BROKEN

29.1 Wicket put down

The wicket is broken when at least one bail is completely removed from the top of the stumps, one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps, or a stump is struck out of the ground,

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that he is holding,

29.2.1.3 for the purpose of this clause only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of his clothing or equipment, including the helmet, grill and/or neck guard becoming detached from his person,

29.2.1.5 by a fielder with his hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in clause 29.1.1.5.

29.2.2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal. (See also paragraph 4.2 of Appendix D)

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in clause 29.1.

29.4 Remaking wicket

If a wicket is broken or put down while the ball is in play, it shall not be remade by an umpire until the ball is dead. See clause 20 (Dead ball). Any fielder may, however, while the ball is in play,

- replace a bail or bails on top of the stumps.

- put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with clause 8.5 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of his clothing or equipment as described in clauses 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in clause 29.1.1.5.

29.5.2 If the wicket has already been broken or put down, clause 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with clause 29.4, in order to have an opportunity of breaking the wicket fairly.

30 BATTER OUT OF HIS GROUND

30.1 When out of his ground

30.1.1 A batter shall be considered to be out of his ground unless some part of his person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of his ground if, in running or diving towards his ground and beyond, and having grounded some part of his person or bat beyond the popping crease, there is subsequent loss of contact

between the ground and any part of his person or bat, or

between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is his ground and will remain so even if he is later joined there by the other batter.

30.2.2 If both batter are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batter are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then the other ground belongs to the other batter, irrespective of his position.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though he may be out under these Playing Conditions, unless appealed to by a fielder. This shall not debar a batter who is out under these Playing Conditions from leaving the wicket without an appeal having been made. Note, however, the provisions of clause 31.7.

31.2 Batter dismissed

A batter is dismissed if he is

either given out by an umpire, on appeal

or out under these Playing Conditions and leaves the wicket as in clause 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins his run-up or, if there is no run-up, his bowling action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See clauses 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal "How's That?"

An appeal "How's That?" covers all ways of being out.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of clauses 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within his jurisdiction.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with clause 31.3, if it is on a further matter and is within his jurisdiction.

31.6 **Consultation by umpires**

Each umpire shall answer appeals on matters within his own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, he/she shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 **Batter leaving the wicket under a misapprehension**

An umpire shall intervene if satisfied that a batter, not having been given out, has left the wicket under a misapprehension of being out. The umpire intervening shall call and signal Dead ball to prevent any further action by the fielding side and shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 **Withdrawal of an appeal**

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

32 BOWLED

32.1 **Out Bowled**

32.1.1 The striker is out Bowled if his wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player or an umpire. The striker will, however, be subject to clauses 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 **Bowled to take precedence**

The striker is out Bowled if his wicket is broken as in clause 32.1, even though a decision against him for any other method of dismissal would be justified.

33 CAUGHT

33.1 **Out Caught**

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches his bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in clause 33.2 and 33.3, before it touches the ground.

Upon a catch dismissal, irrespective of whether the batter have crossed or not the incoming batter will take the strike.(except if it's the last ball of the over)

33.2 **A fair catch**

33.2.1 A catch will be fair only if, in every case

either the ball, at any time

or any fielder in contact with the ball,

is not grounded beyond the boundary before the catch is completed. Note clauses 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. See clause 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in clause 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 **Making a catch**

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and his own movement.

33.4 **No runs to be scored**

If the striker is dismissed Caught, runs from that delivery completed by the batter before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to his/her original end. See clause 18.11 Batter returning to the original end.

33.5 **Caught to take precedence**

If the criteria of clause 33.1 are met and the striker is not out Bowled, then he is out Caught, even though a decision against either batter for another method of dismissal would be justified.

34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of his person or is struck by his bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with his bat or person, other than a hand not holding the bat, except for the sole purpose of guarding his wicket. See clause 34.3 and clause 37 (Obstructing the field).

34.1.2 For the purpose of this clause 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This clause will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this clause if he

34.2.1 strikes the ball a second or subsequent time in order to return the ball to any fielder.

Note, however, the provisions of clause 37.4 (Returning the ball to a fielder).

34.2.2 wilfully strikes the ball after it has touched a fielder. Note, however the provisions of clause 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard his wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of his person other than a hand not holding the bat.

The striker may guard his wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of his wicket. See clause 37.3 (Obstructing a ball from being caught).

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in clause 34.3, if the ball does not become dead for any reason, the umpire shall call and signal Dead ball as soon as the ball reaches the boundary or at the completion of the first run. However, the umpire shall delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

- disallow all runs to the batting side

- return any not out batter to his original end

- signal No ball to the scorers if applicable; and

- award any 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

34.5 **Bowler does not get credit**

The bowler does not get credit for the wicket.

35 HIT WICKET

35.1 **Out Hit wicket**

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, his wicket is broken by either the striker's bat or person as described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by him in preparing to receive or in receiving a delivery,

35.1.1.2 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.3 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.4 in lawfully making a second or further stroke for the purpose of guarding his wicket within the provisions of clause 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks his wicket in any of the ways described in clauses 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 **Not out Hit wicket**

The striker is not out under this clause should his wicket be put down in any of the ways referred to in clause 35.1 if any of the following applies:

- it occurs after the striker has completed any action in receiving the delivery, other than in clauses 35.1.1.2 to 35.1.1.4.

- it occurs when the striker is in the act of running, other than setting off immediately for the first run.

- it occurs when the striker is trying to avoid being Run out or Stumped.

- it occurs when the striker is trying to avoid a throw in at any time.

- the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See clause 20.4 (Umpire calling and signalling Dead ball).

- the delivery is a No ball.

35.3 **Runs scored**

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of 5 Penalty Runs.

36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in clauses 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted full-pitch, pitches in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched his bat, the striker intercepts the ball, either full-pitch or after pitching, with any part of his person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is

between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points of impact in clauses 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing 36.1.3, if the bowler's end umpire is not satisfied that the ball intercepted the batter's person before it touched the bat, the batter shall be given Not out.

36.2.3 In assessing clause 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have pitched subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See paragraph 13 of Appendix A.

37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of clause 37.2, and while the ball is in play, he wilfully attempts to obstruct or distract the fielding side by word or action. See also clause 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of clause 37.2, in the act of receiving a ball delivered by the bowler, he wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of

receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of his wicket.

37.1.3 This clause will apply whether or not No ball is called.

37.1.4 For the avoidance of doubt, if an umpire feels that a batter, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batter should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batter crossing the pitch, clause 41.14 shall also apply.

See also paragraph 2.2 of Appendix D.

37.2 **Not out Obstructing the field**

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental, or

obstruction is in order to avoid injury, or

in the case of the striker, he makes a second or subsequent strike to guard his wicket lawfully as in clause 34.3 (Ball lawfully struck more than once). However, see clause 37.3.

37.3 **Obstructing a ball from being caught**

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out caught.

37.3.2 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding his wicket under the provision of Clause 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending his/her wicket from a No ball with a lawful second strike.

37.4 **Returning the ball to a fielder**

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, he uses the bat or any part of his person to return the ball to any fielder.

37.5 **Runs scored**

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out Caught, any runs completed by the batter before the offence shall be scored, together with any one-run Penalty for No ball or wide, or any other award of 5 Penalty Runs to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being made out Caught, any runs completed by the batter shall not be scored but any award of 5 Penalty Runs to either side shall stand. Clause 18.11 (Batter returning to original end) will apply.

37.6 **Bowler does not get credit**

The bowler does not get credit for the wicket.

38 RUN OUT

38.1 **Out Run out**

Either batter is out Run out, except as in clause 38.2, if, at any time while the ball is in play,

he is out of his ground

and his wicket is fairly broken by either the action of a fielder or

the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of clause 38.2.2.2, and whether or not a run is being attempted.

38.2 **Batter not out Run out**

38.2.1 A batter is not out Run out in the circumstances of clauses 38.2.1.1 or 38.2.1.2.

38.2.1.1 He has been within his ground and has subsequently left it to avoid injury, when the wicket is fairly broken.

Note also the provisions of clause 30.1.2 (When out of his ground).

38.2.1.2 The ball, delivered by the bowler, has not made contact with a fielder, before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in clauses 38.2.2.1 and 38.2.2.2.

38.2.2.1 He is out Stumped. See clause 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

and he is out of his ground not attempting a run

and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

38.3 **Non-striker leaving his/her ground early**

38.3.1 If the non-striker is out of his/her ground at any time from the moment the ball comes into play until the instant when the bowler would normally have been expected to

release the ball, the non-striker is liable to be Run out by the bowler attempting to run him/her out. In these circumstances, the non- striker will be out Run out if he/she is out of his/her ground when his/her wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

38.3.2 If the ball is not delivered,

- If there is an appeal, the umpire shall make his/her decision on the Run out.
- If there is no appeal, or if the decision is not out, he/she shall call and signal Dead Ball as soon as possible.
- the ball shall not count as one in the over.

38.3.3. If the ball is delivered and there is an appeal,

- the umpire shall make his/her decision on the Run out.
- if the non-striker is not dismissed, the ball remains in play and clause 21.6 (Bowler breaking wicket in delivery ball) shall apply.
- If the non-striker is dismissed, the ball shall not count as one in the over.

38.4 **Which batter is out**

The batter out in the circumstances of clause 38.1 is the one whose ground is at the end where the wicket is fairly broken. See clause 30.2 (Which is a batter's ground).

38.5 **Runs scored**

If either batter is dismissed Run out, the run in progress when the wicket is put down shall not be scored, but any runs completed by the batter shall stand, together with any runs for penalties awarded to either side. See clauses 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

38.6 **Bowler does not get credit**

The bowler does not get credit for the wicket.

39 STUMPED

39.1 **Out Stumped**

39.1.1 The striker is out Stumped, except as in clause 39.3, if

a ball which is delivered is not called No ball

and he is out of his ground, other than as in clause 39.3.1

and he has not attempted a run

when his wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however clause 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of clause 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 **Ball rebounding from wicket-keeper's person**

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball rebounds on to the stumps from any part of the wicket-keeper's person or equipment or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 **Not out Stumped**

39.3.1 The striker will not be out Stumped if, after having received the delivery, he has left his ground in order to avoid injury.

39.3.2 If the striker is not out Stumped he may, except in the circumstances of clause 38.2.2.2, (Batter not out Run out), be out Run out if the conditions of clause 38.1 (Out Run out) apply.

39.4 **Runs Scored**

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note clauses 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one run penalty for the Wide remains.

40 TIMED OUT

40.1 **Out Timed out**

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball, or for the other batter to be ready to receive the next ball within 1 minute 30 seconds of the dismissal or retirement. If this requirement is not met, the incoming batter will be out, Timed out.

40.1.2 The incoming batter is expected to be ready to make his way to the wicket immediately a wicket falls. Dugouts shall be provided.

40.1.3 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of clause 16.2 (IPL Match Referee awarding a match). For the purposes of that clause the start of the action shall be taken as the expiry of the 1 minute 30 seconds referred to above.

40.2 **Bowler does not get credit**

The bowler does not get credit for the wicket.

41 UNFAIR PLAY

41.1 Fair and unfair play – responsibility of captains

The captains are responsible for ensuring that play is conducted within the Spirit of Cricket, as well as within these Playing Conditions.

41.2 Unfair action

41.2.1 The umpires shall be the sole judges of fair and unfair play. If an umpire considers that any action by a player, not covered in the clause, is unfair, he/she shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.

- warn the offending player's captain that any further such offence by any member of his team shall result in the award of 5 Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and inform him/her that there has been a further such offence

- award 5 Penalty runs to the opposing side

41.2.1.3 The umpires together shall report the incident as soon as possible after the match to the Manager of the offending side and to the BCCI who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.3 The match ball – changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in clause 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out his normal duties, a batter is not allowed to damage the ball other than, when the ball is in play, in striking it with the bat. See also clause 5.4.3 (Damage to the ball).

A fielder may, however:

41.3.2.1 polish the ball on his clothing provided that no artificial substance is used, that the only natural substance used is sweat and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires shall consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in clause 41.3.2.

41.3.4 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of either side, or that its condition is inconsistent with the use it has received, they shall consider that there has been a contravention of this clause and decide together whether they can identify the player(s) responsible for such conduct.

41.3.5 If it is possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall;

41.3.5.1 Subject to clause 41.3.7 below, change the ball forthwith.

41.3.5.1.1 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the fielding side, the batter at the wicket shall choose the replacement ball from a selection of six other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

41.3.5.1.2 If the umpires together agree that the condition of the ball has been unfairly changed by a member or members of the batting side, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.5.2 Additionally, the bowler's end umpire shall

41.3.5.2.1 award 5 Penalty runs to the opposing side.

41.3.5.2.2 if appropriate, inform the batter at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action, and

41.3.5.2.3 inform the captain of the batting side as soon as practicable of what has occurred.

41.3.5.3 The umpires shall then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the player(s) concerned.

41.3.6 If it is not possible to identify the player(s) responsible for changing the condition of the ball, the umpires shall;

41.3.6.1 Change the ball forthwith. The umpires shall choose the replacement ball for one of similar wear and of the same brand as the ball in use prior to the contravention.

41.3.6.2 The bowler's end umpire shall issue the captain with a first and final warning, and

41.3.6.3 Advise the captain that should there be any further instances of changing the condition of the ball by that team during the remainder of the match or the season, clause 41.3.5.2 will be adopted, with the captain deemed to be the player responsible for the contravention.

41.4 **Deliberate attempt to distract striker**

41.4.1 It is unfair for any fielder deliberately to attempt to distract the striker while he is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, he/she shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

- award 5 Penalty runs to the batting side.

- inform the captain of the fielding side, the batter and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, he/she shall do so regardless of the attempt to distract, and this call shall stand.

The umpires may then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.5 **Deliberate distraction, deception or obstruction of batter**

41.5.1 In addition to clause 41.4, it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, he/she shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 The bowler's end umpire shall;

- Signal No ball or Wide to the scorers, if applicable

- award 5 Penalty runs to the batting side.

- inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.6 The ball shall not count as one of the over.

41.5.7 Any runs completed by the batter before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batter had already crossed at the instant of the offence.

41.5.8 The batter at the wicket shall decide which of them is to face the next delivery.

41.5.9 The umpires may then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.6 **Bowling of dangerous and unfair short pitched deliveries**

41.6.1 Notwithstanding clause 41.6.2, the bowling of short pitched deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on him. The fact that the striker is wearing protective equipment shall be disregarded.

In the first instance the umpire decides that the bowling of short pitched deliveries has become dangerous under 41.6.1

41.6.1.1 The umpire shall call and signal No ball, and when the ball is dead, caution the bowler and inform the other umpire, the captain of the fielding side and the batter of what has occurred. This caution shall apply to that bowler throughout the innings.

41.6.1.2 If there is a second instance, the umpire shall repeat the above procedure and indicate to the bowler that this is a final warning, which shall apply to that bowler throughout the innings.

41.6.1.3 Should there be any further instance by the same bowler in that innings, the umpire shall

- call and signal No ball

- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

- inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- The umpire shall inform the batter and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.1.4 A bowler shall be limited to two fast short-pitched delivery per over.

41.6.1.5 A fast short-pitched delivery is defined as a ball, which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

41.6.1.6 The umpire at the bowler's end shall advise the bowler and the batter on strike when each fast short pitched delivery has been bowled.

41.6.1.7 In addition, a ball that passes above head height of the batter, standing upright at the popping crease, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide. See also clause 22.1.1.2

41.6.1.7.1 For the avoidance of doubt any fast short pitched delivery that is called a wide under this clause shall also count as one of the allowable short pitched deliveries in that over.

41.6.1.8 In the event of a bowler bowling more than two fast short pitched delivery in an over as defined in clause 41.6.1.5, the umpire at the bowler's end shall call and signal No ball on each occasion. A differential signal shall be used to signify a fast short pitched delivery. The umpire shall call and signal 'No ball' and then tap the head with the other hand.

41.6.1.9 If a bowler delivers a third fast short pitched ball in an over, the umpire, after the call of no ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batter at the wicket of what has occurred. This caution shall apply throughout the innings.

41.6.1.10 If there is a second instance of the bowler being No balled in the innings for bowling more than one fast short pitched delivery in an over, the umpire shall advise the bowler that this is his final warning for the innings.

41.6.1.11 Should there be any further instance by the same bowler in that innings, the umpire shall

- call and signal No ball

- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

- inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- The umpire shall inform the batter and, as soon as practicable, the captain of the batting side.

The umpires may then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.6.2 Should the umpires initiate the caution and warning procedures set out in clauses 41.6.1.3, 41.6.1.9 and 41.7, such cautions and warnings are not to be cumulative.

41.7 **Bowling of dangerous and unfair non-pitching deliveries**

41.7.1 Any delivery, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is to be deemed to be unfair, whether or not it is

likely to inflict physical injury on the striker. If the bowler bowls such a delivery the umpire shall immediately call and signal No ball.

41.7.2 The bowling of a delivery as defined in 41.7.1 is also dangerous if the bowler's end umpire considers that there is a risk of injury to the striker. In making that judgement the umpire shall:

- disregard any protective equipment worn by the striker

- be mindful of:

  - the speed, height and direction of the delivery

  - the skill of the striker

  - the repeated nature of such deliveries

41.7.3 If the umpire considers a non-pitching delivery, or a series of non- pitching deliveries, to be dangerous under 41.7.2 when the ball is dead, the umpire shall repeat the No ball signal to the scorers and then caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batter of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.4 Should there be any further dangerous such delivery by the same bowler in that innings, the umpire shall

- call and signal No ball

- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

- inform the other umpire for the reason for this action

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowled to bowl any part of the next over.

Additionally, the umpire shall

- report the occurrence to the batter and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Manager of the offending side and the BCCI, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.7.5 The warning and action sequences in 41.7.3 and 41.7.4 are independent of those in 41.6.

41.7.6 If the umpire considers that a bowler deliberately bowled a non- pitching delivery, deemed to be the unfair as defined in 41.71, then the caution and warning in 41.7.3 shall be dispensed with. The umpire shall

- immediately call and signal No ball.

- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- Report the occurrence to the batter and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Manager of the offending side and to the BCCI, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.8 **Bowling of deliberate front-foot No ball**

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, he/she shall

- immediately call and signal No ball.

- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling

- inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- report the occurrence to the batter and, as soon as practicable, to the captain of the batting side.

The umpires together shall report the occurrence to the IPL Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.9 **Time wasting by the fielding side**

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

- if the ball is in play, call and signal Dead ball.

- inform the other umpire of what has occurred.

The bowler's end umpire shall then

- warn the captain of the fielding side, indicating that this is a first and final warning.

- inform the batter of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

- if the ball is in play, call and signal Dead ball.

- inform the other umpire of what has occurred.

The bowler's end umpire shall then award 5 Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action.

Additionally, the umpire shall inform the batter and, as soon as is practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deliberate or repetitive, they may lodge a report under the IPL Code of Conduct. In such circumstances the Captain and/or any individual members of the fielding team responsible for the time wasting will be charged.

41.10 **Batter wasting time**

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start his run-up.

41.10.2 Should either batter waste time by failing to meet this requirement, or in any other way, the following procedure shall be adopted. At the first instance, either before the bowler starts his run-up or when the ball becomes dead, as appropriate, the umpire shall

- warn both batter and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.

- inform the other umpire of what has occurred.

- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.10.3 If there is any further time wasting by any batter in that innings, the umpire shall, at the appropriate time while the ball is dead

- award 5 Penalty runs to the fielding side.

- inform the other umpire of the reason for this action.

- inform the other batter, the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the IPL Code of Conduct. In such circumstances the batter concerned will be charged.

41.11 **The protected area**

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 ft/1.52 m in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 ft/30.48 cm from it.

41.12 **Fielder damaging the pitch**

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in clause 41.13.1, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.

- inform the batter of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- award 5 Penalty runs to the batting side.

Additionally, the umpire shall

- inform the fielding captain of the reason for this action.

- inform the batter and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence to the IPL Match Referee who shall take such action as is considered appropriate against the fielder concerned.

41.13 **Bowler running on protected area**

41.13.1 It is unfair for a bowler to enter the protected area in his follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this clause, at the first instance and when the ball is dead, the umpire shall

- caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.

- inform the captain of the fielding side and the batter of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this clause, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this clause a third time, when the ball is dead, the umpire shall,

- direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The bowler taken off shall not be allowed to bowl again in that innings.

- inform the other umpire of the reason for this action.

- inform the batter and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires may then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the bowler concerned.

41.14 **Batter damaging the pitch**

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or playing at the ball, he must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that his presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in clause 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batter that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.

- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side

- return any not out batter to his original end

- signal No ball or Wide to the scorers if applicable.

- award 5 Penalty runs to the fielding side.

- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

- Inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the IPL Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.15 **Striker in protected area**

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch for the purpose of indicating his batting position provided that no mark is unreasonably close to the protected area.

41.15.2 If either umpire considers that the striker is in breach of any of the conditions in clause 41.15.1, if the bowler has not entered the delivery stride, he/she shall immediately call Dead ball, otherwise, wait until the ball is dead; he/she shall then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.

- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in clause 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered his delivery stride, immediately call and signal Dead ball, otherwise, he/she shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side

- return any not out batter to his original end

- signal No ball or Wide to the scorers if applicable.

- award 5 Penalty runs to the fielding side.

- award any other 5-run Penalty that is applicable except for Penalty runs under clause 28.3 (Protective helmets belonging to the fielding side).

- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence to the IPL Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.16 **Batter stealing a run**

41.16.1 It is unfair for the batter to attempt to steal a run during the bowler's run-up.

Unless the bowler attempts to run out the non-striker – see clauses 38.3 (Non-striker leaving his ground early) – the umpire shall

- call and signal Dead ball as soon as the batter cross in such an attempt.

- inform the other umpire of the reason for this action.

The bowler's end umpire shall then

- return the batter to their original ends and disallow the attempted run.

- award 5 Penalty runs to the fielding side.

- award any other 5 run Penalty that is applicable

- inform the batter, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires may then report the matter to the IPL Match Referee who shall take such action as is considered appropriate against the batter concerned.

41.17 **Penalty runs**

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See clause 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where these Playing Conditions require the award, even if a result has already been achieved. See clause 16.6 (Winning hit or extras).

Note, however, that the restrictions on awarding Penalty runs, in clauses 23.3 (Leg byes not to be awarded), 34.4 (Runs scored from ball lawfully struck more than once) and 28.3 (Protective helmets belonging to the fielding side), will apply.

41.17.3 When 5 Penalty runs are awarded to the batting side under any of clauses 24.4 (Player returning without permission), 28.2 (Fielding the ball), or 28.3 (Protective helmets belonging to the fielding side) or under 41.3, 41.4, 41.5, 41.9 or 41.12, then

- they shall be scored as Penalty extras and shall be in addition to any other penalties.

- they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.

- the batter shall not change ends solely by reason of the 5 run penalty.

41.17.4 When 5 Penalty runs are awarded to the fielding side, under clause 18.5.2 (Deliberate short runs), or under 41.10, 41.14, 41.15 or41.16, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the 5 Penalty runs shall be added to the score in its next innings.

41.18 Use of Electronic Communications Equipment

The use of electronic communication devices and equipment of any kind to communicate with players on the field of play shall not be permitted, except that broadcaster to player communication shall be allowed. Teams will be able to use electronic communication devices between the dressing room and the dug-out provided that BCCI is notified in advance of the radio frequency to be used and the names of the individuals who will be using the communication devices.

Appendix A

Definitions

1 The match

1.1 **The game** is used in these Playing Conditions as a general term meaning the Game of Cricket.

1.2 **A match** is a single Twenty20 IPL match between two teams, played under these Playing Conditions.

1.3 A **Super Over** is a procedure that may be adopted for determining the winner of a tied match or in the play offs when no play was possible or the minimum number of overs to constitute a match could not be played, as set out in Appendix F.

1.4 **The toss** is the toss for choice of innings.

1.5 **Before the toss** is at any time before the toss on the day of the match.

1.6 **Before the match** is at any time before the toss, not restricted to the day of the match.

1.7 **DLS** is the Duckworth/Lewis/Stern method for determining the target score for the team batting second in an interrupted match, details of which are set out on the ICC website

1.8 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

1.9 **Playing time** is any time between the call of Play and the call of Time. See clauses 12.1 (Call of Play) and 12.2 (Call of Time).

1.10 **Conduct of the match** includes any action relevant to the match at any time.

1.11 **Ground Authority** is the entity responsible for the selection and preparation of the pitch and other functions relating to the hosting and management of the match, including any agents acting on their behalf (including but not limited to the curator or other ground staff).

1.12 **The Spirit of Cricket** refers to the values of respect and fair play that underpin the game of cricket, as set out in the Preamble to the Laws of Cricket (2017 Code (2nd edition - 2019)).

1.13 **The IPL Code of Conduct for Players and Team Officials** is the IPL Code of Conduct for Players and Team Officials, as amended from time to time.

2 Implements and equipment

2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.

For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.

For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

2.3 **A protective helmet** is headwear made of hard material and designed to protect the head or the face or both, which shall (in line with the IPL Clothing and Equipment Regulations) be certified to BS7928:2013+A1;2019. For the purposes of interpreting these Playing Conditions, such a description will include faceguards, head, neck and/or face grills and neck guards.

2.4 **Equipment** – a batter's equipment is his bat as defined above, together with any external protective equipment he is wearing.

A fielder's equipment is any external protective equipment that he is wearing.

2.5 **The bat** – the following are to be considered as part of the bat:

- the whole of the bat itself.
- the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.
- the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

2.6 **Held in batter's hand**. Contact between a batter's hand, or glove worn on his hand, and any part of the bat shall constitute the bat being held in that hand.

3 The playing area

3.1 **The field of play** is the area contained within the boundary.

3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

3.3 **The outfield** is that part of the field of play between the square and the boundary.

4 Positioning

4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. **Behind**, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. In front of, in relation to any other marking, object or person, follows the same principle. See the diagram in paragraph 13.

4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in paragraph 4.3.

4.5 **The wicket-keeper's end** is the same as the striker's end as described in paragraph 4.3.

4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See paragraph 4.2.

4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See paragraph 4.1.

4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

4.9 **Off side/on (leg) side** – see diagram in paragraph 13

4.10 **Inside edge** is the edge on the same side as the nearer wicket.

5 Umpires and decision-making

5.1 **Umpire** – where the description **the umpire** is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly, **the umpires** always means both umpires and the third umpire. **An umpire** and **umpires** are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see paragraph 4.4) for the current delivery.

5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see paragraph 4.3), to one side of the pitch or the other, depending on his choice, for the current delivery.

5.4 **On-field umpires** shall mean, collectively, the bowler's end umpire and the striker's end umpire.

5.5 **Third umpire** is the umpire who may use television evidence and other available technology in order to review front and back foot fairness and review a decision of the on-field umpires, either by way of an Umpire Review or a Player Review under the protocol set out in Appendix D.

5.6 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

5.7 **Decision Review System** or **DRS** is the process covered by the Decision Review System and Third Umpire Protocol set out in Appendix D, under which the third umpire may be consulted in relation to a decision of the on-field umpires, either by way of an Umpire Review or a Player Review.

5.8 **Player Review** is the process set out in Appendix D by which a player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed (with the exception of 'Timed out').

5.9 **Umpire Review** is the process set out in Appendix D by which an on-field umpire has the discretion to refer a decision to the third umpire or, under certain circumstances, to consult with the third umpire before making a decision.

5.10 **Umpire's Call** is the concept within the DRS under which the on-field decision of the bowler's end umpire shall stand, which shall apply under the specific circumstances set out in paragraphs 3.4.5 and 3.4.6 of Appendix D, where the ball-tracking technology indicates a marginal decision in respect of either the Impact Zone or the Wicket Zone.

5.11 The **Pitching Zone** as used in the DRS is a two dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

5.12 The **Impact Zone** as used in the DRS is a three dimensional space extending between both sets of stumps to an indefinite height vertically and with its boundaries consisting of the base of the stumps and the outside of the outer stumps at each end.

5.13 The **Wicket Zone** as used in the DRS is a two dimensional area with its boundaries consisting of the outside of the outer stumps, the base of the stumps, and the lower edge of the bails.

5.14 A **Fair Catch** is a catch that has been taken cleanly by the fielder in accordance with clause 33.

5.15 A **Bump Ball** is where the ball has made contact with the ground shortly after making contact with the striker's bat.

6 Batter

6.1 **Batting side** is the side currently batting, whether or not play is in progress.

6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

6.3 **The Striker** is the batter who receives the ball delivered by the bowler.

6.4 **The non-striker** is the batter who ground is at the bowler's end when the ball is delivered

6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

6.6 **Original end** is the end where a batter was when the ball came into play for that delivery.

6.7 **Wicket he has** left is the wicket at the end where a batter was at the start of the run in progress.

6.8 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler

6.9 For the purposes of these Playing Conditions, waist height is defined as the point at which the top of the batter's trousers would conventionally be when he is standing upright at the popping crease

7 Fielders

7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging his duties as a fielder is not absent from the field of play nor, for the purposes of clause 24.2 (Fielder absent or leaving the field of play), is he to be regarded as having left the field of play.

8 Substitutes and Concussion Replacements

8.1 A **Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom he substitutes on that side's list of nominated players. A substitute's activities are limited to fielding.

8.2 A Concussion Replacement is a player who take the place of a player who has been replaced in accordance with the process set out in clause 1.2.9, and who for the remainder of the match replaces that player on that side's list of nominated players, being able to take a full part in the match (subject to such restrictions as may be imposed by IPL Match Referee in accordance with clause 1.2.9.4)

8.3 A Concussion Replacement Request is the notification made to the IPL Match Referee in accordance with the process set out in clause 1.2.9.3

8.4 The Players' Medical Team Doctor is the individual designated as having responsibility for the assessment of any head or neck injury sustained by a player as set out in clause 1.2.9.2

9 Bowlers

9.1 **Over the wicket / round the wicket** – If, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as his bowling arm, he is bowling over the wicket. If the return crease is on the same side as his bowling arm, he is bowling round the wicket.

9.2 **Delivery swing** is the motion of the bowler's arm during which he normally releases the ball for a delivery.

9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

9.4 The **IPL Suspected Illegal Bowling Action Policy** are the IPL's regulations governing Suspected Illegal Bowling Actions.

9.5 An **Illegal Bowling Action** is a bowling action where a bowler's Elbow Extension exceeds 15 degrees, measured from the point at which the bowling arm reaches the horizontal until the point at which

the ball is released (any Elbow Hyperextension shall be discounted for the purposes of determining an Illegal Bowling Action).

9.6 **Elbow Extension** means the motion that occurs when a bowler's arm moves from a flexed (bent) position at the elbow, to a more extended (straight) position (full Elbow Extension occurs when the arm is straight).

9.7 **Elbow Hyperextension** is the motion that occurs when a bowler's elbow extends beyond the straight position.

9.8 The **Match Officials Report of Suspected Illegal Bowling Action** is the form provided for by section 2 of the IPL Suspected Illegal Bowling Action Policy, by which an umpire and/or the IPL Match Referee may submit a report relating to a suspected Illegal Bowling Action.

10 The ball

10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/ 'strikes the ball with the bat'.

10.2 **Full-pitch** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground. Sometimes described as non-pitching.

11 Runs

11.1 **A run to be disallowed** is one that in these Playing Conditions should not have been taken. It is not only to be cancelled but the batter are to be returned to their original ends.

11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batter will not be returned to their original ends on that account.

12 The person

12.1 **Person**; A player's person is his physical person (flesh and blood) together with any clothing or legitimate external protective equipment that he is wearing except, in the case of a batter, his bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to him.

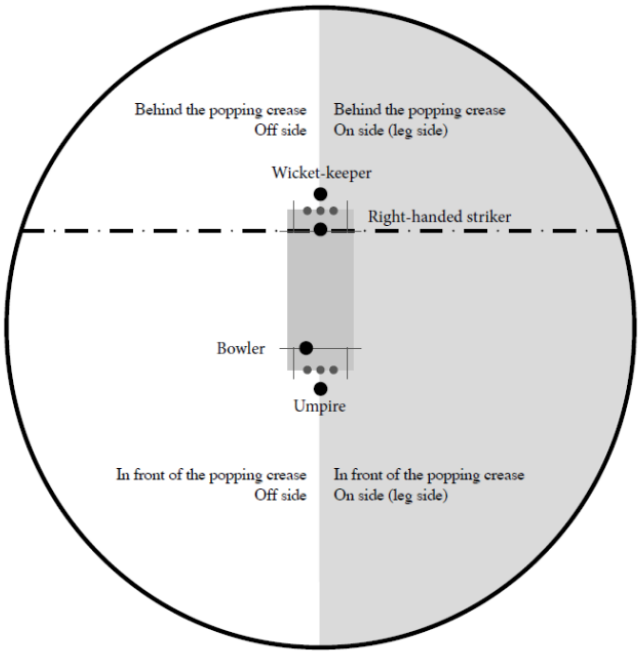

For a batter, a glove being held but not worn is part of his person.

For a fielder, an item of clothing or equipment he is holding in his hand or hands is not part of his person.

12.2 **Clothing** – anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though he may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

12.3 **Hand** for batter or wicket-keeper shall include both the hand itself and the whole of a glove worn on the hand.

13 Off side / on side; in front of / behind the popping crease.

Appendix B

Equipment

1 The Bat

1.1 General guidance

1.1.1 **Measurements** - All provisions in paragraphs 1.2 to 1.6 below are subject to the measurements and restrictions stated in the Playing Conditions and this Appendix.

1.1.2 **Adhesives** – Throughout, adhesives are permitted only where essential and only in minimal quantity.

1.2 Specifications for the Handle

1.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade.

This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting paragraphs 1.3 and 1.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

1.2.2 The handle may be glued where necessary and bound with twine along the upper portion.

Providing clause 5.4.3 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to clause 5.6. The bottom of this grip should not extend below the point defined in paragraph 1.2.4 below.

Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in paragraph 1.3.1.

No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.2.3 **Materials in handle** – As a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth. Such materials must not project more than 3.25 in/8.26 cm into the lower portion of the handle

1.2.4 **Binding and covering of handle** – The permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of

2.5 in/6.35 cm in for the twine binding

2.75 in/6.99 cm for the covering grip.

1.3 **Specifications for the Blade**

1.3.1 The blade has a face, a back, a toe, sides and shoulders

1.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

1.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

1.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

1.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

1.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

1.3.2 No material may be placed on or inserted into the blade other than as permitted in paragraph 1.2.4, paragraph 1.3.3, and clause 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

1.3.3 **Covering the blade**. Bats shall have no covering on the blade except as permitted in clause 5.4.

Any materials referred to above, in clause 5.4 and paragraph 1.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in paragraph 1.6.

1.4 **Protection and repair**

1.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

1.4.2 Materials can be used for protection and repair as stated in clause 5.4 and are additional to the blade. Note however clause 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of clause 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 in/2.0 cm in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 in/0.1 cm in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 in/0.01 cm in thickness is not permitted.

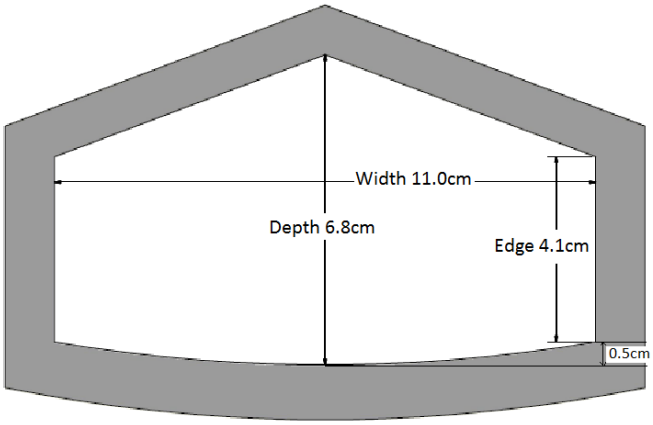

1.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in paragraph 1.6.

1.5 **Commercial identifications**

Such identifications shall comply with the restrictions set out in the IPL Clothing and Equipment Regulations in relation to the size and position of marks and logos.

1.6 **Bat Gauge**

All bats must meet the specifications defined in clause 5.7. They must also, with or without protective coverings permitted in clause 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the following diagram:

Dimensions of aperture

Total depth: 2.68 in/6.8 cm

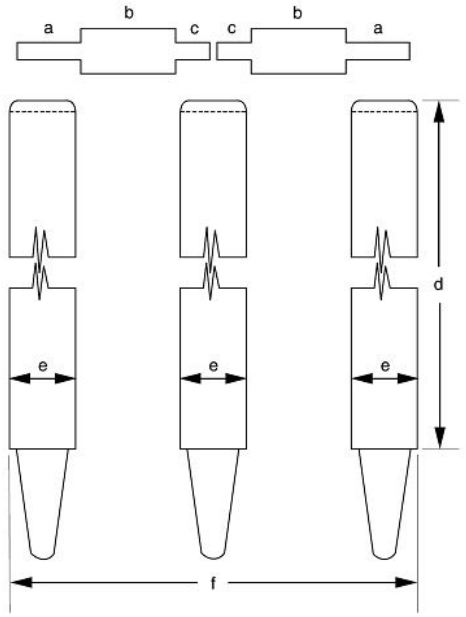

Width: 4.33 in/11.0 cm

Edge: 1.61 in/4.1 cm

Curve: 0.20 in/0.5 cm

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 in/30.5 cm, whose centre is on the vertical centre line of the aperture.

2 The wickets

2.1 **Bails**

Overall 4.31 in / 10.95 cm

a = 1.38 in / 3.50 cm

b = 2.13 in / 5.40 cm

c = 0.81 in / 2.06 cm

2.2 **Stumps**

Height (d) = 28 in / 71.1 cm

Diameter (e) - maximum = 1.5 in / 3.81 cm; minimum = 1.38 in / 3.50 cm

2.3 **Overall**

Width (f) of wicket 9 in / 22.86 cm

3 Wicket-keeping gloves

3.1 The images below illustrate the requirements of clause 27.2 in relation to:

- no webbing between the fingers;
- a single piece of non-stretch material between finger and thumb as a means of support; and
- when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

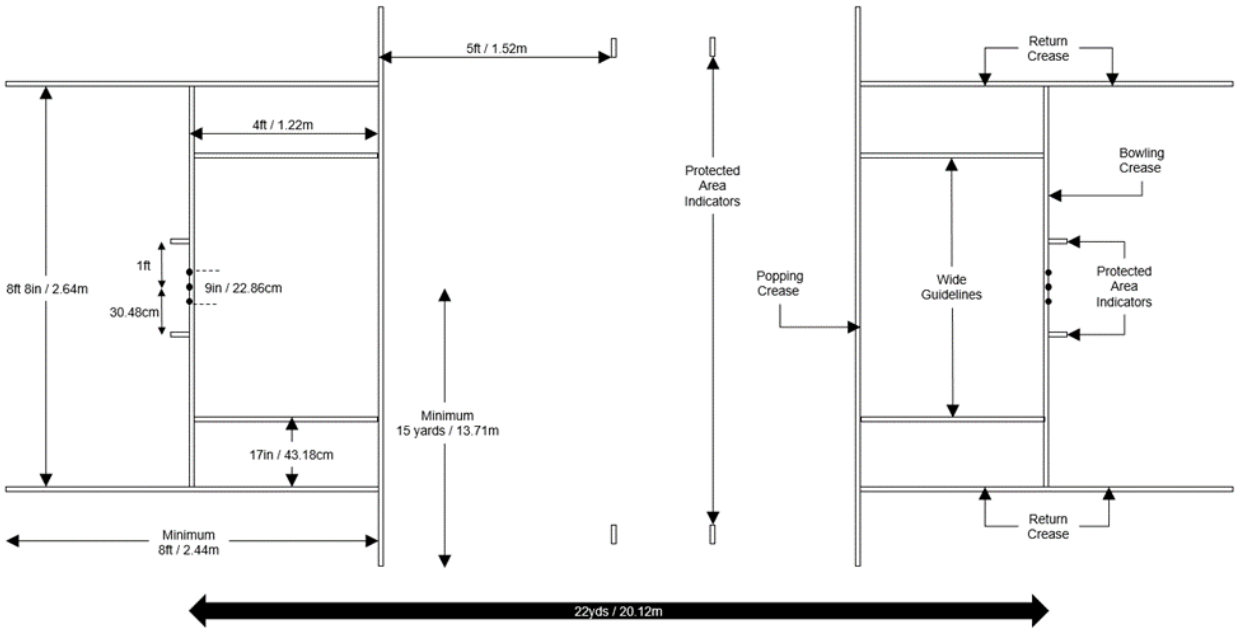

3.2 Note also the requirement for wicket-keeping gloves to comply with the Clothing and Equipment Regulations in relation to the size and position of marks and logos.

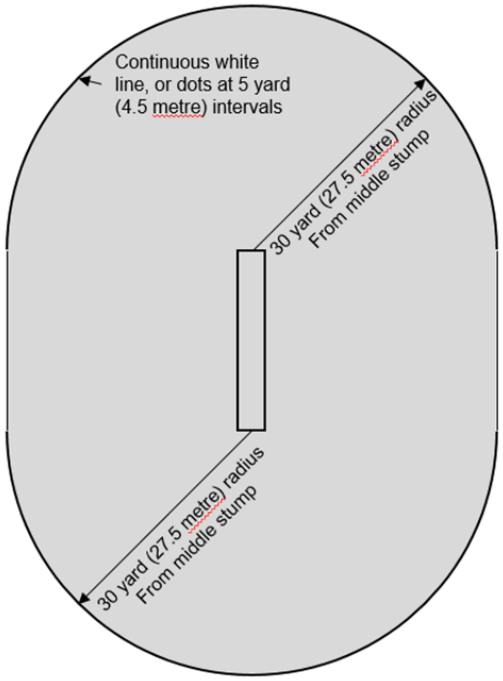

Appendix C

The venue

1 The pitch and the creases

2 Restriction on the placement of fielders

3 Advertising on grounds, perimeter boards and sight-screens

3.1 Advertising on grounds

3.1.1 The logos on outfields are to be positioned as follows:

(a) Behind the stumps – a minimum of 25.15 yards (23 meters) from the stumps.

(b) Midwicket/cover area – no advertising to be positioned within 30 yards (27.50 meters) of the centre of the pitch being used for the match.

3.1.2 Note: Advertising closer to the stumps as set out above which is required to meet 3D requirements for broadcasters may be permitted, subject to prior BCCI approval having been obtained.

3.2 Perimeter boards

3.2.1 Advertising on perimeter boards placed in front of the sight-screens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.

3.2.2 Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that the images are only changed or moved at a time that will not be distracting to the players or the umpires.

3.2.3 The brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

3.3 Sight-screens

3.3.1 Sight-screens shall be provided at both ends of all grounds.

3.3.2 Advertising shall be permitted on the sight-screen behind the striker, providing it is removed for the subsequent over from that end.

3.3.3 Such advertising shall not contain flashing or flickering images and particular care should be taken by the operators that the advertising is not changed at a time which is distracting to the umpire.

4 Markings on outfield

With the permission of the Ground Authority, a bowler may use paint to make a small marking on the outfield for the purposes of identifying their run-up. Paint used for this purpose shall be any colour other than white.

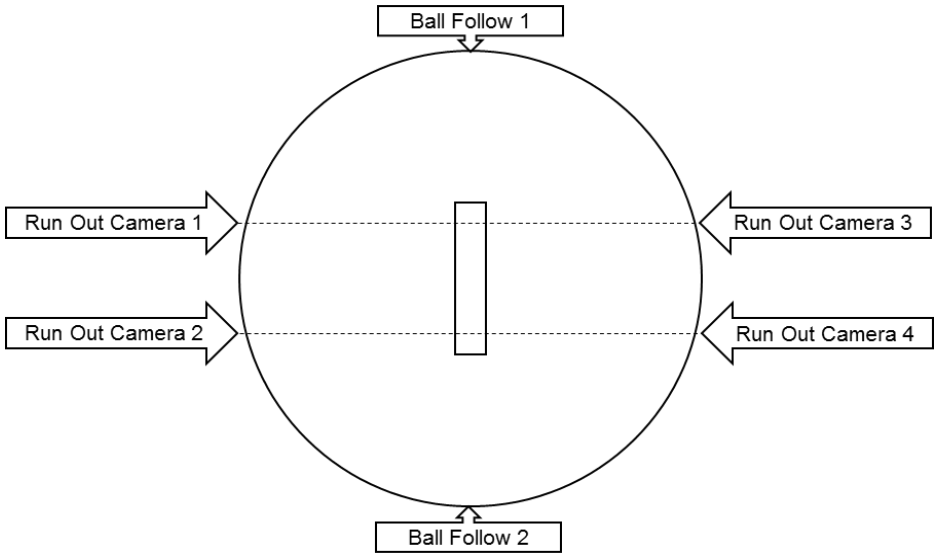

Appendix D

Decision Review System (DRS) and Third Umpire Protocol

1 General

1.1 Minimum requirements for use of DRS and appointment of third umpire

1.1.1 The camera specification set out below shall be mandatory as a minimum requirement.

1.1.2 Where the camera specification set out above is provided, a third umpire shall be appointed to the match.

1.1.3 The table below summarises the minimum requirements for DRS to be used, and the regulations around the appointment of the third umpire:

	Third Umpire (non-DRS)	**DRS**
Minimum Requirement	Cameras Specification detailed in paragraph 1.1.1	Cameras - Specification detailed in paragraph 1.1.1. Technology - Approved ball-tracking technology. - Approved sound-based edge detection technology.

Third Umpire Jurisdiction	Umpire Reviews only	Umpire Reviews and Player Reviews
Replays that can be used	The third umpire shall only have access to replays of any camera images. Other technology which may be in use by the broadcaster for broadcast purposes (for example, ball-tracking technology, sound-based edge detection technology, and heat-based edge detection technology) shall not be used during Umpire Reviews.	Any replay, stump microphone audio or technology detailed in paragraph 3.8.1 below.

1.1.4 The BCCI shall ensure that a separate room is provided for the third umpire and that he/she has access to the television equipment and technology (where DRS is used) so as to be in the best position to facilitate the referral and/or consultation processes referred to in paragraphs 2 (Umpire Review) and 3 (Player Review) below.

2 Umpire Review

In the circumstances detailed in paragraphs 2.1, 2.2, 2.3 and 2.4 below, the on-field umpire shall have the discretion to refer the decision to the third umpire or, in the case of paragraphs 2.2, and 2.4, to consult with the third umpire before making the decision. In line with clause 21.5, the third umpire shall already have reviewed television replays of the bowler's front foot landing and, where not satisfied that the second requirement of clause 21.5.2 (front foot landing behind the popping crease) has not been met, shall immediately have advised the bowler's end umpire (who shall in turn have immediately called and signalled No ball). Accordingly, paragraphs 2 (Umpire Review) and 3 (Player Review) of this Appendix D shall operate on the basis that this element of the referral and/or consultation process has already been undertaken.

Save for requesting the umpire to review his/her decision under paragraph 3 (Player Review) below, players may not appeal to the on-field umpires to use the Umpire Review. Breach of this provision may constitute dissent and the player may be subject to disciplinary action under the IPL Code of Conduct for Players and team officials.

2.1 Run Out, Stumped, Bowled and Hit Wicket Decisions

2.1.1 The relevant on-field umpire shall be entitled to refer an appeal for run-out, stumped, bowled or hit wicket to the third umpire.

2.1.2 An on-field umpire wishing to refer a decision to the third umpire shall signal to the third umpire by making the shape of a TV screen with his/her hands.

2.1.3 In the case of a referral of a bowled, hit wicket or stumped decision, the third umpire shall first check the fairness of the delivery (all modes of No ball except for the bowler using an Illegal Bowling Action front foot and back foot Ball, subject to the provison that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 4.6 (c.) of the

IPL Suspected Illegal Bowling Action Policy). If the delivery was not a fair delivery the third umpire shall indicate that the batter is Not out and advise the on-field umpire to signal No ball. See also paragraph 2.5 below.

2.1.4 Additionally, if the third umpire finds the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), he/she shall notify the on-field umpire so that the correct decision is made.

2.1.5 If the third umpire decides that the batter is Out, the word out shall be displayed on the big screen; if the third umpire decides that the batter is Not out, the words Not Out shall be displayed. In the event of any technical difficulties with the big screen, the third umpire will notify the standing umpires via radio to signal the relevant decision.

2.2 Caught Decisions, Obstructing the Field

2.2.1 Where the bowler's end umpire is unable to decide upon a Fair Catch or a Bump Ball, or if, on appeal from the fielding side, the batter obstructed the field, he/she shall first consult with the striker's end umpire.

2.2.2 Should both on-field umpires require assistance from the third umpire to make a decision, the bowler's end umpire shall firstly take a decision on-field after consulting with the striker's end umpire, before consulting by two-way radio with the third umpire. Such consultation shall be initiated by the bowler's end umpire to the third umpire by making the shape of a TV screen with his/her hands. The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter willfully obstructed the field. In case of a fair catch, the third umpire will use all the technological support available to him/her. The third umpire shall communicate his/her decision as set out in paragraph 2.1.5

2.2.3 The third umpire shall determine whether the batter has been caught, whether the delivery was a Bump Ball, or if the batter obstructed the field. However, in reviewing the television replay(s), the third umpire shall first check the fairness of the delivery for all decisions involving a catch (all modes of No ball except for the bowler using an Illegal Bowling Action, front foot and back foot No ball subject to the provison that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 4.6 (c.) of the Illegal Bowling Regulations) and whether the batter has hit the ball. If the delivery was not a fair delivery or if it is clear to the third umpire that the batter did not hit the ball he/she shall indicate to the bowler's end umpire that the batter is Not out caught, and in the case of an unfair delivery, advise the bowler's end umpire to signal No ball. See also paragraph 2.6 below. Additionally, if it is clear to the third umpire that the batter is Out by another mode of dismissal (excluding LBW), or Not out by any mode of dismissal (excluding LBW), he/she shall notify the bowler's end umpire so that the correct decision can be made.

2.2.4 The third umpire shall communicate his/her decision as set out in paragraph 2.1.5.

2.3 Boundary Decisions

2.3.1 The bowler's end umpire shall be entitled to refer to the third umpire for a decision on:

2.3.1.1 whether a four or six has been scored;

2.3.1.2 whether a fielder had any part of his person in contact with the ball when he touched the boundary; or

2.3.1.3 whether the fielder had any part of his person in contact with the ball when he had any part of his person grounded beyond the boundary.

2.3.1.4 The number of runs scored when a boundary results from an overthrow or the willful act of a fielder (See clause 19.8)

2.3.2 A decision shall be made immediately and cannot be changed thereafter.

2.3.3 If the television evidence is inconclusive as to whether or not a boundary has been scored, the default presumption shall be in favour of no boundary being awarded.

2.3.4 Where the bowler's end umpire wishes to use the assistance of the third umpire in this circumstance, he/she shall communicate with the third umpire by use of a two-way radio and the third umpire shall convey his/her decision to the bowler's end umpire by the same method.

2.3.5 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

2.4 Batter Running to the Same End

2.4.1 Where both batter have run to the same end and the on-field umpires are uncertain over which batter made his ground first, the on-field umpires may consult with the third umpire.

2.4.2 The procedure set out in paragraph 2.3.4 shall apply.

2.5 Short run

2.5.1 The third umpire shall automatically review any call of Short run by an on-field umpire under clauses 18.3 and 18.4, communicating with the relevant on-field umpire by two-way radio and conveying his/her decision by the same method.

2.6 No Balls

2.6.1 For each delivery during the match, the third umpire shall check in real time the fairness of the delivery as per the provisions of clause 21.5.

2.6.2 If the third umpire determines that the delivery was not a fair delivery, he/she communicate this via two way radio to the bowler's end umpire who shall then call and signal No ball.

2.6.3 If there was no dismissal before the No ball signal, the batting side shall benefit from the one run for the No ball, as well as any runs that may subsequently have accrued from the delivery.

2.6.4 If there was a dismissal before the No ball signal, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball). The batting side shall

benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had a No ball call been made earlier. Where the batter crossed while the ball was in the air before being caught, the batter shall remain at the same ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

No ball checks following a dismissal

2.6.5 If the bowler's end umpire is uncertain as to the fairness of the delivery following a dismissal, either affecting the validity of the dismissal or which batter is dismissed, he/she shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery with the third umpire. Communication with the third umpire shall be by two-way radio.

2.6.6 The third umpire shall check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 4.6 (c.) of the IPL Suspected Illegal Bowling Action Policy). The third umpire shall apply clause 21.5 when deciding whether a No ball should have been called (and must therefore be satisfied that none of the three conditions in clause 21.5 have been met before calling a No ball).

2.6.7 If the delivery was not a fair delivery, the bowler's end umpire shall indicate that the batter is Not out and signal No ball (except in the case of a dismissal for obstructing the field, which may still be effected despite a No ball being called, in which case the bowler's end umpire shall indicate that the relevant batter is Out and additionally call a No ball).

2.6.8 If a No ball is called following the check by the third umpire, the batting side shall benefit from the reversal of the dismissal and the one run for the No ball, but shall not benefit from any runs that may subsequently have accrued from the delivery had a No ball call been made earlier. Where the batter crossed while the ball was in the air before being caught, the batter shall remain at the same ends as if the striker had been dismissed, but no runs shall be credited to the striker even if one (or more) runs were completed prior to the catch being taken.

2.7 Cameras On or Over the Field of Play

2.7.1 The on-field umpires shall be entitled to refer to the third umpire for a decision as to whether the ball has at any time during the normal course of play come into contact with any part of the camera, its apparatus or its cables above the playing area, as contemplated in clause 20.1.3.

2.7.2 Where an on-field umpire wishes to use the assistance of the third umpire in this circumstance, he/she shall communicate with the third umpire by use of a two-way radio and the third umpire shall convey his/her decision to the bowler's end umpire by the same method.

2.7.3 A decision shall be made immediately and cannot be changed thereafter. If the television evidence is inconclusive as to whether or not the ball has come into contact with any part of the camera, its apparatus or its cables above the playing area, the default presumption shall be in favour of no contact having been made.

2.7.4 The third umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows the ball to have been in contact with any part of the camera or its cables above the playing area as envisaged under this paragraph.

3 Player Review

The following paragraphs shall operate in addition to and in conjunction with paragraph 2 (Umpire Review).

3.1 Circumstances in which a Player Review may be requested

3.1.1 A player may request a review of any decision taken by the on-field umpires concerning whether or not a batter is dismissed with the exception of 'Timed Out' (Player Review). A player may also be allowed to review any decision taken by on-field umpires concerning wide or no ball.

3.1.2 No other decisions made by the umpires are eligible for a Player Review

3.1.3 Only the batter involved in a dismissal may request a Player Review of an Out decision and only the captain (or acting captain) of the fielding team may request a Player Review of a Not out decision.

3.1.4 A decision concerning whether or not a batter is dismissed that could have been the subject of a Umpire Review under paragraph 2 is eligible for a Player Review as soon as it is clear that the on-field umpire has chosen not to initiate the Umpire Review.

3.2 The manner of requesting the Player Review

3.2.1 The request shall be made by the player making a 'T' sign with both forearms at head height.

3.2.2 The total time elapsed between the ball becoming dead and the review request being made shall be no more than 15 seconds.. The bowler's end umpire shall provide the relevant player with a prompt after 10 seconds if the request has not been made at that time and the player shall request the review immediately thereafter. If the on-field umpires believe that a request has not been made within the 15 second time limit, they shall decline the request for a Player Review.

3.2.3 The captain may consult with the bowler and other fielders, and the two batter may consult with each other prior to deciding whether to request a Player Review. Under no circumstances is any player permitted to query an umpire about any aspect of a decision before deciding on whether or not to request a Player Review. If the on-field umpires believe that the captain or either batter has received direct or indirect input emanating other than from the players on the field, then they may at their discretion, decline the request for a Player Review. In particular, signals from the dressing room must not be given. Breach of this provision will be liable for reporting under COC.

3.2.4 No replays, either at normal speed or slow motion, shall be shown on a big screen to spectators until the 15 second time limit allowed for requesting a Player Review has elapsed.

3.2.5 Where either on-field umpire initiates an Umpire Review, this does not preclude a player seeking a Player Review of a separate incident from the same delivery. The request for a Player Review may be made after the Umpire Review, provided the request is still within the 15 second time

limit described in paragraph 3.2.2 above. (See paragraphs **Error! Reference source not found.** and REF _Ref493859205 \w \h * MERGEFORMAT **Error! Reference source not found.** below for the process for addressing both an Umpire and Player Review).

3.2.6 A request for a Player Review cannot be withdrawn once it has been made.

3.3 The process of consultation

3.3.1 On receipt of an eligible and timely request for a Player Review, the relevant on-field umpire shall make the sign of a shape of a TV screen with his/her hands in the normal way.

3.3.2 The relevant on-field umpire shall initiate communication with the third umpire by confirming;

3.3.2.1 That a Player Review has been requested,

3.3.2.2 The mode of dismissal for which the relevant on-field umpire adjudicated the appeal,

3.3.2.3 The decision that has been made (Out or Not out), and;

3.3.2.4 For LBW appeals, where relevant, if the bowler's end umpire believed that the striker made no genuine attempt to play the ball with the bat (the default presumption of the third umpire in the absence of any information on this point from the bowler's end umpire shall be that a genuine attempt to play the ball with the bat was made).

3.3.3 A two-way consultation process shall begin to investigate whether there is anything that the third umpire can see or hear which would indicate that the on-field umpire should change his/her original decision.

3.3.4 The third umpire shall not withhold any factual information which may help in the decision making process. In particular, in reviewing a dismissal, if the third umpire believes that the batter may instead be Out by any other mode of dismissal, he/she shall advise the on-field umpire accordingly. The process of consultation described in this paragraph in respect of such other mode of dismissal shall then be conducted using the on-field umpires original decision as the default references as if the batter has been given Not out.

3.3.5 The third umpire shall initially check all modes of No ball except for the bowler using an Illegal Bowling Action (subject to the proviso that the third umpire may review whether the bowler has used a prohibited Specific Variation under Article 4.6 (c.) of the Illegal Bowling Regulations), where appropriate advising the on-field umpire accordingly.

3.3.6 If despite the available technology, the third umpire is unable to decide with a high degree of confidence whether the original on-field decision should be changed, then he/she shall report that the replays are 'inconclusive', and that the on-field decision shall stand. The third umpire shall not give answers conveying likelihoods or probabilities.

3.3.7 In circumstances where the television technology (all or parts thereof) is not available to the third umpire or fails for whatever reason, the third umpire shall advise the on-field umpire of this fact but still provide any relevant factual information that may be ascertained from the available television replays and other technology.

3.3.8 The on-field umpire shall then make his/her decision based on the information provided by the third umpire, any other factual information offered by the third umpire and his/her recollection and opinion of the original incident.

3.3.9 The on-field umpire shall reverse his/her decision if the nature of the supplementary information received from the third umpire leads him/her to conclude that his/her original decision was incorrect.

3.4 Review of LBW Decisions

3.4.1 In assessing whether a batter is Out LBW in accordance with clause 36, the third umpire shall first judge whether the delivery is fair (as set out in clause 36.1.1), and second, whether or not the ball has touched the bat before being intercepted by any part of the striker's person (as set out in clause 36.1.3).

3.4.2 If the batter is still eligible to be Out, the ball-tracking technology shall then present three pieces of information to the third umpire relating to the path of the ball:

3.4.2.1 The point of pitching (where applicable) (PITCHING)

3.4.2.2 The position of the ball at the point of first interception (IMPACT)

3.4.2.3 Whether the ball would have hit the wicket (WICKET)

3.4.3 This Decision Review System (DRS) and Third Umpire Protocol includes a category of Umpire's Call, which shall be the conclusion reported where the technology indicates a marginal decision in respect of either the point of first interception or whether the ball would have hit the stumps.

3.4.4 PITCHING

3.4.4.1 The interpretation of "pitches in line between wicket and wicket" in clause 36.1.2 shall refer to the position of the centre of the ball at the point of pitching, in relation to the Pitching Zone.

3.4.4.2 The Pitching Zone is defined as a two dimensional area on the pitch between both sets of stumps with its boundaries consisting of the base of both sets of stumps and a line between the outside of the outer stumps at each end.

3.4.4.3 Where applicable, the ball-tracking technology shall report that the ball pitched in one of the following three areas in relation to the Pitching Zone:

In Line	The centre of the ball was inside the Pitching Zone
Outside Off	The centre of the ball was outside, and to the off side of, the Pitching Zone
Outside Leg	The centre of the ball was outside, and to the leg side of, the Pitching Zone

3.4.4.4 Subject to the satisfaction of the other elements of clause 36.1, the batter can be Out if the ball-tracking technology reports that the ball pitched Outside Off or In Line, but the batter shall be Not out if the ball pitched Outside Leg.

3.4.5 IMPACT

3.4.5.1 The interpretation of "the (first) point of impact, even if in above the level of the bails, is between wicket and wicket" in clause 36.1.4 shall refer to position of the ball at the point of first interception, in relation to the Impact Zone.

3.4.5.2 The Impact Zone is defined as a three dimensional space extending between both wickets to an indefinite height and with its boundaries consisting of a line between the outside of the outer stumps at each end.

3.4.5.3 The ball-tracking technology shall report that the point of first interception was in one of the following categories in relation to the Impact Zone:

In Line	The centre of the ball was inside the Impact Zone
Umpire's Call	Some part of the ball was inside the Impact Zone, but the centre of the ball was outside the Impact Zone, with the further sub-category of 'Umpire's Call (off side)' where the centre of the ball was to the off side of the Impact Zone and the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.
Outside	No part of the ball was inside the Impact Zone, with the further sub-categories of 'Outside (off)' and 'Outside (leg)' to indicate the location of the point of first interception in relation to the Impact Zone when the bowler's end umpire communicates to the third umpire that no genuine attempt to play the ball was made by the batter.

3.4.5.4 Where a Not out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was In Line for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.5 Where a Not out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of impact was In Line, or Umpire's Call (off side), or Outside (off) for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

3.4.5.6 Where an Out decision is being reviewed, and it is judged that the batter has made a genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.5.7 Where an Out decision is being reviewed, and it is judged that the batter has made no genuine attempt to play the ball, the ball-tracking technology must report that the point of first interception was Outside (leg) for the decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.6 WICKET

3.4.6.1 The interpretation of whether "the ball would have hit the wicket" in clause 36.1.5 shall refer to position of the ball as it either hits or passes the wicket, in relation to the Wicket Zone.

3.4.6.2 The Wicket Zone is defined as a two dimensional area whose boundaries are the outside of the outer stumps, the base of the stumps and the top of the bails.

3.4.6.3 The ball-tracking technology shall report whether the ball would have hit the wicket with reference to the following three categories:

Hitting	The ball was hitting the wicket, and the centre of the ball was inside the Wicket Zone
Umpire's Call	The ball was hitting the wicket, but the centre of the ball was not inside the Wicket Zone
Missing	The ball was missing the wicket

3.4.6.4 Where a Not out decision is being reviewed, the ball-tracking technology must report that the ball was Hitting for the batter to be eligible to be given Out, otherwise the batter shall remain Not out.

However, where the evidence shows that the ball was Hitting, the point of first interception was In Line, and the ball pitched In Line or Outside Off, but that:

- The point of first interception was 300cm or more from the stumps; or
- The point of first interception was more than 250cm but less than 300cm from the stumps and the distance between the point of pitching and the point of first interception was less than 40cm,

the on-field decision shall stand (that is, Not out).

3.4.6.5 Where an Out decision is being reviewed, the ball-tracking technology must report that the ball was Missing for the on-field decision to be reversed to Not out, otherwise the batter shall remain eligible to be given Out.

3.4.7 When the ball strikes the batter on the full, and the evidence provided by the ball-tracking technology indicates that the ball would have pitched before striking or passing the wicket, there will be no information available from that delivery that will allow the ball-tracking technology to accurately predict the height of the ball after pitching.

3.4.8 With regard to determining whether the ball would have hit the wicket under these circumstances, the ball-tracking technology shall project the line of the ball in accordance with clause 36.2.3 (it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have pitched subsequently or not), and display the simulated path of the ball from directly above the wicket.

3.4.9 The third umpire shall advise the bowler's end umpire only on the point of first interception and whether the ball would have hit the stumps (in line with the process set out in paragraph 3.4 above), but shall make no comment on the predicted height of the ball after pitching, which shall remain a judgment of the bowler's end umpire.

3.5 The process for communicating the final decision

3.5.1 For Player Reviews concerning potential dismissals, the relevant on-field umpire shall indicate Out by raising his/her finger above his/her head in a normal yet prominent manner or indicate Not out by the call of 'not out' and by crossing his/her hands in a horizontal position side to side in front and above his/her waist three times. Where the decision is a reversal of the on-field umpire's previous decision, he/she shall make the 'revoke last signal' indication immediately prior to the above.

3.5.2 If the mode of dismissal is not obvious or not the same as that on which the original decision was based, then the umpire shall advise the scorers via the third umpire.

3.6 Number of Player Review requests permitted

3.6.1 In each innings, each team shall be allowed to make a maximum of two Player Review request that is categorised as 'Unsuccessful' (as set out in paragraph 3.6.3 below).

3.6.2 Where a request for a Player Review results in the original on-field decision being reversed, then the Player Review shall be categorised as 'Successful' and shall not count towards the innings limit.

3.6.3 Where a request for a Player Review results in the original on-field decision remaining unchanged (other than in the circumstances set out in paragraphs 3.6.4, 3.6.6 or 3.6.8), the Player Review shall be categorised as 'Unsuccessful'.

3.6.4 Where a request for a Player Review of an LBW decision results in the on-field decision remaining unchanged solely on the basis of an Umpire's Call, the Player Review shall be categorised as 'Unchanged – Umpire's Call'. A Player Review categorised as 'Unchanged – Umpire's Call' shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.5 Where, following a request for a Player Review, the original on-field decision of Out is unchanged, but for a different mode of dismissal from the original on-field decision, then the Player Review shall still be categorised as 'Unsuccessful'.

3.6.6 Where, following a request for a Player Review, the original on-field decision of Not out is unchanged on account of the delivery being a No ball (for any reason), thereby not requiring any further evaluation, the Player Review shall not be counted as 'Unsuccessful' and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.7 Where a Player Review and an Umpire Review are requested from the same delivery and the decision of the third umpire from the Umpire Review renders the Player Review unnecessary (see paragraphs **Error! Reference source not found.** and **Error! Reference source not found.**), the Player Re view request shall be disregarded and accordingly shall not count towards the innings limit set out in paragraph 3.6.1.

3.6.8 A Player Review categorised as 'Unsuccessful' may be reinstated by the IPL Match Referee at his/her sole discretion (if appropriate after consultation with the television broadcast director) if the Player Review could not properly be concluded due to a failure of the technology. Any such decision shall be final and shall be taken as soon as possible, being communicated to both teams once all the relevant facts have been ascertained by the IPL Match Referee. A Player Review categorised as 'Unsuccessful' shall not be reinstated if, despite any technical failures, the correct decision could still have been made using the other available technology. Similarly, a Player Review categorised as 'Unsuccessful' shall not be reinstated where the technology worked as intended, but the evidence gleaned from its use was inconclusive.

3.6.9 The third umpire shall be responsible for counting the number Player Reviews categorised as 'Unsuccessful' and shall advise the on-field umpires once either team has exhausted their allowance for the innings.

3.6.10 The scoreboard shall display, for the innings in progress, the number of Player Reviews remaining available to each team.

Category of Player Review	**Outcome of Player Review**	**Consequence of Player Review**
Successful (paragraph 3.6.2)	On-field decision reversed	Does not count towards innings limit set out in paragraph 3.6.1
Unsuccessful (paragraphs 3.6.3 and 3.6.5)	On-field decision unchanged	Counts towards innings limit set out in paragraph 3.6.1
Unchanged – Umpire's Call (paragraph 3.6.4)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
No ball – no evaluation required (paragraph 3.6.6)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1
Failure of technology (paragraph 3.6.8)	On-field decision unchanged	Does not count towards innings limit set out in paragraph 3.6.1

3.7 **Dead ball**

3.7.1 If following a Player Review request, an original decision of Out is changed to Not out, then the ball is still deemed to have become dead when the original decision was made (as per clause 20.1.1.3). The batting side, while benefiting from the reversal of the dismissal, shall not benefit from any runs that may subsequently have accrued from the delivery had the on-field umpire originally made a Not out decision, other than any No ball penalty that could arise under paragraph 3.3.5 above.

3.7.2 If an original decision of Not out is changed to Out, the ball shall retrospectively be deemed to have become dead from the moment of the dismissal event. All subsequent events, including any runs scored, shall be ignored.

3.8 **Use of technology**

3.8.1 The following technology may be used by the third umpire during a Player Review:

3.8.1.1 Replays, at any speed, from any available broadcast camera

3.8.1.2 Sound from the stump microphones with the replays at normal speed and slow motion

3.8.1.3 Approved ball-tracking technology:

- HawkEye (HawkEye Innovations)

3.8.1.4 Approved sound-based edge detection technology:

- UltraEdge (HawkEye Innovations)

3.8.1.5 LED Wickets (using the lights to indicate if the wicket is broken, as set out in paragraph 4.2):

- Zing Bails and Stumps

3.8.2 In addition, other forms of technology may be used subject to the BCCI being satisfied that the required standards of accuracy and time efficiency can be met.

3.8.3 Where practical usage or further testing indicates that any of the above forms of technology cannot reliably provide accurate and timely information, then it may be removed prior to or during a match. The final decision regarding the technology to be used in a given match shall be taken by the IPL Match Referee in consultation with the BCCI.

3.9 **Combining Umpire Review with Player Review**

3.9.1 If an Umpire Review (under paragraph 2) and a request for a Player Review (under paragraph 3) are made following the same delivery but relating to separate modes of dismissal, the incidents shall be addressed in chronological order. If the conclusion from the first incident is that a batter is dismissed, then the ball would be deemed to have become dead at that point, rendering investigation of the second incident unnecessary.

4 Interpretation of Playing Conditions

4.1 When using a replay to determine the moment at which the wicket has been put down (as per clause 29.1), the third umpire shall deem this to be the first frame in which one of the bails is shown (or can be deduced) to have lost all contact with the top of the stumps and subsequent frames show the bail permanently removed from the top of the stumps.

4.2 Where LED Wickets are used (as provided for in paragraph 3.8.1.5) the moment at which the wicket has been put down (as per clause 29.1) shall be deemed to be the first frame in which the LED lights are illuminated and subsequent frames show the bail permanently removed from the top of the stumps.

Appendix F

Procedure for the Super Over

The following procedure shall apply where the Playing Conditions provide for a Super Over to determine the winner of a tied match. Other than where expressly stated in this Appendix (or by necessary implication), all relevant Playing Conditions for the match shall apply to the Super Over.

1. A Super Over involves each team facing an over of six ball (unless ended earlier as provided for in paragraph 2), and the winner shall be the team scoring the greater number of runs, irrespective of the number of wickets lost.

2. The loss of two wickets in the over ends the team's one over innings.

3. If the Super Over is a tie, subsequent Super Overs shall be played until a winner is determined. Other than in exceptional circumstances (As set out in paragraph 24 below), an unlimited number of Super Overs may be played where necessary to determine a result.

4. Subject to weather conditions, the Super Over shall take place on the scheduled day of the match at a time to be determined by the IPL Match Referee. In normal circumstances it shall commence 10 minutes after the conclusion of the match.

5. The Super Over shall be played until completion, but if there are any delays or interruptions during the Super Over, extra time is allocated to complete the Super Over or any subsequent Super Overs. (The changeover period (10 minutes) for a Super Over after the main match is not to be taken into account when applying permitted extra time available). The amount of extra time allocated to the Super Over is the greater of;

    a. the gap between the time at which the match ended and the time the original match would have been scheduled to finish had the entire extra time provision been utilized, or

    b. 20 minutes.

6. The Super Over shall take place on the pitch allocated for the match, unless otherwise determined by the umpires in consultation with the Ground Authority and IPL Match Referee.

7. Only nominated players in the match (including Concussion Replacements) may participate in the Super Over.

8. Any penalty time being served in the match shall be carried forward to the Super Over.

9. The umpires shall stand at the same end as that in which they finished the match.

10. The team batting second in the match shall bat first in the Super Over.

11. Each team shall be allowed to have one unsuccessful Player Review in each Super Over.

12. The captain of the fielding team (or his nominee) shall select the ball which the fielding team shall bowl its over in the Super Over from the box of spare balls provided by the umpires (which shall

include the balls used in the match, but not new balls). The team fielding second may then choose to use the same ball as chosen by the team bowling first or choose another ball from the same box. If the ball needs to be changed the relevant Playing Conditions as they apply in the match shall also apply in the Super Over.

13. The fielding side shall choose the end from which it is to bowl its one over
14. The Super Over shall be played with the same fielding restrictions as would be applicable for the last over in match played in an uninterrupted match.
15. The interval between the two overs in the Super Over shall be 5 minutes.

TIED SUPER OVER – REPEATING THE SUPER OVER PROCEDURE

16. If the Super Over is tied, then subsequent Super Over will be played until there is a winner (subject to clause 16.3.1).
17. In normal circumstances any subsequent Super Over will start 5 minutes after the previous Super Over ends.
18. The team batting second in the previous Super Over will bat first in the subsequent Super Over.
19. The balls selected for use by each team in the previous Super Over shall be used again by the same team in subsequent Super Over(s).
20. The fielding side must bowl its over in a subsequent Super Over from the opposite end to which it bowled from in the previous Super Over.
21. Any batter dismissed in any previous Super Over shall be ineligible to bat in the following Super Over. **If a batter retires without getting injured during a Super Over then his innings will be immediately recorded as Retired Out & he will not be allowed to resume his innings even after the consent of the fielding captain. The batter will not be eligible to bat in the following Super Over.**
22. Any bowler who bowled in the previous Super Over shall be ineligible to bowl in the subsequent Super Over.
23. In all other ways the procedure for a subsequent Super Over shall be the same as for the initial Super Over.

SUPER OVER UNABLE TO BE COMPLETED

24. Where the Super Over or subsequent Super Overs are abandoned for any reason prior to the completion then the match shall be declared a tie and points allocated as in Clause 16.10.1

EXAMPLES - EXTRA TIME AVAILABLE FOR THE SUPER OVER.

The match is scheduled to finish at 10:50pm (6:50pm), with 60 minutes of extra time available to be used. The scheduled cut-off time if all the available extra time is used would be 11.50pm (7:50pm).

Example 1: No extra time used during the match which runs over time and finishes in a tie at 11:20pm (7:20pm). The Super Over is scheduled to start 10 minutes later at 11:30pm (7:30pm). The extra time available to complete the Super Over would be 30 minutes (as per Clause 5a above).

- The Super Over starts on time but is interrupted at 11:40pm (7:40pm) for 10 minutes (leaving 20 minutes of extra time still available).
- Play resumes at 11:50pm (7:50pm) with a tied Super Over occurring.
- The second super over is being played but is interrupted at 00:00am (8:00pm).
- Play does not resume within 20 minutes (being the amount of extra time still available), therefore the Super Over process is abandoned, and the match is a tie.

Example 2: 50 minutes of extra time was used during the match, which was due to finish at 11:40pm (7:40pm). A tied match finished at 11:40pm (7:40pm). Therefore, the extra time left is 20 minutes – being the greater of (a) 10 Minutes (11:40pm- 11:50pm, the gap between the time at which the match ended and the time the original match would have been scheduled to finish had the entire extra time provision been utilized), or and (b) 20 minutes. The Super Over is due to start at 11:50pm (7:50pm) but is delayed by rain. It must therefore start by 00:10am (8:10pm).

Example 3: The match finishes at 00:00am (8:00pm) (having started 60 minutes late and overrun by 10 minutes). The Super should start at 00:10am (8:10pm). There is 20 minutes of extra time allocated to the Super Over. There is a delay at 00:10am (8:10pm), the Super Over must start before 00:30am (8:30pm) otherwise the match is abandoned.

THE PREFACE

The game of Cricket has been governed by a series of Codes of Laws for over 280 years. These Codes have been subject to additions and alterations recommended by the governing authorities of the time. Since its formation in 1787, Marylebone Cricket Club (MCC) has been recognised as the sole authority for drawing up the Code and for all subsequent amendments. The Club also holds the World Copyright.

The basic Laws of Cricket have stood the test of time remarkably well. While the game has evolved over generations, it remains recognisably the same sport as in decades and centuries gone by. The Laws today may be longer and more complex than the earliest Codes in the 18th Century, but they retain the same central core, and often some of the same language. It is thought that one of the real reasons for this sustainability is not just the appeal of cricket as a sport, but also that cricketers have traditionally been prepared to play in the Spirit of the Game, recognised in the Preamble since 2000, as well as in accordance with the Laws.

That said, the game does evolve, and the Laws must do so with it. The changes made in the 2017 Code – of which this is the fourth edition - reflected views following a global consultation with players, umpires and administrators at all levels of the game, including the International Cricket Council, the sport's global governing body. The game had evolved quickly, requiring six Editions of the 2000 Code to be published in only fifteen years. A new Code was necessary to rationalise these amendments and to list the Laws in a more logical format and order.

The guiding objectives behind the 2017 changes, evidenced from the consultation, were to maintain a fair balance between bat and ball, to make the Laws easier to understand, to safeguard players' welfare, and to give umpires more mechanisms to address instances of poor behaviour by players. Those principles have continued to guide this fourth edition, in which changes are intended to shape the game of cricket as it should be played, rather than being reliant on outdated, if long-standing, traditions. With that in mind, for the first time in 2017, the Laws were written in a gender-neutral format, reflecting, and further encouraging, the rising popularity of the game amongst women and girls. The third edition went a step further, replacing the old term 'batsman' with the gender-neutral 'batter' – reflecting that cricket is a game for everyone, and that language shapes our behaviours. This fourth edition has now attempted to remove all gendered terms.

The MCC Laws of Cricket provide the framework around which all cricket matches are based. Individual leagues and governing bodies then add their own playing regulations on top, amending the Laws to suit the differing needs of, for example, matches in junior cricket, T20 matches and Test matches. In almost all cases, the fundamentals of the game, such as scoring runs and taking wickets, remain unchanged in such regulations.

The Laws contained in this book are correct at the time of its publication but the MCC website (www.lords.org) and Laws of Cricket App provide a digital version which will be updated with any minor changes, if necessary.

Significant dates in the history of the Laws are as follows:

1700 Cricket was recognised as early as this date.

1744 The earliest known Code was drawn up by certain "Noblemen and Gentlemen" who used the Artillery Ground in London.

1755 The Laws were revised by "Several Cricket Clubs, particularly the Star and Garter in Pall Mall".

1774 A further revision was produced by "a Committee of Noblemen and Gentlemen of Kent, Hampshire, Surrey, Sussex, Middlesex and London at the Star and Garter".

1786 A further revision was undertaken by a similar body of Noblemen and Gentlemen of Kent, Hampshire, Surrey, Sussex, Middlesex and London.

1788 The first MCC Code of Laws was adopted on 30 May.

1835 A new Code of Laws was approved by the MCC Committee on 19 May.

1884 After consultation with cricket clubs worldwide, important alterations were incorporated in a new version approved at an MCC Special General Meeting on 21 April.

1947 A new Code of Laws was approved at an MCC Special General Meeting on 7 May. The main changes were aimed at achieving clarification and better arrangement of the Laws and their interpretations.

1979 After five editions of the 1947 Code, a further revision was begun in 1974 with the aim being to remove certain anomalies, consolidate various Amendments and Notes, and to achieve greater clarity and simplicity. The new Code of Laws was approved at an MCC Special General Meeting on 21 November, coming into effect in 1980.

1992 A second edition of the 1980 Code was produced, incorporating all the amendments which were approved during the intervening twelve years.

2000 A new Code of Laws, including a Preamble defining the Spirit of Cricket, was approved on 3 May.

2007 MCC established the Laws sub-committee, replacing the Laws Working Party.

2010 A fourth edition of the 2000 Code was published. MCC members agreed at a Special General Meeting on 5 May that the MCC Committee is entitled to change the Laws of Cricket without seeking the approval of the members.

2017 After six Editions of the 2000 Code, a new 2017 Code came into effect on 1 October. Subsequent editions of this Code have been published in April 2019, October 2022 and October 2026.

Many queries on the Laws are sent to MCC for decision every year. MCC, as the accepted Custodian of the Laws, has always been prepared to answer the queries and to give interpretations. However, MCC reserves the right not to answer queries which it considers to be frivolous or connected in any way with a bet or wager.

THE PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, match officials and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

- Respect your captain, teammates, opponents and the authority of the umpires.
- Play hard and play fair.
- Accept the umpire's decision.
- Create a positive atmosphere by your own conduct, and encourage others to do likewise.
- Show self-discipline, even when things go against you.
- Congratulate the opposition on their successes, and enjoy those of your own team.
- Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

The players, umpires and scorers in a game of cricket may be of any gender, and the Laws apply equally. Except where specifically stated otherwise, every provision of the Laws is to be read as applying to all persons, regardless of gender.

LAW 1 THE PLAYERS

1.1 Number of players

A match is played between two sides, each of eleven players, one of whom shall be captain.

By agreement a match may be played between sides of fewer than, or more than, eleven players, but not more than eleven players may field at any time.

If, during the match and for whatever reason, a side is reduced to fewer than the original number of nominated players, the match shall continue as long as it is possible to do so under the Laws or any agreements made before the toss.

1.2 Nomination and replacement of players

1.2.1 Each captain shall nominate their players in writing to one of the umpires before the toss.

1.2.2 No player may be replaced after the nomination without the consent of the opposing captain. If such consent is granted, the captain of the team in which the player is being replaced shall inform the umpires and scorers.

1.2.3 Any replacement player shall be considered the same player as the nominated player they replaced for the purposes of these Laws.

1.2.3.1 A replacement shall not bat in an innings in which the nominated player they are replacing has completed their innings.

1.2.3.2 Any unserved Penalty time, warnings or suspensions, that applied to the original nominated player will be inherited by their replacement.

1.3 Captain

1.3.1 If at any time the captain is not available, a deputy shall act for them.

1.3.2 If a captain is not available to nominate the players, then any person associated with that team may act as their deputy to do so. See 1.2.

1.3.3 At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Laws, including at the toss. See Law 13.4 (The toss).

1.4 Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within The Spirit of Cricket as well as within the Laws. See The Preamble – The Spirit of Cricket and Law 41.1 (Fair and unfair play – responsibility of captains).

LAW 2 THE UMPIRES

2.1 Appointment and attendance

Before the match, two umpires shall be appointed, one for each end, to control the match as required by the Laws, with absolute impartiality. The umpires shall be present on the ground and report to the Executive of the ground at least 45 minutes before the scheduled start of each day's play.

2.2 Change of umpire

An umpire shall not be changed during the match, other than in exceptional circumstances, unless they are injured or ill. If there has to be a change of umpire, the replacement shall act only as the striker's end umpire unless the captains agree that the replacement should take full responsibility as an umpire.

2.3 Consultation with captains

Before the toss the umpires shall

2.3.1 meet with the captains; the umpires shall determine

2.3.1.1 the balls to be used during the match. See Law 4 (The ball).

2.3.1.2 the hours of play and the times and durations of any agreed intervals. In a match of one day's and one innings' duration, no specific time need be agreed for the tea interval. It may be agreed instead to take this interval between innings. See Law 11 (Intervals).

2.3.1.3 which clock or watch and back-up timepiece is to be used during the match.

2.3.1.4 the boundary of the field of play and allowances for boundaries, including whether any obstacle within the field of play is to be regarded as a boundary. See Law 19 (Boundaries).

2.3.1.5 the use of covers. See Law 10 (Covering the pitch).

2.3.1.6 any special conditions of play affecting the conduct of the match.

2.3.2 inform the scorers of agreements in 2.3.1.2, 2.3.1.3, 2.3.1.4 and 2.3.1.6.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the creases are correctly marked. See Law 7 (The creases).

2.4.2 the wickets are properly positioned. See Law 8 (The wickets).

2.4.3 the boundary of the field of play complies with the requirements of Laws 19.1 (Determining the boundary of the field of play), 19.2 (Identifying and marking the boundary) and 19.3 (Restoring the boundary).

2.5 Conduct of the match, implements and equipment

Before the toss and during the match, the umpires shall satisfy themselves that

2.5.1 the conduct of the match is strictly in accordance with the Laws.

2.5.2 the implements used in the match conform to the following:

2.5.2.1 Law 4 (The ball).

2.5.2.2 externally visible requirements of Law 5 (The bat) and Appendix B.

2.5.2.3 either Laws 8.2 (Size of stumps) and 8.3 (The bails) or, if applicable, Law 8.4 (Junior cricket).

2.5.3 no player uses equipment other than that permitted. See Appendix A.2. Note particularly therein the interpretation of 'protective helmet'.

2.5.4 the wicket-keeper's gloves comply with the requirements of Law 27.2 (Gloves).

2.6 Fair and unfair play

The umpires shall be the sole judges of fair and unfair play.

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive:

- the bowler of a reasonable foothold
- the fielders of the ability to move freely
- or the batters of the ability to play their strokes or to run between the wickets

then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See Law 6.1 (Area of pitch).

2.8.2 The Umpires shall immediately suspend play, or not allow play to start or to recommence, if either umpire considers that the conditions of ground, weather or light, or any other circumstances are either dangerous or unreasonable.

2.8.3 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2.9 Position of umpires

The umpires shall stand where they can best see any act upon which their decision may be required.

Subject to this overriding consideration, the bowler's end umpire shall stand in a position so as not to interfere with either the bowler's run-up or the striker's view.

The striker's end umpire may elect to stand on the off side instead of the on side of the pitch, provided they inform the captain of the fielding side, the striker and the other umpire.

2.10 Umpires changing ends

The umpires shall change ends after each side has had one completed innings. See Law 13.3 (Completed innings).

2.11 Disagreement and dispute

Where there is disagreement or dispute about any matter, the umpires together shall make the final decision. See also Law 31.6 (Consultation by umpires).

2.12 Umpire's decision

An umpire may alter any decision provided that such alteration is made promptly and does not contradict Law 20.6 (Dead ball not to be revoked). This apart, an umpire's decision, once made, is final.

2.13 Signals

2.13.1 The following code of signals shall be used by umpires:

2.13.1.1 Signals made while the ball is in play

Dead ball - by crossing and re-crossing the wrists below the waist.

No ball - by extending one arm horizontally.

Out - by raising an index finger above the head. (If not out, the umpire shall call Not out.)

Wide - by extending both arms horizontally.

2.13.1.2 When the ball is dead, the bowler's end umpire shall repeat the signals in 2.13.1.1, with the exception of the signal for Out, to the scorers.

2.13.1.3 The signals listed below shall be made to the scorers only when the ball is dead.

Boundary 4 - by waving an arm from side to side finishing with the arm across the chest.

Boundary 6 - by raising both arms above the head.

Bye - by raising an open hand above the head.

Commencement of Last hour - by pointing to a raised wrist with the other hand.
Five Penalty runs awarded to the batting side - by repeated tapping of one shoulder with the opposite hand.
Five Penalty runs awarded to the fielding side - by placing one hand on the opposite shoulder.
Leg bye - by touching a raised knee with the hand.
New ball - by holding the ball above the head.
Revoke last signal - by touching both shoulders, each with the opposite hand.
Short run - by bending one arm upwards and touching the nearer shoulder with the tips of the fingers.
The following signals are for Level 3 and 4 offences in Law 42 (Players' conduct). Each signal has two parts, both of which should be acknowledged separately by the scorers.
Level 3 conduct
Part 1 - by putting one arm out to the side of the body and repeatedly raising it and lowering it.
Part 2 - by raising both hands, all fingers spread, to shoulder height, palms facing towards the scorers.
Level 4 conduct
Part 1 - by putting one arm out to the side of the body and repeatedly raising it and lowering it.
Part 2 - by raising an index finger, held at shoulder height, to the side of the body.

2.13.1.4 All the signals in 2.13.1.3 are to be made by the bowler's end umpire except that for Short run, which is to be signalled by the umpire at the end where short running occurs. However, the bowler's end umpire shall be responsible both for the final signal of Short run to the scorers and, if more than one run is short, for informing them as to the number of runs to be recorded.

2.13.2 The umpire shall wait until each signal to the scorers has been separately acknowledged by a scorer before allowing play to proceed.

2.13.2.1 If several signals are to be used, they shall be given in the order that the events occurred.

2.13.2.2 Where more than one contravention of the Laws occurs during the same delivery, any sanctions under each Law shall be applied independently, unless otherwise stated. However, where the necessary sanctions contradict one another, the sanctions in respect of the contravention that occurred first shall apply.

2.14 Informing the umpires

Throughout the Laws, wherever the umpires are to receive information from captains or other players, it will be sufficient for one umpire to be so informed and for them to inform the other umpire.

2.15 Correctness of scores

Consultation between umpires and scorers on doubtful points is essential. The umpires shall, throughout the match, satisfy themselves as to the correctness of the number of runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled. They shall agree

these with the scorers at least at every interval, other than a drinks interval, and at the conclusion of the match. See Laws 3.2 (Correctness of scores), 16.8 (Correctness of result) and 16.10 (Result not to be changed).

LAW 3 THE SCORERS

3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

3.2 Correctness of scores

The scorers shall frequently check to ensure that their records agree. They shall agree with the umpires, at least at every interval, other than drinks intervals, and at the conclusion of the match, the runs scored, the wickets that have fallen and, where appropriate, the number of overs bowled. See Law 2.15 (Correctness of scores).

3.3 Acknowledging signals

The scorers shall accept all instructions and signals given to them by the umpires and shall immediately acknowledge each separate signal.

LAW 4 THE BALL

4.1 Weight and size

A Size 1 ball, when new, shall weigh not less than 5.5 ounces/156 g, nor more than 5.75 ounces/163 g, and shall measure not less than 8.81 in/22.4 cm, nor more than 9 in/22.9 cm in circumference.

A Size 2 ball, when new, shall weigh not less than 5 ounces/142 g, nor more than 5.25 ounces/149 g, and shall measure not less than 8.46 in/21.5 cm nor more than 8.66 in/22 cm in circumference.

A Size 3 ball, when new, shall weigh not less than 4.69 ounces/133 g nor more than 4.84 ounces/140 g, and shall measure not less than 8.07 in/20.5 cm nor more than 8.27 in/21 cm in circumference.

4.2 Approval and control of balls

4.2.1 All balls to be used in the match, having been determined by the umpires, shall be in the possession of the umpires before the toss and shall remain under their control throughout the match.

4.2.2 The umpire shall take possession of the ball in use at the fall of each wicket, at the start of any interval and at any interruption of play.

4.3 New ball

Unless an agreement to the contrary has been made before the match, either captain may demand a new ball at the start of each innings.

4.4 New ball in match of more than one day's duration

In a match scheduled to be of more than one day's duration, the captain of the fielding side may demand a new ball when the number of overs, excluding any part overs, bowled with the old one is equal to or greater than 80 overs. The umpire

shall inform the other umpire and indicate to the batters and the scorers whenever a new ball is taken into play.

4.5 Ball lost or becoming unfit for play

If, during play, the ball cannot be found or recovered or the umpires agree that it has become unfit for play through normal use, the umpires shall replace it with a ball which has had wear comparable with that which the previous ball had received before the need for its replacement. When the ball is replaced, the umpire shall inform the batters and the fielding captain.

4.6 Specifications

The Governing Body responsible for the match shall determine the size of ball to be used. If no such determination has been made, the umpires shall determine the size of ball to be used under Law 2.3.1.1.

LAW 5 THE BAT

5.1 The bat

5.1.1 The bat consists of two parts, a handle and a blade.

5.1.2 The basic requirements and measurements of the bat are set out in this Law with detailed specifications in Appendix B.

5.2 The handle

5.2.1 The handle is to be made principally of cane and/or wood.

5.2.2 The part of the handle that is wholly outside the blade is defined to be the upper portion of the handle. It is a straight shaft for holding the bat.

5.2.3 The upper portion of the handle may be covered with a grip as defined in Appendix B.2.2.

5.3 The blade

5.3.1 The blade comprises the whole of the bat apart from the handle as defined in 5.2 and in Appendix B.3.

5.3.2 The blade shall consist solely of wood.

5.3.3 All bats may have commercial identifications on the blade, the size of which must comply with the relevant specification in Appendix B.6.

5.4 Protection and repair

Subject to the specifications in Appendix B.4 and providing 5.5 is not contravened,

5.4.1 solely for the purposes of

either protection from surface damage to the face, sides and shoulders of the blade

or repair to the blade after surface damage,

material that is not rigid, either at the time of its application to the blade or subsequently, may be placed on these surfaces.

5.4.2 for repair of the blade after damage other than surface damage

5.4.2.1 solid material may be inserted into the blade.

5.4.2.2 The only material permitted for any insertion is wood with minimal essential adhesives.

5.4.3 to prevent damage to the toe, material may be placed on that part of the blade but shall not extend over any part of the face, back or sides of the blade.

5.5 Damage to the ball

5.5.1 For any part of the bat, covered or uncovered, the hardness of the constituent materials and the surface texture thereof shall not be such that either or both could cause unacceptable damage to the ball.

5.5.2 Any material placed on any part of the bat, for whatever purpose, shall similarly not be such that it could cause unacceptable damage to the ball.

5.5.3 For the purpose of this Law, unacceptable damage is any change that is greater than normal wear and tear caused by the ball striking the uncovered wooden surface of the blade.

5.6 Contact with the ball

In these Laws,

5.6.1 reference to the bat shall imply that the bat is held in the batter's hand or a glove worn on their hand, unless stated otherwise.

5.6.2 contact between the ball and any of 5.6.2.1 to 5.6.2.4

- 5.6.2.1 the bat itself
- 5.6.2.2 the batter's hand holding the bat
- 5.6.2.3 any part of a glove worn on the batter's hand holding the bat
- 5.6.2.4 any additional materials permitted under 5.4 shall be regarded as the ball striking or touching the bat or being struck by the bat.

5.7 Bat size limits

5.7.1 The overall length of the bat, when the lower portion of the handle is inserted, shall not be more than 38 in/96.52 cm.

5.7.2 The blade of the bat shall not exceed the following dimensions:

Width: 4.25 in/10.8 cm
Depth: 2.64 in/6.7 cm
Edges: 1.56 in/4.0 cm.
Furthermore, it should also be able to pass through a bat gauge as described in Appendix B.8.

5.7.3 Except for bats of size 6 and less, the handle shall not exceed 52% of the overall length of the bat.

5.7.4 The material permitted for covering the blade in 5.4.1 shall not exceed 0.04 in/0.1 cm in thickness.

5.7.5 The maximum permitted thickness of protective material placed on the toe of the blade is 0.12 in/0.3 cm.

5.8 Categories of bat

5.8.1 Types A, B and C are bats conforming to 5.1 to 5.7 inclusive.

5.8.2 Type A bats may be used at any level of cricket.

5.8.3 Type B bats may have material inserted at the toe and/or along the sides, parallel to the face of the blade (see B.4.2).

5.8.4 Type C bats may have a cloth covering (see B.3.3). They may also have material inserted at the toe and/or along the sides, parallel to the face of the blade (see B.4.2), and a greater proportion of materials other than cane, wood or twine in the handle than Types A and B (see B.2.3).

5.8.5 Type D bats may be laminated and/or coloured, as outlined in Appendix B.7, and are for use only at lower levels of the game, as determined by the Governing Body for cricket in the country concerned.

5.8.6 Bats of Type B and Type C, may be used only at or below levels determined by the Governing Body for cricket in the country concerned.

5.8.7 Bats that do not qualify for any of the four categories A to D are not recognised in the Laws.

LAW 6 THE PITCH

6.1 Area of pitch

The pitch is a rectangular area of the ground 22 yards/20.12 m in length and 10 ft/3.05 m in width. It is bounded at either end by the bowling creases and on either side by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 5 ft/1.52 m from it. If the pitch is next to an artificial pitch which is closer than 5 ft/1.52 m from the middle stumps, the pitch on that side will extend only to the junction of the two surfaces. See 6.6, Law 8.1 (Description, width and pitching), Law 7.2 (The bowling crease) and Appendix C.

6.2 Fitness of pitch for play

The umpires shall be the sole judges of the fitness of the pitch for play. See Laws 2.7 (Fitness for play) and 2.8 (Suspension of play in dangerous or unreasonable conditions).

6.3 Selection and preparation

Before the match, the Ground Authority shall be responsible for the selection and preparation of the pitch. During the match, the umpires shall control its use and maintenance.

6.4 Changing the pitch

The pitch shall not be changed during the match unless the umpires decide that it is dangerous or unreasonable for play to continue on it and then only with the consent of both captains.

6.5 Non-turf pitches

In the event of a non-turf pitch being used, the artificial surface shall conform to the following measurements:
Length - a minimum of 58 ft/17.68 m
Width - a minimum of 6 ft/1.83 m
See Law 9.8 (Non-turf pitches).

6.6 Junior Cricket

The Governing Body for cricket in the country concerned shall determine the length of the pitch for junior cricket.

LAW 7 THE CREASES

7.1 The creases

The positions of a bowling crease, a popping crease and two return creases shall be marked by white lines, as set out in 7.2, 7.3 and 7.4, at each end of the pitch. See Appendix C.

7.2 The bowling crease

The bowling crease, which is the back edge of the crease marking, is the line that marks the end of the pitch, as in Law 6.1 (Area of pitch). It shall be 8 ft 8 in/2.64 m in length.

7.3 The popping crease

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 ft/1.22 m from it. The popping crease shall be marked to a minimum of 6 ft/1.83 m on either side of the imaginary line joining the centres of the two middle stumps and shall be considered to be unlimited in length.

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 ft 4 in/1.32 m either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 ft/2.44 m behind it and shall be considered to be unlimited in length.

LAW 8 THE WICKETS

8.1 Description, width and position

Two sets of wickets shall be positioned opposite and parallel to each other in the centres of the bowling creases. Each set shall be 9 in/22.86 cm wide and shall consist of three wooden stumps with two wooden bails on top. See Appendix D.

8.2 Size of stumps

The tops of the stumps shall be 28 in/71.12 cm above the playing surface and shall be dome shaped except for the bail grooves. The portion of a stump above the playing surface shall be cylindrical apart from the domed top, with circular section of diameter not less than 1.38 in/3.50 cm nor more than 1.5 in/3.81 cm. See Appendix D.

8.3 The bails

8.3.1 The bails, when in position on top of the stumps,

- shall not project more than 0.5 in/1.27 cm above them.
- shall fit between the stumps without forcing them out of the vertical.

8.3.2 Each bail shall conform to the following specifications (see Appendix D):

Overall length	4.31 in/10.95 cm
Length of barrel	2.13 in /5.40 cm
Longer spigot	1.38 in/3.50 cm
Shorter spigot	0.81 in/2.06 cm.

8.3.3 The two spigots and the barrel shall have the same centre line.

8.3.4 Devices aimed at protecting player safety by limiting the distance that a bail can travel off the stumps will be allowed, subject to the approval of the Governing Body for the match and the Ground Authority.

8.4 Junior cricket

The Governing Body for cricket in the country concerned shall determine the dimensions of the stumps and bails.

8.5 Dispensing with bails

The umpires may agree to dispense with the use of bails, if necessary. If they so agree then no bails shall be used at either end. The use of bails shall be resumed as soon as conditions permit. See Law 29.5 (Dispensing with bails).

LAW 9 PREPARATION AND MAINTENANCE OF THE PLAYING AREA

9.1 Rolling

The pitch shall not be rolled during the match except as permitted in 9.1.1 and 9.1.2.

9.1.1 Frequency and duration of rolling

During the match the pitch may be rolled at the request

of the captain of the batting side, for a period of not more than 7 minutes, before the start of each innings, other than the first innings of the match, and before the start of each subsequent day's play. See 9.1.4.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than 7 minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

If there is more than one roller available the captain of the batting side shall choose which one is to be used.

9.1.4 Timing of permitted rolling

The rolling permitted (maximum 7 minutes) before play begins on any day shall be started not more than 30 minutes before the time scheduled or rescheduled for play to begin. The captain of the batting side may, however, delay the start of such rolling until not less than 10 minutes before the time scheduled or rescheduled for play to begin.

9.2 Clearing debris from the pitch

9.2.1 The pitch shall be cleared of any debris

9.2.1.1 before the start of each day's play. This shall be after the completion of mowing and before any rolling, not earlier than 30 minutes nor later than 10 minutes before the time or any rescheduled time for start of play.

9.2.1.2 between innings. This shall precede rolling if any is to take place.

9.2.1.3 at all intervals for meals.

9.2.2 The clearance of debris in 9.2.1 shall be done by any means deemed appropriate by the Ground Authority, so long as the umpires do not consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand.

9.2.3 In addition to 9.2.1, debris may be cleared from the pitch by hand, before mowing and whenever either umpire considers it necessary.

9.3 Mowing

9.3.1 Responsibility for mowing

9.3.1.1 All mowings which are carried out before the match shall be the sole responsibility of the Ground Authority.

9.3.1.2 All subsequent mowings shall be carried out under the supervision of the umpires.

9.3.2 The pitch and outfield

In order that throughout the match the ground conditions should be as nearly the same for both sides as possible, both the pitch and the outfield shall be mown on each day of the match on which play is expected to take place, if ground and weather conditions permit.

If, for reasons other than conditions of ground or weather, complete mowing of the outfield is not possible, the Ground Authority shall notify the captains and umpires of the procedure to be adopted for such mowing during the match.

9.3.3 Timing of mowing

9.3.3.1 Mowing of the pitch on any day shall be completed not later than 30 minutes before the time scheduled or rescheduled for play to begin on that day, before any sweeping prior to rolling. If necessary, debris may be removed from the pitch before mowing, by hand. See 9.2.3.

9.3.3.2 Mowing of the outfield on any day shall be completed not later than 15 minutes before the time scheduled or rescheduled for play to begin on that day.

9.4 Watering the pitch

The pitch shall not be watered during the match.

9.5 Re-marking creases

Creases shall be re-marked whenever either umpire considers it necessary.

9.6 Maintenance of footholes

The umpires shall ensure that the holes made by the bowlers and batters are cleaned out and dried whenever necessary to facilitate play.

In matches of more than one day's duration, the umpires shall allow, if necessary, the re-turfing of footholes made by the bowlers in their delivery strides, or the use of quick-setting fillings for the same purpose.

9.7 Securing of footholds and maintenance of pitch

During play, umpires shall allow the players to secure their footholds by the use of sawdust provided that no damage to the pitch is caused and that Law 41 (Unfair play) is not contravened.

9.8 Non-turf pitches

Wherever appropriate, the provisions set out in 9.1 to 9.7 shall apply.

LAW 10 COVERING THE PITCH

10.1 Before the match

The use of covers before the match is the responsibility of the Ground Authority and may include full covering if required.

However, the Ground Authority shall grant suitable facility to the captains to inspect the pitch before the nomination of their players and to the umpires to discharge their duties as laid down in Laws 2 (The umpires), 6 (The pitch), 7 (The creases), 8 (The wickets), and 9 (Preparation and maintenance of the playing area).

10.2 During the match

Unless determined otherwise before the toss, on each night of the match and if appropriate when play is suspended at any time during the match.

10.2.1 the whole pitch and a minimum of 4 ft/1.22 m beyond it at each end shall be covered.

10.2.2 the bowlers' run-ups, where possible, shall be covered.

10.3 Removal of covers

10.3.1 If after the toss the pitch is covered overnight, the covers shall be removed as soon as practicable on each day that play is expected to take place.

10.3.2 If covers are used during the day, or if the removal of overnight covers is delayed, they shall be removed promptly as soon as conditions allow.

LAW 11 INTERVALS

11.1 An interval

11.1.1 The following shall be classed as intervals:

- The period between close of play on one day and the start of the next day's play.
- Intervals between innings.
- Intervals for meals.
- Intervals for drinks.
- Any other agreed interval.

11.1.2 Only these intervals shall be considered as scheduled breaks for the purposes of Law 24.2.6 (Fielder absent or leaving the field of play).

11.2 Duration of intervals

11.2.1 An interval for lunch or tea shall be of the duration determined under Law 2.3 (Consultation with captains), taken from the call of Time before the interval until the call of Play on resumption after the interval.

11.2.2 An interval between innings shall be 10 minutes, commencing from the close of an innings until the call of Play for the start of the next innings. See, however, 11.3, 11.5 and 11.6.

11.3 Allowance for interval between innings

In addition to the provisions of 11.5 and 11.6,

11.3.1 if an innings ends when 10 minutes or less remains before the time agreed for close of play on any day, there shall be no further play on that day. No change shall be made to the time for the start of play on the following day on account of the 10 minute interval between innings.

11.3.2 if a captain declares an innings closed or forfeits an innings during an interruption in play of more than 10 minutes duration, provided that at least 10 minutes remains of the interruption, no adjustment shall be made to the time for resumption of play on account of the 10 minute interval between innings, which shall be considered as included in the interruption. If less than 10 minutes remains of the interruption when the captain declares the innings closed, or forfeits an innings, the next innings shall commence 10 minutes after the declaration or forfeiture is made.

11.3.3 if a captain declares an innings closed or forfeits an innings during any interval other than an interval for drinks, provided that at least 10 minutes remains of the interval, the interval shall be of the agreed duration and shall be considered to include the 10 minute interval between innings. If less than 10 minutes remains of the interval when the captain declares the innings closed, or forfeits an innings, the interval shall be extended as necessary and the next innings shall commence 10 minutes after the declaration or forfeiture is made.

11.4 Changing agreed times of intervals

If, at any time during the match,

either Playing time is lost through adverse conditions

of ground, weather or light or in exceptional circumstances,

or the players have occasion to leave the field other than at a scheduled interval,

the time of the lunch interval or of the tea interval may be changed if the two umpires and both captains so agree, providing the requirements of 11.2 and 11.5, 11.6, 11.7 and 11.8.3 are not contravened.

11.5 Changing agreed time for lunch interval

11.5.1 If an innings ends when 10 minutes or less remains before the agreed time for lunch, the interval shall be taken immediately. It shall be of the agreed duration and shall be considered to include the 10-minute interval between innings.

11.5.2 If, because of adverse conditions of ground, weather or light, or in exceptional circumstances, a stoppage occurs when 10 minutes or less remains before the agreed time for lunch, then, whether or not agreement is reached in the circumstances of 11.4, the interval shall be taken immediately. It shall be of the agreed duration. Play shall resume at the end of this interval or as soon after as conditions permit.

11.5.3 If the players have occasion to leave the field for any reason when more than 10 minutes remains before the agreed time for lunch, then, unless the umpires and captains together agree to alter it, lunch shall be taken at the agreed time.

11.6 Changing agreed time for tea interval

11.6.1 If an innings ends when 30 minutes or less remains before the agreed time for tea, the interval shall be taken immediately. It shall be of the agreed duration and shall be considered to include the 10-minute interval between innings.

11.6.2 If, when 30 minutes remains before the agreed time for tea, an interval between innings is already in progress, play shall resume at the end of the 10-minute interval, if conditions permit.

11.6.3 If, because of adverse conditions of ground, weather or light, or in exceptional circumstances, a stoppage occurs when 30 minutes or less remains before the agreed time for tea, then unless

either there is an agreement to change the time for tea, as permitted in 11.4

or the captains agree to forgo the tea interval, as permitted in 11.9

the interval shall be taken immediately. The interval shall be of the agreed duration. Play shall resume at the end of the interval or as soon after as conditions permit.

11.6.4 If a stoppage is already in progress when 30 minutes remains before the agreed time for tea, 11.4 shall apply.

11.7 Lunch or tea interval – 9 wickets down

For the lunch interval and for the tea interval if

either 9 wickets are already down when 3 minutes remains to the agreed time for the interval,

or the 9th wicket falls within this 3 minutes, or at any time up to and including the final ball of the over in progress at the agreed time for the interval,

then the provisions of Law 12.5.2 shall not apply and the interval will not be taken until the end of the over that is in progress 30 minutes after the originally agreed time for the

interval, unless the players have cause to leave the field of play or the innings is completed earlier.
For the purposes of this section of Law, the retirement of a batter is not to be considered equivalent to the fall of a wicket.

11.8 Intervals for drinks

11.8.1 If on any day the umpires determine that there shall be intervals for drinks, the option to take such drinks shall be available to either side. Each interval shall be kept as short as possible and in any case shall not exceed 5 minutes.

11.8.2 Unless, as permitted in 11.9, the captains agree to forgo it, a drinks interval shall be taken at the end of the over in progress when the agreed time is reached. If, however, a wicket falls or a batter retires within 5 minutes of the agreed time then drinks shall be taken immediately.
No other variation in the timing of drinks intervals shall be permitted except as provided for in 11.8.3.

11.8.3 If an innings ends or the players have to leave the field of play for any other reason within 30 minutes of the agreed time for a drinks interval, the umpires and captains together may rearrange the timing of drinks intervals in that session.

11.8.4 Intervals for drinks may not be taken during the last hour of the match, as defined in Law 12.6 (Last hour of match - number of overs). Subject to this limitation, the umpires shall determine the times for such intervals, if any, before the toss and on each subsequent day not later than 10 minutes before play is scheduled to start.

11.9 Agreement to forgo intervals

At any time during the match, the captains may agree to forgo the tea interval or any of the drinks intervals. The umpires shall be informed of the decision.
When play is in progress, the batters at the wicket may deputise for their captain in making an agreement to forgo a drinks interval in that session.

11.10 Scorers to be informed

The umpires shall ensure that the scorers are informed of all agreements about hours of play and intervals and of any changes made thereto as permitted under this Law.

LAW 12 START OF PLAY; CESSATION OF PLAY

12.1 Call of Play

The bowler's end umpire shall call Play before the first ball of the match and on the resumption of play after any interval or interruption.

12.2 Call of Time

The bowler's end umpire shall call Time, when the ball is dead, at the start of any interval or interruption or as required by the Laws. See also Law 20.3 (Call of Over or Time).

12.3 Removal of bails

After the call of Time, except at the start of a drinks interval, the bails shall be removed from both wickets.

12.4 Starting a new over

Another over shall always be started at any time during the match, unless an interval is to be taken in the circumstances set out in 12.5.2, if the umpire, walking at normal pace, has arrived at the position behind the stumps at the bowler's end before the time agreed for the next interval, or for the close of play, has been reached.

12.5 Completion of an over

Other than at the end of the match,

12.5.1 if the agreed time for an interval is reached during an over, the over shall be completed before the interval is taken, except as provided for in 12.5.2.

12.5.2 when less than 3 minutes remains before the time agreed for the next interval, the interval shall be taken immediately if

either a batter is dismissed or retires, other than at the end of a day's play, in which case the over shall be completed

or the players have occasion to leave the field

whether this occurs during an over or at the end of an over. Except at the end of an innings, if an over is thus interrupted it shall be completed on the resumption of play.

12.6 Last hour of match - number of overs

When one hour of Playing time of the match remains, according to the agreed hours of play, the over in progress shall be completed. The next over shall be the first of a minimum of 20 overs which must be bowled, provided that a result is not reached earlier and provided that there is no interval or interruption in play.

The bowler's end umpire shall indicate the commencement of this 20 overs to the players and to the scorers. The period of play thereafter shall be referred to as the Last hour, whatever its actual duration.

When the minimum number of overs have been bowled in the Last hour, further overs can be started only if the original time for the close of play has not been reached. See 12.7 and 12.8.

12.7 Last hour of match - interruptions of play

If there is an interruption in play during the Last hour of the match, the minimum number of overs to be bowled shall be reduced from 20 as follows.

12.7.1 The time lost for an interruption is counted from the call of Time until the time for resumption as decided by the umpires.

12.7.2 One over shall be deducted for every complete 3 minutes of time lost.

12.7.3 In the case of more than one such interruption, the minutes lost shall not be aggregated; the calculation shall be made for each interruption separately.

12.7.4 If, when one hour of Playing time remains, an interruption is already in progress

12.7.4.1 only the time lost after this moment shall be counted in the calculation.

12.7.4.2 the over in progress at the start of the interruption shall be completed on resumption and shall not count as one of the minimum number of overs to be bowled.

12.7.5 If, after the start of the Last hour, an interruption occurs during an over, the over shall be completed on resumption of play. The two part-overs shall between them count as one over of the minimum number to be bowled.

12.8 Last hour of match - intervals between innings

If an innings ends so that a new innings is to be started during the Last hour of the match, the interval starts with the end of the innings and is to end 10 minutes later.

12.8.1 If this interval is already in progress at the start of the Last hour then, to determine the number of overs to be bowled in the new innings, calculations are to be made as set out in 12.7.

12.8.2 If the innings ends after the Last hour has started, two calculations are to be made, as set out in 12.8.3 and 12.8.4. The greater of the numbers yielded by these two calculations is to be the minimum number of overs to be bowled in the new innings.

12.8.3 Calculation based on overs remaining

- At the conclusion of the innings, the number of overs that remain to be bowled, of the minimum in the Last hour, to be noted.
- If this is not a whole number it is to be rounded up to the next whole number.
- Three overs, for the interval, to be deducted from the resulting number to determine the number of overs still to be bowled.

12.8.4 Calculation based on time remaining

- At the conclusion of the innings, the time remaining until the agreed time for close of play to be noted.
- 10 minutes, for the interval, to be deducted from this time to determine the Playing time remaining.
- A calculation to be made of one over for every complete 3 minutes of the Playing time remaining, plus one more over if a further part of 3 minutes remains.

12.9 Conclusion of match

12.9.1 The match is concluded

12.9.1.1 as soon as a result as defined in Laws 16.1 to 16.4 and 16.5.1 (The result) is reached.

12.9.1.2 as soon as both

- the minimum number of overs for the Last hour are completed
- and the agreed time for close of play is reached,

unless a result is reached earlier.

12.9.1.3 in the case of an agreement under Law 13.1.2 (Number of innings), as soon as the final innings is completed as defined in Law 13.3.5 (Completed innings).

12.9.2 The match is concluded if, without a conclusion having been reached under 12.9.1, the players leave the field for adverse conditions of ground, weather or light, or in exceptional circumstances, and no further play is possible.

12.10 Completion of last over of match

The over in progress at the close of play on the final day shall be completed unless

either a result has been reached

or the players have occasion to leave the field. In this case there shall be no resumption of play except in the circumstances of Law 16.9 (Mistakes in scoring) and the match shall be at an end.

12.11 Bowler unable to complete an over during last hour of match

If, for any reason, a bowler is unable to complete an over during the Last hour, Law 17.8 (Bowler incapacitated or suspended during an over) shall apply. The separate parts of such an over shall count as one over of the minimum to be bowled.

LAW 13 INNINGS

13.1 Number of innings

13.1.1 A match shall be one or two innings for each side according to agreement reached before the match.

13.1.2 It may be agreed to limit any innings to a number of overs or to a period of time. If such an agreement is made then

13.1.2.1 in a one-innings match a similar agreement shall apply to both innings.

13.1.2.2 in a two-innings match similar agreements shall apply:
to the first innings of each side
or to the second innings of each side
or to both innings of each side.

For both one-innings and two-innings matches, the agreement must also include criteria for determining the result when neither of Laws 16.1 (A Win – two-innings match) or 16.2 (A Win – one-innings match) applies.

13.2 Alternate innings

In a two-innings match each side shall take their innings alternately except in the cases provided for in Law 14 (The follow-on) or in Law 15.2 (Forfeiture of an innings).

13.3 Completed innings

A side's innings is to be considered as completed if any of the following applies:

13.3.1 the side is all out.

13.3.2 at the fall of a wicket or the retirement of a batter, further balls remain to be bowled but no further batter is available to come in.

13.3.3 the captain declares the innings closed.

13.3.4 the captain forfeits the innings.

13.3.5 in the case of an agreement under 13.1.2,
either the prescribed number of overs has been bowled
or the prescribed time has expired
as appropriate.

13.4 The toss

The captains shall toss a coin for the choice of innings, on the field of play and in the presence of one or both of the umpires, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play. Note, however, the provisions of Law 1.3 (Captain).

13.5 Decision to be notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and

shall notify the opposing captain and the umpires of this decision. Once notified, the decision cannot be changed.

LAW 14 THE FOLLOW-ON

14.1 Lead on first innings

14.1.1 In a two-innings match of 5 days or more, the side which bats first and leads by at least 200 runs shall have the option of requiring the other side to follow their innings.

14.1.2 The same option shall be available in two-innings matches of shorter duration with the minimum leads as follows:

- 150 runs in a match of 3 or 4 days;
- 100 runs in a 2-day match;
- 75 runs in a 1-day match.

14.2 Notification

A captain shall notify the opposing captain and the umpires of their intention to enforce the follow-on. Once notified, the decision cannot be changed.

14.3 First day's play lost

If no play takes place on the first day of a match of more than one day's duration, 14.1 shall apply in accordance with the number of days remaining from the start of play. The day on which play first commences shall count as a whole day for this purpose, irrespective of the time at which play starts. Play will have taken place as soon as, after the call of Play, the first over has started. See Law 17.2 (Start of an over).

LAW 15 DECLARATION AND FORFEITURE

15.1 Time of declaration

With the exception of the final innings of the match, the captain of the side batting may declare an innings closed, when the ball is dead, at any time during the innings. A declared innings shall be considered to be a completed innings.

15.2 Forfeiture of an innings

With the exception of the final innings of the match, a captain may forfeit either of their side's innings at any time before the commencement of that innings. A forfeited innings shall be considered to be a completed innings.

15.3 Notification

A captain shall notify the opposing captain and the umpires of any decision to declare or to forfeit an innings. Once notified, the decision cannot be changed.

LAW 16 THE RESULT

16.1 A Win - two-innings match

The side which has scored a total of runs in excess of that scored in the two completed innings of the opposing side shall win the match. See Law 13.3 (Completed innings). Note also 16.6.

16.2 A Win - one-innings match

The side which has scored in its one innings a total of runs in excess of that scored by the opposing side in its one completed innings shall win the match. See Law 13.3 (Completed innings). Note also 16.6.

16.3 Umpires awarding a match

Regardless of any agreement under Law 13.1.2 (Number of innings),

16.3.1 a match shall be lost by a side which

16.3.1.1 concedes defeat.

16.3.1.2 in the opinion of the umpires refuses to play. If so, the umpires shall award the match to the other side.

16.3.2 if an umpire considers that an action by any player or players might constitute a refusal by either side to play then that umpire shall call Time, and the umpires together shall ascertain the cause of the action. If they then decide together that this action does constitute a refusal to play by one side, they shall so inform the captain of that side. If the captain persists in the action the umpires shall award the match in accordance with 16.3.1. See also Law 42.6.1 (Captain refusing to remove a player from the field).

16.3.3 if action as in 16.3.2 takes place after play has started and does not constitute a refusal to play,

- Playing time shall be counted as lost from the call of Time to the call of Play, excluding intervals (Law 11) and suspensions of play (Law 2.8).
- the time for close of play on that day shall be extended by this length of time.
- if applicable, no overs shall be deducted during the Last hour of the match solely on account of this time.

16.4 Matches in which there is an agreement under Law 13.1.2

For any match in which there is an agreement under Law 13.1.2 (Number of innings), if the result is not determined in any of the ways stated in 16.1, 16.2 or 16.3, then the result shall be as laid down in that agreement.

16.5 All other matches - A Tie or Draw

16.5.1 A Tie

The result of a match shall be a Tie when all innings have been completed and the scores are equal.

16.5.2 A Draw

The result of a match shall be a Draw when it is not determined in any of the ways stated in 16.1, 16.2, 16.3, 16.4, 16.5.1 or Law 42.6.2 (Captain refusing to remove a player from the field).

16.6 Winning hit or extras

16.6.1 As soon as a result is reached as defined in 16.1, 16.2, 16.3, 16.4 or 16.5.1, the match is at an end. Nothing that happens thereafter, except as in Law 41.17.2 (Penalty runs), shall be regarded as part of it. Note also 16.9.

16.6.2 The side batting last will have scored enough runs to win only if its total of runs is sufficient without including any runs completed by the batters before the completion of a catch, or the obstruction of a catch, from which the striker could be dismissed.

16.6.3 If a boundary is scored before the batters have completed sufficient runs to win the match, the whole of the boundary allowance shall be credited to the side's total and, in the case of a hit by the bat, to the striker's score.

16.7 Statement of result

If the side batting last wins the match without losing all its wickets, the result shall be stated as a win by the number of wickets still then to fall.

If, without having scored a total of runs in excess of the total scored by the opposing side, the innings of the side batting last has been completed, but as the result of an award of 5 Penalty runs its total of runs is then sufficient to win, the result shall be stated as a win to that side by Penalty runs.

If the side fielding last wins the match, the result shall be stated as a win by runs.

If the match is decided by one side conceding defeat or refusing to play, the result shall be stated as Match Conceded or Match Awarded, as the case may be.

16.8 Correctness of result

Any decision as to the correctness of the scores shall be the responsibility of the umpires. See Law 2.15 (Correctness of scores).

16.9 Mistakes in scoring

If, after the players and umpires have left the field in the belief that the match has been concluded, the umpires discover that a mistake in scoring has occurred which affects the result then, subject to 16.10, they shall adopt the following procedure.

16.9.1 If, when the players leave the field, the side batting last has not completed its innings and

either the number of overs to be bowled in the Last hour, or in that innings, has not been completed

or the agreed time for close of play, or for the end of the innings, has not been reached

then, unless one side concedes defeat, the umpires shall order play to resume.

Unless a result is reached sooner, play will then continue, if conditions permit, until the prescribed number of overs has been completed and either time for close of play has been reached or the allotted time for the innings has expired, as appropriate. The number of overs and time remaining shall be taken as they were at the call of Time for the supposed conclusion of the match. No account shall be taken of the time between that moment and the resumption of play.

16.9.2 If, at this call of Time, the overs have been completed and no Playing time remains, or if the side batting last has completed its innings, the umpires shall immediately inform both captains of the necessary corrections to the scores and to the result.

16.10 Result not to be changed

Once the umpires have agreed with the scorers the correctness of the scores at the conclusion of the match – see Laws 2.15 (Correctness of scores) and 3.2 (Correctness of scores) – the result cannot thereafter be changed.

LAW 17 THE OVER

17.1 Number of balls

The ball shall be bowled from each end alternately in overs of 6 valid balls.

17.2 Start of an over

An over has started when the bowler starts their run-up or, if there is no run-up, starts their action for the first delivery of that over.

17.3 Validity of balls

17.3.1 A ball shall not count as one of the 6 balls of the over unless it is delivered, even though, as in Law 38.3 (Non-striker leaving their ground early) a batter may be dismissed or some other incident occurs without the ball having been delivered.

17.3.2 A ball delivered by the bowler shall not count as one of the 6 balls of the over

17.3.2.1 if it is called dead, or is to be considered dead, before the striker has had an opportunity to play it. See Law 20.7 (Dead ball; ball counting as one of over).

17.3.2.2 if it is called dead in the circumstances of Law 20.4.2.6. Note also the special provisions of Law 20.4.2.5 (Umpire calling and signalling Dead ball).

17.3.2.3 if it is a No ball. See Law 21 (No ball).

17.3.2.4 if it is a Wide. See Law 22 (Wide ball).

17.3.2.5 when any of Laws 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker), or 41.5 (Deliberate distraction, deception or obstruction of batter) is applied.

17.3.3 Any deliveries other than those listed in 17.3.1 and 17.3.2 shall be known as valid balls. Only valid balls shall count towards the 6 balls of the over.

17.4 Call of Over

When 6 valid balls have been bowled and when the ball becomes dead, the umpire shall call Over before leaving the wicket. See also Law 20.3 (Call of Over or Time).

17.5 Umpire miscounting

17.5.1 If the umpire miscounts the number of valid balls, the over as counted by the umpire shall stand.

17.5.2 If, having miscounted, the umpire allows an over to continue after 6 valid balls have been bowled, the umpire shall subsequently call Over when the ball becomes dead after any delivery, even if that delivery is not a valid ball.

17.6 Bowler changing ends

A bowler shall be allowed to change ends as often as desired, provided they do not bowl two overs consecutively, nor bowl parts of each of two consecutive overs, in the same innings.

17.7 Finishing an over

17.7.1 Other than at the end of an innings, a bowler shall finish an over in progress unless incapacitated or suspended under any of the Laws.

17.7.2 If for any reason, other than the end of an innings, an over is left uncompleted at the start of an interval or interruption, it shall be completed on resumption of play.

17.8 Bowler incapacitated or suspended during an over

If for any reason a bowler is incapacitated while running up to deliver the first ball of an over, or is incapacitated

during an over, the umpire shall call and signal Dead ball.
If a bowler is incapacitated or suspended during an over, another bowler shall complete the over from the same end, provided that no bowler delivers two overs consecutively, nor delivers parts of each of two consecutive overs, in that innings.

LAW 18 SCORING RUNS

18.1 A run

The score shall be reckoned by runs. A run is scored

18.1.1 so often as the batters, at any time while the ball is in play, have crossed and made good their ground from end to end.

18.1.2 when a boundary is scored. See Law 19 (Boundaries).

18.1.3 when Penalty runs are awarded. See 18.6.

18.2 Runs disallowed and runs not scored

Wherever in these Laws provision is made for the scoring of runs or awarding of penalties, such runs and penalties will be subject to any provisions that may be applicable for a run to be disallowed or a run not to be scored (see Appendix A.11) or for the non-award of penalties.

When runs are disallowed, the one-run penalty for No ball or Wide shall stand and 5-run penalties shall be allowed, except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side).

18.3 Short runs

18.3.1 A run is short if a batter fails to make good their ground in turning for a further run.

18.3.2 Although a short run shortens the next one, the latter if completed shall not be regarded as short. A striker setting off for the first run from in front of the popping crease may do so also without penalty.

18.4 Unintentional short runs

Except in the circumstances of 18.5,

18.4.1 if either batter runs a short run, the umpire concerned shall, unless a boundary is scored, call and signal Short run as soon as the ball becomes dead and that run shall not be scored.

18.4.2 if, after either or both batters run short, a boundary is scored the umpire concerned shall disregard the short running and shall not call or signal Short run, unless the boundary is a result of an overthrow or wilful act of a fielder. See Law 19.8 (Overthrow or wilful act of fielder).

18.4.3 if both batters run short in one and the same run, this shall be regarded as only one short run.

18.4.4 if more than one run is short then, subject to 18.4.2 and 18.4.3, all runs called as short shall not be scored.

18.4.5 if there has been more than one short run, the umpire shall inform the scorers as to the number of runs to be recorded.

18.5 Deliberate short runs

18.5.1 If either umpire considers that one or both batters deliberately ran short at that umpire's end, the umpire concerned shall, when the ball is dead, call and signal Short run and inform the other umpire of what has occurred and apply 18.5.2.

18.5.1.1 A deliberate short run is an attempt by the batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end.

18.5.1.2 Provided the umpires believe that there was no intention by the batter concerned to deceive the umpires, it will not be considered a deliberate short run if the batters abandon an attempted run.

18.5.2 The bowler's end umpire shall

- disallow all runs to the batting side
- signal No ball or Wide to the scorers, if applicable
- repeat the Short run signal to the scorers
- award 5 Penalty runs to the fielding side
- award any other 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side)
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.
- Instruct the fielding captain to decide which of the batters at the wicket, including the incoming batter if applicable, shall face the next delivery (see 18.13).

18.5.3 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

18.6 Runs awarded for penalties

Runs shall be awarded for penalties under 18.5, and Laws 21 (No ball), 22 (Wide ball), 24.4 (Player returning without permission), 26.4 (Penalties for contravention), 27.4.2 (Illegal movement by the wicket-keeper), 28.2 (Fielding the ball), 28.3 (Protective helmets belonging to the fielding side), 28.6.3 (illegal movement by any fielder other than the wicket-keeper), 41 (Unfair play) and 42 (Players' conduct).
Note, however, the restrictions on the award of Penalty runs under 18.5, and Laws 23.3 (Leg byes not to be awarded), 25.7 (Restriction on the striker's runner), 28.3 (Protective helmets belonging to the fielding side), 34 (Hit the ball twice), 41.14 (Batter damaging the pitch) and 41.15 (Striker in protected area).

18.7 Runs scored for boundaries

Runs shall be scored for boundary allowances under Law 19 (Boundaries).

18.8 Runs scored when a batter is dismissed

When a batter is dismissed, any runs for penalties awarded to either side shall stand. No other runs shall be credited to the batting side, except as follows.

18.8.1 If a batter is dismissed Obstructing the field, the batting side shall also score any runs completed before the offence.
If, however, the obstruction or distraction prevented a catch being made, no runs other than penalties shall be scored.

18.8.2 If a batter is dismissed Run out, the batting side shall also score any runs completed before the wicket was fairly broken.

If, however, when a striker has a runner, and the striker is dismissed Run out under Law 25.6.5 (Dismissal and conduct of a batter and their runner), any runs completed by the runner and the other batter shall be disallowed.

18.9 Runs scored when the ball becomes dead other than at the fall of a wicket

When the ball becomes dead for any reason other than the fall of a wicket, or is called dead by an umpire, unless there is specific provision otherwise in the Laws, any runs for penalties awarded to either side shall be scored. Note however the provisions of Laws 23.3 (Leg byes not to be awarded) and 28.3 (Protective helmets belonging to the fielding side).

Additionally, the batting side shall be credited with,

all runs completed by the batters before the incident or call of Dead ball

and the run in progress if the batters had already crossed at the instant of the incident or call of Dead ball. Note specifically, however, the provisions of Law 41.5.8 (Deliberate distraction, deception or obstruction of batter).

18.10 Crediting of runs scored

Unless stated otherwise in any of the Laws,

18.10.1 if the ball is struck by the bat, all runs scored by the batting side shall be credited to the striker, except for the following:

- an award of 5 Penalty runs, which shall be scored as Penalty runs
- the one-run penalty for a No ball, which shall be scored as a No ball extra.

18.10.2 if the ball is not struck by the bat, runs shall be scored as Penalty runs, Byes, Leg byes, No ball extras or Wides as the case may be. If Byes or Leg byes accrue from a No ball, only the one-run penalty for No ball shall be scored as such, and the remainder as Byes or Leg byes as appropriate.

18.10.3 the bowler shall be debited with:

- all runs scored by the striker
- all runs scored as No ball extras
- all runs scored as Wides.

18.11 Batter returning to original end

18.11.1 When the striker is dismissed in any of the circumstances in 18.11.1.1 to 18.11.1.7, the not out batter shall return to their original end.

- 18.11.1.1 A dismissal in the circumstances of Law 25.6.4 or 25.6.5 (Dismissal and conduct of a batter and their runner).
- 18.11.1.2 Bowled.
- 18.11.1.3 Stumped.
- 18.11.1.4 Hit the ball twice.
- 18.11.1.5 LBW.
- 18.11.1.6 Hit wicket.
- 18.11.1.7 Caught.

18.11.2 The batters shall return to their original ends when

- 18.11.2.1 a boundary is scored, unless as a result of an overthrow or wilful act of a fielder (see Law 19.8).
- 18.11.2.2 runs are disallowed for any reason except under Law 18.5.2 (see 18.13).

18.12 Batter returning to wicket they have left

18.12.1 When a batter is dismissed in any of the ways in 18.12.1.1 to 18.12.1.2, the not out batter shall return to the wicket they have left but only if the batters had not already crossed at the instant of the incident causing the dismissal. If runs are to be disallowed, however, the not out batter shall return to their original end.

18.12.1.1 Obstructing the field, where the obstruction or distraction does not prevent the striker being out Caught.

18.12.1.2 Run out other than under Law 25.6.4 or 25.6.5 (Dismissal and conduct of a batter and their runner).

18.12.2 If, while a run is in progress, the ball becomes dead for any reason other than the dismissal of a batter, the batters shall return to the wickets they had left, but only if they had not already crossed in running when the ball became dead. If, however, any of the circumstances of 18.11.2.1 to 18.11.2.2 apply, the batters shall return to their original ends.

18.13 Batters going to an end determined by players

18.13.1 When a batter is dismissed Obstructing the field, where the obstruction prevents a catch being taken, the captain of the fielding side shall decide whether the not out batter shall return to the wicket they have left, or the other end.

18.13.2 If the ball becomes Dead under Law 18.5.2 (Deliberate short running), captain of the fielding side shall decide which batter is to face the next delivery.

18.13.3 If the ball becomes dead under Law 41.5 (Deliberate distraction, deception or obstruction of batter), the batters at the wicket decide which batter is to face the next delivery.

LAW 19 BOUNDARIES

19.1 Determining the boundary of the field of play

19.1.1 Before the toss, the umpires shall determine the boundary of the field of play, which shall be fixed for the duration of the match. See Law 2.3.1.4 (Consultation with captains).

19.1.2 The boundary shall be determined such that no part of any sightscreen will, at any stage of the match, be within the field of play.

19.2 Identifying and marking the boundary

19.2.1 Wherever practicable, the boundary shall be marked by means of a continuous white line or by an object in contact with the ground.

19.2.2 If the boundary is marked by means of a white line,

19.2.2.1 the edge of the line nearest the pitch shall be the boundary.

19.2.2.2 an object such as a flag, post or board, used merely to highlight the position of a line marked on the ground, must be placed beyond the boundary and is not itself to be regarded as being the boundary.

19.2.3 If the boundary is marked by means of an object that is in contact with the ground the boundary will be the edge of the grounded part of the object which is nearest the pitch.

19.2.4 Where there is no white line or object providing continuous marking, objects such as flags, posts or boards may be used to mark specific points on the boundary. The boundary shall be the imaginary straight line on the ground joining the two nearest marked points.

19.2.5 A boundary that cannot be identified as in 19.2.2, 19.2.3 or 19.2.4 shall be determined by the umpires before the toss.

19.2.6 An obstacle within the field of play, other than as in 19.2.7, shall not be regarded as a boundary unless so determined by the umpires before the toss. See Law 2.3.1.4 (Consultation with captains).

19.2.7 A person, animal or object coming onto the field of play while the ball is in play shall not be regarded as a boundary unless the umpires determine otherwise at the time that contact between the ball and such a person, animal or object is made. The decision shall be made for each separate occurrence. See also Law 20.4.2.12 (Umpire calling and signalling Dead ball).

19.3 Restoring the boundary

If a solid object used to mark the boundary is disturbed for any reason, then

19.3.1 the boundary shall be considered to be in its original position.

19.3.2 the object shall be returned to its original position as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.3.3 if some part of a fence or other marker has come within the field of play, that part shall be removed from the field of play as soon as is practicable; if play is taking place, this shall be as soon as the ball is dead.

19.4 Ball grounded beyond the boundary

19.4.1 The ball in play is grounded beyond the boundary if it touches

- the boundary or any part of an object used to mark the boundary
- the ground beyond the boundary
- any object that is grounded beyond the boundary.

19.4.2 The ball in play is to be regarded as being grounded beyond the boundary if

- a fielder, grounded beyond the boundary as in 19.5, touches the ball
- a fielder, after catching the ball within the boundary, becomes grounded beyond the boundary while in contact with the ball, before completing the catch.

19.5 Fielder grounded beyond the boundary

19.5.1 A fielder is grounded beyond the boundary if some part of their person is in contact with any of the following:

- the boundary or any part of an object used to mark the boundary
- the ground beyond the boundary
- any object that is in contact with the ground beyond the boundary
- another fielder who is grounded beyond the boundary, if the umpire considers that it was the intention of either fielder that the contact should assist in the fielding of the ball.

19.5.2 A fielder who is not in contact with the ground is considered to be grounded beyond the boundary if, prior to their first contact with the ball, their final contact with the ground was not entirely within the boundary. This applies to any fielder who makes contact with the ball after it has been delivered by the bowler, whether or not the ball has previously been touched by another fielder.

19.5.2.1 If a fielder's first contact with the ball does not contravene 19.5.2, that fielder may then jump from outside the boundary in order to make contact with the ball whilst airborne. After making contact with the ball once airborne, all subsequent contact with the ground by that fielder, until the ball becomes dead, must be within the field of play. Any subsequent contact with the ground outside the boundary by that fielder during that delivery, whether or not in contact with the ball, will result in a boundary being scored.

19.5.2.2 If the ball is returned to the field of play, whether to another fielder or onto the ground, by a fielder who has jumped from outside the boundary, that fielder must land, and remain, within the boundary until the ball becomes dead. Otherwise a boundary shall be scored.

19.6 Boundary allowances

19.6.1 Before the toss the umpires shall determine the runs to be allowed for boundaries with both captains. In deciding the allowances the umpires and captains shall be guided by the prevailing custom of the ground.

19.6.2 Unless determined differently under 19.6.1, 6 runs shall be allowed for a Boundary 6; and 4 runs for a Boundary 4. See also 19.7.

19.7 Runs scored from boundaries

19.7.1 A Boundary 6 will be scored if and only if the ball has been struck by the bat and is first grounded beyond the boundary without having been in contact with the ground within the field of play. This shall apply even if the ball has previously touched a fielder.

19.7.2 A Boundary 4 will be scored when a ball that is grounded beyond the boundary

- whether struck by the bat or not, was first grounded within the boundary, or
- has not been struck by the bat.

19.7.3 When a boundary is scored, the batting side, except in the circumstances of 19.8, shall be awarded whichever is the greater of

19.7.3.1 the allowance for the boundary

19.7.3.2 the runs completed by the batters together with the run in progress if they had already crossed at the instant the boundary is scored.

19.7.4 When the runs in 19.7.3.2 exceed the boundary allowance they shall replace the boundary allowance for the purposes of Law 18.12.2 (Batter returning to wicket they have left).

19.7.5 The scoring of Penalty runs by either side is not affected by the scoring of a boundary.

19.8 Overthrow or wilful act of fielder

19.8.1 Runs scored from an overthrow or wilful act of fielder.
If the boundary results from an overthrow or from the wilful act of a fielder, the runs scored shall be

any runs for penalties awarded to either side

and the allowance for the boundary

and the runs completed by the batters at the instant of the throw or wilful act of the fielder

and the run in progress, if the batters had already crossed at the instant of the throw or wilful act of the fielder.

Law 18.12.2 (Batter returning to wicket they have left) shall apply as from the instant of the throw or wilful act of the fielder.

19.8.2 Definition of an overthrow or wilful act of fielder.

19.8.2.1 A boundary results from an overthrow if, in the opinion of the umpire, in an attempt to Run out a batter or prevent further run-scoring, a fielder directs the ball towards the wickets, and the ball subsequently crosses the boundary.

19.8.2.2 It is not to be considered an overthrow if the ball crosses the boundary as a result of a fielder attempting to stop the ball,

or when fielding near the boundary, a fielder attempting to pass it a short distance to another fielder.

19.8.2.3 For the purposes of this Law only, a wilful act is any deliberate action by a fielder that is not intended to prevent runs, effect a Run out, or complete a catch.

LAW 20 DEAD BALL

20.1 Ball is dead

20.1.1 The ball becomes dead when

20.1.1.1 it is finally settled.

20.1.1.2 a boundary is scored. See Law 19.7 (Runs scored from boundaries).

20.1.1.3 a batter is dismissed. The ball will be deemed to be dead from the instant of the incident causing the dismissal.

20.1.1.4 whether played or not it becomes trapped between the bat and person of a batter or between items of that batter's clothing or equipment.

20.1.1.5 whether played or not it lodges in the clothing or equipment of a batter or the clothing of an umpire.

20.1.1.6 under either of Laws 24.4 (Player returning without permission) or 28.2 (Fielding the ball) there is an offence resulting in an award of Penalty runs. The ball shall not count as one of the over.

20.1.1.7 there is contravention of Law 28.3 (Protective helmets belonging to the fielding side).

20.1.1.8 the match is concluded in any of the ways stated in Law 12.9 (Conclusion of match).

20.1.2 The ball is finally settled once it is

in the hand or hands of any fielder

or stationary on the ground,

and the bowler's end umpire determines that it is no longer in play.

20.2 Ball finally settled

Whether the ball is finally settled or not is a matter for the umpire alone to decide.

20.3 Call of Over or Time

Neither the call of Over (see Law 17.4 - Call of over), nor the call of Time (see Law 12.2 - Call of Time) is to be made until the ball is dead, either under 20.1 or under 20.4.

20.4 Umpire calling and signalling Dead ball

20.4.1 When the ball has become dead under 20.1, the bowler's end umpire may call and signal Dead ball if it is necessary to inform the players.

20.4.2 Where either umpire is required to call and signal Dead ball under 20.4.2.1 to 20.4.2.14, the ball will be considered to be dead at the instant of the incident causing the ball to become dead. However, where the Law specifically provides for the call to be delayed, so as not to disadvantage the non-offending side, under Law 23.3 (Leg byes not to be awarded), Law 25.7 (Restriction on the striker's runner), Law 34.4 (Runs permitted from the ball lawfully struck more than once), Law 41.2.1 (Unfair actions) and Law 42.1.2 (Unacceptable conduct), the ball will be considered to be dead at the point of the call.

Either umpire shall call and signal Dead ball when

20.4.2.1 intervening in a case of unfair play.

20.4.2.2 a possibly serious injury to a player or umpire occurs.

20.4.2.3 leaving their normal position for consultation.

20.4.2.4 one or both bails fall from the striker's wicket, without intervention from any player or their equipment, before the striker has had the opportunity of playing the ball.

20.4.2.5 the striker is not ready for the delivery of the ball and, if the ball is delivered, makes no attempt to play it. Provided the umpire is satisfied that the striker had adequate reason for not being ready, the ball shall not count as one of the over.

20.4.2.6 the striker is distracted by any noise or movement or in any other way while preparing to receive, or receiving a delivery. This shall apply whether the source of the distraction is within the match or outside it. Note also 20.4.2.7. The ball shall not count as one of the over.

20.4.2.7 there is an instance of a deliberate attempt to distract under either of Laws 41.4 (Deliberate attempt to distract or obstruct striker) or 41.5 (Deliberate distraction, deception or obstruction of batter). The ball shall not count as one of the over.

20.4.2.8 the bowler drops the ball accidentally before delivery.

20.4.2.9 the bowler throws the ball towards the striker's end before entering their delivery stride

20.4.2.10 the ball is not delivered for any reason other than an attempt to run out the non-striker under Law 38.3 (Non-striker leaving their ground early).

20.4.2.11 satisfied that the ball in play cannot be recovered.

20.4.2.12 they consider that either side has been disadvantaged by a person, animal or other object within the field of play. However, if both umpires consider the ball would have reached the boundary regardless of the intervention, the boundary should stand. See Law 19.2.7 (Identifying and marking the boundary).

20.4.2.13 the striker attempts to play the ball and no part of the striker's bat or person, whether grounded or raised, remains within the pitch as defined in Law 6.1 (Area of pitch).

20.4.2.14 they are required to do so under any of the Laws not included above.

20.5 Ball ceases to be dead

The ball ceases to be dead – that is, it comes into play – when the bowler starts their run-up or, if there is no run-up, starts their bowling action.

20.6 Dead ball not to be revoked

Once the ball is dead, no revoking of any decision can bring the ball back into play for that delivery.

20.7 Dead ball; ball counting as one of over

20.7.1 When a ball which has been delivered is called dead or is to be considered dead then, other than as in 20.7.2,

20.7.1.1 it will not count in the over if the striker has not had an opportunity to play it.

20.7.1.2 unless No ball or Wide ball has been called, it will be a valid ball if the striker has had an opportunity to play it, except in the circumstances of 20.4.2.6 and Laws 24.4 (Player returning without permission), 28.2 (Fielding the ball), 41.4 (Deliberate attempt to distract or obstruct striker) and 41.5 (Deliberate distraction, deception or obstruction of batter).

20.7.2 In 20.4.2.5, the ball will not count in the over only if both conditions of not attempting to play the ball and having an adequate reason for not being ready are met. Otherwise the delivery will be a valid ball.

LAW 21 NO BALL

21.1 Mode of delivery

21.1.1 The umpire shall ascertain whether the bowler intends to bowl right-handed or left-handed, over or round the wicket, and shall so inform the striker.

It is unfair if the bowler fails to notify the umpire of a change in mode of delivery. In this case the umpire shall call and signal No ball.

21.1.2 Underarm bowling shall not be permitted except by special agreement before the match.

21.2 Fair delivery – the arm

For a delivery to be fair in respect of the arm the ball must not be thrown.

A ball is fairly delivered in respect of the arm if, once the bowler's arm has reached the level of the shoulder in the delivery swing, the elbow joint is not straightened partially or completely from that instant until the ball has left the hand. This definition shall not debar a bowler from flexing or rotating the wrist in the delivery swing.

Although it is the primary responsibility of the striker's end umpire to assess the fairness of a delivery in this respect, there is nothing in this Law to debar the bowler's end umpire from calling and signalling No ball if they consider that the ball has been thrown.

21.3 Ball thrown or delivered underarm – action by umpires

21.3.1 After the bowler has entered their delivery stride, if in the opinion of either umpire the ball has been thrown or, unless

permitted by agreement in 21.1.2, delivered underarm, that umpire shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call.
The bowler's end umpire shall then

- warn the bowler, indicating that this is a first and final warning. This warning shall apply to that bowler throughout the innings.
- inform the captain of the fielding side of the reason for this action.
- inform the batters at the wicket of what has occurred.

21.3.2 If either umpire considers that, in that innings, a further delivery by the same bowler is thrown or, unless permitted by agreement in 21.1.2, delivered underarm, that umpire shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.
The bowler's end umpire shall then

- direct the captain of the fielding side to suspend the bowler immediately from bowling. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The suspended bowler shall not bowl again in that innings.
- inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for this action.

21.3.3 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

21.4 Bowler throwing towards striker's end before delivery

If the bowler throws the ball towards the striker's end before entering the delivery stride, it is not a No ball and the procedure stated in 21.3 shall not apply. However, the umpire shall call and signal Dead ball under Law 20.4.2.9.

21.5 Fair delivery - the feet

For a delivery to be fair in respect of the feet, in the delivery stride

21.5.1 the bowler's back foot must land within and not touching the return crease on the side of their stated mode of delivery.

21.5.2 the bowler's front foot must land with some part of the foot, whether grounded or raised

- on the same side of the imaginary line joining the two middle stumps as the return crease described in 21.5.1, and
- behind the popping crease.

If the bowler's end umpire is not satisfied that all of these three conditions have been met, they shall call and signal No ball. See Law 41.8 (Bowling of deliberate front foot No ball).

21.6 Bowler breaking wicket in delivering ball

If the ball is delivered and if the non-striker is not dismissed under Law 38.3 (Non-striker leaving their ground early), either umpire shall call and signal No ball if the bowler breaks the wicket at any time after the ball comes into play and before completion of the stride after the delivery stride.

This shall include any clothing or other object that falls from the bowler's person and breaks the wicket. See Appendix A.12. Laws 20.4.2.8, 20.4.2.10 (Umpire calling and signalling Dead ball).

21.7 Ball bouncing more than once, rolling along the ground or landing off the pitch

The umpire shall call and signal No ball if a ball which they consider to have been delivered, without having previously touched bat or person of the striker,

21.7.1 bounces more than once or rolls along the ground before it reaches the popping crease

or

21.7.2 first lands or subsequently bounces wholly or partially off the pitch as defined in Law 6.1 (Area of pitch) before it reaches the line of the striker's wicket. When a non-turf pitch is being used, this will apply to any ball that wholly or partially first lands or subsequently bounces off the artificial surface.

21.8 Ball causing the striker to leave the pitch, or ball coming to rest in front of striker's wicket

If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket or is so far from the pitch that the striker would need to leave the pitch to attempt to play the ball (see Law 25.8 – Striker's right to play the ball), without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.

21.9 Fielder intercepting a delivery

If, except in the circumstances of Law 27.3 (Position of wicket-keeper), a ball delivered by the bowler makes contact with any part of a fielder's person before it either makes contact with the striker's bat or person, or it passes the striker's wicket, the umpire shall call and signal No ball and immediately call and signal Dead ball.

However, if the fielder's action is a deliberate attempt to obstruct the striker from playing the ball, Law 41.4 shall apply.

21.10 Call of No ball for infringement of other Laws

In addition to the instances above, No ball is to be called and signalled as required by the following Laws.

Law 27.3 – Position of wicket-keeper
Law 28.4 – Limitation of on side fielders
Law 28.5 – Fielders not to encroach on pitch
Law 41.6 – Bowling of dangerous and unfair short pitched deliveries
Law 41.7 – Bowling of dangerous and unfair non-pitching deliveries
Law 41.8 – Bowling of deliberate front foot No ball.

21.11 Revoking a call of No ball

21.11.1 An umpire shall revoke the call of No ball if Dead ball is called under any of Laws 20.4.2.4, 20.4.2.5, 20.4.2.8 or 20.4.2.10 (Umpire calling and signalling Dead ball), or if, for any other reason, the ball was deemed to be Dead before the bowler released the ball.

21.11.2 An umpire shall revoke the call of No ball if Dead ball is called under Law 20.4.2.6, unless the No ball is called under 21.6.

21.12 No ball to over-ride Wide

A call of No ball shall override the call of Wide ball at any time. See Laws 22.1 (Judging a Wide) and 22.2 (Call and signal of Wide ball).

21.13 Ball not dead

The ball does not become dead on the call of No ball.

21.14 Penalty for a No ball

A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batter is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

21.15 Runs resulting from a No ball - how scored

The one-run penalty shall be scored as a No ball extra and shall be debited against the bowler. If other Penalty runs have been awarded to either side these shall be scored as stated in Law 41.17 (Penalty runs). Any runs completed by the batters or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as Byes or Leg byes as appropriate.

21.16 No ball not to count

A No ball shall not count as one of the over.
See Law 17.3 (Validity of balls).

21.17 Out from a No ball

When No ball has been called, neither batter shall be out under any of the Laws except 34 (Hit the ball twice), 37 (Obstructing the field) or 38 (Run out).

LAW 22 WIDE BALL

22.1 Judging a Wide

22.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in 22.1.2, the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position.

22.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for the striker to be able to hit it with the bat by means of a normal cricket stroke.

22.1.3 The ball will be considered as passing wide of the striker if any delivery, after landing, passes over head height of the striker standing upright at the popping crease.

22.2 Call and signal of Wide ball

If the umpire adjudges a delivery to be a Wide they shall call and signal Wide ball as soon as the ball passes the striker's wicket. It shall, however, be considered to have been a Wide from the instant that the bowler entered their delivery stride, even though it cannot be called Wide until it passes the striker's wicket.

22.3 Revoking a call of Wide ball

22.3.1 The umpire shall revoke the call of Wide ball if there is any contact between the ball and the striker's bat or person before the ball comes into contact with any fielder.

22.3.2 The umpire shall revoke the call of Wide ball if a delivery is called a No ball. See Law 21.12 (No ball to override Wide).

22.4 Delivery not a Wide

22.4.1 The umpire shall not adjudge a delivery as being a Wide, if the striker, by moving,

either causes the ball to pass wide of the striker, as defined in 22.1.2

or brings the ball sufficiently within reach to be able to hit it by means of a normal cricket stroke.

22.4.2 The umpire shall not adjudge a delivery as being a Wide if the ball touches the striker's bat or person, but only as the ball passes the striker.

22.5 Ball not dead

The ball does not become dead on the call of Wide ball.

22.6 Penalty for a Wide

A penalty of one run shall be awarded instantly on the call of Wide ball. Unless the call is revoked, under 22.3, this penalty shall stand even if a batter is dismissed, and shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.

22.7 Runs resulting from a Wide - how scored

All runs completed by the batters or a boundary allowance, together with the penalty for the Wide, shall be scored as Wide balls. Apart from any award of 5 Penalty runs, all runs resulting from a Wide shall be debited against the bowler.

22.8 Wide not to count

A Wide shall not count as one of the over.
See Law 17.3 (Validity of balls).

22.9 Out from a Wide

When Wide ball has been called, neither batter shall be out under any of the Laws except 35 (Hit wicket), 37 (Obstructing the field), 38 (Run out) or 39 (Stumped).

LAW 23 BYE AND LEG BYE

23.1 Byes

If the ball, delivered by the bowler, not being a Wide, passes the striker without touching the striker's bat or person, any runs completed by the batters from that delivery, or a boundary allowance, shall be credited as Byes to the batting side. Additionally, if the delivery is a No ball, the one-run penalty for such a delivery shall be incurred.

23.2 Leg byes

23.2.1 If a ball delivered by the bowler first strikes the person of the striker, runs shall be scored only if the umpire is satisfied that the striker has

either attempted to play the ball with the bat

or tried to avoid being hit by the ball.

23.2.2 If the umpire is satisfied that either of these conditions has been met runs shall be scored as follows.

23.2.2.1 If there is

either no subsequent contact with the striker's bat or person,

or only inadvertent contact with the striker's bat or person

any runs completed by the batters or a boundary allowance shall be credited to the striker in the case of subsequent contact with the bat but otherwise to the batting side as in 23.2.3.

23.2.2.2 If the striker wilfully makes a lawful second strike, Laws 34.3 (Ball lawfully struck more than once) and 34.4 (Runs permitted from ball lawfully struck more than once) shall apply.

23.2.3 The runs in 23.2.2.1, unless credited to the striker, shall be scored as Leg byes.

Additionally, if the delivery is a No ball, the one-run penalty for the No ball shall be incurred.

23.3 Leg byes not to be awarded

If in the circumstance of 23.2.1 the umpire considers that neither of the conditions therein has been met, then Leg byes shall not be awarded.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or the completion of the first run. The umpire shall then

- disallow all runs to the batting side;
- return any not out batter to their original end;
- signal No ball to the scorers if applicable;
- award any 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side).

24.1 Substitute fielders

24.1.1 The umpires shall allow a substitute fielder

24.1.1.1 if they are satisfied that a fielder has been injured or become ill and that this occurred during the match, or

24.1.1.2 for any other wholly acceptable reason.

In all other circumstances, a substitute is not allowed.

24.1.2 A substitute shall not bowl or act as captain but may act as wicket-keeper only with the consent of the umpires. Note, however, Law 42.7.1 (Additional points relating to Level 3 and Level 4 offences).

24.1.3 A nominated player may bowl or field even though a substitute has previously acted for them, subject to 24.2, 24.3 and Law 42.4 (Level 3 offences and action by umpires).

24.2 Fielder absent or leaving the field of play

24.2.1 A player going briefly outside the boundary while carrying out any duties as a fielder is not absent from the field of play nor, for the purposes of this Law, are they to be regarded as having left the field of play. A fielder may be outside the boundary when the ball comes into play – however, all fielders shall be within the boundary at the instant the ball is delivered.

24.2.2 If a fielder fails to take the field at the start of play or at any later time, or leaves the field during play,

24.2.2.1 an umpire shall be informed of the reason for this absence.

24.2.2.2 that fielder shall not thereafter come on to the field of play during a session of play without the consent of the umpire. See 24.4. The umpire shall give such consent as soon as it is practicable.

24.2.2.3 that fielder shall not be permitted to bowl, until having been back on the field of play for a period of time known as Penalty time as described in 24.2.3 to 24.2.7 and 24.3.

24.2.3 A player's unserved Penalty time shall be limited to a maximum of 90 minutes.

24.2.4 If the player leaves the field before having served all of their Penalty time, the balance is carried forward as unserved Penalty time.

24.2.5 The player shall not bowl until all of their Penalty time has been served. On any occasion of absence, the amount of Playing time for which the player is off the field shall be added to any Penalty time that remains unserved, subject to 24.2.3.

24.2.6 If there is an unscheduled break in play, the stoppage time shall count as Penalty time served, provided that,

24.2.6.1 the fielder who was on the field of play at the start of the break either takes the field on the resumption of play, or their side is now batting.

24.2.6.2 the fielder who was already off the field at the start of the break notifies an umpire in person as soon as they are able to participate, and either takes the field on the resumption of play, or their side is now batting. Stoppage time before an umpire has been so notified shall not count towards unserved Penalty time.

24.2.7 Any unserved Penalty time shall be carried forward into the next and subsequent days and innings of the match, as applicable.

24.2.8 If a Level 3 offence under Law 42.4 (Level 3 offences and action by umpires) is committed by a fielder, the period of time spent off the field of play as a result of the suspension shall not be added to any unserved Penalty time if the fielder takes the field at the end of the period of suspension. Any time off the field for an unscheduled break in play shall not count as Penalty time served, unless the player had served the whole of their suspension at the start of that unscheduled break and returns to the field immediately on the resumption of play, or their side is now batting.

24.2.9 If a Level 3 offence under Law 42.4 (Level 3 offences and action by umpires) is committed by a substitute, the following shall apply.

24.2.9.1 The period of time spent off the field as a result of the suspension shall not be added to any Penalty time that remains unserved if the nominated player takes the field at the end of the period of suspension. However, any time spent off the field prior to the offence causing the suspension will remain as unserved Penalty time, subject to 24.2.3.

24.2.9.2 If the nominated player does not take the field at the end of the period of suspension, then the entire period of their absence will be treated as Penalty time, up to a maximum of 90 minutes.

24.3 Penalty time not incurred

A nominated player's absence will not incur Penalty time if,

24.3.1 the player has suffered an external blow during the match and, as a result, has justifiably left the field or is unable to take the field.

24.3.2 in the opinion of the umpires, the player has been absent or has left the field for other wholly acceptable reasons, which shall not include illness or internal injury.

24.4 Player returning without permission

If a player comes on to the field of play in contravention of 24.2.2 and comes into contact with the ball while it is in play, the ball shall immediately become dead.

- The umpires shall signal No ball or Wide to the scorers, if applicable.
- The umpire shall award 5 Penalty runs to the batting side.
- Runs completed by the batters shall be scored together with the run in progress if they had already crossed at the instant of the offence.
- The ball shall not count as one of the over.
- The umpire shall inform the other umpire, the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for this action.
- The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

LAW 25 BATTER'S INNINGS; RUNNERS

25.1 Eligibility to act as a batter or runner

Only a nominated player may bat or act as a runner and, subject to 25.3 and 25.5.2, may do so even though a substitute fielder has previously acted for that player.

25.2 Commencement of a batter's innings

The innings of the first two batters, and that of any new batter on the resumption of play after a call of Time, shall commence at the call of Play. At any other time, a batter's innings shall be considered to have commenced when that batter first steps onto the field of play.

25.3 Restriction on batter commencing an innings

25.3.1 If a member of the batting side has unserved Penalty time, see Law 24.2.7 (Fielder absent or leaving the field of play), that player shall not be permitted to bat or act as a runner until that Penalty time has been served. However, even if the unserved Penalty time has not expired, that player may bat after their side has lost 5 wickets.

25.3.2 A member of the batting side's Penalty time is served during Playing time, subject to the conditions in 25.3.2.1 and 25.3.2.2.

25.3.2.1 The period of time while serving a suspension for a Level 3 offence under Law 42.4 (Level 3 offences and action by umpires) does not count as Penalty time served.

25.3.2.2 In the event of an unscheduled stoppage, the stoppage time after the batter notifies an umpire in person that they are able to participate shall count as Penalty time served.

25.3.3 If any unserved Penalty time remains at the end of a team's innings, it shall be carried forward to the next and subsequent innings of the match if appropriate.

25.4 Batter retiring

25.4.1 A batter may retire at any time during their innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batter retiring.

25.4.2 If a batter retires because of illness, injury or any other unavoidable cause, that batter is entitled to resume their innings. If for any reason this does not happen, that batter is to be recorded as 'Retired - not out'.

25.4.3 If a batter retires for any reason other than as in 25.4.2, the innings of that batter may be resumed only with the consent of the opposing captain. If for any reason their innings is not resumed, that batter is to be recorded as 'Retired - out'.

25.4.4 If after retiring a batter resumes their innings, subject to the requirements of 25.4.2 and 25.4.3, it shall be only at the fall of a wicket or the retirement of another batter.

25.5 Runners

25.5.1 The umpires shall allow a runner for a batter if they are satisfied

25.5.1.1 that the batter has sustained an injury that affects that batter's ability to run and that this occurred during the match.

25.5.1.2 for any other wholly acceptable reason.

In all other circumstances, a runner is not allowed.

25.5.2 A runner shall

25.5.2.1 be a member of the batting side.

25.5.2.2 if possible, have already completed their innings; when this is not possible, if circumstances change such that a dismissed batter can act as runner, then the runner must be changed immediately.

25.5.2.3 be changed only with the consent of the umpires.

25.5.2.4 wear external protective equipment equivalent to that worn by the injured batter and shall carry a bat.

25.5.2.5 not have any unserved Penalty time as described in Law 24.2.7 (Fielder absent or leaving the field of play).

25.5.3 A batter's runner is subject to the Laws and will be regarded as a batter except where there are special provisions for the role of a runner. See Law 30.2 (Which is a batter's ground).

25.6 Dismissal and conduct of a batter and their runner

25.6.1 A batter who has a runner will suffer the penalty for any infringement of the Laws by the runner as if the batter themself had been responsible for the infringement. In particular, the batter will be out if the runner is out under either of Laws 37 (Obstructing the field) or 38 (Run out).

25.6.2 When a batter who has a runner is the striker they remain subject to the Laws and will be liable to the penalties that any infringement of them demands. In the case of Run out and Stumped, however, special provisions, set out in 25.6.3, 25.6.4 and 25.6.5, apply to them as a striker who has a runner.

25.6.3 When a batter who has a runner is the striker, that batter's ground is always at the wicket-keeper's end.

25.6.4 If the striker who has a runner is in their ground, and the runner is out of their ground at the wicket-keeper's end when the wicket is fairly broken at that end, the conditions of Law 38 (Run out) shall apply.

25.6.5 If the striker who has a runner is out of their ground and the wicket at the wicket-keeper's end is fairly broken, the striker is liable to be out under Laws 38 (Run out) or 39 (Stumped), unless a result has already been reached under Law 16.6. If the runner is also out of their ground at the wicket-keeper's end, then only Law 38 (Run out) can apply.

25.6.6 If a striker who has a runner is dismissed as in 25.6.5, the umpire shall

- disallow all runs to the batting side
- return any not out batter to their original end
- signal No ball or Wide to the scorers if applicable
- award any 5-run Penalty that is applicable.

25.6.7 When a batter who has a runner is not the striker, the batter

25.6.7.1 remains subject to Law 37 (Obstructing the field) but is otherwise out of the match.

25.6.7.2 shall stand where directed by the striker's end umpire so as not to interfere with play.

25.6.7.3 will be liable, even though out of the match as in 25.6.7.1, to any penalty demanded by the Laws should the batter commit any act of unfair play.

25.7 Restriction on the striker's runner

25.7.1 Once the ball comes into play, the runner for an injured batter who is the striker shall have part of their person or bat grounded behind the popping crease until the ball reaches the striker or passes the popping crease, whichever is the sooner.

25.7.2 If the striker's end umpire considers the runner for an injured striker to be in breach of this restriction then runs may not be scored.

If the ball does not become dead for any other reason, the striker's end umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or the completion of the first run. However, the striker's end umpire shall further delay the call of Dead ball to allow the opportunity for a catch to be completed.

The bowler's end umpire shall then:

- disallow all runs to the batting side
- return any not out batter to their original end
- signal No ball or Wide if applicable
- award any 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side).

25.8 Striker's right to play the ball

The striker has a right to play the ball, or to make a legitimate second strike, after it has been delivered, without interference from the wicket-keeper or any other fielder. See Law 27.5 (Restrictions on actions of wicket-keeper) and Law 27.6 (Interference with wicket-keeper by striker). However, the striker may only attempt to play the ball if some of their bat or person, whether grounded or raised, remains within the pitch, as defined in Law 6.1 (Area of pitch). Should no part of the striker's bat or person remain within the pitch, from the moment the ball comes into play until the striker has finished receiving the delivery, either umpire shall immediately call and signal Dead ball.

26.1 Practice on the pitch or the rest of the square

26.1.1 There shall not be any practice on the pitch at any time on any day of the match.

26.1.2 There shall not be any practice on the rest of the square at any time on any day of the match, except with the approval of the umpires.

26.2 Practice on the outfield

26.2.1 On any day of the match, all forms of practice are permitted on the outfield

- before the start of play,
- after the close of play and
- during the lunch and tea intervals or between innings,

providing the umpires are satisfied that such practice will not cause significant deterioration in the condition of the outfield.

26.2.2 Between the call of Play and the call of Time, practice shall be permitted on the outfield, providing that all of the following conditions are met:

- only the fielders as defined in Appendix A.7 participate in such practice.
- no ball other than the match ball is used for this practice.
- no bowling practice takes place in the area between the square and the boundary in a direction parallel to the match pitch.
- the umpires are satisfied that it will not contravene either of Laws 41.3 (The match ball - changing its condition) or 41.9 (Time wasting by the fielding side). If there is such a contravention, the sanctions in Law 41 shall be applied. However, any warning given shall apply to further instances under both Law 26 and Law 41 (Unfair play).

26.3 Trial run-up

A bowler is permitted to have a trial run-up provided the umpire is satisfied that it will not contravene either of Laws 41.9 (Time wasting by the fielding side) or 41.12 (Fielder damaging the pitch).

26.4 Penalties for contravention

All forms of practice are subject to the provisions of Laws 41.3 (The match ball - changing its condition), 41.9 (Time wasting by the fielding side) and 41.12 (Fielder damaging the pitch).

26.4.1 If there is a contravention of any of the provisions of 26.1 or 26.2, the umpire shall

- warn the player that the practice is not permitted;
- inform the other umpire and, as soon as practicable, both captains of the reason for this action.

26.4.1.1 If the contravention is by a batter at the wicket, the umpire shall inform the other batter and each incoming batter that the warning has been issued.

The warning shall apply to the team of that player throughout the match.

26.4.2 If during the match there is any further contravention by any player of that team, the umpire shall

- award 5 Penalty runs to the opposing side;
- inform the other umpire, the scorers and, as soon as practicable, both captains, and, if the contravention is during play, the batters at the wicket.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

LAW 27 THE WICKET-KEEPER

27.1 Protective equipment

The wicket-keeper is the only fielder permitted to wear gloves and external leg guards. If these are worn, they are to be regarded as part of the wicket-keeper's person for the purposes of Law 28.2 (Fielding the ball). If by the wicket-keeper's actions and positioning when the ball comes into play it is apparent to the umpires that they will not be able to carry out the normal duties of a wicket-keeper, they shall forfeit this right and also the right to be recognised as a wicket-keeper for the purposes of Laws 33.2 (A fair catch), 39 (Stumped), 28.1 (Protective equipment), 28.4 (Limitation of on-side fielders) and 28.5 (Fielders not to encroach on pitch).

27.2 Gloves

27.2.1 If, as permitted under 27.1, the wicket-keeper wears gloves, they shall have no webbing between the fingers except joining index finger and thumb, where webbing may be inserted as a means of support.

27.2.2 If used, the webbing shall be a single piece of non-stretch material which, although it may have facing material attached, shall have no reinforcements or tucks.

27.2.3 The top edge of the webbing shall not protrude beyond the straight line joining the top of the index finger to the top of the thumb and shall be taut when a hand wearing the glove has the thumb fully extended. See Appendix E.

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the instant of the bowler's delivery until a ball delivered by the bowler
touches the bat or person of the striker
or passes the wicket at the striker's end
or the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this Law, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

27.4 Movement by wicket-keeper

27.4.1 After the ball comes into play and before it reaches the striker, it is unfair if the wicket-keeper significantly alters their position in relation to the striker's wicket, except for the following:

27.4.1.1 movement of a few paces forward unless in so doing it brings the wicket-keeper within reach of the wicket.

27.4.1.2 lateral movement in response to the direction in which the ball has been delivered.

27.4.1.3 movement in response to the stroke that the striker is playing or that the striker's actions suggest they intend to play. However the provisions of Law 27.3 shall apply.

27.4.2 In the event of unfair movement by the wicket-keeper, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

27.4.2.1 award the one-run penalty for Wide or No ball, if applicable

27.4.2.2 award 5 Penalty runs to the batting side

27.4.2.3 inform the captain of the fielding side of the reason for this action.

27.4.2.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

27.5 Restriction on actions of wicket-keeper

If, in the opinion of either umpire, the wicket-keeper interferes with the striker's right to play the ball, Law 20.4.2.6 (Umpire calling and signalling Dead ball) shall apply. However, if the wicket-keeper, or any other fielder, interferes with a legal second strike, either umpire shall call and signal Dead ball and the striker will not be dismissed, but the ball shall count as one for the over.

If, however, either umpire considers that the interference by the wicket-keeper was wilful, then Law 41.4 (Deliberate attempt to distract or obstruct striker) shall also apply.

27.6 Interference with wicket-keeper by striker

If, in playing at the ball or in the legitimate defence of their wicket, the striker interferes with the wicket-keeper, the striker shall not be out except as provided for in Law 37.3 (Obstructing a ball from being caught).

LAW 28 THE FIELDER

28.1 Protective equipment

No fielder other than the wicket-keeper shall be permitted to wear gloves or external leg guards. In addition, protection for the hand or fingers may be worn only with the consent of the umpires.

28.2 Fielding the ball

28.2.1 A fielder may field the ball with any part of their person (see Appendix A.12), except as in 28.2.1.2. However, the fielder will be deemed to have fielded the ball illegally if, while the ball is in play

28.2.1.1 they wilfully use anything other than part of their person to field the ball.

28.2.1.2 they wilfully extend their clothing with their hands and use this to field the ball.

28.2.1.3 any piece of clothing, equipment or any other object, which had been deliberately discarded, subsequently makes contact with the ball.

28.2.2 It is not illegal fielding if the ball in play makes contact with a piece of clothing, equipment or any other object which has accidentally fallen from the fielder's person or been dropped by an umpire.

28.2.3 If a fielder illegally fields the ball, the ball shall immediately become dead and

- the penalty for a No ball or a Wide shall stand.
- any runs completed by the batters shall be credited to the batting side, together with the run in progress if the batters had already crossed at the instant of the offence.
- the ball shall not count as one of the over.

In addition the umpire shall

- award 5 Penalty runs to the batting side.
- inform the other umpire and the captain of the fielding side of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

28.3 Protective helmets belonging to the fielding side

28.3.1 Protective helmets, when not in use by fielders, may not be placed on the ground, above the surface except behind the wicket-keeper and in line with both sets of stumps.

28.3.2 If the ball while in play strikes the protective helmet, placed as described in 28.3.1, the ball shall immediately become dead and, unless 28.3.3 applies:

- the umpire shall signal No ball or Wide to the scorers, if applicable
- the umpire shall award 5 Penalty runs to the batting side
- any runs completed by the batters before the ball strikes the protective helmet shall be scored, together with the run in progress if the batters had already crossed at the instant of the ball striking the protective helmet.

28.3.3 If the ball while in play strikes a helmet, placed as described in 28.3.1 and the circumstances of Law 23.3 (Leg byes not to be awarded), 25.7 (Restriction on the striker's runner) or Law 34 (Hit the ball twice) apply, the umpire shall

- disallow all runs to the batting side
- return any not out batter to their original end
- signal No ball or Wide ball to the scorers if applicable
- award any 5-run Penalty that is applicable except for Penalty runs under 28.3.2.

28.4 Limitation of on side fielders

At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of that fielder's person whether grounded or in the air is in front of this line.

In the event of infringement of this Law by any fielder, the striker's end umpire shall call and signal No ball.

28.5 Fielders not to encroach on pitch

While the ball is in play and until the ball has made contact with the striker's bat or person, or has passed the striker's bat, no fielder, other than the bowler, may have any part of their person grounded on or extended over the pitch.

In the event of infringement of this Law by any fielder other

than the wicket-keeper, the bowler's end umpire shall call and signal No ball as soon as possible after delivery of the ball. Note, however, Law 27.3 (Position of wicket-keeper).

28.6 Movement by any fielder other than the wicket-keeper

28.6.1 Any movement by any fielder, excluding the wicket-keeper, after the ball comes into play and before the ball reaches the striker, is unfair except for the following:

28.6.1.1 minor adjustments to stance or position in relation to the striker's wicket.

28.6.1.2 movement by any fielder, other than a close fielder, towards the striker or the striker's wicket that does not significantly alter the position of the fielder.

28.6.1.3 movement by any fielder in response to the stroke that the striker is playing or that the striker's actions suggest they intend to play.

28.6.2 In all circumstances Law 28.4 (Limitation of on side fielders) shall apply.

28.6.3 In the event of such unfair movement, either umpire shall call and signal Dead ball and inform the other umpire of the reason for doing so. The bowler's end umpire shall then:

28.6.3.1 award the one-run penalty for Wide or No ball, if applicable

28.6.3.2 award 5 Penalty runs to the batting side

28.6.3.3 inform the captain of the fielding side of the reason for this action

28.6.3.4 inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

28.6.4 Note also the provisions of Law 41.4 (Deliberate attempt to distract or obstruct striker). See also Law 27.4 (Movement by wicket-keeper).

LAW 29 THE WICKET IS BROKEN

29.1 The wicket is broken

The wicket is broken when at least one bail is completely removed from the top of the stumps, or one or more stumps is removed from the ground.

29.2 Breaking the wicket fairly

29.2.1 The wicket is broken fairly if a bail is completely removed from the top of the stumps, or a stump is struck out of the ground,

29.2.1.1 by the ball,

29.2.1.2 by the striker's bat if held or by any part of the bat that they are holding,

29.2.1.3 for the purpose of this Law only, by the striker's bat not in hand, or by any part of the bat which has become detached,

29.2.1.4 by the striker's person or by any part of their clothing or equipment becoming detached from their person. However, any detached equipment shall not include the striker's protective helmet, or any part thereof, as defined in Appendix A.2.3,

29.2.1.5 by a fielder with their hand or arm, providing that the ball is held in the hand or hands so used, or in the hand of the arm so used.

29.2.1.6 The wicket is also broken fairly if a fielder strikes or pulls a stump out of the ground as in 29.2.1.5.

29.2.2 The disturbance of a bail, whether temporary or not, shall not constitute its complete removal from the top of the stumps, but if a bail in falling lodges between two of the stumps this shall be regarded as complete removal.

29.3 One bail off

If one bail is off, it shall be sufficient for the purpose of breaking the wicket to remove the remaining bail or to strike or pull any of the three stumps out of the ground, in any of the ways stated in 29.2.

29.4 Remaking wicket

If a wicket is broken while the ball is in play, it shall not be remade by an umpire until the ball is dead. See Law 20 (Dead ball). Any fielder may, however, while the ball is in play,

- replace a bail or bails on top of the stumps.
- put back one or more stumps into the ground where the wicket originally stood.

29.5 Dispensing with bails

If the umpires have agreed to dispense with bails in accordance with Law 8.5 (Dispensing with bails), it is for the umpire concerned to decide whether or not the wicket has been broken.

29.5.1 After a decision to play without bails, the wicket has been broken fairly if the umpire concerned is satisfied that the wicket has been struck by the ball, by the striker's bat, person or items of the striker's clothing or equipment as described in 29.2.1.2, 29.2.1.3 or 29.2.1.4, or by a fielder in the manner described in 29.2.1.5.

29.5.2 If the wicket has already been broken, 29.5.1 shall apply to any stump or stumps still in the ground. Any fielder may replace a stump or stumps, in accordance with 29.4, in order to have an opportunity of breaking the wicket fairly.

LAW 30 BATTER OUT OF THEIR GROUND

30.1 When out of their ground

30.1.1 A batter shall be considered to be out of their ground unless some part of that batter's person or bat is grounded behind the popping crease at that end.

30.1.2 However, a batter shall not be considered to be out of their ground if, in running or diving towards that ground and beyond, and having grounded some part of their person or bat beyond the popping crease, there is subsequent loss of contact between the ground and any part of that batter's person or bat, or between the bat and person.

30.2 Which is a batter's ground

30.2.1 If only one batter is within a ground, it is their ground and will remain so even if that batter is later joined there by the other batter.

30.2.2 If both batters are in the same ground and one of them subsequently leaves it, the ground belongs to the batter who remains in it.

30.2.3 If there is no batter in either ground, then each ground belongs to whichever batter is nearer to it, or, if the batters are level, to whichever batter was nearer to it immediately prior to their drawing level.

30.2.4 If a ground belongs to one batter then, unless there is a striker who has a runner, the other ground belongs to the other batter, irrespective of the other batter's position.

30.2.5 When a batter who has a runner is striker, that batter's ground is always at the wicket-keeper's end. However, 30.2.1, 30.2.2, 30.2.3 and 30.2.4 will still apply, but only to the runner and the non-striker, so that that ground will also belong to either the non-striker or the runner, as the case may be.

30.3 Position of non-striker

The non-striker, when standing at the bowler's end, should be positioned on the opposite side of the wicket to that from which the ball is being delivered, unless a request to do otherwise is granted by the umpire.

LAW 31 APPEALS

31.1 Umpire not to give batter out without an appeal

Neither umpire shall give a batter out, even though that batter may be out under the Laws, unless appealed to by a fielder. This shall not debar a batter who is out under any of the Laws from leaving the wicket without an appeal having been made. Note, however, the provisions of 31.7.

31.2 Batter dismissed

A batter is dismissed if they are

either given out by an umpire, on appeal

or out under any of the Laws and leaves the wicket as in 31.1.

31.3 Timing of appeals

For an appeal to be valid, it must be made before the bowler begins their run up to deliver the next ball, or, if the bowler has no run up, the bowler begins their action to deliver the next ball, and before Time has been called.

The call of Over does not invalidate an appeal made prior to the start of the following over, provided Time has not been called. See Laws 12.2 (Call of Time) and 17.2 (Start of an over).

31.4 Appeal "How's That?"

An appeal "How's That?" covers all ways of being out.

31.5 Answering appeals

The striker's end umpire shall answer all appeals arising out of any of Laws 35 (Hit wicket), 39 (Stumped) or 38 (Run out) when this occurs at the wicket-keeper's end. The bowler's end umpire shall answer all other appeals.

When an appeal is made, each umpire shall answer on any matter that falls within that umpire's jurisdiction.

When a batter has been given Not out, either umpire may answer an appeal, made in accordance with 31.3, if it is on a further matter and is within the jurisdiction of that umpire.

31.6 Consultation by umpires

Each umpire shall answer appeals on matters within their own jurisdiction. If an umpire is doubtful about any point that the other umpire may have been in a better position to see, they shall consult the latter on this point of fact and shall then give the decision. If, after consultation, there is still doubt remaining, the decision shall be Not out.

31.7 Batter leaving the wicket under a misapprehension

Either umpire shall call and signal Dead ball if satisfied that a batter, not having been given out, has left the wicket under a reasonable misapprehension of being out. The umpire shall recall the batter.

A batter may be recalled at any time up to the instant when the ball comes into play for the next delivery, unless it is the final wicket of the innings, in which case it should be up to the instant when the umpires leave the field.

31.8 Withdrawal of an appeal

The captain of the fielding side may withdraw an appeal only after obtaining the consent of the umpire within whose jurisdiction the appeal falls. If such consent is given, the umpire concerned shall, if applicable, revoke the decision and recall the batter.

The withdrawal of an appeal must be before the instant when the ball comes into play for the next delivery or, if the innings has been completed, the instant when the umpires leave the field.

LAW 32 BOWLED

32.1 Out Bowled

32.1.1 The striker is out Bowled if their wicket is broken by a ball delivered by the bowler, not being a No ball, even if it first touches the striker's bat or person.

32.1.2 However, the striker shall not be out Bowled if before striking the wicket the ball has been in contact with any other player, the wicket at the non-striker's end, or an umpire. The striker will, however, be subject to Laws 37 (Obstructing the field), 38 (Run out) and 39 (Stumped).

32.2 Bowled to take precedence

The striker is out Bowled if their wicket is broken as in 32.1, even though a decision against either batter for any other method of dismissal would be justified.

LAW 33 CAUGHT

33.1 Out Caught

The striker is out Caught if a ball delivered by the bowler, not being a No ball, touches the striker's bat without having previously been in contact with any fielder, and is subsequently held by a fielder as a fair catch, as described in 33.2 and 33.3, before it touches the ground.

33.2 A fair catch

33.2.1 A catch will be fair only if, in every case

either the ball, at any time

or any fielder in contact with the ball,

is not grounded beyond the boundary before the catch is completed. Note Laws 19.4 (Ball grounded beyond the boundary) and 19.5 (Fielder grounded beyond the boundary).

33.2.2 Furthermore, a catch will be fair if any of the following conditions applies:

33.2.2.1 the ball is held in the hand or hands of a fielder, even if the hand holding the ball is touching the ground, or is hugged to the body, or lodges in the external protective equipment worn by a fielder, or lodges accidentally in a fielder's clothing.

33.2.2.2 a fielder catches the ball after it has been lawfully struck more than once by the striker, but only if it has not been grounded since it was first struck. For the purposes of this Law, a strike is defined as any contact between the ball and the bat or person, provided at least one such strike is on the bat. See Law 34 (Hit the ball twice).

33.2.2.3 a fielder catches the ball after it has touched the wicket, an umpire, another fielder, a runner or the other batter.

33.2.2.4 a fielder catches the ball after it has crossed the boundary in the air, provided that the conditions in 33.2.1 are met.

33.2.2.5 the ball is caught off an obstruction within the boundary that is not designated a boundary by the umpires.

33.3 Making a catch

The act of making a catch shall start from the time when the ball first comes into contact with a fielder's person and shall end when a fielder obtains complete control over both the ball and their own movement.

33.4 No runs to be scored

If the striker is dismissed Caught, runs from that delivery completed by the batters before the completion of the catch shall not be scored but any runs for penalties awarded to either side shall stand. The non-striker shall return to their original end. See Law 18.11 (Batter returning to original end).

33.5 Caught to take precedence

If the criteria of 33.1 are met and the striker is not out Bowled, then the striker is out Caught, even though a decision against either batter for another method of dismissal would be justified.

LAW 34 HIT THE BALL TWICE

34.1 Out Hit the ball twice

34.1.1 The striker is out Hit the ball twice if, while the ball is in play, it strikes any part of the striker's person or is struck by their bat and, before the ball has been touched by a fielder, the striker wilfully strikes it again with their bat or person, other than a hand not holding the bat, except for the sole purpose of guarding their wicket. See 34.3 and Law 37 (Obstructing the field).

34.1.2 For the purpose of this Law 'struck' or 'strike' shall include contact with the person of the striker.

34.1.3 This Law will apply whether or not No ball is called.

34.2 Not out Hit the ball twice

The striker will not be out under this Law if

34.2.1 **the striker** strikes the ball a second or subsequent time in order to return the ball to any fielder. Note, however, the provisions of Law 37.4 (Returning the ball to a fielder).

34.2.2 **the striker** wilfully strikes the ball after it has touched a fielder. Note, however the provisions of Law 37.1 (Out Obstructing the field).

34.3 Ball lawfully struck more than once

The striker may, solely in order to guard their wicket and before the ball has been touched by a fielder, lawfully strike the ball a second or subsequent time with the bat, or with any part of their person other than a hand not holding the bat.

The striker may guard their wicket even if the delivery is a No ball.

However, the striker may not prevent the ball from being caught by striking the ball more than once in defence of their wicket. See Law 37.3 (Obstructing a ball from being caught).

If any fielder interferes with a legal second strike, either umpire shall call and signal Dead ball and the striker will not be dismissed, but the ball shall count as one for the over.

34.4 Runs permitted from ball lawfully struck more than once

When the ball is lawfully struck more than once, as permitted in 34.3, runs may not be scored.

If the ball does not become dead for any other reason, the umpire shall delay the call and signal of Dead ball until the ball reaches the boundary or the completion of the first run.

However, the umpire shall further delay the call of Dead ball to allow the opportunity for a catch to be completed.

The umpire shall

- disallow all runs to the batting side
- return any not out batter to their original end
- signal No ball to the scorers if applicable.
- award any 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side).

34.5 Bowler does not get credit

The bowler does not get credit for the wicket.

LAW 35 HIT WICKET

35.1 Out Hit wicket

35.1.1 The striker is out Hit wicket if, after the bowler has entered the delivery stride and while the ball is in play, the striker's wicket is broken by either the striker's bat or person as described in Laws 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) in any of the following circumstances:

35.1.1.1 in the course of any action taken by the striker in preparing to receive or in receiving a delivery,

35.1.1.2 as a result of any movement that is an attempt to recover their balance after receiving a delivery,

35.1.1.3 in setting off for the first run immediately after playing or playing at the ball,

35.1.1.4 if no attempt is made to play the ball, in setting off for the first run, providing that in the opinion of the umpire this is immediately after the striker has had the opportunity of playing the ball,

35.1.1.5 in lawfully making a second or further stroke for the purpose of guarding their wicket within the provisions of Law 34.3 (Ball lawfully struck more than once).

35.1.2 If the striker breaks their wicket in any of the ways described in Laws 29.2.1.2 to 29.2.1.4 (Breaking the wicket fairly) before the bowler has entered the delivery stride, either umpire shall call and signal Dead ball.

35.2 Not out Hit wicket

The striker is not out under this Law should their wicket be broken in any of the ways referred to in 35.1 if any of the following applies:

- it occurs after the striker has completed any action in receiving the delivery, other than in 35.1.1.2 to 35.1.1.4.
- the wicket is broken by a part of the striker's detached equipment or bat not held in the hand, which has come into contact with any other person before breaking the wicket.
- The wicket is broken by the striker's person, or bat held in the hand, as a direct consequence of contact with a member of the fielding side.
- it occurs when the striker is in the act of running, other than setting off immediately for the first run.
- it occurs when the striker is trying to avoid being Run out or Stumped.
- it occurs when the striker is trying to avoid a throw in at any time.

- the bowler after entering the delivery stride does not deliver the ball. In this case either umpire shall immediately call and signal Dead ball. See Law 20.4 (Umpire calling and signalling Dead ball).
- the delivery is a No ball.

35.3 Runs scored

No runs shall be scored when the striker is dismissed Hit wicket other than the one-run penalty for a Wide and any award of 5 Penalty Runs.

LAW 36 LEG BEFORE WICKET

36.1 Out LBW

The striker is out LBW if all the circumstances set out in 36.1.1 to 36.1.5 apply.

36.1.1 The bowler delivers a ball, not being a No ball

36.1.2 the ball, if it is not intercepted without landing, first lands in line between wicket and wicket or on the off side of the striker's wicket

36.1.3 the ball not having previously touched the bat, the striker intercepts the ball, either with or without landing, with any part of their person

36.1.4 the point of impact, even if above the level of the bails,

either is between wicket and wicket

or if the striker has made no genuine attempt to play the ball with the bat, is between wicket and wicket or outside the line of the off stump.

36.1.5 but for the interception, the ball would have hit the wicket.

36.2 Interception of the ball

36.2.1 In assessing points in 36.1.3, 36.1.4 and 36.1.5, only the first interception is to be considered.

36.2.2 In assessing point 36.1.3, if the ball makes contact with the striker's person and bat simultaneously, this shall be considered as the ball having first touched the bat.

36.2.3 In assessing point 36.1.5, it is to be assumed that the path of the ball before interception would have continued after interception, irrespective of whether the ball might have landed subsequently or not.

36.3 Off side of wicket

The off side of the striker's wicket shall be determined by the striker's batting position at the moment the ball comes into play for that delivery. See Appendix A.13.

LAW 37 OBSTRUCTING THE FIELD

37.1 Out Obstructing the field

37.1.1 Either batter is out Obstructing the field if, except in the circumstances of 37.2, and while the ball is in play, that batter wilfully attempts to obstruct or distract the fielding side by word or action. See also Law 34 (Hit the ball twice).

37.1.2 The striker is out Obstructing the field if, except in the circumstances of 37.2, in the act of receiving a ball delivered by the bowler, the striker wilfully strikes the ball with a hand not holding the bat. This will apply whether it is the first strike or a second or subsequent strike. The act of receiving the ball shall extend both to playing at the ball and to striking the ball more than once in defence of their wicket.

37.1.3 The striker is out Obstructing the field if, while receiving the ball, they deliberately drop or throw the bat in an attempt to either impact the ball or prevent any dismissal except Hit wicket.

37.1.4 This Law will apply whether or not No ball is called.

37.2 Not out Obstructing the field

A batter shall not be out Obstructing the field if

obstruction or distraction is accidental,

or obstruction is in order to avoid injury,

or the striker, makes a second or subsequent strike to guard their wicket lawfully as in Law 34.3 (Ball lawfully struck more than once). However, see 37.3.

37.3 Obstructing a ball from being caught

37.3.1 If the delivery is not a No ball, the striker is out Obstructing the field if wilful obstruction or distraction by either batter prevents the striker being out Caught.

37.3.2 37.3.1 shall apply even if an obstruction is caused by the striker in lawfully guarding their wicket under the provision of Law 34.3 (Ball lawfully struck more than once).

37.3.3 If an obstruction or distraction takes place from a No ball then the batter who caused the obstruction or distraction will be out Obstructing the field.

However, the striker is not out if the obstruction of a catch occurs while defending their wicket from a No ball with a lawful second strike.

37.4 Returning the ball to a fielder

Either batter is out Obstructing the field if, at any time while the ball is in play and, without the consent of a fielder, they use the bat or any part of their person to return the ball to any fielder.

37.5 Runs scored

When either batter is dismissed Obstructing the field,

37.5.1 unless the obstruction or distraction prevents the striker being out Caught, any runs completed by the batters before the offence shall be scored, together with any one-run Penalty for No ball or Wide, or any other award of 5 Penalty Runs to either side. See Laws 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

37.5.2 if the obstruction or distraction prevents the striker being out Caught,

- any runs completed by the batters shall not be scored but any award of 5 Penalty Runs to either side shall stand.
- the fielding captain shall decide whether the non-striker, or the incoming batter, is to face the next delivery.

37.6 Bowler does not get credit

The bowler does not get credit for the wicket.

LAW 38 RUN OUT

38.1 Out Run out

Either batter is out Run out, except as in 38.2, if, at any time while the ball is in play,

- they are out of their ground
- and their wicket is fairly broken by

either the action of a fielder

or the ball rebounding off a fielder's person

even though No ball has been called, except in the circumstances of 38.2.2.2, and whether or not a run is being attempted.

38.2 Batter not out Run out

38.2.1 A batter is not out Run out in the circumstances of 38.2.1.1 or 38.2.1.2.

38.2.1.1 The batter has been within their ground and has subsequently left it to avoid injury, when the wicket is fairly broken.
Note also the provisions of Law 30.1.2 (When out of their ground).

38.2.1.2 The ball, delivered by the bowler, has not made contact with a fielder before the wicket is fairly broken.

38.2.2 The striker is not out Run out in any of the circumstances in 38.2.2.1 and 38.2.2.2.

38.2.2.1 The striker is out Stumped. See Laws 25.6.5 (Dismissal and conduct of a batter and their runner) and 39.1.2 (Out Stumped).

38.2.2.2 No ball has been called

- and the striker is out of their ground not attempting a run
- and the wicket is fairly broken by the wicket-keeper without the intervention of another fielder.

However, if the striker has a runner and the runner is out of their ground, then only 38.1 applies.

38.3 Non-striker leaving their ground early

38.3.1 If the non-striker is out of their ground at any time from the moment the ball comes into play until the moment the bowler's arm reaches the highest point of their normal bowling action in the delivery swing, the non-striker is liable to be Run out. In these circumstances, the non-striker will be out Run out if they are out of their ground when the wicket is broken by the bowler throwing the ball at the wicket or by the bowler's hand holding the ball, whether or not the ball is subsequently delivered.

38.3.1.1 Even if the non-striker had left their ground before the moment the bowler's arm reaches the highest point of their normal bowling action in the delivery swing, once the bowler has reached that point it is no longer possible for the bowler to run out the non-striker under this Law.

38.3.2 If the ball is not delivered,

- if there is an appeal, the umpire shall make their decision on the Run out.
- if there is no appeal, or if the decision is not out, the umpire shall call and signal Dead ball as soon as possible.
- the ball shall not count as one in the over.

38.3.3 If the ball is delivered and there is an appeal,

- the umpire shall make their decision on the Run out.
- if the non-striker is not dismissed, the ball remains in play and Law 21.6 (Bowler breaking wicket in delivering ball) shall apply.
- if the non-striker is dismissed, the ball shall not count as one in the over.

38.4 Which batter is out

The batter out in the circumstances of 38.1 is the one whose ground is at the end where the wicket is fairly broken. See Laws 25.6 (Dismissal and conduct of a batter and their runner) and 30.2 (Which is a batter's ground).

38.5 Runs scored

If either batter is dismissed Run out, the run in progress when the wicket is broken shall not be scored, but any runs completed by the batters shall stand, together with any runs for penalties awarded to either side. See Laws 18.6 (Runs awarded for penalties) and 18.8 (Runs scored when a batter is dismissed).

If, however, when a striker has a runner, the striker is dismissed Run out and runs are completed by the runner and the other batter before the wicket is broken, the umpire shall:

- Disallow all runs to the batting side
- Return any not out batter to their original end
- Signal No ball or Wide ball to the scorers if applicable
- Award any 5-run Penalty that is applicable.

See Law 25.6 (Dismissal and conduct of a batter and their runner).

38.6 Bowler does not get credit

The bowler does not get credit for the wicket.

LAW 39 STUMPED

39.1 Out Stumped

39.1.1 The striker is out Stumped, except as in 39.3, if a ball which is delivered is not called No ball
and the striker is out of their ground, other than as in 39.3.1
and the striker has not attempted a run
when the striker's wicket is fairly broken by the wicket-keeper without the intervention of another fielder. Note, however Laws 25.6.2 and 25.6.5 (Dismissal and conduct of a batter and their runner) and 27.3 (Position of wicket-keeper).

39.1.2 The striker is out Stumped if all the conditions of 39.1.1 are satisfied, even though a decision of Run out would be justified.

39.2 Ball rebounding from wicket-keeper's person

If the wicket is broken by the ball, it shall be regarded as having been broken by the wicket-keeper if the ball:
rebounds on to the stumps from any part of the wicket-keeper's person or equipment
or has been kicked or thrown on to the stumps by the wicket-keeper.

39.3 Not out Stumped

39.3.1 The striker will not be out Stumped if, after having received the delivery, they have left their ground in order to avoid injury.

39.3.2 If the striker is not out Stumped they may, except in the circumstances of Law 38.2.2.2 (Batter not out Run out), be out Run out if the conditions of Law 38.1 (Out Run out) apply.

39.4 Runs Scored

When a striker is dismissed Stumped from a Wide ball, the one-run penalty shall stand. Note Laws 12.9 (Conclusion of match), 16.6 (Winning hit or extras) and 22.2 (Call and signal of Wide ball) mean that if the penalty for a Wide concludes the match, then a stumping is not possible, but the one-run penalty for the Wide remains.

LAW 40 TIMED OUT

40.1 Out Timed out

40.1.1 After the fall of a wicket or the retirement of a batter, the incoming batter must, unless Time has been called, be ready to receive the ball, or for the other batter to be ready to receive the next ball within 3 minutes of the dismissal or retirement. If this requirement is not met, the incoming batter will be out, Timed out.

40.1.2 In the event of an extended delay in which no batter comes to the wicket, the umpires shall adopt the procedure of Law 16.3 (Umpires awarding a match). For the purposes of that Law the start of the action shall be taken as the expiry of the 3 minutes referred to above.

40.2 Bowler does not get credit

The bowler does not get credit for the wicket.

41.1 Fair and unfair play - responsibility of captains

The captains are responsible for ensuring that play is conducted within The Spirit of Cricket, as described in The Preamble - The Spirit of Cricket, as well as within the Laws.

41.2 Unfair actions

41.2.1 The umpires shall be the sole judges of fair and unfair play. If an umpire considers that any action by a player, not covered in the Laws, is unfair, that umpire shall call and signal Dead ball, if appropriate, as soon as it becomes clear that the call will not disadvantage the non-offending side, and report the matter to the other umpire.

41.2.1.1 If this is a first offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and issue a first and final warning which shall apply to all members of the team for the remainder of the match.
- warn the offending player's captain that any further such offence by any member of their team shall result in the award of 5 Penalty runs to the opposing team.

41.2.1.2 If this is a second or subsequent offence by that side, the bowler's end umpire shall then

- summon the offending player's captain and inform them that there has been a further such offence.
- award 5 Penalty runs to the opposing side

41.2.1.3 The umpires together shall report the incident as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.3 The match ball - changing its condition

41.3.1 The umpires shall make frequent and irregular inspections of the ball. In addition, they shall immediately inspect the ball if they suspect anyone of attempting to change the condition of the ball, except as permitted in 41.3.2.

41.3.2 It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out the normal duties of a batter, a batter is not allowed to wilfully damage the ball. See also Law 5.5 (Damage to the ball).

A fielder may, however

41.3.2.1 polish the ball on their clothing provided that no artificial substance is used, that the only natural substance used is sweat, and that such polishing wastes no time.

41.3.2.2 remove mud from the ball under the supervision of an umpire.

41.3.2.3 dry a wet ball on a piece of cloth that has been approved by the umpires.

41.3.3 The umpires shall consider the condition of the ball to have been unfairly changed if any action by any player does not comply with the conditions in 41.3.2.

41.3.4 If the umpires consider that the condition of the ball has been unfairly changed by a member or members of either side, they shall ask the captain of the opposing side if they would like the ball to be replaced. If necessary, in the case of the batting side, the batters at the wicket may deputise for their captain.

41.3.4.1 If a replacement ball is requested, the umpires shall select and bring into use immediately, a ball which shall have wear comparable to that of the previous ball immediately prior to the contravention.

41.3.4.2 Regardless of whether a replacement ball has been chosen to be used, the bowler's end umpire shall

- award 5 Penalty runs to the opposing side.
- if appropriate, inform the batters at the wicket and the captain of the fielding side that the ball has been changed and the reason for their action.
- inform the captain of the batting side as soon as practicable of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.3.5 If the umpires agree that in the match there has been any further instance by that team of unfairly changing the condition of the ball, they shall

41.3.5.1 repeat the procedure in 41.3.4.1 and 41.3.4.2.

If the further offence is committed by the fielding side, additionally the bowler's end umpire shall

41.3.5.2

- direct the captain of the fielding side to suspend immediately from bowling the bowler who delivered the preceding ball; that bowler shall not be allowed to bowl again in the match.
- inform the batters at the wicket and, as soon as practicable, the captain of the batting side of the reason for the action.
- if necessary, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

41.4 Deliberate attempt to distract or obstruct striker

41.4.1 It is unfair for any fielder deliberately to attempt to distract or obstruct the striker while the striker is preparing to receive or receiving a delivery.

41.4.2 If either umpire considers that any action by a fielder is such an attempt, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call. The bowler's end umpire shall

- award 5 Penalty runs to the batting side.
- inform the captain of the fielding side, the batters and, as soon as practicable, the captain of the batting side of the reason for the action.

Neither batter shall be dismissed from that delivery and the ball shall not count as one of the over. However, if either umpire had reason to call and signal No ball, this call shall stand regardless of the attempt to distract or obstruct the striker.

Together with the other umpire report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.5 Deliberate distraction, deception or obstruction of batter

41.5.1 In addition to 41.4, it is unfair for any fielder wilfully to attempt, by word or action, to distract, deceive or obstruct either batter after the striker has received the ball.

41.5.2 It is for either one of the umpires to decide whether any distraction, deception or obstruction is wilful or not.

41.5.3 If either umpire considers that a fielder has caused or attempted to cause such a distraction, deception or obstruction, that umpire shall immediately call and signal Dead ball and inform the other umpire of the reason for the call.

41.5.4 Neither batter shall be dismissed from that delivery.

41.5.5 If an obstruction involves physical contact, the umpires together shall decide whether or not an offence under Law 42 (Players' conduct) has been committed.

41.5.5.1 If an offence under Law 42 (Players' conduct) has been committed, they shall apply the relevant procedures in Law 42 and shall also apply each of 41.5.7 to 41.5.9.

41.5.5.2 If they consider that there has been no offence under Law 42 (Players' conduct), they shall apply each of 41.5.6 to 41.5.10.

41.5.6 The bowler's end umpire shall

- Signal No ball or Wide to the scorers, if applicable,
- award 5 Penalty runs to the batting side,
- inform the captain of the fielding side of the reason for this action and as soon as practicable inform the captain of the batting side.

41.5.7 The ball shall not count as one of the over.

41.5.8 Any runs completed by the batters before the offence shall be scored, together with any runs for penalties awarded to either side. Additionally, the run in progress shall be scored whether or not the batters had already crossed at the instant of the offence.

41.5.9 The batters at the wicket shall decide which of them is to face the next delivery. See Law 18.13.

41.5.10 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.6 Bowling of dangerous and unfair short deliveries

41.6.1 The bowling of short deliveries is dangerous if the bowler's end umpire considers that, taking into consideration the skill of the striker, by their speed, length, height and direction they are likely to inflict physical injury on the striker. The fact that the striker is wearing protective equipment shall be disregarded.

41.6.2 The bowler's end umpire may consider that the bowling of short deliveries, although not dangerous under 41.6.1,

is unfair if they repeatedly pass above head height of the striker standing upright at the crease. See also Law 22.1.3 (Ball bouncing over head height of striker).

41.6.3 As soon as the umpire decides that the bowling of short deliveries has become dangerous under 41.6.1, or unfair under 41.6.2, that umpire shall call and signal No ball.
When the ball is dead, the umpire shall caution the bowler, indicating that this is a first and final warning, and inform the other umpire, the captain of the fielding side and the batters of what has occurred.
This caution shall apply to that bowler throughout the innings.

41.6.4 Should there be any further such delivery by the same bowler in that innings, the umpire shall
- call and signal No ball
- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in that innings.
If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.
- The umpire shall inform the batters and, as soon as practicable, the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.6.5 The warning sequence in 41.6.3 and 41.6.4 is independent of the warning and action sequence in 41.7.

41.7 Bowling of dangerous and unfair non-landing deliveries

41.7.1 Any delivery, which passes or would have passed, without landing, above waist height of the striker standing upright at the popping crease, is unfair. Whenever such a delivery is bowled, the umpire shall call and signal No ball.

41.7.2 The bowling of a delivery as defined in 41.7.1 is also dangerous if the bowler's end umpire considers that there is a risk of injury to the striker. In making that judgement the umpire shall:
- disregard any protective equipment worn by the striker
- be mindful of:
    - the speed, height and direction of the delivery
    - the skill of the striker
    - the repeated nature of such deliveries.

41.7.3 If the umpire considers a non-landing delivery, or a series of non-landing deliveries, to be dangerous under 41.7.2, when the ball is dead, the umpire shall repeat the No ball signal to the scorers and then caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.4 Should there be any further dangerous such delivery by the same bowler in that innings, the umpire shall
- call and signal No ball

- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall

- inform the batters and, as soon as practicable, the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.7.5 The warning and action sequences in 41.7.3 and 41.7.4 are independent of those in 41.6.

41.7.6 If the umpire considers that a bowler deliberately bowled a non-landing delivery, deemed to be unfair as defined in 41.7.1, then the caution and warning in 41.7.3 shall be dispensed with. The umpire shall

- immediately call and signal No ball.
- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in the match.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- inform the batters and, as soon as practicable, the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.8 Bowling of deliberate front-foot No ball

If the umpire considers that the bowler has delivered a deliberate front-foot No ball, that umpire shall

- immediately call and signal No ball.
- when the ball is dead, direct the captain of the fielding side to suspend the bowler immediately from bowling
- inform the other umpire for the reason for this action.

The suspended bowler shall not be allowed to bowl again in the match.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- inform the batters and, as soon as practicable, the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate

against the captain, any other individuals concerned and, if appropriate, the team.

41.9 Time wasting by the fielding side

41.9.1 It is unfair for any fielder to waste time.

41.9.2 If either umpire considers that the progress of an over is unnecessarily slow, or time is being wasted in any other way, by the captain of the fielding side or by any other fielder, at the first instance the umpire concerned shall

- if the ball is in play, call and signal Dead ball.
- inform the other umpire of what has occurred.

The bowler's end umpire shall then

- warn the captain of the fielding side, indicating that this is a first and final warning.
- inform the batters of what has occurred.

41.9.3 If either umpire considers that there is any further waste of time in that innings by any fielder, the umpire concerned shall

- if the ball is in play, call and signal Dead ball.
- inform the other umpire of what has occurred.

The bowler's end umpire shall then

either if the waste of time is not during an over, award 5 Penalty runs to the batting side and inform the captain of the fielding side of the reason for this action

or if the waste of time is during the course of an over, direct the captain of the fielding side to suspend the bowler immediately from bowling.

The suspended bowler shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally the umpire shall inform the batters and, as soon as is practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.10 Batter wasting time

41.10.1 It is unfair for a batter to waste time. In normal circumstances, the striker should always be ready to take strike when the bowler is ready to start their run-up.

41.10.2 Should either batter waste time by failing to meet this requirement, or in any other way, the following procedure shall be adopted. At the first instance, either before the bowler starts their run-up or when the ball becomes dead, as appropriate, the umpire shall

- warn both batters and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the other umpire of what has occurred.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.10.3 If there is any further time wasting by any batter in that innings, the umpire shall, at the appropriate time while the ball is dead

- award 5 Penalty runs to the fielding side.
- inform the other umpire of the reason for this action.
- inform the other batter, the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.11 The protected area

The protected area is defined as that area of the pitch contained within a rectangle bounded at each end by imaginary lines parallel to the popping creases and 5 ft/1.52 m in front of each, and on the sides by imaginary lines, one each side of the imaginary line joining the centres of the two middle stumps, each parallel to it and 1 ft/30.48 cm from it.

41.12 Fielder damaging the pitch

41.12.1 It is unfair to cause deliberate or avoidable damage to the pitch. A fielder will be deemed to be causing avoidable damage if either umpire considers that the fielder's presence on the pitch is without reasonable cause.

41.12.2 If a fielder causes deliberate or avoidable damage to the pitch, other than as in 41.13.1, at the first instance either umpire shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- caution the captain of the fielding side and indicate that this is a first and final warning. This warning shall apply throughout the innings.
- inform the batters of what has occurred.

41.12.3 If, in that innings, there is any further instance of deliberate or avoidable damage to the pitch, by any fielder, either umpire seeing the contravention shall, when the ball is dead, inform the other umpire. The bowler's end umpire shall then

- signal No ball or Wide to the scorers, if applicable.
- award 5 Penalty runs to the batting side.
- award any other 5-run Penalty that is applicable.
- inform the fielding captain of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.13 Bowler running on protected area

41.13.1 It is unfair for a bowler to enter the protected area in their follow-through without reasonable cause, whether or not the ball is delivered.

41.13.2 If a bowler contravenes this Law, at the first instance and when the ball is dead, the umpire shall

- caution the bowler and inform the other umpire of what has occurred. This caution shall apply to that bowler throughout the innings.
- inform the captain of the fielding side and the batters of what has occurred.

41.13.3 If, in that innings, the same bowler again contravenes this Law, the umpire shall repeat the above procedure indicating that this is a final warning. This warning shall also apply throughout the innings.

41.13.4 If, in that innings, the same bowler contravenes this Law a third time, when the ball is dead, the umpire shall,

- direct the captain of the fielding side to suspend the bowler immediately from bowling. If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The suspended bowler shall not be allowed to bowl again in that innings.
- inform the other umpire of the reason for this action.
- inform the batters and, as soon as practicable, the captain of the batting side of what has occurred.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.14 Batter damaging the pitch

41.14.1 It is unfair to cause deliberate or avoidable damage to the pitch. If the striker enters the protected area in playing or

playing at the ball, the striker must move from it immediately thereafter. A batter will be deemed to be causing avoidable damage if either umpire considers that their presence on the pitch is without reasonable cause.

41.14.2 If either batter causes deliberate or avoidable damage to the pitch, other than as in 41.15, at the first instance the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence. The bowler's end umpire shall then

- warn both batters that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.14.3 If there is any further instance of deliberate or avoidable damage to the pitch by any batter in that innings, the umpire seeing the contravention shall, when the ball is dead, inform the other umpire of the occurrence.

The bowler's end umpire shall

- disallow all runs to the batting side
- return any not out batter to their original end
- signal No ball or Wide to the scorers if applicable.
- award 5 Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side).
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.15 Striker in protected area

41.15.1 The striker shall not adopt a batting position in the protected area or so close to it that frequent encroachment is inevitable.

The striker may make a mark on the pitch, for the purpose of indicating their batting position, provided that no mark is unreasonably close to the protected area.

41.15.2 If there is breach of any of the conditions in 41.15.1 by the striker, if the bowler has not entered their delivery stride, either umpire shall immediately call and signal Dead ball, otherwise, that umpire shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- warn the striker that the practice is unfair and indicate that this is a first and final warning. This warning shall apply throughout the innings. The umpire shall so inform the non-striker and each incoming batter.
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of what has occurred.

41.15.3 If there is any further breach of any of the conditions in 41.15.1 by any batter in that innings, the umpire seeing the contravention shall, if the bowler has not entered their delivery stride, immediately call and signal Dead ball, otherwise, that umpire shall wait until the ball is dead and then inform the other umpire of the occurrence.

The bowler's end umpire shall then

- disallow all runs to the batting side
- return any not out batter to their original end
- signal No ball or Wide to the scorers if applicable.
- award 5 Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable except for Penalty runs under Law 28.3 (Protective helmets belonging to the fielding side).
- inform the captain of the fielding side and, as soon as practicable, the captain of the batting side of the reason for this action.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team

41.16 Batters stealing a run

It is unfair for the batters to attempt to steal a run during the bowler's run-up. Unless the bowler attempts to run out the non-striker – see Law 38.3 (Non-striker leaving their ground early) – either umpire shall

- call and signal Dead ball as soon as the batters cross in such an attempt.
- inform the other umpire of the reason for this action.

The bowler's end umpire shall then

- disallow the attempted run.
- return the batters to their original ends
- award 5 Penalty runs to the fielding side.
- award any other 5-run Penalty that is applicable.
- inform the batters, the captain of the fielding side and, as soon as practicable, the captain of the batting side, of the reason for this action.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.17 Penalty runs

41.17.1 When Penalty runs are awarded to either side, when the ball is dead the umpire shall signal the Penalty runs to the scorers. See Law 2.13 (Signals).

41.17.2 Penalty runs shall be awarded in each case where the Laws require the award, up until the umpires leave the field at the end of the match, even if a result has already been achieved. See Law 16.6 (Winning hit or extras). Note that if the award of Penalty runs means that a result has no longer been achieved, the match continues.

Where more than one award of Penalty runs is required during the same delivery, the umpires shall award them in the order that the offences took place.

Note, however, that the restrictions on awarding Penalty runs, in Laws 23.3 (Leg byes not to be awarded), 25.7 (Restriction on the striker's runner), 28.3 (Protective helmets belonging to the fielding side) and 34.4 (Runs permitted from ball lawfully struck more than once) will apply.

41.17.3 When 5 Penalty runs are awarded to the batting side,

- they shall be scored as Penalty extras and shall be in addition to any other penalties.
- they are awarded when the ball is dead and shall not be regarded as runs scored from either the immediately preceding delivery or the immediately following delivery, and shall be in addition to any runs from those deliveries.
- the batters shall not change ends solely by reason of the 5-run penalty.

41.17.4 When 5 Penalty runs are awarded to the fielding side, they shall be added as Penalty extras to that side's total of runs in its most recently completed innings. If the fielding side has not completed an innings, the 5 Penalty runs shall be added to the score in its next innings.

41.17.5 When Penalty runs are awarded, except under Law 28.3 (Protective helmets belonging to the fielding side), the umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.17.6 Whether Penalty runs are awarded or not, if either umpire deems that any item of equipment used by any player is unfair or illegal, the umpires shall:

- if practicable, prevent the player from using the illegal or unfair equipment
- report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

LAW 42 PLAYERS' CONDUCT

42.1 Unacceptable conduct

42.1.1 The umpires shall act upon any unacceptable conduct. Four Levels of offence and the corresponding actions by the umpires are identified as Level 1, Level 2, Level 3 and Level 4 offences in 42.2 to 42.5.

42.1.2 If either umpire considers that the conduct of a player, at any time during the match, is unacceptable, the umpire concerned shall call and signal Dead ball. This call may be delayed until the umpire is satisfied that it will not disadvantage the non-offending side.

42.1.3 The umpire concerned shall report the matter to the other umpire and together they shall decide whether misconduct has occurred. If so, they shall determine into which of the Levels the conduct falls, as set out in 42.2 to 42.5 below, and then apply the related sanctions.

42.1.4 Any call of No ball or Wide before the offence shall stand.

42.1.5 For each Level 1 to 4, if the offence is by a batter, the umpires shall summon the offending player's captain to the field. Solely for the purpose of this Law, the batters at the wicket may not deputise for their captain.

42.1.6 For each Level 1 to 4,

- Playing time shall be counted as lost from the call of Time to the call of Play, excluding intervals (Law 11) and suspensions of play (Law 2.8).
- the time for close of play on that day shall be extended by this length of time.
- if applicable, no overs shall be deducted during the Last hour of the match solely on account of this time.

42.2 Level 1 offences and action by umpires

42.2.1 Any of the following actions by a player shall constitute a Level 1 offence:

- wilfully mistreating any part of the cricket ground, equipment or implements used in the match
- showing dissent at an umpire's decision by word or action
- using language that, in the circumstances, is obscene, offensive or insulting
- making an obscene gesture
- appealing excessively
- advancing towards an umpire in an aggressive manner when appealing
- any other misconduct, the nature of which is, in the opinion of the umpires, equivalent to a Level 1 offence.

42.2.2 If such an offence is committed, 42.2.2.1 to 42.2.2.6 shall be implemented as appropriate, according to whether or not it is the first offence at any Level.

42.2.2.1 The umpire shall call Time, if necessary.

42.2.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.2.2.3 If the Level 1 offence is the first offence, at any Level, by that team, the umpire shall

42.2.2.3.1 issue a first and final warning which shall apply to all members of the team for the remainder of the match.

42.2.2.3.2 warn the offending player's captain that any further Level 1 offence by any member of their team shall result in the award of 5 Penalty runs to the opposing team.

42.2.2.4 If the Level 1 offence follows an offence, at any Level, by that team, the umpire shall award 5 Penalty runs to the opposing team.

42.2.2.5 As soon as practicable the umpire shall call Play.

42.2.2.6 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.3 Level 2 offences and action by umpires

42.3.1 Any of the following actions by a player shall constitute a Level 2 offence:

- showing serious dissent at an umpire's decision by word or action
- making inappropriate and deliberate physical contact with another player
- throwing the ball at or near a player, umpire or another person in an inappropriate and dangerous manner
- using language or gesture to another player, umpire, team official or spectator that, in the circumstances, is obscene or of a seriously insulting nature
- or any other misconduct, the nature of which is, in the opinion of the umpires, equivalent to a Level 2 offence.

42.3.2 If such an offence is committed, 42.3.2.1 to 42.3.2.6 shall be implemented.

42.3.2.1 The umpire shall call Time, if necessary.

42.3.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.3.2.3 The umpire shall award 5 Penalty runs to the opposing team.

42.3.2.4 The umpire shall warn the offending player's captain that any future Level 1 offence by any member of their team shall result in the award of 5 Penalty runs to the opposing team.

42.3.2.5 As soon as practicable the Umpire shall call Play.

42.3.2.6 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.4 Level 3 offences and action by umpires

42.4.1 Either of the following actions by a player shall constitute a Level 3 offence:

- intimidating an umpire by language or gesture
- threatening to assault a player or any other person except an umpire. See 42.5.1.

42.4.2 If such an offence is committed, 42.4.2.1 to 42.4.2.5 shall be implemented.

42.4.2.1 The umpire shall call Time, if necessary.

42.4.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.4.2.3 The umpires shall direct the captain to remove the offending player immediately from the field of play for a period in accordance with the following:

42.4.2.3.1 In a match where the innings are not limited to a number of overs, the player shall be suspended from the field of play for 10 overs. Any balls remaining in the over in progress at the time of suspension shall not count towards the overs for which the player is suspended.

42.4.2.3.2 In a match where the innings are limited to a number of overs, the player shall be suspended for one fifth of the number of overs allocated to the current innings at its commencement. If, in calculating the length of the suspension, a part-over results, it shall be considered as a whole over. Any balls remaining in the over in progress at the time of suspension shall not count towards the overs for which the player is suspended.

42.4.2.3.3 If the offending player is a fielder, no substitute shall be allowed for that fielder. The offending player may return to the field of play after serving the period of suspension. Penalty time can neither accrue, nor be served, while a player is suspended.

42.4.2.3.4 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall they bowl the next over.

42.4.2.3.5 If the offending player is a member of the batting side, who has not been dismissed, that player may bat or return to bat after having served the suspension, only at the fall of a wicket. If the offending player is suspended while batting, they shall be replaced by another member of their team. If no batter is available to bat during a batter's suspension, the innings is completed. If the offending player was suspended while batting and does not continue their innings for whatever reason, that batter is to be recorded as 'Retired – not out'.

42.4.2.3.6 If the offending player is a dismissed member of the batting side, the period of suspension will not commence until the start of the next innings. Furthermore, in

these circumstances, the offending player may not act as a runner during the innings in which they were suspended.

42.4.2.3.7 Warn the offending player's captain that any future Level 1 offence shall result in the award of 5 Penalty runs to the opposing team.

42.4.2.3.8 Any overs remaining to be served from a suspension shall be carried forward to the next and subsequent innings of the match. A part over at the end of the innings shall not count towards the overs for which the player is suspended.

42.4.2.4 As soon as practicable, the umpire shall

- signal the Level 3 offence to the scorers
- award 5 Penalty runs to the opposing team
- call Play.

42.4.2.5 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.5 Level 4 offences and action by umpires

42.5.1 Any of the following actions by a player shall constitute a Level 4 offence:

- threatening to assault an umpire
- making inappropriate and deliberate physical contact with an umpire
- physically assaulting a player or any other person
- committing any other act of violence.

42.5.2 If such an offence is committed, 42.5.2.1 to 42.5.2.5 shall be implemented.

42.5.2.1 The umpire shall call Time, if necessary.

42.5.2.2 Together the umpires shall summon and inform the offending player's captain that an offence at this Level has occurred.

42.5.2.3 The umpires shall direct the captain to remove the offending player immediately from the field of play for the remainder of the match and shall apply the following:

42.5.2.3.1 If the offending player is a fielder, no substitute shall be allowed for that fielder. The offending player to be recorded as 'Retired – out' at the commencement of any subsequent innings in which their team is the batting side.

42.5.2.3.2 If a bowler is suspended mid-over, then that over must be completed by a different bowler, who shall not have bowled the previous over nor shall be permitted to bowl the next over.

42.5.2.3.3 If the offending player is a batter they should be recorded as 'Retired – out' in the current innings, unless previously dismissed under any of Laws 32 to 39, and at the commencement of any subsequent innings in which their team is the batting side. If no further batter is available to bat, the innings is completed.

42.5.2.3.4 Warn the offending player's captain that any future Level 1 offence shall result in the award of 5 Penalty runs to the opposing team.

42.5.2.4 As soon as practicable, the umpire shall
- signal the Level 4 offence to the scorers
- award 5 Penalty runs to the opposing team
- call Play.

42.5.2.5 The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending player's team and to any Governing Body responsible for the match, who shall take such further action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

42.6 Captain refusing to remove a player from the field

42.6.1 If a captain refuses to carry out an instruction under 42.4.2.3 or 42.5.2.3, the umpires shall invoke Law 16.3 (Umpires awarding a match).

42.6.2 If both captains refuse to carry out instructions under 42.4.2.3 or 42.5.2.3 in respect of the same incident, the umpires shall instruct the players to leave the field. The match is not concluded as in Law 12.9 (Conclusion of match) and there shall be no result under Law 16 (The result).

42.7 Additional points relating to Level 3 and Level 4 offences

42.7.1 If a player, while acting as wicket-keeper, commits a Level 3 or Level 4 offence, Law 24.1.2 (Substitute fielders) shall not apply, meaning that only a nominated player may act as wicket-keeper, even if another fielder becomes injured or ill and is replaced by a substitute.

42.7.2 A nominated player who has a substitute or has a runner will suffer a penalty for any Level 3 or Level 4 offence committed by that substitute or by that runner.

42.7.2.1 When the offence is committed by a substitute, the nominated player and substitute will each suffer the penalty defined in 42.4.2.3 or in 42.5.2.3 as appropriate. Only the substitute and captain will be reported as in 42.4.2.5 or 42.5.2.5.

42.7.2.2 When the offence is committed by a runner, the batter who has the runner and the runner will each suffer the penalty defined in 42.4.2.3 or in 42.5.2.3 as appropriate. The penalty for a Level 4 offence (see 42.5.2.3) will apply to the runner for the remainder of the match, but in only the current innings to the batter for whom the runner acted. Only the runner and captain will be reported as in 42.4.2.5 or 42.5.2.5.

APPENDIX A DEFINITIONS AND EXPLANATIONS OF WORDS OR PHRASES NOT DEFINED IN THE TEXT

A.1 The match

A.1.1 **The game** is used in these Laws as a general term meaning the Game of Cricket.

A.1.2 **A match** is a single encounter (or contest) between two sides (or teams), played under the Laws of Cricket.

A.1.3 **The toss** is the toss for choice of innings.

A.1.4 **Before the toss** is at any time before the toss on the day the match is expected to start or, in the case of a one-day match, on the day the match is due to take place.

A.1.5 **Before the match** is at any time before the toss, not restricted to the day on which the toss is to take place.

A.1.6 **During the match** is at any time after the toss until the conclusion of the match, whether play is in progress or not.

A.1.7 **Playing time** is any time between the call of Play and the call of Time. See Laws 12.1 (Call of Play) and 12.2 (Call of Time).

A.1.8 **Conduct of the match** includes any action relevant to the match at any time on any day of the match.

A.2 Implements and equipment

A.2.1 **Implements used in the match** are the bat, the ball, the stumps and bails.

A.2.2 **External protective equipment** is any visible item of apparel worn for protection against external blows.
For a batter, items permitted are a protective helmet, external leg guards (batting pads), batting gloves and, if visible, forearm guards.
For a fielder, only a protective helmet is permitted, except in the case of a wicket-keeper, for whom wicket-keeping pads and gloves are also permitted.

A.2.3 **A protective helmet** is headwear made of hard material and designed to protect the head, neck and/or the face. For the purposes of interpreting these Laws of Cricket, such a description will include faceguards, grilles and neck guards.

A.2.4 **Equipment** - a batter's equipment is their bat as defined above, together with any external protective equipment worn by that batter.
A fielder's equipment is any external protective equipment that they are wearing.

A.2.5 **The bat** - the following are to be considered as part of the bat:

- the whole of the bat itself.
- the whole of a glove (or gloves) worn on the hand (or hands) holding the bat.
- the hand (or hands) holding the bat, if the batter is not wearing a glove on that hand or on those hands.

A.2.6 **Held in batter's hand** - contact between a batter's hand, or glove worn on their hand, and any part of the bat shall constitute the bat being held in that hand.

A.2.7 **Held in fielder's hand** - to be considered held in the fielder's hand or hands, the ball must be held with complete control in the fielder's palm or fingers, or in the palm or fingers of a wicket-keeper's glove.

A.2.8 **Complete control over the ball** means that, assuming no contact with any other person or object, the fielder could continue to hold the ball for as long as they choose, or to dispose of it wherever they choose.

A.3 The playing area

A.3.1 **The field of play** is the area contained within the boundary.

A.3.2 **The square** is a specially prepared area of the field of play within which the match pitch is situated.

A.3.3 **The outfield** is that part of the field of play between the square and the boundary.

A.4 Positioning

A.4.1 **Behind the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that does not include the creases at the opposite end of the pitch. **Behind,** in relation to any other marking, object or person, follows the same principle. See the diagram in A.13.

A.4.2 **In front of the popping crease** at one end of the pitch is that area of the field of play, including any other marking, objects and persons therein, that is on that side of the popping crease that includes the creases at the opposite end of the pitch. **In front of,** in relation to any other marking, object or person, follows the same principle. See the diagram in A.13.

A.4.3 **The striker's end** is the place where the striker stands to receive a delivery from the bowler only insofar as it identifies, independently of where the striker may subsequently move, one end of the pitch.

A.4.4 **The bowler's end** is the end from which the bowler delivers the ball. It is the other end of the pitch from the striker's end and identifies that end of the pitch that is not the striker's end as described in A.4.3.

A.4.5 **The wicket-keeper's end** is the same as the striker's end as described in A.4.3.

A.4.6 **In front of the line of the striker's wicket** is in the area of the field of play in front of the imaginary line joining the fronts of the stumps at the striker's end; this line to be considered extended in both directions to the boundary. See A.4.2.

A.4.7 **Behind the wicket** is in the area of the field of play behind the imaginary line joining the backs of the stumps at the appropriate end; this line to be considered extended in both directions to the boundary. See A.4.1.

A.4.8 **Behind the wicket-keeper** is behind the wicket at the striker's end, as defined above, but in line with both sets of stumps and further from the stumps than the wicket-keeper.

A.4.9 **Off side/on side** - see diagram in A.13

A.4.10 **Inside edge** is the edge on the same side as the nearer wicket.

A.5 Umpires

A.5.1 **Umpire** - where the description **the umpire** is used on its own, it always means 'the bowler's end umpire' though this full description is sometimes used for emphasis or clarity. Similarly **the umpires** always means

both umpires. **An umpire** and **umpires** are generalised terms. Otherwise, a fuller description indicates which one of the umpires is specifically intended. Each umpire will be bowler's end umpire and striker's end umpire in alternate overs.

A.5.2 **Bowler's end umpire** is the umpire who is standing at the bowler's end (see A.4.4) for the current delivery.

A.5.3 **Striker's end umpire** is the umpire who is standing at the striker's end (see A.4.3), to one side of the pitch or the other, depending on that umpire's choice, for the current delivery.

A.5.4 **Umpires together agree** applies to decisions which the umpires are to make jointly, independently of the players.

A.6 Batters

A.6.1 **Batting side** is the side currently batting, whether or not play is in progress.

A.6.2 **Member of the batting side** is one of the players nominated by the captain of the batting side, or any authorised replacement for such nominated player.

A.6.3 **The striker** is the batter who receives the ball delivered by the bowler.

A.6.4 **The non-striker** is the batter whose ground is at the bowler's end when the ball is delivered.

A.6.5 **A batter's ground** – at each end of the pitch, the whole area of the field of play behind the popping crease is the ground at that end for a batter.

A.6.6 **The batters have crossed,** while running between the wickets, only when the whole of one batter's person and bat have passed the whole of the other batter's person and bat.

A.6.7 **Original end** is the end where a batter was when the ball came into play for that delivery.

A.6.8 **Wicket they have left** is the wicket at the end where a batter was at the start of the run in progress.

A.6.8 **A batting position** is the position and posture adopted by the striker to receive a ball delivered by the bowler. **A normal batting position** is one from which a striker could be reasonably expected to defend their wicket.

A.6.10 For the purposes of these Laws, **waist height** is defined as the point at which the top of the batter's trousers would conventionally be when standing upright at the popping crease.

A.7 Fielders

A.7.1 **Fielding side** is the side currently fielding, whether or not play is in progress.

A.7.2 **Member of the fielding side** is one of the players nominated by the captain of the fielding side, or any authorised replacement or substitute for such nominated player.

A.7.3 **Fielder** is one of the 11 or fewer players who together represent the fielding side on the field of play. This definition includes not only both the bowler and the wicket-keeper but also nominated players who are legitimately on the field of play, together with players legitimately acting as substitutes for absent nominated players. It excludes any nominated player who is absent from the field of play, or who has been absent from the

field of play and who has not yet obtained the umpire's permission to return.

A player going briefly outside the boundary in the course of discharging the duties of a fielder is not absent from the field of play nor, for the purposes of Law 24.2 (Fielder absent or leaving the field of play), is that player to be regarded as having left the field of play.

A.8 Substitutes, Replacements and Runners

A.8.1 **A Substitute** is a player who takes the place of a fielder on the field of play, but does not replace the player for whom they substitute on that side's list of nominated players. A substitute's activities are limited to fielding.

A.8.2 **A Replacement** is a player who takes the place of a nominated player and who, thereby, becomes a nominated player. A replacement's activities on the field of play are no more limited than those of any other nominated player.

A.8.3 **A Runner** is a nominated player who runs for another nominated player of their own side who is batting and is unable to run.

A.9 Bowlers

A.9.1 **Over the wicket/round the wicket** – if, as the bowler runs up between the wicket and the return crease, the wicket is on the same side as the bowler's bowling arm, that bowler is bowling over the wicket. If the return crease is on the same side as the bowler's bowling arm, the bowler is bowling round the wicket.

A.9.2 **Delivery swing** is the motion of the bowler's arm during which that bowler normally releases the ball for a delivery.

A.9.3 **Delivery stride** is the stride during which the delivery swing is made, whether the ball is released or not. It starts when the bowler's back foot lands for that stride and ends when the front foot lands in the same stride. The stride after the delivery stride is completed when the next foot lands, i.e. when the back foot of the delivery stride lands again.

A.9.4 The **back foot** is the foot in the delivery stride that is the same side as the arm with which the bowler delivers the ball.

A.9.5 The **front foot** is the foot in the delivery stride that is the opposite side to the arm with which the bowler delivers the ball.

A.9.6 A bowler's foot **lands** at the moment some part of the foot first makes contact with the ground. Only the first point of contact with the ground is determined to be grounded at this point of landing.

A.10 The ball

A.10.1 **The ball is struck/strikes the ball** unless specifically defined otherwise, mean 'the ball is struck by the bat'/'strikes the ball with the bat'.

A.10.2 **Non-landing** describes a ball delivered by the bowler that reaches or passes the striker without having touched the ground.

A.11 Runs

A.11.1 **A run to be disallowed** is one that in Law should not have been taken. It is not only to be cancelled but the batters are to be returned to their original ends.

A.11.2 **A run not to be scored** is one that is not illegal, but is not recognised as a properly executed run. It is not a run that has been made, so the question of cancellation does not arise. The loss of the run so attempted is not a disallowance and the batters will not be returned to their original ends on that account.

A.12 The person

A.12.1 **Person**; A player's person is their physical person (flesh and blood) together with any clothing or legitimate external protective equipment that they are wearing except, in the case of a batter, their bat.

A hand, whether gloved or not, that is not holding the bat is part of the batter's person.

No item of clothing or equipment is part of the player's person unless it is attached to that player.

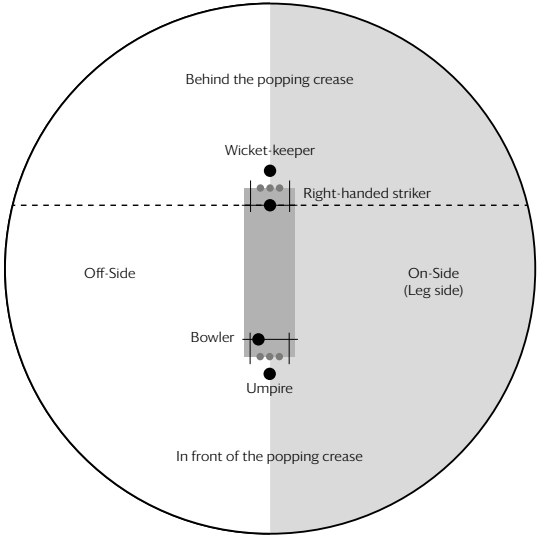

For a batter, a glove being held but not worn is part of their person.

For a fielder, an item of clothing or equipment held in their hand or hands is not part of their person.

A.12.2 **Clothing** - anything that a player is wearing, including such items as spectacles or jewellery, that is not classed as external protective equipment is classed as clothing, even though that player may be wearing some items of apparel, which are not visible, for protection. A bat being carried by a batter does not come within this definition of clothing.

A.12.3 **Hand** for batter shall include both the hand itself and the whole of a glove worn on the hand.

A.13 Off side/on side; in front of/behind the popping crease

APPENDIX B THE BAT (LAW 5)

B.1 General guidance

B.1.1 Measurements - all provisions in sections B.2 to B.6 below are subject to the measurements and restrictions stated in the Law and this Appendix.

B.1.2 Adhesives - throughout, adhesives are permitted only where essential and only in minimal quantity.

B.1.3 Categories of bat - the specifications given below relate to Type A, B C and D bats unless specified otherwise.

B.2 Specifications for the handle

B.2.1 One end of the handle is inserted into a recess in the blade as a means of joining the handle and the blade. This lower portion is used purely for joining the blade and the handle together. It is not part of the blade but, solely in interpreting B.3 and B.4 below, references to the blade shall be considered to extend also to this lower portion of the handle where relevant.

B.2.2 The handle may be glued where necessary and bound with twine along the upper portion.
Providing Law 5.5 is not contravened, the upper portion may be covered with materials solely to provide a surface suitable for gripping. Such covering is an addition and is not part of the bat, except in relation to Law 5.6. The bottom of this grip should not extend below the point defined in B.2.4 below.
Twine binding and the covering grip may extend beyond the junction of the upper and lower portions of the handle, to cover part of the shoulders of the bat as defined in B.3.1.
No material may be placed on or inserted into the lower portion of the handle other than as permitted above together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

B.2.3 Materials in handle - as a proportion of the total volume of the handle, materials other than cane, wood or twine are restricted to one-tenth for Types A and B and one-fifth for Type C and Type D. Such materials must not project more than 3.25 in/8.26 cm into the lower portion of the handle

B.2.4 Binding and covering of handle - the permitted continuation beyond the junction of the upper and lower portions of the handle is restricted to a maximum, measured along the length of the handle, of
2.5 in/6.35 cm in for the twine binding
2.75 in/6.99 cm for the covering grip.

B.3 Specifications for the blade

B.3.1 The blade has a face, a back, a toe, sides and shoulders

B.3.1.1 The face of the blade is its main striking surface and shall be flat or have a slight convex curve resulting from traditional pressing techniques. The back is the opposite surface.

B.3.1.2 The shoulders, sides and toe are the remaining surfaces, separating the face and the back.

B.3.1.3 The shoulders, one on each side of the handle, are along that portion of the blade between the first entry point of the handle and the point at which the blade first reaches its full width.

B.3.1.4 The toe is the surface opposite to the shoulders taken as a pair.

B.3.1.5 The sides, one each side of the blade, are along the rest of the blade, between the toe and the shoulders.

B.3.2 No material may be placed on or inserted into the blade other than as permitted in B.2.4, B.3.3, B.4.2, B.5 and Law 5.4 together with the minimal adhesives or adhesive tape used solely for fixing these items, or for fixing the handle to the blade.

B.3.3 Covering the blade - Type A and Type B bats shall have no covering on the blade except as permitted in Law 5.4. Type C and Type D bats may have a cloth covering on the blade. This may be treated as specified in B.4 below.

The cloth covering permitted for Type C and D bats shall be of thickness not exceeding 0.012 in/0.3 mm before treatment as in B.4.1.

Any materials referred to above, in Law 5.4 and B.4 below, are to be considered as part of the bat, which must still pass through the gauge as defined in B.8.

B.4 Protection and repair

B.4.1 The surface of the blade may be treated with non-solid materials to improve resistance to moisture penetration and/or mask natural blemishes in the appearance of the wood. Save for the purpose of giving a homogeneous appearance by masking natural blemishes, such treatment shall not materially alter the colour of the blade.

B.4.2 Materials can be used for protection and repair as stated in Law 5.4 and are additional to the blade. Note however Law 5.6.

Any such material shall not extend over any part of the back of the blade except in the case of Law 5.4.1 and then only when it is applied as a continuous wrapping covering the damaged area.

The repair material shall not extend along the length of the blade more than 0.79 in/2.0 cm in each direction beyond the limits of the damaged area. Where used as a continuous binding, any overlapping shall not breach the maximum of 0.04 in/0.1 cm in total thickness.

The use of non-solid material which when dry forms a hard layer more than 0.004 in/0.01 cm in thickness is not permitted.

Additionally, for protection from damage, for Bat Types B, C and D, material may be inserted at the toe and/or along the sides, parallel to the face of the blade.

B.4.3 Permitted coverings, repair material and toe guards, not exceeding their specified thicknesses, may be additional to the dimensions above, but the bat must still pass through the gauge as described in B.8.

B.5 Toe and side inserts - the wood used must not be more than 0.35 in/0.89 cm in thickness.
The toe insert shall not extend from the toe more than 2.5 in/6.35 cm up the blade at any point.
Neither side insert may extend from the edge more than 1 in/2.54 cm across the blade at any point.

B.6 Commercial identifications - these identifications may not exceed 0.008 in/0.02 cm in thickness. On the back of the blade they must occupy no more than 50% of the surface. On the face of the blade, they must be confined within the top 9 in/22.86 cm, measured from where the bottom of the grip as defined in B.2.2 and B.2.4, would finish.

B.7 Type D Bats

Type D bats, as defined, shall comply with the size specifications and restrictions in Law 5 and this Appendix. The blade in addition may be

B.7.1 laminated but using only wood and with no more than three pieces, with one single piece as the face of the blade

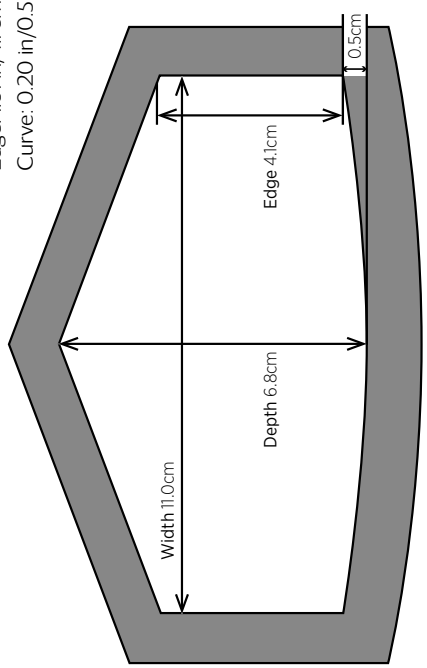

B.7.2 coloured, providing Law 5.5 is not contravened.

B.7.3 Type D bats may also have a cloth covering, material inserted at the toe and/or along the sides, parallel to the face of the blade, and a greater proportion of materials other than cane, wood or twine in the handle than Types A and B (see B.2.3).

B.8 Bat Gauge

All bats that conform to the Laws of Cricket must meet the specifications defined in Law 5.7. They must also, with or without protective coverings permitted in Law 5.4, be able to pass through a bat gauge, the dimensions and shape of which are shown in the diagram below.

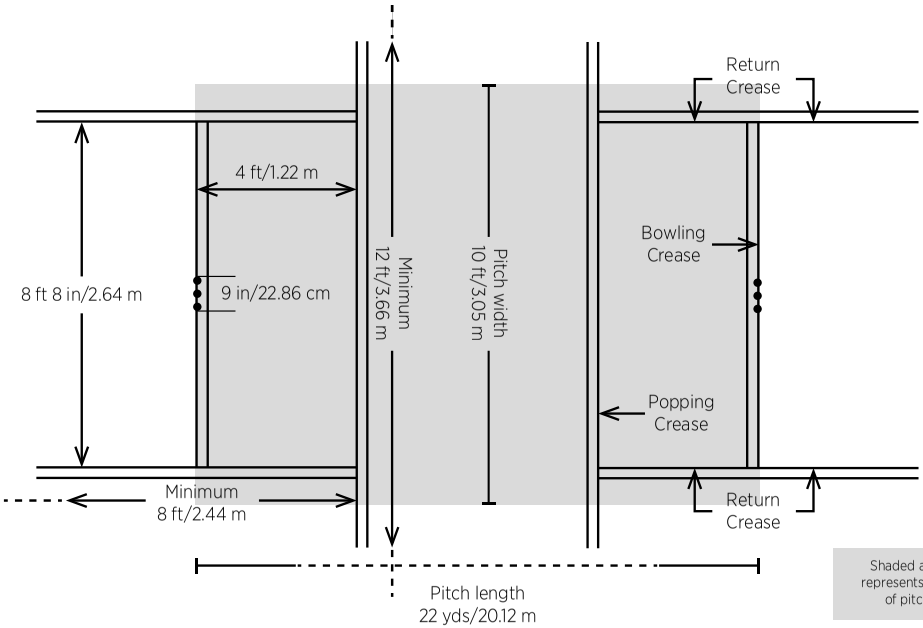

Dimensions of aperture
Total depth: 2.68 in/6.8 cm
Width: 4.33 in/11.0 cm
Edge: 1.61 in/4.1 cm
Curve: 0.20 in/0.5 cm

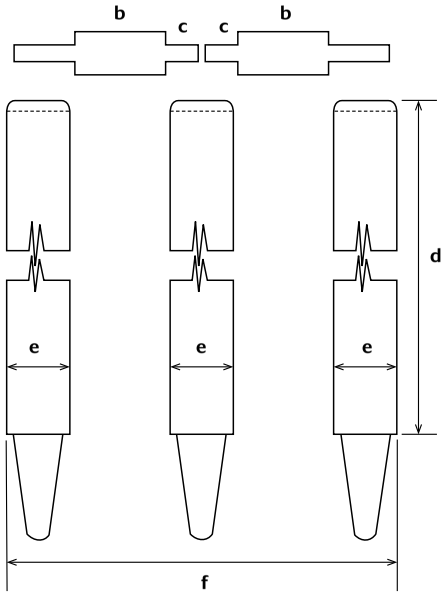

Bat Gauge Diagram (B.8)

Note: The curve of the lower edge of the aperture is an arc of a circle of radius 12.0 in/30.5 cm, whose centre is on the vertical centre line of the aperture.

APPENDIX D LAW 8 (THE WICKETS)

Bails

For Senior Cricket
Overall: 4.31 in/10.95 cm
(a) 1.38 in/3.50 cm
(b) 2.13 in/5.40 cm
(c) 0.81 in/2.06 cm

Stumps

For Senior Cricket
(d) Height: 28 in/71.1 cm
(e) Diameter:
max. 1.5 in/3.81 cm
min. 1.38 in/3.50 cm

Overall width of wicket
(f) 9 in/22.86 cm

The above images show what is meant by:

- no webbing between the fingers
- single piece of non-stretch material between finger and thumb as a means of support
- and, when a hand wearing the glove has the thumb fully extended, the top edge being taut and not protruding beyond the straight line joining the top of the index finger to the top of the thumb.

LAWS OF CRICKET CHANGES FOR 2026

LORD'S

MCC is publishing a new edition of the Laws of Cricket, which will come into effect in October 2026. This edition, the first since 2022, has been drafted by MCC with two principles at its heart; that the Laws should be up to date and fit for the modern game, and that they should be as inclusive as possible. That latter point does not just mean the removal of gendered language, which is continued and concluded in this edition, but also the simplification of the Laws wherever possible. Many readers of the Laws will not speak English as a first language, and a set of Laws that say what they mean, mean what they say, and do so in the plainest way possible makes the game more accessible for all.

With those principles in mind, there are 73 meaningful changes to the Laws, as well as a good deal of linguistic change throughout. The full 2026 edition is available on MCC's website, free of charge, while a document detailing all the material changes is also available.

However, some cricket lovers might want just the headlines - so this document goes into detail on the 10 biggest changes that have been made in this edition.

1.

Tighter tolerances for size & weight of junior & women's cricket balls

We know that, in general, men's cricket has had primacy in the global game, something that has manifested itself in countless ways. One of these is that while the specifications for men's cricket balls allow for quite a small tolerance in size and weight, for balls used in women's and junior cricket, that tolerance was significantly larger. In fact, a small women's ball was smaller, and lighter, than a big junior ball, which could allow manufacturers to make one ball that was suitable for both categories.

Led by an initiative from high-profile current and former women's players at MCC's World Cricket Connects, we have worked with manufacturers to set new limits, and names, for the balls. The balls are now Size 1, Size 2 and Size 3, and while Size 1 (traditionally the men's ball) has not changed, the margins are now uniform, making for three distinct categories of balls.

2.

Laminated bats are legal in most adult cricket

Type D bats, which may be laminated, are now permitted for open age cricket, rather than just junior cricket. This is part of an attempt to slow the rising costs of bats around the world. Laminated bats can use up to three pieces of wood, allowing for more of the best quality willow trees to be used, and for lower quality willow to be glued to a high-quality face.

MCC has spent considerable time testing these bats, and it is not felt that laminated bats will give a significant performance advantage. However, it is expected that, at the top level of the game, bats will remain a single piece of willow.

The level at which a Type D bat can be used will be set by the national governing body of that country.

3.

Law 12.5.2 – The final over of a day's play will not end if there is a wicket

This is a significant change that will impact multi-day cricket. It was felt unfair that, if a fielding side takes a wicket in the final over of the day, the batting side does not have to send out a new batter. This doesn't save time (which is the case at lunch and tea) as the remaining balls need to be made up the next day, and it takes the drama out of the game, while letting the incoming batter off the hook – at a time when the conditions are often more favourable to bowling. The new change means that the final over of the day will be bowled fully, even if a wicket falls during it (assuming conditions remain fit).

4.

Law 18.5.1 and 18.5.2 – A clarification of short running

This is one of two changes that have already been adopted by ICC in their Playing Conditions for international cricket, so some avid watchers may already be aware of it.

The change formalises the interpretation that batters can choose to turn back, and abandon a run, without being penalised – deliberate short running must be an attempt to deceive the umpires. Where batters set off for a run, and then change their mind – perhaps they thought a two might be possible, but realise it won't be and don't want to expose the non-striker – they may return to their original end without penalty, even if they had already crossed.

However, if batters do deliberately run short, along with all the penalties already in place, the fielding side will also get to determine which of the batters takes strike. Deliberate short running is usually an attempt to manufacture a certain batter being on strike, and this further reduces the chances of gaining such an advantage.

This is now one of three times that players will be permitted to determine who is on strike for the next delivery. Law 41.5 (where a fielder obstructs the batter) has long been one such occasion, but this clause, and Law 37.5.2, when a batter is out obstructing a catch, will now give that power to the fielding captain.

5.

Law 19.5.2 – Boundary catching

This is the second change that has already been adopted by ICC, and MCC has already published a full explanation of it, which has been widely covered.

This change removes the 'bunny hop' catch, which had led to some spectacular fielding, but also some unusual-looking catches that, to the majority of the cricketing public, felt unfair. Our solution has been to limit any fielder who has gone outside the boundary to touching the ball while airborne only once, and then, having done so, to be wholly grounded within the boundary for the rest of the duration of that delivery. Even if the ball is parried – to another fielder or inside the field of play – if the fielder lands outside the boundary, or subsequently steps outside, then a boundary will be scored.

For clarity, that means the fielder gets one chance, and once chance only, to touch the ball having jumped from outside the boundary. After that point the boundary becomes a hard line – and any time they touch the ground in that delivery, whatever else happens, they must be inside.

6.

Law 19.8 – Overthrows

This is the most significant overhaul of overthrows in some time, taking a complicated segment of Law and codifying it fully. While in the past most people would have agreed that they knew what an overthrow meant, the Laws were actually quite vague, and often wildly different to the cricketing public's expectations.

In this new edition therefore, for the first time, the Laws define an overthrow, and bring the Laws into line with conventional thinking on the difference between an overthrow and a misfield. Simply, an overthrow is an attempt to direct the ball towards the stumps to stop run-scoring or attempt a Run out. A misfield – whether an attempt to stop the ball or pass it to another fielder close to the boundary – should not be treated as an overthrow.

7.

Law 20.1.1.1 – a new definition of 'finally settled'.

This is quite a big change in Law, but not one that most players will notice very often. The umpire will now have much greater leeway to determine whether a ball is finally settled, which can often be extremely important, particularly on the final ball of a close game.

The ball no longer has to be in the bowler or wicket-keeper's hands to be finally settled. It can be in the hands of any fielder, or stationary on the ground. This allows umpires the freedom to make reasonable decisions on when the ball is Dead, even if one fielder, or one batter, is still attempting to play on.

The two previous clauses – regarding the ball being finally settled and clear to the umpire that none of the players regard it as being in play – have been combined into one place.

8.

Law 27.3.1 – the position of the wicket-keeper

This may seem like a small change, but it is meaningful – a wicket-keeper will no longer be penalised for having their gloves in front of the stumps when the bowler runs up.

Wicket-keepers cannot come in front of the stumps to collect the ball until it has passed the striker's wicket or made contact with their bat or person – that remains the case. But in a DRS age, umpires were noticing that some keepers move level with, or in front of, the stumps while the bowler is running up – technically a No ball, but not something that would give them any advantage.

The Law has now changed so that it is only after the ball is released that the wicket-keeper must be wholly behind the stumps. This brings the wording in line with a fielder's position.

9.

Law 35.1.1 and 35.2 – Hit wicket

There are two changes to the Hit wicket Law in this edition. The first codifies an interpretation long held, that "receiving the ball" lasts until the batter has gained control of their balance after playing the ball. If the batter is off balance because of the shot they played, hops around for a few steps and falls onto their stumps, that is as a result of the action they took to receive the ball. The ball may be long gone, but the striker is still out Hit wicket.

The second change builds from this first clarification, in relation to the striker, or their equipment, coming into contact with another person. If the striker loses their balance but is falling away from the stumps, and then comes into contact with a fielder who knocks them towards the stumps, they will be protected from being out Hit wicket. If, however, the contact with the fielder is purely incidental – perhaps they are falling onto the stumps and in doing so their bat brushes the wicket-keeper, that will not protect them.

If a part of the batter's equipment becomes detached and makes any contact with another player before hitting the stumps, then they cannot be out Hit wicket. So if the batter accidentally lets go of the bat, and it hits the wicket, the batter will be out Hit wicket. However, if the bat hits the wicket-keeper and then the wicket, it will be Not out.

10.

Appendix A2.7 and A2.8 – Held in the fielder's hand and complete control over the ball

The definitions in the appendices are often overlooked, but they are crucial to understanding and interpreting the Laws of Cricket.

These two new definitions give clarity that is particularly important in televised cricket for what is, and isn't, control of the ball.

For a ball to be considered held in the fielder's hand – vital for a Run out or Stumping – the ball has to be held. It cannot be simply touching the fielder's hand while they break the stumps, they must actually be holding it with complete control. And, as A2.8 will now define, complete control means that, should they choose to, they could continue to hold the ball as long as they like and dispose with it however they like. This is the same standard as taking a catch.

INTERNATIONAL CRICKET COUNCIL

CODE OF CONDUCT FOR PLAYERS AND PLAYER SUPPORT PERSONNEL

INTRODUCTION

The *ICC* is the international federation responsible for the global governance of the sport of cricket and the Code of Conduct for Players and Player Support Personnel (the **"Code of Conduct"**) is adopted and implemented as part of the *ICC's* continuing efforts to maintain the public image, popularity and integrity of cricket by providing: (a) an effective means to deter any participant from conducting themselves improperly on and off the field-of-play or in a manner that is contrary to the Spirit of Cricket; and (b) a robust and proportionate disciplinary procedure pursuant to which all matters of improper conduct can be dealt with fairly, with certainty and in an expeditious manner.

Unless otherwise indicated, references to Articles and Appendices are to articles and appendices of the *Code of Conduct*. Words in italicised text in the *Code of Conduct* are defined terms and their definitions are set out in Appendix 1.

ARTICLE 1 SCOPE AND APPLICATION

1.1 All *Players* and *Player Support Personnel* are automatically bound by and required to comply with all of the provisions of the *Code of Conduct*. Accordingly, by their participation (in the case of a *Player)* or assistance in a *Player's* participation (in the case of a *Player Support Personnel*) in an *International Match*, such *Players* or *Player Support Personnel* shall be deemed to have agreed:

1.1.1 that it is their personal responsibility to familiarise themselves with all of the requirements of the *Code of Conduct*, including what conduct constitutes an offence under the *Code of Conduct*;

1.1.2 to submit to the exclusive jurisdiction of any *Match Referee*, *Judicial Commissioner* or *Appeal Panel* convened under the *Code of Conduct* to hear and determine charges brought (and any appeals in relation thereto) pursuant to the *Code of Conduct*; and

1.1.3 not to bring any proceedings in any court or other forum that are inconsistent with the foregoing submission to the jurisdiction of the *Match Referee*, *Judicial Commissioner* or *Appeal Panel.*

1.2 All *Players* and *Player Support Personnel* shall continue to be bound by and required to comply with the *Code of Conduct* until he/she has not participated (in the case of a *Player*), or assisted a *Player's* participation (in the case of a *Player Support Personnel*) in an *International Match* for a period of three (3) months from the date of his/her last participation and the *ICC* shall continue to have jurisdiction over him/her under the *Code of Conduct* thereafter in respect of matters taking place prior to that point.

1.3 Without prejudice to Articles 1.1 and 1.2, the *ICC* and the *National Cricket Federations* shall be responsible for promoting *Code of Conduct* awareness and education amongst all *Players* and *Player Support Personnel*.

1.4 It is acknowledged that certain *Players* and *Player Support Personnel* may also be subject to other rules of *National Cricket Federations* that govern discipline and/or conduct, and that the same conduct of such *Players* and/or *Player Support Personnel* may implicate not only the *Code of Conduct* but also such other rules that may apply. For the avoidance of any doubt, *Players* and *Player Support Personnel* acknowledge and agree that: (a) the *Code of Conduct* is not intended to limit the

responsibilities of any *Player* or *Player Support Personnel* under such other rules; and (b) nothing in such other rules shall be capable of removing, superseding or amending in any way the jurisdiction of the *Match Referee*, *Judicial Commissioner* or *Appeal Panel* to determine matters properly arising pursuant to the *Code of Conduct.*

1.5 For the avoidance of any doubt:

1.5.1 all *Umpires* and *Match Referees* officiating in any *International Matches* are automatically bound by and required to comply with all of the provisions of the *ICC Code of Conduct for Match Officials and Match Official Support Personnel*; and

1.5.2 where a representative side of a *National Cricket Federation* participates in an *International Tour Match* against a domestic or invitational team, for the purposes of their participation in such *International Tour Match*:

1.5.2.1 all *Players* and *Player Support Personnel* representing the *National Cricket Federation's* representative side are automatically bound by, required to comply with, and shall submit themselves to the jurisdiction of this *Code of Conduct*; and

1.5.2.2 all players or player support personnel representing the domestic or invitational team shall not be bound by this *Code of Conduct.* Instead, such individuals will be bound by, required to comply with, and shall submit themselves to the jurisdiction of the relevant *National Cricket Federation's* own applicable rules of conduct.

ARTICLE 2 CODE OF CONDUCT OFFENCES

The Preamble of the *ICC Standard Test Match, ODI and T20I Playing Conditions,* sets out the definition of the Spirit of Cricket, as follows:

"Preamble – The Spirit of Cricket

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws (which are incorporated within these Playing Conditions), but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket.

Respect your captain, team-mates, opponents and the authority of the umpires.

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket."

The conduct described in Articles 2.1 to 2.22 amounts to conduct which breaches the Spirit of Cricket and therefore, if committed by a *Player* or *Player Support Personnel,* shall amount to an offence by such *Player* or *Player Support Personnel* under the *Code of Conduct*.

***COMMENT**: Where considered helpful, guidance notes have been provided in text boxes beneath the description of a particular offence. Such notes are intended only to provide guidance as to the nature and examples of certain conduct that might be prohibited by a particular Article and should not be read as an exhaustive or limiting list of conduct that may be prohibited by such Article.*

The Code of Conduct offences cover a variety of different behaviours and levels of seriousness. It is not intended to penalize trivial behavior. For the purpose of determining the appropriate sanction for an offence, levels of charging have been assigned for each offence, ranging from Level 1 for conduct of a minor nature, up to Level 4 for conduct of an extremely serious nature. Where an offence is alleged to have been committed, the individual reporting the alleged offence must determine which of the assigned levels of offence is appropriate for the conduct in question. Reports can only be laid at the levels identified in respect of each particular offence below.

For the purposes of the Code of Conduct, the phrase "during an International Match" should be interpreted broadly to cover all conduct which takes place at the ground on the day of an International Match, and not just conduct which takes place on the field of play. It will therefore include conduct which takes place off the field of play, for example in the changing rooms, or during any of the intervals in the match.

For the avoidance of doubt, the ICC's jurisdiction to take action against a Player or Player Support Personnel under this Code of Conduct is limited to incidents which take place (i) during, or in relation to, an International Match or (ii) during, or in relation to, an ICC Event. In circumstances where a Player or Player Support Personnel is involved in an off-field incident which may warrant action under this Code of Conduct and any code of conduct or disciplinary rules of the Player or Player Support Personnel's National Cricket Federation, the ICC will consult with the relevant National Cricket Federation in order to determine what the most appropriate course of action against the Player or Player Support Personnel should be.

2.1	**Excessive appealing during an *International Match***
Note:	*For the purpose of Article 2.1, 'excessive' may include (a) repeated appealing of the same decision; (b) repeated appealing of different decisions when the bowler/fielder knows the batter is not out with the intention of placing the Umpire under pressure; (c) charging or advancing towards the Umpire in an aggressive manner when appealing; or (d) celebrating a dismissal without appealing to the Umpire when a decision is required. It is not intended to prevent loud or enthusiastic appealing.*

2.2	**Abuse of cricket equipment or clothing, ground equipment or fixtures and fittings during an *International Match*.**
Note:	*Article 2.2 includes any action(s) outside the course of normal cricket actions, such as hitting or kicking the wickets and any action(s) which deliberately (i.e. intentionally), recklessly or negligently (in either case even if accidental) results in damage to the advertising boards, boundary fences, dressing room doors, mirrors, windows and other fixtures and fittings. For example, this offence may be committed, without limitation, when a Player swings his/her bat vigorously in frustration and causes damage to an advertising board.*

Level 3	Not applicable
Level 4	Not applicable
2.5	**Using language, actions or gestures which disparage or which could provoke an aggressive reaction from a batter upon his/her dismissal during an *International Match.***
Note:	*Article 2.5 includes any language, action or gesture used by a Player and directed towards a batter upon his/her dismissal which has the potential to provoke an aggressive reaction from the dismissed batter, whether or not any reaction results, or which could be considered to disparage or demean the dismissed batter, regardless of whether the batter him/herself feels disparaged or demeaned (in other words, a 'send-off'). Without limitation, Article 2.5 includes: (a) excessive celebration directed at and in close proximity to the dismissed batter; (b) verbally abusing the dismissed batter; and (c) pointing or gesturing towards the pavilion.* *Nothing in this Article 2.5 is, however, intended to stop Players celebrating, in an appropriate fashion, the dismissal of the opposing team's batter.*

2.7	**Public criticism of, or inappropriate comment in relation to an incident occurring in an *International Match* or *any Player, Player Support Personnel, Match Official* or team participating in any *International Match*, irrespective of when such criticism or inappropriate comment is made.**
Note:	*Without limitation, Players and Player Support Personnel will breach Article 2.7 if they publicly criticise the Match Officials or denigrate a Player or team against which they have played in relation to incidents which occurred in an International Match. When assessing the seriousness of the breach, without limitation, the context within which the comments have been made and the gravity of the offending comments must be taken into account.* *For the avoidance of doubt, any posting by a Player or Player Support Personnel of comments on a social media platform (including, without limitation, Facebook, Instagram, Twitter, YouTube and LinkedIn) shall be deemed to be 'public' for the purposes of this offence. Consequently, a Player or Player Support Personnel may breach Article 2.7 where they criticise or make an inappropriate comment in relation to an incident occurring in an International Match or any Player, Player Support Personnel, Match Official or team participating in any International Match in any posting they make on a social media platform.*

2.20	**Conduct that is contrary to the spirit of the game**
Note:	*Article 2.20 is intended to cover all types of conduct that is contrary to the spirit of the game and which is not specifically and adequately covered by the specific offences set out elsewhere in this Code of Conduct.* *By way of example, Article 2.20 may (depending upon the seriousness and context of the breach) prohibit, without limitation, the following: (a) the use of an illegal bat or illegal wicket-keeping gloves; and (b) failure to comply with the provisions of clause 6.3 of the ICC Standard Test Match, ODI and T20I Playing Conditions.*

	When assessing the seriousness of the offence, the context of the particular situation, and whether it was deliberate, reckless, negligent, avoidable and/or accidental, shall be considered. Further, the person lodging the Report shall determine where on the range of severity the conduct lays (with the range of severity starting at conduct of a minor nature (and hence a Level 1 offence) up to conduct of an extremely serious nature (and hence a Level 4 offence)).

2.22 *Minimum Over Rate Offences*:

Failure by a fielding team participating in an *International Match* to meet the *Minimum Over Rate* requirements contained in Appendix 2 constitutes a "**Minimum Over Rate Offence**" under this *Code of Conduct* by each of the *Players* in that fielding team.

NOTE: *Subjective intent on behalf of the fielding team, or any member thereof, to waste time is not required. It is sufficient to establish that the Minimum Over Rate was not met. To avoid liability under this offence the fielding team would need to establish, on the balance of probabilities, that the shortfall was due to factors beyond their control and that the time allowances permitted by the Match Officials in calculating the required over rate were not sufficient. The presence or absence of subjective intent and the extent of the shortfall shall be relevant in relation to the issue of penalty.*

ARTICLE 3 REPORTING AN ALLEGED OFFENCE UNDER THE *CODE OF CONDUCT*

NOTE: *Where a Code of Conduct offence is alleged to have occurred during, or in relation to an ICC Event (whether on the field of play or otherwise), the Code of Conduct shall apply in full, but with a series of amendments to the reporting process (Article 3), disciplinary procedure (Article 5) and appeal process (Article 8) in order to ensure that any matters arising can be dealt with expediently. Such amendments are described in detail in Appendix 4.*

Where a Minimum Over Rate Offence may have occurred, see Appendix 2 for the reporting process, disciplinary process and sanctions that are to be applied.

3.1 Any one of the following individuals can report an alleged offence under the *Code of Conduct* (other than *Minimum Over Rate Offences* - as to which see Appendix 2) by lodging a report in the manner described in Article 3.2, below (a **"Report"**):

3.1.1 an *Umpire* that officiated in the *International Match* during which the alleged offence was committed;

3.1.2 the CEO of either of the two *National Cricket Federations* whose representative teams participated in the *International Match* during, or in relation to which, the alleged offence was committed, or his/her designee (provided that the identity of such designee is advised to the *ICC* by the *National Cricket Federation* in advance of, or at least at the same time as, the *Report* is lodged);

3.1.3 the *ICC's Chief Executive Officer*; or

3.1.4 provided it is a *Level 4 Offence* that is alleged to have been committed (or a *Level 1 Offence, Level 2 Offence* or *Level 3 Offence* in relation to which the *Match Referee* was the victim of the alleged offence), the *Match Referee* that was appointed to officiate in the *International Match* during which the alleged offence was committed. (For the avoidance of any doubt, the *Match Referee* is not entitled to lodge a *Report* in relation to an alleged *Level 1 Offence, Level 2 Offence or Level 3 Offence* unless he/she was the victim of the alleged offence).

3.2 All *Reports* must be completed on Form "Rep 1" (or such other form as may be made available for such purpose by the *ICC* from time to time). All *Reports* must be signed and dated by the person lodging the *Report* as follows:

3.2.1 Where the *Report* is lodged by an *Umpire* (pursuant to Article 3.1.1):

Level of Offence	**On or Off-Field**	**Reporting Deadline**	**Report lodged with**
Levels 1 & 2	On Field	24 hours from close of day's play in the relevant *International Match*	*Match Referee*
	Off-Field	48 hours after: (a) the commission of the alleged offence; or (b) the alleged offence was brought to his/her attention, save that the *Report* cannot be lodged more than 7 days after the conclusion of the relevant *International Match*.	
Level 3	On or Off Field	48 hours after: (a) the commission of the alleged offence; or (b) the alleged offence was brought to his/her attention, save that the *Report* cannot be lodged more than 7 days after the conclusion of the relevant *International Match*.	

Level 4	On or Off Field	7 days after the conclusion of the relevant *International Match*	*ICC's General Counsel*

3.2.2 Where the *Report* is lodged by the CEO of either of the two *National Cricket Federations* (pursuant to Article 3.1.2);

Level of Offence	**On or Off-Field**	**Reporting Deadline**	**Report lodged with**
Levels 1 & 2	On Field	48 hours from close of day's play in the relevant *International Match*	*Match Referee*
	Off-Field	96 hours after: (a) the commission of the alleged offence; or (b) the alleged offence was brought to his/her attention, save that the *Report* cannot be lodged more than 7 days after the conclusion of the relevant *International Match.*	
Level 3	On or Off Field	96 hours after: (a) the commission of the alleged offence; or (b) the alleged offence was brought to his/her attention, save that the *Report* cannot be lodged more than 7 days after the conclusion of the relevant *International Match.*	
Level 4	On or Off Field	7 days after conclusion of the relevant *International Match*	*ICC's General Counsel*

3.2.3 Where the *Report* is lodged by the *ICC's Chief Executive Officer* (pursuant to Article 3.1.3):

Level of Offence	**On or Off-Field**	**Reporting Deadline**	**Report lodged with**
Levels 1, 2 & 3	On or Off - Field	7 days after the alleged offence is brought to his/her attention.	Match Referee
Level 4	On or Off Field	7 days after the alleged offence is brought to his/her attention.	*ICC's General Counsel*

3.2.4 Where the *Report* is lodged by the *Match Referee* (pursuant to Article 3.1.4):

Level of Offence	**On or Off-Field**	**Reporting Deadline**	**Report lodged with**

Levels 1, 2 & 3	On or Off-Field	48 hours after: (a) the commission of the alleged offence; or (b) the alleged offence was brought to his/her attention, save that the *Report* cannot be lodged more than 7 days after the conclusion of the relevant *International Match.*	*ICC's General Counsel*
Level 4	On or Off-Field	7 days after conclusion of the relevant *International Match*	

Note: *For the purposes of Articles 3.2.1 to 3.2.4 above, Reports should be lodged as soon as reasonably practicable. The time limits set out in the above tables constitute the latest time by which a Report can be lodged.*

In all circumstances where a Report is to be lodged with the Match Referee if, for logistical reasons, it is impractical to lodge the Report with the Match Referee, it shall be lodged with the ICC's Cricket Operations Department within the same deadline.

3.3 Where it is alleged that a *Player* or *Player Support Personnel* has committed more than one offence under the *Code of Conduct* during, or in relation to an *International Match* or during, or in relation to an *ICC Event* (whether on the field of play or otherwise), whether arising out of the same set of facts or otherwise, then a separate *Report* should be filed in accordance with this Article 3 for each of the offences that are alleged to have been committed.

NOTE: *For the avoidance of doubt, only one Report should be laid per offence. As such, where the incident in question could fall within more than one offence under Article 2, for example Article 2.7 (public criticism or inappropriate comment) and Article 2.21 (conduct that brings the game into disrepute) a Report should be laid only in respect of the offence which most specifically covers the relevant conduct (in the example above, Article 2.7) and not both offences.*

ARTICLE 4 NOTIFICATION PROCEDURE

***Level 1 Offences, Level 2 Offences, Level 3 Offences and Minimum Over Rate Offences*:**

4.1 Where a *Match Referee* receives a *Report* lodged under Articles 3.2.1, 3.2.2, 3.2.3, or Article 3.2 of Appendix 2 (in the case of *Minimum Over Rate Offences*), he/she must review the *Report* and determine whether the *Player* or *Player Support Personnel* named in the *Report* has a case to answer in relation to the offence identified in the *Report*. Where the *Match Referee* determines that there is a case to answer, he/she must promptly provide a copy of the *Report*, together with a completed Form "Not 1", (such documents comprising the **'Notice of Charge'**), to the following individuals:

4.1.1 the *Player* or *Player Support Personnel* named in the *Report*, or, where appropriate in the case of an offence under either Article 2.11 (manipulating an *International Match*), 2.14 (changing the condition of the ball), or 2.22 (failure to meet the *Minimum Over Rate*), the relevant *Team Captain*; and

4.1.2 the *Team Manager* of the relevant *Player* or *Player Support Personnel* named in the *Report.*

4.2 Where the *ICC's General Counsel* receives a *Report* lodged under Article 3.2.4, he/she must review the *Report* and determine whether the *Player* or *Player Support Personnel* named in the *Report*

has a case to answer in relation to the offence identified in the *Report.* Where the *ICC's General Counsel* determines that there is a case to answer, he/she must promptly provide a copy of the *Report,* together with a completed Form "Not 1" (such documents comprising the '**Notice of Charge'**), to the following individuals:

4.2.1 the *Player* or *Player Support Personnel* named in the *Report*, or, where appropriate in the case of an offence under either Article 2.11 (manipulating an *International Match*), 2.14 (changing the condition of the ball), or 2.22 (failure to meet the *Minimum Over Rate*), the relevant *Team Captain*; and

4.2.2 the *Team Manager* of the relevant *Player* or *Player Support Personnel* named in the *Report.*

4.3 The *Notice of Charge* shall specify that the *Player* or *Player Support Personnel* shall have the following three options:

4.3.1 he/she may admit the offence charged and accede to the proposed sanction specified in the *Notice of Charge* (which sanction shall be strictly at the *Match Referee's* discretion, but at all times within the appropriate range for the level of offence). In such circumstances, and provided that such admission has been received by the *Match Referee* prior to the commencement of the hearing at the time/place specified in the *Notice of Charge*, the hearing before the *Match Referee* shall not be required and no further action shall be taken, save that the *ICC* shall promptly issue a public statement confirming: (a) the commission of an offence under the *Code of Conduct*; and (b) the imposition of the applicable sanction specified in the *Notice of Charge*; or

4.3.2 he/she may admit the offence charged but dispute the proposed sanction specified in the *Notice of Charge*, in which case the matter shall proceed to a hearing in accordance with Article 5.1; or

4.3.3 he/she may deny the offence charged, in which case the matter shall proceed to a hearing in accordance with Article 5.1.

***Level 4 Offences*:**

4.4 Where the *ICC's General Counsel* receives a *Report* lodged under Articles 3.2.1., 3.2.2., 3.2.3 or 3.2.4, he/she must promptly conduct a review to determine whether the *Player* or *Player Support Personnel* named in the *Report* has a case to answer in relation to the specific type and/or level of offence identified in the *Report* (i.e. to determine, in the *ICC's* opinion, whether the specific type and level of offence noted in the *Report* is properly identified when reviewed against the conduct complained of).

4.5 If the initial review of the *Report* reveals that there is no case to answer in relation to the specific type and/or level of offence, then the *ICC* shall notify the person who filed the *Report* of that fact, advising them of the reasons that such a determination has been made and, where applicable, providing guidance on which specific type and level of offence the *ICC* considers to be appropriate. Upon receipt of such a decision, the person who filed the *Report* shall, notwithstanding the provisions of Article 3.2 and having considered the *ICC's* guidance in good faith, within a period of twenty-four (24) hours from the time of notification by the *ICC,* notify the *ICC* whether he/she wishes to: (a) revise the specific type and/or level of the offence charged, in which case a revised *Report* must be lodged with the *ICC* within such twenty-four (24) period*;* (b) proceed on the basis of the original *Report* lodged; or (c) withdraw the *Report*.

4.6 If the initial review of the *Report* reveals that there is a case to answer, or a revised *Report* is lodged with the *ICC* pursuant to Article 4.5*,* then the *ICC* shall promptly provide a copy of the *Report*,

together with a completed Form "Not 1" (such documents comprising the **'Notice of Charge'**) to the following individuals:

4.6.1 the *Player* or *Player Support Personnel* named in the *Report*; and

4.6.2 the *Team Manager* of the relevant *Player* or *Player Support Personnel* named in the *Report*; and

4.6.3 the CEO of the *National Cricket Federation* to which the relevant *Player* or *Player Support Personnel* is affiliated.

4.7 The *Notice of Charge* shall specify that the *Player* or *Player Support Personnel* shall have the following options:

4.7.1 he/she may admit the offence charged and accede to the proposed sanction specified in the *Notice of Charge* (which sanction shall be strictly at the *ICC's* discretion, but at all times within the appropriate range for the level of offence). In such circumstances, and provided that such admission has been received by the *ICC's General Counsel* prior to the commencement of the hearing at the time/place specified in the *Notice of Charge*, the hearing before the *Judicial Commissioner* shall not be required and no further action shall be taken, save that the *ICC* shall promptly issue a public statement confirming: (a) the commission of an offence under the *Code of Conduct*; and (b) the imposition of the applicable sanction specified in the *Notice of Charge*; or

4.7.2 he/she may admit the offence charged but dispute the proposed sanction specified in the *Notice of Charge*, in which case the matter shall proceed to a hearing in accordance with Article 5.2; or

4.7.3 he/she may deny the offence charged, in which case the matter shall proceed to a hearing in accordance with Article 5.2.

ARTICLE 5 THE DISCIPLINARY PROCEDURE

NOTE: *Where a Match Referee appointed to adjudicate any matter brought under this Code of Conduct is not physically present at the relevant International Match (and therefore required to perform his/her duties remotely)* or his/her appointment to that series of *International Matches* has ended and thus he/she is no longer in the same location at the teams, *then all hearings arising under Article 5.1 will be held by telephone conference or video conference (if available) and the provisions of Article 5.1 are to be interpreted accordingly*.

Level 1 Offences, Level 2 Offences, Level 3 Offences and Minimum Over Rate Offences:

5.1 Where a matter proceeds to a hearing under Article 4.3.2 or 4.3.3, then, subject to Article 5.7 below, the case shall be referred to the *Match Referee* for adjudication in accordance with the following procedure:

5.1.1 In the case of *Level 1 Offences, Level 2 Offences, Level 3 Offences* or *Minimum Over Rate Offences,* subject to the discretion of the *Match Referee* to order otherwise for good cause shown by the *Player* or *Player Support Personnel*, the hearing will take place at the time specified in the *Notice of Charge* (which should take place as soon as practicable and, in the absence of exceptional circumstances, no more than thirty-six (36) hours after the receipt by the *Player* or *Player Support Personnel* of the *Notice of Charge*) and, subject to the note to Article 5, in the country in which the alleged offence was committed. For the

avoidance of doubt, nothing in this Article 5.1.1 prevents a hearing from being convened at a time during which the *International Match* in relation to which the alleged offence took place, remains in progress.

5.1.2 The procedure followed at the hearing shall be at the discretion of the *Match Referee*, provided that the hearing is conducted in a manner which offers the *Player* or *Player Support Personnel* a fair and reasonable opportunity to present evidence (including the right to call and to question witnesses by telephone or video-conference where necessary), address the *Match Referee* and present his/her case.

5.1.3 The hearing before the *Match Referee* shall be in English, and certified English translations shall be submitted of any non-English documents put before the *Match Referee*. The cost of the translation shall be borne by the party offering the document(s).

5.1.4 Where video evidence of the alleged offence is available at the hearing before the *Match Referee*, then it may be relied upon by any party, provided that all other parties shall have the right to make such representations in relation to it that they may see fit.

5.1.5 Unless exceptional circumstances apply, each of the following individuals must attend any hearing before the *Match Referee*: (a) the *Player* or *Player Support Personnel* who has been charged with the alleged offence; and (b) the person who lodged the *Report* (or, in the case of the *ICC's Chief Executive Officer*, his/her representative/nominee). Where any such individual has a compelling justification for his/her non-attendance, then they shall be given the opportunity to participate in the hearing before the *Match Referee* by telephone or video conference (if available). Without prejudice to the *Player* or *Player Support Personnel's* ability to call and to question such witnesses as may be necessary and/or to be represented by such other person of his/her own choosing pursuant to Article 5.1.6, one of the *Team Captain*, *Team Vice-Captain* or *Team Manager* of the team that the *Player* or *Player Support Personnel* represents may also attend such a hearing to provide additional support and assistance to the *Player* or *Player Support Personnel*.

5.1.6 Each of the individuals described in Article 5.1.5(a) and (b) shall have the right (at his/her or its own expense) to be represented at the hearing before the *Match Referee* by such representative (including legal counsel) of his/her or its own choosing. Where the person lodging the *Report* is an *Umpire* that officiated in the *International Match* in question or the *ICC's Chief Executive Officer*, then such person shall be entitled to be represented prior to, and during, the hearing (if he/she considers necessary) by a representative of the *ICC's* Legal Department.

5.1.7 The non-attendance of any *Player* or *Player Support Personnel* or his/her representative at the hearing, shall not prevent the *Match Referee* from proceeding with the hearing in his/her absence and issuing a ruling in relation to the offence charged.

5.1.8 At the end of a hearing, where the *Match Referee* considers that further evidence is necessary or further time is required to consider the evidence that has been presented, he/she shall adjourn the hearing for an appropriate period of time and make such directions as may be necessary.

5.1.9 Alternatively, at the end of a hearing:

5.1.9.1 brought under Article 4.3.2:

(a) as soon as possible after the conclusion of the hearing (and, in any event, no later than twenty-four (24) hours thereafter), the *Match Referee* will confirm the *Player* or *Player Support Personnel's* admission that he/she

had committed a *Code of Conduct* offence and announce the substance of his/her decision. Within five (5) days after the conclusion of the hearing, the *Match Referee* shall issue his/her written decision, with reasons, setting out: (a) what sanctions, if any, are to be imposed (including any fine and/or period of suspension); (b) the date that any period of suspension shall come into force and effect; and (c) any rights of appeal that may exist pursuant to Article 8.

5.1.9.2 brought under Article 4.3.3 (or where the *Player* or *Player Support Personnel* has failed to respond in a timely fashion to the *Notice of Charge*):

(a) the *Match Referee* shall adjourn the hearing (for a period of no less than ten (10) minutes and no more than twenty-four (24) hours), following which he/she will reconvene the hearing and verbally announce his/her finding as to whether a *Code of Conduct* offence has been committed;

(b) where the *Match Referee* determines that a *Code of Conduct* offence has been committed, the *Player* or *Player Support Personnel* may request a short adjournment (of no more than thirty (30) minutes) to prepare any submissions that he/she might wish to make in relation to the appropriate sanction that ought to be applied; and

(c) as soon as possible after the conclusion of the hearing (and, in any event, no later than twenty-four (24) hours thereafter), the *Match Referee* will announce the substance of his/her decision. Within five (5) days after the conclusion of the hearing, the *Match Referee* shall issue his/her written decision, with reasons, setting out: (a) the finding as to whether a *Code of Conduct* offence had been committed; (b) what sanctions, if any, are to be imposed (including any fine and/or period of suspension); (c) the date that any period of suspension shall come into force and effect; and (d) any rights of appeal that may exist pursuant to Article 8.

5.1.10 A copy of the written reasoned decision will be provided to the *Player* or *Player Support Personnel*, the CEO of the *Player* or *Player Support Personnel's National Cricket Federation*, and the *ICC's Cricket Operations Manager*.

5.1.11 Subject only to the rights of appeal under Article 8, the *Match Referee's* decision shall be the full, final and complete disposition of the matter and will be binding on all parties.

***Level 4 Offences*:**

5.2 Where a matter proceeds to a hearing under Article 4.7.2 or 4.7.3, then the case shall be referred to a *Judicial Commissioner* for adjudication in accordance with the following procedure:

5.2.1 As soon as reasonably possible, the *ICC* shall appoint one member from the *ICC's Code of Conduct Commission* to sit as the *Judicial Commissioner* to hear the case sitting alone. The appointed member shall be independent of the parties, have had no prior involvement with the case and shall not, unless otherwise agreed between the parties, be from a country participating in the *International Match*, during, or in relation to which, the alleged offence was committed.

5.2.2 The *Judicial Commissioner* shall convene a preliminary hearing with the individual lodging the *Report* pursuant to Article 3.1 (the **Complainant**) and his/her legal representatives (if any), together with the *Player* or *Player Support Personnel* and his/her legal representatives (if any). The preliminary hearing should take place as soon as possible by

telephone conference call unless the *Judicial Commissioner* determines otherwise. The non-participation, without compelling justification, of the *Player* or *Player Support Personnel* or his/her representative at the preliminary hearing, after proper notice of the preliminary hearing has been provided, shall not prevent the *Judicial Commissioner* from proceeding with the preliminary hearing, whether or not any written submissions are made on behalf of the *Player* or *Player Support Personnel*. Where the initial *Report* was lodged by someone other than the individual described in Article 3.1.3, the *ICC* will be notified and invited to participate in any such preliminary hearing convened by the *Judicial Commissioner* through its representative.

5.2.3 The purpose of the preliminary hearing shall be to allow the *Judicial Commissioner* to address any preliminary issues that need to be resolved prior to the hearing date. In particular (but without limitation), the *Judicial Commissioner* shall:

5.2.3.1 determine the date(s) upon which the full hearing shall be held. Save in exceptional circumstances or where the parties otherwise agree, the full hearing should take place no longer than fourteen (14) days after the receipt by the *Player* or *Player Support Personnel* of the *Notice of Charge*.

5.2.3.2 establish dates reasonably in advance of the date of the full hearing by which:

(a) the *Complainant* shall submit an opening brief with argument on all issues that the *Complainant* wishes to raise at the hearing and a list of the witnesses that the *Complainant* intends to call at the hearing (and a summary of the subject areas of the witness's anticipated testimony), and enclosing copies of the exhibits that the *Complainant* intends to introduce at the hearing;

(b) the *Player* or *Player Support Personnel* shall submit an answering brief, addressing the *Complainant's* arguments and setting out argument on the issues that he/she wishes to raise at the hearing, as well as a list of the witnesses that he/she intends to call at the hearing (and a summary of the subject areas of the witness's anticipated testimony), and enclosing copies of the exhibits that he/she intends to introduce at the hearing; and

(c) the *Complainant* may (at its discretion) submit a reply brief, responding to the answer brief of the *Player* or *Player Support Personnel* and listing any rebuttal witnesses that the *Complainant* intends to call at the hearing (and a summary of the subject areas of the witness's anticipated testimony), and enclosing copies of any other exhibits that the *Complainant* intends to introduce at the hearing; and

5.2.3.3 make such order as the *Judicial Commissioner* shall deem appropriate in relation to the production of relevant documents and/or other materials between the parties.

5.2.4 Subject to the discretion of the *Judicial Commissioner* to order otherwise for good cause shown by either party, or if otherwise agreed between the parties, hearings before the *Judicial Commissioner* shall take place in the country in which the alleged offence was committed.

5.2.5 The procedure followed at the hearing shall be at the discretion of the *Judicial Commissioner*, provided that the hearing is conducted in a manner which offers the *Player* or *Player Support Personnel* a fair and reasonable opportunity to present evidence

(including the right to call and to question witnesses by telephone or video-conference where necessary), address the *Judicial Commissioner* and present his/her case.

5.2.6 The hearing before the *Judicial Commissioner* shall be in English, and certified English translations shall be submitted of any non-English documents put before the *Judicial Commissioner*. The cost of the translation shall be borne by the party offering the document(s). If required by the *Judicial Commissioner* (at his/her discretion), the *ICC* shall make arrangements to have the hearing recorded or transcribed. If requested by the *Player* or *Player Support Personnel*, the *ICC* shall also arrange for an interpreter to attend the hearing. Such costs of transcription and interpretation shall be paid by the *ICC*.

5.2.7 Where video evidence of the alleged offence is available at the hearing before the *Judicial Commissioner*, then it may be relied upon by any party, provided that all other parties shall have the right to make such representations in relation to it that they may see fit.

5.2.8 Unless exceptional circumstances apply, each of the following individuals must attend any hearing before the *Judicial Commissioner*: (a) the *Player* or *Player Support Personnel* who has been charged with the alleged offence; and (b) the *Complainant* (or, in the case of the *ICC's Chief Executive Officer*, his/her representative/nominee). Where any such individual has a compelling justification for his/her non-attendance, then they shall be given the opportunity to participate in the hearing before the *Judicial Commissioner* by telephone or video conference (if available). In addition, a representative of the *ICC's* legal department shall be entitled to attend any such hearing. Without prejudice to the *Player* or *Player Support Personnel's* ability to call and to question such witnesses as may be necessary and/or to be represented by such other person of his/her own choosing pursuant to Article 5.2.9, one of the *Team Captain*, *Team Vice-Captain* or *Team Manager* of the team that the *Player* or *Player Support Personnel* represents may also attend such hearing to provide additional support and assistance to the *Player* or *Player Support Personnel*.

5.2.9 Each of the individuals described in Article 5.2.8(a) and (b) shall have the right (at his/her or its own expense) to be represented at the hearing before the *Judicial Commissioner* by such representative (including legal counsel) of his/her or its own choosing. Where the *Complainant* is an *Umpire* or *Match Referee* that officiated in the *International Match* in question or the *ICC's Chief Executive Officer*, then such person shall be entitled to be represented prior to, and during, the hearing (if he/she considers necessary) by a representative of the *ICC's* Legal Department.

5.2.10 The non-attendance of the *Player* or *Player Support Personnel* or his/her representative at the hearing, after proper notice of the hearing has been provided, shall not prevent the *Judicial Commissioner* from proceeding with the hearing in his/her absence, whether or not any written submissions are made on his/her behalf.

5.2.11 At the end of a hearing, where the *Judicial Commissioner* considers that further evidence is necessary or further time is required to consider the evidence that has been presented, he/she shall adjourn the hearing for an appropriate period of time and make such directions as may be necessary.

5.2.12 Alternatively, at the end of a hearing:

5.2.12.1 brought under Article 4.7.2:

(a) as soon as possible after the conclusion of the hearing (and, in any event, no later than forty-eight (48) hours thereafter), the *Judicial Commissioner* will confirm the *Player* or *Player Support Personnel's* admission that he/she had committed a *Code of Conduct* offence and announce the

substance of his/her decision. Within seven (7) days after conclusion of the hearing, the *Judicial Commissioner* shall announce his/her written decision, with reasons, setting out: (a) what sanctions, if any, are to be imposed (including any fine and/or period of suspension); (b) the date that any period of suspension shall come into force and effect; and (c) any rights of appeal that may exist pursuant to Article 8.

5.2.12.2 brought under Article 4.7.3 (or where the *Player* or *Player Support Personnel* has failed to respond in a timely fashion to the *Notice of Charge*):

(a) the *Judicial Commissioner* shall adjourn the hearing (for a period of no less than ten (10) minutes and no more than twenty-four (24) hours), following which he/she will reconvene the hearing and verbally announce his/her finding as to whether a *Code of Conduct* offence has been committed;

(b) where the *Judicial Commissioner* determines that a *Code of Conduct* offence has been committed, the *Player* or *Player Support Personnel* may request a short adjournment (of no more than thirty (30) minutes) to prepare any submissions that he/she might wish to make in relation to the appropriate sanction that ought to be applied; and

(c) as soon as possible after the conclusion of the hearing (and, in any event, no later than forty-eight (48) hours thereafter), the *Judicial Commissioner* will announce the substance of his/her decision. Within seven (7) days after conclusion of the hearing, the *Judicial Commissioner* shall announce his/her written decision, with reasons, setting out: (a) the finding as to whether a *Code of Conduct* offence had been committed; (b) what sanctions, if any, are to be imposed (including any fine and/or period of suspension); (c) the date that any period of suspension shall come into force and effect; and (d) any rights of appeal that may exist pursuant to Article 8.

5.2.13 A copy of the written reasoned decision will be provided to the *Player* or *Player Support Personnel,* the CEO of the *Player* or *Player Support Personnel's National Cricket Federation*, the *Complainant* and the *ICC's Cricket Operations Manager*.

5.2.14 Subject only to the rights of appeal under Article 8, the *Judicial Commissioner's* decision shall be the full, final and complete disposition of the matter and will be binding on all parties.

General Principles of Procedure

5.3 Where a *Report* is filed by more than one of the individuals described in Article 3.1 in relation to the same alleged offence under the *Code of Conduct*, then the *Player* or *Player Support Personnel* alleged to have committed the offence will only be served with one *Notice of Charge* in accordance with the procedures set out in Article 4. However, all persons who filed a *Report* (or, in the case of the *ICC's Chief Executive Officer*, his/her representative/nominee) in relation to the alleged offence are required to attend the hearing before the *Match Referee* or *Judicial Commissioner* unless there is a compelling justification for his/her non-attendance, in which case they shall be given the opportunity to participate in the hearing by telephone or video conference (if available).

5.4 Where two or more *Players* or *Player Support Personnel* are alleged to have committed offences under the *Code of Conduct*, they may both be dealt with at the same hearing where the proceedings

arise out of the same incident or set of facts, or where there is a clear link between separate incidents, as follows:

5.4.1 any number of *Level 1 Offences* and/or *Level 2 Offences* and/or *Level 3 Offences* can all be determined by a *Match Referee* at the same hearing*;* and

5.4.2 any number of *Level 4 Offences* can all be determined by a *Judicial Commissioner* at the same hearing; and

5.4.3 a *Level 1 Offence* and/or *Level 2 Offence* and/or *Level 3 Offence* can be determined by a *Judicial Commissioner* at the same hearing as a *Level 4 Offence;* but

5.4.3 a *Level 4 Offence* cannot be determined by a *Match Referee* at the same hearing as a *Level 1 Offence* or a *Level 2 Offence* or a *Level 3 Offence*, and separate proceedings should therefore be issued in relation to each alleged offence.

5.5 Where a *Player* or *Player Support Personnel* is alleged to have committed more than one breach of the *Code of Conduct* during, or in relation to the same *International Match*, then all of the alleged offences may be dealt with at the same hearing, as follows:

5.5.1 any number of *Level 1 Offences* and/or *Level 2 Offences* and/or *Level 3 Offences* can all be determined by a *Match Referee* at the same hearing*;* and

5.5.2 any number of *Level 4 Offences* can all be determined by a *Judicial Commissioner* at the same hearing; and

5.5.3 a *Level 1 Offence* and/or *Level 2 Offence* and/or *Level 3 Offence* can be determined by a *Judicial Commissioner* at the same hearing as a *Level 4 Offence;* but

5.5.3 a *Level 4 Offence* cannot be determined by a *Match Referee* at the same hearing as a *Level 1 Offence* or a *Level 2 Offence* or a *Level 3 Offence*, and separate proceedings should therefore be issued in relation to each alleged offence.

5.6 Any failure or refusal by any *Player* or *Player Support Personnel* to provide assistance to a *Match Referee* or *Judicial Commissioner* in connection with any charge made pursuant to this *Code of Conduct* may constitute a separate offence (depending upon the seriousness and context of such failure or refusal) under Article 2.20 of the *Code of Conduct*.

5.7 Where a *Match Referee* lodges a *Report* with the *ICC's General Counsel* pursuant to Article 3.2, and, pursuant to Article 4.2, the *ICC's General Counsel* determines that there is a case to answer, he/she shall appoint a member of the *ICC's Code of Conduct Commission* (who shall have had no prior involvement with the case and shall not, unless otherwise agreed between the parties, be from a country participating in the *International Match* during, or in relation to which, the alleged offence was committed) to hear the case as a replacement to the *Match Referee* and all of the remaining procedure will apply accordingly.

5.8 In addition to, and notwithstanding, Article 5.7 above, where a *Match Referee* is, or becomes, unwilling or unable to hear a case (for example, where he/she finds him/herself in a position of conflict), then the *ICC's General Counsel* shall have the discretion to appoint the *ICC's Chief Referee* or such other referee as the *ICC* deems to be appropriate in all the circumstances. Where the *ICC's Chief Referee* (or such other referee) is unwilling or unable to hear the case, a member of the *ICC's Code of Conduct Commission* (who shall have had no prior involvement with the case and shall not, unless otherwise agreed between the parties, be from a country participating in the *International Match* during, or in relation to which, the alleged offence was committed) as a replacement to the *Match Referee* and all of the remaining procedure will apply accordingly.

5.9 Where a *Judicial Commissioner* is, or becomes unwilling or unable to hear a case (for example, where he/she finds him/herself in a position of conflict), then the *ICC's General Counsel* shall have the discretion to appoint another member of the *ICC's Code of Conduct Commission* (who shall have had no prior involvement with the case and shall not, unless otherwise agreed between the parties, be from a country participating in the *International Match* during, or in relation to which, the alleged offence was committed) as a replacement to the *Judicial Commissioner* and all of the remaining procedure will apply accordingly.

5.10 The *ICC* will issue a public announcement regarding any decision of the *Match Referee* or *Judicial Commissioner* made under the *Code of Conduct*, as soon as is reasonably practicable after the decision has been communicated to the parties. The public announcement of the decision may include details of the offences committed under the *Code of Conduct* and of the sanctions imposed, if any. Until such time as a public announcement is published, all parties and participants in the proceedings shall treat such proceedings as strictly confidential. For the avoidance of doubt, nothing in this Article shall prevent any party (or any relevant *National Cricket Federation*) publicly confirming the date of the hearing, the offence that is alleged to have been committed and/or the name of the *Player* or *Player Support Personnel* charged.

ARTICLE 6 STANDARD OF PROOF AND EVIDENCE

6.1 Unless otherwise described herein, the standard of proof in all cases brought under the *Code of Conduct* shall be whether the *Match Referee* or *Judicial Commissioner* is comfortably satisfied, bearing in mind the seriousness of the allegation that is made, that the alleged offence has been committed. This standard of proof in all cases shall be determined on a sliding scale from, at a minimum, a mere balance of probability (for the least serious offences) up to proof beyond a reasonable doubt (for the most serious offences).

6.2 The *Match Referee* or *Judicial Commissioner* shall not be bound by judicial rules governing the admissibility of evidence. Instead, facts relating to an offence committed under the *Code of Conduct* may be established by any reliable means, including admissions.

6.3 The *Match Referee* or *Judicial Commissioner* may draw an inference adverse to the *Player* or *Player Support Personnel* who is asserted to have committed an offence under the *Code of Conduct* based on his/her refusal, without compelling justification, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the *Match Referee* or *Judicial Commissioner*) and/or to answer any relevant questions.

ARTICLE 7 SANCTIONS ON *PLAYERS* AND *PLAYER SUPPORT PERSONNEL*

***COMMENT**: The aim of the sanctioning regime under this Code of Conduct is to (a) sanction those Players and Player Support Personnel found to have committed an offence under the Code of Conduct, and (b) to act as a deterrent to other Players and Player Support Personnel to deter them from conducting themselves improperly on and off the "field of play". The ICC believes that the threat of a suspension is the strongest deterrent to bring about a change in behavior, hence the system of accumulated Demerit Points which is included in the Code of Conduct.*

7.1 Where a *Match Referee* or *Judicial Commissioner* determines that an offence under the *Code of Conduct* has been committed, he/she will be required to impose an appropriate sanction on the *Player* or *Player Support Personnel*.

7.2 In determining the appropriate sanction, the *Match Referee* or *Judicial Commissioner* shall take into account any factors that he/she deems relevant and appropriate to the mitigation or aggravation of the nature of the *Code of Conduct* offence before determining, in accordance with the table set out in Article 7.3 below, what the appropriate sanction(s) should be.

7.3 In addition to sanctions imposed by a *Match Referee* or *Judicial Commissioner* under Article 7.2 above, *Demerit Points* will be imposed upon a *Player* or *Player Support Personnel* found to have committed an offence under the *Code of Conduct*. The number of *Demerit Points* imposed will be calculated by reference to the sanction imposed for the particular offences, as set out in the following table.

LEVEL OF OFFENCE	**RANGE OF PERMISSIBLE SANCTIONS**	**CORRESPONDING *DEMERIT POINTS***	
Level 1	Warning and/or the imposition of a fine of up to 50% of the applicable *Match Fee*.	Warning or 0-25% fine	1
		26-50% fine	2
Level 2	The imposition of a fine of between 50-100% of the applicable *Match Fee* or up to two (2) *Suspension Points*.	50-100% fine or 1 *Suspension Point*	3
		2 *Suspension Points*	4
Level 3	The imposition of between four (4) and twelve (12) *Suspension Points*.*****	4-7 *Suspension Points*	5
		8-12 *Suspension Points*	6
Level 4	The imposition of twelve (12) *Suspension Points* or a suspension for a fixed period of time ranging between, at a minimum, the lesser of the equivalent of twelve (12) *Suspension Points* and one (1) year, up to a maximum of a lifetime's suspension.	12 *Suspension Points*	7
		Fixed period of suspension between 12 *Suspension Points* or one (1) year, and a lifetime suspension	8
Minimum Over Rate Offences	See specific sanctions described in the table at Article 4 of Appendix 2.	N/A	

Demerit Points will remain on a *Player* or *Player Support Personnel's* disciplinary record for a period of twenty-four (24) months from their imposition following which they shall be immediately expunged.

*** NOTE:** In all cases marked with a *****, the maximum 'actual' period of suspension shall be no more than one (1) year, irrespective of the number and/or the practical application of any *Suspension Points* that might be imposed.

7.4 Where a *Match Referee* or *Judicial Commissioner* imposes a period of suspension on any *Player* or *Player Support Personnel*, then, unless such period is for a fixed period of time (for example,

one year) then, any such period of suspension shall be referenced by *Suspension Points*, which shall carry the following weightings:

7.4.1 a *Test Match* or any other *International Match* of at least four days in duration is given a weighting of two (2) *Suspension Points*;

7.4.2 a *One Day International Match* or *Twenty20 International Match* is given a weighting of one (1) *Suspension Point*; and

7.4.3 all other *International Matches* are given a weighting of one (1) *Suspension Point*.

7.5 Each time a *Player* or *Player Support Personnel* is found to have committed an offence under the *Code of Conduct* and a sanction is imposed by a *Match Referee* or *Judicial Commissioner,* corresponding *Demerit Points* as per the table in Article 7.3 above shall be added to the *Player* or *Player Support Personnel's* record and accumulated with any existing *Demerit Points* imposed on the *Player* or *Player Support Personnel* within the previous twenty-four (24) months. The *ICC's* Cricket Operations Department will keep an accurate and up-to-date record of all *Demerit Points* imposed upon *Players* and *Player Support Personnel* and will carry out the process of accumulating *Demerit Points* each time a *Player* or *Player Support Personnel* is found to have committed an offence and sanctioned.

7.6 Where a *Player* or *Player Support Personnel* accumulates a total of four or more *Demerit Points* as set out in the table below, these *Demerit Points* shall be converted into *Suspension Points (*at the point that the *Player* or *Player Support Personnel* first crosses the relevant threshold) as follows:

Accumulated *Demerit Points*	**Corresponding *Suspension Points***
4-7	2
8-11	4
12-15	6
16 and above	8

7.7 Notice of the amount of *Demerit Points* imposed and the accumulated total, together with any resulting *Suspension Points,* will be communicated by the *ICC's* Cricket Operations Department, as soon as is reasonably practicable, to the *Player* or *Player Support Personnel* at the same time as notice is provided to the CEO of the *Player* or *Player Support Personnel's National Cricket Federation* of the commission of the offence and resulting sanction. Any resulting *Suspension Points* imposed on the basis of accumulated *Demerit Points* shall be applied in accordance with the principles set down in Article 7.9 below and shall take effect immediately upon notice of the same to the *Player* or *Player Support Personnel*.

7.8 Any *Suspension Points* imposed on a *Player* or *Player Support Personnel* through the accumulation of *Demerit Points* will be applicable in addition to, and, for the avoidance of doubt, not in place of, any *Suspension Points* or period of suspension imposed by the *Match Referee* or *Judicial Commissioner* pursuant to Article 7.2 above. However, any such period of suspension shall run concurrently with any period of suspension imposed by the *Match Referee* or *Judicial Commissioner.*

EXAMPLE OF THE APPLICATION OF DEMERIT POINTS:

1. *A Player commits a Level 1 offence and receives a fine of 50% from the Match Referee.*

2. *That Player will correspondingly receive two (2) Demerit Points in respect of that offence on his/her disciplinary record.*

3. *The same Player then commits a Level 2 offence three (3) months after the Level 1 offence was committed and is sanctioned with 2 Suspension Points by the Match Referee.*

4. *The Level 2 offence will equate to four (4) Demerit Points.*

5. *As the second offence took place within three (3) months of the first offence, the Demerit Points imposed in respect of the second offence are added to the Demerit Points imposed in respect of the first offence, meaning that the Player now has an accumulated total of six (6) Demerit Points.*

6. *Six (6) Demerit Points equate to a suspension equivalent to two (2) Suspension Points (i.e. 1 Test Match or 2 ODIs or 2 T20Is. Such suspension will be served by the Player concurrently with the suspension imposed in respect of the Level 2 offence.*

7. *After completing his/her suspension, the Demerit Points remain on the Player's disciplinary record for a period of twenty-four (24) months.*

8. *Three (3) months later, the Player commits another Level 2 offence and is sanctioned for that offence with a 100% fine.*

9. *A further three (3) Demerit Points will then be added to the Player's disciplinary record in respect of that offence, taking his/her accumulated total within twenty-four (24) months to nine (9) Demerit Points.*

10. *Nine (9) Demerit Points equate to a suspension equivalent to four (4) Suspension Points (i.e. 2 Test Matches, 1 Test Match and 2 ODIs/T20Is or 4 ODIs or 4 T20Is). Such suspension will be served by the Player immediately upon notice of the same in accordance with Article 7.7.*

11. *After completing his/her suspension, the Demerit Points remain on the Player's disciplinary record for a period of twenty-four (24) months.*

7.9 Where *Suspension Points* are imposed against a *Player* or *Player Support Personnel* (whether by a *Match Referee* or *Judicial Commissioner*, or through the accumulation of *Demerit Points* in accordance with Article 7.6 above), then such *Suspension Points* will be applied in accordance with the following principles:

7.9.1 the *Match Referee, Judicial Commissioner* or the *ICC* (as applicable) shall have regard to the *Player's* or *Player Support Personnel's* participation in the various formats of *International Matches* over the previous two years in order to determine (to the best of his/her ability) which of the forthcoming *International Matches* the *Player* is most likely to participate in or the *Player Support Personnel* is most likely to assist the participation of a *Player* in;

7.9.2 where necessary, the *Match Referee* or *Judicial Commissioner* shall be entitled to consult with the *ICC* in order to make a determination as to which of the forthcoming *International Matches* the *Player* is most likely to participate in or the *Player Support Personnel* is most likely to assist the participation of a *Player* in;

7.9.3 in so far as is reasonably possible, the *Match Referee, Judicial Commissioner* or the *ICC* (as applicable) shall apply the *Suspension Points* to the subsequent *International Matches* in which the *Player* is most likely to participate in or the *Player Support Personnel* is most

likely to assist the participation of a *Player* in, on a chronological basis immediately following the announcement of the decision;

7.9.4 where a *Player* or *Player Support Personnel* has his/her *Suspension Points* applied to an *International Match* that is subsequently cancelled, postponed or otherwise abandoned prior to the actual day on which it is scheduled to take place, then such *Suspension Points* must be reallocated to the next subsequent *International Matches* in which the *Player* is most likely to participate in or the *Player Support Personnel* is most likely to assist the participation of a *Player* in. Where an *International Match* is cancelled, postponed or otherwise abandoned at any time on the actual day on which it is scheduled to take place, then the *Suspension Points* will remain allocated to that *International Match*, irrespective of such cancellation, postponement or abandonment.

EXAMPLES OF THE APPLICATION OF SUSPENSION POINTS:

1. Where a Player's playing history suggests that he/she is most likely to represent his/her National Cricket Federation in Test Matches only, then the Suspension Points shall be applied to his/her future participation in Test Matches only, so that six (6) Suspension Points would be applied to the three (3) Test Matches immediately following the announcement of the decision, notwithstanding that the National Cricket Federation might be participating in intervening One Day International Matches and/or Twenty20 International Matches.

2. *Where a Player's playing history suggests that he/she is likely to be selected to represent his/her National Cricket Federation in all formats of International Matches, then the Suspension Points shall be applied to his/her future participation in all International Matches in the sequential order in which such International Matches take place immediately following the announcement of the decision. The examples set out below, would apply to the following chronological list of potential playing fixtures:*

- *Code of Conduct decision*
- *One-Day International Match - weighting 1 Suspension Point (**"Match A"**)*
- *One-Day International Match - weighting 1 Suspension Point (**"Match B"**)*
- *Test Match - weighting 2 Suspension Point ("**Match C"**)*
- *Test Match weighting 2 Suspension Point (**"Match D"**)*
- *Twenty20 International Match - weighting 1 Suspension Point (**"Match E"**)*
- *Twenty20 International Match - weighting 1 Suspension Point (**"Match F"**)*

(a) One (1) Suspension Point would be applied to Match A;
(b) Two (2) Suspension Points would be applied to Matches A and B;
(c) Three (3) Suspension Points would be applied to Matches A, B and E;
(d) Four (4) Suspension Point would be applied to Match A, B and C;
(e) Five (5) Suspension Points would be applied to Matches A, B, C and E;
(f) Six (6) Suspension Points would be applied to Matches A, B, C and D;
(g) Seven (7) Suspension Points would be applied to Matches A, B, C, D and E;
(h) Eight (8) Suspension Points would be applied to Matches A, B, C, D, E and F.

7.10 For the avoidance of any doubt:

7.10.1 the *Match Referee* or *Judicial Commissioner* will have no jurisdiction to adjust, reverse or amend the results of any *International Match*;

7.10.2 where a *Player* or *Player Support Personnel* is found guilty of committing two separate *Code of Conduct* offences that do not relate to the same incident or set of circumstances arising during an *International Match* and sanctioned separately for each offence, then any sanctions should run cumulatively (and not concurrently);

7.10.3 where a *Player* or *Player Support Personnel* is found guilty of committing two *Code of Conduct* offences in relation to the same incident or set of circumstances arising during an *International Match* and sanctioned separately, then any sanctions imposed should run concurrently (and not cumulatively);

7.10.4 nothing in this *Code of Conduct* shall permit plea bargaining in relation to any alleged offence committed under this *Code of Conduct*;

7.10.5 where the *Match Referee* or *Judicial Commissioner* finds a *Player* or *Player Support Personnel* not guilty of the offence allegedly committed under the *Code of Conduct*, then it remains open to him/her, at his/her discretion, to find the *Player* or *Player Support Personnel* guilty of an offence of a lower level than that with which he/she has been charged. For example where a *Player* or *Player Support Personnel* has been charged with (but been found not guilty of) 'showing dissent at an *Umpire's* decision' (Article 2.8) at Level 2, the *Match Referee* may, instead, find the *Player* or *Player Support Personnel* guilty of the same offence at Level 1 and impose an appropriate sanction; and

7.10.6 where a fine and/or costs award is imposed against a *Player* or *Player Support Personnel*, then such fine and/or costs award must be paid: (a) by the *Player* or *Player Support Personnel* (and not any other third party, including a *National Cricket Federation*); (b) to the *Player* or *Player Support Personnel's National Cricket Federation* (for onward transmission to the *ICC*) within one calendar month of receipt of the decision imposing the fine. However, the *ICC* will consider any request from any *Player* or *Player Support Personnel* to make the payment of such fines and/or costs over a prolonged period of time on the grounds of financial hardship. Should any fine and/or costs award (or agreed part-payment or instalment thereof) not be paid to the relevant *National Cricket Federation* within such deadline or by the time of the next agreed payment date, the *Player* or *Player Support Personnel* may not play, coach or otherwise participate or be involved in any capacity in any *International Match* until such payment has been satisfied in full.

7.11 Where a *Player* or *Player Support Personnel* has had *Suspension Points* imposed against him/her or has been suspended for a fixed period of time, he/she may not play, coach or otherwise participate or be involved in any capacity in the *International Match(es)* which: (a) are covered by the application of his/her *Suspension Points* as determined in accordance with Article 7.9; or (b) take place during the fixed period of his/her suspension.

NOTE: *For the avoidance of any doubt, a Player or (where relevant) Player Support Personnel who has had Suspension Points imposed against him/her or has been suspended for a fixed period of time shall not, during the International Matches which are covered by his/her Suspension Points or the period of suspension:*

(a) be nominated as, or carry out any of the duties or responsibilities of, a substitute fielder; or

(b) enter any part of the playing area (which shall include, for the avoidance of doubt, the field of play and the area between the boundary and perimeter boards) at any time, including during any scheduled or unscheduled breaks in play.

In addition, Player Support Personnel so sanctioned shall not be permitted to enter the players' dressing room (including the viewing areas) during any International Match covered by his/her Suspension Points or the period of suspension. Players so sanctioned will, however, be permitted to enter the players' dressing room provided that the players' dressing room (or any part thereof) for the relevant International Match is not within the player area described in (b) above (for example, no such Player shall be permitted access to an on-field 'dug-out').

Finally, any Player or Player Support Personnel so sanctioned shall not be prevented from attending any post-match ceremonies or presentations taking place anywhere on the field of play or otherwise following the conclusion of an International Match covered by his/her Suspension Points or the period of suspension unless

the suspension or Suspension Points have been imposed in respect of a Level 3 or Level 4 Offence under this Code of Conduct. In such circumstances, the Player or Player Support Personnel shall not be permitted to attend such ceremonies or presentations.

7.12 Once any *Suspension Points* or fixed period of suspension has expired, the *Player* or *Player Support Personnel* will automatically become re-eligible to participate (in the case of a *Player*) or assist the participation (in the case of a *Player Support Personnel*) in *International Matches* provided that he/she has paid, in full, all amounts forfeited under the *Code of Conduct*, including any fines, compensatory awards or award of costs that may have been imposed against him/her.

ARTICLE 8 APPEALS

NOTE: *For the avoidance of doubt, the right of appeal will be determined by reference to the level of offence which the decision of the Match Referee or Judicial Commissioner (as applicable) relates to, and not necessarily the Level of offence originally reported.*

By way of example, a Judicial Commissioner may have been asked to determine a Level 4 Offence, but in coming to his/her decision, he/she has exercised the right afforded to him/her in Article 7.10.5 and found the Player or Player Support Personnel concerned not guilty of the Level 4 Offence, but guilty of a Level 3 Offence. In such circumstances, the right of appeal shall be determined on the basis of the Level 3 Offence and thus in accordance with Article 8.2.

In circumstances where the application of this note would lead to the same level of adjudicator hearing the appeal as heard the first instance case, then the relevant adjudicatory body shall be the higher body. By way of example, in the example listed above, an Appeal Panel would have the jurisdiction to hear the appeal against the Level 3 Offence even though technically under the Code of Conduct a Judicial Commissioner would hear the appeal, as the first instance hearing was held before a Judicial Commissioner. The terms of this Article 8 should therefore be construed accordingly.

8.1 Appeals from decisions in relation to a *Level 1 Offence*

8.1.1 Decisions made under the *Code of Conduct* by a *Match Referee* in relation to a *Level 1 Offence* shall be non-appealable and shall remain the full and final decision in relation to the matter.

8.2 Appeals from decisions in relation to: (a) a *Level 2* or *Level 3 Offence*; or (b) a *Minimum Over Rate Offence*

8.2.1 Decisions made under the *Code of Conduct* by a *Match Referee* in relation to: (a) a *Level 2* or *Level 3 Offence*; or (b) a *Minimum Over Rate Offence*, may be challenged solely by appeal as set out in this Article 8.2. Such decision shall remain in effect while under appeal unless any *Judicial Commissioner* properly convened to hear the appeal orders otherwise.

8.2.2 The only parties who may appeal a decision of this nature shall be: (a) the *Player* or *Player Support Personnel* found guilty of the offence or, where appropriate in the case of an offence under either Article 2.11 (manipulation of an *International Match*), 2.14 (changing the condition of the ball), or 2.22 (failure to meet the *Minimum Over Rate*), the relevant *Team Captain*; (b) the person who lodged the *Report* pursuant to Article 3,1; and (c) the *ICC's Chief Executive Officer* (or his/her designee).

8.2.3 Any notice to appeal under this Article must be lodged with the *ICC's General Counsel* within 48 hours of receipt of the written decision of the *Match Referee*. In all cases, a copy of such notice will also be provided to the CEO of the *National Cricket Federation* to which the *Player* or *Player Support Personnel* is affiliated and the person who lodged the *Report* pursuant to Article 3.1. Thereafter, the following will apply:

8.2.3.1 Upon filing a *Notice of Appeal* pursuant to this Article 8.2, the party appealing the decision shall pay to the *ICC* an appeal fee of US $15,000 (the "**Appeal Fee**"). In circumstances where the appeal is successful (i.e. where either the sanction originally imposed is reduced, and/or the decision on guilt is overturned), the *Appeal Fee* shall be refunded to the appealing party.

8.2.3.2 Within 48 hours of receipt of a notice to appeal: (a) the *ICC's General Counsel* will appoint a member of the *ICC's Code of Conduct Commission* who is (unless otherwise agreed between the parties) from a country other than those participating in the *International Match* during, or in relation to which, the alleged offence was committed, to act as *Judicial Commissioner* and hear the appeal sitting alone; and (b) the *Match Referee* will provide a written statement to the *ICC's General Counsel* setting our any relevant facts (to be copied to the *Player* or *Player Support Personnel*).

8.2.3.3 The *provisions* of Articles 5.1.2 to 5.1.11, applicable to proceedings before the *Match Referee*, shall apply *mutatis mutandis* (ie with changes deemed to have been made as required to reflect the different context) to appeal hearings before the *Judicial Commissioner*.

8.2.3.4 The *Judicial Commissioner* shall hear and determine all issues arising from any matter which is appealed pursuant to this Article on a *de novo* basis, ie he/she shall hear the matter over again, from the beginning, without being bound in any way by the decision being appealed. For the avoidance of doubt, the *Judicial Commissioner* shall have the power to increase or decrease, amend or otherwise substitute a new decision on the appropriateness (or otherwise) of the sanction imposed at first instance, provided that any new sanction must be within the permitted range of sanctions set out in the table in Article 7.3 (or, where applicable, Article 4 of Appendix 2).

8.2.3.5 Appeal hearings pursuant to this Article 8.2 should be completed expeditiously. Save where all parties agree or fairness requires otherwise, the appeal hearing shall be commenced no later than seven (7) days after the appointment of the member of the *Judicial Commissioner*. It shall be open to the *Judicial Commissioner,* in his/her discretion, to determine that the matter (or any part thereof) be dealt with by way of written submissions only.

8.2.3.6 Any decision made by the *Judicial Commissioner* under this Article 8.2, shall be the full, final and complete disposition of the matter and will be binding on all parties.

8.3 Appeals from decisions in relation to a *Level 4 Offence*

8.3.1 Decisions made under the *Code of Conduct* by a *Judicial Commissioner* in relation to a *Level 4 Offence* may be challenged solely by appeal as set out in this Article 8.3. Such decision shall remain in effect while under appeal unless any properly convened *Appeal Panel* orders otherwise.

8.3.2 The only parties who may appeal a decision made in relation to a *Level 4 Offence* shall be: (a) the *Player* or *Player Support Personnel* found guilty of the offence; (b) the person who lodged the *Report* pursuant to Article 3.1; and (b) the *ICC's Chief Executive Officer*.

8.3.3 Any notice to appeal under this Article must be lodged with the *ICC's General Counsel* within seven (7) days of receipt of the written decision of the *Judicial Commissioner*. In all cases, a copy of such notice will also be provided to the CEO of the *National Cricket Federation* to which the *Player* or *Player Support Personnel* is affiliated. Thereafter, the following will apply:

8.3.3.1 Upon filing a *Notice of Appeal* pursuant to this Article 8.3, the party appealing the decision shall pay to the *ICC* an *Appeal Fee*. In circumstances where the appeal is successful, the *Appeal Fee* shall be refunded to the appealing party.

8.3.3.2 Within seventy-two (72) hours of receipt of a notice to appeal: (a) the *ICC's General Counsel* will appoint three members of the *ICC's Code of Conduct Commission* each of whom are (unless otherwise agreed between the parties) from a country other than those participating in the relevant *International Match* to sit as the *Appeal Panel* to hear the appeal; and (b) the *Judicial Commissioner* will provide a written statement to the *ICC's General Counsel* setting our any relevant facts (to be copied to the *Player* or *Player Support Personnel*).

8.3.3.3 The provisions of Articles 5.2.2 to 5.2.14, applicable to proceedings before the *Judicial Commissioner*, shall apply *mutatis mutandis* (ie with changes deemed to have been made as required to reflect the different context) to appeal hearings before the *Appeal Panel.*

8.3.3.4 Where required in order to do justice (for example to cure procedural errors at the first instance hearing), the appeal shall take the form of a re-hearing *de novo* of the issues raised by the case. In all other cases, the appeal shall not take the form of a *de novo* hearing but instead shall be limited to a consideration of whether the decision being appealed was erroneous.

8.3.3.5 Appeal hearings pursuant to this Article 8.3 should be completed expeditiously. Save where all parties agree or fairness requires otherwise, the appeal hearing shall be commenced no later than thirty (30) days after the appointment of the *Appeal Panel.* It shall be open to the *Appeal Panel*, in its discretion, to determine that the matter (or any part thereof) be dealt with by way of written submissions only.

8.3.3.6 Any decision made by the *Appeal Panel* under this Article 8.3, shall be the full, final and complete disposition of the matter and will be binding on all parties.

8.4 No appeal in relation to an accepted sanction

8.4.1 For the avoidance of doubt, where a *Player* or *Player Support Personnel* admits the offence charged and accedes to the proposed sanction specified in the *Notice of Charge* in accordance with the procedure described in Articles 4.23.1 or 4.7.1, the *Player* or *Player Support Personnel* waives his/her right to any appeal against the imposition of such a sanction.

ARTICLE 9 RECOGNITION OF DECISIONS

9.1 Any hearing results or other final adjudications under the *Code of Conduct* shall be recognised and respected by the *ICC* and its *National Cricket Federations* automatically upon receipt of notice of the same, without the need for any further formality. Each of the ICC and its *National Cricket Federations* shall take all steps legally available to it to enforce and give effect to such decisions.

9.2 It shall be a condition of membership of the *ICC* that all *National Cricket Federations* shall comply with the *Code of Conduct*.

ARTICLE 10 SANCTIONS AND COSTS ASSESSED AGAINST *NATIONAL CRICKET*

FEDERATIONS

10.1 Where *Players* or *Player Support Personnel* representing one *National Cricket Federation* accumulate a combined total of 15 *Demerit Points* (which must arise from at least 6 separate *Code of Conduct* offences) within a twelve month period, that *National Cricket Federation* shall be deemed to have failed to ensure that their *Players* or *Player Support Personnel* uphold the Spirit of Cricket and consequently the *ICC* Board may, in its absolute discretion, impose a fine on the *National Cricket Federation* (up to a maximum of US$ 100,000).

ARTICLE 11 AMENDMENT AND INTERPRETATION OF THE *CODE OF CONDUCT*

11.1 The *Code of Conduct* may be amended from time to time by the Executive Board of the *ICC*, with such amendments coming into effect on the date specified by the *ICC*.

11.2 The headings used for the various Articles of the *Code of Conduct* are for the purpose of guidance only and shall not be deemed to be part of the substance of the *Code of Conduct* or to inform or affect in any way the language of the provisions to which they refer.

11.3 The *Code of Conduct* shall come into full force and effect on 16 June 2023 (the **"Effective Date"**). It shall not apply retrospectively to matters pending before the *Effective Date*; provided, however, that any case pending prior to the *Effective Date*, or brought after the *Effective Date* but based on an offence that is alleged to have occurred before the *Effective Date*, shall be governed by the predecessor version of the *Code of Conduct* in force at the time of the alleged offence, subject to any application of the principle of *lex mitior* by the hearing panel determining the case.

11.4 If any Article or provision of this *Code of Conduct* is held invalid, unenforceable or illegal for any reason, the *Code of Conduct* shall remain otherwise in full force apart from such Article or provision which shall be deemed deleted insofar as it is invalid, unenforceable or illegal.

11.5 The *Code of Conduct* is governed by and shall be construed in accordance with English law. Strictly without prejudice to the arbitration provisions of Articles 5 and 8 of the *Code of Conduct*, disputes relating to the *Code of Conduct* shall be subject to the exclusive jurisdiction of the English courts.

APPENDIX 2 – *MINIMUM OVER RATE* REQUIREMENTS, CALCULATION, REPORTING AND DISCIPLINARY PROCESS AND SANCTIONS

1. *Minimum Over Rate*

The minimum over rate to be achieved by the fielding team in all *International Matches* shall be as set out in the *ICC Standard Test Match, ODI and T20I Playing Conditions* applicable to the relevant *International Match* (the **"Minimum Over Rate"**).

2. Calculating the Actual Over Rate

2.1 The actual over rate will be calculated at the end of each *International Match* by those *Umpires* appointed to officiate in such *International Match*. In the case of *Test Matches* (or other *International Matches* of at least four days in duration), the actual over rate will be the average rate which is achieved by the fielding team across both of the batting team's innings.

2.2 In calculating the actual over rate for an *International Match,* allowances will be given for the actual time lost as a result of any of the following:

2.2.1 treatment given to a *Player* by an authorised medical personnel on the field of play;

2.2.2 a *Player* being required to leave the field as a result of a serious injury;

2.2.3 all TV *Umpire* referrals and consultations;

2.2.4 time wasting by the batting side (which may, in addition, constitute a separate offence pursuant to Article 2.20 depending upon the context and seriousness of the incident); and

2.2.5 all other circumstance that are beyond the control of the fielding team.

2.3 In addition, the following time allowances will be given:

2.3.1 in *Test Matches* (or other *International Matches* of at least four days in duration):

(a) 2 minutes per wicket taken, provided that such wicket results in the subsequent batter immediately commencing his/her innings. For the avoidance of any doubt, no time allowance will be given for the final wicket of an innings or where a wicket falls immediately prior to any interval; and

(b) 4 minutes per drinks break taken (one per session).

2.3.2 in *Twenty20 International Matches*:

(a) 1 minute for every 3 full overs that an innings is reduced by as a result of any delay and/or interruption in play.

2.4 Further, the following exclusions and exemptions will be applied:

2.4.1 in *Test Matches* (or other *International Matches* of at least four days in duration):

(a) if the fielding team bowls out the batting team in 80 overs or less in any particular innings and the *Minimum Over Rate* requirement for that innings has not been exceeded (taking into account all of the time allowances described in this Article

2), no account shall be taken of the actual over rate in that innings when calculating the actual over rate at the end of such *Match*.

(b) if the fielding team bowls out the batting team twice but has not completed more than 160 overs in total across both of its completed fielding innings in doing so, no sanction will be imposed in respect of any breach of the *Minimum Over Rate*.

(c) if the fielding team has not completed more than 80 overs in total in the course of its two innings in a *Match*, no sanction will be imposed in respect of any breach of the *Minimum Over Rate*.

2.4.2 in *One Day International Matches* or *Twenty20 International Matches*:

(a) if the fielding team bowls out the batting team within the time determined for that innings pursuant to the *ICC's Standard ODI or T20I Playing Conditions* (as applicable), no sanction will be imposed in respect of any breach of the *Minimum Over Rate*.

3. Procedure

3.1 Where the actual over rate is calculated by the *Umpires* as being equal to or in excess of the *Minimum Over Rate*, no further action shall be taken.

3.2 Where the actual over rate is calculated by the *Umpires* as being less than the *Minimum Over Rate*, the following shall apply:

3.2.1 only the *Umpires* that officiated in the *International Match* during which the alleged offence was committed can report such an offence to the *Match Referee*, and such Report, which must be completed on Form "Rep 1" must be lodged with the *Match Referee* (or, where, for logistical reasons, it is impractical to lodge with the *Match Referee*, the *ICC's* Cricket Operations Department) within 18 hours of the close of the day's play in the relevant *International Match* or prior to the start of the following day's play, whichever is the sooner;

3.2.2 thereafter, the *Match Referee* shall promptly consult with the *Umpires* and shall be entitled, after such consultation, to make such amendments to the actual over rate calculation as he/she deems appropriate in the circumstances to reflect those circumstances that are beyond the control of the fielding team (including, but not limited to those set out in Article 2 of this Appendix 2).

3.2.3 where the *Match Referee* confirms that the *Minimum Over Rate* has not been achieved by the fielding side in any *International Match*, this shall constitute an offence under Article 2.22 of the *Code of Conduct* and the *Match Referee* will promptly issue a *Notice of Charge* in accordance with Article 4.1 of the *Code of Conduct* (with the *Team Captain* being charged on behalf of all the *Players* in the fielding side as well as him/herself) and the matter will be thereafter be adjudicated by the *Match Referee* in accordance with the procedure set out in Article 5.

4. Applicable Sanctions for a *Minimum Over Rate Offence*

4.1 For the purposes of *Minimum Over Rate Offences* only, the table at Article 7.3 of the Code of Conduct shall be replaced with the following:

BREACH	***CHARGED***	**RANGE OF PERMISSIBLE SANCTIONS**

Over Rate Offence (Article 2.22)	*All 11 Players in the fielding team*	5% of *Match Fee* per over short of *Minimum Over Rate* (subject to a maximum cap of 50% of *Match Fee).*

4.2 For the avoidance of doubt, Demerit Points shall not be applied in respect of any Minimum Over Rate Offence.

APPENDIX 3 – *MATCH FEES*

Unless otherwise agreed in advance of an *International Match* or *ICC Event,* for the purposes of any sanctions that are to be applied pursuant to this *Code of Conduct*, the following designated *Match Fees* shall apply:

Type of *International Match*	**Designated *Match Fee***
Any *Test Match*, *One Day International Match* or *Twenty20 International Matches* (other than *Twenty20 International Matches* (men's or women's) taking place between teams which do not hold ODI status).	A country-specific amount which is to be determined by the *ICC's* Chief Executive's Committee in consultation with the relevant *National Cricket Federations*.
All other *International Matches*.	The applicable *Match Fee* will be zero. Accordingly, while a *Match Referee* or *Judicial Commissioner* will have jurisdiction under this *Code of Conduct* to impose a financial sanction against any *Player* or *Player Support Personnel* for a breach of this *Code of Conduct* the effect of such sanction will be zero in a financial sense. However, the corresponding *Demerit Points* applicable to such a fine will be added to the relevant *Player* or *Player Support Personnel's* disciplinary record. Further, the remaining range of permissible sanctions (set out in the tables in Article 7.3 and Article 4 of Appendix 2) shall be available to the *Match Referee* and/or *Judicial Commissioner* in full.

For the avoidance of doubt, the designated *Match Fee* to be applied for the purposes of an offence committed by a *Player Support Personnel* shall be the same as that which would be applied to a *Player* from the same *National Cricket Federation* participating in the same *International Match*.

APPENDIX 4 - EXPEDITED PROCEDURE FOR *CODE OF CONDUCT* OFFENCES OCCURING DURING AN *ICC EVENT*

Where a *Code of Conduct* offence is alleged to have occurred during, or in relation to, an *International Match* that is played as part of an *ICC Event* (except the ICC Intercontinental Cup or the ICC World Cricket League Championship inclusive in which no expedited procedure is to be applied), the provisions of the *Code of Conduct* shall apply in full save for the amendments described in this Appendix 4, which are deemed to be made in order to ensure that any matters arising can be dealt with expediently:

ARTICLE 3 REPORTING AN ALLEGED OFFENCE UNDER THE *CODE OF CONDUCT*

- Article 3.2.1.1(b) – "twenty-four (24) hours" is replaced with "eighteen (18) hours".

- Article 3.2.1.2 – "forty-eight (48) hours (where the *Report* is lodged by an *Umpire*) or ninety-six (96) hours (where the *Report* is lodged by the *Team Manager* or *CEO* of either of the two relevant *National Cricket Federations*)" is replaced with "eighteen (18) hours".

- Article 3.2.1.4 – "seven (7) days" is replaced with "thirty-six (36) hours".

- Article 3.2.2.1 – "five (5) days" is replaced with "twenty-four (24) hours".

- Article 3.2.2.2 – "seven (7) days" is replaced with "thirty-six (36) hours".

- Article 3.2.3 – "seven (7) days" is replaced with "thirty-six (36) hours".

…

ARTICLE 4 NOTIFICATION PROCEDURE

- Article 4.3.2 – "Article 5.1" is replaced with "Article 5.1.1"

- Article 4.3.3 – "Article 5.1" is replaced with "Article 5.1.1"

- Article 4.7.2 – "Article 5.2" is replaced with "Article 5.1.2"

- Article 4.7.3 – "Article 5.2" is replaced with "Article 5.1.2"

…

ARTICLE 5 THE DISCIPLINARY PROCEDURE

- Articles 5.1 and 5.2 are replaced in their entirety with the following:

5.1 Where a matter proceeds to a hearing:

5.1.1 under Article 4.3.2 or 4.3.3, then, subject to Article 5.7, the case shall be referred to the *Match Referee* for adjudication in accordance with the procedure described in Article 5.2.

5.1.2 under Article 4.7.2 or 4.7.3, then the *ICC* shall appoint one member of the *ICC's Code of Conduct Commission* (who shall be independent of the parties, have had no prior involvement with the case and shall not, unless otherwise agreed between the parties, be from a country participating in the *International* Match, during, or in relation to which, the alleged offence was committed) to sit alone as the *Judicial Commissioner* and the case

shall be referred to him/her for adjudication in accordance with the procedure described in Article 5.2.

5.2 Disciplinary Procedure during an *ICC Event*

5.2.1 Subject to the discretion of the *Match Referee* or *Judicial Commissioner* to order otherwise for good cause shown by the *Player* or *Player Support Personnel*, the hearing will take place at the time specified in the *Notice of Charge* (which should, in the absence of exceptional circumstances, be no more than twenty-four (24) hours after the receipt by the *Player* or *Player Support Personnel* of the *Notice of Charge*) and in the country in which the alleged offence was committed. For the avoidance of doubt, nothing in this Article 5.2.1 prevents a hearing from being convened at a time during which the *International Match* in relation to which the alleged offence took place, remains in progress.

5.2.2 The procedure followed at the hearing shall be at the discretion of the *Match Referee* or *Judicial Commissioner*, provided that the hearing is conducted in a manner which offers the *Player* or *Player Support Personnel* with a fair and reasonable opportunity to present evidence (including the right to call and to question witnesses by telephone or video-conference where necessary), address the *Match Referee* or *Judicial Commissioner* and present his/her case.

5.2.3 The hearing before the *Match Referee* or *Judicial Commissioner* shall be in English, and certified English translations shall be submitted of any non-English documents put before the *Match Referee* or *Judicial Commissioner*. The cost of the translation shall be borne by the party offering the document(s). In the case of a *Level 4 Offence* only: (a) if required by the *Judicial Commissioner* (at his/her discretion), the *ICC* shall make arrangements to have the hearing recorded or transcribed; and (b) if requested by the *Player* or *Player Support Personnel*, the *ICC* shall also arrange for an interpreter to attend the hearing. Such costs of transcription and interpretation shall be paid by the *ICC*.

5.2.4 Where video evidence of the alleged offence is available at the hearing before the *Match Referee* or *Judicial Commissioner*, then it may be relied upon by any party, provided that all other parties shall have the right to make such representations in relation to it that they may see fit.

5.2.5 Unless exceptional circumstances apply, each of the following individuals must attend any hearing before the *Match Referee* or *Judicial Commissioner*: (a) the *Player* or *Player Support Personnel* who has been charged with the alleged offence; and (b) the person who lodged the *Report* (or, in the case of the *ICC's Chief Executive Officer*, his/her representative/nominee). Where any such individual has a compelling justification for his/her non-attendance, then they shall be given the opportunity to participate in the hearing before the *Match Referee* or *Judicial Commissioner* by telephone or video conference (if available). Without prejudice to the *Player* or *Player Support Personnel's* ability to call and to question such witnesses as may be necessary and/or to be represented by such other person of his/her own choosing pursuant to Article 5.2.6, one of the *Team Captain*, *Team Vice-Captain* or *Team Manager* of the team that the *Player* or *Player Support Personnel* represents may also attend such hearing before the *Match Referee* or *Judicial Commissioner* to provide additional support and assistance to the *Player* or *Player Support Personnel*.

5.2.6 Each of the individuals described in Article 5.2.5(a) and (b) shall have the right (at his/her or its own expense) to be represented at the hearing before the *Match Referee* or *Judicial Commissioner* by such representative (including legal counsel) of his/her or its own choosing. Where the person lodging the *Report* is an *Umpire* or *Match Referee* that officiated in the *International Match* in question or the *ICC's Chief Executive Officer*, then

such person shall be entitled to be represented prior to, and during, the hearing (if he/she considers necessary) by a representative of the *ICC's* Legal Department. In the case of a *Level 4 Offence* only, where the person lodging the *Report* is the CEO of one of the *National Cricket Federations* involved in the relevant *International Match* (or his/her designee), such individual (or his/her representative) shall have the right to make oral submissions in support of the charge at the hearing.

5.2.7 The non-attendance of any *Player* or *Player Support Personnel* or his/her representative at the hearing, shall not prevent the *Match Referee* or *Judicial Commissioner* from proceeding with the hearing in his/her absence and issuing a ruling in relation to the offence charged.

5.2.8 At the end of a hearing, where the *Match Referee* or *Judicial Commissioner* considers that further evidence is necessary or further time is required to consider the evidence that has been presented, he/she shall adjourn the hearing for an appropriate period of time and make such directions as may be necessary.

5.2.9 Alternatively, at the end of a hearing:

5.2.9.1 brought under Article 4.3.2:

(a) as soon as possible after the conclusion of the hearing (and, in any event, no later than twenty-four (24) hours thereafter), the *Match Referee* or *Judicial Commissioner* will confirm the *Player* or *Player Support Personnel's* admission that he/she had committed a *Code of Conduct* offence and announce his/her decision in writing, with reasons, setting out: (a) what sanctions, if any, are to be imposed (including any fine and/or period of suspension); (b) the date that any period of suspension shall come into force and effect; and (c) any rights of appeal that may exist pursuant to Article 8.

5.2.9.2 brought under Article 4.3.3 (or where the *Player* or *Player Support Personnel* has failed to respond in a timely fashion to the *Notice of Charge*):

(a) the *Match Referee* or *Judicial Commissioner* shall adjourn the hearing (for a period of no less than ten (10) minutes and no more than two (2) hours), following which he/she will reconvene the hearing and verbally announce his/her finding as to whether a *Code of Conduct* offence has been committed;

(b) where the *Match Referee* or *Judicial Commissioner* determines that a *Code of Conduct* offence has been committed, the *Player* or *Player Support Personnel* may request a short adjournment (of no more than thirty (30) minutes) to prepare any submissions that he/she might wish to make in relation to the appropriate sanction that ought to be applied; and

(c) as soon as possible after the conclusion of the hearing (and, in any event, no later than twenty-four (24) hours thereafter), the *Match Referee* or *Judicial Commissioner* will announce his/her decision in writing, with reasons, setting out: (a) the finding as to whether a *Code of Conduct* offence had been committed; (b) what sanctions, if any, are to be imposed (including any fine and/or period of suspension); (c) the date that any period of suspension shall come into force and effect; and (d) any rights of appeal that may exist pursuant to Article 8.

5.2.10 The *Match Referee* shall have the discretion to announce the substance of his/her decision prior to the issue of the written reasoned decision referred to in Article 5.2.9.

5.2.11 A copy of the written reasoned decision will be provided to the *Player* or *Player Support Personnel*, the CEO of the *Player or Player Support Personnel's National Cricket Federation*, and the *ICC's Cricket Operations Manager*.

5.2.12 Subject only to the rights of appeal under Article 8, the *Match Referee's* or *Judicial Commissioner's* decision shall be the full, final and complete disposition of the matter and will be binding on all parties.

…

INTERNATIONAL CRICKET COUNCIL – ANTI-DOPING CODE

INTRODUCTION

Preface

The ICC is a *Signatory* to the World Anti-Doping Code (the **"*Code*"**). The ICC Anti-Doping Code (the **"ICC Code"**) is adopted and implemented in accordance with the ICC's responsibilities under the *Code* and, as part of the ICC's continuing efforts to: (a) maintain the integrity of the sport of cricket; (b) protect the health and rights of all participants in the sport of cricket; and (c) keep the sport of cricket free from doping. For the avoidance of doubt, the *ICC Code* reflects and supports the Fundamental Rationale for the *Code*, as more particularly set out in the *Code.*

The *ICC Code* contains sport rules governing the condition under which sport is played. Aimed at enforcing anti-doping rules in a global and harmonized manner, they are distinct in nature from criminal and civil laws. They are not intended to be subject to or limited by any national requirements and legal standards applicable to criminal or civil proceedings, although they are intended to be applied in a manner which respects the principles of proportionality and human rights. When reviewing the facts and the law of a given case, all courts, arbitral tribunals and other adjudicating bodies should be aware of and respect the distinct nature of the *ICC Code*, which implements the *Code,* and the fact that these rules represent the consensus of a broad spectrum of stakeholders around the world as to what is necessary to protect and ensure fair sport.

As provided in the *Code*, the *ICC* shall be responsible for conducting all aspects of *Doping Control*. Any aspect of *Doping Control* or anti-doping *Education* may, however, be delegated by the *ICC* to a *Delegated Third Party*, such as a *National Cricket Federation*, however the *ICC* shall require the *Delegated Third Party* to perform such aspects in compliance with the *Code, International Standards* and the *ICC Code.*

When the *ICC* has delegated its responsibilities to implement part or all of *Doping Control* to the *Delegated Third Party,* any reference to *ICC* in the *ICC Code* should be intended as a reference to that *Delegated Third Party*, where applicable and within the context of the aforementioned delegation. The *ICC* shall always remain fully responsible for ensuring that any delegated aspects are performed in compliance with the *Code.*

Unless otherwise indicated, references to Articles and Appendices are to articles and appendices of the ICC Code. Words in italicised text in the *ICC Code* are defined terms. Their definitions are set out in Appendix 1.

ARTICLE 1 SCOPE AND APPLICATION

1.1 Any *Player* who participates or who has participated in the preceding twenty-four (24) months (whether as a member of a starting XI or as an officially designated substitute) in an *International Match* and/or a *Domestic Match* (including, without limitation, any *Player* included in the *International Registered Testing Pool* and the *National Player Pool*) (a **"*Player*"**) shall thereby automatically become bound by and shall thereafter be required to comply with all of the provisions of the *ICC Code*. This includes (without limitation) the *Player* being personally responsible for:

1.1.1 acquainting him/herself, and ensuring that each *Person* from whom he/she takes advice (including medical personnel) is acquainted with all of the requirements of the ICC Code;

1.1.2 knowing what constitutes an anti-doping rule violation under the *ICC Code* and what substances and methods are prohibited;

1.1.3 ensuring that anything he/she ingests or *Uses*, as well as any medical treatment he/she receives, does not give rise to an anti-doping rule violation under the *ICC Code*;

1.1.4 making him/herself available at all times upon request for *Testing*, both *In-Competition* and *Out-of-Competition*;

1.1.5 disclosing to the ICC and his/her *National Anti-Doping Organisation* any decision by a non-*Signatory* finding that he/she infringed the anti-doping rules of that non-*Signatory* within the previous ten years; and

1.1.6 co-operating with the ICC and any other *Anti-Doping Organisation* conducting investigations into possible anti-doping rule violations.

The *ICC* has *Testing* authority over all *Players* who are selected to play in either *International Matches* and/or *Domestic Matches.* Within this category of *Players* who are bound by and required to comply with the *ICC Code,* the following *Players* shall be considered to be *International-Level Players* for the purposes of the *ICC Code* and subject to the specific provisions in the *ICC Code* applicable to *International-Level Players* (e.g. *Testing, TUEs,* whereabouts and *Results Management*)*: Players* who are (or have been in the previous twenty-four (24) months) selected to play in *International Matches* and those *Players* included in the *International Registered Testing Pool* and the *National Player Pool.* The *ICC* will focus its *Testing* under the *ICC Code* on these *International-Level Players.*

Cricket players participating at the national level are governed by the anti-doping rules of their *National Anti-Doping Organization* and the *National Cricket Federation* under whose jurisdiction they participate (including in relation to *TUEs* and appeals), which rules shall comply with the provisions of the *Code* and the *ICC Code*. For the purposes of the *Code,* the *ICC* has delegated responsibility to conduct certain aspects of *Doping Control* and anti-doping *Education* in relation to cricket *Players* other than *International-Level Players* to its *National Cricket Federations,* who shall be considered a *Delegated Third Party* for that purpose. Pursuant to this delegation, it is the responsibility of each *National Cricket Federation* to collect *Samples* for *Doping Control* at *Domestic Matches,* to initiate and direct *Out-of-Competition Testing* on its *Players*[1], conduct anti-doping *Education* programmes in accordance with the *International Standard* for *Education*, and to ensure that all national level *Testing* on its *Players* and the *Results Management* for such tests comply with the *Code,* the *International Standards* and the *ICC Code.* However, pursuant to the *Code*, the *ICC* remains fully responsible for ensuring that any of the aforementioned delegated aspects are performed in compliance with the *Code*.

1.2 A *Player* shall continue to be bound by and required to comply with the *ICC Code* unless and until:

1 *Testing* conducted by *National Cricket Federations* shall only be conducted under the documented authority of the *ICC* in accordance with Article 20.3.2 of the *Code.* For such *Testing, National Cricket Federations* shall use their *National Anti-Doping Organization* or other *Sample* collection authority to collect *Samples* in accordance with the *International Standard* for *Testing* and Investigations.

1.2.1 he/she has not participated (whether as a member of a starting XI or as an officially designated substitute) in an *International Match* and/or *Domestic Match* for a period of twenty-four (24) months; or

1.2.2 he/she has notified the *ICC* in writing that he/she has retired from all formats of the sport of cricket at the international level, ie Test Matches, One Day International Matches and Twenty20 International Matches;

and the *ICC* shall continue to have authority over him/her under the *ICC Code* thereafter in respect of matters taking place prior to that point.

1.3 A *Player* who retires in accordance with Article 1.2.2 may not resume competing in an *International Match* unless he/she notifies the *ICC* in writing and makes him/herself available for unannounced *Out-of-Competition Testing* in accordance with Article 5.4.

1.4 Any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, physiotherapist, parent or other *Person* working with, treating or assisting a *Player* (**"*Player Support Person*"**) shall also be bound by and shall be required to comply with all of the provisions of the *ICC Code*. This includes (without limitation) the *Player Support Person* being personally responsible for:

1.4.1 acquainting him/herself with all of the provisions of the *ICC Code*;

1.4.2 knowing what constitutes an anti-doping rule violation under the *ICC Code* and what substances and methods are prohibited;

1.4.3 cooperating with the *Testing* of *Players*;

1.4.4 using his/her influence on *Player* values and behaviour in order to foster positive attitudes towards anti-doping in the sport of cricket;

1.4.5 disclosing to his/her *NADO* and the *ICC* any decision by a non-*Signatory* finding that he/she infringed applicable anti-doping rules within the previous ten years;

1.4.6 co-operating with the *ICC* and any other *Anti-Doping Organisation* conducting investigations into possible anti-doping rule violations; and

1.4.7 not *Using* or *Possessing* any *Prohibited Substance* or *Prohibited Method* without valid justification.

1.5 The following individuals shall also, as a condition of their participation or involvement in the sport, be bound by and required to comply with all of the provisions of the *ICC Code* in so far as they are involved in any aspect of *Doping Control:*

1.5.1 the *ICC,* including its board members, directors, officers and specified employees, and *Delegated Third Parties* and their employees*;* and

1.5.2 each of its *National Cricket Federations*, including their board members, directors, officers and specific employees, and *Delegated Third Parties* and their employees*.*

1.6 Without prejudice to Articles 1.1 to 1.5, the *ICC* and the *National Cricket Federations* shall be responsible for promoting anti-doping awareness and *Education* in the sport of cricket.

ARTICLE 2 ANTI-DOPING RULE VIOLATIONS

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Articles 2.1 through 2.11 of the *ICC Code*. The purpose of Article 2 is to specify the circumstances and conduct which constitute anti-doping rule violations. Hearings in doping cases will proceed based on the assertion that one or more of these specific rules have been violated.

Players or other *Persons* shall be responsible for knowing what constitutes an anti-doping rule violation and the substances and methods which have been included on the *Prohibited List.*

The following constitute anti-doping rule violations:

2.1 The presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in a *Player's Sample*.

2.1.1 It is each *Player's* personal duty to ensure that no *Prohibited Substance* enters his/her body. A *Player* is responsible for any *Prohibited Substance* or its *Metabolites* or *Markers* found to be present in his/her *Sample*. Accordingly, it is not necessary that intent, *Fault*, *Negligence* or knowing *Use* on the *Player's* part be demonstrated in order to establish an anti-doping rule violation under Article 2.1.

NOTE: It is not necessary that intent, *Fault*, *Negligence* or knowledge on the *Player's* part be demonstrated in order to establish an anti-doping rule violation under Article 2.1, Consequently, lack of intent, *Fault*, *Negligence* or knowledge shall not be a defence to a charge that an anti-doping rule violation has been committed under Article 2.1.

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by any of the following (unless the *Player* establishes that such presence is consistent with a Therapeutic Use Exemption granted in accordance with Article 4.4): (a) the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in the *Player*'s A *Sample* where the *Player* waives analysis of the B *Sample* and the B *Sample* is not analysed; (b) where the *Player*'s B *Sample* is analysed and the analysis of the *Player*'s B *Sample* confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the *Player*'s A *Sample*; or (c) where the *Player's* A or B *Sample* is split into two bottles and the analysis of the confirmation part of the split *Sample* confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the first part of the split *Sample* or the *Player* waives analysis of the confirmation part of the split *Sample.*

2.1.3 Except in the case of those substances for which a *Decision Limit* is specifically identified in the *Prohibited List* or a *Technical Document*, the presence of any reported quantity of a *Prohibited Substance* or its *Metabolites* or *Markers* in a *Player's Sample* shall constitute an anti-doping rule violation under Article 2.1.

2.1.4 As an exception to the general rule of Article 2.1, the *Prohibited List*, *International Standards* or *Technical Documents* may establish special criteria for reporting or the evaluation of certain *Prohibited Substances*.

2.2 *Use* or *Attempted Use* by a *Player* of a *Prohibited Substance* or a *Prohibited Method,* unless the *Player* establishes that such *Use* or *Attempted Use* is consistent with a Therapeutic Use Exemption granted in accordance with Article 4.4.

2.2.1 It is each *Player*'s personal duty to ensure that no *Prohibited Substance* enters his/her body and that he/she does not *Use* any *Prohibited Substance* or *Prohibited Method*. Accordingly, it is not necessary that intent, *Fault*, *Negligence* or knowing *Use* on the *Player*'s part be demonstrated in order to establish an anti-doping violation of *Use* of a *Prohibited Substance* or a *Prohibited Method* under Article 2.2.

NOTE: It is not necessary that intent, *Fault*, *Negligence* or knowledge on the *Player's* part be demonstrated in order to establish an anti-doping rule violation under Article 2.2, Consequently, lack of intent, *Fault*, *Negligence* or knowledge shall not be a defence to a charge that an anti-doping rule violation of *Use* has been committed under Article 2.2.

2.2.2 Without prejudice to Article 2.2.1, it is necessary that intent on the *Player*'s part be demonstrated in order to establish an anti-doping rule violation of *Attempted Use* under Article 2.2.

2.2.3 The success or failure of the *Use* or *Attempted Use* of a *Prohibited Substance* or *Prohibited Method* is not material. For an anti-doping rule violation to be committed under Article 2.2, it is sufficient that the *Prohibited Substance* or *Prohibited Method* was *Used* or *Attempted* to be *Used* for an anti-doping rule violation to be committed.

2.2.4 Notwithstanding Article 2.2.3, however, a *Player's Use* of a substance *Out-of-Competition* shall not constitute an anti-doping rule violation under Article 2.2 where the *Use* of that substance is not prohibited *Out-of-Competition*. However, the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in a *Sample* collected *In-Competition* is a violation of Article 2.1 regardless of when that substance might have been administered.

2.3 Evading *Sample* collection; or refusing or failing to submit to *Sample* collection without compelling justification after notification by a duly authorised *Person*.

NOTE: For example, it would be an anti-doping rule violation of "evading *Sample* collection" if it were established that a *Player* was deliberately avoiding a *Doping Control* official to evade notification or *Testing.* A violation of "failing to submit to *Sample* collection" may be based on either intentional or negligent conduct of the *Player,* while "evading" or "refusing" *Sample* collection contemplates intentional conduct by the *Player.*

2.4 Whereabouts Failures by a *Player*

For a *Player* in the *International Registered Testing Pool,* any combination of three Filing Failures and/or Missed Tests (as such terms are defined in the *International Standard* for *Results Management*) committed within a twelve-month period, whether declared by the *ICC* or any other *Anti-Doping Organisation* with authority over the *Player* (a "**Whereabouts Failure**"), shall constitute an anti-doping rule violation under this Article 2.4.

NOTE: A Filing Failure amounts to a failure to file whereabouts information in accordance with the International Standard for Results Management. A Missed Test constitutes a failure to be available for *Testing* at the declared whereabouts in accordance with the International Standard for Results Management.

2.5 *Tampering* or *Attempted Tampering* with any part of *Doping Control* by a *Player* or other *Person*.

This Article prohibits intentional conduct that subverts or *Attempts* to subvert the *Doping Control* process but which would not otherwise be included in the definition of *Prohibited Methods. Tampering* shall include, without limitation, offering or accepting a bribe to perform or fail to perform an act, preventing the collection of a *Sample*, affecting or making impossible the analysis of a *Sample*, falsifying documents submitted to an *Anti-Doping Organization* or *TUE* committee or hearing panel, procuring false testimony from witnesses, committing any other fraudulent act upon the *Anti-Doping Organization* or hearing body to affect *Results Management* or the imposition of *Consequences*, and any other similar intentional interference or *Attempted* interference with any aspect of *Doping Control*.

2.6 *Possession* of *Prohibited Substances* and/or *Prohibited Methods.*

2.6.1 *Possession* by a *Player In-Competition* of any *Prohibited Substance* or any *Prohibited Method,* or *Possession* by a *Player Out-of-Competition* of any *Prohibited Substance* or any *Prohibited Method* which is prohibited *Out-of-Competition*, unless the *Player* establishes that the *Possession* is pursuant to a *Therapeutic Use Exemption* granted in accordance with Article 4.4 or other acceptable justification.

2.6.2 *Possession* by a *Player Support Person In-Competition* of any *Prohibited Substance* or any *Prohibited Method*, or *Possession* by a *Player Support Person Out-of-Competition* of any *Prohibited Substance* or any *Prohibited Method* which is prohibited *Out-of-Competition,* in connection with a *Player*, *International Match* or training, unless the *Player Support Person* establishes that the *Possession* is pursuant to a *Therapeutic Use Exemption* granted to a *Player* in accordance with Article 4.4 or other acceptable justification.

2.7 *Trafficking* or *Attempted Trafficking* in any *Prohibited Substance* or *Prohibited Method* by a *Player* or other *Person*.

2.8 *Administration* or *Attempted Administration* by a *Player* or other *Person* to any *Player In-Competition* of any *Prohibited Substance* or *Prohibited Method*, or *Administration* or *Attempted Administration* to any *Player Out-of-Competition* of any *Prohibited Substance* or any *Prohibited Method* that is prohibited *Out-of-Competition*, unless it is established that the *Administration* or *Attempted Administration* was consistent with a *Therapeutic Use Exemption* granted in accordance with Article 4.4.

2.9 Complicity or *Attempted* Complicity by a *Player* or other *Person*

Assisting, encouraging, aiding, abetting, conspiring, covering up or any other type of intentional complicity or *Attempted* complicity involving an anti-doping rule violation or any *Attempted* anti-doping rule violation or violation of Article 10.14.1 by another *Person*.

2.10 Prohibited Association by a *Player* or other *Person*

2.10.1 Association by a *Player* or other *Person* subject to the authority of an *Anti-Doping Organisation* in a professional or sport-related capacity with any *Player Support Person* who:

2.10.1.1 (if subject to the authority of an *Anti-Doping Organisation*) is serving a period of *Ineligibility;* or

2.10.1.2 (if not subject to the authority of an *Anti-Doping Organisation*, and where *Ineligibility* has not been addressed in a *Results Management* process pursuant to the *Code*), has been convicted or found in a criminal,

disciplinary or professional proceeding to have engaged in conduct which would have constituted a violation of anti-doping rules if *Code*-compliant rules had been applicable to such *Person.* The disqualifying status of such *Person* shall be in force for the longer of six years from the criminal, professional or disciplinary decision or the duration of the criminal, professional or disciplinary sanction imposed; or

2.10.1.3 is serving as a front or intermediary for an individual described in Article 2.10.1.1 or 2.10.1.2.

2.10.2 To establish a violation of Article 2.10, an *Anti-Doping Organisation* must establish that the *Player* or other *Person* knew of the *Player Support Person's* disqualifying status.

2.10.3 The burden shall be on the *Player* or other *Person* to establish that any association with the *Player Support Person* described in Article 2.10.1.1 or 2.10.1.2 is not in a professional or sport-related capacity and/or that such association could not have been reasonably avoided.

2.10.4 If the *ICC* or other *Anti-Doping Organisation* with authority over the *Player* or other *Person* becomes aware of any *Player Support Person* who meets the criteria described in Article 2.10.1.1, 2.10.1.2 or 2.10.1.3 it shall submit that information to *WADA* and, where applicable, the *ICC*.

2.11 Acts by a *Player* or other *Person* to Discourage or Retaliate Against Reporting to Authorities.

Where such conduct does not otherwise constitute a violation of Article 2.5:

2.11.1 Any act which threatens or seeks to intimidate another *Person* with the intent of discouraging the *Person* from the good-faith reporting of information that relates to an alleged anti-doping rule violation or alleged non-compliance with the *ICC Code* or the *Code* to the *ICC, WADA*, an *Anti-Doping Organisation,* law enforcement, regulatory or professional disciplinary body, hearing body or *Person* conducting an investigation for the *ICC, WADA* or an *Anti-Doping Organisation.*

2.11.2 Retaliation against a *Person* who, in good faith, has provided evidence or information that relates to an alleged anti-doping rule violation or alleged non-compliance with the *ICC Code* or the *Code* to the *ICC*, *WADA,* an *Anti-Doping Organisation,* law enforcement, regulatory or professional disciplinary body, hearing body or *Person* conducting an investigation for the *ICC, WADA* or an *Anti-Doping Organisation.*

For the purposes of this Article 2.11, retaliation, threatening and intimidation include an act taken against such *Person* either because the act lacks a good faith basis or is a disproportionate response.

ARTICLE 3 PROOF OF DOPING

3.1 Burdens and Standards of Proof

3.1.1 The *ICC* shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether the *ICC* has established the commission of the alleged anti-doping rule violation to the comfortable satisfaction of the *Hearing Panel*, bearing in mind the seriousness of the allegation that is made.

This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt.

3.1.2 Where the *ICC Code* places the burden of proof upon the *Player* or other *Person* alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, except as provided in Articles 3.2.2 and 3.2.3, the standard of proof shall be by a balance of probability.

3.2 Methods of Establishing Facts and Presumptions

The *Hearing Panel* shall not be bound by judicial rules governing the admissibility of evidence. Instead, facts relating to an anti-doping rule violation may be established by any reliable means, including admissions. The following rules of proof shall be applicable at the hearing:

3.2.1 Analytical methods or *Decision Limits* approved by *WADA* after consultation within the relevant scientific community or which have been the subject of peer review are presumed to be scientifically valid. Any *Player* or other *Person* seeking to challenge whether the conditions for such presumption have been met or to rebut this presumption of a scientific validity shall, as a condition precedent to any such challenge, first notify *WADA* of the challenge and the basis of the challenge. The *Anti-Doping Tribunal* or *CAS,* on its own initiative, may also inform *WADA* of any such challenge. Within 10 days of *WADA*'s receipt of such notice, and *WADA's* receipt of the case file, *WADA* shall also have the right to intervene as a party, appear amicus curiae or otherwise provide evidence in such proceeding. In cases before *CAS,* at *WADA's* request, the *CAS* panel shall appoint an appropriate scientific expert to assist the panel in its evaluation of the challenge.

3.2.2 *WADA*-accredited laboratories, and other laboratories approved by *WADA*, are presumed to have conducted *Sample* analysis and custodial procedures in accordance with the *International Standard* for Laboratories. The *Player* or other *Person* who is asserted to have committed an anti-doping rule violation may rebut this presumption by establishing that a departure from the *International Standard* for Laboratories occurred that could reasonably have caused the *Adverse Analytical Finding*. In such an event, the *ICC* shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*.

3.2.3 Departures from any other *International Standard* or other anti-doping rule or policy set forth in the *Code* or the *ICC Code* shall not invalidate analytical results or other evidence of an anti-doping rule violation and shall not constitute a defence to an anti-doping rule violation; provided, however, if the *Player* or other *Person* establishes that a departure from one of the specific *International Standard* provisions listed below could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding* or *Whereabouts Failure*, then the *ICC* shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding* or the *Whereabouts Failure*:

(i) a departure from the *International Standard* for *Testing* and Investigations related to *Sample* collection or *Sample* handling which could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding*, in which case the *ICC* shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*;

(ii) a departure from the *International Standard* for *Results Management* or *International Standard* for *Testing* and Investigations related to an *Adverse Passport Finding* which could reasonably have caused an anti-doping rule

violation, in which case the *ICC* shall have the burden to establish that such departure did not cause the anti-doping rule violation;

(iii) a departure from the *International Standard* for *Results Management* related to the requirement to provide notice to the *Player* of the B *Sample* opening which could reasonably have caused an anti-doping rule violation based on an *Adverse Analytical Finding*, in which case the *ICC* shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*;

(iv) a departure from the *International Standard* for *Results Management* related to *Player* notification which could reasonably have caused an anti-doping rule violation based on a *Whereabouts Failure*, in which case the *ICC* shall have the burden to establish that such departure did not cause the *Whereabouts Failure*.

3.2.4 The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrebuttable evidence against the *Player* or other *Person* to whom the decision pertained of those facts, unless the *Player* or other *Person* establishes that the decision violated principles of natural justice.

3.2.5 The *Hearing Panel* considering an alleged anti-doping rule violation may draw an inference adverse to the *Player* or other *Person* who is asserted to have committed an anti-doping rule violation based on his/her refusal, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person, virtually or telephonically as directed by the *Hearing Pane*l) and to answer questions from the *ICC* or the members of the *Hearing Panel*.

ARTICLE 4 *PROHIBITED SUBSTANCES* AND *PROHIBITED METHODS*

4.1 The *Prohibited List*

4.1.1 *Prohibited Substances* and *Prohibited Methods*

4.1.1.1 The *ICC Code* incorporates and is based upon the *Prohibited List* which is published and revised by *WADA* as described in Article 4.1 of the *Code*[2].

4.1.1.2 *WADA* may amend the *Prohibited List* as set out in Article 4.1 of the *Code*. Unless provided otherwise by *WADA*, the *Prohibited List* and any revisions to it shall come into effect under the *ICC Code* automatically three months after publication of such amendments by *WADA* on its website, without requiring any further action by the *ICC.* It is the responsibility of each *Player* and *Player Support Person* to be familiar with the most current version of the *Prohibited List*.

4.1.1.3 As described in Article 4.2.1 of the *Code*, *WADA* may expand the *Prohibited List* for the sport of cricket and/or the *ICC* may request that *WADA* include additional substances or methods, that have the potential for abuse in the

sport of cricket, in the monitoring program described in Article 4.5 of the *Code*.

4.1.2 *Specified Substances* or *Specified Methods*

For purposes of the application of Article 10 of the *Code* and of the *ICC Code*, all *Prohibited Substances* shall be considered **"Specified Substances"** except as identified in the *Prohibited List.* No *Prohibited Method* shall be a *Specified Method* unless it is specifically identified as a *Specified Method* on the *Prohibited List.*

4.1.3 *Substances of Abuse*

For the purposes of the application of Article 10 of the *Code* and of the *ICC Code*, *Substances of Abuse* shall include those *Prohibited Substances* which are specifically identified as *Substances of Abuse* on the *Prohibited List* because they are frequently abused in society outside of the context of sport.

4.2 *WADA's* Determination of the *Prohibited List*

WADA's determination of the *Prohibited Substances* and *Prohibited Methods* that will be included on the *Prohibited List*, the classification of substances into categories on the *Prohibited List*, the classification of a substance as prohibited at all times or *In-Competition* only, the classification of a substance or method as a *Specified Substance*, *Specified Method* or *Substance of Abuse* is final and shall not be subject to any challenge by a *Player* or other *Person* including, but not limited to, any challenge based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

4.3 Therapeutic Use Exemptions

4.3.1 *Players* may be granted permission to *Use* one or more *Prohibited Substances* or *Prohibited Methods* for therapeutic reasons in the circumstances set out in *International Standard* for *Therapeutic Use Exemptions*. *Players* who are not *International-Level Players* shall apply to their *NADO* for a *TUE.* If the *NADO* denies the application, the *Player* may appeal exclusively to the national level appeal body set out in the *NADO's* rules. Where such permission (a **"Therapeutic Use Exemption"** or **"TUE"**) has been granted, the presence in a *Sample* of a *Prohibited Substance* or its *Metabolites* or *Markers* (Article 2.1), *Use* or *Attempted Use* of a *Prohibited Substance* or a *Prohibited Method* (Article 2.2), *Possession* of a *Prohibited Substance* or *Prohibited Method* (Article 2.6) or *Administration* or *Attempted Administration* of a *Prohibited Substance* or *Prohibited Method* (Article 2.8) shall not amount to an anti-doping rule violation provided that such presence, *Use* or *Attempted Use, Possession*, or *Administration* or *Attempted Administration* is consistent with the provisions of a *TUE* granted to the *Player* in accordance with the *International Standard* for *TUEs*.

4.3.2 Subject to Article 4.3.3 below, all *Players* needing to *Use, Possess* or *Administer* one or more *Prohibited Substances* or *Prohibited Methods* for therapeutic reasons must obtain a *TUE* prior to such *Use*.

4.3.3 In certain exceptional circumstances as set out in Articles 4.1 and 4.3 of the *International Standard* for *TUEs*, a *Player* may apply retroactively for the grant of a *TUE.*

4.3.4 Any *Player* requiring a *TUE* under this *ICC Code* must do the following:

4.3.4.1 He/she must apply to the *ICC*'s *TUE Committee* in accordance with Article 4.3.5 for recognition of a *TUE* that he/she has obtained from his/her *NADO;* or

4.3.4.2 If the *Player* does not already have a *TUE* granted by his/her *NADO*, he/she shall apply to the *ICC*'s *TUE Committee* in accordance with Article 4.3.6 for the grant of a *TUE*.

4.3.5 Applying to *ICC*'s *TUE Committee* for recognition of a *TUE* granted by a *NADO*:

4.3.5.1 A *Player* who holds a valid *TUE* granted by his/her *NADO* shall apply to the *ICC* for recognition of the *TUE.* The request should be sent to the *Anti-Doping Manager* together with: (a) a copy of the *TUE* certificate issued to him/her by his/her *NADO*; and (b) a copy of the application (including supporting medical documentation, if any) that he/she submitted to that *NADO* to get that *TUE*. The *Player* must also provide such further information as the *ICC's TUE Committee* may subsequently request.

4.3.5.2 Provided strictly that all of the information described in Article 4.3.5.1 has been submitted and such *TUE* has been reported in accordance with Article 5.5 of the *International Standard* for *TUEs*, and the *ICC's TUE Committee* agrees that the *TUE* granted to the *Player* meets the criteria set out in Article 4.2 of the *International Standard* for *TUEs,* where the *TUE* has been granted by a *NADO* with the necessary authority over the *Player*, that *TUE* will be recognized by the *ICC's TUE Committee* for the purposes of international-level *Competition*. The *Anti-Doping Manager* will promptly provide the *Player* with notice of such recognition.

4.3.5.3 Unless and until such recognition by the *ICC's TUE Committee* (automatic or otherwise) is communicated to the *Player* in writing, he/she uses the *Prohibited Substance* or *Prohibited Method* in issue entirely at his/her own risk.

4.3.5.4 If the *ICC's TUE Committee* considers that the *TUE* does not meet the criteria set out in Article 4.2 of the *International Standard* for *TUEs* and so refuses to recognize it, the *ICC* will notify the *Player* and his/her *NADO* promptly, with reasons. The *Player* and *NADO* shall have 21 days from such notification to refer the matter to *WADA* for review pursuant to Article 4.3.7 below. If the matter is referred to *WADA* for review, the *TUE* granted by the *NADO* remains valid for national-level *Competition* and *Out of Competition Testing* (but is not valid for international-level *Competition*) pending *WADA's* decision. If the matter is not referred to *WADA* for review, the *Player's NADO* must determine whether the original *TUE* granted by that *NADO* should nevertheless remain valid for national-level *Competition* and *Out of Competition Testing* (provided that the *Player* ceases to be an *International-Level Player* and does not participate in international-level *Competition*). Pending the *NADO's* decision, the *TUE* remains valid for national-level *Competition* and *Out of Competition Testing* (but is not valid for international-level *Competition*). For the avoidance of doubt, if the *ICC's TUE Committee* declines to recognize a *TUE* granted by a *NADO* only because medical records or other information is missing that are needed to demonstrate satisfaction with criteria in the *International Standard* for *TUEs*, the matter should not be referred to *WADA.* Instead, the file should be completed by the *Player*

(referred back to his/her *NADO* as necessary) and resubmitted to the *ICC's TUE Committee.*

4.3.6 Applying to the *ICC's TUE Committee* for a *TUE*:

4.3.6.1 A *Player* who needs to *Use* a *Prohibited Substance* or *Prohibited Method* and does not hold a *TUE* granted by his/her *NADO* to permit that *Use* must apply (using the *ICC's* Therapeutic Use Exemption (*TUE*) Application Form) to the *ICC's TUE Committee* (c/o the *Anti-Doping Manager*) for a *TUE* in accordance with the procedure set out in Article 6 of the *International Standard* for *TUEs*.

4.3.6.2 The application must be accompanied by all of the information specified in Article 6 of the *International Standard* for *TUEs*, and the *ICC's TUE Committee* may require that further information be provided as necessary.

4.3.6.3 Since *Players* are subject to *Out-of-Competition Testing* requirements all year round, the application must be made as soon as possible after the relevant diagnosis, and, in any event, no less than thirty (30) days before he/she needs the approval (for instance before his/her participation in an *International Match*).

4.3.6.4 The *ICC's TUE Committee* shall evaluate the application in accordance with the criteria set out in Article 4 of the *International Standard* for *TUEs*.

4.3.6.5 The application will be processed as quickly as is reasonably practicable and usually, unless exceptional circumstances apply, within no more than twenty-one (21) days of receipt of a completed application, but a *Player* may not assume that his/her application for a *TUE* (or for renewal of a *TUE*) will be granted by a particular time, or at all. Any *Player* who *Uses* a *Prohibited Substance* or *Prohibited Method* prior to approval of his/her application for a *TUE* does so entirely at his/her own risk.

4.3.6.6 The *Anti-Doping Manager* will promptly communicate the decision of the *TUE Committee* to the *Player*, with a copy to *WADA* and the *Player's National Cricket Federation* and *NADO*, as soon as is reasonably practicable after it is made and it shall promptly be reported in *ADAMS*. If the application is granted, then the *TUE* will become effective as of the date that the *Player* receives notice of such grant. If the application is denied, the *ICC* will notify the *Player* promptly with reasons and the *Player* may apply to *WADA* to review that denial in accordance with Article 4.3.9 and/or may appeal that denial in accordance with Article 13. If the *NADO* considers that the *TUE* does not meet the criteria set out in the *International Standard* for *TUEs*, it has 21 days from such notification to refer the matter to *WADA* for review in accordance with Article 4.3.9. If the *NADO* refers the matter to *WADA* for review, the *TUE* granted by the *ICC* remains valid for international-level competition and *Out-of-Competition Testing* (but is not valid for national-level competition) pending *WADA's* decision. If the *NADO* does not refer the matter to *WADA* for review, the *TUE* granted by the *ICC* becomes valid for national-level competition as well when the 21 day review deadline expires.

4.3.7 Retroactive *TUE* Applications

If the *ICC* chooses to collect a *Sample* from a *Player* who is not an *International-Level Player* or a *National-Level Player*, and that *Player* is *Using* a *Prohibited Substance* or *Prohibited Method* for therapeutic reasons, the *ICC* must permit that *Player* to apply for a retroactive *TUE*.

4.3.8 Expiration, Withdrawal or Reversal of a *TUE*

4.3.8.1 A *TUE* will be granted with effect for a specified period. It shall specify the dosage(s), frequency, route and duration of *Administration* of the *Prohibited Substance* or *Prohibited Method* in question that the *ICC's TUE Committee* is permitting, reflecting the clinical circumstances. It may also be granted subject to such conditions or restrictions as the *ICC's TUE Committee* may see fit. A *Player* who wishes to continue to *Use* the *Prohibited Substance* or *Prohibited Method* in question beyond the period for which the *TUE* has been granted must make a new application for a further *TUE* in accordance with the provisions of this Article 4.3 and the *International Standard* for *TUEs*. Any *Player* who wishes to have any conditions or restrictions imposed by the *ICC's TUE Committee* varied must apply to *WADA* in accordance with Article 4.3.9.

4.3.8.2 A *TUE* granted pursuant to the *ICC Code*: (a) shall expire automatically at the end of any term for which it was granted, without the need for any further notice or other formality; (b) will be withdrawn if the *Player* does not promptly comply with any requirements or conditions imposed by the *TUE Committee* upon grant of the *TUE*; (c) may be withdrawn by the *TUE Committee* if it is subsequently determined that the criteria for grant of a *TUE* are not in fact met; or (d) may be reversed on review by *WADA* or on appeal.

4.3.8.3 In such event, the *Player* shall not be subject to any *Consequences* based on their *Use* or *Possession* or *Administration* of the *Prohibited Substance* or *Prohibited Method* in question in accordance with the *TUE* prior to the effective date of expiry, withdrawal, or reversal of the *TUE*. The review pursuant to Article 5.1.1.1 of the *International Standard* for *Results Management* of an *Adverse Analytical Finding,* reported shortly after the *TUE* expiry, withdrawal or reversal, shall include consideration of whether such finding is consistent with *Use* of the *Prohibited Substance* or *Prohibited Method* prior to that date, in which event no anti-doping rule violation shall be asserted.

4.3.9 Review of *TUEs* by *WADA*:

4.3.9.1 *WADA* shall review any decision by the *ICC's TUE Committee* not to recognise a *TUE* granted by a *NADO* that is referred to *WADA* by the *Player* or the *Player's NADO.* In addition, *WADA* shall review any decision by the *ICC's TUE Committee* to grant a *TUE* that is referred to *WADA* by the *Player's NADO. WADA* may review any other *TUE* decisions at any time, whether upon request by those affected or on its own initiative. If the *TUE* decision being reviewed meets the criteria set out in the *International Standard* for *TUEs, WADA* will not interfere with it. If the *TUE* decision does not meet these criteria, *WADA* will reverse that decision.

4.3.9.2 If *WADA* reverses the grant of a *TUE*, that reversal shall not apply retroactively, but rather only from the point that the *Player* receives notice of the reversal. Therefore, the *Player* shall not be subject to any

Consequences based on his/her *Use* of the *Prohibited Substance* or *Prohibited Method* in question during the period from the date that the *TUE* came into effect until the date that the *Player* receives notice of *WADA's* reversal of the grant of the *TUE*.

4.3.9.3 Any *TUE* decision by the *ICC* that is not reviewed by *WADA*, or that is reviewed by *WADA* but is not reversed upon review, may be appealed by the *Player* and/or the *Player's NADO* exclusively to *CAS.*

4.3.9.4 A decision by *WADA* to reverse a *TUE* decision may be appealed by the *Player,* the *NADO* and/or the *ICC* exclusively to *CAS*.

4.3.9.5 A failure to render a decision within a reasonable time on a properly submitted application for grant/recognition of a *TUE* or for review of a *TUE* decision shall be considered a denial of the application thus triggering the applicant's right of review/appeal.

ARTICLE 5 *TESTING* AND INVESTIGATIONS

5.1 General principles

5.1.1 *Testing* and investigations may be undertaken for any anti-doping purpose, including, without limitation, to obtain analytical evidence as to the *Player's* compliance (or non-compliance) with the *ICC Code's* strict prohibition on the presence/*Use* of a *Prohibited Substance* or *Prohibited Method.* The *ICC* shall be responsible for drawing up and implementing a test distribution plan for international-level cricket in accordance with Article 4 of the *International Standard* for *Testing* and Investigations and applicable *Technical Documents* issued by *WADA*. The *ICC* will engage one or more third parties to conduct such *Testing* on its behalf. All such *Testing* and investigations shall be conducted in substantial conformity with *the International Standard* for *Testing* and Investigations and the *Cricket Testing Protocols.*

5.1.2 All *Players* (including *Players* serving a period of *Ineligibility* or a *Provisional Suspension*) must submit to *Testing* on behalf of the *ICC* upon request, at any time or place, with or without notice.

5.1.3 For the avoidance of doubt, the *ICC* may select *Players* for *Target Testing* so long as such *Target Testing* is not used for any purpose other than legitimate *Doping Control* purposes.

5.1.4 The *ICC* acknowledges the authority that the *Code* confers on other *Anti-Doping Organisations* including *WADA* to test *Players.* The *ICC* shall recognise such *Testing* and the results thereof in accordance with Article 15 of the *Code*.

5.1.5 The *ICC* may authorise independent observers to observe *Testing* conducted by or on behalf of the *ICC*.

5.2 *In-Competition Testing*

5.2.1 *Players* shall be subject to *Testing* on behalf of the *ICC* at *International Matches*. The selection of the *International Matches* at which *Testing* is to take place shall be made by the *ICC***,** and shall remain confidential except to those *Persons* with a reasonable need to know of such selection in order to facilitate such *Testing*.

5.2.2 A *Player* may be notified that he/she has been selected for *Testing* in connection with an *International Match* in which he/she is participating at any time from 23:59 local time on the day before the first day of the *International Match* through to the completion of such *International Match* and the *Sample* collection process related to such *International Match*. Such periods (and only such periods) shall be deemed **"In-Competition"** periods for purposes of the *ICC Code*, so that, by way of example only:

5.2.2.1 the entire duration of any *International Match* lasting more than one day will be considered to be *In-Competition*;

5.2.2.2 where an *International Match* is abandoned for any reason (including rain) irrespective of whether there has been any play whatsoever in the *International Match,* the period of *In-Competition* shall be considered to have ended at the time of abandonment as declared by the Match Officials;

5.2.2.3 where an *International Match* overflows into a 'reserve' day which has been set aside, then, for the purposes of the *ICC Code*, the *In-Competition* period shall continue until the completion of the *International Match*;

5.2.2.4 where a 'reserve' day has been set aside for an *International Match,* but the *International Match* concludes prior to the commencement of play on the 'reserve' day, then such 'reserve' day will not be considered to fall within the *In-Competition* period;

5.2.2.5 where any *Player* is not selected as a member of a starting XI or as an officially designated substitute for a particular *International Match*, then the duration of such *International Match* will not be considered to fall within the *In-Competition* period relevant for that *Player*; and

5.2.2.6 when participating in an *ICC Event*, a *Player* will only be deemed to be *In-Competition* during an *International Match* in which he/she is participating. 'Rest' days or other days during the *ICC Event* during which the *Player* is not participating in an *International Match* will not be considered to fall within the *In-Competition* period.

5.2.3 The actual timing of the *Testing* at a selected *International Match*, and the selection of *Players* to be tested at that *International Match*, shall be at the discretion of the *ICC*.

5.3 *Out-of-Competition Testing*

5.3.1 Ambit of *Out-of-Competition Testing*

5.3.1.1 Any period outside of an *In-Competition* period shall be deemed an **"Out-of-Competition"** period for purposes of the *ICC Code*. Any *Testing* of a *Player* outside of an *In-Competition* period shall therefore be considered *Out-of-Competition Testing* for the purposes of the *ICC Code*. Save in exceptional circumstances, such *Testing* shall be *No Advance Notice Testing*.

5.3.1.2 Where a *Sample* is collected during *Out-of-Competition Testing*, there shall only be an anti-doping rule violation under Article 2.1 if analysis of the *Sample* establishes that a substance (or its *Markers* or *Metabolites*)

that is prohibited in *Out-of-Competition Testing* – i.e. a substance that is listed in the section of the *Prohibited List* entitled "Substances and Methods Prohibited At All Times (*In*- and *Out-of-Competition*)" - is present in the *Sample*, or if such analysis reveals evidence of *Use* or *Attempted Use* of a *Prohibited Method*.

5.3.1.3 Subject to the requirements found in the *International Standard* for *Testing* and Investigations, a reasonable effort will be made to avoid inconvenience to a *Player* who is subjected to *Out-of-Competition Testing*. However, the *ICC* shall not be liable for any inconvenience or loss caused to the *Player* as a result of the *Out-of-Competition Testing*.

5.3.2 Additional Obligations on *Players* Included in the *International Registered Testing Pool*

5.3.2.1 The *ICC* shall establish criteria identifying *Players* to be included in a pool of *Players* to be known as the "**International Registered Testing Pool**", and shall publish those criteria. From time to time, the criteria shall be reviewed to ensure they remain fit for purpose, and the membership of the *International Registered Testing Pool* shall be reviewed to ensure that it includes all *Players* meeting those criteria.

5.3.2.2 It is the personal responsibility of a *Player* who has been notified of his/her inclusion in the *International Registered Testing Pool*:

(a) to provide written notification to the *ICC* (or, if the *ICC* agrees or *WADA* so specifies, his/her *NADO*) of his/her whereabouts in the next quarter, as specified in Article 4.8.6.2 of the *International Standard* for *Testing* and Investigations;

(b) to update that whereabouts information as necessary, in accordance with Article 4.8.8.6 of the *International Standard* for *Testing* and Investigations, so that it remains accurate and complete at all times; and

(c) to be available for *Testing* at such whereabouts, in accordance with Article 4.8.9.1 of the *International Standard* for *Testing* and Investigations.

5.3.2.3 Subject to the *Results Management* procedure referenced at Article 7.4 and for the purpose of Article 2.4, a *Player's* failure to comply with the requirements of the *International Standard* for *Testing* and Investigations shall be deemed a *Filing Failure* (e.g. when the *Player* fails to make an accurate and complete whereabouts filing that enables the *Player* to be located for *Testing* at the times and locations set out in the whereabouts filing or to update that whereabouts filing where necessary to ensure that it remains accurate and complete) or *Missed Test* (where the *Player* fails to be available for *Testing* at his/her declared whereabouts), as defined in Annex B of the *International Standard* for Results Management, where the conditions set forth in Annex B are met.

5.3.2.4 The *ICC* may share whereabouts information provided to it by a *Player* pursuant to Article 5.3.2 with *WADA* and other *Anti-Doping Organisations* through *ADAMS.* Whereabouts information shall be maintained in strict confidence at all times; it shall be used exclusively for the purpose of

planning, co-ordinating or conducting *Doping Control*, providing information relevant to the *Athlete Biological Passport* or other analytical results, to support an investigation into a potential anti-doping rule violation, or to support proceedings alleging an anti-doping rule violation; and shall be destroyed after it is no longer relevant for these purposes in accordance with the *International Standard* for the Protection of Privacy and Personal Information.

5.3.2.5 A *Player* who has been included in the *International Registered Testing Pool* must continue to comply with the whereabouts requirements of the *International Standard* for *Testing* and Investigations unless and until either: (a) the *ICC* informs him/her in writing that he/she no longer satisfies the criteria for inclusion in the *International Registered Testing Pool*; or (b) the *Player* retires in accordance with Article 1.2.2.

5.3.3 Additional Obligations on *Players* Included in the *National Player Pool* and their relevant *National Cricket Federations*

5.3.3.1 The *ICC* may, from time to time, establish further criteria identifying additional pools of *Players* and/or *National Cricket Federations,* who are not included in the *International Registered Testing Pool* but who may be required to file and update certain whereabouts information in accordance with such filing requirements (and subject to the potential sanctions for non-compliance) that the *ICC* may determine appropriate.

5.3.3.2 The *ICC* established such an additional pool of *Players* on 1 August 2010, known as the "**National Player Pool**" and developed a full set of requirements (known as the **'ICC Whereabouts Requirements for Out-of-Competition Testing'**), which identified the categories of *Players* to be identified in such a pool, described the information that needs to be filed by those *Players* and/or relevant *National Cricket Federations* and set out the consequences of failure to comply with the requirements.

5.3.3.3 With effect from 1 January 2021, the *ICC* also established an additional pool, known as the "**National Cricket Federation Pool**". The *ICC Whereabouts Requirements for Out-of-Competition Testing* include detailed requirements which identify the categories of *National Cricket Federations* to be included in such a pool, describe the information that needs to be filed by the relevant *National Cricket Federations* (which includes training, match and accommodation details for national representative teams and certain top-level domestic cricket leagues) and set out the consequences of failure to comply with the requirements. That set of requirements, which may be amended by the *ICC* from time to time, remains in full force and effect.

5.3.4 For the avoidance of doubt, a *Player* may be selected for *Out-of-Competition Testing* at any time and place, whether or not he/she has been included in the *International Registered Testing Pool* and/or the *National Player Pool*. The timing of *Out-of-Competition Testing* and the selection of *Players* to be tested shall be at the discretion of the *ICC*. Decisions relating to timing and selection of *Players* for *Out-of-Competition Testing* shall remain confidential except to those with a reasonable need to know of them in order to facilitate such *Testing*.

5.4 Retired *Players* Returning to Competition

5.4.1 If a *Player* registered in the *International Registered Testing Pool* or the *National Player Pool* retires from cricket in accordance with Article 1.2.2 and then wishes to return to active participation in the sport, the *Player* shall not compete in an *International Match* or a national-level event until the *Player* has made himself or herself available for *Testing* by giving six months prior written notice to the *ICC* (in the case of his/her participation in *International Matches*) and his/her *National Cricket Federation* and *NADO* (in the case of his/her participation in national-level matches). *WADA*, in consultation with the *ICC* and the *Player's NADO*, may grant an exemption to the six-month written notice period rule where the strict application of that rule would be unfair to the *Player. WADA's* decision may be appealed pursuant to Article 13.

5.4.1.1 Any competitive results obtained in violation of Article 5.4.1 shall be *Disqualified* unless the *Player* can establish that he/she could not have reasonably known that it was an *International Match* or a national-level match.

5.4.2 If a *Player* retires from cricket while subject to a period of *Ineligibility* the *Player* must notify the *Anti-Doping Organisation* that imposed the period of *Ineligibility* in writing of such retirement. If the *Player* then wishes to return to active participation in cricket, the *Player* shall not compete in any *International Matches* or national-level matches until he/she has made himself or herself available for *Testing* by giving six months prior written notice (or notice equivalent to the period of *Ineligibility* remaining as of the date the *Player* retired, if that period was longer than six months) to the *ICC* (in the case of his/her participation in *International Matches*) and his/her *National Cricket Federation* and *NADO* (in the case of his/her participation in national-level matches).

5.5 ***Athlete Biological Passport Testing***

5.5.1 The *ICC* will designate one or more person(s) to administer and manage the *ABP Programme* within and on behalf of the *ICC* (the '**Athlete Biological Passport Management Unit**' or '**APMU**'). The *ICC* will also appoint suitably qualified, independent experts to form the *Expert Panel* for the purposes of the *ABP Programme.*

5.5.2 The *ICC* will decide, in its sole discretion, which *Players* will be selected for *ABP Testing.* The *ICC* will also decide, consulting as appropriate with the *Expert Panel* (via the *APMU*), on the timing of such *Testing.* The *ICC* will also coordinate as necessary with other competent *Anti-Doping Organisations* carrying out *ABP Testing* in relation to any *Player(s)*.

5.5.3 *Samples* that are intended to be part of the *ABP Programme* will be collected, transported and analysed in accordance with the relevant *International Standards*, and the mandatory protocols set out in Appendices A to C of the *ABP Guidelines* (as they may be amended from time to time). For the avoidance of doubt, all urine and blood *Samples* collected under the *ICC Code* may be evaluated in accordance with the steroid or haematological module (as applicable) of the *ABP Programme.*

5.5.4 The data arising from such analysis will be processed and reviewed in accordance with the *ABP Guidelines* to identify *Atypical Biological Passport Findings* that warrant referral to a single expert from the *Expert Panel*, and thereafter (if appropriate) to two further experts from the *Expert Panel*, for consideration in accordance with Appendix E of the *ABP Guidelines.*

5.5.5 Where the three experts from the *Expert Panel,* having reviewed the *ABP Documentation* Package, unanimously conclude that, subject to any explanation provided by the *Player*, it is highly likely that the *Player Used* a *Prohibited Substance* or *Prohibited Method*, and unlikely that the *Adverse Biological Passport Finding* is the result of any other cause, that conclusion, which should be expressed as a combined opinion and should explain the expert's reasons for the conclusion (an '**Adverse Biological Passport Finding**'), shall be dealt with as set out in Article 7.3.

ARTICLE 6 ANALYSIS OF *SAMPLES*

Samples collected under the *ICC Code* shall be analysed in accordance with the following principles:

6.1 Use of Accredited and Approved Laboratories

6.1.1 For purposes of Article 2.1, *Samples* shall be sent for analysis only to *WADA*-accredited laboratories or laboratories otherwise approved by *WADA*. The choice of the *WADA*-accredited or *WADA*-approved laboratory used for the *Sample* analysis shall be determined exclusively by the *ICC*.

6.1.2 As provided in Article 3.2, facts related to anti-doping rule violations may be established by any reliable means. This would include, for example, reliable laboratory or other forensic testing conducted outside of *WADA*-accredited or approved laboratories.

6.2 Purpose of Analysis of *Samples* and data

Samples and related analytical data or *Doping Control* information shall be analysed: (a) to detect *Prohibited Substances* and *Prohibited Methods* identified on the *Prohibited List* and other substances as may be directed by *WADA* pursuant to the monitoring program described in Article 4.5 of the *Code*; and/or (b) to assist the *ICC* in profiling relevant parameters in a *Player*'s urine, blood or other matrix, including DNA or genomic profiling, for anti-doping purposes.

6.3 Restrictions on *Use* of *Samples*

6.3.1 All *Sample*s and related analytical data or *Doping Control* information provided by a *Player* for the purposes of *Testing* under the *ICC Code* shall be the property of the *ICC*, and the *ICC* shall be entitled to determine all matters regarding the analysis and disposal of such *Samples* at all times in accordance with the *Code* and *International Standards.*

6.3.2 No *Sample* or related analytical data or *Doping Control* information may be used for anti-doping research without the *Player's* written consent. *Samples* and related analytical data or *Doping Control* information used (with the *Player's* consent) for research shall have any means of identification removed so that it cannot be traced back to the *Player* that provided it. Any research involving *Samples* and related analytical data or *Doping Control* information shall adhere to the principles set out in Article 19 of the *Code*.

6.4 Standards for *Sample* Analysis and Reporting

6.4.1 Laboratories shall analyse *Samples* and report results to the *ICC* in conformity with the *WADA Code,* the *International Standard* for Laboratories and Article 4.7 of the *International Standard* for Testing and Investigation.

Laboratories at their own initiative and expense may analyze *Samples* for *Prohibited Substances* or *Prohibited Methods* not included on the standard *Sample* analysis menu, or as requested by the *ICC*, where it initiated and directed *Sample* collection. Results from any such analysis shall be reported to the *ICC* and have the same validity and *Consequences* as any other analytical result.

6.4.2 The *ICC* shall pay the costs of collection and analysis of *Samples* under the *ICC Code*.

6.4.3 Any *Adverse Analytical Findings* reported by the laboratory shall be dealt with as set out in Article 7.1. Any *Atypical Findings* reported by the laboratory shall be dealt with as set out in Article 7.2.

6.5 Further Analysis of *Samples*

6.5.1 There shall be no limitation on the authority of a laboratory to conduct repeat or additional analysis on a *Sample* prior to the time that the *ICC* notifies a *Player* that the *Sample* is the basis for an Article 2.1 anti-doping rule violation charge. If, after such notification, the *ICC* wishes to conduct additional analysis on that *Sample*, it may do so with the consent of the *Player* or the *Anti-Doping Tribunal.*

6.5.2 After a laboratory has reported a *Sample* as negative, or the *Sample* has not otherwise resulted in an anti-doping rule violation charge, it may be stored and subjected to further analyses for the purposes described in Article 6.2 at any time exclusively at the direction of the *ICC* or *WADA*. Any other *Anti-Doping Organization* with authority to test the *Player* that wishes to conduct further analysis on a stored *Sample* may do so with the permission of the *Anti-Doping Organization* that initiated and directed *Sample* collection or *WADA*, and shall be responsible for any follow-up *Results Management*. (Any *Sample* storage or further analyses initiated by *WADA* shall be at *WADA's* expense.) Further analysis of *Samples* shall conform with the requirements of the *International Standard* for Laboratories.

6.6 Split of A or B *Sample*

Where the *ICC, WADA*, an *Anti-Doping Organization* with *Results Management* authority, and/or a *WADA*-accredited laboratory (with approval from *WADA* or the *Anti-Doping Organization* with *Results Management* authority) wishes to split an A or B *Sample* for the purpose of using the first part of the split *Sample* for an A *Sample* analysis and the second part of the split *Sample* for confirmation, then the procedures set forth in the *International Standard* for Laboratories shall be followed.

6.7 *WADA*'s Right to Take Possession of *Samples* and Data

WADA may, in its sole discretion at any time, with or without prior notice, take physical possession of any *Sample* and related analytical data or information in the possession of a laboratory or *Anti-Doping Organization*. Upon request by *WADA*, the laboratory or *Anti-Doping Organization* in possession of the *Sample* or data shall immediately grant access to and enable *WADA* to take physical possession of the *Sample* or data. If *WADA* has not provided prior notice to the laboratory or *Anti-Doping Organization* before taking possession of a *Sample* or data, it shall provide such notice to the laboratory and each

Anti-Doping Organization whose *Samples* or data have been taken by *WADA* within a reasonable time after taking possession. After analysis and any investigation of a seized *Sample* or data, *WADA* may direct another *Anti-Doping Organization* with authority to test the *Player* to assume *Results Management* responsibility for the *Sample* or data if a potential anti-doping rule violation is discovered.

ARTICLE 7 *RESULTS MANAGEMENT*

7.1 *Results Management* for Tests Initiated by the *ICC*

Results Management for tests initiated by the *ICC* (including tests performed by *WADA* pursuant to agreement with the *ICC*) shall be conducted in accordance with Article 7.1 of the *Code* and the *International Standard* for *Results Management* and as follows:

7.1.1 Upon receipt of an *Adverse Analytical Finding*, the *Independent Review Board* shall conduct a review to determine whether: (a) the *Adverse Analytical Finding* is consistent with an applicable *TUE* that has been granted or may be granted as provided in the *International Standard* for *TUEs*; (b) there is any apparent departure from the *International Standard* for *Testing* and Investigations or *International Standard* for Laboratories that caused the *Adverse Analytical Finding;* and/or (c) it is apparent that the *Adverse Analytical Finding* was caused by an ingestion of the relevant *Prohibited Substance* through a permitted route.

7.1.2 If the *Independent Review Board* determines that either: (a) the *Adverse Analytical Finding* is consistent with an applicable *TUE*; and/or (b) there has been an apparent departure from the *International Standard* for *Testing* and Investigations or *International Standard* for Laboratories that caused the *Adverse Analytical Finding*; and/or (c) it is apparent that the *Adverse Analytical Finding* was caused by an ingestion of the relevant *Prohibited Substance* through a permitted route, then the *ICC* shall notify the *Player*, *WADA*, and the *National Cricket Federation* and *National Anti-Doping Organisation* of the *Player* of that fact, and (subject to the rights of appeal set out at Article 13) the matter shall not proceed any further.

7.1.3 If the review of an *Adverse Analytical Finding* under Article 7.1.1 does not reveal that: (a) the *Adverse Analytical Finding* is consistent with an applicable *TUE*; (b) there has been an apparent departure from the *International Standard* for *Testing* and Investigations or the *International Standard* for Laboratories that caused the *Adverse Analytical Finding*; or (c) it is apparent that the *Adverse Analytical Finding* was caused by an ingestion of the relevant *Prohibited Substance* through a permitted route, then the *Anti-Doping Manager* shall promptly send the *Player* written notice (the **"Notification"**) (notice of which can be accomplished by delivery either directly to the *Player* or via his/her *National Cricket Federation*), copied to the *Player*'s *National Cricket Federation*, *the Player's National Anti-Doping Organisation* and *WADA* (who all shall be kept up to date on the status of the case), of the following:

7.1.3.1 that the *Player* (specifying his/her name, country and competitive level) may have a case to answer under Article 2.1 and/or Art. 2.2 and the applicable *Consequences*;

7.1.3.2 details of the anti-doping rule violation(s) that the *Player* is alleged to have committed, including details of the *Adverse Analytical Finding* (including whether it related to an *In-Competition* or *Out-of-Competition* test and the date of *Sample* collection) and a copy of the laboratory documentation

package supporting such *Adverse Analytical Finding* (or the *Player's* right to request copies of the laboratory documentation package);

7.1.3.3 of the *Player's* rights in respect of analysis of the B *Sample*:

(a) The *Player* shall have the right: (i) to have the laboratory analyse the B *Sample*; and (ii) to attend at the laboratory (personally and/or through a representative, but at his/her own cost) to witness the opening and analysis of the B *Sample*. The *ICC* and the *Player's National Cricket Federation* may also be represented at the B *Sample* analysis.

(b) The *Notification* may specify that the analysis of the B *Sample* will go ahead in any event, or it may require the *Player* to advise the *ICC* by a specified deadline if he/she wants the B *Sample* analysis to go ahead. In the latter case, the *Notification* shall warn the *Player* that, failing such request, the *Player* will be deemed to have irrevocably waived his/her right to analysis of the B *Sample*, and to have accepted the accuracy of the *Adverse Analytical Finding* in respect of the A *Sample.*

(c) The *Notification* shall specify the scheduled date, time and place for the B *Sample* analysis (which shall be within the time period specified in the *International Standard* for Laboratories), if it is to go ahead. In the event that neither the *Player* nor any representative of the *Player* attends the B *Sample* analysis, the laboratory shall appoint an independent witness, in accordance with the *International Standard* for Laboratories, to verify that the B *Sample* container shows no signs of *Tampering* and that the identifying numbers correspond to those on the *Sample* collection documentation.

7.1.3.4 The opportunity for the *Player* to provide an explanation within a short period of time.

7.1.3.5 the opportunity for the *Player* to provide *Substantial Assistance* under the *ICC Code,* to admit the anti-doping rule violation and potentially benefit from a one year reduction in the period of *Ineligibility* under Article 10.8.1 or to seek to enter into a case resolution agreement under Article 10.8.2.

7.1.3.6 the *Consequences* applicable under the *ICC Code* if it is established that the *Player* has committed the anti-doping rule violation(s) charged (including identifying any discretion that may exist in relation to such *Consequences* under the *ICC Code*);

7.1.3.7 (where applicable) the matters relating to *Provisional Suspension* specified at Article 7.8;

7.1.3.8 the matters specified at Article 7.10; and

7.1.3.9 any other matters as set out in the *International Standard* for *Results Management.*

7.1.4 If the B *Sample* is analysed and the *Adverse Analytical Finding* in respect of the A *Sample* is not confirmed, then (unless the *ICC* charges the *Player* with an anti-doping rule violation under Article 2.2) the entire test shall be considered negative

and the *Player*, his/her *National Cricket Federation*, his/her *National Anti-Doping Organisation* and *WADA* shall be so informed. In such circumstances, the proceedings instituted against the *Player* shall be discontinued, and any *Provisional Suspension* previously imposed shall be deemed vacated with immediate effect.

7.1.5 If the analysis of the B *Sample* confirms the *Adverse Analytical Finding* in respect of the A *Sample* to the satisfaction of the *ICC*, the findings shall be reported to the *Player*, his/her *National Cricket Federation*, his/her *National Anti-Doping Organisation*, and *WADA*, and the *Player* shall be afforded the opportunity to supplement their explanations within a short deadline, and the matter shall proceed to a hearing in accordance with Article 8.

7.2 *Results Management* for *Atypical Findings*

7.2.1 As provided in the *International Standard* for Laboratories, in certain circumstances where a *Prohibited Substance* that is detected in a *Sample* may also be produced endogenously, laboratories are directed to report the presence of such substance as an *Atypical Finding* that should be investigated further.

7.2.2 If a laboratory reports an *Atypical Finding* in respect of a *Sample* collected pursuant to the *ICC Code*, the *Independent Review Board* shall conduct a review to determine whether: (a) the *Atypical Finding* is consistent with an applicable *TUE* which has been granted or which may be granted as provided in the *International Standard* for *TUEs*; (b) there is any apparent departure from the *International Standard* for *Testing* and Investigations or *International Standard* for Laboratories that caused the *Atypical Finding*; or (c) it is apparent that the ingestion of the *Prohibited Substance* was through a permitted route.

7.2.3 If the initial review of an *Atypical Finding* under Article 7.2.2 reveals either: (a) that the *Atypical Finding* is consistent with an applicable *TUE*; and/or (b) that there is an apparent departure from the International Standard for *Testing* and *Investigations* or *International Standard* for Laboratories that caused the *Atypical Finding*; and/or (c) that the ingestion of the *Prohibited Substance* was through a permitted route, the *ICC* shall notify the *Player*, *WADA*, and the *Player's National Anti-Doping Organisation* and (subject to the rights of appeal set out at Article 13) the matter shall not proceed any further.

7.2.4 If the initial review of an *Atypical Finding* under Article 7.2.2 does not reveal that the *Atypical Finding* is consistent with an applicable *TUE* or a departure from the *International Standard* for *Testing* and Investigations or the *International Standard* for Laboratories that caused the *Atypical Finding* or it is apparent that the ingestion of the *Prohibited Substance* was through a permitted route, the *ICC* shall conduct any follow-up investigation that may be required by the *International Standards.* If, once that investigation is completed, the *Independent Review Board* concludes that the *Atypical Finding* should be brought forward as an *Adverse Analytical Finding*, the *ICC* shall pursue the matter in accordance with Article 7.1.3.

7.2.5 Pending the outcome of the investigation, the *ICC* will keep the *Atypical Finding* confidential, unless one of the following circumstances exists:

7.2.5.1 If the *ICC* determines the B *Sample* should be analysed prior to the conclusion of its follow-up investigation, it may conduct the B *Sample* analysis after notifying the *Player*, with such notice to include a description of the *Atypical Finding* and the information described in Article 7.1.3.3.

7.2.5.2 If the *ICC* receives a request from a *National Cricket Federation* responsible for meeting an imminent deadline for selecting team members for an *International Event* or any other *Major Event Organisation*, asking the *ICC* to disclose whether any *Player* identified on a list provided by the *National Cricket Federation* has a pending *Atypical Finding*, the *ICC* shall so identify any such *Player* after first providing notice of the *Atypical Finding* to the *Player.*

7.2.5.3 If the *Atypical Finding* is, in the opinion of a qualified medical or expert personnel, likely to be connected to a serious pathology that requires urgent medical attention.

7.3 Review of *Atypical Biological Passport Findings* and *Adverse Biological Passport Findings*

7.3.1 Review of *Atypical Biological Passport Findings* and *Adverse Biological Passport Findings* shall take place as provided in Annex C of the *International Standard* for *Results Management*.

7.4 *Results Management* for *Tests* initiated by another *Anti-Doping Organisation*

Unless otherwise agreed by the *ICC*, where another *Anti-Doping Organisation* tests a *Player* under its own rules, and that test results in an *Adverse Analytical Finding*, or if that *Anti-Doping Organisation* uncovers other evidence of an anti-doping rule violation by such *Player*, it shall be the responsibility of that *Anti-Doping Organisation* to pursue the matter, including bringing charges (if appropriate) under its rules, failing which it shall be the responsibility of the *Player's National Cricket Federation* to pursue the matter under its own rules.

7.5 *Results Management* for Whereabouts Violations

7.5.1 The *ICC* shall have *Results Management* authority in relation to potential *Whereabouts Failures* by any *Player* who files his/her whereabouts information with the *ICC.*

7.5.2 If a *Whereabouts Failure* by a *Player* who is subject to the *ICC's Results Management* authority is uncovered through an attempt to test the *Player* by or on behalf of another *Testing Authority* other than the *ICC,* the other *Testing Authority* shall provide the *ICC* with the *Unsuccessful Attempt Form* without delay and thereafter shall assist the *ICC* as necessary in obtaining the necessary information pursuant to Article B.3.2(a) of the *International Standard* for *Results Management*, so that the *ICC* may conduct its *Results Management* in respect of that *Whereabouts Failure* in accordance with Article 7.5.3. Upon request, the *Player* shall assist the *ICC* in obtaining such information and assistance.

7.5.3 *Results Management* in relation to potential *Whereabouts Failures* shall be conducted by the *ICC* in accordance with Annex B of the *International Standard* for *Results Management* (with the administrative review, if any, carried out by the *Independent Review Board*) in order to determine whether all of the requirements of Article B2.1 of the *International Standard* for *Results Management* (in the case of a *Filing Failure*) or all of the requirements of Article B2.4 of the *International Standard* for *Results Management* (in the case of a *Missed Test*) are met.

7.5.4 Where a *Player* who is subject to the *ICC's Results Management* authority in accordance with Article 7.5.1. is declared to have three *Whereabouts Failures* (i.e. any combination of *Filing Failures* and/or *Missed Tests* adding up to three) in any

twelve-month period, then the matter shall be referred to the *Independent Review Board* to determine whether the *Player* has a case to answer under Article 2.4.

7.5.5 If the *Independent Review Board* determines that the *Player* has a case to answer under Article 2.4, the *Anti-Doping Manager* shall promptly send the *Player* a written *Notification* (notice of which can be accomplished by delivery either directly to the *Player* or via his/her *National Cricket Federation*), (copied to the *Player*'s *National Cricket Federation*, and the *Player's National Anti-Doping Organisation* and *WADA* (who all shall be kept up to date on the status of the case)), amended as appropriate to confirm the following:

7.5.5.1 that the *Player* has a case to answer under Article 2.4;

7.5.5.2 details of the facts upon which the case to answer is based, including details of the *Filing Failures* and/or *Missed Tests* alleged, and copies of any relevant documentation;

7.5.5.3 the *Consequences* applicable under the *ICC Code* if it is established that the *Player* has committed the anti-doping rule violation(s) charged (including identifying any discretion that may exist in relation to such *Consequences* under the *ICC Code*);

7.5.5.4 the opportunity for the *Player* to provide *Substantial Assistance* under the *ICC Code* or to seek to enter into a case resolution agreement under Article 10.8.2;

7.5.5.5 (where applicable) the matters relating to *Provisional Suspension* specified at Article 7.8;

7.5.5.6 the matters specified at Article 7.10**;** and

7.5.5.7 any other matters as set out in the *International Standard* for *Results Management.*

7.6 Investigations

7.6.1 The *ICC* may gather anti-doping intelligence and conduct investigations in accordance with the *Code* and the *International Standard* for Testing and Investigations into the activities of any *Player* or other *Person* that the *ICC* believes may have committed an anti-doping rule violation. Such intelligence gathering and investigations may be conducted in conjunction with, and/or information or intelligence obtained in such investigations may be shared with other *Signatories* and/or other relevant authorities. The *ICC* shall have discretion, where it deems appropriate, to stay its own investigation pending the outcome of investigations being conducted by other *Signatories* and/or other relevant authorities.

7.6.2 In the event a *Player* (or other *Person*) knows or suspects that any other *Player* or other *Person* has committed an anti-doping rule violation, the *Player* must report such knowledge or suspicion to the *Anti-Doping Manager* as soon as possible. All *Players* (and other *Persons*) shall have a continuing obligation to report any new knowledge or suspicion regarding any anti-doping rule violation to the *Anti-Doping Manager*, even if the *Player's* (or other *Person's*) prior knowledge or suspicion has already been reported.

7.6.3 *Players* and other *Persons* must cooperate fully with investigations conducted pursuant to this Article 7.6.

7.6.3.1 The *Anti-Doping Manager* may make a written demand to a *Player* or other *Person* (a "**Demand**") to furnish to the *Anti-Doping Manager* any information regarding any suspected anti-doping rule violation, including, without limitation, a written statement setting forth the *Player* or other *Person's* knowledge of facts and circumstances with respect to the suspected anti-doping rule violation. The *Player* or other *Person* shall furnish such information within seven business days of the making of such *Demand*, or within such other time as may be set by the *Anti-Doping Manager*. Any information furnished to the *Anti-Doping Manager* shall be kept confidential except when it becomes necessary to disclose such information in furtherance of the prosecution of an anti-doping rule violation, or when such information is reported to administrative, professional, or judicial authorities pursuant to an investigation or prosecution of non-sporting laws or regulations.

7.6.3.2 Each *Player* or other *Person* waives and forfeits any rights, defences and privileges provided by any law in any jurisdiction to withhold information requested by the *Anti-Doping Manager* in a *Demand*. If a *Player* or other *Person* fails to produce such information, then, provided that the *Independent Review Board* agrees with the *Anti-Doping Manager* that there is a good faith basis for the *Demand*, his/her eligibility to participate (or, in the case of an other *Person*, to assist in a *Player's* participation) in *International Matches* and *ICC Events* may be withdrawn, and he/she may be denied accreditation and access to *International Matches* and *ICC Events*, pending compliance with the *Demand*.

7.6.4 If a *Player* or other *Person* subverts or *Attempts* to subvert the investigation process (e.g. by providing false, misleading or incomplete information, by failing to report a knowledge or suspicion pursuant to Article 7.6.2, and/or by destroying potential evidence), proceedings may be brought against him/her for a violation of Article 2.5 (*Tampering* or *Attempted Tampering*).

7.6.5 Where, as the result of an investigation under this Article 7.6, the *ICC* forms the view that an anti-doping rule violation may have been committed, the *ICC* shall refer the matter to the *Independent Review Board,* to determine whether there is a case to answer.

7.6.6 If the *Independent Review Board* determines that the *Player* or other *Person* has a case to answer under Article 2, the *Anti-Doping Manager* shall promptly send the *Player* or other *Person* a written *Notification*(notice of which can be accomplished by delivery either directly to the *Player* or other *Person* or via his/her *National Cricket Federation*), (copied to the *Player*'s *National Cricket Federation*, *the Player's National Anti-Doping Organisation* and *WADA* (who all shall be kept up to date on the status of the case)), confirming the following:

7.6.6.1 that the *Player* or other *Person* has a case to answer under Article 2 (specifying which particular anti-doping rule violation is alleged to have been committed);

7.6.6.2 details of the facts upon which the case to answer is based, including copies of any relevant documentation;

7.6.6.3 the *Consequences* applicable under the *ICC Code* if it is established that the *Player* has committed the anti-doping rule violation(s) charged (including identifying any discretion that may exist in relation to such *Consequences* under the *ICC Code*);

7.6.6.4 the opportunity for the *Player* to provide *Substantial Assistance* under the *ICC Code*, and, where applicable pursuant to the *Code*, to admit the anti-doping rule violation and potentially benefit from a one year reduction in the period of *Ineligibility* under Article 10.8.1 or to seek to enter into a case resolution agreement under Article 10.8.2;

7.6.6.5 (where applicable) the matters relating to *Provisional Suspension* specified at Article 7.8;

7.6.6.6 the matters specified at Article 7.10**;** and

7.6.6.7 any other matters as set out in the *International Standard* for *Results Management.*

7.7 Identification of Prior Anti-Doping Rule Violations

Before giving a *Player* or other *Person* notice of a potential anti-doping rule violation as provided above, the *ICC* shall refer to *ADAMS* and contact *WADA* and other relevant *Anti-Doping Organisations* to determine whether the *Player* or other *Person* has any prior anti-doping rule violations.

7.8 *Provisional Suspension*

7.8.1 If analysis of a *Player's Sample* results in an *Adverse Analytical Finding* or an *Adverse Passport Finding* for a *Prohibited Substance* or *Prohibited Method* that is not a *Specified Substance* or *Specified Method*, and a review in accordance with Article 7.1.1 does not reveal an applicable *TUE* or departure from the *International Standard* for *Testing* and Investigations or the *International Standard* for Laboratories that caused the *Adverse Analytical Finding*, or an ingestion of the relevant *Prohibited Substance* through a permitted route, then the *ICC* shall *Provisionally Suspend* the *Player* pending the *Anti-Doping Tribunal's* determination of whether he/she has committed an anti-doping rule violation.

A mandatory *Provisional Suspension* may be eliminated if: (i) the *Player* demonstrates to the *Anti-Doping Tribunal* that the violation is likely to have involved a *Contaminated Product,* or (ii) the violation involves a *Substance of Abuse* and the *Player* establishes entitlement to a reduced period of *Ineligibility* under Article 10.2.4.1.

The Anti-Doping Tribunal's decision not to eliminate a mandatory *Provisional Suspension* on account of the *Player's* assertion regarding a *Contaminated Product* shall not be appealable.

7.8.2 In any case not covered by Article 7.8.1 (for example, if the analysis of an A *Sample* has resulted in an *Adverse Analytical Finding* for a *Prohibited Substance* that is a *Specified Substance, Specified Method* or other anti-doping rule violation), where the *ICC* decides to take the matter forward as an apparent anti-doping rule violation in accordance with the provisions of this Article 7, the *ICC* may *Provisionally Suspend* the *Player* or other *Person* pending the *Anti-Doping Tribunal's* determination of whether he/she has committed an anti-doping rule violation. An optional *Provisional*

Suspension may be lifted at the discretion of the *ICC* at any time prior to the *Anti-Doping Tribunal's* decision under Article 8, unless provided otherwise in the *International Standard* for *Results Management*.

In circumstances where the *ICC* decides not to impose a *Provisional Suspension*, the *Player* or other *Person* shall be offered the opportunity to accept a voluntary *Provisional Suspension* pending the resolution of the matter. If the *Player* or other *Person* wishes to accept the offer, the *Player* must communicate such acceptance in writing to the *ICC* prior to the later of (i) the expiration of ten days from the report of the B *Sample* analysis (or waiver of the B *Sample* analysis) or ten days after notice of any other anti-doping rule violation; or (ii) the date on which the *Player* first competes after such report or notification. Other *Persons* on their own initiative may voluntarily accept a *Provisional Suspension* if done so within ten days of notice of the anti-doping rule violation.

Upon such voluntary acceptance, the *Provisional Suspension* shall have the full effect and be treated in the same manner as if the *Provisional Suspension* had been imposed under Article 7.8.1 or 7.8.2; provided, however, at any time after voluntarily accepting a *Provisional Suspension*, the *Player* or other *Person* may withdraw such acceptance, in which event the *Player* or other *Person* shall not receive any credit for time previously served during the *Provisional Suspension*.

7.8.3 Where a *Provisional Suspension* is imposed, whether pursuant to Article 7.8.1 or Article 7.8.2, the *Player* or other *Person* shall be given either: (a) an opportunity for a *Provisional Hearing* before imposition of the *Provisional Suspension* or on a timely basis after imposition of the *Provisional Suspension*; or (b) an opportunity for an expedited hearing in accordance with Article 8 on a timely basis after imposition of a *Provisional Suspension.*

7.8.4 If a *Provisional Suspension* is imposed based on an *Adverse Analytical Finding* in respect of an A *Sample*, and any subsequent analysis of the B *Sample* analysis does not confirm the A *Sample* analysis, then the *Player* shall not be subject to any further *Provisional Suspension* on account of a violation of Article 2.1 of the *Code* (presence of a *Prohibited Substance* or its *Metabolites or Markers).*

7.9 *Notice of Charge*

7.9.1 If after receipt of the *Player* or other *Person's* explanation sent in response to the *Notification* or the expiry of the deadline to provide such explanation, the *ICC* remains satisfied that the *Player* or other *Person* has committed an anti-doping rule violation, the *ICC* shall promptly charge the *Player* or other *Person* with the anti-doping rule violation(s) they are asserted to have breached (the "**Notice of Charge**") (notice of which can be accomplished by delivery either directly to the *Player* or via his/her *National Cricket Federation*), copied to the *Player's National Cricket Federation,* the *Player's National Anti-Doping Organisation* and *WADA*. The *Notice of Charge* shall include the following:

7.9.1.1 the fact that the *Player, Player Support Personnel* or other *Person* has a case to answer under Article 2;

7.9.1.2 details of the anti-doping rule violation(s) that the *Player, Player Support Personnel,* or other *Person* is alleged to have committed, and a summary of the facts which are relied upon in support of the charge;

7.9.1.3 the *Consequences* applicable under the *ICC Code* if it is established that the *Player* has committed the anti-doping rule violation(s) charged (including identifying any discretion that may exist in relation to such *Consequences* under the *ICC Code*);

7.1.9.4 the opportunity for the *Player* or other *Person* to provide *Substantial Assistance* under the *ICC Code* to admit the anti-doping rule violation and potentially benefit from a one-year reduction in the period of *Ineligibility* under Article 10.8.1 or to seek to enter into a case resolution agreement under Article 10.8.2;

7.9.1.5 (where applicable) the matters relating to *Provisional Suspension* specified at Article 7.8;

7.9.1.6 the matters specified at Article 7.10; and

7.9.1.7 any other matters as set out in the *International Standard* for *Results Management.*

7.10 Responding to a *Notice of Charge*

7.10.1 A *Notification* sent to a *Player* or other *Person* in accordance with Article 7.1.3, 7.3.5 or Article 7.5.5 or to a *Player* or other *Person* in accordance with Article 7.6.6 or a *Notice of Charge* sent to a *Player* or other *Person* in accordance with Article 7.9 shall also specify that, if the *Player* or other *Person* wishes to exercise his/her right to a hearing before the *Anti-Doping Tribunal*, he/she must submit a written request for such a hearing so that it is received by the *Anti-Doping Manager* as soon as possible, but in any event within fourteen (14) days of the receipt by the *Player* or other *Person* of the *Notice of Charge*. The request must also state how the *Player* or other *Person* responds to the charge(s) and must explain (in summary form) the basis for such response.

7.10.2 If the *Player* or other *Person* fails to file a written request for a hearing before the *Anti-Doping Tribunal* in accordance with Article 7.10.1 by the deadline specified in that Article, then the *Player* or other *Person* shall be deemed:

7.10.2.1 to have waived his/her entitlement to a hearing;

7.10.2.2 to have admitted that he/she has committed the anti-doping rule violation(s) specified in the *Notice of Charge*; and

7.10.2.3 to have acceded to the *Consequences* specified in the *Notice of Charge*.

In such circumstances, a hearing before the *Anti-Doping Tribunal* shall not be required. Instead, the *ICC* shall promptly issue a public decision confirming the commission of the anti-doping rule violation(s) specified in the *Notice of Charge* and the imposition of the *Consequences* specified in the *Notice of Charge*.

7.10.3 Where the *Player* or other *Person* does request a hearing in accordance with Article 7.10.1, the matter shall proceed to a hearing in accordance with Article 8.

7.11 Notification of *Results Management* Decisions

In all cases where the *ICC* has asserted the commission of an anti-doping rule violation, withdrawn the assertion of an anti-doping rule violation, imposed a *Provisional Suspension*, or agreed with a *Player* or other *Person* to the imposition of a sanction without a hearing, that *ICC* shall give notice thereof as set forth in Article 14.2.1 of the *Code* to other *Anti-Doping Organizations* with a right to appeal under Article 13.2.3 of the *Code*.

7.12 Retirement from Sport

If a *Player* or other *Person* retires while a *Results Management* process is underway, the *ICC* retains authority to complete the *Results Management* process. If a *Player* or other *Person* retires before any *Results Management* process has started, the *ICC*, if it has *Results Management* authority over that *Player* or other *Person* at the time the *Player* or other *Person* committed an anti-doping rule violation, has authority to conduct the *Results Management* process notwithstanding the retirement.

ARTICLE 8 RIGHT TO A FAIR HEARING

8.1 Hearings under the *ICC Code*

8.1.1 The *ICC* shall appoint a standing panel consisting of a President (who shall be a lawyer) and at least six other persons with experience and expertise in anti-doping (the **"Anti-Doping Panel"**). Each panel member shall be independent of the *ICC,* free of any conflict of interest and shall be *Operationally Independent*.

8.1.2 Where the *ICC* alleges that a *Player* or other *Person* has committed an anti-doping rule violation, and the *Player* or other *Person* denies the allegation, and/or disputes the *Consequences* to be imposed for such violation under the *ICC Code*, then the case shall be referred to an *Anti-Doping Tribunal* for adjudication.

8.1.3 In conjunction with the *Anti-Doping Manager*, the President of the *Anti-Doping Panel* shall appoint three members from the panel (which may include the President) to sit as the *Anti-Doping Tribunal* to hear each case. At least one appointed member of the *Anti-Doping Tribunal* shall be a lawyer, and shall sit as the Chairman of the *Anti-Doping Tribunal*. The appointed members shall have had no prior involvement with the case and shall not have the same nationality as the *Player* or other *Person* alleged to have violated the *ICC Code*.

8.1.4 The Chairman of the *Anti-Doping Tribunal* shall convene a preliminary hearing with the *ICC* and its legal representatives, and with the *Player* or other *Person* and his/her legal representatives (if any). The preliminary hearing should take place as soon as possible by telephone conference call unless the Chairman determines otherwise. The non-participation of the *Player* or other *Person* or his/her representative at the preliminary hearing, after proper notice of the preliminary hearing has been provided, shall not prevent the Chairman of the *Anti-Doping Tribunal* from proceeding with the preliminary hearing, whether or not any written submissions are made on behalf of the *Player* or other *Person*.

8.1.5 The purpose of the preliminary hearing shall be to allow the Chairman to address any preliminary issues. In particular (but without limitation), the Chairman shall:

8.1.5.1 determine the date(s) upon which the full hearing shall be held;

8.1.5.2 establish dates reasonably in advance of the date of the full hearing at which:

(a) the *ICC* shall submit an opening brief with argument on all issues that the *ICC* wishes to raise at the hearing and a list of the witnesses that the *ICC* intends to call at the hearing (and a summary of the subject areas of the witness's anticipated testimony), and enclosing copies of the documents that the *ICC* intends to introduce at the hearing;

(b) the *Player* or other *Person* shall submit an answering brief, addressing the *ICC's* arguments and setting out arguments on the issues that he/she wishes to raise at the hearing, as well as a list of the witnesses that he/she intends to call at the hearing (and a summary of the subject areas of the witness's anticipated testimony), and enclosing copies of the documents that he/she intends to introduce at the hearing; and

(c) the *ICC* may (at its discretion) submit a reply brief, responding to the answer brief of the *Player* or other *Person* and listing any rebuttal witnesses or documents.

8.1.5.3 make such order as the Chairman shall deem appropriate in relation to the production of relevant documents and/or other materials between the parties; provided that (save for good cause shown) no documents and/or other materials shall be ordered to be produced in relation to any *Adverse Analytical Finding* beyond the documents that the *International Standard* for Laboratories requires to be included in the laboratory documentation pack.

8.1.6 The *Player* or other *Person* shall be required to raise any legitimate objection that he/she may have to any of the members of the *Anti-Doping Tribunal* convened to hear his/her case within seven days of the ground for challenge becoming known and, at the latest, the preliminary hearing. Any unjustified delay in raising any such objection shall constitute a waiver of the objection. If any objection is made, the President of the *Anti-Doping Panel* shall rule on its legitimacy (or, if the objection relates to the President, another member of the *Anti-Doping Panel* shall rule).

8.1.7 If, because of a legitimate objection or for any other reason, a member of the *Anti-Doping Tribunal* is, or becomes, unwilling or unable to hear the case, then the President of the *Anti-Doping Panel* may, at his/her absolute discretion: (a) rule that a replacement member of the *Anti-Doping Tribunal* should be appointed (in which case the President of the *Anti-Doping Panel* shall appoint the replacement); or (b) authorise the remaining members to hear the case on their own.

8.1.8 Subject to the discretion of the Chairman of the *Anti-Doping Tribunal* to order otherwise for good cause shown by either party, or if otherwise agreed between the parties, hearings before the *Anti-Doping Tribunal* shall: (a) take place at the *ICC's* headquarters in Dubai, United Arab Emirates; and (b) be conducted on a confidential basis.

8.1.9 Each of the *ICC* and the *Player* or other *Person* has the right to be present and to be heard at the hearing. Each of the *ICC* and the *Player* or other *Person* also has the right (at his/her or its own expense) to be represented at the hearing by legal counsel of his/her or its own choosing.

8.1.10 Subject to Article 3.2.6, the *Player* or other *Person* may choose not to appear in person at the hearing, but rather to provide a written submission for consideration

by the *Anti-Doping Tribunal*, in which case the *Anti-Doping Tribunal* shall consider the submission in its deliberations. However, the non-attendance of the *Player* or other *Person* or his/her representative at the hearing, after proper notice of the hearing has been provided, shall not prevent the *Anti-Doping Tribunal* from proceeding with the hearing in his/her absence, whether or not any written submissions are made on his/her behalf.

8.1.11 The procedure followed at the hearing shall be at the discretion of the Chairman of the *Anti-Doping Tribunal*, provided that the hearing is conducted in a fair manner with a reasonable opportunity for each party to present evidence (including the right to call and to question witnesses by telephone or video-conference where necessary), address the *Anti-Doping Tribunal* and present his/her case. The procedure shall follow the principles outlined in the *International Standard* for *Results Management*.

8.1.12 Save where the Chairman orders otherwise for good cause shown by either party, the hearing shall be in English, and certified English translations shall be submitted of any non-English documents put before the *Anti-Doping Tribunal*. The cost of the translation shall be borne by the party offering the document(s). If required by the Chairman, the *ICC* shall make arrangements to have the hearing recorded or transcribed (save for the private deliberations of the *Anti-Doping Tribunal*). If requested by the *Player* or other *Person*, the *ICC* shall also arrange for a translator to attend the hearing to translate oral questions and/or answers. The costs of such transcription and translation shall be paid by the *ICC*, subject to any costs-shifting order that the *Anti-Doping Tribunal* may make further to Article 8.2.4.

8.2 Decisions of the *Anti-Doping Tribunal*

8.2.1 The *Anti-Doping Tribunal* shall announce its decision in writing, with reasons, as soon as possible after the conclusion of the hearing. That written decision will be sent without delay to the parties and to *WADA* and any other party that has a right, further to Article 13, to appeal the decision. The decision shall set out and explain:

8.2.1.1 the jurisdictional basis and applicable rules;

8.2.1.2 a detailed factual background;

8.2.1.3 with reasons, the *Anti-Doping Tribunal's* findings as to whether any anti-doping rule violation(s) has/have been committed;

8.2.1.4 with reasons, the *Anti-Doping Tribunal's* findings as to what *Consequences*, if any, are to be imposed, including, if applicable, findings as to why the maximum potential sanction was not imposed;

8.2.1.5 with reasons, the date that such *Consequences* shall come into force and effect pursuant to Article 10.13; and

8.2.1.6 the rights of appeal applicable pursuant to Article 13.

8.2.2 Where possible, the *Anti-Doping Tribunal* shall have discretion to announce the substance of its decision to the parties prior to the issue of the written reasoned decision referred to in Article 8.2.1, in cases where a *Provisional Suspension* has been imposed or where it otherwise deems appropriate. For the avoidance of doubt, however: (a) the *Anti-Doping Tribunal* shall still be required to issue a

written, reasoned decision in accordance with Article 8.2.1; and (b) the time to appeal pursuant to Article 13 shall not run until receipt of that written, reasoned decision.

8.2.3 The *ICC* shall pay the costs of convening the *Anti-Doping Tribunal* and of staging the hearing, subject to any costs-shifting order that the *Anti-Doping Tribunal* may make further to Article 8.2.4.

8.2.4 The *Anti-Doping Tribunal* has the power to make a costs order against any party. Subject thereto, each party shall bear its own costs, legal, expert, hearing, and otherwise. No recovery of costs may be considered a basis for reducing the period of *Ineligibility* or other sanction that would otherwise be applicable.

8.2.5 Subject only to the rights of appeal under Article 13, the *Anti-Doping Tribunal's* decision shall be the full, final and complete disposition of the case and will be binding on all parties.

8.2.6 If the decision is that an anti-doping rule violation has been committed, then: (a) the decision shall be *Publicly Reported* in full as soon as possible, and in any event within no more than twenty (20) days of its issue in accordance with Article 14.1; and (b) after the decision is *Publicly Reported*, the *ICC* may also publish such other parts of the proceedings before the *Anti-Doping Tribunal* as the *ICC* thinks fit.

8.2.7 If the *Player* or other *Person* is exonerated, then the decision shall not be published (save as set out in Article 14.2) and its confidentiality shall be strictly maintained by all parties.

8.3 Single Hearings Before CAS

Anti-doping rule violations asserted against *Players* or other *Persons* under this *ICC Code* may, with the consent of the *Player* or other *Person*, the *ICC*, and *WADA* be heard in a single hearing directly at *CAS.*

ARTICLE 9 AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

An anti-doping rule violation in connection with or arising out of an *In-Competition* test automatically leads to *Disqualification* of the individual results obtained by the *Player*'s individual performance in the *International Match* in question, including without limitation and where possible, forfeiture of any individual medals or other prizes awarded.

ARTICLE 10 SANCTIONS ON INDIVIDUALS

10.1 *Disqualification* of Individual Results in an *ICC Event* During Which an Anti-Doping Rule Violation occurs

10.1.1 Subject to Article 10.1.2, where a *Player* is found to have committed an anti-doping rule violation during or in connection with an *International Match* in an *ICC Event* where the *Player* also participated in other *International Matches* (for example, the anti-doping rule violation was committed during or in connection with the final of an *ICC Event* and the *Player* had participated in earlier rounds of the *ICC Event*), then in addition to the *Consequences* set out at Article 9 (in relation to the *Disqualification* of individual results obtained by the *Player's* individual performance in the particular *International Match* during or in connection with

which the anti-doping rule violation was committed), the anti-doping rule violation may also, where possible, lead to *Disqualification* of all of the individual results obtained by the *Player's* individual performances in the other *International Matches* that he/she participated in during the *ICC Event* in question and consequently the forfeiture of any individual medals or other prizes awarded, except as provided in Article 10.1.2. Factors to be included in considering whether to *Disqualify* other results in an *ICC Event* might include, for example, the seriousness of the *Player's* anti-doping rule violation and whether the *Player* tested negative in the other *Matches* played as part of the *ICC Event.*

10.1.2 If the *Player* establishes that he/she bears *No Fault or Negligence* for the violation, the *Player's* individual results in the *International Matches* other than the *International Match* during or in connection with which the anti-doping rule violation occurred shall not be *Disqualified* unless the *ICC* establishes that the *Player's* results in the other *International Matches* were likely to have been affected by his/her anti-doping rule violation.

10.2 Imposition of a Period of *Ineligibility* for the Presence, *Use* or *Attempted Use*, or *Possession* of a *Prohibited Substance* or *Prohibited Method*

The period of *Ineligibility* imposed for a violation of Article 2.1 (presence of *Prohibited Substance* or its *Metabolites* or *Markers* in a *Sample*), Article 2.2 (*Use* or *Attempted Use* of *Prohibited Substance* or *Prohibited Method*) or Article 2.6 (*Possession* of *Prohibited Substances* and *Methods*) that is the *Player* or other *Person's* first offence shall be as follows, unless the conditions for eliminating, reducing or suspending the period of *Ineligibility* (as provided in Articles 10.5. 10.6 and 10.7) are met.

10.2.1 The period of *Ineligibility,* subject to Article 10.2.4, shall be four years where:

(a) the anti-doping rule violation does not involve a *Specified Substance* or a *Specified Method*, unless the *Player* or other *Person* can establish that the anti-doping rule violation was not intentional;

(b) the anti-doping rule violation involves a *Specified Substance* or a *Specified Method* and the *ICC* establishes that the anti-doping rule violation was intentional;

10.2.2 If Article 10.2.1 does not apply, subject to Article 10.2.4.1, the period of *Ineligibility* shall be two years.

10.2.3 As used in Articles 10.2 and 10.3, the term "intentional" is meant to identify those *Players* or other *Persons* who engage in conduct which he or she knew constituted an anti-doping rule violation or knew that there was a significant risk that the conduct might constitute or result in an anti-doping rule violation and manifestly disregarded that risk. An anti-doping rule violation resulting from an *Adverse Analytical Finding* for a substance which is prohibited *In-Competition* only shall be rebuttably presumed to be not "intentional" if the substance is a *Specified Substance* and the *Player* can establish that the *Prohibited Substance* was *Used Out-of-Competition.* An anti-doping rule violation resulting from an *Adverse Analytical Finding* for a substance which is only prohibited *In-Competition* shall not be considered "intentional" if the substance is not a *Specified Substance* and the *Player* can establish that the *Prohibited Substance* was *Used Out-of-Competition* in a context unrelated to sport performance.

10.2.4 Notwithstanding any other provision in Article 10.2, where the anti-doping rule violation involves a *Substance of Abuse*:

10.2.4.1 If the *Player* can establish that any ingestion or *Use* occurred *Out-of-Competition* and was unrelated to sport performance, then the period of *Ineligibility* shall be three (3) months *Ineligibility*.

In addition, the period of *Ineligibility* calculated under this Article 10.2.4.1 may be reduced to one (1) month if the *Player* or other *Person* satisfactorily completes a *Substance of Abuse* treatment program approved by the *ICC*. The period of *Ineligibility* established in this Article 10.2.4.1 is not subject to any reduction based on any provision in Article 10.6.

10.2.4.2 If the ingestion, *Use* or *Possession* occurred *In-Competition*, and the *Player* can establish that the context of the ingestion, *Use* or *Possession* was unrelated to sport performance, then the ingestion, *Use* or *Possession* shall not be considered intentional for purposes of Article 10.2.1 and shall not provide a basis for a finding of *Aggravating Circumstances* under Article 10.4.

10.3 Imposition of a Period of *Ineligibility* for Other Anti-Doping Rule Violations

The period of *Ineligibility* imposed for anti-doping rule violations other than under Article 10.2 shall be as follows, subject to the potential reduction or suspension pursuant to Articles 10.6 or 10.7:

10.3.1 For a violation of Article 2.3 (evading *Sample* collection or refusing or failing to submit to *Sample* collection) or Article 2.5 (*Tampering* or *Attempted Tampering* with *Doping Control*) that is the *Player* or other *Person's* first offence, the period of *Ineligibility* imposed shall be four years, except: (i) in the case of failing to submit to *Sample* collection, the *Player* can establish that the commission of the anti-doping rule violation was not intentional (as defined in Article 10.2.3), in which case the period of *Ineligibility* shall be two years; (ii) in all other cases, if the *Player* or other *Person* can establish exceptional circumstances that justify a reduction of the period of *Ineligibility*, the period of *Ineligibility* shall be in a range from two (2) years to four (4) years depending on the *Player* or other *Person*'s degree of *Fault*; or (iii) in a case involving a *Protected Person* or *Recreational Athlete*, the period of *Ineligibility* shall be in a range between a maximum of two (2) years and, at a minimum, a reprimand and no period of *Ineligibility*, depending on the *Protected Person* or *Recreational Athlete*'s degree of *Fault*.

10.3.2 For a violation of Article 2.4 (*Whereabouts Failures*) that is the *Player's* first offence, the period of *Ineligibility* imposed shall be two years subject to reduction down to a minimum of one (1) year depending on the *Player's* degree of *Fault.* The flexibility between two years and one year of *Ineligibility* in this Article is not available to *Players* where a pattern of last-minute whereabouts changes or other conduct raises a serious suspicion that the *Player* was trying to avoid being available for *Testing*.

10.3.3 For a violation of Article 2.7 (*Trafficking* or *Attempted Trafficking*) or Article 2.8 (*Administration* or *Attempted Administration* of a *Prohibited Substance* or *Prohibited Method*) that is the *Player* or other *Person's* first offence, the period of *Ineligibility* imposed shall be a minimum of four years up to lifetime *Ineligibility* depending on the seriousness of the violation. Provided that:

10.3.3.1 an anti-doping rule violation involving a *Protected Person* shall be considered a particularly serious violation and, if committed by *Player Support Personnel* in relation to violations other than those involving

Specified Substances, shall result in lifetime *Ineligibility* for such *Player Support Personnel*; and

10.3.3.2 significant violations of Article 2.7 or 2.8 which also violate non-sporting laws or regulations shall be reported to the competent administrative, professional or judicial authorities.

10.3.4 For a violation of Article 2.9 (Complicity) that is the *Player's* first offence, the period of *Ineligibility* imposed shall be a minimum of two years, up to a maximum of lifetime *Ineligibility*, depending on the seriousness of the violation.

10.3.5 For a violation of Article 2.10 (Prohibited Association) that is the *Player's* first offence, the period of *Ineligibility* imposed shall be two years, subject to reduction down to a minimum of one year depending on the *Player* or other *Person's* degree of *Fault* and other circumstances of the case.

10.3.6 For violations of Article 2.11, the period of *Ineligibility* shall be a minimum of two (2) years, up to lifetime *Ineligibility*, depending on the seriousness of the violation by the *Player* or other *Person.*

10.4 *Aggravating Circumstances* which may Increase the Period of *Ineligibility*

If the *ICC* establishes in an individual case involving an anti-doping rule violation other than violations under Article 2.7 (*Trafficking* or *Attempted Trafficking*), 2.8 (*Administration* or *Attempted Administration*), 2.9 (Complicity or *Attempted* Complicity) or 2.11 (Acts by a *Player* or Other *Person* to Discourage or Retaliate Against Reporting) that *Aggravating Circumstances* are present which justify the imposition of a period of *Ineligibility* greater than the standard sanction, then the period of *Ineligibility* otherwise applicable shall be increased by an additional period of *Ineligibility* of up to two (2) years depending on the seriousness of the violation and the nature of the *Aggravating Circumstances*, unless the *Player* or other *Person* can establish that he or she did not knowingly commit the anti-doping rule violation.

10.5 Elimination of the Period of *Ineligibility* where there is *No Fault or Negligence*

If a *Player* or other *Person* establishes in an individual case that he/she bears *No Fault or Negligence* in respect of the anti-doping rule violation in question, then the otherwise applicable period of *Ineligibility* shall be eliminated.

10.6 Reduction of the Period of *Ineligibility* based on *No Significant Fault or Negligence*

10.6.1 Reduction of the Period of *Ineligibility* for *Specified Substances, Specified Methods* or *Contaminated Products* or in the case of *Protected Persons* or *Recreational Athletes* for violations of Articles 2.1, 2.2 or 2.6.

All reductions under Article 10.6.1 are mutually exclusive and not cumulative.

10.6.1.1 *Specified Substances* or *Specified Methods*

Where the anti-doping rule violation involves a *Specified Substance* (other than a *Substance of Abuse*) or *Specified Method*, and the *Player* or other *Person* can establish *No Significant Fault or Negligence,* then the period of *Ineligibility* shall be, at a minimum, a reprimand and no period of *Ineligibility,* and at a maximum, two years of *Ineligibility,* depending on the *Player* or other *Person's* degree of *Fault.*

10.6.1.2 *Contaminated Products*

In cases where the *Player* or other *Person* can establish both *No Significant Fault or Negligence* and that the detected *Prohibited Substance* (other than a *Substance of Abuse*) came from a *Contaminated Product,* then the period of *Ineligibility* shall be, at a minimum, a reprimand and no period of *Ineligibility,* and at a maximum, two years of *Ineligibility,* depending on the *Player* or other *Person's* degree of *Fault.*

10.6.1.3 *Protected Persons* or *Recreational Athletes*

Where the anti-doping rule violation not involving a *Substance of Abuse* is committed by a *Protected Person* or *Recreational Athlete*, and the *Protected Person* or *Recreational Athlete* can establish *No Significant Fault or Negligence*, then the period of *Ineligibility* shall be, at a minimum, a reprimand and no period of *Ineligibility*, and at a maximum, two (2) years *Ineligibility*, depending on the *Protected Person* or *Recreational Athlete*'s degree of *Fault*.

10.6.2 If a *Player* or other *Person* establishes in an individual case where Article 10.6.1 is not applicable, that he/she bears *No Significant Fault or Negligence* in respect of the anti-doping rule violation in question*,* then, subject to the further reduction or elimination as provided in Article 10.7, the otherwise applicable period of *Ineligibility* may be reduced based on the *Player* or other *Person's* degree of *Fault*, but the reduced period of *Ineligibility* may not be less than one-half of the period of *Ineligibility* otherwise applicable. If the otherwise applicable period of *Ineligibility* is a lifetime, the reduced period under this article may be no less than eight years.

10.7 Elimination, Reduction or Suspension of the Period of *Ineligibility* or other *Consequences* for Reasons other than *Fault*

10.7.1 *Substantial Assistance* in Discovering or Establishing Anti-Doping Rule Violations

10.7.1.1 The *ICC* may, prior to a final appellate decision under Article 13 or the expiration of the time to appeal, suspend a part of the *Consequences* (other than *Disqualification* and mandatory *Public Disclosure*) imposed in an individual case in which it has *Results Management* authority, where the *Player* or other *Person* has provided *Substantial Assistance* to the *ICC* or other *Anti-Doping Organisation*, a criminal authority or a professional disciplinary body that results in: (i) the *ICC* or other *Anti-Doping Organisation* discovering or bringing forward an anti-doping rule violation by another *Person;* or (ii) that results in a criminal or disciplinary body discovering or bringing forward a criminal offence or the breach of professional rules committed by another *Person* and the information provided by the *Person* providing *Substantial Assistance* is made available to the *ICC* or other *Anti-Doping Organisation* with *Results Management* responsibility; or (iii) which results in *WADA* initiating a proceeding against a *Signatory*, *WADA*-accredited laboratory, or *Athlete* passport management unit (as defined in the *International Standard* for Laboratories) for non-compliance with the *Code*, *International Standard* or *Technical Document*; or (iv) with the approval by *WADA*, which results in a criminal or disciplinary body bringing forward a criminal offence or the breach of professional or sport rules arising out of a sport integrity violation other than doping. After a

final appellate decision under Article 13 or the expiration of the time to appeal, the *ICC* may only suspend a part of the otherwise applicable *Consequences* with the approval of *WADA*.

10.7.1.2 The extent to which the otherwise applicable period of *Ineligibility* may be suspended shall be based on the seriousness of the anti-doping rule violation committed by the *Player* or other *Person* and the significance of the *Substantial Assistance* provided by the *Player* or other *Person* to the effort to eliminate doping in sport, non-compliance with the *Code* and/or sport integrity violations.

10.7.1.3 No more than three-quarters of the otherwise applicable period of *Ineligibility* may be suspended under this Article 10.6.1. If the otherwise applicable period of *Ineligibility* is a lifetime, the non-suspended period under this Article must be no less than 8 years. For the purposes of this paragraph, the otherwise applicable period of *Ineligibility* shall not include any period of *Ineligibility* that could be added under Article 10.9.3.2 of the *ICC Code.*

10.7.1.4 If so requested by a *Player* or other *Person* who seeks to provide *Substantial Assistance*, the *ICC* shall allow the *Player* or other *Person* to provide the information to it subject to a *Without Prejudice Agreement*.

10.7.1.5 If the *Player* or other *Person* fails to continue to cooperate and to provide the complete and credible *Substantial Assistance* upon which a suspension of *Consequences* was based, the *ICC* or *Anti-Doping Tribunal* shall reinstate the original *Consequences.* A decision by the *ICC* or *Anti-Doping Tribunal* to reinstate suspended *Consequences* or a decision not to reinstate suspended *Consequences* may be appealed by any *Person* entitled to appeal under Article 13.2.

10.7.1.6 To further encourage *Players* and other *Persons* to provide *Substantial Assistance* to *Anti-Doping Organisations,* at the request of the *ICC* or at the request of the *Player* or other *Person* who has, or has been asserted to have, committed an anti-doping rule violation or other violations of the *Code*, *WADA* may agree at any stage of the *Results Management* process, including after a final appellate decision under Article 13, to what it considers to be an appropriate suspension of the otherwise-applicable period of *Ineligibility* and other *Consequences.* In exceptional circumstances, *WADA* may agree to suspensions of the period of *Ineligibility* and other *Consequences* for *Substantial Assistance* greater than those otherwise provided in this Article, or even no period of *Ineligibility,* no mandatory *Public Disclosure,* and/or no return of prize money or payment of fines or costs. *WADA's* approval shall be subject to reinstatement of *Consequences*, as otherwise provided in this Article. Notwithstanding Article 13, *WADA's* decisions in the context of this Article may not be appealed.

10.7.1.7 If the *ICC* suspends any part of an otherwise applicable sanction because of *Substantial Assistance,* then notice providing justification for the decision shall be provided to the other *Anti-Doping Organisations* with a right to appeal under Article 13.2.2 as provided in Article 14. In unique circumstances where *WADA* determines that it would be in the best interest of anti-doping, *WADA* may authorize the

ICC to enter into appropriate confidentiality agreements limiting or delaying the disclosure of the *Substantial Assistance* agreement or the nature of *Substantial Assistance* being provided.

NOTE: For the purposes of Article 10.7.1 only, in circumstances where the *ICC* has discretion to suspend *Consequences* on the basis that the *Player* or other *Person* has provided *Substantial Assistance* to the *ICC* or other *Anti-Doping Organisation,* such discretion shall be exercised by the *Anti-Doping Manager,* who shall be required to obtain the prior written agreement of the *National Cricket Federation* to which the *Player* or other *Person* is affiliated (if applicable) and the prior approval of the ICC Board to the exercise of such discretion.

10.7.2 Admission of an Anti-Doping Rule Violation in the Absence of Other Evidence

Where a *Player* or other *Person* voluntarily admits the commission of an anti-doping rule violation before having received either (a) notification of a *Sample* collection that could establish an anti-doping rule violation (in the case of an anti-doping rule violation under Article 2.1), or (b) notification of the anti-doping rule violation (in the case of any other anti-doping rule violation), and that admission is the only reliable evidence of the violation at the time of admission, then the otherwise applicable period of *Ineligibility* may be reduced, but not by more than half of the period of *Ineligibility* otherwise applicable.

10.7.3 Application of Multiple Grounds for Reduction of a Sanction

Where a *Player* or other *Person* establishes entitlement to a reduction in sanction under more than one provision of Article 10.5, 10.6 or 10.7, before applying any reduction or suspension under Article 10.7, the otherwise applicable period of *Ineligibility* shall be determined in accordance with Articles 10.2, 10.3, 10.5 and 10.6. If the *Player* or other *Person* establishes entitlement to a reduction or suspension of the period of *Ineligibility* under Article 10.7, then the period of *Ineligibility* may be reduced or suspended, but not below one-quarter of the otherwise applicable period of *Ineligibility*.

10.8 *Results Management* Agreements

10.8.1 One-Year Reduction for Certain Anti-Doping Rule Violations Based on Early Admission and Acceptance of Sanction

Where a *Player* or other *Person*, after being notified by the *ICC* of a potential anti-doping rule violation that carries an asserted period of *Ineligibility* of four (4) or more years (including any period of *Ineligibility* asserted under Article 10.4), admits the violation and accepts the asserted period of *Ineligibility* no later than twenty (20) days after receiving notice of an anti-doping rule violation charge, the *Player* or other *Person* may receive a one (1) year reduction in the period of *Ineligibility* asserted by the *ICC*. Where the *Player* or other *Person* receives the one-year reduction in the asserted period of *Ineligibility* under this Article 10.8.1, no further reduction in the asserted period of *Ineligibility* shall be allowed under any other Article.

10.8.2 Case Resolution Agreement

Where the *Player* or other *Person* admits an anti-doping rule violation after being confronted with the anti-doping rule violation by the *ICC* and agrees to *Consequences* acceptable to the *ICC* and *WADA*, at their sole discretion, then: (a)

the *Player* or other *Person* may receive a reduction in the period of *Ineligibility* based on an assessment by the *ICC* and *WADA* of the application of Articles 10.1 through 10.7 to the asserted anti-doping rule violation, the seriousness of the violation, the *Player* or other *Person*'s degree of *Fault* and how promptly the *Player* or other *Person* admitted the violation; and (b) the period of *Ineligibility* may start as early as the date of *Sample* collection or the date on which another anti-doping rule violation last occurred. In each case, however, where this Article is applied, the *Player* or other *Person* shall serve at least one-half of the agreed-upon period of *Ineligibility* going forward from the earlier of the date the *Player* or other *Person* accepted the imposition of a sanction or a *Provisional Suspension* which was subsequently respected by the *Player* or other *Person*. The decision by *WADA* and the *ICC* to enter or not enter into a case resolution agreement, and the amount of the reduction to, and the starting date of, the period of *Ineligibility* are not matters for determination or review by a hearing body and are not subject to appeal under Article 13.

If so requested by a *Player* or other *Person* who seeks to enter into a case resolution agreement under this Article, the *ICC* shall allow the *Player* or other *Person* to discuss an admission of the anti-doping rule violation with it subject to a *Without Prejudice Agreement*.

10.9 Multiple Violations

10.9.1 Second or Third Anti-Doping Rule Violations

10.9.1.1 For a *Player* or other *Person's* second anti-doping rule violation, the period of *Ineligibility* shall be the greater of:

(a) Six months; or

(b) A period of *Ineligibility* in the range between:

(i) the sum of the period of *Ineligibility* imposed for the first anti-doping rule violation plus the period of *Ineligibility* otherwise applicable to the second anti-doping rule violation as if it were a first violation; and

(ii) twice the period of *Ineligibility* otherwise applicable to the second anti-doping rule violation treated as if it were a first violation.

The period of *Ineligibility* within this range shall be determined based on the entirety of the circumstances and the *Player* or other *Person's* degree of *Fault* with respect to the second violation.

10.9.1.2 A third anti-doping rule violation will always result in a lifetime period of *Ineligibility*, unless the third violation fulfils the conditions for elimination or reduction of the period of *Ineligibility* under Article 10.5 or 10.6 or involves a violation of Article 2.4 (*Whereabouts Failures*), in which case the period of *Ineligibility* imposed shall be from eight years to lifetime *Ineligibility*.

10.9.1.3 The period of *Ineligibility* established in Articles 10.9.1.1 and 10.9.1.2 may then be further reduced by the application of Article 10.7.

10.9.2 An anti-doping rule violation for which a *Player* or other *Person* has established *No Fault or Negligence* shall not be considered a prior violation for the purposes of this Article. In addition, an anti-doping rule violation sanctioned under Article 10.2.4.1 shall not be considered a violation for the purposes of Article 10.9.

10.9.3 Additional Rules for Certain Potential Multiple Violations

10.9.3.1 For purposes of imposing sanctions under Article 10.9, except as provided in Articles 10.9.3.2 and 10.9.3.3, an anti-doping rule violation will only be considered a second violation if the *ICC* can establish that the *Player* or other *Person* committed the second anti-doping rule violation after he/she received notice pursuant to Article 7, or after the *ICC* made reasonable efforts to give such notice, of the first anti-doping rule violation. If the *ICC* cannot establish this, the violations shall be considered together as one single first violation for sanctioning purposes, and the sanction imposed shall be based on the violation that carries the more severe sanction, including the application of *Aggravating Circumstances*. Individual results in all *International Matches* dating back to the earlier anti-doping rule violation will be *Disqualified* as provided in Article 10.10.

10.9.3.2 If the *ICC* establishes that the *Player* or other *Person* committed an additional anti-doping rule violation prior to notification, and that the additional violation occurred twelve months or more before or after the first-noticed violation, then the period of *Ineligibility* for the additional violation shall be calculated as if the additional violation were a stand-alone first violation and this period of *Ineligibility* is served consecutively, rather than concurrently, with the period of *Ineligibility* imposed for the earlier-noticed violation. Where this Article 10.9.3.2 applies, the violations taken together shall constitute a single violation for the purposes of Article 10.9.1.

10.9.3.3 If the *ICC* establishes that a *Player* or other *Person* committed a violation of Article 2.5 in connection with the *Doping Control* process for an underlying asserted anti-doping rule violation, the violation of Article 2.5 shall be treated as a stand-alone first violation and the period of *Ineligibility* for such violation shall be served consecutively, rather than concurrently, with the period of *Ineligibility*, if any, imposed for the underlying anti-doping rule violation. Where this Article 10.9.3.3 is applied, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.4 If the *ICC* establishes that a *Player* or other *Person* has committed a second or third anti-doping rule violation during a period of *Ineligibility*, the periods of *Ineligibility* for the multiple violations shall run consecutively, rather than concurrently.

10.9.4 Multiple Anti-Doping Rule Violations during a Ten-Year Period

Any prior anti-doping rule violation shall only be taken into account for the purposes of Article 10.9 if it took place within a period of ten years prior to the anti-doping rule violation under consideration.

10.10 *Disqualification* of Individual Results Obtained in *International Matches* Subsequent to *Sample* Collection or Commission of an Anti-Doping Rule Violation

In addition to the automatic *Disqualification*, pursuant to Article 9, of the individual results obtained by the *Player's* individual performance in the *International Match* which produced the *Adverse Analytical Finding*, all other individual results of the *Player* obtained from the date that the *Sample* in question was collected (whether *In-Competition* or *Out-of-Competition*), or other anti-doping rule violation occurred, through to the commencement of any *Provisional Suspension* or *Ineligibility* period, shall (unless the *Anti-Doping Tribunal* determines that fairness requires otherwise) be *Disqualified* with all of the resulting *Consequences*, including forfeiture of any individual medals or other prizes awarded.

NOTE: The lack of any evidence that the *Player's* performance was enhanced during subsequent *International Matches* shall not of itself be sufficient to trigger the *Anti-Doping Tribunal's* discretion under Article 10.10.

10.11 Allocation of *CAS* Cost Awards and Forfeited Prize Money

The priority for repaying of *CAS* cost awards and forfeited prize money shall be: first, payment of costs awarded by *CAS*; second, reimbursement of the expenses of the *ICC* in relation to its *Results Management* in the case; and third if any forfeited prize money remains, the *ICC* shall take reasonable measures to allocate and distribute this prize money to the *Players* who would otherwise have been entitled to it had the forfeiting *Player* not competed.

10.12 *Financial Consequences*

10.12.1 Where a *Player* or other *Person* commits an anti-doping rule violation, the *ICC* may, in its discretion and subject to the principle of proportionality, elect to recover from the *Player* or other *Person* costs associated with the anti-doping rule violation, regardless of the period of *Ineligibility* imposed. The priority for repayment of costs shall be as set out in Article 10.11 above.

10.12.12 The *ICC's* recovery of costs shall not be considered a basis for reducing the *Ineligibility* or other sanction which would otherwise be applicable under the *ICC Code.*

10.13 Commencement of *Ineligibility* Period

Where a *Player* is already serving a period of *Ineligibility* for an anti-doping rule violation, any new period of *Ineligibility* shall commence on the first day after the current period of *Ineligibility* has been served. Otherwise, except as provided below, the period of *Ineligibility* shall commence on the date that the decision imposing the period of *Ineligibility* is issued or, if the hearing is waived or there is no hearing, on the date the *Ineligibility* is accepted or otherwise imposed.

10.13.1 Delays Not Attributable to the *Player* or other *Person*

Where there have been substantial delays in the hearing process or other aspects of *Doping Control,* and the *Player* or other *Person* can establish that such delays are not attributable to the *Player* or other *Person*, the period of *Ineligibility* may be deemed to have started at an earlier date, commencing as early as the date of last occurrence of the anti-doping rule violation (which, in the case of an Article 2.1 violation, would be on the date of *Sample* collection), taking into account any such period of delay. All competitive results achieved during the period of *Ineligibility,* including retroactive *Ineligibility* shall be *Disqualified*.

NOTE: In cases of anti-doping rule violations other than under Article 2.1, the time required for an Anti-Doping Organisation to discover and develop facts sufficient to establish an anti-doping rule violation

may be lengthy, particularly where the Player or other Person has taken affirmative action to avoid detection. In these circumstances, the flexibility provided in this Article to start the sanction at an earlier date should not be used.

10.13.2 Credit for *Provisional Suspension* or Period of *Ineligibility* Served

10.13.2.1 Any period of *Provisional Suspension* respected and served by the *Player* or other *Person* (whether imposed in accordance with Article 7.8 or voluntarily accepted by the *Player* or other *Person*) shall be credited against the total period of *Ineligibility* that may be ultimately imposed. If the *Player* or other *Person* does not respect a *Provisional Suspension* (whether imposed in accordance with Article 7.8 or voluntarily accepted), then the *Player* or other *Person* shall receive no credit for any period of *Provisional Suspension* served. If a period of *Ineligibility* is served pursuant to a decision that is subsequently appealed, then the *Player* or other *Person* shall receive a credit for such period of *Ineligibility* served against any period of *Ineligibility* which may ultimately be imposed on appeal.

10.13.2.2 To get credit for any period of voluntary *Provisional Suspension* against any period of *Ineligibility* which may ultimately be imposed, the *Player* or other *Person* must have given written notice of their acceptance of the *Provisional Suspension* at the beginning of such period to the *ICC* and must have respected the *Provisional Suspension* in full. A copy of the *Player* or other *Person's* voluntary acceptance of a *Provisional Suspension* shall be provided promptly to the *Player* or other *Person's National Cricket Federation* and *NADO,* and to *WADA*.

10.13.2.3 No credit against a period of *Ineligibility* shall be given for any time period before the effective date of the *Provisional Suspension* or voluntary *Provisional Suspension*, regardless of the *Player's* status during such period.

10.13.2.4 Where a period of *Ineligibility* is imposed upon a team pursuant to Article 11, unless fairness requires otherwise, the period of *Ineligibility* shall start on the date of the final hearing decision providing for *Ineligibility* or, if the hearing is waived, on the date *Ineligibility* is accepted or otherwise imposed. Any period of team *Provisional Suspension* (whether imposed or voluntarily accepted) shall be credited against the total period of *Ineligibility* to be served.

10.14 Status During *Ineligibility* and *Provisional Suspension*

10.14.1 Prohibition against Participation during *Ineligibility* or *Provisional Suspension*

10.14.1.1 No *Player* or other *Person* who has been declared *Ineligible* or is subject to a *Provisional Suspension* may, during the period of *Ineligibility* or *Provisional Suspension*, play, coach or otherwise participate or be involved in any capacity in: (a) an *International Match*, *ICC Event* or activity (other than authorised anti-doping *Education* or rehabilitation programs) authorised, organised, sanctioned, recognised or supported in any way by the *ICC* or any *National Cricket Federation* or a club or other member organisation of the *ICC* or any *National Cricket Federation*; (b) any *Match* or *Event* authorised or organised by any professional league or any

international or national level tournament/*Event* organisation (whether or not the party authorising or organising the *Match* or event in question is a *Signatory*, any club or other body that is a member of, or affiliated to, or licensed by, a *Signatory* or a *Signatory's* member organisation); (c) any elite or national-level sporting activity funded by a governmental agency; or (d) a *Competition* or activity (other than authorized anti-doping education or rehabilitation programs) authorized or organized by any *Signatory*, *Signatory*'s member organization, or a club or other member organization of a *Signatory*'s member organization. Without prejudice to the generality of the foregoing, such *Player* or other *Person* shall not, during any period of *Ineligibility* or *Provisional Suspension*, be given accreditation for, or otherwise granted access to, any *International Match, ICC Event*, function, event or activity of the type referred to in this Article and any such accreditation previously issued shall be withdrawn. *National Cricket Federations* shall take all steps within their powers to give effect to this Article 10.14.1.1. Furthermore, the *ICC* will take all necessary steps to have the period of *Ineligibility* recognised and enforced by other relevant parties, including other *Signatories* in accordance with *Code* Article 15.

10.14.1.2 A *Player* or other *Person* who is subject to a period of *Ineligibility* longer than four years may, after completing four years of the period of *Ineligibility*, participate as an athlete in local sport events not sanctioned or otherwise under the jurisdiction of a *Signatory* or member of a *Signatory*, but only so long as the local sport event is not at a level that could otherwise qualify such *Player* or other *Person* directly or indirectly to compete in (or accumulate points toward) a national championship or international tournament/*Event* and does not involve the *Player* or other *Person* working in any capacity with *Protected Persons*.

10.14.1.3 A *Player* or other *Person* who is subject to a period of *Ineligibility* shall remain subject to *Testing* during that period and must provide whereabouts information upon request for that purpose. If a *Player* or other *Person* commits an anti-doping rule violation during a period of *Ineligibility* (including but not limited to an anti-doping rule violation under Article 2.1), this shall be treated as a separate anti-doping rule violation under the *ICC Code*.

10.14.2 Return to Training

As an exception to Article 10.14.1, a *Player* may return to train with a team or to use the facilities of a club or other member organisation of the *ICC's* or other *Signatory's* member organisation during the shorter of: (i) the last two months of the *Player's* period of *Ineligibility*; or (ii) the last one-quarter of the period of *Ineligibility* imposed.

10.14.3 Violation of the Prohibition of Participation during *Ineligibility* or *Provisional Suspension*

Where a *Player* or other *Person* who has been declared *Ineligible* violates the prohibition against participation during such period of *Ineligibility*, a new period of *Ineligibility* equal in length to the original period of *Ineligibility* shall be added to the end of the original period of *Ineligibility.* The new period of *Ineligibility,* including a reprimand and no period of *Ineligibility,* may be adjusted based on the *Player or* other *Person's* degree of *Fault* and other circumstances of the case. The determination of whether the prohibition against participation whilst *Ineligible* has been violated, and whether an adjustment is appropriate, shall be made by the *Anti-Doping Organisation*

whose *Results Management* led to the imposition of the initial period of *Ineligibility*, and such decision shall be subject to appeal in accordance with Article 13. In any case, any results obtained by the *Player* as a result of such participation shall be automatically *Disqualified* with all resulting *Consequences*, including forfeiture of any individual medals, individual titles, individual ranking points and individual prizes obtained in that *International Match* or other tournament/event and the non-inclusion of the *Player's* performance statistics in that *International Match* or other tournament/*Event* towards individual averages and/or records.

A *Player* or other *Person* who violates the prohibition against participation during a *Provisional Suspension* described in Article 10.14.1 shall receive no credit for any period of *Provisional Suspension* served and the results of such participation shall be *Disqualified.*

Where a *Player Support Person* or other *Person* assists a *Person* in violating the prohibition against participation during *Ineligibility* or *Provisional Suspension*, the *ICC* shall, where it has authority over that *Player Support Person* or other *Person*, impose sanctions for a violation of Article 2.9 (Complicity) for such assistance.

10.14.4 Withholding of Financial Support during *Ineligibility*

In addition, for any anti-doping rule violation not involving a reduced sanction as described in Article 10.5 or 10.6, some or all sport-related financial support or other sport-related benefits received by the *Player* or other *Person* will be withheld by the *ICC* or *National Cricket Federation* responsible for such financial support or other benefits.

10.15 Automatic Publication of Sanction

In accordance with Article 14, a mandatory part of each sanction imposed under this Article 10 shall include automatic publication.

ARTICLE 11 *CONSEQUENCES* FOR TEAMS

11.1 Where, in any period of twelve months, more than one member of a *National Cricket Federation*'s cricket team has been notified of a possible anti-doping rule violation under Article 7, the *ICC* shall conduct appropriate *Target Testing* of *Players* in that *National Cricket Federation's* cricket team.

11.2 Without limitation to Article 11.1, if more than two members of a *National Cricket Federation's* cricket team are found to have committed an anti-doping rule violation during an *International Match*, series of *International Matches* or *ICC Event*, the *ICC* Board may, in its discretion, impose such sanction on the team as it considers appropriate having due regard to the circumstances of such anti-doping rule violations (e.g., loss of points, *Disqualification* from the *International Match* or series of *International Matches* or *ICC Event*, or other sanction). For the avoidance of doubt, such sanction shall be in addition to any *Consequences* imposed upon the individual *Player(s)* committing the anti-doping rule violation.

ARTICLE 12 SANCTIONS AND COSTS ASSESSED AGAINST *NATIONAL CRICKET FEDERATIONS*

12.1 Where four or more violations of the *ICC Code* (other than Article 2.4 violations) are found to have been committed by *Players* or other *Person* affiliated to a *National Cricket Federation*

within a 12-month period, the *ICC* Board may, in its discretion, impose such sanction on the *National Cricket Federation* as it considers appropriate having due regard to the circumstances of the violations (including, without limitation, imposing a fine on the *National Cricket Federation* in an amount up to $100,000 USD, and/or *Disqualification* from an *International Match* or series of *International Matches* or *ICC Event*).

12.2 Where more than one *Player* or other *Person* from one *National Cricket Federation* is found to have committed an anti-doping rule violation (other than Article 2.4 violations and violations involving *Specified Substances*) during an *ICC Event*, the *ICC* Board may, in its discretion, impose such sanction on the *National Cricket Federation* as it considers appropriate having due regard to the circumstances of the violations (including, without limitation, imposing a fine on the *National Cricket Federation* in an amount up to $100,000 USD, and/or *Disqualification* of the *National Cricket Federation's* representative team from the relevant *ICC Event)*.

ARTICLE 13 APPEALS

13.1 Decisions Subject to Appeal

Decisions made under the *ICC Code* may be challenged solely by appeal as set out in this Article 13 (or as otherwise provided in the *Code*, the *ICC Code* or *International Standards*). Such decisions shall remain in effect while under appeal unless *CAS* orders otherwise.

13.1.1 Scope of Review Not Limited

The scope of review on appeal includes all issues relevant to the matter and is expressly not limited to the issues or scope of review before the initial decision maker. Any party to the appeal may submit evidence, legal arguments and claims that were not raised in the first instance hearing so long as they arise from the same cause of action or same general facts or circumstances raised or addressed in the first instance hearing.

13.1.2 *CAS* Shall Not Defer to the Findings Being Appealed

In making its decision, *CAS* need not give deference to the discretion exercised by the body whose decision is being appealed.

13.1.3 *WADA* Not Required to Exhaust Internal Remedies

Where *WADA* has a right to appeal under Article 13 and no other party has appealed a final decision within the *ICC's* process, *WADA* may appeal such decision directly to *CAS* without having to exhaust other remedies in the *ICC's* process.

13.2 Appeals from Decisions Regarding Anti-Doping Rule Violations, *Consequences*, *Provisional Suspensions,* Implementation of Decisions and Authority

13.2.1 The following decisions may each be appealed exclusively to *CAS* by any of the parties described in Article 13.2.2: a decision that an anti-doping rule violation was committed, a decision imposing (or not imposing) *Consequences* for an anti-doping rule violation, or a decision that no anti-doping rule violation was committed; a decision that an anti-doping rule violation proceeding cannot go forward for procedural reasons (including, for example, because too much time has passed); a decision by *WADA* not to grant an exception to the six month notice requirement for a retired *Player* to return to competition under Article 5.4.1; a decision by *WADA* assigning *Results Management* under *Code* Article 7.1; a decision by the *ICC* not to

bring forward an *Adverse Analytical Finding* or an *Atypical Finding* as an anti-doping rule violation; a decision by the *ICC* not to go forward with an anti-doping rule violation after an investigation in accordance with the *International Standard* for *Results Management*; (subject to Article 13.2.3) a decision to impose, or lift, a *Provisional Suspension* as a result of a *Provisional Hearing*; the *ICC*'s failure to comply with Article 7.8 of the *ICC Code*; a decision that the *ICC* lacks authority to rule on an alleged anti-doping rule violation or its *Consequences;* a decision to suspend, or not suspend, *Consequences*, or to reinstate or not reinstate, *Consequences* under Article 10.7.1; failure to comply with Article 7.1.4 and 7.1.5 of the *Code*; failure to comply with Article 10.8.1; a decision under Article 10.14.3; a decision by the *ICC* not to implement a an *Anti-Doping Organisation's* decision under Article 15; and a decision under Article 27.3 of the *Code* may be appealed exclusively as provided in this Article 13.2.

13.2.2 *Persons* Entitled to Appeal

In cases under Article 13.2.1, the following parties shall have the right to appeal to *CAS*: (a) the *Player* or other *Person* who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) the *ICC*; (d) the *National Anti-Doping Organization* of the *Person's* country of residence or countries where the *Person* is a national or license holder;(e) any other *Anti-Doping Organisation* under whose rules a sanction could have been imposed; and (f) *WADA*.

Any party filing an appeal shall be entitled to assistance from *CAS* to obtain all relevant information from the *ICC* and the information shall be provided if *CAS* so directs.

13.2.3 The only *Person* who may appeal a decision to impose a *Provisional Suspension* is the *Player* or other *Person* affected by the *Provisional Suspension*. In accordance with Article 13.2.1, he/she may appeal that decision exclusively to *CAS*.

13.2.4 Duty to Notify

All parties to any *CAS* appeal must ensure that *WADA* and all other parties with a right to appeal have been given timely notice of the appeal.

13.2.5 Cross Appeals and other Subsequent Appeals Allowed

Cross appeals and other subsequent appeals by any respondent named in cases brought to *CAS* under the *Code* are specifically permitted. Any party with a right to appeal under this Article 13 must file a cross appeal or subsequent appeal at the latest with the party's answer.

13.3 Failure to Render a Timely Decision

Where, in a particular case, the *ICC* fails to decide whether an anti-doping rule violation was committed within a reasonable deadline set by *WADA*, *WADA* may elect to appeal directly to *CAS* as if the *ICC* had rendered a decision finding that no anti-doping rule violation has been committed. If *CAS* determines that an anti-doping rule violation was committed and that *WADA* acted reasonably in electing to appeal directly to *CAS*, then *WADA*'s costs and legal fees in prosecuting the appeal shall be reimbursed to *WADA* by the *ICC*.

13.4 Appeals Relating to TUEs

TUE decisions may be appealed exclusively as provided in Article 4.3.

13.5 Appeal from Decisions Pursuant to Article 12

Decisions by the *ICC* pursuant to Article 12 may be appealed exclusively to *CAS* by the *National Cricket Federation*.

13.6 Notification of Appeal Decisions

The *ICC* shall promptly provide the appeal decision to the *Player* or other *Person* and to the other *Anti-Doping Organisations* that would be entitled to appeal under Article 13.2.2.

13.7 Time for Filing Appeals

13.7.1 The deadline for filing an appeal to *CAS* shall be twenty-one (21) days from the date of receipt of the written reasoned decision by the appealing party. Where the appellant is a party other than the *ICC,* to be a valid filing under this Article, a copy of the appeal must also be filed on the same day with the *ICC*.

13.7.2 Article 13.7.1 notwithstanding, the following shall apply in connection with appeals filed by a party that was not a party to the proceedings that led to the decision subject to appeal:

13.7.2.1 Within fifteen (15) days from receipt of the written, reasoned decision, such party/ies shall have the right to request from the body that issued the decision a copy of the file on which such body relied;

13.7.2.2 If such a request is made within the fifteen-day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to *CAS*.

13.7.3 Articles 13.7.1 and 13.7.2 notwithstanding, the filing deadline for an appeal or intervention filed by *WADA* shall be the later of:

13.7.3.1 twenty-one (21) days after the last day on which any other party in the case could have appealed, or

13.7.3.2 twenty-one (21) days after *WADA's* receipt of the complete file relating to the decision.

13.8 Appeal Procedure

In all appeals to *CAS* pursuant to this Article 13:

13.8.1 *CAS*'s Code of Sports-related Arbitration shall apply, save as modified or supplemented herein.

13.8.2 Cross appeals and other subsequent appeals by any respondent named in cases brought to *CAS* under the *ICC Code* are specifically permitted. Any party with a right to appeal under this Article 13 must file a cross appeal or subsequent appeal at the latest with the party's answer.

13.8.3 Any *Person* entitled to appeal under this Article 13 may, within 15 days of receipt of the decision, request a copy of the full case file pertaining to that decision.

Where such information is not forthcoming from the decision making body upon request, any party filing an appeal shall be entitled to assistance from *CAS* to obtain all relevant information from the parties to the decision being appealed, and the information shall be provided if *CAS* so directs.

13.8.4 The governing law shall be English law and the appeal shall be conducted in English, unless the parties agree otherwise.

13.8.5 Subject to the right under Swiss law to challenge the decision before the Swiss Federal Tribunal, the decision of *CAS* shall be final and binding on all parties, and no right of appeal shall lie from the *CAS* decision. Subject to Article 14.1, the *CAS* decision shall be *Publicly Disclosed* by the *ICC* within 20 days of receipt.

ARTICLE 14 PUBLIC DISCLOSURE AND CONFIDENTIALITY

14.1 Neither the *ICC* nor any *National Cricket Federation*, *National Anti-Doping Organisation* or *WADA* shall publicly identify *Players* whose *Samples* have resulted in *Adverse Analytical Findings*, or *Players* or other *Persons* who have been alleged to have violated other Articles of the *ICC Code*, and whether they have been subject to a *Provisional Suspension*, until the *Player* or other *Person* has been sent a *Notification* in accordance with Article 7.

14.2 No later than twenty (20) days after it has been determined in an appellate decision under Article 13, or an appeal has been waived, or a hearing in accordance with Article 8 has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, or a new period of *Ineligibility,* or reprimand, has been imposed under Article 10.14.3, the *ICC* must *Publicly Disclose* the disposition of the anti-doping rule violation, the name of the *Player* or other *Person* committing the violation, the *Prohibited Substance* or *Prohibited Method* involved (if any) and the *Consequences* imposed. The *ICC* must *Publicly Disclose* within twenty (20) days the results of appellate decisions concerning anti-doping rule violations, including the information described above, subject at all times to the extent permitted by applicable law. Publication shall be accomplished at a minimum by placing the required information on the *ICC's website* and leaving the information up for the longer of one month or the duration of any period of *Ineligibility.*

14.3 After an anti-doping rule violation has been determined to have been committed in an appellate decision under Article 13.2.1 or such appeal has been waived, or in a hearing in accordance with Article 8 or where such hearing has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, the *ICC* may make public such determination or decision and may comment publicly on the matter.

14.4 In circumstances where the *Player* or other *Person* found to have committed an anti-doping rule violation is a *Minor*, a *Protected Person,* or a *Recreational Athlete, Public Disclosure* of the decision will be optional and shall be proportionate to the facts and circumstances of the case.

14.5 In any case under the *ICC Code* where it is determined, after a hearing or appeal, that the *Player* or other *Person* did not commit an anti-doping rule violation, the fact that the decision has been appealed may be *Publicly Disclosed.* However, the decision itself and the underlying facts may not be *Publicly Disclosed* except with the consent of the *Player* or other *Person* who is the subject of the decision. The *ICC* shall use reasonable efforts to obtain such consent, and if consent is obtained, shall publicly disclose the decision in its entirety or in such redacted form as the *Player* or other *Person* may approve.

14.6 The *ICC* shall use its reasonable endeavours to ensure that persons under its control do not publicly identify *Players* whose *Samples* have resulted in *Adverse Analytical Findings* or *Atypical Findings* or *Adverse Passport Findings*, or *Players* or other *Persons* who have a *Provisional Suspension* imposed on them, or are alleged to have committed an anti-doping rule violation under the *ICC Code*, unless and until the *Player* or other *Person* has been sent a *Notification* in accordance with Article 7. However, the *ICC* in its discretion may at any time disclose to other organisations such information as the *ICC* may consider necessary or appropriate to facilitate administration or enforcement of the *ICC Code*, provided that each organisation provides assurance satisfactory to the *ICC* that the organisation will maintain all such information in confidence. The *ICC,* nor any *ICC* official, will not comment publicly on the specific facts of a pending case (as opposed to general description of process and science) except in response to public comments attributed to the *Player* or other *Person* involved in the case or his/her representatives.

14.7 Where *WADA,* a *Player* or other *Person's NADO* or *National Cricket Federation* receives information in respect of any proceedings conducted pursuant to Article 7, 8 or 13, they shall not disclose such information beyond those *Persons* with a need to know until the *ICC* has made *Public Disclosure* or has failed to make *Public Disclosure* in accordance with Article 14.1 above.

14.8 All communications with a laboratory in relation to *Testing* carried out under the *ICC Code* must be conducted in such a way that the laboratory is not advised of the identity of the *Player(s)* involved, save where required as part of the investigation of a potential case and/or the presentation of evidence to an *Anti-Doping Tribunal*.

14.9 Details of all *Testing* carried out under the *ICC Code*, i.e. date of test, name of *Player* tested, and whether the test was *In-Competition* or *Out-of-Competition*¸ shall, wherever possible, be entered onto the *WADA Database* as soon as possible after such tests have been conducted, and made available via that database to the *Player, WADA* and other *Anti-Doping Organisations* that have authority to test *Players*, so that duplication of anti-doping efforts may be avoided.

14.10 Whereabouts information provided to the *ICC* by a *Player* pursuant to Article 5.3.2 shall be entered into *ADAMS* on the basis that it shall be maintained in the strictest confidence at all times, it shall be used by *WADA* and other *Anti-Doping Organisations* only for *Doping Control* purposes, and it shall be destroyed when no longer relevant for such purposes.

14.11 All *Players* and other *Persons* shall be deemed to have agreed, for purposes of applicable data protection and other laws and for all other purposes, to have consented to the collection, processing, disclosure and use of information relating to them, including personal information relating to them, in accordance with the provisions of the *International Standard* for the Protection of Privacy and otherwise as required to implement the *ICC Code*.

ARTICLE 15 IMPLEMENTATION OF DECISIONS

15.1 Automatic Binding Effect of Decisions by *Signatory Anti-Doping Organizations*

15.1.1 A decision of an anti-doping rule violation made by a *Signatory Anti-Doping Organization*, an appellate body (Article 13.2.2 of the *Code*) or *CAS* shall, after the parties to the proceeding are notified, automatically be binding beyond the parties to the proceeding upon the *ICC* and its *National Cricket Federations*, as well as every *Signatory* in every sport with the effects described below:

15.1.1.1 A decision by any of the above-described bodies imposing a *Provisional Suspension* (after a *Provisional Hearing* has occurred or the *Player* or other *Person* has either accepted the *Provisional Suspension* or has waived the right to a *Provisional Hearing*, expedited hearing or expedited appeal offered in accordance with Article 7.4.3) automatically prohibits the *Player* or other *Person* from participation (as described in Article 10.14.1) in all sports within the authority of any *Signatory* during the *Provisional Suspension*.

15.1.1.2 A decision by any of the above-described bodies imposing a period of *Ineligibility* (after a hearing has occurred or been waived) automatically prohibits the *Player* or other *Person* from participation (as described in Article 10.14.1) in all sports within the authority of any *Signatory* for the period of *Ineligibility*.

15.1.1.3 A decision by any of the above-described bodies accepting an anti-doping rule violation automatically binds all *Signatories*.

15.1.1.4 A decision by any of the above-described bodies to *Disqualify* results under Article 10.10 for a specified period automatically *Disqualifies* all results obtained within the authority of any *Signatory* during the specified period.

15.1.2 The *ICC* and its *National Cricket Federations* shall recognize and implement a decision and its effects as required by Article 15.1.1, without any further action required, on the earlier of the date the *ICC* receives actual notice of the decision or the date the decision is placed into *ADAMS*.

15.1.3 A decision by an *Anti-Doping Organization*, a national appellate body or *CAS* to suspend, or lift, *Consequences* shall be binding upon the *ICC* and its *National Cricket Federations* without any further action required, on the earlier of the date the *ICC* receives actual notice of the decision or the date the decision is placed into *ADAMS*.

15.1.4 Notwithstanding any provision in Article 15.1.1, however, a decision of an anti-doping rule violation by a *Major Event Organization* made in an expedited process during an *Event* shall not be binding on the *ICC* or its *National Cricket Federations* unless the rules of the *Major Event Organization* provide the *Player* or other *Person* with an opportunity to an appeal under non-expedited procedures.

15.2 Implementation of Other Decisions by *Anti-Doping Organizations*

The *ICC* and its *National Cricket Federations* may decide to implement other anti-doping decisions rendered by *Anti-Doping Organizations* not described in Article 15.1.1 above, such as a *Provisional Suspension* prior to a *Provisional Hearing* or acceptance by the *Athlete* or other *Person*.

15.3 Implementation of Decisions by Body that is not a *Signatory*

The *Testing* and hearing results or other final adjudications (including decisions relating to the imposition of a *Provisional Suspension*) of any non-*Signatory* whose applicable rules are otherwise consistent with the *Code* shall also be recognised and respected by the *ICC* and its *National Cricket Federations* (including in respect of any *Matches*, tournaments or events sanctioned by such *National Cricket Federation*) automatically upon receipt of notice of the same, without the need for

any further formality. Each of the *ICC* and its *National Cricket Federations* shall take all steps available to it to enforce and give effect to such decisions.

ARTICLE 16 STATUTE OF LIMITATIONS

No anti-doping rule violation proceeding may be commenced under the *ICC Code* against a *Player* or other *Person* unless such *Player* or other *Person* has been notified of the anti-doping rule violation as provided in Article 7, or notification has been reasonably attempted, within ten years from the date that the anti-doping rule violation is asserted to have occurred.

ARTICLE 17 COMPLIANCE AND STATISTICAL REPORTING

17.1 *ICC's* Compliance reports to WADA

The *ICC* will report to *WADA* on the *ICC's* compliance with the *Code* every second year and shall explain reasons for any non-compliance.

17.2 Compliance by *National Cricket Federations*

It shall be an obligation of membership of the *ICC* that all *National Cricket Federations* shall comply with the *ICC Code* and shall adopt and implement their own domestic anti-doping rules in compliance with the *Code* and the *ICC Code* in respect of national-level players.

17.3 Statistical Reporting

The *ICC* shall, at least annually, publish publicly a general statistical report of its *Doping Control* activities, with a copy provided to *WADA*.

ARTICLE 18 AMENDMENT AND INTERPRETATION OF THE *ICC CODE*

18.1 The *ICC Code* may be amended from time to time by the *ICC*. Such amendments shall come into effect on the date specified by the *ICC*.

18.2 The *ICC Code* shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes of any *Signatory* or government.

18.3 The headings used for the various Articles of the *ICC Code* are for the purpose of guidance only and shall not be deemed to be part of the substance of the *ICC Code* or to inform or affect in any way the language of the provisions to which they refer. Where the term "days" is used in the *ICC Code*, the *Code* or an *International Standard*, it shall mean calendar days unless otherwise specified.

18.4 The *ICC Code* has been adopted pursuant to the applicable provisions of the *Code* and shall be interpreted in a manner that is consistent with the *Code*. The comments annotating various provisions of the *Code* shall (if necessary) be used to assist in the understanding and interpretation of the *ICC Code* and are incorporated into the *ICC Code* by reference. In the event of a conflict between the *ICC Code* and the *Code* and/or *International Standards*, the *Code* and/or *International Standards* shall, as applicable, prevail.

18.5 The *ICC Code* shall come into full force and effect on 1 January 2021 (the **"Effective Date"**). It shall not apply retrospectively to matters pending before the *Effective Date*; provided, however, that:

18.5.1 Anti-doping rule violations taking place prior to the *Effective Date* count as "first violations" or "second violations" for purposes of determining sanctions under Article 10 for violations taking place after the *Effective Date*.

18.5.2 Any anti-doping rule violation case which is pending as of the *Effective Date* and any anti-doping rule violation case brought after the *Effective Date* based on an anti-doping rule violation which occurred prior to the *Effective Date*, shall be governed by the substantive anti-doping rules in effect at the time the alleged anti-doping rule violation occurred, and not by the substantive anti-doping rules set out in the *ICC Code*, unless the panel hearing the case determines the principle of “lex mitior” appropriately applies under the circumstances of the case. For these purposes, the retrospective periods in which prior violations can be considered for purposes of multiple violations under Article 10.9.4 and the statute of limitations set forth in Article 16 are procedural rules, not substantive rules, and should be applied retroactively along with all of the other procedural rules in the *ICC Code* (provided, however, that Article 16 shall only be applied retroactively if the statute of limitations period has not already expired by the *Effective Date*).

18.5.3 Any Article 2.4 whereabouts failure (whether a filing failure or a missed test, as those terms are defined in the *International Standard* for *Results Management*) prior to the *Effective Date* shall be carried forward and may be relied upon, prior to expiry, in accordance with the *International Standard* for *Results Management*, but it shall be deemed to have expired twelve (12) months after it occurred.

18.5.4 With respect to cases where a final decision finding an anti-doping rule violation has been rendered prior to the *Effective Date*, but the *Player* or other *Person* is still serving the period of *Ineligibility* as of the Effective Date, the *Player* or other *Person* may apply to the *ICC* or other *Anti-Doping Organization* which had *Results Management* responsibility for the anti-doping rule violation to consider a reduction in the period of *Ineligibility* in light of the *ICC Code*. Such application must be made before the period of *Ineligibility* has expired. The decision rendered may be appealed pursuant to Article 13.2. The *ICC Code* shall have no application to any case where a final decision finding an anti-doping rule violation has been rendered and the period of *Ineligibility* has expired.

18.5.5 For purposes of assessing the period of *Ineligibility* for a second violation under Article 10.9.1, where the sanction for the first violation was determined based on rules in force prior to the *Effective Date*, the period of *Ineligibility* which would have been assessed for that first violation had these Anti-Doping Rules been applicable, shall be applied.

18.5.6 Changes to the *Prohibited List* and *Technical Documents* relating to substances or methods on the *Prohibited List* shall not, unless they specifically provide otherwise, be applied retroactively. As an exception, however, when a *Prohibited Substance* or a *Prohibited Method* has been removed from the *Prohibited List*, an *Athlete* or other *Person* currently serving a period of *Ineligibility* on account of the formerly *Prohibited Substance* or *Prohibited Method* may apply to *ICC* or other *Anti-Doping Organization* which had *Results Management* responsibility for the anti-doping rule violation to consider a reduction in the period of *Ineligibility* in light of the removal of the substance or method from the *Prohibited List*.

18.6 Subject to Article 18.2, the *ICC Code* is governed by and shall be construed in accordance with English law. Strictly without prejudice to the arbitration provisions of Articles 8 and 13 of the *ICC Code*, disputes relating to the *ICC Code* shall be subject to the exclusive jurisdiction of the English courts.

APPENDIX 1 - DEFINITIONS

ABP Documentation Package. As defined in the *International Standard* for *Results Management.*

ABP Guidelines. *WADA's* Athlete Biological Passport Operating Guidelines and Compilation of Required Elements, as amended by *WADA* from time to time.

ABP Programme. The programme and methods of gathering and collating biological *Markers* on a longitudinal basis to facilitate indirect detection of the *Use* of *Prohibited Substances* and *Prohibited Methods.*

ABP Testing. The collection, transportation and analysis of *Samples* to measure individual blood or urine variables for longitudinal profiling as part of the *ABP Programme.*

ADAMS. The Anti-Doping Administration and Management System is a Web-based database management tool for data entry, storage, sharing and reporting designed to assist stakeholders and *WADA* in their anti-doping operations in conjunction with data protection legislation.

Administration. Providing, supplying, supervising, facilitating, or otherwise participating in the *Use* or *Attempted Use* by another *Person* of a *Prohibited Substance* or *Prohibited Method.* However, this definition shall not include the actions of bona fide medical personnel involving a *Prohibited Substance* or *Prohibited Method Used* for genuine and legal therapeutic purposes or other acceptable justification and shall not include actions involving *Prohibited Substances* which are not prohibited in *Out-of-Competition Testing* unless the circumstances as a whole demonstrate that such *Prohibited Substances* are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

Adverse Analytical Finding. A report from a WADA-accredited laboratory or other *WADA*-approved laboratory that, consistent with the *International Standard* for Laboratories, establishes in a *Sample* the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* (including elevated quantities of endogenous substances) or evidence of the *Use* of a *Prohibited Method*.

Adverse Passport Finding. A report identified as an *Adverse Passport Finding* as described in the applicable *International Standards.*

Aggravating Circumstances. Circumstances involving, or actions by, a *Player* or other *Person* which may justify the imposition of a period of *Ineligibility* greater than the standard sanction. Such circumstances and actions shall include, but are not limited to: the *Player* or other *Person Used* or *Possessed* multiple *Prohibited Substances* or *Prohibited Methods*, *Used* or *Possessed* a *Prohibited Substance* or *Prohibited Method* on multiple occasions or committed multiple other anti-doping rule violations; a normal individual would be likely to enjoy the performance-enhancing effects of the anti-doping rule violation(s) beyond the otherwise applicable period of *Ineligibility*; the *Player* or *Person* engaged in deceptive or obstructive conduct to avoid the detection or adjudication of an anti-doping rule violation; or the *Player* or other *Person* engaged in *Tampering* during *Results Management*. For the avoidance of doubt, the examples of circumstances and conduct described herein are not exclusive and other similar circumstances or conduct may also justify the imposition of a longer period of *Ineligibility*.

Anti-Doping Activities: Anti-doping *Education* and information, test distribution planning, maintenance of a *Registered Testing Pool*, managing *Athlete Biological Passports*, conducting *Testing*, organizing analysis of *Samples*, gathering of intelligence and conduct of investigations, processing of *TUE* applications, *Results Management*, monitoring and enforcing compliance with any *Consequences* imposed, and all other activities related to anti-doping to be carried out by or on behalf of an *Anti-Doping Organization*, as set out in the *Code* and/or the *International Standards*.

Anti-Doping Manager. An appointee of the *ICC* with supervisory responsibilities in relation to the *ICC Code*, or his/her designee.

Anti-Doping Organisation. *WADA* or a *Signatory* that is responsible for adopting rules for initiating, implementing or enforcing any part of the *Doping Control* process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other *Major Event Organisations* that conduct *Testing* at their *Events*, International Federations such as the *ICC*, and *National Anti-Doping Organisations.*

Anti-Doping Panel. As defined in Article 8.1.1.

Anti-Doping Tribunal. A panel of three persons (subject to Article 8.1.7) appointed by the *ICC* consisting of a Chair (who shall be legally qualified), and other lawyers and/or a medical expert and/or a technical expert with experience in anti-doping, to perform the functions assigned to the *Anti-Doping Tribunal* under the *ICC Code*. Each member of the *Anti-Doping Tribunal* shall be independent of the *ICC*, which may provide reasonable compensation and reimbursement of expenses to such members. The *Anti-Doping Tribunal* shall be *Operationally Independent*.

Athlete. Any *Person* who competes in sport at the international level (as defined by each International Federation) or the national level (as defined by each *National Anti-Doping Organization*). An *Anti-Doping Organization* has discretion to apply anti-doping rules to an *Athlete* who is neither an *International-Level Athlete* nor a *National-Level Athlete*, and thus to bring them within the definition of "*Athlete*". In relation to *Athletes* who are neither *International-Level* nor *National-Level Athletes*, an *Anti-Doping Organization* may elect to: conduct limited *Testing* or no *Testing* at all; analyze *Samples* for less than the full menu of *Prohibited Substances*; require limited or no whereabouts information; or not require advance *TUEs*. However, if an Article 2.1, 2.3 or 2.5 anti-doping rule violation is committed by any *Athlete* over whom an *Anti-Doping Organization* has elected to exercise its authority to test and who competes below the international or national level, then the *Consequences* set forth in the *Code* must be applied. For purposes of Article 2.8 and Article 2.9 and for purposes of anti-doping information and *Education*, any *Person* who participates in sport under the authority of any *Signatory*, government, or other sports organization accepting the *Code* is an *Athlete*.

Athlete Biological Passport. The programme and methods of gathering and collating data as described in the *International Standard* for *Testing* and Investigations and *International Standard* for Laboratories.

Athlete Passport Management Unit or *APMU.* As defined in the *International Standard* for Laboratories.

Attempt. Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule violation. Provided, however, there shall be no anti-doping rule violation based solely on an *Attempt* to commit a violation if the *Person* renounces the *Attempt* prior to it being discovered by a third party not involved in the *Attempt*. *Attempted* shall be construed accordingly.

Atypical Passport Finding. A report described as an *Atypical Passport Finding* as described in the applicable *International Standards.*

Atypical Finding. A report from a *WADA*-accredited laboratory or other *WADA*-approved laboratory which requires further investigation as provided by the *International Standard* for Laboratories or related technical documents prior to the determination of an *Adverse Analytical Finding*.

CAS. The Court of Arbitration for Sport in Lausanne, Switzerland.

Code. The 2021 World Anti-Doping Code.

Competition. A single race, match, game or singular sport contest.

Consequences of Anti-Doping Rule Violations ("Consequences"). An anti-doping rule violation may result in one or more of the following: (a) *Disqualification* means the *Player's* individual results in a particular *International Match* are invalidated, with all resulting *Consequences*, including forfeiture of any individual medals or other prizes awarded; (b) *Ineligibility* means the *Player* or other *Person* is barred on account of an anti-doping rule violation for a specified period of time from participation in any *Competition* or other activity or funding as provided in Article 10.14.1.1 of the *ICC Code*; (c) *Provisional Suspension* means the *Player* or other *Person* is temporarily barred from participating in the sport of cricket or in any *Competition* or activity pending a decision on the allegation that he/she has committed an anti-doping rule violation ; (d) *Financial Consequences* means a financial sanction imposed for an anti-doping rule violation or to recover costs associated with an anti-doping rule violation; and (e) *Public Disclosure* means the dissemination or distribution of information to the general public or *Persons* beyond *Persons* entitled to earlier notification in accordance with Article 14. Teams may also be subject to *Consequences* as provided in Article 11.

Contaminated Product. A product that contains a *Prohibited Substance* that is not disclosed on the product label or in the information available in a reasonable Internet search.

Cricket Testing Protocols. The Cricket Testing Protocols developed by the *ICC* to supplement the *International Standard* for *Testing* and Investigations, as they may be amended from time to time.

Decision Limit. The value of the result for a threshold substance in a *Sample*, above which an *Adverse Analytical Finding* shall be reported, as defined in the *International Standard* for Laboratories.

Delegated Third Party. Any *Person* to which the *ICC* delegates any aspect of *Doping Control* or anti-doping *Education* programs including, but not limited to, *National Cricket Federations,* third parties or other *Anti-Doping Organizations* that conduct *Sample* collection or other *Doping Control* services or anti-doping *Educational* programs for the *ICC*, or individuals serving as independent contractors who perform *Doping Control* services for the *ICC* (e.g., non-employee *Doping Control* officers or chaperones). This definition does not include *CAS*.

Demand. As defined in Article 7.6.3.1.

Disqualification. See *Consequences*, above.

Domestic Match. Any 'First-Class Match', 'List A Limited Overs Match' or 'List A Twenty20 Match' and/or any 'Other Match' played under the sole control and auspices of a *National Cricket Federation* and/or classified as Official Cricket by such *National Cricket Federation,* as those terms are defined in the ICC Classification of Official Cricket (as amended from time to time).

Doping Control. All steps and processes from test distribution planning through to ultimate disposition of any appeal and the enforcement of *Consequences*, including all steps and processes in between, including but not limited to *Testing*, investigations, whereabouts, *TUEs*, *Sample* collection and handling, laboratory analysis, *Results Management* and investigations or proceedings relating to violations of Article 10.14 (Status During *Ineligibility* or *Provisional Suspension*).

Education: The process of learning to instill values and develop behaviors that foster and protect the spirit of sport, and to prevent intentional and unintentional doping.

Effective Date. As defined in Article 18.5.

Event. A series of individual *Competitions* conducted together under one ruling body.

Event Period: For the purposes of the *Code,* the *Event Period* shall be deemed to start and end at the same times as the *In-Competition* period as set out in Article 5.2.2.

Event Venue: For the purposes of the *Code,* those venues so designated by the ruling body for the *Match or Event*.

Expert Panel. as defined in the *International Standard* for *Results Management*.

Fault. *Fault* is any breach of duty or any lack of care appropriate to a particular situation. Factors to be taken into consideration in assessing a *Player* or other *Person's* degree of *Fault* include, for example, the *Player's* or other *Person's* experience, whether the *Player* or other *Person* is a *Protected Person,* special considerations such as impairment, the degree of risk that should have been perceived by the *Player* and the level of care and investigation exercised by the *Player* in relation to what should have been the perceived level of risk. In assessing the *Player* or other *Person's* degree of *Fault*, the circumstances considered must be specific and relevant to explain the *Player's* or other *Person's* departure from the expected standard of behavior. Thus, for example, the fact that a *Player* would lose the opportunity to earn large sums of money during a period of *Ineligibility,* or the fact that the *Player* only has a short time left in his or her career, or the timing of the sporting calendar, would not be relevant factors to be considered in reducing the period of *Ineligibility* under Article 10.6.1 or 10.6.2.

Filing Failure. As defined in the *International Standard* for *Results Management*.

Financial Consequences. See *Consequences*, above.

Hearing Panel. Any hearing panel appointed/established under the *ICC Code* to hear and determine an allegation that an anti-doping rule violation has been committed, or any appeal of such matter, including the *Anti-Doping Tribunal* and any hearing panel appointed by *CAS* to hear appeals under Article 13.

ICC. The International Cricket Council or its designee.

ICC Classification of Official Cricket. The ICC's Classification of Official Cricket, as amended from time to time.

ICC Events. Each of the following (in men's and women's cricket): (a) the ICC Cricket World Cup; (b) the ICC World Twenty20; (c) the ICC Under 19 Cricket World Cup; (d) the ICC World Cup Qualifying Tournament; (e) the ICC World Twenty20 Qualifying Tournament; and (f) any other event organised or sanctioned by the ICC from time to time to which the *ICC* deems it appropriate that the *ICC Code* should apply, provided that the *ICC* has given at least three months' notice to all *National Cricket Federations* participating in such event that it is to be deemed an *ICC Event* for the purposes of the *ICC Code*.

In-Competition. The period described in Article 5.2.2.

Independent Review Board. A standing panel appointed by the *ICC*, consisting of persons with medical, technical and/or legal experience in anti-doping, to perform the functions assigned to the *Independent Review Board* in the *ICC Code*. Further persons may be included onto the *Independent Review Board* on a case-by-case basis, where there is a need for their specific expertise and/or experience. Each member of the *Independent Review Board* panel shall be independent of the *ICC*, which may provide reasonable compensation and reimbursement of expenses to such members.

Ineligibility. See *Consequences,* above.

Institutional Independence: Hearing panels on appeal shall be fully independent institutionally from the *Anti-Doping Organization* responsible for *Results Management*. They must therefore not in any way be administered by, connected or subject to the *Anti-Doping Organization* responsible for *Results Management*.

International Event. An *Event* or *Competition* where the International Olympic Committee, the International Paralympic Committee, an International Federation, a *Major Event Organisation,* or another international sport organisation is the ruling body for the *Event* or appoints the technical officials for the *Event*.

International-Level Player: As defined in Article 1.1.

International Match. Each of the following (in men's and women's cricket): (a) any *Test Match*, *One Day International Match* or *Twenty20 International Match*; (b) any *Match* played as part of an *ICC Event*; (c) any other *Match* played between representative sides of any *National Cricket Federation* at Under 19 level or above; (d) any *International Tour Match*; and (e) any other *Match* organised or sanctioned by the *ICC* from time to time to which the *ICC* deems it appropriate that the *Anti-Doping Code* should apply.

International Registered Testing Pool or IRTP. As defined in Article 5.3.2.1.

International Standard. A standard adopted by *WADA* in support of the *Code*. Compliance with an *International Standard* (as opposed to another alternative standard, practice or procedure) shall be sufficient to conclude that the procedures addressed by the *International Standard* were performed properly. The *Internationa*l *Standards* shall include any *Technical Documents* issued pursuant to the *International Standard*.

Major Event Organisations. The continental associations of *National Olympic Committee*s and other international multi-sport organisations that function as the ruling body for any continental, regional or other *International Event*.

Marker. A compound, group of compounds or biological variable(s) that indicates the *Use* of a *Prohibited Substance* or *Prohibited Method.*

Match. A cricket match of any format and duration in length in which two cricket teams compete against each other.

Metabolite. Any substance produced by a biotransformation process.

Minimum Reporting Level. The estimated concentration of a *Prohibited Substance* or its *Metabolite(s)* or *Marker(s)* in a *Sample* below which *WADA*-accredited laboratories should not report that *Sample* as an *Adverse Analytical Finding*.

Minor. A natural *Person* who has not reached the age of eighteen (18) years.

Missed Test. As defined in the *International Standard* for *Results Management*.

National Anti-Doping Organisation or NADO. The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of *Samples*, manage test results, and conduct *Results Management* at the national level. If this designation has not been made by the competent public authority (ies), the entity shall be the country's *National Olympic Committee* or its designee.

National Cricket Federation. A national or regional entity which is a member of or is recognised by the ICC as the entity governing the sport of cricket in a country (or collective group of countries associated for cricket purposes).

National-Level Athlete. *Athletes* who compete in sport at the national level, as defined by each *National Anti-Doping Organization,* consistent with the *International Standard* for *Testing* and Investigations.

National Cricket Federation Pool. As defined in Article 5.3.3.3.

National Event. A sport *Event* or *Competition* involving *International-* or *National-Level Athletes* that is not an *International Event*.

National Olympic Committee. The organisation recognised in each country by the International Olympic Committee. The term *National Olympic Committee* shall also include the National Sport Confederation in those countries where the National Sport Confederation assumes typical *National Olympic Committee* responsibilities in the anti-doping area.

National Player Pool. As defined in Article 5.3.3.3.

No Advance Notice. *Sample* collection which takes place with no advance warning to the *Player* and where the *Player* is continuously chaperoned from the moment of notification through *Sample* provision.

No Fault or Negligence. The *Player* or other *Person's* establishing that he/she did not know or suspect, and could not reasonably have known or suspected even with the exercise of utmost caution, that he/she had *Used* or been administered the *Prohibited Substance* or *Prohibited Method* or otherwise violated an anti-doping rule. Except in the case of a *Protected Person* or *Recreational Athlete*, for any violation of Article 2.1, the *Player* must also establish how the *Prohibited Substance* entered his or her system.

No Significant Fault or Negligence. The *Player* or other *Person's* establishing that his/her *Fault* or *Negligence*, when viewed in the totality of the circumstances and taking into account the criteria for *No Fault or Negligence*, was not significant in relationship to the anti-doping rule violation. Except in the case of a *Protected Person* or *Recreational Athlete*, for any violation of Article 2.1, the *Player* must also establish how the *Prohibited Substance* entered his or her system.

Notice of Charge. As defined in Article 7.9.

Notification. As defined in Article 7.1.3.

One Day International Match. As defined by the ICC Classification of Official Cricket, as it may be amended from time to time.

Operational Independence: This means that (1) board members, staff members, commission members, consultants and officials of the *Anti-Doping Organization* with responsibility for *Results Management* or its affiliates (e.g., member federation or confederation), as well as any *Person* involved in the investigation and pre-adjudication of the matter cannot be appointed as members and/or clerks (to the extent that such clerk is involved in the deliberation process and/or drafting of any decision) of hearing panels of that *Anti-Doping Organization* with responsibility for *Results Management* and (2) hearing panels shall be in a position to conduct the hearing and decision-making process without interference from the *Anti-Doping Organization* or any third party. The objective is to ensure that members of the hearing panel or individuals otherwise involved in the decision of the hearing panel, are not involved in the investigation of, or decisions to proceed with, the case.

Out-of-Competition. Any period that is not *In-Competition*.

Person. A natural *Person* or an organisation or other entity.

Player. As defined in Article 1.1.

Player Support Person. As defined in Article 1.4.

Possession. Actual, physical *Possession*, or the constructive *Possession* (which shall be found only if the *Person* has exclusive control or intends to exercise control over the *Prohibited Substance/Method* or the premises in which a *Prohibited Substance/Method* exists); provided, however, that if the *Person* does not have exclusive control over the *Prohibited Substance/Method* or the premises in which a *Prohibited*

Substance/Method exists, constructive *Possession* shall only be found if the *Person* knew about the presence of the *Prohibited Substance/Method* and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on *Possession* if, prior to receiving notification of any kind that the *Person* has committed an anti-doping rule violation, the *Person* has taken concrete action demonstrating that the *Person* never intended to have *Possession* and has renounced *Possession* by explicitly declaring it to an *Anti-Doping Organisation*. Notwithstanding anything to the contrary in this definition, the purchase (including by any electronic or other means) of a *Prohibited Substance* or *Prohibited Method* constitutes *Possession* by the *Person* who makes the purchase.

Prohibited List. The list identifying the *Prohibited Substances* and *Prohibited Methods*.

Prohibited Method. Any method so described on the *Prohibited List*.

Prohibited Substance. Any substance, or class of substances, so described on the *Prohibited List*.

Protected Person. A *Player* or other natural *Person* who at the time of the anti-doping rule violation: (i) has not reached the age of sixteen (16) years; (ii) has not reached the age of eighteen (18) years and is not included in any *Registered Testing Pool* and has never competed in any *International Event* in an open category; or (iii) for reasons other than age has been determined to lack legal capacity under applicable national legislation.

Provisional Hearing. For purposes of Article 7.8, an expedited abbreviated hearing occurring prior to a hearing under Article 8 that provides the *Player* or other *Person* with notice and an opportunity to be heard in either written or oral form.

Provisional Suspension. See *Consequences*, above.

Publicly Disclose. See *Consequences,* above.

Recreational Athlete. A natural *Person* who is so defined by the relevant *National Anti-Doping Organization*; provided, however, the term shall not include any *Person* who, within the five (5) years prior to committing any anti-doping rule violation, has been an *International-Level Athlete* (as defined by each International Federation consistent with the *International Standard* for *Testing* and Investigations) or *National-Level Athlete* (as defined by each *National Anti-Doping Organization* consistent with the *International Standard* for *Testing* and Investigations), has represented any country in an *International Event* in an open category or has been included within any *Registered Testing Pool* or other whereabouts information pool maintained by any International Federation or *National Anti-Doping Organization*.

Regional Anti-Doping Organization. A regional entity designated by member countries to coordinate and manage delegated areas of their national anti-doping programs, which may include the adoption and implementation of anti-doping rules, the planning and collection of *Samples*, the management of results, the review of *TUEs*, the conduct of hearings, and the conduct of *Educational* programs at a regional level.

Registered Testing Pool. The pool of highest-priority *Athletes* established separately at the international level by International Federations and at the national level by *National Anti-Doping Organizations,* who are subject to focused *In-Competition* and *Out-of-Competition Testing* as part of that International Federation's or *National Anti-Doping Organization's* test distribution plan and therefore are required to provide whereabouts information as provided in Article 5.5 and the *International Standard* for *Testing* and Investigations.

Results Management. The process encompassing the timeframe between notification as per Article 5 of the *International Standard* for *Results Management*, or in certain cases (e.g., *Atypical Finding*, *Athlete Biological Passport*, whereabouts failure), such pre-notification steps expressly provided for in Article 5 of the *International Standard* for *Results Management*, through the charge until the final resolution of the matter, including the end of the hearing process at first instance or on appeal (if an appeal was lodged).

Sample or *Specimen*: Any biological material collected for the purposes of *Doping Control*.

Sample. Any biological material collected for the purposes of *Doping Control*.

Signatories. Those entities accepting the *Code* and agreeing to implement the *Code*, as provided in Article 23 of the *Code*.

Specified Method. As defined in Article 4.1.2.

Specified Substances. As defined in Article 4.1.2.

Strict Liability. The rule which provides that under Article 2.1 and Article 2.2, it is not necessary that intent, *Fault*, *Negligence*, or knowing *Use* on the *Athlete's* part be demonstrated by the *Anti-Doping Organization* in order to establish an anti-doping rule violation.

Substance of Abuse. See Article 4.1.3.

Substantial Assistance. For purposes of Article 10.7.1 a *Person* providing *Substantial Assistance* must: (a) fully disclose in a signed written statement or recorded interview all information that he/she possesses in relation to anti-doping rule violations or other proceedings as described in Article 10.7.1.1; and (b) fully cooperate with the investigation and adjudication of any case or matter related to that information, including, for example, presenting testimony at a hearing if requested to do so by the ICC, an *Anti-Doping Organisation* or hearing panel. Further, the information provided must be credible and must comprise an important part of any case or proceeding that is initiated or, if no case or proceeding is initiated, must have provided a sufficient basis on which a case or proceeding could have been brought.

Tampering. Intentional conduct which subverts the *Doping Control* process but which would not otherwise be included in the definition of *Prohibited Methods*. *Tampering* shall include, without limitation, offering or accepting a bribe to perform or fail to perform an act, preventing the collection of a *Sample*, affecting or making impossible the analysis of a *Sample*, falsifying documents submitted to an *Anti-Doping Organization* or *TUE* committee or hearing panel, procuring false testimony from witnesses, committing any other fraudulent act upon the *Anti-Doping Organization* or hearing body to affect *Results Management* or the imposition of *Consequences*, and any other similar intentional interference or *Attempted* interference with any aspect of *Doping Control*.

Target Testing. Selection of specific *Players* for *Testing* based on criteria set forth in the *International Standard* for Testing and Investigations.

Technical Document. A document adopted and published by *WADA* from time to time containing mandatory technical requirements on specific anti-doping topics as set forth in an *International Standard*.

Testing. The parts of the *Doping Control* process involving test distribution planning, *Sample* collection, *Sample* handling, and *Sample* transport to the laboratory.

Testing Authority. As defined in Article 3.5 of the *International Standard* for *Testing* and Investigations.

Test Matches. As defined by the ICC Classification of Official Cricket, as it may be amended from time to time.

Therapeutic Use Exemption (TUE): A *Therapeutic Use Exemption* allows a *Player* with a medical condition to *Use* a *Prohibited Substance* or *Prohibited Method*, but only if the conditions set out in Article 4.4 and the *International Standard* for *Therapeutic Use Exemptions* are met.

Trafficking. Selling, giving, transporting, sending, delivering or distributing (or *Possessing* for any such purpose) a *Prohibited Substance* or *Prohibited Method* (either physically or by any electronic or other

means) by a *Player, Player Support Person* or other *Person* subject to the authority of an *Anti-Doping Organisation* to any third party; provided, however, that this definition shall not include (a) the actions of bona fide medical personnel involving a *Prohibited Substance Used* for genuine and legal therapeutic purposes or other acceptable justification; or (b) actions involving *Prohibited Substances* which are not prohibited in *Out-of-Competition Testing* unless the circumstances as a whole demonstrate such *Prohibited Substances* were not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

TUE Committee. A panel appointed by the ICC and composed of at least three physicians with a sound knowledge of clinical and exercise medicine. In all cases involving a *Player* with a disability, one of the physicians must have experience with the care and treatment of *Players* with disabilities.

Twenty20 International Matches. As defined by the ICC Classification of Official Cricket, as it may be amended from time to time.

Unsuccessful Attempt Form. As defined in Article 3.5 of the *International Standard* for *Testing* and Investigations.

Use. The utilisation, application, ingestion, injection or consumption by any means whatsoever of any *Prohibited Substance* or *Prohibited Method*. *Used* shall be construed accordingly.

WADA. The World Anti-Doping Agency.

Without Prejudice Agreement. For purposes of Articles 10.7.1.1 and 10.8.2, a written agreement between an *Anti-Doping Organization* and an *Athlete/Player* or other *Person* that allows the *Athlete/Player* or other *Person* to provide information to the *Anti-Doping Organization* in a defined time-limited setting with the understanding that, if an agreement for *Substantial Assistance* or a case resolution agreement is not finalized, the information provided by the *Athlete/Player* or other *Person* in this particular setting may not be used by the *Anti-Doping Organization* against the *Athlete/Player* or other *Person* in any *Results Management* proceeding under the *Code*, and that the information provided by the *Anti-Doping Organization* in this particular setting may not be used by the *Athlete/Player* or other *Person* against the *Anti-Doping Organization* in any *Results Management* proceeding under the *Code*. Such an agreement shall not preclude the *Anti-Doping Organization*, *Athlete/Player* or other *Person* from using any information or evidence gathered from any source other than during the specific time-limited setting described in the agreement.

Whereabouts Failures. As defined in Article 2.4.

APPENDIX 2 – THE PROHIBITED LIST

At any given time, the current version of the *Prohibited List* is available on the anti-doping section of the ICC's website at the following address:

www.icc-cricket.com

IMPORTANT NOTE: the *Prohibited List* is updated annually, with effect from 1 January each year. All *Players* and other *Persons* should therefore review the new *Prohibited List* (available on the ICC's website each year) every year in the lead up to 1 January to ensure that anything they ingest or use, as well as any medical treatment they receive, does not give rise to an anti-doping rule violation under the ICC Code.

ICC'S MINIMUM STANDARDS FOR PLAYERS' AND MATCH OFFICIALS' AREAS AT INTERNATIONAL MATCHES

For the purposes of these *Minimum Standards,* words in italicised text shall take the definitions ascribed to them in Appendix 1 of the *ICC's Anti-Corruption Code* or, where there are none, those set below:

ICC Anti-Corruption Manager: means the individual(s) appointed by the *ICC's ACU* from time to time to provide anti-corruption and security support services to the *ACU* at, and around, all relevant *International Matches*.

Internet: means the global communications system of computer networks accessible by the public whether wirelessly or through a cable feed, which interconnect, either directly or indirectly, individual computers and/or networks by accessing, among others, the world wide web and derivative URL addresses.

Match Official: means any of the following individuals: *Match Referee*, *Umpire, Regional Umpire Performance Manager* and any technical expert appointed by the *ICC* to provide technological support to the *Umpires* from time to time.

Mobile Device: means any portable device (including, without limitation, a personal digital assistant (PDA), blackberry, mobile phone, smartwatch, tablet computer) which is capable of connecting to or using any mobile telecommunications or WiFI technology to enable or facilitate transmission of textual material, data, voice, video or multimedia services.

PMOA: means as defined in Article 2.1, below.

Regional Umpire Performance Manager: means the individual appointed by the *ICC* to provide performance management support to the *Umpires* from time to time.

ARTICLE 1 INTRODUCTION, SCOPE AND APPLICATION

1.1 The *ICC* has adopted these *Minimum Standards* in support of the *ICC's Anti-Corruption Code* and the fundamental sporting imperatives which that *Code* is designed to address. In particular, the *Minimum Standards* seek to combat advancing mobile communication technology and increasing sophistication in the methods by which betting takes place on cricket matches, by restricting to the greatest extent possible all methods of communication between *Players, Player Support Personnel* and *Match Officials* with all third parties from the moment that they first enter the *PMOA* on the day of an *International Match* right through until the formal conclusion of that day's play. .

1.2 All *National Cricket Federations*, *Players*, *Player Support Personnel* and *Match Officials*: (a) are automatically bound by and required to comply with all of the provisions of these *Minimum Standards*; and (b) agree to submit to the authority of the *ACU General Manager* (and/or any individual appointed by him/her to act on his/her behalf), to adopt, apply, monitor and enforce these *Minimum Standards*.

1.3 For the avoidance of any doubt, nothing in these *Minimum Standards* is intended to limit the responsibilities of any *National Cricket Federation*, *Player*, *Player Support Personnel* or *Match Official* under the *ICC's Anti-Corruption Code* or any other *ICC* regulations that may apply from time to time.

1.4 The *Minimum Standards* shall come into full force and effect on 1 December 2018 and shall replace all previous versions of the *Minimum Standards.*

1.5 The *Minimum Standards* shall be applied in full at every *International Match* (but excluding any *International Tour Match*) and at any *ICC Event* or any other *Match* at which the *ICC* deems it appropriate that they should apply.

ARTICLE 2 ACCESS TO THE PLAYERS' AND MATCH OFFICIALS' AREA (*"PMOA"*)

2.1 At each relevant *International Match*, the *PMOA* shall comprise of the following areas;

2.1.1 each of the dressing rooms (including any medical or other similar rooms that may be accessed from within the dressing room) that are used by the teams participating in the relevant *International Match*;

2.1.2 each of the dressing rooms (including any medical or other similar rooms that may be accessed from within the dressing room) that are used by the *Match Officials* in the relevant *International Match*;

2.1.3 each of the match viewing areas (whether internal or external, including any 'dug-out' area) used by the teams participating in the relevant *International Match*;

2.1.4 the operational room(s) used by any *Umpire* (including third or other *Umpires*) during the course of the relevant *International Match*;

2.1.5 the operational room(s) used by the *Match Referee* during the course of the relevant *International Match*;

2.1.6 the dining area(s) used by the *Players, Player Support Personnel* and *Match Officials* during and after the relevant *International Match;* and

2.1.7 all other areas that the *ICC Anti-Corruption Manager* determines should be included, such determination to be entirely at his/her discretion.

2.2 In relation to each relevant *International Match* taking place within its geographical jurisdiction, unless otherwise agreed in advance by the *ICC's Anti-Corruption Manager*, the host *National Cricket Federation* must:

2.2.1 ensure that there are no static / landline (or other) telephone communication devices within the *PMOA* on the day of an *International Match*;

2.2.2 put in place an accreditation system that enables access to the *PMOA* to be strictly and easily controlled and monitored by the *ICC Anti-Corruption Manager* and/or such other members of the security or stewarding team appointed for such purpose. Such accreditation system must include, at a minimum, the use of accreditation passes that bear a clear and easily identifiable photograph and the name of the individual to whom such pass has been issued;

2.2.3 provide adequate security at each entrance to the *PMOA* at all times from the moment that a stadium has commenced its access control for an *International Match* right through until all *Players* and *Match Officials* have left the stadium at the end of the day's play;

2.2.4 ensure that each of the members of the venue stewarding / security team allocated to be on duty pursuant to Article 2.2.3, above:

(a) has been security-vetted by the appropriate authorities and has sufficient skill and experience to control and, wherever necessary, prevent entry to the *PMOA* from time to time;

(b) is thoroughly briefed, in advance, by an appropriate representative of the *National Cricket Federation* (and, where considered necessary, by the *ICC Anti-Corruption Manager*) about what they are required to do to satisfactorily perform their duties in this regard;

(c) is provided with appropriate identification so as to make him/her instantly recognisable as a member of the security or stewarding team; and

(d) will ensure that the rules regarding the display of accreditation passes for the *PMOA* (as described in Article 3, below) are strictly adhered to at all times.

2.2.5 issue, reasonably in advance of each *International Match*, all accreditation passes permitting access to the *PMOA* to each of the relevant *Players* and *Player Support Personnel*;

2.2.6 issue, within eight (8) hours of entry into the relevant country or unless otherwise agreed with the relevant *Match Officials*, all accreditation passes permitting access to the *PMOA* to each of the relevant *Match Officials*;

2.2.7 maintain a comprehensive and up-to-date list of all individuals to whom such passes have been, or will be, issued and provide a copy of such list to the *ICC Anti-Corruption Manager* at least forty-eight (48) hours before the commencement of the relevant *International Match*;

2.2.8 refer any additional requests for accreditation from time to time to the *ICC Anti-Corruption Manager* for his/her consideration and approval;

2.2.9 provide a fixed photograph board at each entrance to the *PMOA* that bears a duplicate photograph of each person to whom accreditation passes for access to the *PMOA* have been issued pursuant to Articles 2.2.5 and 2.2.6, above, and a copy of the type of accreditation pass(es) that allows entry to the *PMOA*;

2.2.10 install CCTV covering all access points to each of the team dressing rooms and use all reasonable endeavours to ensure that such footage is copied at the end of a day's play to a hard-drive or any other similar portable storage device. The *National Cricket Federation* shall ensure that it retains a copy of such footage for a period of twelve (12) months from the date of the *International Match* in question and shall provide a copy to the *ICC ACU* on request and without undue delay at any time during such twelve (12) month period;

2.2.11 ensure that there are no fixed or temporary video cameras or other recording equipment set up within any dressing room or adjoining medical or other similar room that may be accessed from within the dressing room used by the teams or *Match Officials*) for the purposes of broadcasting video or audio footage therefrom;

GUIDANCE NOTE: *As an exception to the strict prohibition in Article 2.2.11,a static, vision-only video camera may be set up within the PMOA provided that the following safeguards are implemented at all times: (a) any intention to include such a camera must be communicated reasonably in advance to the ICC's Anti-Corruption Manager; (b) the camera must be static, wall-mounted and have any audio-recording capability disabled; (c) the ICC's Anti-Corruption Manager must be advised of the proposed time for such installation, so that he can be present if he considers necessary; (d) the lens cap on the camera must be securely locked at all times, with the designated team media manager being the only person authorised to remove the lens cap; (e) the camera can only record for the period during which the lens cap is removed and for a maximum of two minutes; and (f) the ICC's Anti-Corruption Manager must be advised of the proposed time for removal of the lens cap, which can only be prior to a team taking the field for any of its batting or fielding innings, and must be present during its recording period.*

2.2.12 provide a safe and secure locker (or other similar storage facility), into which all *Players* and *Player Support Personnel* (subject to the limited exceptions set out herein) must deposit any *Mobile Device* prior to entering the *PMOA;* and

2.2.13 provide a safe and secure locker (or other similar storage facility), into which all temporary visitors (including *ICC* and *National Cricket Federation* staff) to the *PMOA* must deposit any *Mobile Device* prior to entering the *PMOA*, together with a logbook facility that allows such storage to be accurately recorded and monitored.

2.3 In relation to each relevant *International Match*, the *Match Referee* must:

2.3.1 check whether there are any static / landline (or other) telephone communication devices within the operational room(s) used by any *Umpire* (including third or other *Umpires*) or *Match Referee* on the day of an *International Match* and, where any exist, immediately report the same to the *ICC's Anti-Corruption Manager*;

2.3.2 check whether there are any fixed or temporary video cameras set up within the operational room(s) used by any *Umpire* (including third or other *Umpires*) or *Match Referee* on the day of an *International Match* and, where any exist, immediately report the same to the *ICC's Anti-Corruption Manager*;

2.3.3 ensure that the rules regarding the display of accreditation passes for the *PMOA* (as described in Article 3, below) are strictly adhered to by the *Umpires* (including third or other *Umpires*) and the *Match Referee* at all times; and

2.3.4 implement a protocol pursuant to which all *Mobile Devices* must be collected from the *Umpires* (including third or other *Umpires)* or *Regional Umpire Performance Manager* prior to their entry to the venue on the day of an *International Match*; and (b) safely and securely stored during that *International Match* until such time as those *Mobile Devices* can be returned in accordance with these *Minimum Standards*.

ARTICLE 3 DISPLAY OF ACCREDITATION PASSES INSIDE THE *PMOA*

3.1 General Principles:

3.1.1 As a general rule, access to the *PMOA* will be restricted only to those individuals whose presence in that area is absolutely essential for operational purposes. Obviously this would include *Players, Match Officials* and the *ICC Anti-Corruption Manager* or other *ICC ACU* staff, but it also includes certain *Player Support Personnel* such as members of the team coaching staff, medical and physiotherapy staff, team statistician, kit/baggage man, team liaison officer, team media manager and team security manager. Each team manager is required to certify to the *ICC's Anti-Corruption Manager* that each *Player Support Personnel* to whom accreditation is granted has the necessary skills to perform their designated role, for example as physiotherapist or media manager, and that their presence in the *PMOA* is absolutely essential for operational purposes.

3.1.2 In certain circumstances, temporary 'visitor' accreditation may also need to be issued by the *ICC Anti-Corruption Manager* to any other individuals who may need access to the *PMOA* from time to time for operational reasons, including, for example, *ICC* and *National Cricket Federation* staff and members of the venue's security, cleaning or catering staff. Such temporary accreditation can only be provided by the *ICC Anti-Corruption Manager*, who

may impose such conditions on the accreditation (including for specific time periods or areas etc) as he/she deems appropriate in the circumstances.

3.1.3 For the avoidance of doubt, and except as described in Article 3.2, below, no individual, irrespective of their identity, job, role or responsibility, will be allowed to enter, or remain within, the *PMOA* without displaying an official accreditation pass.

3.2 *Players*, *Player Support Personnel* and *Match Officials*:

3.2.1 All *Players*, *Player Support Personnel* and *Match Officials* must display their *PMOA* accreditation passes prior to their first entry into the *PMOA* on the day of an *International Match*.

3.2.2 Once they have complied with Article 3.2.1, all *Players*, *Player Support Personnel* and *Match Officials* do not need to continue to display or carry their *PMOA* accreditation passes so long as they remain at all times within either the *PMOA*, the nets or practice area or field of play.

3.3 Temporary 'visitors' to the *PMOA:*

3.3.1 All temporary visitors must display their *PMOA* temporary 'visitor' accreditation passes whenever they enter or leave the *PMOA*.

3.3.2 All temporary visitors must carry their *PMOA* temporary 'visitor' accreditation passes at all times whilst they remain within the *PMOA.*

ARTICLE 4 USE OF COMMUNICATION DEVICES IN THE *PMOA*

4.1 Subject strictly to the exceptions set out in Article 4.2, the following prohibitions shall apply from the moment that the first *Player* of any participating team enters the *PMOA* for an *International Match* right through until the formal conclusion of the day's play:

4.1.1 no person shall be allowed to use and/or carry any *Mobile Device* for any reason whatsoever, whether to access the *Internet* or otherwise, in the *PMOA*;

4.1.2 no person shall be allowed to use and/or or carry, any laptop computer (or any other similar communication device) for any reason whatsoever, whether to access the *Internet* or otherwise, in the *PMOA*; and

4.1.3 no person shall be allowed to use any static / landline (or similar) telephone capable of making calls from inside or receiving calls from outside the *PMOA*.

4.2 Unless otherwise agreed by the *ICC Anti-Corruption Manager* in advance, the only exceptions to the above prohibitions are:

4.2.1 each team manager shall be permitted to carry a *Mobile Device* within the *PMOA*, provided that it can only be used either: (a) by him/her for cricket operations purposes; and/or (b) by any *Player* or *Player Support Personnel* for any important personal matter, provided that the team manager has given his express permission to the *Player* or *Player Support Personnel* before such use;

4.2.2 each team media manager shall be permitted to carry a *Mobile Device* within the *PMOA* but any such device must be turned onto silent mode at all times whilst such individual is in the *PMOA* and must not be used for any purpose inside the PMOA;

4.2.3 each team security manager shall be permitted to carry a *Mobile Device* within the *PMOA* but any such device must be turned onto silent mode at all times whilst such individual is in the *PMOA* and must not be used for any purpose, either inside or outside the *PMOA* at the venue, other than in the case of a security emergency;

4.2.4 each *Match Referee* shall be permitted to carry all of the *Mobile Devices* that may have been collected from each *Umpire* (including any third or other *Umpire)* and *Regional Umpire Performance Manager* as part of any protocol implemented by a *Match Referee* pursuant to Article 2.3.4, above;

4.2.5 each team manager shall be permitted to carry and use a laptop computer (or any other similar communication device), whether to access the Internet or otherwise, within the *PMOA*, provided that it is used only by him/her and only for cricket operations purposes of a logistical or administrative nature related to any *International Match* or series of *International Matches*;

GUIDANCE NOTE: *For the avoidance of doubt, any team manager who uses his laptop computer (or any other similar communication device) other than for cricket operations purposes of a logistical or administrative nature (for example, for personal use) shall automatically be in breach of Article 4.2.5. As a permitted exception to this prohibition, the team manager may, at any time during an International Match, receive, access and disseminate to relevant Players and Player Support Personnel, information of an analytical nature that has been developed outside of the PMOA (whether within the venue or further afield) and which relates exclusively to the performance of any individual Player or team participating in the relevant International Match in question, provided at all times that: (a) such information can only be disseminated to relevant Players and Player Support Personnel by the team manager via a 'pen-drive' or other means of transferring data other than via the Internet; (b) no Player or Player Support Personnel shall be entitled to use or access such information directly on the team manager's laptop (or any other similar communication device); (c) such information must be received only from an individual whose identity has been pre-approved by, and whose full contact details have been provided to, the ICC's Anti-Corruption Manager in advance; and (d) all communication exchanges between the team manager and any such identified third party in relation to such matters must be copied contemporaneously and in full to the ICC's Anti-Corruption Manager (if such exchanges take place over the Internet) or witnessed first-hand by the ICC's Anti-Corruption Manager (if such information is transmitted manually).*

It is acknowledged and agreed that the safeguards described in this guidance note are of particular importance in upholding the underlying principles of the PMOA and that, since the analytical information that this note contemplates be exchanged in 'live' game situations is information that could easily be exploited for corrupt purposes, any failure to comply risks causing serious damage to the integrity of the game. The burden shall be at all times on the team manager to ensure that he has the relevant details of the ICC's Anti-Corruption Manager and/or access to the ICC's Anti-Corruption Manager at the appropriate times in order that he can comply in full with the safeguards described herein.

4.2.6 a further seven other *Player Support Personnel* per team, whose identity must be approved in advance by the *ICC Anti-Corruption Manager*, shall be permitted to carry and use a laptop computer (or any other similar communication device) within the *PMOA*, provided that: (a) it is used only by the identified individual and only for cricket operations purposes; (b) it may not be used to access the *Internet* at any time until the final ball in the day's play has been delivered; and (c) the *ICC's Anti-Corruption Manager* shall have absolute discretion to direct that the laptop computer (or any other

similar communication device) be used only in a specific area or location within the *PMOA*.

GUIDANCE NOTE: *Nothing in Articles 4.2.5 or 4.2.6 shall prevent a Player or Player Support Personnel being able to view the screen of a laptop computer that is being used by the team manager or other permitted Player Support Personnel, provided that his/her viewing of the laptop: (a) is carried out at all times in the company of the team manager or other permitted Player Support Personnel; and (b) is for cricket operations purposes only.*

4.2.7 the team doctor (or team physiotherapist in circumstances where there is no team doctor) shall be permitted to carry and use one *Mobile Device* and one laptop computer (or other similar device), whether to access the *Internet* or otherwise, within the *PMOA*, provided that either device will only be used in the case of a genuine medical emergency and must not be used for any other purpose. Any such *Mobile Device* must be turned onto silent mode at all times whilst such individual is in the *PMOA.* Any such laptop computer (or other similar device) carried by the team doctor (or physiotherapist, where applicable) must be password protected and password locked when not in use, with the password known only to the team doctor (or physiotherapist, where applicable)*;*

GUIDANCE NOTE: *For the avoidance of doubt, any team doctor (or team physiotherapist as applicable) who uses a Mobile Device and/or laptop computer (or any other similar communication device) other than in the case of a genuine medical emergency (for example, for personal use) shall automatically be in breach of Article 4.2.7. The team doctor (or physiotherapist, as applicable) shall provide the telephone number of any Mobile Device used by him/her in the PMOA to the ICC's Anti-Corruption Manager at the start of the match.*

The team doctor (or physiotherapist, as applicable) shall allow the ICC's Anti-Corruption Manager access to the Mobile Device and/or laptop computer used by him/her in the PMOA at any time during the match upon the request of the Anti-Corruption Manager to enable the Anti-Corruption Manager to review the history of any communications made on such device during the match.

Any Mobile Device or laptop computer carried and/or used by the team doctor (or physiotherapist, where applicable) in the PMOA pursuant to Article 2.4.7 may only be used by that team doctor (or physiotherapist, where applicable), save that the team physiotherapist will be allowed to review medical information contained on the laptop computer in circumstances where the team doctor is present and is in control of the laptop computer. The physiotherapist (unless he has taken on the role of team doctor for the purposes of Article 4.2.7) shall not have access to the laptop computer on his/her own.

For the avoidance of further doubt, only one laptop computer (or similar device) can be carried and/or used by the team doctor (or physiotherapist, where applicable) in the PMOA. It is therefore not permitted for a team doctor (or physiotherapist, where applicable) to carry both a laptop computer and a tablet or iPad in the PMOA.

4.2.8 the team performance analyst shall be permitted to carry and use one laptop computer (or other similar device) within the *PMOA* (which may be used to access the *Internet*), provided that: (a) it is used only by the team performance analyst and only for the purpose of undertaking performance analysis during the *International Match* or series of *International Matches* in question; and (b) the *Anti-Corruption Manager* shall have absolute discretion to direct that the laptop computer (or other similar device) be used only in a specific area or location within the *PMOA*.

GUIDANCE NOTE: *For the avoidance of doubt, any team performance analyst who uses a laptop computer (or any other similar device) other than for the purposes of undertaking genuine performance analysis during the relevant International Match shall automatically be in breach of Article 4.2.8.*

The team performance analyst shall allow the ICC's Anti-Corruption Manager access to the laptop computer used by him/her in the PMOA at any time during the match upon the request of the Anti-Corruption Manager to enable the Anti-Corruption Manager to review the history of any Internet usage on such device during the match.

Any laptop computer carried and/or used by the team performance analyst in the PMOA pursuant to Article 2.4.8 may only be used by that team performance analyst.

For the avoidance of further doubt, only one laptop computer (or similar device) can be carried and/or used by the team performance analyst in the PMOA. It is therefore not permitted for a team performance analyst to carry both a laptop computer and a tablet or iPad in the PMOA.

4.2.9 the *Match Referee* shall be permitted to carry a *Mobile Device* within the *PMOA*, provided that it is used either: (a) by him/her for cricket operations purposes only; and/or (b) by any *Match Official* for any important personal matter only, provided that the *Match Referee* has given his express permission to the *Match Official* before such use;

4.2.10 the *Match Referee* shall be permitted to carry and use a laptop computer (or any other similar device), whether to access the *Internet* or otherwise, within the *PMOA*, provided that it is used only by him/her and only for cricket operations purposes; and

4.2.11 the *Regional Umpire Performance Manager* shall be permitted to carry and use a laptop computer (or any other similar communication device) within the *PMOA*, provided that: (a) it is used only by the identified individual and only for cricket operations purposes; (b) it may not be used to access the *Internet* at any time until the final ball in the day's play has been delivered; and (c) the *ICC's Anti-Corruption Manager* shall have absolute discretion to direct that the laptop computer (or any other similar communication device) be used only in a specific area or location within the *PMOA*.

4.3 For the avoidance of doubt, none of the foregoing provisions shall operate to prevent:

4.3.1 the use of two-way handheld device that uses dedicated frequencies over short distances (ie a 'walkie-talkie') by *Player Support Personnel* for the purpose of communication between the dugout and dressing room area for medical and/or tactical reasons only, provided that such communication devices are suitably encrypted to avoid detection by any third party in the nearby vicinity;

4.3.2 the use of electronic communication devices between on and off-field *Match Officials* in accordance with the relevant playing conditions and/or any other communication protocols (for example in relation to the use of the Decision Review System) as may be required from time to time, provided that such communication devices are suitably encrypted to avoid detection by any third party in the nearby vicinity; and/or

4.3.3 the wearing of microphones by a *Player* in a *T20 International Match*, provided that such use is for the purposes of providing commentary to a television broadcast only and that it complies with any official regulations that may be in force governing the type and nature of any commentary that

Players may or may not be permitted to make on such broadcast during any such *T20 International Match*.

4.4 For the avoidance of any doubt, all individuals permitted to carry and use a laptop computer (or any other similar communication device) within the *PMOA* pursuant to clause 4.2 are deemed to have: (a) consented to such laptop or other device being monitored by the *ICC's Anti-Corruption Manager* for the purpose of establishing whether or not the *Internet* has been accessed in any relevant period; (b) agreed to provide such laptop or other device to the *ICC's Anti-Corruption Manager* immediately upon request so that any identified *Internet* browsing activity can be audited; and (c) agreed to provide such technical information (including, without limitation, any applicable MAC number) about such laptop or other device to the *ICC's Anti-Corruption Manager* as may be necessary to carry out such monitoring and/or auditing activity.

ARTICLE 5 LEAVING THE *PMOA*

5.1 Other than in the case of a medical or security emergency, once inside the *PMOA*, should any *Player*, *Player Support Personnel* or *Match Official* need to leave for any personal or any other matter that is not related to the performance of his duties in the *International Match* in question, the following process must be followed:

5.1.1 Prior to leaving the *PMOA* he/she must obtain the express permission of either: (a) the *ICC's Anti-Corruption Manager*; or (b) where the *ICC's Anti-Corruption Manager* is unavailable, the relevant team manager (in the case of a *Player* or *Player Support Personnel*) or *Match Referee* (in the case of a *Match Official*), who must immediately report the grant of any such permission to the *ICC's Anti-Corruption Manager*.

NOTE: *such permission must explicitly set out where the Player, Player Support Personnel or Match Official is allowed to go within the stadium, for what purpose and with whom he/she is entitled to communicate in order to complete that purpose.*

5.1.2 Whilst outside of the *PMOA*, the *Player*, *Player Support Personnel* or *Match Official* must at all times:

(a) carry his/her *PMOA* accreditation pass and display it again prior to returning to the *PMOA*;

(i) comply with all of the restrictions on the use of communication devices described in Article 4, as if such person was still in the *PMOA*; and

(ii) only communicate with those third parties that he has permission to communicate with and only engage in such communications as are necessary for the completion of such purpose as has been approved.

ARTICLE 6 THE AUTHORITY OF THE *ICC ANTI-CORRUPTION MANAGER*

6.1 At each *International Match*, all *National Cricket Federations*, *Players*, *Player Support Personnel*, *Match Officials* and any other visitors to the *PMOA* agree and acknowledge that the *ICC Anti-Corruption Manager* (or such other member of the *ICC's ACU*) shall have absolute authority, without being required to provide any explanation or reason, to:

6.1.1 be present in any part of the *PMOA* (including, for the avoidance of doubt, any part of the dressing room) where he/she considers appropriate at any time on the day of the *International Match*;

6.1.2 issue temporary 'visitor' accreditation passes for the *PMOA* where he/she considers appropriate on the day of the *International Match*;

6.1.3 approve or deny any request for *PMOA* accreditation passes, irrespective of the identity of the individual requesting such accreditation;

6.1.4 remove, or cancel the validity of, any *PMOA* accreditation pass already issued, irrespective of the identity of the individual with such accreditation;

6.1.5 require any person who is not displaying a valid accreditation pass to leave the *PMOA* immediately, irrespective of the identity of such individual;

6.1.6 require any person in possession of any *Mobile Device*, laptop computer (or any other similar device) to immediately provide such *Mobile Device*, laptop computer (or any other similar device) to the *ICC Anti-Corruption Manager* for auditing purposes, such auditing to take place at an agreed time and place and in the presence of the owner;

6.1.7 require any person in the *PMOA* to immediately submit themselves and/or any clothing, baggage or other items in their possession, to be searched by the *ICC Anti-Corruption Manager*, provided that such search is carried out in the presence of a third party who shall be a member of the venue stewarding / security team; and

6.1.8 accompany any *Player*, *Player Support Personnel* or *Match Official* who has been given permission to leave the *PMOA* for an expressly approved purpose.

6.2 Any failure to comply with any request made under Articles 6.1.6 or 6.1.7 shall be deemed to be a breach of these *Minimum Standards* and will be dealt with in accordance with Article 7, below.

ARTICLE 7 BREACHES OF THE *MINIMUM STANDARDS*

7.1 Where any *National Cricket Federation* is alleged to have breached any of Articles 2.2.1 – 2.2.13 (inclusive), then such alleged breach will be reported by the *ICC Anti-Corruption Manager* to the *ACU General Manager*. Thereafter, the *ACU General Manager* shall correspond with the *National Cricket Federation* in an attempt to ascertain the explanation behind any alleged breach and to seek the implementation of any corrective measures that he/she considers appropriate. In addition, the *ACU General Manager* will provide, on a quarterly basis, a report on such matters to the *ICC's* Chief Executives' Committee.

7.2 Where any *Match Referee* is alleged to have breached any of Articles 2.3.1 – 2.3.4 (inclusive), then such alleged breach will be reported by the *ICC Anti-Corruption Manager* to the *ACU General Manager*. Thereafter, the *ACU General Manager* shall correspond with the *Match Referee* in an attempt to ascertain the explanation behind any alleged breach and seek the implementation of any corrective measures that he/she considers appropriate. In addition, the *ACU General Manager* will provide, on a quarterly basis, a report on such matters to the *ICC's* Chief Executives' Committee.

7.3 Where any team manager is alleged to have breached Article 3.1.1, then such alleged breach will be reported by the *ICC Anti-Corruption Manager* to the *ACU General Manager.* Thereafter, the *ACU General Manager* shall corresponded with the team manager (copying in his/her relevant *National Cricket Federation*) in an

attempt to ascertain the explanation behind any alleged breach and to seek the implementation of any corrective measures that he/she considers appropriate. In addition, where any team manager is found to have breached Article 3.1.1, the *ACU General Manager* will provide a report on such breach to the *ICC's* Chief Executives' Committee at its next scheduled meeting.

7.4 Where any *Player*, *Player Support Personnel* or *Match Official* is alleged to have breached Article 3.2, then such alleged breach will be reported by the *ICC Anti-Corruption Manager* to the *ACU General Manager*. Thereafter, the *ACU General Manager* shall correspond with the *Player, Player Support Personnel* or *Match Official* (copying in the relevant *National Cricket Federation* to which the *Player* or *Player Support Personnel* is affiliated) in an attempt to ascertain the explanation behind any alleged breach and to seek the implementation of any corrective measures that he/she considers appropriate. In addition, the *ICC ACU General Manager* will provide, on a quarterly basis, a report on such matters to the *ICC's* Chief Executives' Committee.

7.5 Where any *Player*, *Player Support Personnel* or *Match Official* is alleged to have breached either of Articles 4.1, 5.1 or 6.2, then any such alleged breach will be reported by the *ICC Anti-Corruption Manager* to the *ACU General Manager.* Thereafter:

7.5.1 the *ACU General Manager* will write to the *Player*, *Player Support Personnel* or *Match Official* (copying the letter to the relevant *National Cricket Federation* to which the *Player* or *Player Support Personnel* is affiliated) seeking an explanation for the alleged breach, such explanation to be provided within a period of fourteen days;

7.5.2 upon receipt of any such explanation (or after the expiry of fourteen days, whichever is the earliest) the *ACU General Manager* shall determine whether the *Player*, *Player Support Personnel* or *Match Official* is in breach of the relevant Article(s). Where the *ACU General Manager* determines that there has been a breach of either Article 4.1, 5.1 or 6.2:

(a) in the case of a first breach within a rolling period of twenty-four (24) months, the *Player* (save where Article 7.4.2(b) below applies), *Player Support Personnel* or *Match Official* will receive a written warning from the *ACU General Manager*;

(b) in the case of a first breach of Article 4.1.1 within a rolling period of twenty-four (24) months by a *Player*, where the *ACU General Manager* can establish that the *Player* has attended and received education and training in relation to this/her obligations under the terms of these *Minimum Standards*, he will receive a fine of $1,000 imposed against him by the *ACU General Manager*;

(c) in the case of a second breach (irrespective of whether the second breach is of the same Article as that previously breached and irrespective of the sanction imposed for the previous breach) within a rolling period of twenty-four (24) months, the *Player*, *Player Support Personnel* or *Match Official* will have a fine of $2,500 imposed against him by the *ACU General Manager;* and

(d) in the case of a third, or any subsequent, breach (irrespective of whether the third, or any subsequent, breach is of the same Article as those previously breached and irrespective of the sanctions imposed for the previous breaches) within a rolling period of twenty-four (24) months, the *Player*, *Player Support Personnel* or *Match Official* will have a fine of $5,000 imposed against him by the *ACU General Manager*.

7.5.3 Any decision made by the *ACU General Manager* in relation to any of the above, shall be the full, final and complete disposition of the matter, immediately binding and non-appealable.
